

SERVICES SLATED FOR R.D. TOMLINSON

Standing from left to right are Ethel Johnson, Elvira Tomlinson, Beulah Stefan, Dollie Hansen, Rose Bratton and Mildred Gore; front row are Mr. and Mrs. Charles Thompson and Charles Benson Thompson.

Funeral services for R.D. Tomlinson will be held Thursday July 2, 1964 at 2:30 p.m. in the Gruver Methodist Church. Reverend R.L. Kirk of the Gruver Methodist Church and Reverend Cox of the Oak Haven Methodist Church of Irving, Texas will officiate.

Mr. Tomlinson passed away suddenly Monday night June 29th at his home in the Kimball Community. Roma Tomlinson was born November 25, 1887 in Duncan, Oklahoma to the couple of Daniel Andrew and Delilah Belle Tomlinson. At the age of one year he accompanied his family to Oklahoma where they filed on land near Oklahoma City. In 1897 he accompanied his family by driving one of the covered wagons through to New Mexico where the family settled southwest of Tucumcari.

He attended the small schools of the areas which he lived and furthered his education at Chickasha Business College while his parents and brothers and sisters moved to Hansford County in 1907 to make their home.

A pioneer of the area, Mr. Tomlinson often recalled many of the hardships as well as the prosperous times during the pioneer days. He helped his father break the land they farmed, and did the freighting for the family as their crops were taken to market. He was one of a family of nine children.

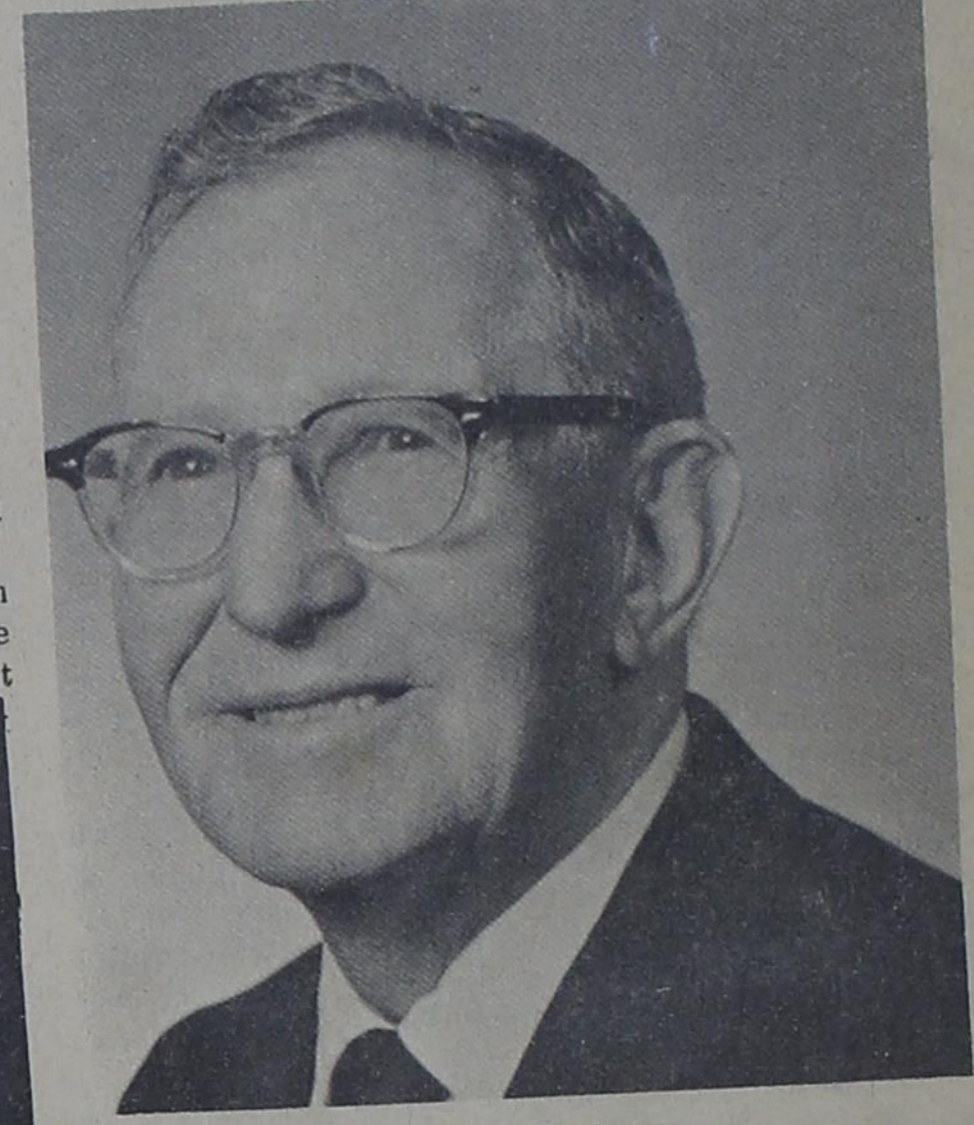

On January 14, 1920 R.D. Tomlinson married Elvira Francis Thompson who was a neighbor of the Tomlinson family. The couple had seven children one son being Elmer Dale who died in 1934 at the age of four.

The year after the couple were married they attended college at West Texas State in Canyon. Mr. Tomlinson has served on the REA Board and was quite instrumental in establishing both electricity and telephones in the Kimball Community where they have lived throughout

their life. Chairman of the Democratic Party for Precinct 2, Mr. Tomlinson has been quite active in political work. Mr. Tomlinson often recalled the trip to Europe in 1957 which the couple made for it was one of the highlights of his life.

A universalist in religion, Mr. Tomlinson was also a member of the Woodman of the World.

Survivors include his wife, Elvira; six children, R.D. Tomlinson, Jr. of Gruver, Mrs. Howard Barkley of Gruver, Mrs. Jim McCleerey of Fresno, California, Mrs. Carlie Knight of Gruver, Mrs. Dave Roberts of Albuquerque, New Mexico, and Glen Tomlinson of Wacom Texas; two brothers, Wayne of Amarillo, Texas and Orville of Tuttle Oklahoma; four sisters, Mrs. Alton Williams of Perryton, Texas, Mrs. Dewey French of Goodwell, Oklahoma, Mrs. Howard Cline of Gruver, and Mrs. Bill Hankla of Dalhart, Texas, and twenty-one grandchildren.

Mr. R.D. Tomlinson

HIGHLIGHTS FROM THE PAST TO THE PRESENT

Highlights from the Past to the Present takes up again this week as we visit in the Kimball Community in the Charlie Thompson home. Again we look back back several years to uncover further history of Hansford County in the lives of its pioneers.

Charlie Thompson was the son of Wady and Sarah Thompson and was born in Kentucky in 1869. He was from a family of six girls and two boys. In Kentucky Charlie Thompson grew to manhood and at the age of twenty-eight started out on a life of his own by moving to Oklahoma and later to the Texas Panhandle. In Texas he worked for a cattleman named Slaughter and later for Wallace McKay.

As we look into the back-ground of Miss Essie Pearl Benson we find that she was born February 4th, 1877 in Kentucky some three miles east of Cincinnati, Ohio. At the age of five, she along with her mother and father, Thomas and Marieta Benson and Essie Pearl's brother Perry left the state of Kentucky and moved to Imporia, Kansas. Prior to their move Mr. Benson had made his living through farming raising tobacco and corn. He continued his career as a farmer after his move to Imporia. Not long after they became settled in Kansas Mrs. Benson, Essie Pearl's mother, died leaving her husband and two small children. Essie Pearl made her home with the Hughes family, also who were farmers. The Hughes and Essie Pearl moved throughout the state of Kansas on various farms. Attending the schools of the state, Essie Pearl completed her education in Kingman Kansas.

In 1891 Mr. Hughes moved his family to Oklahoma soon after it became a state to find better land for farming. In the meantime Mr. Benson married again but Essie Pearl continued to make her home with the Hughes family though she visited quite often in her father's home.

At the age of twenty-two Miss Benson left the Hughes to find a job of her own. She came to Texas by wagon and soon began work at the Tyler home in 1898. Several pioneers recall when they were small and visiting with the Tyler children how good the cookies were that Miss Benson made.

During about two years which passed Miss Benson became acquainted with Charlie Thompson who worked at a neighboring ranch. The acquaintance became a romance and Essie Pearl Benson and Charlie Thompson were married at the Wallace McKay home by Guy McKay.

Following their marriage the couple moved to Old Hansford where they made their first home. Their first child, Elvira, was born at their home in Old Hansford. Yearning for land of his own and a future of opportunity Mr. Thompson purchased land from Jim and John Donaldson some four miles east of what is now Gruver. The couple made their first home on the land in a dugout. They had a well but quite frequently the well was out of water and the family had to go to the Les Cator place for water.

