Tim Eysen Seeks Re-election

In making his announcement for re-election, Tim Eysen said this week, "It has been my privilege for the past 8 years to serve the citizens of Wichita County in what I hope and believe to have been a reasonable and justifiable manner. The office of county attorney is one which probably touches the lives of more people than any other public office.

"It is our responsibility to deal with all major misdemeanors, various administrative matters affecting your county and perhaps most important, cases involving juveniles who are in trouble. As a family man, this latter has been of great concern to me during my tenure in office, and I feel that we can point with justifiable pride to the help and guidance that we have given to these young people."

Eysen is the immediate past president of the Texas District & County Attorneys Association, and prior to his being elected county attorney, served as assistant district attorney for four years. He is active in civic affairs and is a member of the Air Force Association, Maverick Chuck Wagon Group, Northwest Texas Field & Stream, and the Sunrise Optimist Club where he has served as president.

He is a member of the Maskat Temple AAOONS, York Rite, Scottish Rite, Masonic Lodge, and attends the First Christian church of Wichita Falls. He is a member of the American Bar Association, State Bar Association and Wichita County Bar Association and has served as treasurer of the latter.

Tim and his wife Cynthia reside at 1605 Easy and have a daughter Timery, age 19 months. Eysen is a graduate of Texas Tech and the SMU law school.

SOIL CONSERVATION DISTRICT NEWS

Recent research with large anchor chains for brush control has added several new dimensions to range improvement.

The practice of knocking down brush with anchor chains was developed near Stamford in the early 1940's. Researchers from Agriculture Experiment Stations are continually seeking improvements in this low cost operation, which usually runs \$1 to \$3 an acre.

"Land smoothing after mechanical control seeded preparation, seed covering and improved brush control through chain link modification are additional benefits of this tree-felling practice," says Harold T. Wiedemann, agricultural engineer for Texas A&M at Lubbock.

Grubbing is an effective method of brush control but is often criticized because the land is left with mounds and potholes. Research near Guthrie has resulted in much smoother land when chained after grubbing.

Chaining after rootplowing has proved valuable in land smoothing; plus improved seedbed preparation.

Friend Writes

Yes, friends express love for Dr. and Mrs. Gordon Clark and they know why, especially my family.

Jim and I knew his dad before him. Oh, what a great man and dedicated doctor and Christian man—Dad Clark, as he was lovingly called by all who knew him. Oh, how we loved him!

Jim knew Dr. Frank Clark, all good doctors. See, he worked in oilfields nearby, also in harvest all over Wichita county long before we were married.

Yes, we love Dr. Clark and for good reason. He saved Veneta's life. She had diphtheria at four years of age. She never forgot him and neither did her parents.

Yes, he came night or day, no matter what the weather. That night it was freezing at 2:00 a.m. This will have to be told. A year before Jim passed away Dr. Clark was called. He couldn't breathe. He had been put to bed a week. Dr. Clark thought that might help as he was restless and would do things. Dr. thought he had been up and about, so he scolded him severely.

It hurt Jim. After he left Jim said, "I wonder if he thinks I can't get another Dr." and was crying. I ran and put my arms around him and said, "Oh, Jim, Dr. Clark wants you well. He was crying as he went out the door."

He sat a good while. "Ah, Mae, Gordon's okay!" And we both laughed. How Jim loved him! He will never know.

Yes, Veneta said like others, "Oh, Mother, what will you and Billy Joe do without Dr. Clark?"

Three years ago a doctor in Wichita said Dr. Clark had talked of taking out. I said, "You want to know why he won't? The people won't let him."

Yes, he was mayor of Iowa Park. Best ever. He and his wife were and still are everything to our town and all the people. And how we love them, even though we don't tell them often! I think they know. God bless and keep them for us always.

Veneta Glasgow, Wichita Falls. Buddy Gilmore, Irving. Billy Joe and Mary Anne Gilmore, Iowa Park. Cecil Gilmore, South Carolina. Jimmy Gilmore, Nashville, Tenn.

Engaged

Mr. and Mrs. Grover C. Johnson have announced the engagement of their daughter Jerri Gail and Quannah Don Gray. He is son of Billy John Gray and Mrs. Norma Lee Gray of Wichita Falls.

Don is a graduate of WFSH, where he played football with the Coyotes. He attended Midwestern and is employed with United Electric at Wichita Falls.

A wedding date has not been chosen.

