### Peggy Brunson Is Injured In Fall From Horse

Miss Peggy Brunson, daughter of Mr. and Mrs. Leron Brunson, was seriously injured Monday in a fall from a horse that she was riding. Peggy has just returned home from completing a course of secretarial work at Central Airlines in Kansas City, Mo.

She received a concussion from the fall and the latest reports indicate that she is still not feeling too good.

### DOMINGO GARCIA, INFANT SON OF MR. & MRS. FRANK GARCIA BURIED HERE WEDNESDAY

Graveside funeral rites were held Wednesday morning at 10:00 for Domingo Garcia, 11-month old son of Mr. and Mrs. Frank Garcia, residents of the Labor Camp here.

The child died at Stanley Clinic at Matador at 4:00 A. M. Tuesday two hours after entering the hospital.

Domingo Garcia was born at Robstown, Texas October 18, 1959. Last rites were conducted by Mr. Bill Griffin of Roberts Funeral home.

Interment was in Quitaque Cemetery under direction of Roberts Funeral Home.

### FRANK CADE DIES AT FORT WORTH

Frank Cade, son-in-law of Mr. and Mrs. C. H. Hammer, passed away at Fort Worth Tuesday evening at 6:00. Mr. and Mrs. Pete Clark took Mrs. Hammer to the funeral, which was held in the Presbyterian Church at a cemetery near Fort Worth, Thursday afternoon.

### COLLEGE YOUNG PEOPLE HOME FOR WEEK-END

The following young people from college spent the week-end at home: Bennie Reagan and Lynn McDonald from Howard Payne; Mary Ann Lucero and Bettie Monk from Draughtons at Lubbock; Melvin Carter from South Plains Junior College at Levelland; and Billie Jean Woods from Draughtons at Amarillo.

### Homer W. White, Sr. Buried In Georgia

Mr. Homer William White, Sr., of 106 Marchman Street, Bremen, Ga., passed away at his residence last Thursday morning, September 22, 1960 after an extended illness.

Mr. White was born in Troup County, Ga., April 7, 1878, the son of the late Josephine Patterson White and William Henry White. He was a retired farmer, a member and Deacon of the First Baptist Church in Bremen, a member of the Masons and Royal Arch. He was married to the former Betty Lou Witcher November 17, 1899.

In addition to his wife, he is survived by six daughters, Mrs. Lillie Mae Jones, Mrs. Ralph Parrish, and Mrs. Wade Cartwright, Bremen, Ga.; Mrs. C. A. Walls, Roopville, Ga.; Mrs. H. S. Pate and Mrs. Lee Shaddrix, Carrollton, Ga.; five sons, H. W. White, Jr., Hulet H. White of Bremen; J. B. White, Roopville; Pierce White, Quitaque, Texas, and Glen White, Cedartown, Ga.; two sisters, Mrs. Clarence Jackson, Lagrange, Ga., and Mrs. Maggie Richardson, Thomaston, Ga.; one brother, A. J. White of Franklin, Ga.; 25 grandchildren and 21 great-grandchildren. One daughter, Mrs. A. L. Walls, preceded him in death in 1928 and two sons, W. D., who died in infancy and Hubert at the age of 8 months.

Funeral services were conducted Friday morning, September 23, at 11 o'clock from the First Baptist Church in Bremen with Dr. Grover Tyner, Rev. Richard Bolin, and Rev. Tim W. Holbrook officiating. The remains lay in state from 10 o'clock until 11 o'clock, then were carried to Antioch Baptist Church in Heard County. Funeral services were conducted at 2 o'clock there with Dr. Tyner, Rev. Guy Rogers, and Rev. Lovic Hunter officiating. The remains lay in state at the Antioch church from 1 until 2 o'clock.

Interment was in Antioch Cemetery. Grandsons served as active pallbearers and Deacons of the First Baptist Church in Bremen were Honorary pallbearers.

Hightower Funeral Home of Bremen had charge of the arrangements.

### Briscoe County To Have New County Agent Next Month

Clarence D. Kerns will move to Briscoe County and assume the duties of County Agent around the 10th of October, it was announced this week.

Mr. Kerns at the present time is assistant County Agent of Terry (Brownfield) County, and it will take him some time to wind up his duties there.

Mr. Kerns is a native of the high plains, having been reared at Stinnett and Dalhart. He is a graduate of Texas A & M College, is married and the father of two children.

Mr. Kerns will fill the vacancy created when Robert Ledbetter, County Agent for Briscoe County for the past several years, recently went into private business.

