### ACTION TO FORESTALL A RAIL TIE-UP

I had to read the papers to find out what happened during the civil rights march here last Wednesday. Those of you who witnessed the event on television were in a far better position than I to know what occurred. Where I spent the day—working in my office, in a meeting of the House Interior and Insular Affairs Committee, on the floor of the House of Representatives—there was little to indicate that anything beyond the ordinary was taking place in Washington. The demonstration was confined to the area generally bounded by the Washington Monument on the east and the Lincoln Memorial on the west. Here on Capitol Hill, more than a mile away, only the presence of a large contingent of Capitol Police served notice that the day of the much-publicized "march" had arrived. Wisely, the civil rights movement's leadership permitted only scattered delegations to visit the offices of Congressmen and Senators (although none came to my office) and an unusual weekday calm prevailed on the "Hill."

The problem facing the House on Wednesday had nothing to do with the civil rights march. Confronting us was the threat that unless we acted before the day ended the country would become embroiled in a nationwide railroad strike. The railroads had served notice that as of one minute after midnight they would impose a set of "work rules bitterly opposed by the railroad brotherhoods. And the brotherhoods adamantly insisted they would strike if the rules went into effect. In the impasse that had developed in more than four years of controversy, it was apparent that a railroad work stoppage would have a catastrophic effect on the nation's economy. It was up to Congress to do something.

Congress had delayed action in the hope that as the deadline approached the railroads and the brotherhoods would finally iron out their differences within the traditional framework of collective bargaining. I was among those who hoped fervently that a settlement between the disputants would remove the necessity for Congressional action. But it became increasingly apparent during August, as the House Commerce Committee of which I am a member and the Senate Commerce Committee

heard witnesses representing the railroads and the brotherhood and the government, that some action by the Congress was going to have to come if the country was to keep its vital rail network functioning.

Time finally ran out. The Commerce Committees of the House and Senate had determined the basic form the legislation should take. On Tuesday, the Senate (by a vote of 90 to 2) passed its version of a proposal to provide for a settlement of the dispute. Wednesday, the House passed what amounted to the same measure (by a vote of 286 to 66), and with less than six hours before the deadline the President added his signature to enact it.

None of us liked the idea that Congress should be used as a forum to settle an individual labor dispute. One of the objections raised against Congressional action in the matter was that any measure passed would constitute an order for "compulsory arbitration." It was said that Congress should avoid setting any precedent that might disrupt the long-established pattern of collective bargaining and bring future disputes before it for resolution. But the measure signed into law Wednesday actually provides for arbitration that the parties had already agreed to in principle; their dispute was not over the question of whether there would be arbitration, the dispute was over when the arbitration would occur. Future proposals for compulsory arbitration, as Chairman Oren Harris of the Commerce Committee told the House "are likely to involve both the question of 'whether there shall be arbitration' and when shall arbitration occur." Congressman Harris said, "This resolution is only a precedent with respect to the latter question, since the parties to the dispute had already agreed among themselves upon the answer to the first, and most crucial of these two questions."

Congress thus called for binding arbitration of the two major issues in the controversy. The two big questions are over the 32,500 firemen's jobs on freight and yard diesels, jobs which management says should be eliminated and which the brotherhoods insist are needed, and the crew consist issue—how many conductors and brakemen. ## Important Meeting To Be Held Friday

County Agent Leon Grosdidier has announced that there will be a meeting in Quitauque Friday afternoon at 2:30 in the Bank Community Room, a meeting called for the purpose of discussing and planning a control program on the boll weevil.

### TAX REFUND CLAIMS DUE SEPTEMBER 30

College Station, Sept. 4 — Farmers and ranchmen are reminded that claims for the Federal Gas Tax refund must be submitted before September 30, says C. H. Bates, farm management specialist, Texas Agricultural Extension Service.

This refund is on the four cents per gallon excise tax paid on gasoline and diesel fuel used on their farms during the period July 1, 1962 to June 30, 1963, says Bates. He explains that this refund has no connection with the claim for refunds sent to the State Comptroller's office. The gasoline used on an operator's farm by custom contractors is also eligible for the refund, points Bates, but fuel used in highway travel is not.

