By Katie Burleson

The Harlem Stars comedy football game scheduled here Tuesday night had to be postponed due to weather conditions. The game has been rescheduled for February 2.

The World Famous Harlem Stars will play an outsiders team from Baird and part of the Baird players are the following: Tommy and Johnny Higgins, Perry Jennings, Mike Bell, Tommy Holland Jimmy Roy Higgins, Pat Sadler, and Bobby Black.

Bill Windham, Callahan County 4-H'er won first place with his lightweight Hereford steer at the Sand Hills Hereford Show in Odessa, Thursday, January 4.

Bill's steer was shown by his brother, Tom Windham, who placed 6th in the heavyweight division with his Hereford steer. Both the boy's animals were bred by their father, Richard Windham of Baird.

Congratulations to the Windham guys, we expect a champion where they're concerned.

The icy slick glaze on the roads here Wednesday morning marks the worst driving conditions around this area in many years. The streets are covered with ice and driving conditions are extremely dangerous. Auto accidents in the town have been very small, considering the fact drivers are not used to driving under these conditions. However with a winter like we are having, the driver is learning. Driving in the downtown area especially backing from the curb, seems to be most difficult for some drivers. In this case the driver tends to accelerate too greatly and the wheels only spin on the ice. Since we may have to drive on the slick surface many times before this winter has ended, here is some advice from the driver who backs from the curb and leaves you setting their, spinning your wheels. Accelerate the auto slowly when you are pulling from the curb, this way you will move slowly from the curb and more safely also.

"Bootmobile" will be parked at the Pioneer Lodge, Business 80 West Friday afternoon and all day Saturday from your western boot shopping. B. J. Wood from Colorado City will be on hand with his bus full of boots. 300 pairs of named brand boots in the Bootmobile.

This is something new for these parts selling boots to the pickup cowboy. This guy would have made a fortune in early days, if he could have had his "Bootmobile" out on the prairie.

Recent visitors in the home of Mrs. Doris Carlile Wilson and family was her son Albert O. Wilson from the Naval Air Station, Lemoore, Calif., who was home for Christmas for the first time in seven years. Also visiting was Mr. and Mrs. John D. Rife and son Dennis from South St. Paul, Minn.

Mr. and Mrs. B. C. Chrisman and Mr. and Mrs. J. Brice Jones have a new great granddaughter, Miss Leah Diane Rothacker, daughter of Mr. and Mrs. Robert Rothacker of Richardson, Miss Rothacker arrived Jan. 9, in Richland Hills Presbyterian Hospital in Dallas.

The maternal grandparents are Mr. and Mrs. Wendell L. Jones, former residents of Baird.

Remember you must register in order to be able to vote in the coming elections. Look for the register form in this newspaper.

## MANY PROJECTS COMPLETED BY BAIRD CHAMBER OF COMMERCE

In reporting to the membership we shall touch upon a number of projects considered and acted upon to various degrees of completion and for your consideration of continued effort to complete. Most certainly your Board of Directors and Officers have seriously considered every opportunity to serve our community through your Chamber of Commerce. Successful completion of any program depends upon community attitude, time, manpower, funds for capital improvement, economic aspects and demands. We have been helped or handicapped, as the case may be, by these guide lines.

An old dream that came true has been witnessed by the recent ground-breaking for Shady Oaks Recreation Center. Three years from the first serious thought and consideration to construction time. Work, capital, community cooperation and positive attitude equal success-

ful culmination of the first phase. Let us now be determined to make this a great and most successful part of a good community life. Yes, time attitude and cooperative effort by so many, opened the door of success.

Your Chamber of Commerce, through committees appointed by your President, was a motivating factor in the year-round conditioning of the Callahan County Hospital, by securing necessary funds to supplement the Hospital Board and Callahan County Funds. Many people should be recognized for their work and contributions to this project. Success on this project came from a county-wide effort and we are most pleased to have been a part of this activity.

A strong effort has been made to secure acreage for home building sites since it was determined that desirable lots were difficult to locate, espe-

cially in restricted or code area. A committee contacted land owners and developers in this work and the project has not been successful to this time. We believe people can be interested in Baird through a program like this and the project should be continued as a high priority consideration.

As you know, the Chamber moved into the building formerly used to interest a doctor in Baird. This was necessary to meet our financial obligations, and it was also necessary to purchase a new roof, along with other minor repairs.

Contacts were made with 3 small industries and consideration on help to retain Lawrence Pastry Shop was given without success.

The Chamber successfully opposed reduction of Postal Service proposed for Baird and this should be under consideration for future moves that may be proposed.

Dr. E. Burns Gray came to Baird and met with your Directors regarding the use of the building, and advised it was not suitable for his equipment, i.e. x-ray etc. We assisted him in locating housing and went before the Hospital Board with him to assist in Hospital connection. Since the arrival of Dr. Gray, we have not considered other physicians for Baird, several were contacted prior to his coming.

Signs were placed on each side of Baird on IH 20. This is a start on this work and other action should be taken.

