QUITAQUE BRISCOE COUNTY, TEXAS

THURSDAY, JUNE 15, 1950 5c Per Copy

NUMBER 22

BEN GUILL REPORTS TO THE PEOPLE

If the decision of the Supreme Court on the Texas Tidelands case made the people back home half as angry as it did the Congressmen up here in Washington, then the air must have been blue last Monday all the way from Perryton to Childress and from Farwell to

The decision stole a billion dollars out of the pockets of our Tex-as school children. It also broke the solemn word of the United States government, given in 1845 when Texas voluntarily joined the United States.

There is a bill which would overrule the decision of the Supreme Court being considered by the House Judiciary Committee this waek. It will undoubtedly be re-ported out favorably and the House will undoubtedly pass it if it comes to the floor. Unfortunately, it looks as if there will not be time for the Senate to pass it and even if it did, the President would certainly veto the bill.

The tidelands area embraces 2,-608,774 acres of shallow, submer-ged lands which have been legally within the boundaries of Texas since the first session of Congress of the Republic of Texas in 1836 The tidelands were specifically gi-ven to Texas for all time in the Joint Resolution annexing Texas to the United States in 1845.

In 1933 Mr Harold Ickes, then the Secretary of the Interior, stated that tidelands generally could not be appropriated except by authority of the sovereign states. But, three years later, "The Old Curmudgeon" began to have his doubts, and with those doubts the fight for Federal appropriation be-

believed that specific permission from Congress would have to be obtained if the tidelands were to be appropriated. They asked the 75th and the 76th Congresses for that permission and were turned down cold. After this, Mr. Ickes a-gain reversed himself, and on April 19, 1943 he told the Truman committee he disapproved of litigation in regard to submerged lands. In June, 1944, he reversed himself for the third time and tried to move in on the tideland States. At this point the States went to Congress and sought re-lief. The House passed a resolution on September 20, 1945 favoring the tidelands. States by a vote of 108 to 11. The Senate passed a similar resolution on July 22, 1946 by a 44-34 vote. So President Truman vetoed the Bill, on August 1, 1946. The House failed to override the veto by a mere 17 votes, 139 to 95.

The bureaucrats, suddenly deciding that they didn't need Congressional approval to steal the tidelands after all, especially since that approval wasn't forthcoming, sued the State of California for possession of its underwater lands. The Supreme Court decided against the State of California in June

The matter was brought up before the 80th Congress again and this time, on April 30, 1948 the Tidelands bill passed by the over-whelming majority of 257 to 29. (Remember, this was the so-called

But, all this was in regard to the tidelands in general and had little to do with Texas. Texas had been tidelands through a solemn agreement with the United States go-vernment, as a condition under which she joined the Union. The United States Attorney General's office chose to consider the solemn word of the United States as unimportant, and sued Texas way. The Supreme Court, on Black Monday, June 5, 1950 also decided that the solemn word of the United States government isn't worth the paper it's written on.

The decision simply "legalizes" theft. It also leaves all of us Texans with the problem of raising a billion dollars in tax money the years to support our public schools. That money would have been forthcoming from the revenue from oil-reproducing wells in te tidelands area.

But there are other implications.

Briscoe NFLA Elects Board of Directors

tion held its annual stockholders meeting at the office of the as-sociation at Quitaque. There were 23 members and 2 visitors present. Purpose of the meeting was to

elect a Board of Directors, and officers of the association for the new year. J. B. Bray was the only member of the Board of Directors whose term had not expired. Dir ectors elected were Luke Lane of Turkey, Bill Edwards and Carroll Garrison of Silverton and J. A. Mayfield of Quitaque. The chartered territory of the Briscoe NFLA is all of Briscoe County and Precinct No. 4 of Hall County.

A report of the past years operaof the association was given by J.
T. Persons. Secrets. tions and the financial condition who also stressed the need and responsibility of the members to advise their friends and neighbors of the advantages of, and purposes for which Federal Land Bank Loans may be made.

