

ERNEST INGERSOLL, in writing up "Silver San Juan" for the April number of Harper's Monthly did not give Rico a very brilliant boost. If Mr. Ingersoll had been met outside of the town limits and escorted in by a brass band, tendered a banquet, and invited to make a speech and air himself generally, his opinion would have been materially changed and modified. Because we have too little time to slobber over itinerant scribes, we lay ourselves liable to harsh criticism. No man can write up a mining camp from a hotel veranda in two hours, as Mr. Ernest Ingersoll endeavored to do. Harper's Monthly is a brilliant success in its bric-a-brac and aesthetic departments, but when it wants San Juan written up, it had better send a man who is a little less of a "tenderfoot" than Ernest Ingersoll.

DISPATCHES dated March 28, indicate that Teller will not be nominated for the Cabinet. The prevalent opinion appears to be against the nomination. And again the Washington Star says that the nomination of Senator Teller cannot be sent to Senate until Thursday or Friday, when Mr. Teller's resignation as Senator will be sent to Governor. Judge Belford said to-night that he has been notified from high authority in Colorado that Judge Ward, of Lake county would be appointed Senator. Senator Hill does not understand the delay in the appointment of Teller, but says that he believes that Teller will be nominated.

LAST night, at a meeting of the directors of the Rico Mining Exchange, it was resolved to collect a large quantity of Rico minerals, to be placed on exhibition, at the National Mining and Industrial Association Buildings, at Denver. It is an important matter, and as such, should receive the attention of all who are interested in Rico's mines and future prosperity. Each of the prominent mines of this district should be well represented there, beside a special cabinet containing a variety of rich minerals. Ores may be left at the store of Davis & Bishop, until the Exchange makes further arrangements.

EASTER will occur on the 9th of April, the same as eleven years ago. Some one has figured out that it will not again occur on the 9th of April until 1944. In 1886 it will fall on April 25, its latest possible date. This will be the first time it has occurred on that date since the introduction of the new style in 1753. It will then not occur again on April 25 until after an interval of fifty-seven years, or in 1943; and then not again for 163 years.

YESTERDAY'S telegrams from Washington state that the President has decided to appoint only lawyers on the Utah commission. If there is any lack of legal timber in the neighborhood of the capital, Colorado might spare some of its Senatorial aspirants. Probably they can fill the commission bill quite as well as they can a seat in the Senate.—Denver World, March 26.

THE people of the United States are just beginning to find out that it has been deemed best for their permanent interests that they should not be disturbed by discussion of the Tariff, for an indefinite term of years. It looks as though the people might resent this sort of coddling and tear the mere obvious inequities and blunders of the Tariff, out of it.—N. Y. Mail and Express.

MESEROLE & BLAKE have received the contract for carrying the mail between Rico and Rockwood for four years. They also have been offered service to Rico from this way by Sanderson, the successful bidder for the route, who under them but now offers them the contract at their figures.—Ouray Times.

A PETITION has gone from Chicago to Washington asking for the pardon of Sergeant, Mason, who shot at Guiteau. The petition is said to be 2,400 feet long and containing 129,000 names. It is elaborately gotten up, and required two expert paper-hangers two hours to fold it properly.

A DISPATCH from Pueblo to the Denver Republican, says that it is generally believed that Geo. M. Chilcott will succeed Senator Teller. It is the same Geo. M. Chilcott that Pueblo has possessed so long.

THE Republican Congressional Campaign club, of Washington, D. C., organized on last Tuesday evening, J. A. Hubbell, of Michigan, was elected chairman.

BETWEEN Judge Ward, of Leadville, and T. M. Bowen, of San Juan, and perhaps a thousand more, what does Governor Pitkin think of the ground as it lies?

CAPTAIN THOMAS H. FRENCH, of the Seventh United States cavalry, and one of the participants in the Custer fight, died at Leavenworth last Tuesday evening.

Gov. PITKIN has appointed as his private secretary Mr. Grayson P. McArthur, formerly of the Denver Times, and more recently city editor of the Tribune.

GUNNISON is to have a \$100,000 hotel. That burg is coming to the front rapidly, and will enjoy considerable prosperity this season.—News Democrat.

REPUBLICAN Senators are much dissatisfied with the dilatoriness of the President in making appointments.

Samuel C. Townsend Killed.
At Leadville, March 28, just before 3 o'clock p. m., a terrible tragedy was enacted. In the fore part of that day a difficulty arose between T. C. Early, an attorney, and Sam Townsend, an officer, who had served some papers in a case in which Early was employed. Early raised a serious objection to an excessive overcharge in the costs, amounting to ten cents. Townsend called Early by his "front name," (a G-d d-d liar and a s-- of a b--) and threatened to whip him. Early immediately procured a pistol, and when he met Townsend, without further provocation fired three shots, lodging in the abdomen of Townsend which resulted in his death twenty minutes later. All the witnesses to the case claim that the murdered man made no attempt to do violence to Early, and the killing is regarded as a cold-blooded murder. It was with great difficulty that the murderer was protected from the enraged friends of Townsend. Early is a member of the firm of Danford & Early, Leadville attorneys.

