Number 41

Panther Season Opens Friday Night, Sept. 13

The Quitaque Panthers will kick the lid off the 1940 football season Friday night when they play host to the mighty Longhorns of Lockney on Panther field. The game, a non-conference tilt—or avalanche—will be under the kleigs and will start at 8 o'clock. Admission will be 10c for school kids and 25c for all others.

This will act as a real seasoning process for the Panther squad, who have been working so hard for a week that members and coach are too stiff to use crutches. They all prefer warm "showers" and soft cots.

The Panthers have one of the best balanced teams this year they have "boasted" in many seasons—and they are not boasting now, but rather limping along hoping to overcome stiffness, sore muscles, charley horses, etc., and give a good account of themselves in every contest.

The squad is light, measured by the football gauge, but is heavy on the fortitude that comes from within to make ball players.

Most of the boys who will see the most service this year have had a year's experience, while as usual some will see service who are more adept at handling an ice cream cone than they are at juggling the sphere.

At any rate, the boys have been working the past week, studying the new rules and plays under the tutelage of Coach Assistant Scheid who deserted the coaching ranks some ten years ago when he accepted the superintendency of the local schools.

Though Scheid is a little less able to "take it" physically than he was ten years ago, he still is a smart coach and can direct the boys to the top of the heap before the final whistle of the season sounds. He isn't figuring on filling the job all season, but he is fully capable in case of necessity.

The boys all believe in him. He believes in the boys, and a combination like that is exceptionally hard to beat despite weight and other factors in football.

The Panthers may go down to defeat before the Longhorns Friday night, but if they do—they will go down fighting. And furthermore, a defeat at the hands of a team which has won the district twice in succession will not be too much of a dishonor. If the Panthers can hold their own against the mighty Bovines they will turn in an excellent performance.

At any rate we believe the locals
(Continued on Page 3)

Culture Club Has Annual Luncheon

The Woman's Culture club opened their year's work Wednesday with the annual luncheon which was given at the home of Mrs P P Rumph, with the social committee in charge of arrangements.

The theme of the luncheon was "rodeo style" which was also carried out in the novel installation service of the new officers. The menu consisted of "chuck wagon grub" and was served Western style by girls in cowgirl regalia. Mrs Jim Tunnell, Mrs J C Rhoderick and Miss Jane Hughes compose the social committee and the cowgirls were Lorene Rhoderick and Lela Mae Persons.

Mrs Charlie Russell of Turkey, in cowgirl costume, presided over the rodeo installation of officers. As each new officer was introduced, she was presented with a gift, a miniature of some rodeo equipment.

To the president, Mrs R B Persons, was presented a saddle, with appropriate remarks. To the vice president, Mrs E G Rice, a horse was given. The recording secretary, Mrs P P Rumph, was given a quilt; corresponding secretary, Mrs G Tunnell, was given a horse shoe; treasurer, Mrs J C Rhoderick was presented with a hat, typifying shade for the cowboy, and she was advised not to do "anything shady with the club funds." Mrs J R Stroup, parliamentarian was given boots; Mrs J L Tunnell, custodian, was given a blanket and Mrs A L Patterson, reporter, was given a lariat.

New members of the club were introduced. They are Miss Jane Hughes, Mrs Webb Taylor and Mrs Eula Merrell. Mrs J B Russell was welcomed back to active membership after a leave of absence.

Young People Begin Trek to Colleges

Higher education is beckoning to the youth of Quitaque and a number are answering the call. Several who have been attending college have made other plans for the coming year but a number are returning to their college studies, some are going on to even wider fields of education and some are entering college for their freshman year.

Of last year's nineteen seniors, two of the girls are married, Nadine Morris and Eva Lee Cultis; one girl, Kathleen Hawkins, entered training for a nursing career several weeks ago; Ophelia Hatton entered business college at Lubbock soon after school dismissed and already has several months work on her business education. Mildred Coker is taking post graduate work in the local school; Mildred Osman lives in Aspermont and we did not learn her plans; Marie Hall and Walter Patrick are entering Tech; Jane Scott is going to junior college at Paris, Texas; Emily Margaret Gardiner will enter Trinity University at Waxahachie; Reba Gowin has enrolled in Wayland college at Plainview when it opened this week, majoring in religious education, planning to enter missionary work; Maurine Boswell and W E Helms will enter WTSC at Canyon.

The other six members of the 1939-40 class are undecided about whether or where they will attend school this year, or have decided definitely that they will remain at home. They are Ima Jo Overstreet, Lorene Rhoderick, Marion Wilson, William Rucker, Shug Drake and Joe King.

Henry Gardiner who was awarded a B S degree from Rice Institute last June will continue his medical studies at Galveston, leaving the latter part of this week. Bob Grundy will return to the state university at Austin. Richard Tibbets will re-enter Tech at Lubbock. Ruth Taylor will return to WSTC at Canyon. LaRue Patrick and Rosalyn Coker, graduates of the year before last, will enter school at Lubbock and Canyon. Ethelyn Bailey is returning to Canyon school at Lubbock and Canyon, and Johnnie Womack enters her senior year at CIA at Denton.

Baptist Assn. Meets Crosbyton, Sept 17-18

The Floyd County Missionary Baptist association convenes with the First Baptist Church at Crosbyton, September 17 and 18. W. R. Derr, associational clerk, has submitted the following suggested program to be presented at the meeting:

The highlights of the program are addresses by Dr R S Jones of Atlanta, Ga., Dr Robert Cook Buckner of Dallas, Dr John W Cobb and Rev L B Reavis of Plainview; the annual sermon by Rev. W R Derr, Ralls; the missionary sermon by Rev B P Harrison of Silverton.

