Mr. D.w. Crane, former director of the Abernathy band, was the clinatian for the Saturday clinic. He has conducted clinic for the Greyhound band for the past four years. His influence and helpfulness has improved the band this year as in all the preceeding years.

The band members and Mr. Sparks feel that the clinic was well worth the time and effort of all those involved because of the improvements which were made in the marching performance.

### Call to Prayer **And Self-Denial**

The Woman's Society of Christian Service and the Wesleyan Service Guild of the Methodist Church of Gruver, Texas will join more than 1,700,000 Methodist women throughout America this week in observing their annual "Call to Prayer and Self-Denial-" The Call is sponsored by the Woman's Division of the Methodist Board of Missions, the national body under which 36,000 local Woman's Societies of Christian Service and Wesleyan Service Guilds function.

During the observance of the Call to Prayer and Self-Denial, Methodist women gather in their churches or elsewhere for two events -- a program meeting for interpretation of mission projects to which money from a special offering will be given and a "quiet day" service of prayer, meditation, jymns and a silent meal. Each year the Call to Prayer and Self-Denial has a theme, and the them for 1964 is "Recognition, Renersal, Response."

The "quiet day" service will be held at 10:30 a.m. on Thursday October

29 at the Methodist Church. Each year certain mission projects are designated by the Woman's Division as beneficiaries of an offering which is taken as a part of the Call to Prayer and Self-Denial. This year the projects to receive the

offering are: Home mission projects-Remodeling and repair of mission buildings in the United States. Such buildings include children's homes, schools, residences for young women, community centers, hospitals, and retirement homes for missionaries and deaconesses. One special need in 1964 is the rebuilding of the Jesse Lee Home for Children in Alaska, which was destroyed in the earthquake.

Overseas mission projects-Pension fund for national workers in fulltime church-related service. The offering will help to establish a pension fund for retiring national workers in India, Japan, Korea,

Mexico and the Philippines. Such workers include educators, social workers, jouranlists, Christian educators, Bible women, doctors, nurses and literacy workers.

Each woman who participates in the Call to Prayer and Self-Denial is asked to save over a period of time and then to make a sacrificial gift to aid the designated projects. Offerings have increased almost every year and in 1963 reached a new high of \$579,666 The offerings hare enabled buildings to be built and work to be done on the mission field which could not have been done other-

In addition to the offering, women are asked to offer personal prayers for workers in mission projects for which they will give. During the "quiet day"

service, women will use devotional materials prepared by Miss Clarice Bowman, "Recognition, al and Response."

The Call to Prayer and Self-Denial is one of the oldest observances for Meth. odist women, dating back to 1886.

In local churches, the observance is planned and directed by the committee on program and the secretary of spiritual life of the W.S.C.S. or Service Guild.

## In your heart you know he's right about THE HIGH COST OF LIVING

Barry Goldwater says: "If the cost of living continues to rise and the dollar continues to shrink, the savings of our citizens will be worthless. I'd cut down government spending. And I'd move to keep down the size of government, too. Further, I'd see to it that we had a climate once again in America where this free competitive enterprise system of ours would flourish, so that real jobs with real wages would be the answer not only to poverty but to the problems of inflation and higher living costs."
