## THE HARMONS ENJOY VACATION TRIP

Mr. and Mrs. R. J. Jarmon left Quitaque Thursday afternoon, August 22, driving to Granite Shoals where they spent the night with her brother and wife, Mr. and Mrs. Claude Fletcher. The next day they drove to Aransas Pass where they planned to deep sea fish but were told they could not go out until the following Monday. They rested, drove on the beach and did some shore fishing and sightseeing. Monday morning they went out on the boat about four miles and Lolita Belle reports she didn't do much fishing, because she got sea-sick. Others, who were more experienced with the water, reported they were also sick because of the choppy waters.

Tuesday morning they drove to Port Arthur and spent the night with her sister, Mrs. Lou Nutt. Wednesday they drove to Dallas and visited another sister and husband, Mr. and Mrs. Delmar Davis, returning home Saturday.

Mr. and Mrs. John Hutton and girls of Mineral Wells and Mr. and Mrs. Ray Burch and girls of Amarillo visited with Mr. and Mrs. R. V. Johnson over the weekend.

Johnnie Powell of Shamrock spent the weekend with his parents and on Sunday their daughter, Mrs. Gene Payne and girls, also of Shamrock, drove to Turkey for the afternoon.

Ted Barnhill of Muleshoe came to Turkey Labor Day to see his mother and also to hunt doves. Mrs. Ted Barnhill and children spent the weekend at Six Flags and returned home via Turkey to visit with Mrs. Laverne Barnhill and other relatives.

Mr. and Mrs. Ralph Mescham hosted a fish fry Monday night and those attending were Patricia and Mike Killman of Lubbock; Mr. and Mrs. Sonny Mescham and girls and Paulette Lipscomb and daughters, all of Turkey.

The 1975 football season officially opens Friday night with the Patriots taking on the Chillicothe Eagles on Valley's new football field.

The Patriots will be starting their fourth season since Quitaque and Turkey consolidated their schools to form Valley ISD. Valley has started each season by playing Chillicothe in the opening game but the Eagles have won every year, each one a squeaker for the Eagles although they have been heavily favored to win just about as they pleased. Each year, however, the Eagles have had to struggle to capture the win and with a little luck the Patriots could have won all three of the previous contests.

This year the Patriots have their muskets loaded and they plan to shoot down those Eagles and start off right on their brand new football field.

Coach Hulsey and his squad start this season with a completely different set of circumstances, too. Last year the Patriots started the season with two winless seasons behind them and that streak stretched into 21 losses, but the 22nd game became the first win ever and from that point on things were different. Although the Patriots lost their first two district games by a narrow margin, the team went on to a winning season, and was the best defensive team in the district, shutting out five opponents over the season.

This year's team is the most experienced and also is heavier than any previous Patriot squad, although there are still no real big men in the lineup. The Patriots, however, have always been scrappers and asked no quarter from bigger opponents and this one is spirited, too.

Last week the Patriots scrimmaged Class A Wheeler here at Valley and Coach Hulsey was real pleased at the showing of the Patriots in that scrimmage.

Coach Hulsey says he will probably start the following lineup: On offense: Ends, Pepper Jones and Reggie Cathey; Tackles, Bruce Patrick and Ernie Lucero; Guards,

Jeff Tiffin and Rex Fuston; at Center, Jimmy Davidson; Quarterback, Ron Eudy; Backs, Brian Wheeler, Barry Wheeler and Scotty Setliff.

On defense: Noseguard, Dave Patrick; Tackles, Bruce Patrick and Rex Fuston; Ends, Barry Wheeler and Pepper Jones; Linebacker, Brian Wheeler and Ernie Lucero; Cornerbacks, Scotty Setliff and Randy Woods; Halfbacks, Ron Eudy and Reggie Cathey. Game time is 8 o'clock.

## Friday Is Color Day

Friday, September 5 has been designated as Red, White and Blue Day. The Valley Booster Club passed this resolution declaring Friday as Color Day in their meeting Tuesday night.

The club urges everyone to wear something Red, White and/or Blue to the first game of the Valley Patriots for the 1975 football season. Come out and support the Patriots.