On Tuesday morning, besides the musical program led by George Owens, reports will be presented by Rev V Crabtree, Rev Sidney Johnson and Rev. Lowell Ponder, and the annual sermon will be delivered by Rev W R Derr.

On Tuesday afternoon reports on home and foreign missions will be heard and the report for Buckner orphans' home will be read by Dr Robert Cook.

Tuesday evening services will include Sunday School, BTU and laymen's reports and an address by Dr John W Cobb.

Wednesday morning reports will be heard from educational institutions, missionary message by Rev B P Harrison.

Wednesday afternoons business includes that relating to the association, treasurer's report, nominations and resolutions, etc.

The clerk asks that if you have any money for district missions or for minutes that you be sure to bring it to the meeting.

Notice to Baptists

Rev. R E Harrison of Hagerman, N M., will preach at the Baptist church Sunday morning and evening. A pastor for the church will be called at the evening service and the superintendent urges everyone to attend and let his desires be known.

Emmett Potter brought in a 1941 Ford pickup today (Thursday.)

Services Are Available Of State Veterinarian

J M Floyd of Lockney, state veterinarian, spent Tuesday in Quitaque area testing cows of individuals and dairymen for bangs disease.

He was assisted by Noman Hamilton, who stated that 84 animals were tested. The specimens were sent to Fort Worth for analysis and report from the chemists should be received the latter part of this week.

Hamilton stated that the veterinarian would return any time that individual or herd owners desired, but that it would require 50 head of cattle for him to make the trip and the tests.

The charge for these tests is only 55c per head and all in Quitaque area who are interested are urged to contact Noman Hamilton.

It is worth several times the actual cost to know that the cow of an individual family is free of the disease which is prevalent in this part of the state.

The cost of only one prescription amounts to more than the cost of certainty as to a milk cow's health status. No owner of a milk cow can afford to not avail themselves of this service and KNOW the quality of the milk their family is using.

You can't afford to take a dire chance as against the expenditure of 55c. If you have a milk cow, have her tested; if you buy milk, know that the source is from tested cows. Precaution pays dividends in a big way—in many ways.

Mrs C B Lewis left on the train Tuesday morning for Chattanooga, Okla., in response to a message conveying the death of her sister-in-law, Mrs Davis Stephenson.

Willkie Coming To Amarillo Sept. 17

Amarillo, Sept. 11 (Special)—A huge demonstration by Texans in honor of the first presidential candidate to visit the state during a campaign will greet Wendell Willkie when he arrives here the morning of Sept. 17.

When Willkie arrives aboard a special train at 10:30 a. m. he will be met by 100,000 or more Texans representative of all parts of the state. Miles Bivins of the Amarillo arrangements committee predicted. A flood of visitors, some from as far away as Brownsville, 900 miles distant at the opposite end of the state, will come by trains, buses, planes and private automobiles.

Charles H. Keffer of Amarillo's entertainment committee declared that plainmen will turn out in holiday regalia of boots, chaps, colored shirts and ten gallon hats to give the presidential nominee a warm western welcome.

From the railroad station where Willkie's train, bearing an entourage of more than 200 newspapermen, photographers and newsreel men, stops, the nominee will ride in a 35-block parade to Ellwood Park where he will speak for 30 or 45 minutes. Among the other honor guests will be Joseph W. Bailey, Jr., of Dallas, head of the Texas-for-Willkie clubs, and Mike Hogg of Houston, head of the Texas No-Third-Term Democrats.

Mr and Mrs Jack Edwards and daughter, Mr and Mrs Bill McCaghen and children, all of Matador, Mr and Mrs Dick Taylor and children and Mr and Mrs Mose Damron enjoyed ice cream at the Clyde Moss home Sunday night.

Gasoline Pioneer Dies Of Blood Poisoning

Last rites were held Wednesday afternoon at 3 o'clock for L L Rogers, 75 years old, who died Tuesday morning at 1:30 o'clock at the Plainview sanitarium of blood poison. The funeral service was conducted at the family home a mile east of Gasoline by the Rev Mr Sallie, Methodist pastor at Whiteflat. Interment was in the Quitaque cemetery under direction of Hardecastle Funeral Home.

Pall bearers were Ben and Thurman Smith of Bryson, Jack county; Eulace and Garland Coker of Turkey, and Ernest and Edgar Morrison of Gasoline, all nephews of the deceased.

Flower girls were Ina Ruth and Lela Faye Morrison, Evelyn and Martha Coker, and Mary Jo McCracken.

Surviving are his wife, a daughter Miss Ertie Rogers and a son John T Rogers, all of the Gasoline community. Also surviving are three grandchildren, Cleota, J. T and Colleen Rogers; one brother Thomas Rogers of Buffalo Flat, and a number of nieces and nephews and grand nieces and nephews.

Mr Rogers was born in Marlboro, Tennessee in September, 1865. He left his native state with his parents in 1869 and took up residence in Arkansas, at Harrison, where he grew to manhood and was married, on August 12, 1888 to Miss Allie Petty. To this union two children were born.

When he moved to Texas with his family, they first settled at Roaring Springs. Later, in 1908, he bought some land from the late L L McCracken of the Gasoline community upon which he built the family home into which they moved and have occupied continuously since.

Mr Rogers mashed a foot a week or so ago by dropping a rock on it. After several days' treatment at home the attending physician advised that he be taken to a hospital, where he was taken last Friday. He seemed to be doing nicely until early Tuesday morning when the poison entered the blood stream and he fell into a sleep from which he never awakened.