The couple had their own garden and planted their crops as soon as the land was broken and ready for planting. Mr. Thompson broke his own land by foot with a walking plow. He planted wheat as his main crop but sorghum and maize was also planted to take care of the of the need for feed for the livestock. He would freight his grain to market during the fall. The children would

Elvira and Mable Ruth

THE GRUVER

INDEPENDENT

Volume II Number 45

Gruver, Texas

Wednesday July 1, 1964

wait at home anxiously anticipating his arrival back from market. Upon his return trip he would bring the supplies in large quantities usually being in case lots.

When the family first moved to the area they had very few neighbors, those of whom were the Pulins, Les Cators, Woodrings and the Becks.

As the years passed the Thompson family grew and eight children were added to their farm making a total of nine. Those born on the farm were Mable Ruth, Ethel Pearl, Beulah, Jo Blanche, Mildred, Charlie, Rose and Dolly. The children recall that it was quite some distance to travel to a town and they remember being so enthused to go anywhere. Horse and wagon was the only mode of transportation for quite some time. When the family purchased their first surry everyone was at the height of excitement.

Mr. Thompson purchased the family's supplies at Guymon and Old Hansford. The first mail the family received was from Old Hansford but as several years passed a Star Route from Guymon to Hansford brought the mail. Mr. Thompson was the first to bid on the route to carry the mail and Rob Thompson was the carrier.

The children attended the schools at Kimball and later at the 2-7 school. Some of the families attending these schools were the Becks, Wilmeths, and Thompsons. Two teachers recalled by the family were Grace Winder now Grace Bennett and Hazel Wright now Hazel Morton. The children had about seven miles to go by wagon and team to school. During the winter they recall how cold it would be riding in the open wagon. When they would arrive at school the teacher would rub their hands to warm them.

Mrs. Thompson cooked on a coal stove which burned cow chips. The children recall picking cow chips and enjoying doing such because it was somewhere to go and something different to do away from home. It wasn't until Spearman began that the children saw their first train.

Also recalled by the family was a prairie fire which came through like a cloud and in no time left black earth behind. It seemed to give a rolling impression taking everything it rolled across. The Thompson family did have time to make a fire guard around their home to protect their house and out buildings. Though the family lost no livestock many of the neighbors did lose cattle. Also recalled by Mrs. Thompson was a hail storm in about 1907 that killed many cattle along with everything else around.

The family had very few modern facilities and Mrs. Thompson often washed from dawn to sunset and still wasn't through with the family washing. It wasn't until 1949 that Mrs. Thompson had electricity and that was after they had moved to the Kimball Community in 1940. Their mode of lighting before electricity was coal oil

con't on p. 9

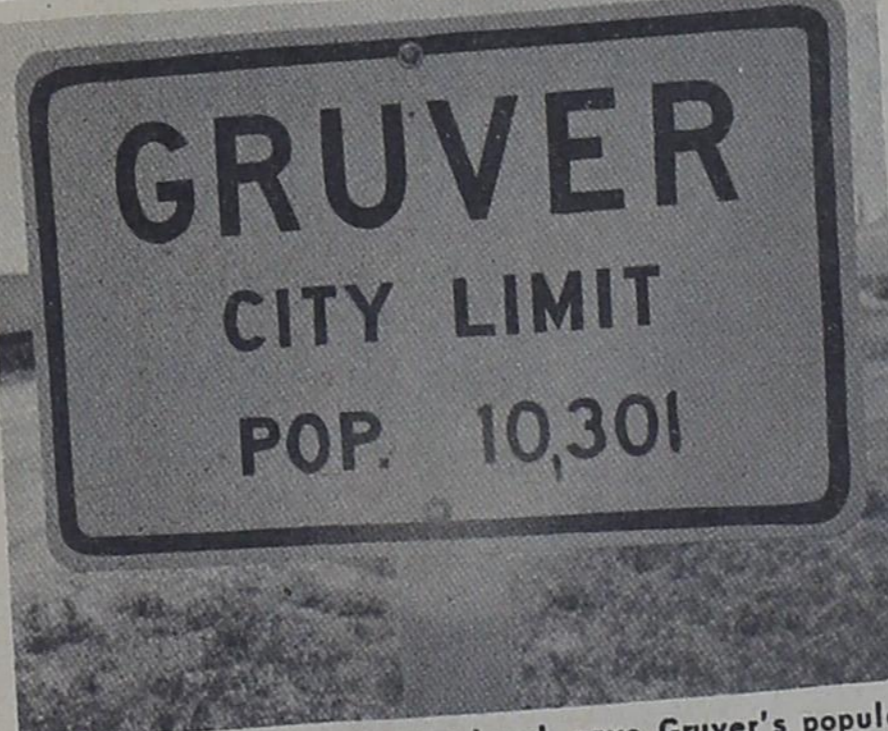

—NOTICE—
to Citizens of Gruver

City officials urge the citizens of Gruver to move all objects from the alleys to make room for vehicles to travel through.

The City is planning to spray for insects as soon as arrangements can be completed but all alleys must be cleared and many trash barrels moved back before the job can be accomplished. City officials were also concerned about the possibility of the fire truck being block in the alleys in case of a major fire here.

Present plans call for the town to be sprayed by plane first then followed by a spray rig through the alleys. Officials are presently trying to contact someone with that has been used to insect spraying and one that does not contain chemical harmful to plants.

Announcement will be made in the paper as to the approximate date the aerial spraying will be done.

Some prankster with a paint brush gave Gruver's population a tremendous jump on the sign north of town. It does remind us, however, that Gruver is a growing town with an estimated population between 1500 and 2000.

Guests in the Rob Alexander Home Monday evening were Mr. and Mrs. J.C. O'Brien, Mr. and Mrs. H.L. Vincent of Stratford. Mrs. Vincent is Nella Beth's sister and the occasion was to honor the 40th wedding anniversary of the Vincents

Dinner guests of the Rob Alexanderson Sunday were Mrs. Pearl Miles, Mr. and Mrs. Wayne Miles who are enroute to Siagon. They will arrive there the first of August. Mrs. Miles is Rob's sister.

IN THE GRUVER

We understand that the city is going to spray Gruver in an effort to rid the town of flies and mosquitoes. And it is our understanding that they intend to do a complete well planned job of it.

But before we started jumping with joy, remember that it takes the cooperation of everyone here to make the program more successful. In order for the city to do an efficient job, much must be done by the citizens.

Trash barrels must be moved back and other objects must be moved from the alleys and each individual must make an effort to remove anything that attracts insects.

It would also help for people to spray their homes at the same time alleys are being sprayed in order to eliminate as many insects as possible.

We don't know yet what kind of equipment the city will use but we know the people in charge at city hall are trying to find the best method possible.

An article in the Perryton Paper last week told of two meetings being held that could affect Gruver. Both meetings, one in Berger and the other in Enid, Oklahoma, were held in conjunction with efforts by some cities to change the designation of Highway 15.

Instead of running through Stinnett, Berger, and Claude an attempt is being made for the highway direction to run from Spearman to Gruver, Stratford and Dalhart.

The article went on to say that delegates from Book-er, Follett, Darrouzett, Spearman, Gruver, Stratford, Dalhart and Perryton were expected to attend the meetings.

We couldn't find out who would attend from Gruver. We don't have a Chamber of Commerce, Business Club or any organization to handle such matters in the interest of the town.

Like most people, we look at the civil rights turmoil in the south with mixed emotions, and at the civil rights bill with the same feeling.

We don't agree with the idea of sending in young college students to tell the people of Mississippi and Alabama what should be done nor do we agree wholly with all that's in the civil rights bill.

We also look with disfavor on portions of the civil rights bill that take away rights of some to hire and to serve whoever they want to.

The sad part of all this is that we only get upset when something happens that might affect us. We don't worry too much about freedom until our own personal part of it is endangered.

How many of us worried about the Negro's lack of freedom before the civil rights movements started? Back when the Negroes in the south were allowed very few of their rights, how many cared?

We think that the failure of men to worry about other people's freedom and well being is a far greater danger to the United States than Communism, Exclusive Societies and all the other threats put together.

On that line of thinking, we noticed in an Oklahoma paper last Sunday that people in the United States spent 350 million dollars last year on dog food and another 150 million on dogs for vet fees, etc.

We have nothing against dogs, they're nice little animals, but think of the roar everytime that much is spent on some aid program for people.

We agree that there are plenty of unworthy people getting government aid, but there are also many more who have it just to eat. Our problem, as we see it, is to do our best to weed out those unworthy of help, rather than kill the entire program.

But, that 500 million spent on dogs isn't a total loss.

BY BOB AND RAY

EDITORIAL on Civil Rights

by Lynn McClellan

This week I read of an article which defended the Civil Rights Bill as being nothing more than assurance that one person will treat another as a Christian should. It seemed to be this man's convictions that all laws are just a way of trying to enforce the Ten Commandments.