Dodge Hollingsworth of Turkey is a patient in the Hall County Hospital this week.

## Arnold Rites Held

Services for Ola Edna Arnold, 75, of Hobbs, New Mexico were at 10:00 a.m. Saturday at the First Christian Church with the Rev. Erel Stopp, pastor, officiating.

She died Thursday, August 28 at 4:30 p.m. in Memorial Methodist Hospital in Lubbock, where she had been a patient for five days.

Pallbearers for the Hobbs service were Mr. Arnold's brothers: Denny, Henry, Bobby, Edna, a nephew, Eddy Paul, and a brother-in-law, Lee Ledbetter.

Graveside services were at 4:30 p.m. at Littlefield Memorial Park in Littlefield, with arrangements handled by Hammons Funeral Home of Littlefield. Pallbearers for this service were Jim Baisden, Bobby Arnold, Mac Vann and Wade Streety.

Mrs. Arnold was a native of Wharton and was a charter member of the First Christian Church in Hobbs, having united with that church in 1934. Mr. and Mrs. Arnold were married May 15, 1925 at Plainview. She was a retired teacher who formerly taught in the Wolf Flat School.

Her survivors are her husband, Dave Arnold of Hobbs, and a brother, Emmett Baisden of Turkey.

## STUDENTS ATTENDING AREA COLLEGES

Brenda Phelps, Susan Taylor, Quitsque, Joan Crossell, Celia Guest, Kay Eady, Turkey, are enrolled two days each week at Clarendon JC; Patricia Maupin is commuting three days a week. Bruce Tiffin is also enrolled at Clarendon JC.

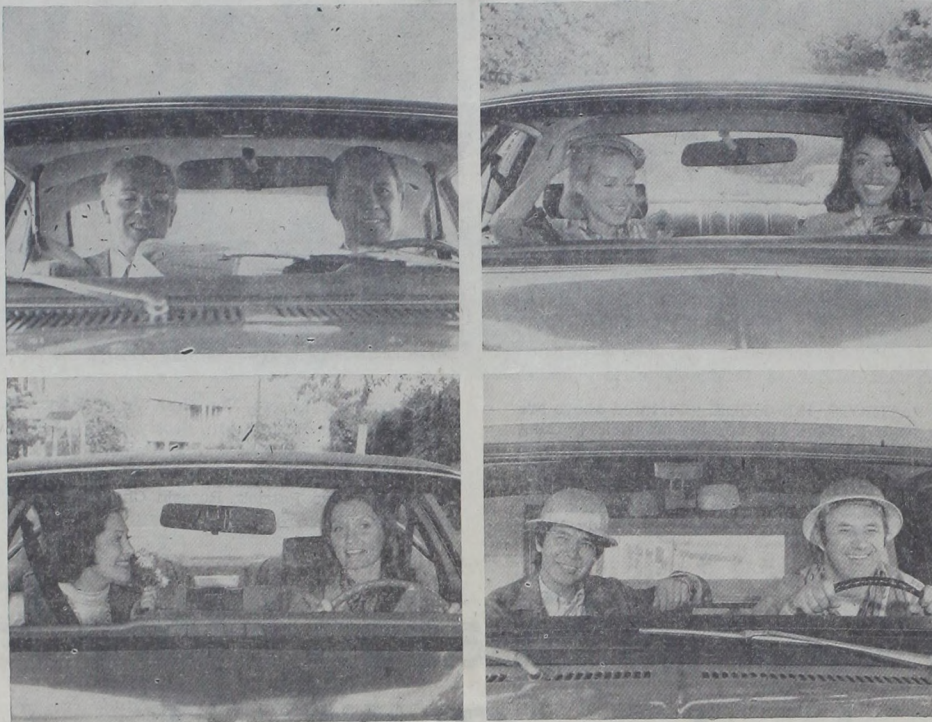

Handy Green and Snitty Lane are attending TSTI in Amarillo; Kim Ham, Cheri Brown, Norman Mullin, Scott Eudy, Steve Eudy and Kim Coker, Texas Tech, Lubbock; Eva Cheatham, Cheryl Merrell, Wayland, Plainview; Jane Duncan, Kenny Setliff, WTSU, Canyon; Jerry Merrell, Dental School at Baylor University, Waco; Rex Adamson and Charmaine Fuston Adamson, Texas Tech, Lubbock.