### PARSONAGE FUND-RAISING CAMPAIGN HALF WAY TO GOAL

One week ago this past Sunday the Methodist Church began a campaign to raise \$7,500.00 in cash and pledges toward the construction of a new parsonage. This is half the anticipated cost. M. L. Roberson, the treasurer for this fund, gave the first progress report last Sunday. A little over \$4000.00 in cash and pledges had been turned in. Less than one-third of the families of the church had turned in pledges by then.

It is hoped that by this Sunday most of the \$7,500.00 goal will have been reached. There has been greatly appreciated gifts from friends of the church.

Those wishing to turn in their pledges during the week are invited to leave them with M. L. Roberson at his store. Pledges can be made for as long a period of time as a year.

### TWO MORE OF LAST YEAR'S GRADUATES IN COLLEGE

Two more of last year's graduates are attending college.

Herbert Dudley and Dale Cates are attending Banker's College at Lubbock. Both boys are working in the bank at Lockney and are attending school at night.

Mr. and Mrs. J. T. Bradley were in Matador Monday for medical treatment.

### P-TA PROJECT FOR THIS YEAR IS FEEDING LIONS CLUB

The Parent-Teacher Association of the Quitaque Schools has once again selected for its project for the coming year the task of feeding the Lions at the Club's regular meetings.

This was the Association's project last year, also.

The profits realized from the P-TA projects each year are given alternately to the Grade School and the High School for the purchase of something that is needed. This year's profits will go to the High School. What the money will be used for is not yet known.

The following is a calendar of meetings for the Lion's Club for the school year and the P-TA committees that will have charge of preparing that evening's meal:

Mr. and Mrs. A. D. Monk spent Saturday night with her brother, Mr. and Mrs. Jim Gibson in Levelland.

The Watershed Survey Crew will be in Quitaque Thursday and will meet with the Board of Directors of The Kent Creek Watershed.

The purpose of the meeting is to discuss plans for actual survey work, which is due to get under way in about two weeks.

Among other interested parties to be present at the meeting will be the Hall County Commissioners. A full report of the meeting can be found in next week's issue of the Tribune.

### SISTER OF MR. ACE MONK BURIED AT LITTLEFIELD

Mrs. Gertie Weatherly, a sister of Mr. Ace Monk, passed away Thursday evening at 7:00 in the Littlefield Hospital. Funeral services were held at Spade and burial was in the Littlefield Cemetery.

### C. H. HAMMER'S HAVE A NEW GRANDDAUGHTER

Mr. and Mrs. Gerald Imel of Silverton have a new daughter, born September 21, and weighed 6 pounds and 6 ounces. The young lady has been named Debra Jo. Grandparents are Mr. and Mrs. C. H. Hammer.

### WORLD'S LARGEST STEER TO BE SHOWN AT LUBBOCK FAIR

The World's largest steer weighing 3140 pounds will be a special exhibit at the Panhandle South Plains Fair, Cimarron, known as a Brahmalo is a cross between a Brahma cow and a Buffalo bull. This animal is owned by Mr. and Mrs. R. L. Davis of Scottsdale, Arizona, and is the only such hybrid in existence. Cimarron is 20 years old, stands six feet tall and is ten feet long. His 18 inch horns are 6 inches in diameter at the base. It takes five gallons of oats and a bale of hay each day to serve his appetite and in addition, he begs candy, soda water and other goodies from the spectators.

Even though this sounds like a lot of bull—Cimarron will be there for all Fair visitors to see with their own eyes for a small admission charge.

He was born near Amarillo at the Circle D Ranch in Colony, Okla. The Davises say that he is a docile beast and they have been showing him at state and county fairs since he was nine years old.

The Panhandle South Plains Fair including many other attractions, such as Ice Capades, I. Q. Zoo, Children's Barnyard, Louisiana Hayride and many other features will run from September 26, through October 1.

Wednesday, James C. Holman, pastor of the Methodist Church, attended a called session of the Northwest Texas Annual Conference in Lubbock. Wednesday night there was a great evangelistic Rally in Lubbock Municipal Auditorium, with Bishop Arthur J. Moore as the speaker. The church choir of the churches of Lubbock combined to make one mighty chorus for the rally.

Mr. and Mrs. O. V. Johnson and Mr. and Mrs. L. E. Monk visited Mr. and Mrs. Hubert Brooks in Amarillo at the hospital Monday. They report the baby to be improving.

Mr. and Mrs. Elmer Vines of Brice were visiting in Quitaque Tuesday with Mr. and Mrs. Perry Vines.