Kidwell PTA

Third grade students presented a program for Kidwell PTA, last Thursday night. The children read the story of Mary Poppins and sang musical selections from the score. Mrs. Glenn Schell, music teacher, was in charge of the program. The students had painted pictures of the Mary Poppins story and decorated the stage.

Mrs. Kenneth Flowers gave a most meaningful and beautiful meditation entitled "Children Learn What They Live."

Mrs. Ray Lunsford, president, conducted the business. One of projects adopted Thursday was to purchase needed supplies and instruments for the library and music department and to buy a set of professional craft books to be used by all the teachers.

Mrs. Lunsford announced the rain boots for the Safety Patrol had arrived and each child had been fitted properly. Also a coffee urn, tray, etc., had been purchased for the teachers in the south wing of the building, and a new large bulletin board has been ordered. Other projects are under consideration.

Mrs. Lunsford explained that the Executive Committee has asked the Kidwell teachers to select five persons as nominees for a PTA Life Membership. Those selected are Mrs. John Chapman, Harold Cowley, Wayne House, Mrs. Joe McDonald, Hoyt Watson. The person selected will be revealed at the March meeting.

For the remainder of the program the members were divided into discussion groups with each group selecting a reporter. Topics discussed were Human Relations; the Family; the Community; and Education. The reporters gave reports on which of these topics their group thought was the most important, as well as some of their conclusions.

Mrs. Ross Roberts' third grade class won the room award.

Little League

At the meeting of Little League leaders this week it was announced Derrell Burrell will be player agent for both the major and the minor league in Iowa Park.

Jake McLemore is player agent for Senior league. Jack Hodges is treasurer and Mrs. Kenneth Young will be in charge of all concessions.

Thanks to All

DEAR FRIENDS:

So many honors have been bestowed on us recently: The renaming of the lake and park for Oscar and me; the many letters, both private and public, the several hundreds of names of friends in the Herald wishing us happiness and success in our new life. The many phone calls and face to face conversations. All these have been wonderful.

The culmination of all these was the banquet Friday night. The beautifully decorated tables, representing many hours of thought and work. The time the girls and boys and the Bandmaster took from their other duties and plans to bring us greatly appreciated music. The work of the officers and directors and members of the Chamber of Commerce who gave of their time and talents to see that everything was just right.

All these things we deeply appreciate and feel highly honored in being the recipients of so many honors.

Most of all we appreciate the friends we have made in this community in the past 50 years.

Most sincerely,
Gordon and Oscar Clark

School Board

Not many measures were adopted Tuesday evening at the meeting of Iowa Park Consolidated Independent School District trustees, but much of the agenda included reports for information and tentative planning for future endeavors.

Contracts for the following were extended: Harold Cowley, Bob Dawson, Austin Webb, Bob Cole, John Sibley (as full time principal), James Ward and Tommy Watkins.

A committee composed of Jesse McCullough, Robert Wilcox and T. C. Berry was appointed to negotiate the black-topping of a 75 x 150 foot area at Bradford school, allowing \$700 of the cost to be paid by the district to supplement \$900 furnished by the PTA. Cherry Miller, physical ed. teacher, has drawn a suggested plan.

Three home baseball games have been scheduled and Gregg Clary has been designated coach. The schedule is not complete.

An itemized report of expense for the vocational building was turned in, showing that \$51,082.51 has been spent to date, with the completion cost being estimated at \$55,000.

In order to build for the future in most projects, planning must begin long before initiation of construction. Therefore McCullough was appointed to get estimates on construction of a fieldhouse for the football field and submit them at the next board meeting.

Bill Steger's report showed 90 per cent collections on the current tax roll, amounting to \$490,414.15. John Sibley was granted permission to attend an international Council of Exceptional Children in Washington next month. He also gave his report in regard to opening the first class in kindergarten next September, which will be outlined in another article in this issue of the Herald.

L. Hines, Bob Hamilton, reporters.

Kindergarten Plan Report Made to School Board

John Sibley is working on plans for a pilot project kindergarten, known as a Model Kindergarten Learning Center, pending final approval by the Texas Education Agency by March 19. He gave a report on the project at the meeting of the Iowa Park school board Tuesday evening.

In case it is approved, the first class will begin in September this year with 29 or 25 pupils.

The grant will include instructional materials for the classroom and establish with that an instructional library for parents. It will also provide supplies for snacks, curriculum guides to be published, and consultant services for staff development for teachers in our schools and in the 12-county Region IX area.

If approved the grant will total \$11,000 and will be known as a mini-grant.