Samuel C. Townsend came to Southern Colorado in 1872, locating at Del Norte, where for a time he owned and operated a ranch, but in 1875 and later he held the position of town marshal of Del Norte. In 1876 he was elected sheriff of Rio Grande county, and held various positions of trust in that town and county. In 1878 he was employed as marshal of Alamosa, and in the spring of 79 went to Leadville, where he has been on the police force up to the time of his death. He was a man who prided himself in the faithful performance of his duties, and went about his business with a cool head and a big heart.

John Clark and A. H. Steele are working on the Premier, Dolores mountain, which may be considered one of the most promising prospects on that mountain. The Little Miama is on Expectation mountain and is owned by B. F. Hale, R. L. Klum, A. Haen and C. O. Dutcher, who have run a tunnel 200 feet, which shows an 8-inch vein of decomposed mineral.

Gus Misch and W. H. Dawson have done considerable work on the Radigan lode, situated on Expectation mountain, and are well rewarded for their labor, as they have shown up a 15-inch streak of nice looking mineral.

Work is again progressing on the Edith and will be continued throughout the summer without cessation. At present the workings consist of a tunnel 80 feet long, from the breast of which a shaft is sunk 75 feet, and a drift from bottom of shaft 15 feet; all workings being in the vein, which is 20 feet wide between walls. Foot-wall is almost vertical and mineral scattered all through the vein, with no defined pay-streak. Assays have been had ranging from 25 to 10 1/2 ounces in silver. The work now commenced is at the breast of tunnel, which will be extended 50 feet in the original direction.

On last Saturday work was resumed on the Johnny Bull after an enforced idleness of many months. At present the only work done on this already famous mine is a 65-foot shaft, which was not sunk in the mineral at all. Under the Cushing administration, this shaft was sunk and at a few feet in depth it diverged from the mineral and the bottom is now in barren rock. At 43 feet prospecting for the mineral commenced and it was found about 4 feet to the north-west. The deposit was then about 12 feet wide and was stope out to the surface, thus leaving 23 feet of rich mineral below the cross-cut. About 70 tons of unclassified ore now remains in the ore houses of the Grand View smelter still held under attachment by J. B. Erhardt, et al., adverse claimants of the mine and a few tons are on the dumps of the mine. Character of ore is sulphurets and black oxide of copper. The work commenced Saturday was a cross-cut from bottom of the shaft to the ore body, the intention being to determine the dip of the deposit at that point. A cross-cut tunnel will soon be started from the West Dolores side of the ridge, which will cut the ore body at a depth of 150 or 200 feet and will probably be 120 feet long. The Bull is supposed by many to be the very richest mine in the state and the ore is certainly of a very high grade, the best assays for gold being \$128,000 and another for silver gave \$23,000.

MR. THOMAS BURNS, of Tierra Amarilla, N. M., will commence at once the building of a brick hotel at Trimble's Springs, about seven miles from this city by rail. The house will have an eastern frontage nearly 75 feet with three front entrances, each of which will have double glass doors. The bar and billiard room will be on the first floor in the s. e. corner and will be 24x35 feet. Next come the office, 20x24 feet, and the hall, 18x26 1/2 feet. The dining room will be 24x42 feet, the kitchen and store room, 18x26 feet. The ceilings will be 14 feet high. Upstairs there will be eighteen or nineteen rooms. A balcony ten feet wide will be built the whole length of the front and on the north side to the L. Work will be begun as soon as materials can be obtained by Mr. Steinbeck, who has the contract. He expects to have the house finished about the 1st of June, when it will be immediately furnished in grand style. We understand that a large bath-house will be built by the same party.—Durango Record.

Sale of the Dolores House.
On last Monday the purchase of the Dolores House was made by E. S. Norton from Klum and Caldwell, and that hostelry, which has so long been idle, on account of a process of litigation, will be opened up for the accommodation of the public about the first of May—earlier if possible. Mr. Norton is the gentleman whose arrival we mentioned last week. He has been and still is the proprietor of hotels in Kentucky and Virginia, and from him we may expect something more in the hotel line than San Juan has ever heretofore had. Jerry C. Ryan will take charge of the hotel and manage its affairs in every detail. He is as well fitted for his position as any one could desire and has been an experienced hotel man for years. He will be justly popular among traveling men and of all those who dwell in Colorado's domain how many are not travelers—veritable cosmopolitans and bohemians. Mr. Norton started east on Wednesday morning for the purpose of buying hotel furniture with which to equip his establishment, and will be absent about a month. He intends to so arrange matters that his family will spend eight months of every year in Rico. Hotel accommodations will be in great demand long before that demand can be properly supplied, and mark the prediction that there will be some tall rustling done for sleeping room and "hush houses." The Pioneer Hotel and Dolores House will do their best, but we need immense lodging houses.