Salt Jones and Gene Payne are at East Texas Baptist College, Marshall; Scooter King, Stephen F. Austin, Nacogdoches; Steve Sublett, Texas A&M, College Station.

If there are others, and we feel there are, please give us the information. We are proud of the accomplishments of our students.

MERRELL FOOD OWNER Jake Merrell announced this week that a project his firm has been working on for several months is now complete and they have moved into their shiny new processing plant in the east part of Quitaque. In this new plant they will be able to butcher, cut up and process the meat for the lockers in the new slaughter house which features a new freezer, cooler, saw, grinder, etc., all in very sanitary conditions. The Tribune will have more pictures of the new plant and its operation soon.

# Double up, America.

## Two can ride cheaper than one.

If you drive to work by yourself, you're spending twice as much money on commuting as you should.

That's too much.

Cut it in half. Take a friend.

Not only will your daily commute cost you half as much, but that monotonous trip will be a lot more pleasant.

Let's double up. Carpools are a great way to get where we're going. Faster and cheaper.

## GOD CARES FOR YOU

Have you ever pondered the thought: "If God cares about making every single snowflake different, how much more must He care about me?" Our lives become so busy with the normal and even necessary things of life that we fail to appreciate how much God really cares for us.

Look at the dimensions of God's love! God's love has height — perspective. He sees us in the whole of things, and his love transcends any mistake in direction that we might take. God loves us deeply. This kind of love reaches down to our lowest moments—when we feel that we have failed, when we have sinned, when we are lonely or depressed. The length and breadth of God's love surrounds us no matter where we may go, no matter how alone we may feel. He cares! "For I am convinced that nothing can ever separate us from his love. Death can't and life can't. The angels won't and all the powers of hell itself cannot keep God's love away."

As a husband and father, I can understand how important and wonderful love is. But I can never totally comprehend the magnitude and closeness of God's love for me. May we extend to you a cordial invitation to worship God with us Sunday at 10:30 in the morning and 6:00 in the evening. Brother H. L. Gipson will be preaching.

Gragson - Smith  
 Vows Exchanged

Miss Debra Jo Gragson and Mickey Wes Smith were united in marriage August 12, 1975 at 8:00 p.m. in the Turkey Church of Christ with Brother Lewis Hunter officiating the double-ring ceremony. Vows were spoken under an array of candelabra, entwined with pastel rainbow-colored ribbon.

The bride wore a white satin empire-waisted dress with an overlay of chiffon. A long veil, encircled with lace, complimented the gown. She carried a white Bible covered with satin bows and lace topped with a bouquet of yellow daisies.

Her something new was her dress; something old was a cameo necklace of her mother's; her something borrowed was the Bible she carried, which belonged to the groom's grandmother, Mrs. Lottie Garrison, and something blue was her garter. She wore two pennies in her shoe, one for each of their birthdates.

The bride's mother wore a long blue dress of satin with sheer chiffon sleeves. Her corsage was of white carnations with pastel ribbon. The groom's mother wore a long yellow dress of satin with a matching jacket. Her corsage was white carnations with pastel ribbons.

The maid of honor was Miss Tanya Loury. She wore a princess-style dress of mint green checked dotted swiss. She carried a long-stemmed yellow carnation with pastel ribbons and wore a white hat accented with a checked bow.

Candlelighters were Miss Jammie Meacham and Miss Melody Cruse. Miss Meacham wore a pink dotted swiss dress with a white hat and matching bow. Miss Cruse wore a yellow dotted swiss dress with a white hat and matching bow.

Flower girls were Misses D'Anna and D'Vona Smith. D'Anna wore a blue checked dress of dotted swiss and carried a white basket trimmed with blue satin. D'Vona wore a pink checked dotted swiss dress and carried a white basket trimmed with green satin.

Robert Gragson served as best man. Groomsmen were Lee Cruse, Brett Cruse, Shane Smith and Lyndall Couch.