The 1961 Ford Falcon, most successful new car in history, features a new convex-shaped aluminum grille and new optional, 101-horsepower engine, but preserves the styling, maneuverability, interior roominess and 23.7-cubic-foot luggage capacity of the 1960 model. Shown above is the 1961 Falcon Fordor Sedan. Continuing its proven economy reputation, the 1961 Falcon will deliver up to 30 miles per gallon on regular grade fuel, goes 4,000 miles between oil changes, and introduces new and longer lasting bright trim and underbody parts, including a double-wrapped aluminized muffler.

### BOOST COTTON PROFITS WITH FERTILIZER

College Station, Sept. 28.—Cotton farmers all over the state are looking for ways to make more profits from their crops. Dr. William F. Bennett, extension soil chemist, says fertilizer may be the answer. In every part of Texas, fertilizers are adding extra dollars to cotton income by increasing acre yields and lowering unit costs.

Perhaps you are already using fertilizer and it is not living up to expectations. In this case, you may be using the wrong kind of fertilizer, or you may not be putting it to where the crop can use it to the

**IT IS TIME -**  
 to get your Fall clothes, drapes,  
 etc. cleaned up for Fall.

**Quitaque Cleaners**

best advantage. Another common fault is simply not applying enough fertilizer.

There are several points to consider after you have decided to apply fertilizer, Dr. Bennett continues. Your soil may not need the same nutrients as your neighbor's. Different crop rotations, different locations and different compositions all affect the fertilizer needs of soil. Dr. Bennett says that soil testing is the best way to determine the needs of your soil—it is not the final answer, but it is a valuable guide.

Most farmers know the three primary plant foods—nitrogen, phosphorus and potassium—but how many know what each of these does for a crop? Nitrogen gives plants a dark green color. It makes the crop grow off fast and it increases yield of lint and seed. Phosphorus, in addition to stimulating early root growth, stimulates blooming, aids in seed formation and hastens maturity. Potassium gives plants more vigor, aids in disease resistance and stiffens the stalks.

All of this talk about cotton fertilization may seem strange to you at this time of the year. Fall has

come to mean fertilizing time to an increasing number of growers on loam, clay loams and clay soils, explains Dr. Bennett. When the fertilizer is put out early it doesn't slow down planting when the moisture situation may be critical, and it insures that the nutrients will be where they are needed when they are needed.

If you are not getting the cotton crops that you think you should, whether you are fertilizing or not, consult your county agent. He can offer you valuable information and suggestions that may mean money in your pocket, Dr. Bennett concludes.

A guy with a few drinks may become ten feet tall behind the wheel of a car, but he will fit in a 6-foot box.

A few cocktails reduce sight like wearing dark glasses at night.

The hand that lifts the cup that cheers,  
 Is NOT the hand that should shift gears!

Mrs. Maudie Marler, our regular correspondent for the Flomot news is ill, and Mrs. L. B. Turner is sending in the news for us. We appreciate this very much.

#### FLOMOT HD CLUB HAS VERY INTERESTING MEETING

The climax of the activities of the Flomot Home Demonstration Club meeting Wednesday afternoon was the election of officers for 1967.

The Club met in the basement of the Methodist Church for a Workshop of Shoe Covering, at 10 A. M. Mrs. Mae Struve and Mrs. Elsie McWilliams of Hale Center were the Instructors and Demonstrators.

Eighteen women attended the morning session, each bringing a

Mrs. Marie Havenhill, the for-covered dish, which provided the abundant meal.

mer Marie Turner of Flomot now living at Hale Center, was a guest, coming with the instructors. She enjoyed the day's Workshop and also renewing old acquaintances.

Mrs. Boone McCracken, her mother Mrs. W. J. Carter, and Miss Mary Ellen McCracken of the Gasoline community attended the meeting and brought a covered dish. Mrs. M. T. Gilbert of Anson and Mrs. Mary Blackshire were also guests.

Others who attended all day or part of the day were Mesdames Gordie Washington, L. B. Turner, Sam Ross, O. D. Calvert, Razz Ware, Doyle Calvert, Joe Degan, C. C. Jones, Alfred Martin, Ralph Stapleton, Ike Gilbert, Harmon Moseley, J. H. George, Bernice Gates, W. T. Ross, Leon Cloyd, Howard Rogers, and G. D. Pope.

Several pairs of shoes were attractively covered. The materials used were brocaded materials, suiting and silk prints. The Hale Center women finished their instructions and departed after hearing the report of Mrs. Doyle Calvert on her trip to the Texas Convention at Brownsville.

At the business session the club voted to send a gift and floral piece to Mrs. Maudie Marler, who is ill at the home of her son, Harold Marler, at 415 W. Central St. in Amarillo.