Next Monday evening there will be held at the Bank of Rico the regular monthly meeting of the members of the Rico Mining Exchange. It is especially desirable that a full attendance be had, as officers are to be elected and other important business transacted.

A valuable residence location for sale Apply at the News office.

NOTICE TO VOTERS.
DATES SET FOR REGISTRY.

At the last regular meeting of the board of trustees of the town of Rico held on the 27th day of February, A. D. 1882, the 28th day of March, and the 3d day of April, were set as days for the registration of the names of voters in the town of Rico, entitled to vote at the next general election to be held on the first Tuesday in April.

The board of registration appointed by the board is composed of the following gentlemen: Worden Grayby, C. P. McLaughlin and S. W. McCormick.
C. F. MIDDAGH,
Town Clerk.
J. W. WINKFIELD, Mayor.

A Cough, Cold or Sore Throat should be stopped. Neglect frequently results in an incurable lung disease or Consumption. Brown's Bronchial Troches are certain to give relief in Asthma, Bronchitis, Coughs, Catarrh, Consumption and Throat Diseases. For thirty years the Troches have been recommended by physicians, and always given perfect satisfaction. They are not new and untried, but having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Public speakers and singers use them to clear and strengthen the voice. Sold at twenty-five cents a box everywhere.

TBUSTEE'S SALE.
WHEREAS, David Beidler, by his certain trust deed dated the 20th day of July, 1881 and recorded in the office of the recorder of deeds of Dolores county in the state of Colorado in book 19, page 29, conveyed to Julius Thompson of said county as trustee, the premises hereinafter described, to secure the payment of a certain promissory note of even date with said deed, executed by said David Beidler, for the sum of fifteen hundred dollars payable eight months after date thereof to the order of F. E. Spencer, with interest of two per cent per month; which said trust deed contains a provision that in case of default of payment of said promissory note or any part thereof, or the interest thereon according to the tenor and effect of said note, it shall be lawful for said trustee to sell and dispose of the premises by said trust deed conveyed and all right, title, benefit and equity of redemption of the said David Beidler, his heirs or assigns therein, at public auction on the front steps of the court house in the county of Dolores and state of Colorado, for the highest and best price the same will bring in cash, thirty days public notice having been previously given of the time of such sale by advertisement in one of the newspapers at that time published in said Dolores county, and to make, execute and deliver to the purchaser or purchasers at such sale, good and sufficient deed or deeds of conveyance for the premises sold; and whereas, default has been made in the payment of the entire amount of both principal and interest due on said promissory note and, whereas, the legal holder of said note, the said F. E. Spencer, has applied to me to sell and dispose of said premises in accordance with the provisions of said trust deed and she claims there is now due on said note the sum of seventeen hundred and fifty-one dollars. Now, therefore, I Julius Thompson, trustee as aforesaid, hereby give public notice that in pursuance of such application of the said holder of said note and by virtue of the power given me by said trust deed, I shall, for the purpose of paying the amount due on said note, as well as the expenses of this trust, on Monday, the 8th day of May, A. D. 1882, at the hour of 10 o'clock, a. m., thereof, at the front door of the court house in said Dolores county, state of Colorado, sell at public auction for the highest and best price the same will bring in cash, the premises so conveyed by said trust deed as aforesaid described as follows, to-wit: the north five feet of lot number fourteen (14) and the south twenty feet of lot number thirteen (13) in block number thirteen (13) situated in the town of Rico, county and state aforesaid, with all improvements thereon situated. Dated at Rico, Dolores county, Colorado, April 1st, 1882.

H. H. CRONE,
WHO has had much experience in the gold fields of California, and the silver mines of the west since 1860, being for seven years connected with the Comstock, of Nevada, is now located in Rico, and will examine and report upon mines in Pioneer Mining District. Having a long and practical experience in milling and mining, he will furnish plans and advices as to the proper mode of treatment of Rico ores.
Correspondence Solicited.
Letters of inquiry concerning the mines promptly answered.
CORRECT REPORTS MADE.

J. L. Pennington & Co.,
FORWARDING AND COMMISSION MERCHANTS.

FLOUR, GRAIN AND HAY.
—Purchasers of—
Ore and Bullion.
They have opened a house at Rockwood Station, the end of the D. & R. G. track, about the 15th of February. They now have ample facilities for prompt handling of all consignments. Freight paid and advances made on ORE AND BULLION. Through bills of lading made to and from RICO AND SILVERTON. Mark all freight care of J. L. P. & Co., Rockwood, D. R. G. R. Postoffice address, Durango, Colorado.

Julius Thompson, Trustee.