In 1973, Sept. 1, kindergarten will be available for all who are five years and seven months of age at the time. On Sept. 1, 1975, for those five years and four months of age. On Sept. 1, 1977, kindergarten will be available for all five-year-olds.

As a beginning, Bradford school will furnish a 30x30 room with air conditioning. In connection with that, there will be an observation room with a P.A. system where teachers and pupils can be seen and heard without the viewers' being seen or heard. All of this of course depends on approval by TEA. Iowa Park will be fortunate indeed if selected for the pilot program.

"Gone are the days when men hold a monopoly on education and wealth and influence in Ghana" was a revealing statement to members of United Methodist Women's Society of Christian Service as they met in Circles, Tuesday to study "Women in Ghana."

It was emphasized by way of contrast that Ghana women were not allowed to belong to any high position in society during the first half of the 20th century. Economically a woman was not important because she was not a breadwinner, and marriages were arranged from a mercenary viewpoint.

This position has changed. She is now entering the field of politics. There are many women lawyers, and many are in the medical profession. Women have made their presence felt in various fields to such an extent as to make their contribution indispensable for development of the country.

Genesis 1:26 was the scripture for meditation in each circle: "So God created man in his own image" with "man" meaning "mankind." In each Circle announcement was made of the workshop to be conducted at Grant Street United Methodist on Thursday.

The Cleo Hines group met in the home of Mrs. Guy Crumpton with Mrs. Jerry Voyles as hostess. "Freedom for the Expression of Faith" was the program directed by Mrs. Wilbert Wynn, assisted by Mrs. David Whittington and David Thomas.

Bonnie Denny circle met in the home of Mrs. Emma Gauntt with Mrs. Miles Thompson as program leader, assisted by Mmes. E. H. Pearce, Gauntt and W.M. Owens. A communication to Mickey and Larry George was signed by each one present.

Mrs. Fred Widmoyer was hostess to Kate Abernathy circle with Mrs. Elgin Denny leading the program. Mmes. Johnny Starnes, C. C. Robinson, Gene Lowrey and Widmoyer assisted. Mrs. Delbert Todd presided for business.

The Joyce Hill circle met at the home of Mrs. M. L. Hines. Mrs. Herman Mahler directed business. Mrs. W. C. Albright was responsible for the program and was assisted by Mrs. Bob McClelland, Mrs. George Trammell and Miss Ethyle Kidwell.

Present in the circles other than those mentioned were Mmes. Jas. Sewell, W. F. George, Carl Waldraff, Floyd Beyd, Henry Johnson, Gorder Clark, James Todd, Judy Baker, Carroll Hester, George Smith, James Oliver, Tavis Smith, J. W. Farmer.

Mr. and Mrs. George Denny of Happy visited in the home of Mrs. Will Burnett on Sunday with all the aunts and uncles of the L. C. Denny family.

Two students from Iowa Park completed bachelor's degree requirements at the University of Texas at Arlington. They were: Bobby Glenn Crabtree, BBA in accounting; and Catherine Marie Knezek, BS in medical technology.

Jackie Lynn Dunn enlisted in the navy last month. He is 18 years old, son of Mr. and Mrs. Clifton Dunn.

FHA

A puzzle word game introduced an evening of entertainment and planning and fellowship when the Future Homemakers of America met in IPHS homemaking department at 7:00 p.m. Monday.

Teachers Mmes. Louella Olson, Glenda Lang and Elma Wilson directed activities. Thirty members were present.

New yearbooks listing officers, creed, purposes, and program of the local unit. It was announced the school board has consented to an overnight stay in Stephenville for Iowa Park FHA when the Area convention meets there on March 10 and 11.

Plans were made regarding the Boutique Sale in March, when the FHA will be selling such handmade articles as zodiac calendars and doll clothes and stuffed animals. The annual banquet will be in April. Twelve suggestions were made as to the theme, one of which will be chosen at a later date.

The creed was read in unison, as follows: "We are the Future Homemakers of America. We face the future with warm courage and high hope, for we have to clear consciousness of seeking old and precious values. For we are the builders of homes . . . homes for America's future; homes where everything that is good and fair; homes where truth and love and security and faith will be realities, not dreams. We are the future homemakers of America. We face the future with warm courage and high hope."

Refreshments of punch and cookies were served during the social hour.

**Mrs. Soell Heads
Heart Campaign**

Wichita County Division of the American Heart association February campaign in Iowa Park will be headed by Mrs. Erwin F. Soell. As Heart Fund chairman she is organizing Special Gifts and Heart Week committees.