First let us take a look at the "Civil Rights Bill of 1963". This is an act to enforce the constitutional right to vote, to confer jurisdiction upon the district courts to provide injunctive relief against discrimination in public accommodations, to authorize the attorney general to institute suits to protect constitutional rights in public facilities and public education, to extend the commission on Civil Rights, to prevent discrimination in federally assisted programs, to establish a Commission on Equal Employment opportunity and for other purposes. These are the main purposes of the Civil Rights Bill as outlined in H.R. 7125. Their were some minor changes made in the Senate before passage by Senators. Some of the opposition to the Civil Rights bill is not against the the negroes but against the bill because it violates our constitution. Senator John Tower and Senator Barry Goldwater opposed the bill on constitutional basis as did many others. Those members of the opposition are not against the negroes but believe we should abide by the constitution.

The first section of the bill is Title I which is devoted to Voting Rights. This section is to enforce the constitutional right to vote. The XV Amendment to the to the Constitutions reads: "The right to citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of race, color or previous condition of servitude" Section II of XIV Amendment proposes a penalty for states which refuse to give the vote to Federal elections to all adult male citizens. States which restrict voting can have their representative in Congress cut down.

Thus we see that two amendments to the Constitution guarantee the right of citizens of the United States to vote. What is the need of a law to enforce the constitutional right to vote if we already have two articles of our constitution devoted to the voting right? If we cannot enforce our constitution how can we enforce a new law of the same status.

The Second section is Title II. This title confers jurisdiction upon the district courts of the United States to provide injunctive relief against discrimination in public accommodations. This means that all persons shall be entitled to full and equal enjoyment without discrimination or segregation of goods, services, facilities, privileges, advantages and other establishments which serves the public.

This title makes it unlawful to refuse service or accommodation to anyone on grounds of race, color, religion or national origin. This section takes away the freedom of choice of Americans. We no longer have the freedom to choose who we serve for it shall soon be law. It seems to me that if a person invests his money, time, interest and life into a business it should be his right to serve who he chooses. Thus this section is unconstitutional by taking away our freedoms of choice and letting the national government dictate who we serve.

Title III Authorizes the Attorney General to institute suits to protect constitutional rights in public facilities. The Attorney General has the right to institute suits through due process to protect any individual being deprived of his right to the equal protection of the laws or being denied access to full and complete utilization of any public facility operated by or on behalf of the State

or sub division thereof.

Yet Article XIV, Section 1 of the Constitution states: "No State shall make or enforce any law which shall abridge the privileges of immunities of citizens of the United States; nor shall any state deprive any person of life, liberty or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws again. If we would enforce the Constitution there would be no need for such a law.

Title IV deals with desegregation of public Education. Desegregation means the assignment of students to public schools without regard to their race, color, religion or national origin.

The Commissioner of Education shall conduct a survey and make a report of Educational opportunities to the President and Congress. There shall be technical assistance and training institutes to help the desegregation of Public Education.

Title V provides to extend the Commission on Civil Rights to study problems and solutions of Civil Rights.

Title VI provides to prevent discrimination in federally assisted programs.

Title VII is concerned with equal employment opportunity for employment without discrimination because of race, color, religion or national origin is a right of all persons within the jurisdiction of the United States and it is a national policy to protect the right of the individual to be free from such discrimination.

It shall be unlawful employment practice to discriminate by failing or refusing to hire or discharging anyone with respect to his compensation terms, conditions or privileges of employment because of race, color, religion or national origin.

It shall be unlawful to discriminate by limiting segregating or classifying employees in any way which would adversely affect his status as an employee because of race, color, religion or national origin. Also, it shall be unlawful for a labor organization to discriminate against its members according to race, religion, color or national origin.

It shall be unlawful for employment agency to fail or refuse to refer for employment or to classify or otherwise, discriminate any individual because of race, color, religion, sex or national origin.

This title creates no jobs, so therefore whose jobs are these Negroes going to take? Other Negro's jobs? or white people's jobs? This bill puts regulations on who you can hire, fire, promote and demote. The commission decides on the definition of discrimination, and if the commission of equal employment opportunity decides to define discrimination where there is a racial balance then that is what we will have to abide by. It is pure socialism. It is Government control of the means of production and distribution and that is socialism.

This title effects the freedom of choice in individuals, for it denies us the right to hire who we choose. There will be a commission on Equal Employment opportunity to investigate on all complaints and set standards of discrimination. It is a disgrace when we are denied the freedom of choice. Wake up, our freedoms are gradually being taken away.

Going back to the opening statement, that civil rights bill was an assurance that one person should treat another as a Christian should, we see that the opposition to the Civil Rights Bill is not because one hates Negro's but it is because this bill is unconstitutional. It says in the constitution of the U.S. that Congress shall make no law respecting an establishment of religion. Yet there are many churches which refuse to let Negroes worship. Are we going to pass another unconstitutional law which says churches have to admit Negroes?

No law can assure or make individuals treat each other as Christians should. For you cannot force Christianity on someone who doesn't want it, just like you can't force segregation on people who don't want it. We will have to go by the method of secession. First it is the

duty of the individuals to relieve discrimination, then it is the duty of the community, then the state and last of all the national government. We have not gone up the ladder step by step, but because of Negro pressure we went right to the top.

If the Negroes are being denied their constitutional rights then the constitution should be enforced. We have seen where the constitution provides every citizen the the same and equal rights.

Those being denied their rights should take their cases to the courts whose job is to interpret the laws.

In conclusion, no bill is a Civil Rights Bill if it takes away basic liberties and constitutional rights and guarantees and replaces them with arbitrary Government powers.

WEDDING INVITATION

Mr. and Mrs. William L. Johnson request the honor of your presence at the marriage of their daughter, Eloise Carol, to Ensign Douglas B. Hackett, Saturday July 4th at 4:00 p.m. in the Oslo Lutheran Church. You are also invited to the reception immediately following in the Fellowship Hall of the Church.

MRS. WINDER AND MRS. McCLURE HONORED AT COFFEE

Mrs. Cecil Winder and Mrs. J.D. McClure were honored at a Coffee given in their honor by Mrs. A.R. Bort in her home. Mrs. Winder of El Paso and Mrs. McClure of Norman Oklahoma have been guests in the home of their mother Mrs. W.N. Fletcher for the past week.

Mrs. Del Cluck served refreshments from an eloquent table laid with a cut work cloth and bearing a silver eperne holding an arrangement of pansys from the garden of the hostess. Coffee was served from a silver coffee service along with pound cake and cookies. A centerpiece of shasta daisys centered the coffee table of the living room.

Out of town guests included Mrs. Leo Hall and Mrs. Hogue of Guymon Oklahoma. Other guests were Mrs. Mart Hart, Mrs. R.L. Thom, Mrs. C.H. Winder, Mrs. Bob Brooks, Mrs. Lawrence Gruver, Mrs. Grace Bennett and Reba, Mrs. Gay Fletcher, Mrs. W.N. Fletcher, Mrs. Jim Cator, Mrs. Claud Watkins, the honorees, Mrs. Cecil Winder and Mrs. J.D. McClure and Mrs. Homer Cluck and the hostess, Mrs. A.R. Bort.

DINNER IS A SUCCESS

The American Legion Auxiliary held a delicious dinner Sunday in the Memorial Building. The funds raised will go toward payment of the remodeled basement.

Some one hundred and twenty-five enjoyed the dinner of smothered steak, green beans, corn, salad, desert of pie and coffee or tea. The Auxiliary showed a profit of \$185.00 for the affair.

Another dinner is in the making for the last of July.

WHEAT FERTILIZER DEMONSTRATION

The wheat fertilizer demonstration plot on Troy Sloan's farm 6 miles southwest of Spearman was harvested about two weeks ago.

This fertilizer demonstration was to see if additional nitrogen would show an economic increase in yield on moderately heavy grazed wheat in first year irrigated land. Seventy pounds of

was applied prior to planting in September. The wheat was grazed until the snow fell in February. On March 14 ammonia nitrate fertilizer was applied at two different rates on three acres. Sixty six pounds of actual nitrogen was applied on one plot and 33 pounds on another. The check plot was between these two plots. The yield results were:

Check plot of 70 lb. N.-45 bu. 33lb. added or 103 lb N.-47 bu. 66 lb added or 136 lb N.-51 bu.

Test conducted at the Bushland Experiment Station in 1959 showed that the highest grain yields were obtained with the addition of 120 pounds of Nitrogen per acre on grazed wheat. This was comparing nitrogen rates of 0, 40, 80 and 120 pounds. Grazing tended to reduce

Morrison attended the funeral in Sweetwater over the weekend.

Visiting Mrs. Morrison over the weekend has been her brother and wife, Mr. and Mrs. Ernest Wison of Modesto, California, Mrs. Pauline Ivey of Amarillo, Mr. and Mrs. Lenard Roberts of Sweetwater, Oklahoma, Mrs. Alva Atwood and Mr. and Mrs. Don Roberts and baby of Greenfield Oklahoma.

grain yields more where lower rates or no nitrogen were used. This indicates that when wheat is adequately fertilized, not only is more forage of a higher protein content produced, but also the grain yields are not seriously reduced by the grazing practice. Results did show that the average reduction in yield from grazing from March 1 to 15 was 5 bushel.