The special postcard form, 2240, is the proper one to use to submit fuel claims, says Bates, and they have been mailed to operators who reported in 1962. New farmers and those who have not received the form 2240, may obtain them from the office of the county extension agent or the area offices of Internal Revenue Service, he says.

Bates reminds that claims are subject to audit, just as other reports submitted to the Internal Revenue Service, and records should be kept to support refund claims. The specialist emphasizes that the deadline for reporting claims is September 30.

### SCHOOL BOARD ADOPTS BUDGET

The Board of Education of the Quitauque School system adopted the school budget for the 1963-64 school year, Supt. of Schools Johnny Mason announced this week. The tax rate will remain the same as the past two years, which is \$1.73. There will be no difference in evaluation.

Mrs. James Farley and children and Mrs. E. J. Farley of Frimington, N. M. visited from Thursday until Monday with Mr. and Mrs. Wendell Farley and Mr. and Mrs. O. E. Chandler and other relatives and friends.

Paul Hamilton of Denton visited his mother, Mrs. J. N. Hamilton over the week-end.

Grady Cunningham visited his aunt, Mrs. J. F. Melton in Turkey Wednesday afternoon of last week. Her two daughters, Mrs. Opal Deering of Los Angeles, Calif. and Mrs. Edith Koonce of Tuttle, Okla. were visiting there. When Grady arrived back in Quitauque, a nephew, Thomas Porterfield of Azusa, Calif. and his family, were waiting for him. Grady had not seen his nephew since 1949. Mr. and Mrs. Porterfield have four children and Grady had never seen any of them. They were enroute to Little Rock Ark. to visit her parents. They had supper that evening in town and visited until 10:30 before resuming their journey.

#### BUDGET HEARING SET FOR SEPT. 16

A School Budget Hearing will be held Friday, Sept. 16, at 7:00 P. M. in the High School Study Hall.

#### Lions Roar —

Good attendance was on hand Monday at the regular meeting of the Lions Club, and there was one visitor.

County Agent Leon Grosdidier showed a 27 minute film to the Club, which was really enjoyed and appreciated.

The usual fine meal was served by the Methodist Women.

Lions are urged to be present at the next meeting, which will be September 16.

#### FORMER QUITAQUE PUBLISHER RESIGNS AT PLAINVIEW

(The following story was clipped from a recent issue of The Plainview Daily Herald and concerned Mrs. Dora Scott, who for 17 years, together with the late W. R. Scott, published the Quitauque Post. The story is as follows):

In newspaper jargon, this week marks "thirty" and a "new lead" for The Herald's editor of news for women.

Mrs. Dora Scott, for eight years women's editor of The Herald, will leave Plainview this weekend to live in New Mexico near her daughters, Mrs. Dee Dodson and Mrs. Bob Tannahill of Albuquerque. Her departure from Plainview won't mean retirement, however.

In addition to continuing to work in journalism she is looking forward to playing full time the role of mama, grandmother great-grandmother to her family. She contends her status in the latter is clearcut.

She says she learned what "venerable great grandmother" meant when great granddaughter Amy Lynn Cooksey arrived last February. "It means," she told the Herald staff, "go sit in a corner. You don't know anything about handling babies 'the modern way'."

We at the newspaper office will be missing Dora and know many of the readers will also. The job of women's editor is socially active town the size of Plainview is a big one. Her efforts aided in expanding The Herald's women's news coverage as well as setting a high standard in the weekly Sunday feature cover pages which she planned and, for the most part, prepared.

Mr. and Mrs. Scott came to Quitauque from Olton in 1937. During the war years the Scotts purchased the Turkey Enterprise and although both papers were printed here in Quitauque, Mr. Scott spent most of his time at Turkey while Mrs. Scott devoted her time to the Post.

When Mr. Scott suffered a stroke in 1952 Mrs. Scott continued to operate both newspapers until 1954, when the business was sold.