NOTICE OF FORFEITURE.
Rico, Dolores Co., Colo., Jan. 14, 1882. To J. O. Shelton:

YOU are hereby notified that I have expended one hundred dollars in labor and improvements upon the North Star lode, situated in Pioneer Mining District, county of Dolores, state of Colorado, in order to hold said premises under the provisions of section 2324, Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31st, 1881. And if within ninety days from the service of this notice by publication you fail or refuse to contribute your proportion as a co-owner, your interest in said claim will become the property of the subscriber under said section 2324.
H. M. BARBER.

MINERAL APPLICATION NO. 474.
U. S. LAND OFFICE, LAKE CITY, COLO., February 10, 1882. NOTICE IS HEREBY GIVEN that James C. Parish, by F. W. Raymond, his attorney in fact, whose postoffice address is Rico, Colo., has this day filed his application for a patent for 147.5 linear feet of the MELVINA lode, more or less bearing gold and silver, with surface ground 269.9 feet in width, situated in Pioneer Mining District, county of Dolores and state of Colorado, and designated by the field notes and official plat on file in this office as Lot Number 620, said Lot No. 620 being as follows:—

Beginning at Melvina lode U. S. Location Monument, a spruce post 5 1/2 x 4 1/2 sq., set in mound of stone, marked Melvina lode on one side and on opposite side U.S.L.M.; whence Mt. Hesperus is S 10° W. a spruce tree 20' dia, marked L. U. S. L. M. 41' to 20' E. Situated on top of a bench about 600 ft east of Rio Dolores and 150 ft N. of the old trail to Rico. Thence S 30° 10' 22' E. 1 ft to cor 1, an aspen post 5 x 4 sq., marked cor 1, sur 620; whence Elliott PK is N 60° 43' W. an aspen tree 10' dia, marked cor 1, sur 620 is a 63' 14' x 7 1/2' x 1/2' Thence N 45° 21' W. 250.4 ft intersect course two McCoy lode, 60' ft to cor 2, an aspen post 2 1/2 x 4 sq., marked cor 2, sur 620. Thence N 46° 8' W. 198.8 ft intersect course three Blackbird lode, 75.4 ft intersect course three Blackbird lode, 75.4 ft to cor 3, a spruce post 5 1/2 x 4 sq., marked cor 3, sur 620; whence discovery shaft is S 72° 37' E. 403.7 ft. Thence N 45° E 360 ft to cor 4, a spruce post 5 1/2 x 4 sq., marked cor 4, sur 620; whence a spruce tree 1 1/2' dia, marked cor 4, sur 620 is 28' E. 10 ft. Thence S 45° E 291.5 ft intersect course three Blackbird lode, 68.3 ft intersect course one Blackbird lode, 22.7 ft to cor 5, a spruce post 5 x 4 sq., marked cor 5, sur 620. Thence S 44° 41' E 351.5 ft intersect course four McCoy lode 523.2 ft intersect course three McCoy lode, 7.16 ft to cor 6, an aspen post 5 1/2 x 4 sq., marked cor 6, sur 620; whence a spruce tree 2 1/2' dia, marked cor 6, sur 620 is N 15° 43' E. Elliott PK is N 61° 55' W. Thence S 45° W 291.2 ft to cor 1. Magnetic variation 14° 45' to 14° 54' e; containing 187 acres.

The location of this mine is recorded in the Recorder's office of Ouray county in Books A, B, C, D, pages 241, 283, 184, and 185. The adjoining claimants are: McCoy lode, owned by J. M. McCoy, on the S. W. Blackbird lode, owned by James C. Parish, crossing the west end.

Any and all persons claiming adversely any portion of said Melvina mine or surface ground are required to file their adverse claims with the Register of the United States Land Office at Lake City in the state of Colorado, during the sixty days period of publication hereof, or they will be barred by virtue of the provisions of the statute.
HENRY C. OLNEY, Register.
First publication, February 15th, 1882.
Last April 8th, 1882.

MINERAL APPLICATION NO. 472.
U. S. LAND OFFICE, LAKE CITY, COLORADO, February 6th, 1882. NOTICE IS HEREBY GIVEN that A. H. Steele, whose postoffice address is Rico, Colorado, has this day filed his application for a patent for 138.9 linear feet of the TROTT lode, more or less bearing silver, with surface ground 242.6 feet in width, situated in Pioneer Mining District, county of Dolores, state of Colorado, and designated by the field notes and official plat on file in this office as Lot Number 780, said Lot No. 780 being as follows:—