He was one of this area's substantial farmers, hard working and thrifty. He attended strictly to his own affairs but was ever ready to assist the unfortunate and needy.

He loved his home and family and spent as little time in town as possible, usually only when business necessitated, and then only for the length of time required to transact the business at hand.

He was a good man, a good neighbor and being the pioneer that he was, had a hand in the development and progress of this area.

Jim Baird Buys Texaco Station

J B Baird, Magnolia agent, has bought the Texaco station building on East Main street, just across the street west of the station he has been operating and where he has been making his office for several years.

He is having the Texaco building overhauled, repainted and decorated, and an annex of stucco is nearing completion which will house the hydraulic grease rack moved from his former location. He will move his office and crew to the new location as soon as work on the building is completed, which he states will be this week.

A wash rack was once upon a time operated at the rear of the Texaco station, but for some years the drain or sewage connection has been stopped up and on the bum. Baird says this will be remedied and that a house will also be built over this unit of his service emporium.

Baird further says the tin building on the rear of the property now used as a blacksmith shop will be repaired and given a coat of aluminum paint and be used as a garage to store his gasoline transport and other trucks.

These improvements will add materially to the civic appearance of our main street. And also the Texaco station, which has been occupied less than 50 percent of the time for the past few years, will be permanently occupied "from now on."

Mr and Mrs Cleve Gregg of Plainview were in town Monday.

Dr. H. D. Vaughter of Byers Dies Suddenly

Dr H D Vaughter, 73, prominent physician of Byers for 23 years died of a heart attack Tuesday night at 9:30 o'clock a few minutes after he had delivered a welcome address to school teachers at a reception at the First Methodist church in that city.

A practitioner for 40 years, Dr Vaughter had resided at Grafard, Mineral Wells, Megargel and Seymour before moving to Byers. He was a native of Georgia, coming to Texas when five years of age. As a young man, he taught school in the Indian Territory.

He was a steward in the Methodist church, superintendent of the Sunday school, and was a Mason.

Surviving are his widow, four sons, two daughters, a brother and two sisters. He was a brother-in-law of Mrs J N Hamilton and V T Hall of Quitaque.

Funeral services were conducted this (Thursday) afternoon at the First Methodist church of Byers with Rev. J. Allen Harvey-Brooks officiating with burial in the cemetery there with Masonic rites conducted by Mayor Frank Bunting of Henrietta.

Mrs. Hall, Mrs J N Hamilton, Mr and Mrs Norval Hamilton, Noman and Ewell Hamilton went down to attend the last rites.

Dr Vaughter and Mrs Hamilton returned only two weeks ago from an extended visit with relatives in California.

Tri-State Fair Offers Many Free Attractions

Amagillo—Free parking inside the Exposition grounds and free grandstand attractions afternoon and night will be feature of the Tri-State Fair, Sept. 16-21.

And on the midway this year will be the same shows which will appear later at the State Fair in Dallas.

"There will be more entertainment for less money than at any other Tri-State Fair," explained Ray Pinkney, Association President. "The program in front of the grandstand each afternoon and each night during the week will be absolutely free and not only that, but arrangements have been made so it will be profitable to attend. Each show will last an hour and a half."

Admission to the grounds this year will be 10 cents for children between the ages of 6 and 12 years; 25 cents for adults.

No reduction has been made in the premium list, which offers approximately \$16,000 in cash to exhibitors. Scores of bands, accompanied by delegations, will be at the Exposition during the week. Members of the visiting bands will be guests of the Fair at luncheons on the grounds.

First entry in the Tri-State Fair's Hereford show, rated as one of the top three in the nation, was made by Bone's Ranch of North Dakota.

Bill Gouldy, superintendent of the Hereford show, reports there will be more entries this year. "Entries are coming from practically every section of the United States in which Herefords are bred," said Mr. Gouldy.

Three More Bales of Cotton Ginned Here

Quitaque received three more bales of cotton Wednesday, making a total of four for the current season.

Two of the bales came in about the same time and were ginned by the Quitaque gin. Cecil Payne of Edgin brought in bale No. 2 followed by R L Vineyard of Folley with bale No. 3. N. V. Hamilton brought in bale No. 4, which is the second for him this season, and carried it to Farmers Coop Gin.

These first four bales have been full bales, three weighing well over 500 pounds with one dropping slightly under the 500-pound mark.

According to reports several farmers expect to begin picking cotton next week when several bales are expected to be received by the local gins. The four bales received are of good grade and staple, classing middling 13-16 and better, it was reported.

Mr and Mrs Noman Hamilton and small daughter Noma Lou and their uncle Henry Hamilton returned Sunday night from a ten-day vacation visit at Durango, Colo. They visited the L E Grahams one day while in that vicinity.

AGRICULTURAL BRIEFS

By Ray S. McEntire
County Agriculture Committee

Marketing of Cotton
Marketing cards for producers of cotton are now available in the county agricultural conservation office. All producers are urged to call for their cards as soon as their cotton is ready to be marketed since no cotton can be marketed without penalty unless identified by a marketing card.

The importance of a marketing card can not be emphasized too greatly. The card is used as follows:

1. The ginner can identify your cotton and make the necessary reports on the cotton to the county office.
2. Your farm will be credited with the correct production if all of your cotton is identified to that farm by a marketing card.
3. The buyer can purchase your cotton tax free if identified by a card. Any cotton not identified by card carries a tax of 3c per pound which must be paid either by the producer or the buyer.