The Secretary-Treasurer also

pointed out to the stockholders that they were the sole owners of the Briscoe NFLA and that National Farm Loan Association of Texas owned the Federal Land Bank of Houston — that the Federal Land Bank was NOT a go-vernment institution, the government has no money in the FLB it is a cooperative landing agency completely owned by the farmers and ranchers of Texas, who have FLB loans, and who receive dividends on the NFLA stock from the the Federal Land Bank.

After a short question and ansver session, and talk by Leo White, County Agent of Briscoe County, refreshments of ice cream and cake were served by Sue Barnett, assistant secretary-treasurer, assisted by Lila Fern Jones.

of the Following adjournment stockholders meeting the Board of Directors met and elected the fol-lowing officers: J. B. Bray, re-elected president; Bill Edwards, vice president; J. T. Persons, secretarytreasurer and Sue Barrett, assistant secretary-treasurer.

Flomot Social June 30

There will be a weiner roast for the children, also games, cards and domino tables for the men. (Any-one having a card table, chairs, and dominoes is urged to please bring them.)

Cookies, cake and punch will be

cookies, cake and punch will be served to all present.

There will be no charge whatsoever on anything. Folley-Flomot HD Clubs are contributing the necessary funds for this community gathering.

So don't forget folks, the fun begins at 8:30 p.m., at the Flomot School House, on Friday night,

"worst" Republican Congress.) Administration pressure prevented the tidelands bill from getting out of committee in the Senate. The bill died.

Government the green light to move in on anything it wants within the sovereign states. Mr. Philip B. Perlman, the United bill died.

Come out and get acquainted with him. Morning service 10:30; evening service 8:30 p.m.

Sunday afternoon there will be states Solicitor General who is so singing. If you like to sing, come pleasant get-together at the Citys out and here with here. The present was a way of the light to come out and get acquainted with him. Morning service 10:30; evening service 8:30 p.m.

Sunday afternoon there will be states Solicitor General who is so singing. If you like to sing, come pleasant get-together at the Citys of the Morring service 10:30; evening in honor of the visions and their families. Wednesday evening in honor of the visions and their families with him uncles, the Morring service 10:30; evening servi fond of quoting Communists and out and be with us. This will be a Park Present were the visions fellow-travellers as authorities in his briefs, was asked recently if the tidelands decision would affect the Great Lakes. "I don't know," he said. "Let's find out if there's Northfield. Time 2:30 p.m. anything in the Great Lakes the government wants.

If the Federal Government, in its greedy quest for control of every natural resource in the country, can claim that the McClellan Creek (which is four inches deep in some places) and any other stream in which you can float a log is "navigable" it can also de-clare that the Canadian River or even our Panhandle field tanks "tidelands" thus subject to Federal ownership and control.

Texas had the law, tradition, the word of the Government and the Congress on its side in the tidelands controversy. The Administration merely had greed. Greed

On Some It Showered On Some It Poured

More showers and downpours fell in this area over the weekend. Some farmers east of Quitaque, and south of town received a real cloudburst Saturday night, and many are replanting. I Cracken said he got 3 Ike Reed reported 3.08 i es. Bill Helms got 3 inches on place and 3 and a half en another. C. E. Anderson said his place was standing in water. Many terraces were sions washed down and cannot be replaced this year.

the doctor ordered. South of town the fall was fine and in the right amount. In town the fall was light—the government gauge reader is out of town so no official report is possible.

Hot dry winds are using up the moisture pretty fast and the Amarillo air field weather reporter noted that we were having record heat for June.

Construction Underway More To Come

Work was resumed on the new Methodist church building this week when the material finally arrived which had held up construction for several weeks. The work on the roof is showing up fine, and progress is good.