The bride's reception table was overlaid with a white lace cloth. A bouquet of white, pink and yellow carnations, flanked on either side by yellow candles, served as the centerpiece.

The groom's table was overlaid with a chocolate brown cloth and an arrangement of flowers with a silver service set served as the centerpiece.

Misses Shonda Smith, Renee Smith and Kim Stewart served refreshments at the bride's table. Misses Evelyn Gragson, Laura Gragson and Carlos Stewart served at the groom's table.

Miss Cindy Meacham registered the guests. Mrs. A. E. Gragson played the piano.

diagnostic assistance demanded in modern patient care, performing various chemical, microscopic, bacteriologic and other medical laboratory procedures used by physicians in the diagnosis, study, treatment and prevention of diseases.

Mrs. Hamilton  
 Is Honoree

The home of Mrs. Murry Morrison was the scene for a recent pink and blue shower for Mrs. Roland (Becky) Hamilton. The date was July 29, 1975 and the hours were from 4:00 to 5:30 p.m.

Mrs. Hamilton was presented with a corsage of roses made with baby socks.

The centerpiece on the serving table was a Raggedy Ann doll surrounded with greenery. Refreshments were homemade cookies and punch.

The hostesses were Patricia Maupin, Susan Taylor, Kay Myers, Brenda Phelps, Babara Saul, Norleen Morrison, Kay Calvert, Mary Wallace, Seritha Helms, Elaine Harmon, Billie Sue Harmon, Nancy Price, Elois Price and Judy Morrison. Their gift was a playpen.

Other gifts were a high chair, diaper hamper, food warmer, diaper sets, etc.

Mrs. Bertie Pyatt had Mrs. Kay Dodge of Childress as her guest one day last week.

THERE'S  
 MORE TO  
 LIFE THAN A  
 PRETTY BALLOON!

A bouncy red or yellow balloon is the symbol the world over of good fun and happy feelings. There's rarely a festival, a fiesta, or a fair held anywhere without the familiar balloon vendor strolling through the crowd, selling happiness for a few pennies. Parents buy them for their kids and young men present them with a flourish to their girl friends. Just why a balloon is so much fun isn't clear, but one thing is certain — the pleasure never lasts. The air leaks out, balloons unexpectedly pop, careless fingers send them soaring away forever. But there is a far greater pleasure to be found that will last for an eternity. It is the happy pursuit of a Christian life and you can find out all about it this Sunday — in church.

## Lance Point May Help Determine If Comancheros Lived Near Quitaque

The discovery of a lance point of Spanish origin at the archaeological dig at the Merrell-Taylor site near Quitaque may help determine whether Comancheros once lived at the site.

Dr. Gwin Morris, executive director of the Llano Estacado Museum on the Wayland Baptist College campus in Plainview and chairman of Wayland's Division of Social Sciences, said that the archaeology crew has unearthed several "specimens" at the site in

their efforts to determine the kind of people who once lived there.

"We hope that the discovery of the lance point specimens will help us determine whether there could have been Comancheros living at the Merrell-Taylor site," explained Morris. "The archaeology crew would like to find concrete evidence of a Comanchero culture at the dig because archaeologists have never before excavated a known Comanchero site."

Morris added that the Coman-

chero, usually a mixture of New Mexican and Indian blood, existed primarily on the profit made from trading with the Plains Indians and rarely settled in one spot.

Under the direction of Eddie Guffee, the crew has made several discoveries that indicate that the inhabitants of the Merrell-Taylor site a hundred years ago were of a Spanish culture. The corner fireplaces found in the dugouts were of Spanish origin, and the broken trade pottery found on the slope below the dugouts was of Taos Indian origin. The Spanish lance blade, however, has been the most convincing evidence that the Merrell-Taylor inhabitants, if not Comancheros, were at least of Mexican or Spanish origin.

The lance blade, approximately 19 inches in length, was found inside one of the dugouts, not far from the tunnel-like entry way. It is identical to a lance blade found at a Comanche burial site in '91, and is thus indicative of the type of trade item popular with the Plains Indian tribes. Guffee feels that the lance blade, definitely of Spanish origin, gives evidence that the Merrell-Taylor inhabitants could very possibly have been Comancheros.