Farm quotas for 1940 are based on reliable records during the 5-year period 1935 to 1939 presented by the farmer, adjusted for abnormal weather conditions. Any farm which did not have reliable records available, was given an appraised yield based on the normal yield of the years available and weather conditions.

The same procedure will be used in establishing the 1941 yields except the quotas will be based on the reliable records available for the 5-year period 1936 to 1940.

The law further provides that each producer must keep records and make reports to the county office not later than 15 days after all cotton is marketed.

Since your 1940 production can (Continued on Back Page)

LOCAL BRIEFS

DON'T FORGET TO "Halt for a Mail" 16 oz. 10c. Pioneer Drug Store

Mrs Bill Butcher has been confined to her home since Sunday by illness.

Miss Fern Finkner and Mrs Billie Snell of Floydada were here Monday to visit Mrs Leslie Curtis.

Barney and S T Bogan are confined at home by illness. Barney with a cold and S T with the flu.

Ask for Mity Nice Bread—often butlered but never bettered. City Bakery, Quitaque.

Mrs V L Miller spent the first of the week in Lubbock visiting a son. She returned home Wednesday at noon.

Mrs E E Burgess and her sister, Mrs Bradley who is her guest went to Crowell Wednesday to spend several days with a cousin there.

Mrs Leon Middleton and Gerald and Mrs E G Rice spent the day Monday with the B R Ezzell family in Lockney.

Mr and Mrs Huck Berry and children spent Sunday in Memphis visiting her uncle, J F Forkner, who is seriously ill in a hospital there. Mr Forkner, 73 years of age, is suffering from a stroke of apoplexy suffered recently.

Mr and Mrs Joe Weldon Bailey and new daughter spent the week end here with his parents, Mr and Mrs H J Bailey and family.

Mr and Mrs Claude Cantrell accompanied her brother to his home in Brownfield for a few days visit there, returning home Wednesday.

Mr and Mrs Woody Yarbrough and baby daughter of Amarillo spent the week end here with her parents, Mr and Mrs Joe Graham.

Miss Kathleen Hawkins who is taking nurses training in an Amarillo hospital, spent several days here with relatives, returning to Amarillo Tuesday.

Mr and Mrs Earl Hedgcocke spent Friday night here with her parents, Mr and Mrs Jim Tunnell, enroute on a vacation tour to Chicago and the eastern states.

Mr and Mrs Don Hall and Charles visited relatives here Saturday night and Sunday, enroute to their home at Plainview from a vacation in Palo Pinto county.

Rev Sherrill's father, L M Sherrill of Rising Star, accompanied by cousins, Mrs Lucy Dennis of San Antonio and Miss Ethel Ray of Plainview visited in the Sherrill home the first of the week.

Mr and Mrs Venus Gillespie drove to Oklahoma City over the week end returning to their homes here their mothers, Mrs May Gillespie and Mrs J W Hadaway, who had been visiting children in Oklahoma.

Mrs W Y Rice, mother of E G Rice and Pete Rice of Turkey, who spent several months here with her sons, left the first of the week for a visit with another son in Dallas, before returning to her home in Tyler.

LOST—Purse last Wednesday probably somewhere south of Quitaque while hunting. Contains valuable papers belonging to P G McDowell. Finder please return to Quitaque Post .41-1

Mr and Mrs J H Hughes drove to Brownfield last Wednesday where they visited her daughter Mrs Bill Tillson and husband, going on to Monahan to visit a granddaughter, Mrs Beal Brashear and husband, before returning home Sunday.

Remember This Ratio—1 to 9

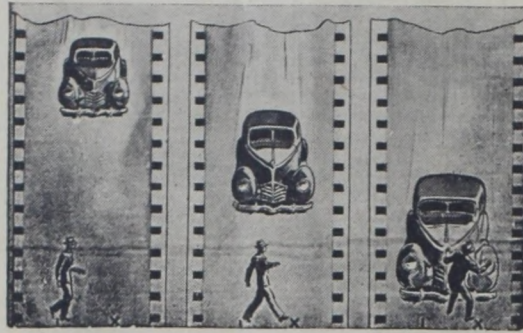

While a pedestrian takes one step and advances one yard, an automobile driven at a mere 30 miles an hour advances nine yards.

This is simple arithmetic, says "Smash Hits of the Year," latest booklet published by The Travelers in its safety crusade, but

few persons stop to realize it. It is especially true that adults who have never learned to drive have little or no conception of the vast differences between walking speeds and vehicle speeds.

The simulated movie strip below shows what is likely to happen when a walker underestimates the speed of an approaching car.

Mrs J B Russell, Miss Jane Hughes, Mrs Willie Smylie and Russell Smylie attended the wedding at Silverton Wednesday morning of Miss Joni Bundy and Clarence Mast.

P C Hamilton returned home Friday evening from Wichita Falls where he underwent a minor operation early in the week. His mother-in-law, Mrs A V Tipps accompanied him home.

Mr and Mrs Kenneth Marshall of Childress spent the week end here with her parents, Mr and Mrs C M Auburg. D M Auburg and family of Childress are also visiting in his parents' home.

Mr and Mrs Leslie Curtis visited her parents, Mr and Mrs W F Brich at Floydada over the week end, Mrs Birch returning home with them Sunday and going back to Floydada Monday evening.

A daughter was born last Thursday at 1 p. m. to Mr and Mrs Paul Hamilton at the clinic in Denton. The little lady and her mother are doing nicely and plan to leave the hospital Sunday for the home of Mrs Hamilton's parents, Mr and Mrs Buck. The baby is named Reba Pauleta.