Mr. Scott died in 1959.

Pete and Jarrel Rice and Gene King spent the week-end fishing at Possum Kingdom. They report that the fish were not biting much.

Guests at the F. C. Benson home from Friday until Thursday morning were her three sisters, Mrs. Monte Wallace, Mrs. Evelyn Nevans, and Mrs. Althea Dyche, all of Fort Stockton.

Quitauque and the rest of this area has received an abundance of rain during the past week. In fact, a day without at least a shower seems to be the exception to the rule.

Since last Thursday the official gauge at the City Hall here in town has caught 2.84 inches of moisture. That is the smallest measurement of any reported, however, and northeast of town up to 7 inches has been recorded the past week. Matthew Owens reported that he has had the biggest rain since 1942 during this rainy spell, when 4 inches fell last Friday afternoon.

The gauge at the City Hall caught only 1 inch during last Friday's downpour. North of town, in the John A. Johnson area, a 2.50 total was reported, while Bud Bailey, only about a mile north, received about 3.50. Amounts varied all over the area but at least an inch was reported everywhere and right now farmers are pulling for some sunshine in order to help fight the insects that are reported to be growing in numbers. In the Gasoline area there are reports of heavy infestation of bollweevil and when farmers spray poison in the morning and get a shower that washes the poison off the plants—that make for an unhappy situation.

However, the rains were welcome by most everyone.

Rainfall here in the city since last Thursday has amounted to a total of 2.84. During the month of August the official total was 4.49.

City Secretary James Brunson reports the rainfall as follows:

Aug. 29 —	.22
Aug. 30 —	1.00
Aug. 31 —	.44
Sept. 1 —	.48
Sept. 2 —	.20
Sept. 4 —	.50

### Inspection Stickers Now Available

Austin — Col. Homer Garrison, Jr. director of the Texas Department of Public Safety, has announced that the new 1964 vehicle inspection sticker became available September 1 at all Official Inspection Stations in Texas.

"During the summer months the Department has conducted intensive re-training schools for all owners and mechanics of inspection stations," Garrison said. "These men are now qualified and they are ready to serve the motoring public in their vehicle inspection needs."

More than five million vehicles registered in the state are required by law to be inspected at one of the 5,000 official stations between now and April 16, 1964. Operators of vehicles not displaying the sticker by that date will be in violation of the law.

Garrison urged motorists to get their vehicles inspected at the earliest possible time and pointed out:

"Since the vehicle program began in Texas, vehicle defects as causative factors in motor vehicle accidents has been reduced from 13 per cent in 1951 to five per cent in 1962. We have every reason to hope that with continued voluntary compliance with this law, accidents can be further reduced."

Mr. and Mrs. Namon Phelps of Farmington, N. M. visited relatives and friends here over the week-end.

## Hi-Plains Hi-Lights

NEWS from the High Plains  
Research Foundation

Visitors to the Seventh Annual Field Day, September 13, at the High Plains Research Foundation will be shown through the new gin, the new seed processing laboratory, shops, offices and implement storage buildings. These buildings are now under construction at the Foundation. Contractors are working hard to complete most of the structures in time for the occasion.

The 20-saw gin, damaged by fire, has been rebuilt by the Murray Co. and Mitchell Co. of Dallas, and the Moss-Gordon Co. of Lubbock. The gins will be seen in the building but will not be ready for operation. Hosts will be present to explain how the gin will operate. These hosts represent the cotton industry and members of the Board of Trustees of the Foundation. The gin is in a building separate

from the other structure. Hosts will also guide visitors through the main building to show the Seed Processing Laboratory, the shops, offices and the new machinery and storage facilities. Both of these buildings replace the structure destroyed by fire early this year. The machinery will be installed in time to process the 1963 research harvest for all crops.

