"Judge not, that you be not judged." Matthew 7:1
Our Lord is here giving fair
warning to all who will hear that
as we think of our fellowman, we
should not allow ourselves the
privilege of judging the rightner. privilege of judging the rightness or wrongness of his actions and words. There are many reasons for this, but we will here set forth

First, judge not because you are not in possession of all the facts. There may be facts that are not evident to the passing eye that have led, or even forced, the man have led, or even forced, the man to do the thing that he has done. The American Indian is said to have a saying: "Do not judge a man until you have walked a mile in his moccasins." Under the same circumstances, we might have done or said the same thing (or worse) than our fellowman said or did.

Second, judge not because the bare, the Lord will pronounce our

time for the trial is not yet. A life should not be judged until it is finished. Man is given the op-portunity to make restitution for

Third, judge not because, if you do, you yourself will be judged. You will be judged in the same manner that you have judged, If you have not shown merey in your judgment, you will be shown no merey. Someone has said, "On the Judgment Day, I do not desire justice, but merey." Justice would demand payment for sins as well as offer reward for virtue but judged a film shown them end.