Mrs Pearl Simpson, Bricose county case worker suffered a stroke of paralysis last Thursday while attending a social service meeting at Pampa. She was taken to the home of her brother, Tom Bomar at Silverton. At the latest report her condition remained serious.

Mr and Mrs Mose Damron, Mr and Mrs Clyde Moss and son and Mr and Mrs Dick Taylor visited Mr and Mrs Bill McCaghren and children in Matador Sunday. Other guests in the McCaghren home were Mr and Mrs H S Watson and Mr and Mrs Jack Edwards and daughter.

Baptist WMU

The Baptist missionary society met for Bible study Monday after Mrs Huck Berry as hostess and ten noon. Lottie Moon circle met with members present. Mrs R B Persons taught the study.

Annie Jenkins Sallee circle met with Mrs S T Bogan as hostess and eleven members present. Mrs McKay of Turkey was a guest. The lesson was taught by Mrs Jim Stroup.

FACULTY VACANCY IS TEMPORARILY FILLED

Miss Jo Mae Smith of Lakeview has been employed by the school board temporarily to teach business administration, typing and bookkeeping, in the high school. Miss Smith is a graduate of WTSC at Canyon.

The school is in need of an instructor in business administration who also is an athletic coach, diligent search for whom is being made by Supt. Scheid, who at present is acting as "assistant" coach in addition to his other manifold duties.

PRODUCTION CREDIT ASSOCIATION MEET

Local members of the Memphis Production Credit Association living here and near Turkey met at the Quitaque school Friday evening, Sept. 6, with 17 members and visitors present.

W B Russell of Memphis, secretary-treasurer of the association and Mrs John Sharp of Turkey, field representative, were present.

1940 SENIORS HAVE ONE LAST GET-TOGETHER

The senior class of 1940 gathered Saturday evening for one last get-together this year. About 15 members met at Lorene Rhoderick's home and the group went to Roadside Park supplied with eats. There were lots of sandwiches, potato chips and cookies—topped off with watermelon. The eating spot seemed to be the favored picnic grounds of the evening, for two other groups (from out of town)

Enjoy Modern Conveniences

Even though natural gas is not available you can have a Modernized Home with the

Superior Butane and Propane Gas Plant

Do not deprive your family longer of the comforts and conveniences of a Modern Butane gas plant.

Superior Brings You These Modern City Conveniences

Clean, odorless fuel for your home, no matter where you live. No more wood to cut, no coal to carry in, no ashes to carry out, no more smoke or soot. Just turn a valve and you have instant, clean, economical heat.

The vaporous gas from Butane or Propane stored in the approved underground Superior Plant creates a refined natural gas at city gas pressure. The cost of heating, cooking, refrigeration and lighting your home with Butane or Propane gas is now as cheap as though you were being served with gas in the average American city.

The Superior Butane gas plant is SAFE and fully complies with or exceeds, every safety requirement of the Texas Railroad Commission, the National Board of Fire Underwriters and the American Society of Mechanical Engineers, and is listed with the Underwriters' Laboratories, Inc., Chicago.

The Superior Gas Plants really are superior in workmanship, design and quality of workmanship.

Standard sizes of the Superior gas plants are from 100 to 1000 gallons, with other sizes available.

Easy Terms—Butane or Propane Gas plants can be purchased under the FHA finance plan—no down payment, with 3 years to pay, at 5 percent interest. No red tape, just your plain note.

Come in and see us today, and inspect the Superior Plant we have on display and let us give you more details.

Read, And You Shall See, News From the Senior Bee

We're headed for the Last Ground—We Hope!
 Mrs Rice made an ideal Senior sponsor last year and we never did like for those seniors to put anything over us, so what do we do? We elect Mrs Rice for our sponsor also. We want to thank her so very much for accepting.

We all know that Mrs Scheid is a very young looking teacher but I imagine she would look like a young lady of only nineteen years if she could find it to be a mistake about her being the senior sponsor. We are very proud of our sponsor and want to help her all we can in being an agreeable class. Some might think it impossible but we're going to show you that the senior class of 1940-41 has enough spunk to do anything necessary. The girls are willing to let the boys have their way in all things that are voted on. (Hint: there are fifteen boys and only ten girls).

Our class officers are as follows: Our president, who is to call all parties, picnics and other entertainments, (it's really going to keep him busy, too,) is none other than John Howard Payne. If John Howard gets behind on planning parties and picnics, our vice president, Earl (better known as Al) Patrick will help him.

The office of secretary-treasurer for the senior class is going to be hard to fill. The person must be very intelligent in figures in order to keep account of large sums of money. For this office we got a capable boy, Jean Grundy.

We also have an editor-in-chief from the senior class. This is also a difficult office to fill so we elected Ralph Craig.

We decided on our class dues and each month we are to dig down in our pockets (or our dads pockets) and bring our fifteen cents.

We, the senior class resolve to set an example for high school that will not soon be forgotten. (We're speaking of good examples, too). We want to have such a record that the seniors of the future will try to step in our footprints as closely as possible.

We have a splendid group of teachers this year and er,—we hope they see fit to get along nicely with us.

It's hard to understand how our English teacher stayed so young and pretty after majoring in English for four years.

ODDS AND ENDS

—By Mildred Coker
 I bet you thought you got rid of me last year, didn't you? I thought so, too, until school really started again, and after all, when you've been doing something for eleven years, it's kinda hard to stop all at once. So I didn't.

Last year I didn't think that those juniors could ever fill our shoes, but they certainly are making a good start. We have a very nice looking senior class, in fact.

The freshmen of last year have graduated from their lowly ground floor, and this year they are very ably managing that second story which they now occupy.