Guests at the Field Day will be greeted upon arrival by representatives of the Chambers of Commerce in the area, and by members of civic clubs. Chambers of Commerce represented among the greeters will be from Dimmit, Tullia, Littlefield, Ralls, Olton, Hale Center, Floydada, Plainview, and the West Texas Chamber of Commerce. Civic Clubs include the Kiwanis, A. B. C., Optomist, Rotary, and the Junior Chamber of Commerce. Charles Young, Executive Vice-President of the Plainview Chamber of Commerce, is Chairman of the greeting committee. He has directed this activity for all seven Field Days at Halfway.

There will be six stops on the mobile field tours which will start at 1:30 P. M. and continue until the barbecue at 5:15 P. M. Trucks and trailers with bench seats will transport the visitors over the 310 acre farm. Guides on each truck or trailer will describe the research underway between stops. Members of the Foundation staff will explain major research projects at each of the six stops.

Guides on each truck will be members of Young Farmers chapters, Soil Conservation Personnel, County Agents and Vocational Agricultural instructors. Ollie Linder, County Agent for Hale County, Lee Dent, Manager of the Hale Center Chamber of Commerce and Merwyn Igo, Halfway Farm Machinery Co., have for many years dispatched the tours for the Field Days, and will again function in this capacity.

The last stop on the field tour will be at the farm and ranch equipment display. This will be around the Halfway Community Building. This feature has grown in size and participation each year.

The Lions Clubs in the area will again direct the visitors for the barbecue which will also include fish. The barbecue is the gift of the Hale County State Bank and the Goodpasture Grain and Milling Co., Inc., again this year. M. The Sperrys and another couple, who were vacationing with them, had a couple of very unpleasant experiences one night. They were sleeping in a tent with a porch across the front, and a bear tore a hole in the side of their tent and stole some of their groceries. Later in the night they were awakened again to find a skunk had crawled through the opening the bear had made. Their consternation can be imagined when the animal was spotted with a flashlight. One of the men crawled out of the tent and unzipped the tent door and after awhile the skunk decided to leave. After that night the vacationers decided not to sleep out again.

Following a fairly good attendance at all services last Sunday, we are going into a quick survey that should be quite profound, on the study of Romans, "book of power", in connection with the 225th anniversary of John Wesley's heart-warming experience at Aldersgate St. in London. The Sunday morning message by the pastor will be the introduction, entitled "The Christ-Filled Man." In the evening the consideration of Sin will be made, based largely on Rom. 1:18 through 3:26 and called "Great Transgression and a Great Savior."

The choir rehearsal, dropped the week of the Baptist revival, resumes on September 11, but takes another break on September 18, as the Commission in Education, led by Mrs. Grady Tyler, gives the devotion for the Family Night Program. This emphasis on devotion was begun as Geneva Curtis spoke on "Consideration For Others," representing Membership and Evangelism at the July program.

The official board, meeting last week, set November 24 as "Harvest Festival Sunday." Mrs. Mary Pittman is to be in charge of decorating the church on the occasion.

We are always glad to have special musical numbers in our

services. Last Sunday morning Jean Mathis sang "His Eye Is On The Sparrow". We're looking forward to many numbers from Pam Curtis this fall and winter.

While tragedies galore have been occurring both in our own region and over the nation and world, as men drag lakes for bodies and maintain lengthy vigils to help get other men out of caves; while at least two of the great TV networks are going to half-hour programs in late afternoon to keep up with the avalanche of news, while demonstrations asking for recognition of rights long withheld, and occasionally seeking more than equality—while all this is going on it behooves Christian people to realize that week by week and day by day, "The Greatest Story Ever Told" is being given with modern relevancy from the message of "The Greatest Book Ever Written," telling persons of everlasting rescue, "The Good News of Salvation," and it's available to all, every day, always! We have the privilege of making our own demonstration of loyalty to the "King of Kings" each Sunday morning AND Sunday Evening, and then through the week we may practice it that all may see His glory.

## Julia Otellia Colvin Becomes Bride of Murry Wayne Morrison In Home Ceremony Last Saturday, August 31, 1963

Julia Otellia Colvin, Quitaque, became the bride of Murry Wayne Morrison in an 8:00 P. M. ceremony read Saturday in the home of the bride's parents, Mr. and Mrs. George Ray Colvin. Parents of the bridegroom are Mr. and Mrs. Murry Morrison, Quitaque. Officiating in the exchange of vows in the double ring ceremony was Hubert Setliff, Church of Christ minister of Plainview.