IRRIGATING GRAIN SORGHUM

We are going into the grain sorghum season now and many of you will be watering heavily before too long. You might be interested in knowing how much water this crop used per day during the growing season and wheat state of growth in the critical period. Below is a chart which explains this.

1. Planting to 7 leaf stage about 30 days uses .1" per day.

2. 30 day to 70 days- this includes the boot and bloom stage. Water used gradually increases from .1" to .35" per day in critical stage which is the boot and bloom stage.

3. From bloom to maturity the water used decreases from .35" to .1" per day.

4. After grain is mature and while drying for harvest, the water use is about .075" per day.

Use this chart to determine when you should water and how much water to apply.

DRESS REVUE WINNER IS PATRICIA HENDERSON

Patricia Henderson of Morse was announced winner of the Senior division in the County 4-H Dress Revue held Friday, June 26, in Spearman. Patricia will represent Hansford County in the District 4-H Dress Revue in Amarillo, July 23.

Rebecca Hutchinson of Spearman was winner of the Junior Division. She will also model in the District revue, but will not enter competition.

The County Dress Revue is the goal for most members in clothing subject matter groups in the county and 24, 4-H members participated in the contest. (One member entered her apron but was not present to model for the

judges). Judging was begun at 9:30 a.m. in the Spearman High School Home Economics department.

The Dress Revue was held at 3:30 p.m. in the High School Auditorium, with all entrants participating in the revue.

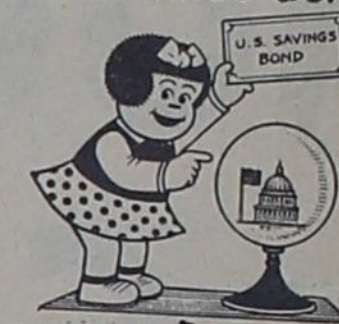

Miss Sharon Parks, 4-H member from Morse, narrated the revue, which was based on the theme of "The Dreamer". Johnette Lee, daughter of County Judge and Mrs. Johnny Lee, was the dreamer who slept on stage, dreaming of the fashions modeled by the Dress Revue contestants.

The Agent presented the awards following the show. Linda Webb is Home Dem-

onstration Agent. Since the lowest score was 111 out of a possible 125 points, every contestant received a blue ribbon.

Those entering the Revue were: Apron; Becky Sparks, Karen Kunselman, Lisa Hutchinson and Kathy Brown; Blouse; DeAnna Sheets; Shifts; Jolinda Lee, Vicki Rosenbaum, Carolyn Henderson, Jan Jones, Lynna Mackie, Jyniece Callaway; Skirt and Blouse; Debbie Sell, Nancy McCloy, Deborah Jackson, Kaye Johnson and Patsy Powell; 1st Dress; Connie Trindle and Cindy Hutchinson; Other Dress; Sylvia Parks, Janice Trindle, Becky Hutchinson, Cathy Mackie and Judy Womble; Suits; Patricia Henderson.

Fashion Shop

"MRS. PRICE,---MGR"

Located at 306 Main in Sunray where quality reigns and style is paramount in ladies wear. Phone 948-4371.

Here they feature individual and distinctive garments and accessories for the most fashionable ladies at reasonable prices. Their quality dresses are the very latest in smartness and their styles will distinguish the wearer as a well dressed woman. This shop has long been known to the women of this section as a place where they can obtain their every need.

For any one firm to assume the fashion responsibilities of this section is rather a large undertaking, but through their desire to represent only the finest and best the Fashion Shop in Sunray has become fashion headquarters for the discriminating women of our area. The principal upon which this store is operated is that of furnishing individual and distinctive garments and of meeting any and all competition in quality, style and price.

We wish to compliment Fashion Shop upon their policy of maintaining merchandise of quality and the latest styles in ladies garments.

S and C Grain Co.

The S. & C. Grain Co. is located at two locations Capps Switch and on railroad right of way--Sunray. Here they pay top prices to farmers for their grains, with over 2,000,000 Bushel capacity. Phone 948-3421 or 948-3791.

This firm has an enviable reputation of being among the most dependable businesses engaged in grain. They furnish the farmers of this vicinity top market prices for

their grain and have built up an extensive business.

Through straight forward and above board policies this firm has established in this section of the state a reputation as extensive dealers in grain and farmers and people in general have come to look upon them as one of the most important concerns in this area.

The S & C Grain Company brings thousands of dollars into the com-

munity that would otherwise go to some other center if their policies and services were not satisfactory in every particular.

This activities of this well known concern cover a wide territory. They serve the grade in all directions for many miles around. We assure our readers that they can find no better firm to deal with.

They invite your patronage and will serve you well.

Sunray Funeral Home and Florist

Residents of this community are offered 24 hour ambulance service by Sunray Funeral Home. Phone 948-1212. It is a comfort to know that they are always on hand with trained attendants and the most modern equipment.

Their years of successful experience combined with a most comprehensive knowledge of the proper manner in con-

ducting funeral services has made the name Sunray Funeral Home and Florist, outstanding in this community. The memory of reverence and dignity, which is a prominent part of their service has comforted many families in their time of grief.

Every service is conducted with an air of quietness and restfulness by those in attend-

ance. From the minute they are called until the final duties are performed, not a single detail is overlooked, not the least semblance of confusion serves to mar the quiet, thoughtful, professional service.

It is appropriate in this Review that we commend The Sunray Funeral Home and Florist. Located at 401 Av. N. in Sunray on their record of service to the people of this area.

Brooks and Brewer Co.

The reputation of the Brooks and Brewer Co. has been built upon its excellent service, the satisfaction and good will of its many customers. One of the leaders of its kind in this district, this business in under the management of a man who knows the demands of his customers and furnishes quality service at fair prices. They are authorized dealers for Chrysler In-

dustrial Engines. People everywhere prefer trading at Brooks and Brewer Co. at 201 Main, Phone 948-1361 in Sunray, because they are assured of fair treatment and courteous dependable service. It has often been said that business goes where it is invited and grows where it is well treated. This fact accounts for the success and popularity of this concern among the

people of this community.

In this Review of the reliable concerns of our trade territory, we wish to recommend the Brooks and Brewer Co. to our readers. Their years of satisfactory service to the public, their quality merchandise and fair prices are your assurance that it is the best place in Sunray to buy Industrial Engines.

Broadway Supply Co.

This firm features complete repairing on all makes of irrigation engines, trucks, automobiles and tractors located in Sunray at 318 Main. They are dealers for the Waukesha Engines which means power, economy and efficiency. They also have surplus Waukesha Engines which they guarantee. In their very complete repair shop they give excellent service and repair all makes of motors.

In addition to their expert service you will find their prices reasonable.

An automobile is a machine. A motor will not run forever without attention and some repairs. So you must at some time or other see a reliable repairman to put your car in order.

If you bring your irrigation engine into Broadway Supply Co., it will be put in working order in the least possible time and

at the least expense to you. You will be assured of a reliable job as every bit of the work done by this firm is fully guaranteed in every way. For auto parts and accessories see Broadway Supply Co. Dealers for "Universal VI" 549 International Irrigation Engines".

In making this review we wish to compliment this firm upon the excellent service rendered to the people of this section.

B. F. Block Drilling and Irrigation Co.

One of the well-known drilling firms in this section is the B.F. Block Drilling and Irrigation Co. located in Sunray on north Main. Phone 948-3591. This firm, owned by Mr. B.F. Block, specializes in drilling wells for irrigation use. They are fully insured for your protection.

It is a pleasure to di-

rect our readers to the services given by this firm; for they insist that court-test and accommodation be a part of every business transaction.

For all water systems concerning irrigation make the B.F. Block Irrigation Drilling Co. in Sunray your headquarters. They give 24 hour service and "No job is too large or

too small." Mr. Block's years of experience make it possible for him to select the best location for the well and the proper depth to be reached to give maximum water.

This progressive merchants business review recommends this firm to you, as the solution to your dry summer.

Capps Fertilizer Inc.

There is no one institution in the community that has been of greater service to the people, and has aided more in the production of wealth than Capps Fertilizer Inc. located East of Sunray, Phone 948-4811.

No matter whether you have a fruit, vegetable, or general farm you should have one of their circulars which is considered an authority on the subject

of fertilizer. If, after reading this you are not just exactly certain as to what you need, drop them a letter and they will solve your problem for you.

The farmers have come to know they can get from them the best fertilizer on the market. They keep an experimental and scientific department at work at all times making improvements and studying growing conditions in the

state. Their plant has a large capacity and this enables them to deliver and quantity or kind of fertilizer at any time.

In anticipation of the great agricultural development in this section of the state, the Capps Fertilizer Inc., is making a special study of the soil conditions and is arranging to increase as rapidly as development proceeds.

W. D. Jones Drilling Company, Inc.

W.D. Jones Drilling Company Inc. water well drilling contractors N. of City of Dumas can save you another dry summer. For a minimum cost these experienced drillers will drill you a water well that will furnish all your irrigation needs. Phone 935-2132 or come into Dumas and discuss with them your needs concerning a well this summer.