The new freshman class is different from any class I've ever seen. It shows great possibilities of supplying Quitaque high school with a variety of good students, such as capable leaders, brilliant scholars, pretty girls, valliant boys, all-around personalities, and wonderful athletes. Gasoline and Edgin are furnishing us with lots of this quality. And with their sponsor, Miss Whitten, they should really go places!

Speaking of teachers, we have three new ones. Although we aren't very well acquainted with the typing and bookkeeping teacher, Miss Smith, I know everybody will be pleased with her. The other new teachers, Miss Whitten and Mr Browning suit everybody just fine. We miss Mr Bryan, Mrs Scoggins and Mr Martin.

though.

The junior class has a new member this year—Miss Wanda Hope Brunson, and she is rapidly rising to popularity. Another important junior is Carmon Bass, the class president who is also president of the FFA chapter. We miss Billie Bedwell and Mildred Boswell this year, too.

And say, are we going to have a football team this year? With Mr Scheid as coach, and all that good material, the future looks bright—and the "future" starts Friday night.

JUNIOR NEWS

School is here again! Most of us are glad to be back. Everyone seems to be working hard after our long vacation.

A class meeting was held Thursday to elect officers. Carmon Bass was elected president; Jeanne Hamilton, vice president; Betty Bogan, secretary-treasurer; Wanda Brunson, reporter; Mrs Bogan, class mother and Mr Browning, sponsor.

This year's junior class is the smallest one in the high school but it is going to be the best one. Eh, juniors?

We have one new member, Wanda Brunson, whom we wish to welcome to our class.

Time to Laugh

Boy, oh boy, it's raining cats and dogs outside.

You're telling me! When I was out, I stepped in a puddle.

Asked to write a brief essay on the life of Benjamin Franklin, Carmon Bass wrote this gem of a paragraph: "He was born in Boston, traveled to Philadelphia, met a lady on the street, he married her, and discovered electricity."

Frosh: Ginger ale.
 Waiter: Pale?
 Frosh: No, just a glass.

It comes with the snow and the winter

When the world is covered so white.

And kids—why, their eyes are shining

And they carry on late at night.

What is it? The starting of exams.

Gosh, what a let-down—The Quill Weekly.

SOPHOMORE NEWS

All of the sophomores were glad for school to start, except a few and you know there's always exceptions to everything.

We have three new members in our class this year. They are Charles Lewis, Ann Robinson and Deaune Purcell.

We elected our sponsor and officers Thursday. We are very glad to have as our sponsor Miss Curtis. Our officers are: president, Virgil Patrick; vice president, Billy Joe Sachse; secretary, Mary Alice Sherrill; treasurer, Billye Joyce Wise; reporters, Billie Beth Starkey and Billy Grundy

We are planning (and hoping) to have a very pleasant year.

FRESHMAN REPORT

The class officers for the freshman class this year are: Glenn E. Lewis, president; O. R. Stark, Jr., vice president; Vivian Erwin, secretary; Mary Charlotte Tunnell, treasurer; and Bonnie Clie-

tt, reporter. Our class mother is Mrs Eunice Persons.

The freshman class this year is "kinda" large. Just to think, the teachers are trying to keep up with 39 "fishies." The first and second day of school we all ran around like our heads were cut off. Some of us even bobbed up in the wrong class at the wrong time.

One little freshman boy is getting a little fresh with some of the girls—I wonder who?

We wonder why a certain senior boy wouldn't give Syble her pencil.

Why Margie got tickled in home-making room?

Why Earlean is so quiet?

Mr and Mrs A H Finley of Shamrock were here Sunday to spend the day with Mrs H G Finley, who was hostess at noon, besides them to Rev Dale and Geo. Owens, preacher and song leader at the Baptist meeting, and Mr and Mrs Roy Leslie.

"Assistant" Coach

E. W. SCHEID

Panther Season
(Continued from Page One)

will give a good account of themselves and that the contest will be worth anybody's two-bits. It'll be worth the price of admission just to see the first game of the season and see just what the boys can do.

And then again, they might win. Your encouragement will help them to win. Come on down to the park and let's give them a big crowd and show them that we are behind them—win or lose.

Following is the 1940 squad:
 Ends—Merrell, Anderson, Auburg.
 Tackles—Cain, O. Patrick, E. Patrick.

Guards—B. Grundy, Gregg, G. Grundy.

Center—Berry, Lee

Backs—Payne, Sachse, Latham, Bass, Butler.

FFA Chapter

Four members of the Quitaque FFA chapter attended a meeting of the Memphis District at Lakeview Tuesday night. Two of the local chapter officers were elected district officers. They were Carmon Bass, district secretary and Billy Joe Sachse, district parliamentarian. The boys accompanied R L King, local adviser who attended a teachers meeting while in Lakeview.

Local FFA chapter officers for this year are: president, Carmon Bass; vice president, Billy Joe Sachse; secretary, Virgil Patrick; treasurer, John H Payne; reporter, J R Butler; watchdog, Curtis Latham; parliamentarian, R J Dorsey; historian, Billy Grundy.

Officers elected in the voc. agri. 1 class for this year were; president, Robert Merrell; vice president, Robert Hamilton; secretary, O R Stark, Jr.; treasurer, Graves Mayfield; reporter, Glen Edward Lewis; watchdog, Eldon Foster; parliamentarian, Rayburn Burgess and historian, Rayford Payne.