Candelabra with white candles, decorated with greenery, plumosas, leatherleaf fern and white bows, were flanked by baskets of white gladioli and touches of turquoise.

Given in marriage by her father, the bride wore a white sheath suit of silk brocade on cotton. She wore a short white veil, and her corsage was white roses and lily of the valley with white velvet streamers, carried on a white, lace trimmed Bible. Her accessories were white.

Nancy Simmons of Plainview was maid of honor. She was attired in a turquoise, street length sheath, with a white headdress. Her flowers were white poms accented with turquoise.

Bobo Morrison was his brother's only attendant.

Candlelighters were Charlotte Sammann, Plainview, cousin of the bride, and Neva Dale Morrison, sister of the groom. They wore turquoise frocks with white headdress, and their corsages were white carnations.

The bride's mother wore a brown sheath frock with white rose corsage, and the mother of the groom wore a blue frock with white rose corsage.

Traditional wedding music was furnished by Martha Setliff of Plainview.

A reception in the home followed the ceremony. The serving table was covered with a white lace cloth over turquoise and was centered with a three-tiered wedding cake, topped with a miniature bride and groom. Nancy Simmons and Sherry Bedwell served the cake and turquoise colored punch to the following guests registering:

Mr. and Mrs. Gerald Bedwell, Nancy Simmons, Thomas Richburg, Charles and Tim Lane, Myra Setliff, Mr. and Mrs. Birt Lane, Mrs. B. F. Sammans, Mr. and Mrs. B. F. ## BROXSON FAMILY HOLDS ANNUAL REUNION LAST WEEK-END

The children of the late Mr. and Mrs. C. W. Broxson held their annual family reunion Saturday, Sunday, and Monday at Lake Pauline, east of Quanah. It looked for awhile that the reunion might be rained out, but after eight o'clock Saturday night, there was no more threat of rain and the week-end was very nice and pleasant.

Water-skiing, boat riding, and swimming were the day-time activities with "42", Bridge, and Chinese Checkers taking over the evening hours, along with a lot of visiting.

New officers were elected for the coming year. Gibbs Rucker was elected president; Mrs. Gibbs Rucker is Secretary-Treasurer; and Mrs. Ralph Carter was elected as the Historian. A niece, Mrs. Claude Henderson, has fixed a family scrapbook and album in which she has recorded all birthdays, anniversaries, deaths in the family, records of previous reunions and pictures of each. This book will be kept up to date and taken to all future reunions. She also fixed a family tree for each brother and sister. The family is very proud of her work and expressed its appreciation.

There were sixty members of the family present this year with only three nieces and two nephews and their families unable to be present. Those present were: Mr. and Mrs. W. T. Broxson of Skellytown; Mr. and Mrs. Jack Broxson of Panama; Mr. and Mrs. T. J. Broxson, Jeff, Mike, Kim and Kelly of White Deer; Mr. and Mrs. Don Tindall, Ricky and Marc of Fritch; Mrs. L. A. Broxson, Mr. and Mrs. Bob Broxson, Bruce and Annette, and Mr. and Mrs. Claude Henderson, Katherine and Cort of Sunray; Mr. and Mrs. Gibbs Rucker, Broadview, N. M.; Mr. & Mrs. Don-

ald Rucker, Billy Ray, Mr. and Mrs. Johnny Rucker, Rusty, Terry and Sherie of Texico, New Mexico; Mr. and Mrs. C. B. Broxson, Mrs. Jerry Dillard, Twila Jean, Mr. and Mrs. Benjie Tinker and Jan, Mr. and Mrs. L. B. Fawver, Mr. and Mrs. Ryan Smith and Marti Jean of Fort Worth; Mr. and Mrs. Byron Young and Gary of Turkey; Miss Jean Fowler of Memphis; Mr. and Mrs. Larry Hedrick and Scott of Hale Center; Mr. and Mrs. Charles Broxson, Larry, Linda and Jan of Crane; and Mr. and Mrs. Ralph Carter and Melvin of Quitaque.