Beginning at cor No 1, a spruce post 6 x 4 sq., set in ground 2' and mound of stone 2' dia, and 1' high, marked on one side cor 1 and on adjacent side sur 780, whence U. S. Location Monument No. 1—the same as described and so named in field notes of sur No 387, 382—32' E. 10' 17' E 572.3 ft; cor 5 Chestnut lode sur No 435, is N 24° 17' 14' E 383.1 ft.; Cor 1, Syndicate lode, is S 72° 37' E 403.7 ft.; discovery tunnel is 63' 24' E 141 ft.; shaft is N 82° 40' E 246 ft.; Anchor PK is S 60° 20' W. Elliott PK is N 22° 30' W. Thence N 27° 42' 22' E to S. W. cor W. Stephens lode; 528.1 ft. intersect course 5, Syndicate lode, whence cor 6 is N 10° E 539 ft. to 1/4 ft. to side center, a post marked S. C. sur 780, 383.4 ft. intersect course 1 Syndicate lode, whence cor 1 is N 10° E 398.8 ft.; 148.74 ft. to cor no. 3, a spruce post 5 x 4 sq., set in ground 2' and mound of stone 2' dia, and 1' high, marked on one side cor 3 and on adjacent side sur 780; whence Storm PK is S 88° 30' W. Thence S 30° 10' 22' E 17' W; cor 4 Rico is S 68° 6' 58" W 153.3 ft.; thence N 10° 28' 22.2 ft to cor no 1, place of beginning.

Total area..... 3,555 acres. Less area in conflict with Sydnite lode..... 2,633 " Leaving net area..... 7,302 " Magnetic variation 14° 20' e, containing 7,302 acres.

The location of this mine is recorded in the Recorder's office of Dolores county in Book 4 of page 4. The adjoining claimants are: Syndicate lode, crossing about the middle, owned by W. E. Steffen, the W. L. Stephens lode, on the N. owned by Wm. Woodward, et al. Also the Town-site of Rico is near the west end. Also the Kenna lode, known with authority.

DR. HARTER'S
A combination of Potassium Iodide, Ferrous Sulphate, Quinine and Phosphorus in a palatable form. The only preparation of Iron that will not blacken the teeth, so characteristic of other iron preparations.

GENTLEMEN: I have used DR. HARTER'S IRON TONIC in my practice, and it is an experience of twenty-five years in medicine, have never found anything to give the results that DR. HARTER'S Iron Tonic does. In many cases of Nervous Prostration, Female Diseases, Dyspepsia, and an impoverished condition of the blood, this medicine "rouses" has in my hands, made some wonderful cures. Cases that have baffled some of our most eminent physicians, have yielded to this great and incomparable remedy. I prescribe it in preference to any iron preparation made. In fact, such a compound as DR. HARTER'S IRON TONIC is a necessity in my practice.
DR. ROBERT SAMUELS,
St. Louis, Mo., Nov. 26th, 1881.

It gives color to the blood, natural healthy tone to the digestive organs and nervous system, making it applicable to General Debility, Loss of Appetite, Prostration of Vital Powers and Impotence.

IRON TONIC.

Has on hand a very large stock of Medicines, Drugs, FANCY GOODS, Wall-Paper, etc.

WORK OF THE TOWN BOARD.

The mining interests surrounding Rico are perhaps of more interest to the general reader of the News than the affairs of the town itself, but since there are a large number of local readers fully as much interested in the prosperity of the town itself, we have concluded to devote space to a brief consideration of such town affairs as are of greatest interest to these living in the town. The town-site, for which application for patent has been made and U. S. certificate of entry issued, consists of 320 acres well located on the banks of the Dolores at the mouth of Silver creek. A brief statement of the disposal of this tract would not be out of place: 850 lots 25x100 feet, have been surveyed by the town; 850 lots have been filed on; 415 lots have been deeded; 21 and 16-100 acres have been deeded in parcels, 119 adverse filings on lots have been made, but only four suits have been brought upon these adverse filings. The remaining 115 adverse filings have been settled, some by the parties themselves, and some by the town authorities. Rico is to be congratulated that nearly 300 of the 320 acres is not only entirely free from litigation, but from any dispute as to the title. In this respect, as in many others concerning our town affairs, we are more fortunate than most other towns in mining camps. Seeing that the mines surrounding Rico lie thickly scattered around the city limits, it ought to be especially gratifying that the title to town property has been secured at so little trouble and expense. Many other towns, no more favorably situated, have been plunged into expensive litigation at the end of which the towns have lost their entire title. Many people are in the habit of attributing success to mere accident, but we do not think the fortunate condition of the affairs of Rico, depend upon chance any more than the building of her toll road is the result of accident. We are rather inclined to credit our success to the care, attention, prudence and wisdom of the citizens. All experience shows that every community, whatever its numbers and whatever its success in its public undertakings, is subject to adverse criticism, sometimes by a few, sometimes by many. With a slightly different class of people, the town would have encountered litigation costing many thousands of dollars. The annual assessment roll shows the town to contain about two hundred thousand dollars worth of real estate. It is rarely the case that a mining town containing so much property has been so successful in the management of its municipal affairs. As might be expected from such management, our city taxes are but nominal, being only five mills on the dollar, while the city taxes of many other mining towns are several times greater. The successful and prosperous town of Durango submits to a city tax eight times as great or four per cent. We have passed through that stage of municipal existence at which like the diseases of childhood, we were necessarily liable to all sorts of ills. There are none we presume who are aware of the labors performed by the city fathers since Rico was incorporated. While it is gratifying to recur to our successful past, the history of past events are principally valuable as a lamp to guide our feet in the future. Had it not been for the fact that we are about to vote upon the question of the construction of water works in our town, we should not have undertaken the labor of writing this article. It seems desirable to say that our past success should not induce supineness in our action during the next year. We need water works, but they cannot be constructed without money, nor can their economical construction be affected without the exercise of the greatest care, the most incessant labor and the most absolute integrity on the part of the town officers. It is neither our aim nor desire to suggest the names of parties to fill municipal offices. The citizens of the town are as well acquainted with the various candidates as ourselves. In reference to the duties of the town board we think we ought to remark, as we have indicated above, that if their duties are well and faithfully performed their performance requires not only broad business qualifications but the consumption of a large amount of time. The simple meeting of the board from time to time constitutes but a small part of the time required by the board to perform its duties well. In this respect it is like a private corporation whose directors meet from month to month or week to week, as the case may be, for a few hours at a time. The principal work of all corporations is done through their committees appointed for various purposes and their labors presented to the boards of directors and there crystallize into the history of the corporations. The duties of the town board are too various to be classified under very suggestive heads. Their civil business consists in part of such work as opening, repairing and maintaining streets and alleys; building, repairing and maintaining bridges; building, repairing and maintaining sidewalks; maintaining a fire department; performing the duties of a board of health; examining into the title of town property; appraising of lots for sale; examining into rights of adverse claimants of lots; examining into and maintaining the water