The following officers were elected:

President, Mrs. Wilburn Martin; Vice-president, Mrs. Ray Cruse; Secretary-Treasurer, Mrs. Jesse Browning; Council Delegate, Mrs. O. D. Calvert, and reelected Reporter, Mrs. L. B. Turner.

Mrs. Calvert, who made the trip to the State Convention on a District-3 chartered bus, gave such an interesting report that the other members felt that they had been along with her. She told of their sight-seeing tour of San Antonio and their over-night stay there. At the Convention Mrs. Calvert attended two workshops: Citizenship aid 4-H. She brought home typed reports that were passed out for other members to read.

The next meeting of the Club will be October 14, at 2:30 at the School Lunch Room.

Mr. and Mrs. Richard Nall and family of Weatherford visited her parents, Mr. and Mrs. C. C. Jones recently. Their youngest son stayed for a week's visit with his grandparents.

Mr. and Mrs. L. D. Bilberry and Rev. and Mrs. Edd Spivey were in Lubbock Tuesday. While the

WITH WORK-PROVED INDEPENDENT FRONT SUSPENSION!

Chevy's '61 fleet swings in with a ready-made reputation as the trucks that are worth more because they work more... the latest editions of the haulers that scrapped the I-beam axle and proved the important advantages of independent front suspension!

You'll find new models for '61—long-wheelbase 4-wheel drive units—and thoughtful refinements throughout the line. But the big news for '61 is nailed-down proof (based on owner reports) that Chevy's torsion-spring design is the best thing that's happened to trucks in decades!

With Chevy's independent front suspension and Sturdi-Bilt design, you cruise over trails where other trucks creep. You feel the difference in less wheel fight and vibration. You can see why drivers are happier, why loads are better protected and why the truck itself will stand up to thousands of miles of more work. That goes for any size Chevy, too—pickups, tilt cabs, tandems, all of them.

Check the latest specs with your Chevrolet dealer: capacity, power teams, options. Then, by all means, drive a '61. Once around the block and you'll never be satisfied with a front axle truck again!

WORTH MORE BECAUSE THEY WORK MORE!

The pleasure of newly painted property is sometimes marred by early paint failure. Frequently this is neither the cause of the paint, nor the painter. Several simple rules applicable to the painting on wooden surfaces will usually assure satisfactory results.

1. The proper type and quality of paint should be used for the specific job.
2. Manufacturers instructions relating to preparing the painting surface, mixing the paint, prime coats, and methods of application should be carefully followed.
3. Painting is undesirable during temperatures under 40 degrees or over 90 degrees. A wrinkled sur-

face generally occurs.

4. Repainting should be done before the old paint has worn sufficiently to expose the wood surface.

5. Do not paint too frequently. The paint film becomes excessively thick and brittle, and cracks and peels easily. A good paint job should give satisfactory service for 4 to 6 years.

6. If paint is applied scantily by brushing on too thin a film or by using excessive paint thinner, the paint will chalk or wear off early.

7. If paint is applied too generously, it will present a wrinkled wavy appearance.

8. The surface to be painted should be smooth and free of dust, dirt, mildew and loose flaky paint.

9. Do not paint moist surfaces, nor dry surfaces in damp weather.

Dew, frost, or other moisture under a paint film causes blistering and eventual peeling.

**METHODIST STEWARDSHIP PROGRAM TO BEGIN SUNDAY**

The Fall Stewardship Program, emphasizing the total, broad, stewardship of life, will begin in First Methodist Church this Sunday morning with the teaching of stewardship lessons in the Church classes. The Senior Youth and Adult lesson theme will be "Stewardship for All of Life." Mrs. Ella Colvin is the General Chairman for the entire Fall Stewardship Program.

After a basket fellowship dinner together in the church fellowship hall distribution of the individual stewardship packets will begin. Most of those not present Sunday morning to receive their packets will have them delivered to their homes by visitors from the church. The packets contain information and a call for commitment in four areas of life; time, talents, possessions, and the tithe. There will be a place for the individual to record his decisions. Each member of the family old enough to be a member of the church will have his individual folder. The last Sunday morning of the emphasis, Nov. 13, the folders will be brought to the church and a service of dedication held at the altar.

Beginning October 23rd a series of four messages, one on each stewardship areas, will be brought by the pastor. Laymen will give five minute talks on the same theme upon which the pastor will speak.

**WORLD WIDE COMMUNION TO BE OBSERVED**

First Methodist Church will join with other churches around the world in observing World Wide Communion Sunday. The communicants will be asked to leave an offering at the communion altar rail which will be divided among three needs: Overseas Relief, Camp Activities, and Commission on Chaplains.