Lt. Claude Henderson is on leave and will report to a base in Okinawa. Mrs. Henderson and children will join him as soon as housing can be found for them. Ryan Smith, also on leave, will report to a base in Washington state for six weeks and then will be stationed at a base at San Diego, Calif.

Mrs. Jack Chandler and children spent a week recently at Friona with her parents, Mr. and Mrs. Jim Stell.

## "PISTOL PETE" PEDRO HAS MADE BELIEVERS OF WRITERS

Canyon, Texas — When a football player with the nickname of "Pistol Pete" comes along, it's a genuine bonus for the working press. When a football player with a good "copy" nickname shows up and does more than you can write about, then you really have a bonus. This is the present case at West Texas State University.

The novelty monicker belongs to Peter Charles Pedro, a native of Lynn, Mass. The bonus belongs to the sports-writers of the Southwest, and they have made use of it. Pedro has placed West Texas State and the Panhandle area on the nation's gridiron map. He has gained yardage in enormous chunks, scored TD's almost at will and brought fans to the ball park who previously would not have dreamed of leaving the

friendly confines of their living room and TV.

In two seasons, Pedro has gained 1797 yards, scored 30 touchdowns and led WTSU to 16 wins in 21 outings and a victory in the 1963 Sun Bowl at El Paso. While completing these chores, Pete has been named AP "Back of the Week" (Sept. 30, '61), made the NEA All-American as a soph., and was chosen "Athlete of the Month" by Coach and Athlete, a national coaching magazine (October '61).

Last year Pedro was injured part of the season but still managed to rack up 831 yards in only 134 carries for 6.2 average. Pete doesn't carry the mail as much as the other national leaders, but he is always near the top in yards gained and average per carry.

Reams of copy have been sent to the press rooms of the nation's newspapers and magazines containing stories and quotes about the fabulous "Pistol Pete". Here are a few of those quotes.

JOE KERBEL, West Texas State Head Coach: "Pete has to be the finest running back I have ever coached or seen. His credentials speak for themselves. He is an All-American in every sense of the word."

PAT TRULY (Ft. Worth Star-Telegram sports writer): "After watching Pete gain 116 yard against arch rival Texas Tech: "Every time he went wide against Tech, he appeared on the verge of running all the way back to Massachusetts. He starts like a man stung by a hornet. He follows any blockers who happen to be able to stay in front of him as though he used radar. He may be the fastest thing in cleats."

BOB ST. JOHN (Avalanche Journal sports writer, Lubbock, Texas): "In case you've been in space or somewhere, Peter Chas. Pedro plays halfback for West Texas State University better than most halfbacks play for anybody."

BLAIR CHERRY, former head coach at U. of Texas (while in the 1962 Texas - Oklahoma game at the Cotton Bowl): "There's not a guy on the field who can carry Pete Pedro's shirt."

HANK FOLBERG, Texas A and M head coach: "Pedro is the best running back I've seen since Glenn Davis."

SAM Blair (The Dallas Morning News sportswriter): "A quiet, almost shy person off the field, Pistol Pete is a quick-starting, twisting runner who weaves through a broken field as if it were filled with broken glass."

CHUCK WHITLOCK (Sports Editor, El Paso Times): "He's the finest running back I've seen in a long time. I have to go back a long way to think of anyone to compare with him."

men are to man each train. Under the new law, these two issues are to be submitted to a seven-man panel (two union, two carrier and three "public" representatives) which must submit a decision within 90 days from Wednesday. The "a-

ward," as it is called, would be effective 60 days later and remain in force for two years. In the meantime, the disputants would resume collective bargaining on six other issues which they have indicated can be settled in the traditional way. These in-

clude pay structural changes; increasing the 100-mile standard for a day's pay; yard and road work performed by the same crew; the manning of self-propelled vehicles; employment security; and training of engine service employees.