rights of the town; passing upon and issuing licenses; performing legislative duties in creating ordinances covering every conceivable matter subject to their control; constructing, repairing and maintaining water works, and examining into nuisances. There are a variety of other duties imposed upon them too numerous to mention here, among which are the management of the revenues and the levy and collection of taxes for the town. It must readily appear that the larger portion of these duties consist in the investigation of matters which could not possibly be done at board meetings simply. The duties of the board are divided up among the officers, of whom the town recorder, according to the distribution of duties in the past, has had much the larger share, performing, as he does, all of the duties of town recorder, town treasurer and lot commissioner, besides performing numerous other incidental duties under the instructions of the board. With regard to the question of the proper compensation to be paid town officers we offer no opinion. We will, however, say in conclusion that we presume whatever differences of opinion there may be upon the question of the amount of compensation, there can be no difference of opinion when we suggest that the duties devolving upon the town officers should always be as ably, conscientiously and carefully performed as those devolving upon the officers of private corporations and as those devolving upon the agents of private individuals.

I. O. O. F.

Silver Crescent Lodge No. 40, holds its regular meetings at their hall Wednesday evenings, at 8 o'clock. Visiting brothers are cordially invited to attend. J. F. WANNENMAKER, G. N. J. BRADLEY R. S.

APRIL fool's day.

ELECTION Tuesday if it don't rain.

BILL BULLOCK, Bob Dunham and Frank Davis came in to-day.

MR. WALKER, of the Pioneer Stage Co., was in town last Sunday.

GEN. B. F. BUTLER thinks the President will veto the anti-Chinese bill.

CONTRACTS are being let for the erection of some large buildings in Rico.

H. BARBER came in from the lower country to-day, looking well and hearty.

JACK GARLAND has succeeded Jay Seely as night watchman, the change having taken place last week.

COMMERCIAL travelers, disrespectfully termed drummers, are numerous, and meet with varying success.

MR. H. E. SPYER and family arrived in Rico to-day, from their winter's stay in a more congenial winter-clime.

THE name "Dolores House" will be changed by its new proprietor, but no selection has been definitely made.

JOHN BERG, of the Pioneer Hotel, intends to build additions to his house and will make many other improvements.

GEO. SMITH, a relative of Sheriff Dawson, has arrived from South Pueblo, and will in future make his home in Rico.

A. M. FRIEND was one of the arrivals of the week and will attend to his mercantile business. He is much improved in appearance.

L. M. KELLEY, sometimes designated "Major," helped to keep the buck-board from turning over on Wednesday, he being headed for the east.

JACK MCKENZIE came down from the Trout Lakes Wednesday. Work on the properties of the Paymaster company is progressing satisfactorily.

H. W. HENDERSON, whose arrival was mentioned last week, went out on Wednesday morning and will very soon return to cast his fortunes with Rico's mines.

ORVILLE PYLE came into town, and returns to the lower San Juan to-morrow. He will bring in his family, within two or three weeks, to stay for the summer.

RACE DUNTON and partner came in from the West Dolores yesterday, bringing with them some specimens of ore which may be seen on the outside of the News' window.

LOUIS SCHUELER got back from his trip to Bloomfield and vicinity in search of sheep, on Thursday afternoon, having left his partner, Chris Bang, in charge of the sheep.