The archaeology crew plans to finish digging soon, at which time the artifacts found will be cleaned and classified and a final report made.

## Women For Wayland To Have Meeting

Women for Wayland, an organization that supports and promotes Wayland Baptist College, will have its first fall meeting on September 5 at 9:30 a.m. in Slaughter Center on campus.

Following an early morning coffee and getting acquainted period, the Wayland supporters will attend the chapel service at 10 o'clock with the students. The group will have brunch together in the Recital Hall at 11 a.m., discuss business and projects, and be entertained by Wayland's Music Department. A guided tour of the campus will conclude the meeting.

Mrs. Shelby Baucum, president, said that dues are \$5.00 per year and that the group will meet three times during the school year.

Mr. and Mrs. H. B. Finney visited his sister, Mrs. C. W. Shaw, and husband in Gotebo, Oklahoma from Wednesday until Sunday. On Thursday, the Finneys and the Shaws drove to Wichita Falls to visit another sister, Mr. and Mrs. H. C. Reed. The Finneys returned home Sunday.

Recent visitors in the home of Mr. and Mrs. H. B. Finney were his cousins, Mr. and Mrs. I. E. Sterne of Boling, Texas. They spent the night.

## FEDERAL DECONTROL OF OIL PRICES WILL COST TEXANS

Comptroller Bob Bullock said Friday that federal decontrol of oil prices will cost Texans many times more than it will produce for the state treasury.

"Even as rich as Texas is in oil, Texans will come out the losers," Bullock said of President Ford's threatened veto of continued controls.

Bullock forecast that decontrol would cost Texas consumers during the next year \$625 million in higher gasoline prices and yield only \$170 million to the state in additional tax revenues.

"A poor trade," Bullock said. Bullock said that the mammoth tax bill Texas faces in 1977 might be dented but it won't be knocked out by increased oil tax income.

Bullock said his projection on consumer gasoline costs were based on an eight-cent a gallon price rise as a compromise between the three cents the Ford Administration talks about and the 15 cents it could be.

He said the oil estimates were based on oil prices of \$10.50 a barrel.

The estimate foresees only a slight decrease in consumption with an eight-cent price increase, Bullock said. He said that higher oil prices would increase market values for production tax purposes worth \$154 million and that "a rippling effect" on franchise taxes, sales taxes, utility taxes and state oil lands royalty earnings would bring in another \$16 million during the coming year.

"But whether it's additional taxes or additional gasoline prices, it all comes out of the same pocket—and you know whose pocket that is," Bullock said.

Bullock said that the impact of any new exploration for Texas oil—the industry's reasoning for decontrol—"remains to be seen."

## DR. KEITH CLARK WILL BE NEW VETERINARIAN FOR M.F.

Dr. Keith A. Clark, a native of Marble Falls, will be awarded the degree of Doctor of Philosophy in Veterinary Pathology by Texas A&M University in the summer commencement exercises.

Dr. Clark was the valedictorian of the 1960 graduating class of Marble Falls High School, and holds two previous degrees from Texas A&M, the Bachelor of Science (with honors, 1964) and Doctor of Veterinary Medicine (with honors, 1965). During his college career, he received numerous honors, including being named to Who's Who in American Colleges and Universities. Upon graduation from the U. S. Air Force Veterinary Corps, he was discharged as a Captain in 1969, when he was employed by Texas A&M University as an Assistant Professor of Veterinary Pathology, a position he has held to date. He has been named to Who's Who in the South and Who's Who in Texas.

Dr. Clark is the son of Mr. and Mrs. W. J. Clark of Fairland, and is married to the former Elaine Slaughter, whose parents, Mr. and Mrs. Carl J. Slaughter, and brother, Carl J. Slaughter, Jr., live in Marble Falls. Her grandmother is Mrs. Jessie Slaughter of Fairland. They have two sons, Mark and Travis, ages eight and seven. Mrs. Clark is currently director of the Burnet County Mental Health Center.