Up in the northeast part of town the foundation for a new house has been poured and work is getting under way for construc-tion of a home for Mr. and Mrs. Wayne Hunter. This house is located just west of the Jake Mer-

Work on the Otis Purcell home was delayed by lack of material—sheetrock for the interior walls so Otis made use of the time to build a pret rock fence across the front of his lot. This pretty brick and stone house is very attractive, with two bedrooms, a bath (with blue fixtures large living room and dining room, with picture windows, and a lovely cross-coun-try view in the rear; a roomy kitchen and dining alcove, connected garage (with heavy stop-bar, to keep the women drivers from running thru the house, says Otis), and two basement rooms.

Claude Cantrel is working over his big house on the west highway and preparing two apartments in it. The house has been stuccoed and windows repaired and the interior is being completely redone, and modernized.

Gene Berry is finishing two buildings, the one down town lack-ing the concrete floor and some finishing up. He is also putting up a building on east Main highway where Johnny Cagle will operate

The most interesting construc the most interesting construc-tion story in Quitaque has not been released for publication, but as they say in the big dallies— watch this space for the big story next week.

AT THE QUITAQUE CHURCH OF CHRIST

FREE FACIALS AT BURGESSES Mrs. Jean Truly, representative of the Du Barry Beauty preparations, will be in Quitaque the week of June 19 thru June 24 at the Burgess Pharmacy where she will give free facials and demonstrate the Du Barry line of cosmetics. You are invited to call the store for appointment.

Mrs. Sylvia Miller of Fort Worth was here last week visiting rela-tives and friends. Friday she was a dinner guest in the Doc Thomas home, other guests being Mr. and Mrs. John Garner and Corky and Silverton hospital Tuesday

Quitaque Boys Injured When Car Hits Culvert Melba Jo Woods Wed

Three Quitaque boys were injured in a car wreck about 2:30 Sature day morning, when their 1941
Buick hit a concrete culvert on the highway near Hulver. Lob Hamilton, driver of the car receivant Mrs. W. W. Woods, and Truman (Tub) Merrell, son of Mr. and Mrs. W. W. Merrell. They were ed a sprained ankle, Duke Woods, owner of the car has a gash in his head which required three stitches to close, and Joe Bob Ward received severe facial bruises and abra-

taque, when the steering gear on As usual the fall varied and in the car apparently went haywire, spots the moisture was just what several times after striking the culvert, and was badly wrecked.

The boys were taken to Estelline to a doctor by some colored men who passed shortly after the accident. The nightwatchman at Estelline brought them home after they received first aid, taking them to the Hamilton home, and Sunday they were taken to the Matador hospital for further treatment and more complete examination

All of them are getting along

Last Rites Will Be Held For Mrs. P. L. Hancock

went to press that Mrs. P. L. Hancock, of Hobbs, NM., mother of Mrs. Jim Rhoderick, had passed away at 2:30 p. m., this (Thursday) afternoon. Funeral services are set for Saturday afternoon at 3 o'-clock at Hobbs.

Mrs. Hancock had been in failing health for some time. Recently she fell at her home and suffered an injured shoulder and had nly recovered from that when she fell again, about a week ago, and received a broken hip. Her condition was so serious that Mrs. Rhoderick was called from Temple where she had gone for treatment to her mother's side, and she has been with her since last week. Mr. Rhoderick left immediately for Hobbs, when he received the death

GOOD WORK ACCOMPLISHED BY HM ADULT CLASSES

Mrs. Leonard Crabb, homemaking instructor in the Quitaque schools, reported this week that the homemaking department had earned an extra credit through adult classes winch were held the latter part of the school year, and also these classes had accomplished quite a bit.

During this period in Interior Decoration classes, two chairs were upholstered, one in cretonne and one in tapestry material; one chair was upholstered in plastic, a kitchen was papered and two buffets were refinished.

In the Sewing class, buttonholes were made on the attachment at school, numerous garments were made for adults and children.