Both classes made a field trip to watch Dr Floyd D. V. M., of Lockney test cows for bangs disease. This was the first field trip for the year but the boys are looking forward to many more

educational exhibit at the Tri-State fair at Amarillo in competition with 14 other schools from the Panhandle area. The theme of the local chapter's exhibit will be to show the value of a good dairy cow. The exhibit will show that a good cow producing a certain amount of milk will produce enough skim milk to feed 1 growing pig, a growing calf and a flock of 30 hens and 320 pounds of butterfat to sell. The exhibit will be in the agriculture building and the people from Quitaque who visit the fair are urged to see the voc. agri. exhibits.

ANOTHER DRY HOLE?

In the constant search for new oil reserves in Texas, even the dry holes benefit the communities in which they are drilled.

They mean employment and wages for Texas labor, lease money for Texas farmers and ranchers and many other expenditures which benefit all lines of business.

2,300 dry holes were drilled in Texas last year at a cost of nearly 60 million dollars. Since oil was discovered in Texas, 52,000 dry holes have been drilled in all sections of the State at an expense of more than one billion dollars.

This billion dollar research has already resulted in the discovery in Texas of over half of all the known petroleum reserves of the Nation. The creation of this wealth will benefit Texas citizens for generations to come.

Whether the oil man wins or loses, the community always gains.

have a bearing upon your 1941 yield, it is important that you identify all of your cotton so you will receive credit.

Is the AAA Accomplishing Its Purpose?

Without trying to list, all of the accomplishments of the AAA program—and all of the allied farm programs—let's take a general look at the advances which have been made. Since the farm program got under way, a total of 3 billion dollars has been spent by the government in an effort to solve the farm problem. What are the results?

(1) The 3 billion dollars represent an 8 1-2 percent expenditure in seven years on the nation's 35-billion

dollar agricultural plant—a little over one percent a year.

(2) During that period the national farm cash income has increased 8 billion dollars. The Texas farm cash income has increased from \$296,000,000 in 1932 to \$552,983,000 in 1939.

(3) Total increase in buying power of farm products from 1934 to 1939 was 1 1-5 billions a year or 6 billions for the entire period.

(4) Total cash available for farm living has increased from less than 4 billions in 1934 to 5 1-3 billions in 1939, a total increase for all the years of the period of 6 1-2 billion dollars.

(5) Value of farm real estate has gone up 15 percent, 1933, 1939.

(6) Rural retail purchases have increased 52 percent—a most interesting item to business.

These are all good, sound economic reasons justifying the expenditure of 3 billion dollars over the 7-year period. There are other results:

Q. and A.

(1) The American family type of farm has been going.

(2) The farmer's children have gone back to school.

(3) Soil waste has been checked; soil conservation well begun.

(4) Business-like adjustment of production to markets has been instituted.

(5) Wasteful marketing of surpluses has given way to thrifty storage, orderly marketing, and increased consumption among low income groups.

(6) Crop hazards have become insurable for wheat growers in line with good insurance practices.

(7) Laboratories have been established to find new uses for farm products.

(8) Freight rate researches have been started to remove some of the glaring inequities so unfair to agriculture and business.

But we still have not mentioned the most noteworthy gain; the emergence of national agricultural policy and the organization programs to put this policy into force. The right of agriculture to equality with industry, commerce, and labor has been established. The long period of farm decline and neglect has been ended. Constructive forces which are conserving the soil and the farm home have been set in motion. Economic democracy—the right and opportunity of the common man to share in the

decisions which affect his welfare—has brought to agriculture.

Yes, 3 billion dollars has been a cheap price for the farm program.

GASOLINE

Mr and Mrs W M King spent Friday with a sister-in-law in South Plains.

Mr and Mrs J T Whittington of Turkey spent Friday with Mr and Mrs Rube Whittington.

Mrs Renois Case and children are visiting on the Plains this week.

Edward McLaughlin of Hedley is visiting relatives here this week.

Mr and Mrs W O Williamson and sons attended the funeral of Mrs Fannie Vernon at Idalou last Tuesday.

Morris Wilson is at Ft Sumner and Maynard Wilson left last week for a ranch up close to Clarendon.

Mr and Mrs Bill King moved to Paducah Tuesday to make their home.

G E Lay of Quitaque was a business visitor in the community Thursday.

Mrs Alice Baten and Wythe Lee of Turkey visited with Mrs H B Finney and Mrs W E Helms Sunday.

Mr and Mrs Roy Winton and children of Paducah were week end visitors here with relatives.

Mr and Mrs Hayden Carter, Gay La Faun and Mrs Matthews and Iva Belle of Quitaque were visitors in the community Sunday.

Odell Purdy of the Folley Community is in the hospital at Memphis where he had an appendix operation. His parents, in company with Mr and Mrs Forest Purdy and Austin Purdy of Lubbock spent the week end with him.

Mr and Mrs Murray Morrison spent the week end in Quitaque.

Frances Dorsey of Lubbock spent the week end with her mother and father.

Mrs Wm King and Joe returned Wednesday from Paducah where they had been to help Mr and Mrs Bill King get moved.

Mr and Mrs Truman Bradshaw of South Plains visited relatives here Wednesday and also attended the last rites for Mr Rogers.

BAPTISTS BRING GOOD MEETING TO A CLOSE

Sunday night brought to a close one of the most successful and spiritual revivals ever held in the local Baptist church. All comments regarding the meeting are favorable, a large number stating that they feel the church is more unified than it has ever been and that they can go forward in whatever is undertaken, even to completion of the church building.

Rev. George Dale of Tahoka conducted the meeting, bringing messages of truth that roused to earnest endeavor all who heard him. He performed baptismal rites Monday morning at the gravel pit for 15 persons. He leaves the church grown not only in numbers, but in spiritual strength as well. Rev Dale was preferred the pastorate of the Quitaque church, but declined stating that he felt that his work in Tahoka was incomplete.