Cooperated with the City of Camper site in City Park, and Baird will be listed in West Texas Campers Guide in 1968.

Attended several meetings over West Texas regarding Small Task Force and continuing work with West Texas Chamber on this. It is our hope to develop some method of dealing with small town problems in this work.

Worked on additional paving with City and it is now hoped to have a successful paving campaign in 1968.

Answered numerous inquiries on Baird and Callahan County, and assisted a number of families in finding housing in Baird.

Have worked on exit from IH 20 to Market Street. This

matter is now under advisement with the District Engineer of the Texas Highway Department.

Consideration has been given for additional Historical Markers in the County and with the passage of State Bonds for Parks and reconstruction of historical locations and sites, we propose Belle Plain College as a site to be considered in this program. Continued work must be done on this project.

Assisted in successful Christmas activities program running three weeks prior to Christmas Day.

Assisted in City Clean-Up, an annual activity.

Cooperated with Sheriff's posse in rodeo and parade.

Made study and worked with County, City and School in Council of Governments and Office of Economic Opportunity to develop programs pertaining to our area.

Have kept in touch with the FM Road, starting at the Union Hill Traffic Diversion and this must be stepped up with the development of Shady Oaks.

This is only a brief resume of your Chamber of Commerce work in 1967. We are not pleased with the results but cannot change history or time. The question now is, what shall we do in 1968? We can do something about that.

We would be amiss if we did not recognize the wonderful assistance from our City, County and so many citizens.

Since it is incumbent on your Manager to serve in the dual capacity of Chamber Manager and Housing Director, I must, in all fairness to the Chamber, advise you that in many instances I have neglected the Chamber due to the heavy demand of time required in the construction of new housing for the Elderly, which will be complete very shortly. This within itself is quite demanding and I believe the duties of both have been discharged with recognition of responsibility to each. I seek your understanding and wish more than anything else to contribute something constructive for the good of Our Town so long as I may be privileged to serve you.

We live in exciting times of history and what we do or do not do now will project us forward or leave us grounded. What do you want for Your Community? If you wish for progress in business, education, moral stability, religious freedom or so many of the better things enjoyed in our time, you should now dedicate your time and energy to Community Responsibility in 1968. If we do not succeed it could well be the absence of Positive Thinking and Actions. Criticism of those attempting to do something or the cry it cannot be done will solve no problems. Let us resolve to do something in 1968 that we can boast of in 1969. Lock Forward for Opportunity, Backward for History.

J. E. 'Jimmy' LANE

# UNION USUALS AND UNUSUALS

BY VEDA YARBROUGH

Hi neighbor! B-r-r-r, yes it is cold weather here. Don't know exactly what the temperature was this morning, which was Sunday, but it was about 9 above zero. All the water lines here at my place are frozen and from the weather news a while ago, it will be cold for most of the week.

There are lots of people sick with flu and colds.

I went over to Eastland this morning to see the doctor. No, I don't have flu, just a real bad head cold, which I have had for the past week, so thought I better get something to help it. Roma McIntyre took me to Eastland. Stayed in bed most of the afternoon.

Roma Mc and I went to see Mrs. Mary Ramsey last Tuesday afternoon. She was feeling pretty good but sorry to hear today she was not feeling well at all. She is still in the hospital at Baird.

We are very sorry of the passing of "Doc" Clement Friday in Putnam. It was a tragedy. He was found dead in his home in Putnam.

I went to Mabel and Betty Mobby's New Years Day to watch the Rose Parade in color. It was real pretty. We ate black-eye peas for lunch on New Years Day.

Retha Brown and children of Fort Worth will spend this week with Ollie Burnam. Mary Everett spent the past week here.

Good morning, this white Monday morning. The ground is covered with snow and sleet and still cloudy like it could snow and sleet any time.

Sunday morning, I believe I would be safe in saying, there were hundreds of red birds here in my yard and trees. Guess they were headed for Florida or wherever Red Birds spend the winter. They were really pretty but by noon they had taken off for the South. I hope they all get there safe. I wonder how far they will fly in one day, as they make camp late in afternoon and don't take off till about 10, or they did that here. Was glad they spent the

night with me.

John McIntyre was here feeding this morning. Said he had to cut ice on the tanks for all the cattle, which is a pretty good job within itself.

Don't know any news. Oh, I think I hear the water running, got to go see. Well, I was right. Water in the bath room again for which I am very thankful.

Hope all of you are feeling better that have been sick and are sick. May you soon be well and may God bless and keep all of you.

I hope to see you next week, the Good Master willing, so bye for this week.

## Atwell News

Mr. and Mrs. Jim Hutchins of Lamesa spent Saturday night with Mr. and Mrs. B. F. Hutchins.

Mrs. L. W. Morgan of Cisco visited Mrs. Dayton Sessions Tuesday.