Following graduation, Dr. Clark will practice Veterinary Medicine from his home at 301 Post Oak Drive in Marble Falls until completion of his clinic on Highway 281 North. He will be available for the care of large and small animals.

Dr. Clark is the grandson of the late W. V. Chandler and the nephew and cousin of many local residents. He received his Ph.D. at the age of 33 years.

Jim Baisden of Grapevine and Mrs. Marsene Patterson and son, Chad, of Houston, returned their parents, Mr. and Mrs. Emmett Baisden, to Turkey Saturday night after attending their aunt's funeral at Hobbs and burial at Littlefield. They returned to their homes Sunday.

### or the Incredible Story of the Great Edible Bean Harvest (a tale that never ends)

The facts are straight and clean. With the Lilliston 6200 Edible Bean Combine doing the job, you'll get far more top-quality beans than you ever harvested before—and it could take you a lot less time to do it.

This is quite a machine—a completely new idea in bean combining. Farmers who've seen it in action will tell you that nothing even comes close to the Lilliston for efficiency, dependability, capacity and speed. And a cleaner sample you never did see ("they almost look polished").

It's the new way and it certainly is the best way to really build up bean profits. Come by and we'll show you all the reasons why. There are plenty of them.

## Consumer Protection?

WASHINGTON—It is Spring, and a lot of foolish ideas are floating around in Congress. One of the worst is the proposed Agency for Consumer Advocacy (ACA).

The ostensible purpose of the ACA is to defend the "consumer interest" in proceedings before federal regulatory agencies. But the ACA itself would be a consumer fraud. It comes packaged with a politically inoffensive name—not unlike a brightly colored box on a supermarket shelf. But the contents of the box don't begin to live up to the claims that have been made for it.

In theory, the ACA would be the friend of all consumers. In practice, it would represent the interests of some consumers against other consumers—although all would have one in 500 million price tag.

It would be easier to calculate how many angels can dance on the point of a pin than to define the "consumer interest." What, for instance, is the "consumer interest" in the respect of an electric utility to burn coal? Is it in permitting the commission and thus cutting electric bills? Or is it in forbidding the commission, and thus promoting the environment?

Under the proposed bill, the definition of the "consumer interest" would be made not by a philosopher king—or even by your elected representatives—but by a political committee who would have staggering power for a bureaucracy.

Supporters of the ACA say this new agency is needed because the federal regulatory agencies have been "captured" by special interest groups. But these agencies were themselves set up to "protect" the consumer. If they have failed, how can yet another federal agency do better? Supporters of the ACA give us no reason to suppose that it would not also be captured by special interests, and the evidence is persuasive that it would be.

Regulatory proceedings currently proceed with all the trappings of a civilized society. Someone comes and goes, but rules, rules and hearing hearings draw us forward. At best, the ACA would delay these proceedings further. At worst, it could throw a monkey wrench into the operation of both our government and our market economy.

The best argument against the ACA comes from the American people. A survey by the respected Opinion Research Corp. of Princeton, N.J., indicates that three out of four Americans oppose creation of this new agency. The best support for the ACA comes from a few tightly-organized, well-financed special interest groups that have something to gain from its enactment. We've seen find out whether Congress listens to them, or to you.

## Dominoes, anyone?

WASHINGTON—"The discarded domino theory . . ."

You've heard that phrase before. It drops like honey from the tongues of television newscasters. It punctuates the lectures of political science professors. And it is the aim and substance of the geopolitical thinking of all too many Senators and Congressmen.

But what was the "discarded domino theory" discarded?

President Eisenhower put the "domino theory" into our political vocabulary when, at a news conference in April, 1954, he was asked what the consequences would be of a Communist victory over the French in North Vietnam.

President Eisenhower said: "... you have trouble considerations that might follow what you would call the 'falling domino' principle. You have a row of dominoes set up, you knock over the first one, and what will happen to the last one is the certainty that it will go over quickly."

Eisenhower meant that if Communist aggression was not checked, it would spread throughout Southeast Asia to reach the same way as Nazi aggression spread through Europe in the 1930s.

"We come to the possible sequence of events," he said, "the loss of Indochina, of Burma, of Thailand, of the Philippines and Indonesia following . . ."