SACHSES VISIT IN DALLAS

Mr and Mrs F M Sachse spent the latter part of last week in Dallas visiting their son, F M, Jr., and family and getting acquainted with their newest granddaughter Miss Sondra Elaine Sachse.

Incidentally, Grandpa Sachse stated that he was not afflicted with heart trouble as he had been advised by medical authorities several months ago and a number of x-ray examinations had so determined. Mr Sachse had been advised by the physician attending him during a recent illness not to drive his auto. After the x-ray examinations and subsequent findings another physician advised him differently of his condition and told him there was no cause for him not driving his car—so he and Mrs Sachse "took off" for Dallas with him driving the round trip and feeling none the worse for it, he says.

ANNOUNCEMENT IS MADE OF JUNE WEDDING

Announcement was made Sunday, August 25th, of the marriage on June 29th at Silverton of Miss Lilly Belle Payne and Cecil Reagan. The ceremony was performed by a justice of the peace and witness by the bridegroom's sister, Mrs Aubrey Preston.

The bride is the daughter of Mr and Mrs Cecil Payne of the Grey Mule community. Mr Reagan, who is the son of W E Reagan of Quitaque has been working several weeks in Spearman and upon announcement of the marriage his bride joined him there.

It lies within our power to make every day a good day.

Methodist Societies Are Re-organized

A meeting for the purpose of re-organizing the Methodist missionary societies was held at the church Monday afternoon. The societies of the old church organization were dissolved and under the new unified Methodist churches the women societies will be called Women's Society of Christian Service. There were 17 present at the meeting Monday afternoon.

The meeting was called to order by Rev. Sherrill and the hymn, "Faith of Our Fathers," was sung by the group.

A report was given by Mrs J H Hughes for the nominating committee of the new organization and the following were elected to office:

President, Mrs J H Hughes; vice president, Mrs Ed Grundy; recording secretary, Mrs W R Scott; corresponding secretary, Mrs G Tunnell; treasurer, Mrs H G Gardiner; secretary of missionary education, Mrs Joe Graham; sec. of Christian Education, Mrs V T Hall; sec. of literature and publicity, Mrs Jim Tunnell; sec. of supplies, Mrs W O McFall; sec. of children's work, Mrs Leslie Curtis.

A report was given by Mrs Raymond King for the nominating committee of the Wesleyan Guild and the following were elected:

President, Mrs Leslie Curtis; vice president, Mrs Mort Hawkins; recording secretary, Miss Bernice Puckett; reporter, Mrs Victor Cliett; treasurer, Mrs Bill Middleton; program chairman, Miss Minnie Mae Roberson; publicity chairman, Miss August Owens.

Mrs Joe Graham gave a report on the meeting she had previously attended concerning the re-organization of the societies.

It was decided to hold the schedule program for charter membership at the church tonight (Thursday) at 8 p.m. Offering will be taken at this meeting.

CIVIL SERVICE EXAMINATIONS

The United States Civil Service Commission has announced open competitive examinations to fill personnel technician positions in the Federal Government. The examinations cover the following grades: Personnel technician (tests and mea-

Jr-Sr. Culture Club Has Business Meeting

The Junior-Senior Culture club held its first regular business meeting of the year Tuesday night, Sept. 10 with Mrs Raymond King as hostess.

Officers of the club are the following: Mrs Edna Cox, president; Mrs Raymond King, vice president; Miss Seney Persons, recording secretary; Miss Mary Lee Cooper, corresponding secretary; Mrs C T Rucker, Jr., treasurer; Mrs Leslie Curtis, reporter; and Miss Claryce Whitten, parliamentarian.

The year book committee is composed of Mrs Raymond King, Mrs C T Rucker, Jr., and Mrs Victor Cliett.

The program committee includes Miss Mary Lee Cooper, Mrs Leslie Curtis and Miss Seney Persons.

Misses August Owens and Bernice Puckett and Mrs J W Lyon, Jr., are to serve on the social committee.

Mrs Victor Cliett was appointed Federation counselor.

Plans for the club's annual Halloween carnival were discussed.

New members present were Miss Bernice Puckett and Mrs Victor Cliett.

The club's first social will be given next Tuesday night, Sept. 17 with Miss August Owens as hostess at the home of Mrs P. P. Rumph.

surements), \$3,800 a year; also senior \$4,600; associate, \$3,200; assistant, \$2,600; and junior, \$2,000. The salaries are subject to a retirement deduction of 3 1-2 percent.

Applications must be on file with the Commission's Washington office not later than October 7 if received from states east of Colorado, and not later than October 10 if received from Colorado and states westward.

Applicants must have completed a 4-year college course with specified study in psychology. In addition, except for the junior grade, they must have had experience in research in the development and application of group psychological tests of aptitude and proficiency. For all grades the experience must have been of a standard appropriate for the grade of the position. Applicants for the junior grade must not have passed their

INEQUITABLE TAXATION

"A drive to collect a quarter of a million dollars in delinquent ad valorem taxes is being started in Dallas County," observes the Denison Herald. "Delinquent taxes of all kinds in Texas total more than \$125,000,000."

"It is irony in that our tax system actually penalized taxpayers who meet their government obligations promptly, this accumulation of delinquent taxes—brought about by those who do not pay—necessarily causing a heavier burden on those who pay."

"Those who fail to pay are getting a free ride on the shoulders of those who pay. 'That,' says the Texas Weekly, 'is inequitable taxation with a vengeance.'" —Texas Weekly