Mr. and Mrs. Roy Neil Tatom and girls spent part of last week with Mr. and Mrs. Leroy Byrd. Mr. Byrd was ill and Roy Neil carried him to Medical Arts Hospital in Brownwood on Saturday. Last report from him he was feeling better.

The Don McLaughlins have moved to Baird from Ventura, Calif., and will make their home here until the end of this school term. McLaughlin, the former Wanda Jo Windham, and children will join her husband in Tripoli, Liberia, North Africa sometime in May.

# ROWDEN ROUNDUP

MRS. N. V. GIBBS

During January you need to remember some things, such as your taxes should be paid. Remember to use 1968 on your checks. Put 6 cent stamps on your letters. Start working on your farm income tax return and register to vote.

Speaking of registering to vote brings back thoughts of a few night ago when a family group had met for supper. After the meal, the group split into two groups, men and women. The talk in the women's group got around to politics, when someone asked if they had registered to vote.

Many names were suggested as possible candidates for President of our country, and opinions were being expressed, both for and against each man mentioned. One woman against a certain man was going strong when another woman spoke up defending him. About that time another man was mentioned and this defending woman said "Why, I wouldn't vote for that man." You are chuckling to yourself by this time.

This also reminds us that we should register to vote so we be better qualified and eligible for such discussions. You'll be hearing political talks everywhere, over the coffee cups, public meetings, street corners, parties and even church.

As Will Rogers used to say, "All I know is what I read in the papers," may also be true for you and me about the candidate of our choice for the higher offices.

Nieces of Ray Boen visiting him the past weekend were Mrs. Martha Kapper of Arlington, Raye Nell of Fort Worth and Mrs. Jo Starnes and her husband Dan of Odessa. Other visitors included Mrs. Effie Holloway, Mr. and Mrs. Gene Mauldin and Mr. and Mrs. Warren Price.

Mr. and Mrs. Don Harris and Terrell visited Mr. and Mrs. Delbert Davis and sons in Eula Saturday night.

Mr. and Mrs. Sterling Odom and Ivon hosted a salad supper Friday night in their home to the following: Mr. and Mrs. Ralph They of Snyder, Mr. and Mrs. Charles Palmer of Abilene, Mr. and Mrs. Tut Tabor, Mr. and Mrs. Clark Tabor, Mrs. Faye White, Mrs. Jewel Swanzy and Miss Anna Belle Tabor, all of Clyde, Mr. and Mrs. N. V. Gibbs and Judy.

Mr. and Mrs. N. V. Gibbs and Judy were in Abilene Saturday visiting Mr. and Mrs. Truitt Hollingshead.

Eiveda Sikes, Ern and Hobson Sikes of Abilene visited Mrs. Leila Gibbs Saturday.

Mr. and Mrs. Babe Sadler and Mrs. Willis Sadler visited with

Mrs. Mattie Gibbs and Raymond one day last week.

Rev. and Mrs. Carrol Green and children visited in the Gene Mauldin home Tuesday.

Weather has been the main subject in this community the past weekend. Some already have frozen water lines and are having to haul water for livestock. It looked like Monday morning that the ice storm might be repeated, with all the rain and sleet falling. Dairy cows coming in the barn were covered with ice.

Several from our community are on the sick list and some are in the hospital. Jerry McDonald entered the hospital at Baird suffering with flu. Ray Boen entered the hospital in Baird Friday and it was thought at first he had a heart attack. The doctor has diagnosed it as congestion and he is responding to treatment. The Jimmy West family have had a bout with the flu for the past few days. ## "WEEKLY MEDITATIONS"

REALITY IN RELIGION  
Mark 7:15-18 "And when he had called all the people unto him, he said unto them, Hearken unto me every one of you, and understand: "There is nothing from without a man, that entering into him can defile him: but the things which come out of him, those are they that defile him."

Religion can be many things. It may be centered in superstitious practices or in formal observances or in meticulous attention to ethical rules. But all of these, Jesus implied, are far from the reality. The chief way in which Christ made this clear, to the great surprise of those who heard Him, was by the sharpest contrast between the inner and the outer aspects of faith. The essence of His position is that what touches us externally cannot make any real difference, while our inner motives and affections make all the difference that there is.

Externals, as interpreted by Christ, include any kind of physical ceremony. He does not say these are evil. His point is that, if a person has the inner reality, none of these is necessary while if he does not have the reality, none of these will suffice. Circumcision, as the Apostle Paul saw later, is not what counts but neither does lack of circumcision count. The life of Christ appears in us, not when we observe ceremonies, and not when we refuse to observe ceremonies, but when each of us becomes "a new creation." (Galatians 6:15).

All that is evil and all that is good comes from the intangible yet absolute real center of man's nature. Sin exists as thought or motives or desires or covetousness before it becomes overt fact. The generous deed likewise arises from the generous heart. A man is defiled, not by what someone does to him or fails to do to him, but by

the impurity of his basic motives. A man is essentially harmed by the lack of genuine, unselfish love in his inmost self. There is only one thing of prime importance in true religion and that is the new life of kinship with God which leads to love of His other children.