ON Glasgow avenue Durango parties have erected a new blacksmith shop 25x25 which is to be opened soon. They bring in their advertisement we will know more about it.

ARE you registered? If so, think carefully over the tickets in the field and vote in accordance with the dictates of your judgment. If not, attend to the matter without fail on Monday next. It is the only opportunity now left.

JUDGE D. D. GREGORY left on Wednesday morning for Afton, Iowa, and will not return until some time about midsummer. Mr. Hall, of Creston, same state, started home at the same time, but we may expect him to return soon.

DONC SHELWELL was in town all day yesterday, circulating a petition that H. A. W. Tabor be appointed to succeed Henry M. Teller in the Senate. He succeeded in securing many signers for his employer, and left this morning for Rockwood.

It is rumored and generally believed, but not positively known, that Marrs and Middleton have purchased Charlie Newman's interest in the Newman group of mines. If this is true they now own all the stock in the company. Middleton is expected in daily.

GEO. S. GARRETT, of St. Louis, traveling for the Adler distillery, is in town.

Mrs. S. F. QUINN came in from Farmington last night, and her daughter is expected to arrive soon.

GEORGE B. WARNER has resigned his intention of engaging in the dairy business, for reasons best known to himself, and his former partner, A. T. Gobble will conduct the business alone. He has now gone over into the Animas valley after his cows and will soon be furnishing the true article to the citizens of Rico from a little red wagon.

By reference to advertisement it will be seen that B. N. Hewitt & Co. will on April 10th open a stock of household and kitchen furniture of the kinds designated in their card. We are confident that it is a line of business that will prosper, as every family in town stands greatly in need of various kinds and an opportunity will then be given them to furnish their houses.

JOHN GLASGOW is in Rico again, after spending the winter in Virginia, during which time he was so unfortunate as to lose his wife. Mr. Glasgow is one of the oldest timers of the district and located several of the first mines on Nigger Baby Hill, notably the Yellow Jacket. He was accompanied by his son, who will remain in Rico with his father.

It would be well for delinquent taxpayers to consider the fact that unless they pay their taxes for 1881, they will not be entitled to vote at the special election of May 1st, an advertisement for which appears elsewhere. The election is held to determine whether the county indebtedness shall be funded or not. Let every man who is a tax-payer attend to the payment of his taxes and vote to bond the indebtedness.

FRANK LOVEJOY got back to Rico on Thursday's buck-board. Most of our readers are acquainted with him and remember that he left here on July 2d of last year, bound for Alaska. He went as far as Victoria, British Columbia, and there met some Americans coming from Sitka who told about the insurrection and Frank concluded to defer his trip until such time as a Governor was appointed and the insurrection quelled. He has spent his time visiting the mines of Idaho, Washington, and New Mexico territories, California and Old Mexico, and winds up at Rico, satisfied to remain.

Noticed Letters.

List of letters remaining uncalled for in the Rico postoffice March 18, 1882.

Belknap, P. W. Moody, Wm. Beck, P. D. McCormick, Wm. Baldwin, N. J. Mason, Jno Bullene, Frank Oaks, G. W. (2) Hickox, Chas. A. Peppard, E. C. Hamilton, Allen Smith, Barnes Hart, Guy N. Seltzer, Harry Lilly, Harry Waggoner, Sam'l O. Parties calling for the above letters will please say advised.

MATTERS OF PUBLIC INTEREST.

Readable novels at Baker's.

An extra fine assortment of fresh confectionery just opened at Baker's.

Natural Leaf smoking tobacco, so long and eagerly sought after, at Baker's.

Try quick-rising buckwheat flour sold by E. G. SEGENER & Co.

Finest lot of California dried fruits ever brought to Rico at SEGENER'S.

Miners, before loading your burros for the mines see Segner & Co. and hear low prices on groceries.

A LIBERAL REWARD

Will be paid for the delivery of a box of dishes lost by J. R. McCully. Leave at this office.

Our prices are appreciated in Rico, as our daily sales prove. Those who have not heard them call on E. G. SEGENER & Co.

FOR SALE.

Lot No. 2, in Block 2, next door to Dolores News office. Inquire on the premises, for particulars.

FOR SALE—A desirable house and lot on Silver Street. Possession given immediately. Also two lots on River Street. For further information, apply to F. H. BISHOP.

WANTED—All citizens of Rico to know that from this time henceforth we will not be undersold. Bottom prices to cash customers will be our motto and we are prepared to sell staples at cost if necessary. Give us a chance and you will be convinced of the truth of this assertion. DAVIS & BISHOP.

To whom it may concern: We propose to add to our stock on the 1st proximo a complete line of miners' and house furnishing hardware, granite ware, stamped and pieced tin-ware, tools and cutlery, which will be sold for cash at small margins. Prospectors and miners' complete outfits at low prices. Come in and see us. DAVIS & BISHOP.

NOTICE TO TAX-PAYERS.