You will find them cooperative and anxious to be of assistance to you.

W.D. Jones Drilling Company Inc. has a complete machine shop for all types pumps and gear drives, turn key jobs, also one year guarantee on all wells, and pumps not to pump sand. Free maintenance for one year on all their pumps and wells. So, why have the inconvenience of an inadequate

water supply when the services of this firm are available to you. W.D. Jones Drilling Company Inc. specialize in Flo-Way Pumps and Amalillo Gear Drives, so for the best in irrigation be sure to call W.D. Jones Drilling Company Inc., in Dumas. For pump pulling, setting, and cleanout-Guaranteed sand free wells, on turn key jobs.

Elmer Jean and Donna Conrad

Elmer Conrads to Hold Program Sunday

Mr. and Mrs. Elmer Conrad and family, who have served two terms in Liberia, Africa under the Child evangelism Fellowship Board and will be going back the last of August, will be taking us to Africa by way of their experiences and the slides they have taken this coming Sunday night, July 5 at 7:00 in the Morse Community Chapel. The Hitchland Community Church will be special guests and a social will follow the service. Everyone in the area is invited to attend.

On Monday morning at 10:00 the Conrads will meet with the children in the Desmond Kelly home. This is a follow-up of the Good News Bible Clubs that we had all winter for the boys and girls. The Conrads receive regular support from the group.

On Monday afternoon at 4:00 the Conrads will be meeting with the boys and girls in Spearman at the Park. Mrs. E.M. Floyd and Mrs. Desmond Kelly will be sponsoring this event with

the Conrads. Each boy and girl of the area is invited to attend. The Conrads will have many pictures and articles from Africa to show. Refreshments will be served also.

WHO'S NEW

Proud parents are Mr. and Mrs. Rod Barkley for they have a baby son born June 15th. The little lad's name is Clay Duncan and he weighed six pounds and nine ounces.

Clay Duncan's grandparents are Mrs. Margie Barkley of Gruver and Mr. and Mrs. Harman Duncan of Amarillo.

"THE WAY I SEE IT"

by Pastor Robert Cordes

The windup was completed and the ball sizzled toward the plate in a high arch. Strike three. You're out! The Little League batter dazed at this call, slowly turned, removing his batting helmet as he walked dejectedly toward the players bench.

The baseball umpire working our little league games deserves a great thank-you from all of us. His devotion to coming out and calling the games surely is appreciated. In Gruver especially, this is the first year we have had so many men doing our 'umping'.

The boys love to play ball and show such enthusiasm over a run. And the win column is might sweet.

Sure they make many mistakes. But some spectacular plays too are completed.

All that any of us can do to help the boys should deserve our utmost attention. Some boys are slow in developing a sports feeling.

Some are timid at the plate, or when a ball comes their way. But together as a team, they develop and learn to take defeats, or wins with grace. Even tears show when the hurts come. But they rise and move ahead. Life is this way too, isn't it. We all are hurt, but need to rise up and fight back to overcome our defeats and learn from our mistakes.

Have you come out to see some ball games? Is

life so busy you can't watch the little leaguers play their heart out?

Thank you again, Umps, for your loyal work. While you may not receive much public thanks, we do want you to know you are doing great work.

Walking In The Truth

Johnny! You march right out of this house! You've been walking in the mud!

Maybe each of us has heard something like this before—right! Or maybe it went like this: "Who's been tramping all over the rugs with his wet feet? Johnny, did you walk out into the rain without your boots again?"

There are a lot of things that young people walk in. But have you ever heard of someone walking in the Truth? At least this is something that won't mark up Mom's clean floor.

In the Bible "walking in the truth" means walking according to God's will. It means living with the knowledge that Jesus is our savior and loving as Jesus loved.

Many people walk in lies. They follow the great liar, the devil. The big lie they walk in is that they do whatever they want. They think they are good enough for God and don't have to keep His commandments or believe in a savior.

Walking in lies may be fun for a moment—until we are caught. Your friends may find walking in the mud, too, is fun while doing it. But when mud is brought in the house, the results aren't pleasant.

At times walking in the truth seems more exciting than staying on the sidewalk. But when we follow paths of truth, we are fol-

OSLO NEWS

Mr. Bill Butts

BILL BUTTS IS PASTOR OF BAPTIST CHURCH

Reverend Bill Butts has taken over the pastorate of the First Baptist Church of Gruver. Reverend Butts follows Reverend A.G. Purvis who resigned from the position to pastor a church in Pampa.

The Butts family moved into the parsonage June 16th. Reverend Butts first service was Prayer Meet-

ing on June 17th. Reverend Butts was born in Snyder, Texas. He grew up on a ranch near San Angelo. His schooling was in San Angelo and he received his high school diploma from Lakeview High School of that town. While in school he met and later married Patricia Ogden also of San Angelo.

After graduation from High School, Reverend Butts continued his education at Howard Payne College in Brownwood where he received his Bachelor of Science Degree in 1959. Completing his college work he continued his schooling at Southwestern Baptist Theological Seminary of Fort Worth in 1962.

Bill and Patricia Butts have two sons, Steve who is fifteen and Norman who is thirteen. The two boys will be enrolled in the Gruver Schools this fall where Steve will be a Soph-

COE FROM MORSE

Ray Kelly and Arlene Barkley attended an Art Show Dord Fitz of Amarillo on Saturday evening. Ray is a student of Dord Fitz. Mrs. Lex Board and Mrs. Mack Dortch went to Dalhart on Tuesday to visit in the Coon Memorial Home. Mrs. Board visited her mother, Mrs. Mollie Womble and they visited Mrs. Erlis Pittman's mother while there.

Mrs. Desmond Kelly went to Amarillo on Thursday to a Child Evangelism Workshop in the home of Mrs. Steve Kelly of Rolling Acres. Travis Reiswig, her nephew traveled over with her to spend a few days in the home of his cousin, Michael Dortch. Mrs. Kelly visited with Mrs. H.I. Gay in the Thurmon Home and in her brothers home, the Jack Dortchs.

Mrs. J.H. Davis and Mrs. Henry Reid spent Friday in the home of Mrs. Davis's sister, Mrs. Ella McGuiney in Spearman.

Mrs. Ella Parks granddaughters and their families have been visiting with her this past week. They are Mrs. Dave Frost of Danden, New Jersey and two children and Mrs. Jerry Cashion and two children of Mather Air Base of near Sacramento California. They are the former Connie and Barbara Cambern. Mrs. Frost's husband is a teacher in the school system of New Jersey and is a teacher of the new math that is being taught to teachers now.

Mr. and Mrs. Desmond omore and Norman an Eight Grader.

Before moving to Gruver Reverend Butts was pastor of the Oakview Baptist Church of Fort Worth. Other churches he has pastored have been the First Baptist Church of Alvarado, Texas and the First Baptist Church of Evant, Texas.

Reverend Butts has served on numerous boards and committees of the Baptist Denomination as well as on many executive boards, both county and local level.

visited in the Erlis Pittman home on Saturday night.

Mr. and Mrs. Roy McNutt of Dumas called on her niece, Mrs. John Thompson on Sunday afternoon.

Danny Barkley of Gruver spent Sunday in the Desmond Kelly home.

Mrs. Joan (Womble) McCullough and children of Denver has been visiting her parents, the D.M. Wombles and other relatives.

4-H GROUP WINS TRIP

Six members of the Morse Junior Leaders 4-H Club have been named winners in the Texas 4-H Junior Leadership contest. The award will be an all-expense paid trip to attend the Junior Leadership Training Laboratory to be held at Lake Brownwood Christian Retreat in August. Each member submitted a record book to be judged in the contest. Twelve teams were selected from over the state.

Members of the Morse group are Allen McCloy who is currently serving as District 1 4-H chairman and was recently named to the state 4-H council; Elaine Kelly, girl's district I vice chairman and named to the state 4-H Council; Bill McCloy, local vice president of his club; Allen Dixon, a junior leader and district council delegate; Patricia Henderson, president of the local club, girls vice chairman of county council and district council delegate; Sharon Parks, reporter of local club and junior subject matter leader.

This contest is sponsored by the United Gas Companies of Texas.

4-H MEMBER WINS STATE OFFICE

Upon the return of Allen McCloy and Elaine Kelly from their 4-H State Council meeting that was held last week in Houston, it was revealed that Elaine, daughter of the Desmond Kellys had been elected to a State Office of Secretary-Treasurer, which will take her many places during the coming year.

BOARD OF TRUSTEES OF MORSE SCHOOLS APPROVED A BUDGET OF INCREASED FUNDS

The Morse Independent School District Board approved a budget that will provide an additional teacher, build a new classroom and furniture, light the football field, allow repairs to teacherages, school building parking lots, and improve the library and facilities.

The budget for the 1964-1965 year will be \$137,856.00 This compares to the budget for the past year of \$119,745.00.

Two teachers submitted their resignations and they were accepted by the board. Resigning were Mrs. Clella Schmidt, first and second grade teacher and Miss Nellie McWhirter, high school math teacher. The school is now seeking three elementary teachers, a band instructor and a math teacher.