With the benefit of 20-20 hindsight, we can determine whether Eisenhower was right or wrong.

In 1954, shortly after the President's press conference, the Communists came to power in North Vietnam. After a bloody period of consolidating their gains, North Vietnamese Communists sponsored insurgents in Laos, resulting in the formation of a neutralist government there in 1961.

## Broxson Reunion

The annual reunion of the Broxson family was held at Lupert Lake in the Quags Mountains near Altus, Oklahoma over the Labor Day weekend. The family members began arriving Friday afternoon, with 21 spending Friday night, and by Saturday night 50 had arrived. There was a total of 90 for lunch Sunday and 84 by the afternoon, including 75 members and 15 visitors. The crowd was lacking in energy for the strenuous games due to the hot, humid weather, so the time was spent in less active games of "42", Passover and various games of the sitting variety, and lots of eating and talking.

Mr. and Mrs. Larry Hedrick conducted the regular business meeting Sunday afternoon, and the new officers for the following year will be Mr. and Mrs. Raymond Transheim. The family elects a couple to serve as president and secretary-treasurer.

Those present this year were Mr. and Mrs. Bill Broxson, Jr., Francis and Doreen, Sumnerfield; Mr. and Mrs. W. T. Broxson, Pampa; Mr. and Mrs. Don Tidwell and Mary, Sanger; Mrs. Opal Broxson; Mr. and Mrs. Bob Broxson, Brown, Acquilla and Lanes, Sanger; Mr. and Mrs. Gilma Ranker, Broadview, New Mexico; Mr. and Mrs. Larry Hedrick, Scott, Tada and Layne, Hedford; Mr. and Mrs. Hugh Carter, Quilgoon; Mr. and Mrs. Raymond Transheim, Houston; Mr. and Mrs. Cecil Ray Transheim, Shreve and Shannon, Hattiesville; Mr. and Mrs. Charles Broxson, Fort Stockton; Mr. and Mrs. Roland Sheldy, Jensen, Card and Daniel, Thorsdale; Mr. and Mrs. Randy Parker and Jo Beth; Mr. and Mrs. Leonard Fleece, Mr. and Mrs. Cecil Broxson, Mr. and Mrs. Ross Smith, Marti, Vicki and Bryan; Mr. and Mrs. Terry Payne, Terry and Troy; Mr. and Mrs. Harry Barnhill, all of Fort Worth; Mr. and Mrs. Benny Tinker, Grapevine; Mr. and Mrs. Gary Young, Audrey Beth and Jennifer, Collinsville, Sherril, Twilla and Angie Dilbeck, Hurst; Mr. and Mrs. Bill Broxson, Don Broxson and Doreen, Carlsbad.

Visitors with the family were cousins, Mr. and Mrs. Herman Moore, Mr. and Mrs. Connor Moore, Correll, Oklahoma; Mrs. Webster, Fort Worth, mother of Mrs. Charles Broxson; Mrs. Wilkerson of Pampa, mother of Mrs. Bill Broxson. Friends attending were Trent McKinney, Sanger; Karen LeShell, Hurst, and Darlene Parker, Fort Worth.

Relatives remained overnight Sunday and all departed for home by 11 a.m. Monday with the parting "See you next year."

Reported

Mr. and Mrs. Buddy Morris drove to Denton Saturday and spent the night with their son and family. Mr. and Mrs. Corky Morris Sunday morning they drove to Amarillo and attended the Morris reunion. There were approximately 50 present, coming from California, New Mexico, Oklahoma and Texas. The Morris spent Sunday night with their son and daughter-in-law and returned to their home Monday.

# A MAN WHO IS NOT ALONE

Prayer has always been a mystery. But through the centuries millions have turned to it, believed in it, and been strengthened by it.

Prayer doesn't solve our problems . . . it helps us find right solutions. It doesn't make trouble go away . . . it gives us courage to face our trials. Prayer is never a "safe conduct" through the lines of danger . . . it simply gives a man the bold assurance that he is not alone in his crucial hour.

You don't have to go to church in order to pray. You do have to want to be with God.