At the close of school the adult class presented Mrs. Crabb with enough plastic material to cover

wards is attending a Public Relations school in Pennsylvania, leaving her "stuck" with the two small sons in Louisana. However she says she has company having met up with Mrs. Isabel Shelburn, (formerly Isabel Hollamon) whos (formerly Isabel Hollamon) whose husband, also a lieutenant in the army air corps, has been sent to England, leaving her and her small son in Louisana. Mrs. Shelburn's mother, Mrs. M. A. Hollamon, of Lampassa also has been in Louisana. Maribel writes, "It's like old home week around here. Just shows that no matter where you are there is someone there you are there is someone there from Quitaque." The Hollomans and also Mrs. Edwards are former Quitaque residents.

INJURED IN CAR CRASH

Martin A. Holloman, son of Mr and Mrs. M. A. Holloman of Lampasas, was seriously injured in a carwreck near Bryan, Texas on Sunday, June 4. Relatives here were told that the accident happened at the crest of hill, when te car which Martin A. was driving met another car which was turn ing in the road, and his car turned over as he swerved to avoid hitt ing the other vehicle. The young man in the car with him received minor injuries. Martin A. received a skull fracture and is reported in

serious condition.

The Holloman's formerly lived at Quitaque and have many friends here. Martin A. is about 22 years old. His mother, who was in Louisana with her daughter Mrs. Isabel Shelburn, was called home and is in Bryan where her

Mrs. J. C. Rhoderick jr., and son Jimmy left this week for a visit with her parents Rev. and Mrs. R. E. Harrison at Orange. Her sister Mrs. M. L. Booth and small daughter Iris of Lamar, SC., also will be visiting her parents.

It's the best-Electric Cooking

FAST . . . electric "speed-units" now cook faster than any other method. They bring food to cooking temperature with unbelievable speed, and cook it at just the right temperature for the most flavorsome and nutritious results.

nutritious results.

COOL... the heat goes directly into the food and not into the air and kitchen. The days of hot, stuffy kitchens are over when you use flameless, clean electric cooking.

SIMPLE... as turning on your kitchen light. A flick of the switch and you're ready to cook. Baking, broiling, roasting, surface, deep-well, and pressure cooking are all equally simple.

AUTOMATIC... you've got a thrill coming when you can take the afternoon off, and have your supper ready for serving when you return. Electric cooking's automatic timing will "chef" for you, turning your oven on and off at just the right time, while you are enjoying a game of Bridge or Canasta.

Better for your home

CLEAN ... you have freedom from combustion. No smoke, soot, furnes, or odors can come out of an electric coil to make your kitchen walls dark and dingy. This clean, flameless heat helps keep pots and pans bright, too.

CONVENIENT...once you cook electrically, you'll wonder why you stayed so long with horse-and-buggy methods, as old-fashioned as

MODERN . . . electricity is as dependable a servant for cooking as it is for lighting your home. Yes, today, the modern way to cook is the "electric way."

LONG LIFE... your electric range is built to be a permanent part of your home. You have a right to expect—and you will get—many,

Better for your family

SAFE... no matches, no fire, no fumes to bring hazards into your kitchen. Since electric cooking is flameless, no oxygen is removed and the air is not over charged with nitrogen to sweat up the walls.

HEALTHFUL... less water is used when cooking electrically; foods cook in their own juices, retain garden-fresh flavor and food values which are so often lost and carried off with the fumes of combustion in other methods of cooking.

ECONOMICAL... there's no wasted heat with electricity. Faster than ever, electric cooking gets the job done quicker and low-cost electric cooking rates bring operating costs way down.

MORE FREEDOM... your electric range requires less attention from you in the kitchen; its automatic features free you to devote more time to your family, more time to the pleasures of life. Its gleaming porcelain is so easy to keep clean...you'll be out of your kitchen in a jiffy after mealtime.

See Your Electric Range Dealer Today!