Mr. and Mrs. B.J. Renner

Glenda Green and B. J. Renner United in Marriage

The marriage of Miss Green, daughter of Mr. and Mrs. R.C. Green, to B.J. Renner, son of Mr. and Mrs. B.W. Renner was solemnized Thursday June

25th at 7:00 p.m. in the Gruver Church of Christ. The double ring ceremony was performed by John Alley, brother-in-law of the bride of Springfield,

Missouri. Before an attractive altar adorned with two tapered candleabras bearing white candles and an ivy chain held by two

white satin bows and intermingled with tiny white roses the couple pledged their wedding vows.

Mr. Euline Green, brother of the bride, presented the vocal solos of "It's a Wonderful Thing To Be Loved", "True Love" and "The Lord's Prayer." The traditional wedding march of "T. Oberlin in Bridal Song" by R. Wagner and the recessional "Bourree" by G.F. Handel were played on the recorder by Joel and Adeline Wheeler, brother-in-law and sister of the bride. The music was presented on instruments from the Renaissance and Baroque Periods.

Escorted and given in marriage by her father the bride was attired in a white wool suit styled with a high rounded neckline and sleeveless. She wore a cameo to accent her attire. Her veil was scalloped and fell shoulder length. She carried a single rose atop a Bible and also followed the customary tradition of something old, something new, something borrowed and something blue.

Attending the bride was Mrs. Bob Holwick, matron of honor, of McLain. She wore a yellow embroidered two piece dress and carried a white long stem rose.

Best man was Joe Perkins of Tuscon, Arizona. Usher was John Underwood of Dallas Texas.

As the couple were pronounced man and wife the bride sang "Whither Thou Goest" to her husband, and the recessional followed.

For her daughter's wedding Mrs. Green chose a dress of light blue silk with matching feather hat. Black accessories complimented her dress and a white rose corsage completed her attire. The groom's mother chose a two piece green silk ensemble

with white hat and black accessories. A white rose corsage completed her attire, also.

The guests were registered by Glenna Davis of Farwell, New Mexico.

Following the wedding a reception followed at the Memorial Building. The table was laid with a beige lace cloth, a gift of Glenda's school students of Spain. A red linen cloth reflected through the lace cloth. The centerpiece was of red roses held by a white vase bearing two miniature cupids. A silver punch service with matching silver cups from Spain adorned the table as did the three tiered wedding cake which was a fruit cake bore the rings to

match that of the bride's and groom's. The groom's cake bore B.J.'s brand atop. Two silver candleabras held white candles and were also from Spain. The sterling silver and engraved napkins completed the table decor. Serving the punch was Glenna Davis of Farwell, Texas. Cutting and serving the cake were sisters-in-law of the bride and sisters, Virginia Alley, Betty Green, Adeline Wheeler and Elene Green. Also serving were the bride's nieces, Karen Wheeler, Kay Wheeler, Becky Alley and Genna Green. The aunts of the bride also assisted, Mrs. A.R. Henderson and Mrs. Pauline Winger. Also assisting with the reception were Mrs. Marie Bell and Glenda and Mrs. Nell Finney.

The couple left on their wedding trip to Jacksonhole, Wyoming following the reception. The bride wore her bridal suit for the trip.

Glenda is a graduate of Gruver High School and Abilene Christian College of Abilene. She has been teaching in the United States for eight years. The past year she has made her home in Spain where she

taught on a military base.

B.J. is also a graduate of Gruver High School and Abilene Christian College in Abilene. He has been engaged in farming since completing college. The couple will be at home in Gruver where the groom will continue farming and the bride will teach in the Junior High of the Gruver Schools.

Out of town guests for the occasion included: Mrs. Edith Odom and Mrs. Theron Conner of Denison, Texas, Mrs. Sam Blackwell and children of Columbus, Ohio, Mrs. David Mitchel and son of Lewiston, New York, Mr. and Mrs. Elmer Adcock of Kress, Texas, Mr. and Mrs. Joel Wheeler and family of Washington D.C., Mr. and Mrs. John Alley and family of Springfield, Missouri, Mr. and Mrs. Winson Heath and family of Bartlesville, Mr. and Mrs. Lester Renner and Mr. and Mrs. Elmer Renner of Amarillo, Mr. and Mrs. Otto Harland and Judy and Mrs. Paul Harland and children of Texhoma, the Ken Lovetts of Amarillo, Mr. and Mrs. Ray Lunn and Nat of Wichita Falls, Texas, Mr. and Mrs. J.O. Wilburn of Canadian, Texas, Mr. and Mrs. Karl Stehwein, of Albuquerque, New Mexico Mr. and Mrs. M.P. Harbour and children of St Innett, Mr. and Mrs. Joe Battenhorst of Bushland, Mrs. Dell Ray Gammon of Fort Worth, Texas, Mrs. Van W. Witt and Mr. and Mrs. Lowell M. Smith of Roswell, New Mexico, John Underwood of Dallas, Joe B. Perkins of Tuscon, Arizona, Glenna Davis of Farwell, Texas, Mr. and Mrs. Bob Holwick of McLain, Mrs. Bob Rasor of Miami, Oklahoma, Mr. and Mrs. R.C. HOMEMAKING NOTES

by Linda Webb, H.D. Agent

With our Independence Day so near at hand, I thought that this week I should give a few lines to our "Star-Spangled Banner." Many families own flags which they proudly display on many special days during the year.

What many of you may not know, is that it is respectful and legal to launder "Old Glory" when it becomes soiled. Of course, the flag should never be displayed so it is needlessly exposed to dirt. If it does become soiled with dust and grime that float in the air, you should launder it carefully so you can keep a clean, bright flag flying.

Fortunately, most flags are made of washable fabrics such as cotton sheeting, cotton bunting, wool, nylon, or a nylon and wool blend called "nylanin".

First, pre-treat soiled edges and spots by scrubbing lightly with a soft brush dipped into thick soap or detergent suds. If it is labeled as machine washable follow printed directions. Otherwise, squeeze the entire flag through warm water and abundant suds in a deep tub or bath tub. Never twist, wring, or rub the fabric against itself. Rinse well using cool water at the end, and extract excess moisture. Next, hang the flag on the clothes line as correctly as for display.

When it is almost dry, press the flag lightly on the wrong side with a moderately hot iron, using straight strokes parallel to the stripes. If the stars are applied, pad the board with a towel under the blue field. Fold the flag loosely and store it as required by official government regulations, where it can't be easily torn soiled or damaged.

Many families will be cooking outdoors over this holiday weekend. There are many specials and features on quick-cooking cuts of meat as well as those designed especially for the outdoor grill.

Beef and chicken are still competing strongly for your meat dollars, and you will see features on these for

weeks to come.

Since supplies are large and competition is keen, even tender steaks are featured at lower-than-last year's prices. Take advantage of this beef bonanza while it lasts. The demand will go up as more people want steaks for grilling.

And a warm-weather hint: soap and water make a right smart pair for helping you keep cool when the temperature soars. Bathing two or three times a day, if you can find the time, helps you cool off and relax more than you might realize. Try this simple and easy prescription for coping with the heat.

Several major supermarket chains are reluctantly making plans to issue scrip in an effort to overcome a worsening coin shortage, according to an article in the June 8 issue of Wall Street Journal.

Housewives may soon be paying for their groceries with red, blue, or orange bits of paper, along with the familiar green U.S. currency. The chain stores are planning to issue scrip in amounts less than \$1 to help ease the coin shortage.

The scrip would simply be pieces of paper—in denominations of 1, 5, and 10 cents—which would be redeemable in currency, coin in dollar amounts, or goods. It would be backed by the good faith of the issuer. A major tea company, with 350 stores in the Midwest and New England, already has approved a design and is now printing what it hopes will be several weeks' supply of scrip. They plan to issue the scrip in September—unless something happens between now and then to ease the coin shortage.

Supermarket Chains have been forced into making plans for scrip because they have been hit the hardest by the coin shortage, their executives claim. Food stores are a major user of coins because of a large volume of sales involving small amounts and because they cash millions of pay checks for Americans each

week.

While U.S. Treasury rules explicitly prohibit private individuals from issuing any "note, check, memorandum, token or other obligation for a sum less than \$1 intended to circulate as money," food chain attorneys believe the scrip would be legal because it would not be intended for general circulation. To back up their case for scrip, they call attention to the cents-off coupon and the trading stamp.

The modern ham steak—lean, milder and pre-cooked—has become the ideal meat for barbecuing. Special flavor is attained by marinating the steak in tingly, citrus sauce for several hours before cooking, then using the marinade to baste the ham while it sizzles over the coals.

For really carefree cooking, select a canned ham for grilling. Simply slice the meat into steaks about 1/2 inch thick and place them in the marinade for several hours or overnight.

When you're ready for the meal, place the steaks right on the grill over the glowing coals...but not too close. Canned hams are already fully-cooked. Baste the meat once or twice with a little of the 7-up sauce, and turn the ham steaks just once.