Worship and Christian education have long been the mainstays of continuous communication with God. Families who build their home and happiness on a spiritual foundation find Sundays in church the natural expression of their faith and fervor.

A man who cherishes the bold assurance that he is not alone makes being with God a way of life—not a last resort.

## TEXAS TALK

Complaining about the cost of food has been an ardent avocation of man ever since Adam found out the price of an apple. Just how much are we paying compared to the rest of the world? Samplings made earlier this year showed when steak was \$1.69 a pound here it was \$3.15 in Rome, \$2.92 in London, \$4.73 in Stockholm and a whopping \$16.00 in Tokyo. What about the price of eggs in Brussels you say? 90-cents there, \$1.29 in Copenhagen, 83-cents in Mexico City while we were paying 74. Our cost of butter was 89 cents a pound compared with \$1.73 in Paris, \$1.36 in Brasilia and \$1.57 in Bonn. Adding bacon to the breakfast table was costing \$3.41 in Paris when we were paying \$1.56. At the same time, bacon consumers in Copenhagen were complaining about the price of \$2.71 and the grumbling figure in The Hague was \$3.08. Fact is, we obviously have a pretty good deal when it comes to food prices.

## CowBelles Kick Off Annual Beef For Christmas Promotion

Terra Cotta CowBelles have kicked off their campaign to encourage businessmen and merchants as well as individuals to give beef for Christmas this year.

They suggest Beef Certificates be purchased for employees and customers. Certificates are available at local banks for year-round gift giving.

Beef Certificates were first made available less than a year ago. They have not only proven beneficial to American cattlemen but to the hometown economy as well, according to the CowBelles. Beef Certificates printed in Tulsa have been distributed throughout the state.

Redeemed certificates also tend to circulate local dollars.

Not only do Beef Certificate purchases boost the sale of beef locally but the advertising derived encourages the consumption of beef wherever the news goes. CowBelles feel that a gift is more desirable than a Beef Certificate.

As of June 17 of this year, Texas CowBelles had sold \$43,991.30 in Beef Certificates. Local Cow-

Belles led the state in sales with \$6,555.30, of which \$6,329.65 was for Christmas giving by local citizens and merchants last December.

"Such success would not have been possible without the support and favorable attitude of local citizens, businessmen and local banks," according to the CowBelles. "The CowBelles extend a very special thank you for all your support and are hopeful you will continue the use of these Beef Certificates this coming Christmas season and throughout the coming year."

Other CowBelle groups reported sales as follows: Big Country, \$1,915; Castro County, \$4,790; Golden Spread, \$4,973; Top o' Texas, \$3,280; Terra Cotta, \$6,555.30; Tejas, \$2,360; Oldham County, \$1,160; Hereford, \$5,721; Happy, \$1,202; Circle C, \$2,070; Southwest Texas, \$4,500; Bovina, \$2,400; Caprock, \$2,800; South Texas, \$175; Clay County, \$70, and XIT (Ag Week), \$10.

The State Beef Certificate Chairman reported \$35,000 of the above total of \$43,991.30 was purchased

## Annual Field Day Stated At Halfway

Producers, agribusinessmen, agricultural experts and others will gather at The Experiment Station at Halfway Thursday, September 11 for the annual field day.

Featured in the afternoon event, says Eddie Holland, Briscoe County Extension Agent, will be a variety of crop research programs. A five-stop tour of research plots will give producers and other guests opportunities to review latest research developments in areas of weed control in corn, water conservation, sunflower produc-

tion, greenbug resistant sorghum hybrids, crop rotation systems and a wide range of variety and insect studies.

Holland says that research at the Experiment Station at Halfway, located 14 miles west of Plainview on Highway 70, is tailored to the particular needs of crop producers on the South Plains, particularly those in corn, sunflower and cotton production.

Professional staff members of the USDA-ARS, National Weather Service, Texas Agricultural Extension Service and the Texas Agricultural Experiment Station will be on hand to review latest research developments.

The event gets underway at 1:00 p.m. A farm machinery display will be set up for preview, Holland adds.

during the last three weeks of December for Christmas giving.