The Special Gifts committee is to seek financial support for the Heart association from within the Iowa Park business community. Volunteers are needed for the campaign Feb. 23-27.

Last year heart disease took more than 450 lives in Wichita county. Across the nation heart illness accounted for 54 per cent of all terminal diseases and was responsible for loss of more than 50,000,000 man hours in industry.

Joe Singer of Iowa Park, president of Wichita County Heart association, said, "Heart research has been successful in reducing mortality rates in some age groups, but the number of persons who die because of heart disease and associated ailment staggers the imagination."

Rainbow Girls

Julie Woods, worthy adviser, was in charge of the meeting Saturday morning in Masonic Hall of the Order of the Rainbow for Girls. It was a practice period preparing the girls for a School of Instruction which will be conducted Feb. 12 at Wichita Falls Assembly 17.

Others will be Miss Nancy Blount of Dallas, grand worthy adviser; Mrs. Tommy Jasper, member of the executive committee; Miss Peggy Patterson, chairman of the music committee; Betty Buikema, grand representative from Texas to Ohio.

A breakfast honoring the grand officers will be at the home of Mrs. Fenton Dale on Feb. 13, at 9:00 a.m. The group will attend services at Faith Baptist church at 11:00.

Troop 38 in Operation Reach Against Drugs

Troop 38 of Iowa Park Scouts has been chosen as one of three in the 13-county Northwest Texas Council for a pilot program known as Operation REACH being conducted at this time.

Second meeting in developing the project was conducted at the United Methodist church Monday evening with Gideon Swedberg, scoutmaster, and Fay Brott, immediate past scoutmaster, directing the activity.

Thirty-one adults and scouts were engaged in a conversation exchange and then divided into smaller groups for discussion on such topics as "What parents and children talk about when together; when in their peer groups; when at home; what they do not talk about at home," etc.

The objective is an exploration in fighting drugs. It seems to be just as hard for parents to admit they are wrong at times as it is for youth to do so. Too often the parents admonish youngsters, "do as I say, not as I do," according to the opinion of the youth.

Buttons bearing the word Reach in white letters on orange background arranged in such a way as to create interest were distributed to those present. In case anyone questions what it means, there are cards to be handed out giving more explanation of the cause represented.

There is to be a report meeting in two weeks. The scouts are taking seriously their responsibility to reach others in the campaign against drugs.

Other adults present were Dr. and Mrs. Earl F. Watson, Messrs. and Mrs. James Harrison and J. W. Farmer; Mrs. Fay Brott and Gus Rich.

Mrs. O. E. Lochridge visited her children in Dallas and Fort Worth last weekend.

23 Study Club

"The Pleasures of Bird Watching," an illustrated lecture by Mrs. L. W. Stankewitz, was itself a pleasure to listen to as well as an inspiration for each listener to take up the hobby, according to members of the 23 Study club, who met Thursday of last week in the home of Mrs. N. E. McKinney with Mrs. James Sewell as co-hostess.

Mrs. Stankewitz remarked that only in the past decade have we become aware of the need of conserving our birdlife, not only for the sake of their usefulness, but also for the pleasure they afford people everywhere. She displayed a chart which estimated that during the summer months birds consumed 9,637,881 bushels of insects in the 50 states, even if each one ate only 100 insects per day, which is a minimum figure.

Interest was added as she showed pictures of many birds in this area, and played recordings of their calls and twittering language. Best of all she had slides of the pet birds of her family.

Fitting perfectly into the theme of the lecture was a talk on "Bird Legends" by Mrs. C. L. Metz. She referred to quail, dove, wren, robin and stork, closing with a verse from Psalm 148: "... Beasts, and all cattle, creeping things, and flying fowl... let them praise the name of the Lord"

Mrs. E. F. Soell gave excerpts from "Desiderata" and read a poem "One Step at a Time," as meditation. Mrs. Lester Brooks was program leader and introduced the speaker.

During the business session directed by Mrs. D. O. James, the club voted to assist with the Heart Fund drive and to place a non-tearing mulberry tree to help beautify the grounds at Bradford school.

Mrs. E. F. Watson, incoming president, appointed officers and committee members to serve with the executive committee for the next club year:

Historian: Mrs. W. G. Steele. Federation counselor: Mrs. T. M. Clark. Reporters: Mrs. M. L. Hines, Mrs. Homer Blalock.