**WATCH FOR HAZARD TO PRE-SCHOOL CHILDREN AT HOME**

Parents who have greeted the starting of school with enthusiasm—and possibly relief—were cautioned to "keep their guard up" for hazards around the room that are a particular threat to younger children not yet old enough to attend school, by J. O. Musick, General Manager of the Texas Safety Association.

With cold weather not too far in the distance, Musick had particular words of caution about the threat of fire. "All heating units should be carefully checked for proper functioning and cleaned before putting into use," he said.

In the kitchen area, cooler weather inevitably brings hotter dishes and mothers should make certain that pot handles be turned away from the front of the stove. Homes using small gas heaters present extra threat to toddlers until they have been taught to respect them.

For the youngsters who are beginning to crawl, Musick reminded parents that these crawlers will poke and probe with their fingers. "Unused light sockets should be taped or capped and dangerous items should be moved from lower bureau drawers to shelves that are out of reach," he said.

Musick also urged homeowners to protect youngsters from falls, knives, guns, matches, and sharp instruments.

**King Rites Held Tues. At Silverton**

Funeral services for Mrs. Ben O. King, 67, former teacher and principal in the Silverton school system, were held at 3 P. M. Tuesday at the First Baptist Church. The Rev. G. A. Elrod, Baptist pastor, and the Rev. Frank Story,

pastor the the Methodist Church will officiate.

Mrs. King died at 6:55 A. M. Saturday in Swisher County Hospital in Tullia after an illness of 11 days. She was born March 30, 1893, in Vidla, Tenn. She and Ben O. King were married Oct. 14, 1918, in Sherman, Texas.

The couple came to Briscoe County in 1929.

Mrs. King taught for 12 years in the Silverton schools prior to her retirement. During that time, she served as school principal for six years.

Mrs. King was a member of the Christian Church. She was active in civic work and was a member of several community organizations.

Survivors include her husband; two brothers, Charles F. Denton of South Bay Fla., and Herman K. Denton of Galveston; a sister, Mrs. H. O. Mitchell of South Bay, Fla., and a number of nieces and nephews.

**RED RAIDERS TO TACKLE TEXAS UNIVERSITY SATURDAY**

LUBBOCK, Sept. 26—Texas Tech's Red Raiders, who pulled a mild surprise last week, try for a big one this Saturday night as they invade Austin to play the University of Texas Longhorns.

Ignoring the odds-makers' one-touchdown advantage for A&M, the Red Raiders twice forced the Aggies to come from behind to gain a 14-14 draw at College Station in their Southwest Conference inaugural last week. Although Coach De Witt Weaver and the Red Raiders were disappointed with the tie, the half-win recorded in the standings is more than most "experts" had picked for the Raiders' entire conference season.

Cutting down the two-touchdown edge the Longhorns have been given may be a stiffer problem. The defending co-champions, stung by a 14-13 loss to Nebraska in the opener, re-grouped to trounce University of Maryland on the East

Texas Tech players, praising the Aggies for hard but exceptionally clean play, came out of the bruising contest with no serious injuries. Also encouraging is the fact that Tech's No. 1 halfback, Fort Worth's Dan Gurley, may get to play for the first time this season.

After the Texas game the Red Raiders meet Texas Christian in Fort Worth before entertaining Baylor October 15.

**- HI-PLAINS HI-LIGHTS -**

Corn planted in early May had the highest average yields, while corn planted in late April had the lowest percentage of lodging (falling down) in the date of planting tests at the High Plains Research Foundation, Delbert Langford, Associate Agronomist, reported

this week.

The two varieties used in the tests were Northrup-King KT-6, representing the early maturing varieties, and Teras 30, representing the late maturing varieties. Each variety was planted on April 21, May 5, and May 20, and harvested September 8 and 19.

The acre yields produced by KT-6 for each planting date were 134 bushels for April 21; 148 bushels for May 5; and 132 bushels for May 20. The yields produced by Texas 30 were 173 bushels for April 21; 170 bushels for May 5; and 124 bushels for May 20.

Lodging percentages at harvest on KT-6 were 2 percent for April 21; 5.7 percent for May 5; and 8.5 percent for May 20. Lodging percentages for Texas 30 were 4.3 percent for April 21; 9.1 percent for

May 5; and 23 percent for May 20.

In summarizing the result of tests for the past three years, Mr. Langford said, "These tests indicate that early planting and early harvest can reduce corn production hazards and take advantage of early season rainfall. This procedure results in greater profits from corn production."