California Marinated Ham Steaks

- 1 can (6-ounce) frozen orange juice concentrate, thawed
- 1/4 c. brown sugar
- 1/2 tsp. allspice
- 1 tsp Worcestershire sauce
- 1 bot (7 oz) 7-Up
- Canned ham steaks, cut 1/2 inch thick.

Combine orange juice, sugar, allspice, Worcestershire sauce and 7-Up. Place in shallow dish. Add ham steaks, spooning sauce over steaks. Place in refrigerator for several hours or overnight.

Remove steaks from marinade and place on grill over glowing coals. Brush once or twice with 7-Up sauce during cooking. Turn once. Cook just until heated thoroughly and lightly brown.

TO THE EDITOR OF THE GRUBER PAPER:

I have been a resident in Gruber less than a year. In that short time I have met many hard-working, town-loving citizens of this community. I have been extremely happy here until summer came. I had laughed along with the rest of the population when I saw the "fly cartoons." But now I realize it is no longer a laughing matter. It is quite serious.

The citizens have been warned of the disaster that struck to the South of us. What will divert that disaster from striking here? We have more irrigation which draws more and larger mosquitos.

I am the mother of two small girls. I love my children and wish to protect them from harm when it is reasonably in my power to do so. My neighbors have children and I'm sure they feel as I do.

It is time something was done about the insect menace that faces our community. Something must be done before an innocent child is stricken and maybe taken from his family. It is up to the citizens of this community to act now before it is too late. Plainview waited too long. Gruber is far too active to let the danger handicap the children of the community.

I hope this letter has not been too demanding. It is a mother's plea for the safety of her family.

Mrs. Don Peddy

Housewife and Teacher in Gruber Public School System

Baptist News

The First Baptist Church is working to secure a Music and Educational Director. The committee has been selected to secure the staff member. On the committee are Dale and Patsy Harris, L.W. and Mary Ayres, and James and Ann Dorman. They will proceed at once in securing the other staff member for the church.

The Intermediate G.A.'s will leave for the G.A. Encampment at Amarillo Monday July 6th. They will Gruber from the church at 2:30 p.m. in Amarillo. The group will return to Gruber Thursday evening. All girls between 13 and 17 are invited to make the trip. Transportation will be furnished by the church.

A new feature has been added to Prayer Meeting, all teachers and officers of Sunday School are invited to come and study the Sunday School lesson from 7:00 to 7:45 p.m. each Wednesday.

Prayer meeting begins at 8:00 and currently the pastor is directing an Exegetical Study of the favorite Psalms. About 100 were in attendance last Wednesday, everyone is invited to join and study the Book of Psalms.

There will be an after-church fellowship Sunday night for all Intermediates and Young People after the evening Service July 6th. Last Sunday night there were twenty seven Juniors present for the fellowship after church and everyone had an enjoyable time.

PARIS — French power plant builders will tour plants in Siberia.

Barnes on Board

The Newman Memorial Hospital of Shattuck Oklahoma is beginning expansion as well as modernizing following the fire in September of 1963.

Contributions may be made toward this hospital's construction and expansion. By the time it is completed the hospital will be completely new and have all new buildings.

Gruber has one citizen on the Board of Directors being Eugene (Pete) Barnes.

Two other Hansford County citizens on the Board are Bruce Sheets and Joe Day of Spearman.

Many residents of Gruber as well as Hansford County use the facilities offered by the hospital in Shattuck. G.W. Shultz is General chairman of the Newman Memorial Fund. All donations to this fund should be sent to the Newman Memorial Hospital, Inc., Shattuck, Oklahoma. Any amounts should be made payable to the Dr. Floyd S. Newman Memorial Fund and will be income tax deductible.

At the urging of the former patients and friends of the late Dr. Floyd S. Newman, the Board of Directors of the Newman Memorial Hospital, Inc. has created this special fund to establish a memorial to the late Dr. Newman. As to the extent of the Memorial it will depend solely on the amount of contributions. It is hoped that the contributions will be sufficient to dedicate a portion of hospital

ATTENTION MR. IRRIGATION FARMER

Starting immediately you can buy Chrysler Engines direct from your factory authorized dealer at wholesale prices. We are cutting out the middle man and therefore saving money on every purchase.

We will also give liberal discounts on all Chrysler Industrial Engine Parts enabling you to buy genuine factory authorized parts at dealer's prices. As you know the Chrysler H.T.413 is the workhouse of this irrigation district and we are out to sell these engines in volume.

We have been your Chrysler Industrial dealer for the past 14 years and hope that we may serve you many more years. Come in and talk to us about one of these engines. You will be happy you did.

We are referring to the industrial Engine and not a re-manufactured car engine, as we want to give you the best quality you can buy for the least amount of money.

HIGHLIGHTS FROM THE PAST TO THE PRESENT
con't from p. 1

lamps. The family butchered their own meat and had their own garden and it is always remembered how Mrs. Thompson would churn her own butter and make the family's bread supply.

Mr. Charlie Thompson died on January 2, 1944 and Mrs. Thompson has made her home in the Kimball Community since his death living by herself.