The unpaid taxes for 1881 will be advertised for sale after April 20th, 1882; all taxes not paid before that date will have additional costs taxed against them. W. L. HULL, Treasurer.

By A. H. MUNDEE, Deputy Treasurer.

Mothers! Mothers!! Mothers!!! Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

We have come to stay and low prices won't break us up by fall as one of our competitors predicts. Our expenses are almost nothing, pay no salaries, never had big salaries ourselves; small profits will satisfy E. G. SEGENER & Co.

Potatoes.

Persons wanting vegetables will find it to their interest to see me before purchasing elsewhere as I have a good lot on hand and more coming that I am bound to sell cheaper than the cheapest to prepare for the new crop. W. C. HESS, Second door below the NEWS office.

Lime Wanted.

Enquire at Grand View M. & S. Co. office. 133-ft.

ELECTION NOTICE.

Public notice is hereby given that a special election will be held on Monday, May 1st, 1882, in and for the county of Dolores and state of Colorado to be holden at the court house in said county, for the purpose of submitting to a vote of the qualified electors of said county who have paid taxes assessed against them in said county for the year 1881, the question or proposition as to whether the floating indebtedness of said county shall be funded or bonded in pursuance of an act of the legislature of this state, approved February 21st, 1881, entitled "an act to enable the several counties of this state to fund their floating indebtedness."

By order of the Board of County Commissioners of Dolores County, Colorado. Dated this 25th day of March, A. D. 1882. S. W. McCORMICK, Chairman. Attest: F. W. RAYMOND, County Clerk.

NOTICE OF FORFEITURE.

Rico, Dolores Co., Colo., Jan. 14, 1882. To A. J. Einstein: YOU are hereby notified that I have expended one hundred dollars in labor and improvements upon the Little Rico lode, situated on the north fork of Horse gulch, Pioneer Mining district, county of Dolores, state of Colorado, as will appear by affidavit of labor filed in the office of the Recorder of said county, in order to hold said claim under the provisions of section 2324 of the Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31st, 1881. And if within ninety days, from the date of this notice by publication, you fail or refuse to contribute your proportion of such expenditure as a co-owner, your interest in said claim will become the property of the subscriber by the terms of said section.

J. W. WINKFIELD, Agent for J. M. ACKER.

NOTICE OF FORFEITURE.

Rico, Dolores Co., Colo., Jan. 7, 1882. To William Biles and Henry Norman: YOU are hereby notified that I have expended one hundred dollars in labor and improvements upon the Silver Belt lode, situated on the eastern slope of Nigger Baby Hill in Pioneer Mining district, Dolores county, state of Colorado, in order to hold said premises under the provisions of section 2324 Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31st, 1881. And if within ninety days from the date of this notice by publication, you fail or refuse to contribute your proportion of such expenditure as co-owners, your interest in said claim will become the property of the subscriber, under the provisions of said section 2324.

P. PARCELL.

NOTICE OF FORFEITURE.

Rico, Dolores Co., Colo., Jan. 7, 1882. To W. L. Brown, H. C. Woodrow, James Hill and Nelson Thomasson: YOU are hereby notified that I have expended one hundred dollars in labor and improvements upon the Chicago lode, situated on the northwest slope of Dolores mountain in Pioneer Mining district, Dolores county, state of Colorado, being the amount required to hold the same for the year ending December 31st, 1881, under section 2324, Revised Statutes of the United States. And if within ninety (90) days from the date of this notice by publication, you fail or refuse to contribute your proportion of such expenditure as co-owners, together with the cost of this advertisement (being the sum of twelve and one-half dollars additional) your interests in said Chicago lode will become the property of the subscriber under the provisions of said section 2324.

W. A. KOENEMAN.

NOTICE OF FORFEITURE.

Rico, Dolores Co., Colo., Jan. 7, 1882. To Horace Bissenet, Charles Hanson and Booth: YOU are hereby notified that I have expended one hundred dollars in labor and improvements upon the Deadwood and Ocean Wave lodes, situated on Expectation mountain, in Pioneer Mining district, county of Dolores, state of Colorado, in order to hold said premises under the provisions of section 2324, Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31st, 1881. And if within ninety days from the date of this notice by publication, you fail or refuse to contribute your proportion of such expenditure as a co-owner, your interests in said claims will become the property of the subscribers under section 2324.

Z. C. McOLOUGH, MICHAEL LESPERENCE.

NOTICE OF FORFEITURE.

Rico, Dolores Co., Colo., Mch. 18, 1882. To William Crouth and August Strauss: YOU are hereby notified that I have expended one hundred dollars in labor and improvements upon the Little Rico lode in Pioneer Mining district, Dolores county, state of Colorado, in order to hold said premises under the provisions of section 2324 Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31st, 1881. And if within ninety days from the date of this notice by publication, you fail or refuse to contribute your proportions of such expenditure as co-owners, your interest in said claim will become the property of the subscribers under said section 2324.