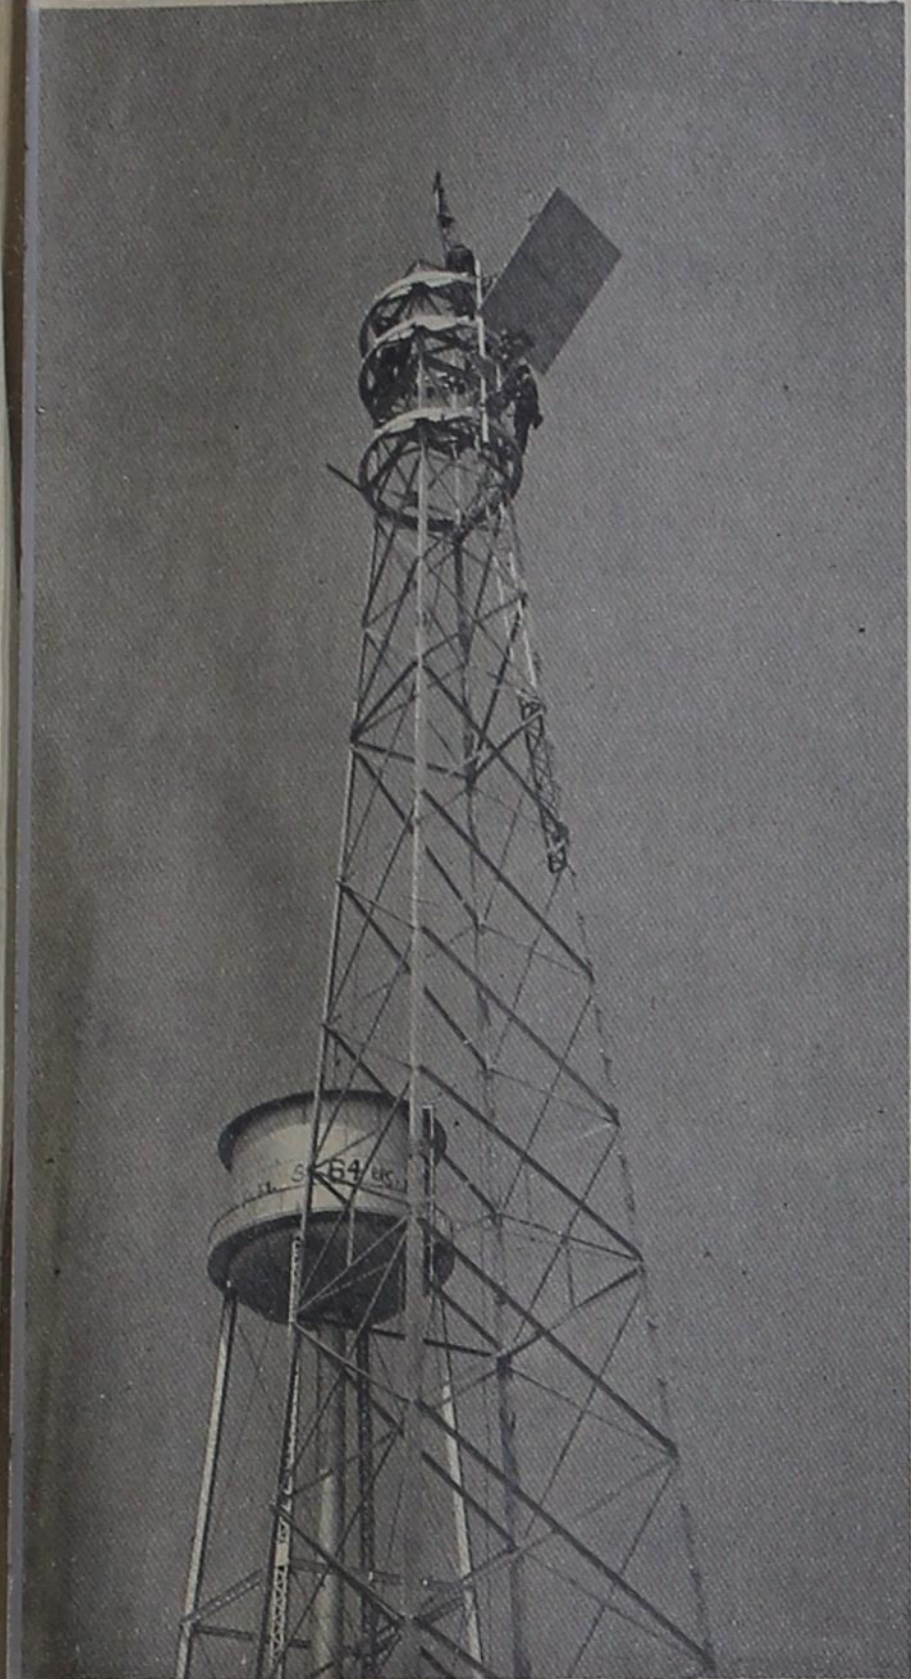

The children have married and Mrs. Thompson has thirty-eight grandchildren and fifty-five great grandchildren. Elvira married Roma Tomlinson and they had seven children, six of whom are living. Mable Ruth married Dr. Hancock and the couple had one child. Mable Ruth died in 1923. Ethel Pearl married Earl Johnson of Nashville, Tennessee and they have three children and make their home in Perryton. Beulah married Eldon Ballinger and they had three children. Eldon died and she later married, Emil Steffen and has two other

children and the family makes their home in Hardesty. Jo Blanche married Robert Girouard and they have three children and make their home in Pampa. Mildred married Lee Gre and they had four children. Mildred died in 1946. Charlie married Tina Lee Cauldie and this couple have four children and make their home in Amarillo. Rose married W.A. Bratton and they have five children and make their home in Gruver. Dolly married Harley Winters who was killed in the war. They had two children. She later married Val Henson of Wichita, Kansas and the couple have one other child.

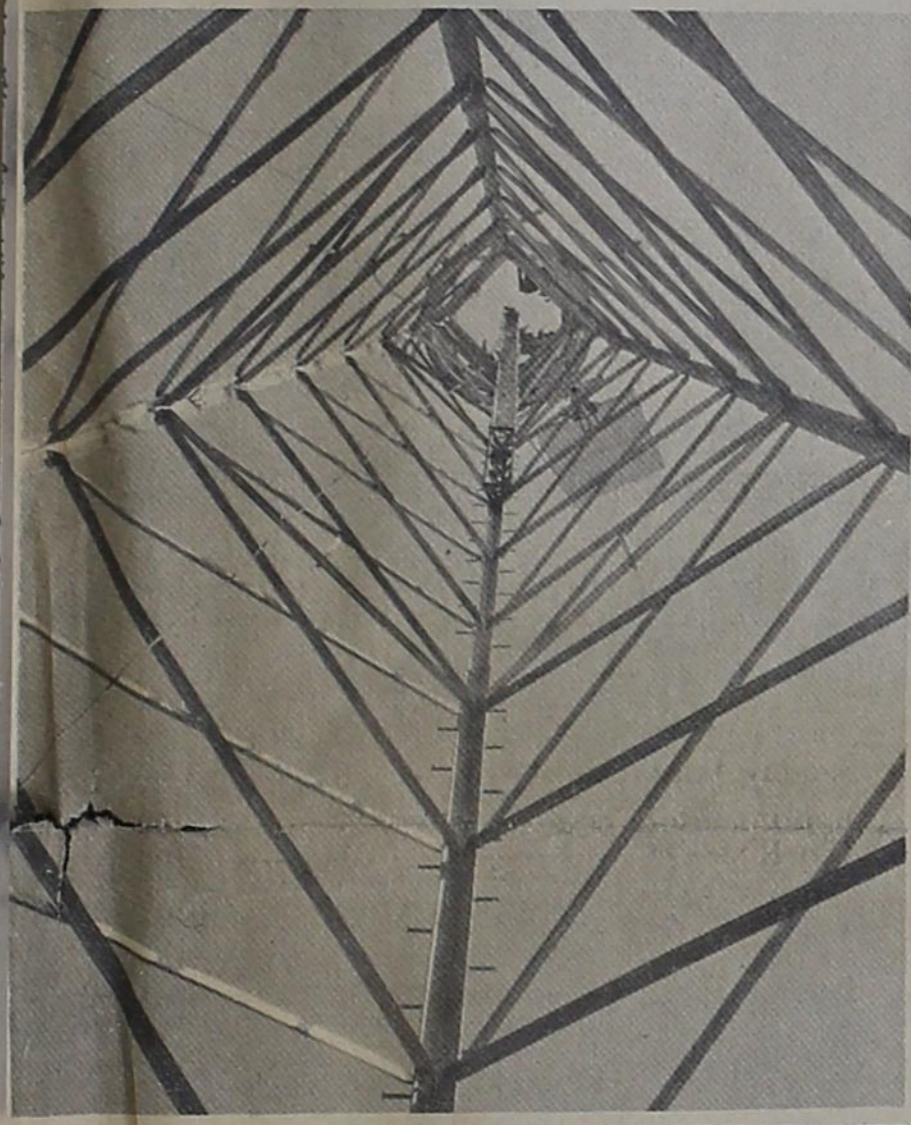

Throughout the past year and a half we visited in many homes, with some small families while others had quite large families. With the time hard and new frontiers to open, it is quite remarkable how families such as the Thompsons struggled and strived to make their family one of the prominent Hansford County families of today. Again we realize how fortunate we should be for our pioneer families.

Early glimpse of Gruver's Main Street.

Built before realization was the new Micro Wave tower constructed by Southwestern Bell Telephone Company. It will better the service and is one of five such constructions in the North Plains Area.

IN THE GRUVER
con't from p. 1

It keeps the dogs healthy and the money goes back into circulation where we all have another shot at it. We suppose that the same thing is true in regard to the money spent on people.

No one especially likes inflation and government debt, but if money became as scarce now as it did about 35 years ago, how long would it take a hood like Jimmy Hoffa to take over this country. We would have 10 times more unemployed people now compared to then.

from the REFEREE of the GUYMON DAILY NEWS

The average Texas county worker has been bettering his economic position in recent years.

Even though his cost of living has been going up, his income has been moved upward at a faster rate.

Without putting in any more effort than he did ten years ago, in terms of hours of labor, he finds he can live more luxuriously than he did then.

The increase of his income has more than made up for the increase in his living costs.

The average working man in Texas county now earns enough in only 19 minutes on the job, for example, to buy a pound of coffee or a pound of bacon. Ten years ago they would have involved considerably more working time.

By putting in 30 minutes of labor he is able to buy a pound of round steak. He can get an automobile tire (670x15) with the proceeds of some eleven hours of work.

The changes that have taken place throughout the United States and the comparison of present-day worktimes with those of 1953 are reported by the National Industrial Conference Board and by the Bureau of Labor Statistics.

Some idea of the extent of this change is brought out in figures, which show the amount of time that the average American worker must put in to buy various consumer items.

A dozen eggs, Grade A, requires 13 minutes of work a day, compared with twenty-six minutes ten years ago.

A pair of nylon stockings takes twenty-three minutes, as against thirty-seven previously.

A medium price man's wool suit, formerly a twenty-seven and one half hour item, can now be bought with just twenty hours of work.

The reports reveal, also, the wide gap that still exists between buying power of the American worker and that of his counterparts in other countries.

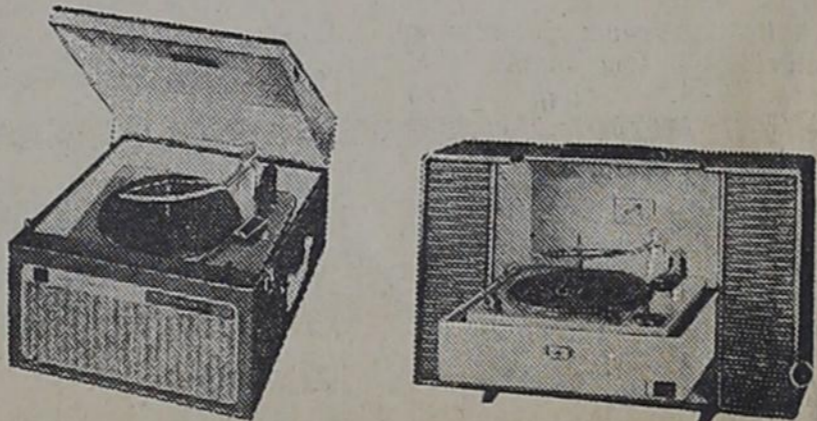

The loaf of bread that a factory worker in this country is able to buy after only five minutes on the job requires eleven minutes in Paris or West Berlin, nineteen minutes in Tokyo, twenty-four minutes in Madrid and thirty-six minutes in Moscow.

In the last decade it is shown, the cost of living has advanced about fourteen percent in the United States.

This rise has been more than offset in Texas county by the increase in percapita income.
