## THEN and NOW!

by Eunice McFall

Today we hear a lot about people suing someone just because they feel that they can win the case not because they have really been harmed by the other party. Just because you win does not mean that you are doing the right thing morally. Is sound moral principles necessary today to get ahead in the modern world?

According to *Bits and Pieces* sound moral principles may seem a bit old-fashioned, but for the up-and-coming executive, they are pretty hard to beat.

Graduates of one business school are given this advice as they leave to take their first job:

"No matter what business you enter, the personal quality of integrity is indispensable. Few will reach the top of the management ladder without it—and even those few who do won't stay there very long."

This simple advice contrasts strangely with the philosophy of business success glamorized by writers who picture the corporation as a modern-day jungle.

In popular fiction, all executives are surrounded by rivals ready to topple the next person at the first chance by fair means or foul. Their objectives are to outmaneuver the person in the next office and to exploit those under them, in any way that suits their own best interests. Loyalty is something they give only to the person who can do the most for them.

In fact, however, it is the person with integrity who will get to the top—and stay there. Most successful executives seem to be pretty solid characters—people you can trust. People you can rely on.

There's no question about it—occasionally an unscrupulous person does get to the top. But it's usually by shrewd wheeling and dealing rather than managerial results. And when a shrewd operator does get there, he or she rarely proves to be an outstanding leader.

Executives without integrity, with no guide except their own immediate self-interest, sooner or later become known as people who can't be trusted—by subordinates, by colleagues, and eventually by superiors as well.

As Abraham Lincoln said, "You can fool some of the people all of the time, and all of the people some of the time; but you can't fool all of the people all of the time."

In picking a winner for the long run, you can bet on integrity ahead of cleverness every time. It isn't outdated. It's still the first requirement of a successful manager.

The same is true of an athlete, student, teacher, doctor, mechanic, store owner, or just your plain ordinary person that we meet on the street every day. Integrity is important in all of our lives!! Choose the path of integrity instead of cleverness!

## Seventeen Enjoy Ride

The Tour of the Trails Bike Ride on September 10, 1994 was enjoyed by 17 hardy and enthusiastic cyclists. The Caprock Bike Club sponsored event started with registration in Quitaque and then the riders and bicycles were transported to Woods Crossing near South Plains. The riders descended down the picturesque trail ending at Truman Merrell's place for a lunch of hot dogs. Everyone, though somewhat tired, expressed an enjoyable experience.

The bike club is in the process of arranging for another ride to be held on October 22, 1994 in conjunction with the Fall Foliage celebration. Several have expressed a desire to "ride the trail" and are looking forward to the opportunity. Further announcements about the new ride will be made later.

## Texas Legion Convention

The Texas Legion will hold its 18th convention at Hereford, Texas on October 1st and 2nd at the Post Home, Veterans Park. The event is hosted by Hereford Post 192. Registration will begin at 9 a.m. on October 1, 1994 and at 8 a.m. on October 2nd.

Y.C. Parris, Director of Amarillo VAMC will be the Legion Banquet speaker at 7 p.m. on the first. The banquet will follow a day filled with a mini-leadership meeting and VAMC Health Fair.

A memorial service will be held at 9 a.m. on October 2nd with the business meeting beginning at 9:30 a.m. and luncheon at 12 noon.

Seventeen enthusiastic cyclists took part in the September 10 Rails-to-Trails Bike ride that goes through the historic old railroad tunnel near Quitaque—the longest remaining tunnel in the state of Texas.

## Fall Foliage Tour October 22, 1994

Quitaque's second annual Fall Foliage Tour will be held again this year on Saturday, October 22.

The Quitaque Chamber of Commerce is sponsoring the event, and almost 100 invitations and brochure packets have already been mailed out to organizations and residents across the Panhandle.

We The Women have begun work sprucing up the Sidewalk Museum scenes, and plans are also underway to get Main Street decorated for the event.

Foliage Tours this year can be made all the way to the top of the Cap, and some spectacular scenery will be on display from the tunnel to the top.

There will be Tour of Homes during the day, and one of the visits will be to the new Rails to Trails Lodge.

More details on this and other activities will be made in next week's Tribune.

Quitaque's first Fall Foliage Tour was a great success, and October 22 should be another exciting day—so plan now to be on hand.

## Working Farm Show At Lubbock

Special routes have been chosen to make it easy for visitors to arrive at The Farmer-Stockman Show just east of Lubbock October 11-13.

The big outdoor working farm show will be staged on 800 acres of farmland one and a half miles east of Loop 289, East 50th Street.

To arrive at the location with the least amount of traffic worries, visitors should take eastbound Loop 289 around town regardless of which direction they are arriving from. Exit to East 50th Street and travel to the show site. Attendants at the gate will direct them to the correct parking area just inside the main gate.

A special overnight parking area has been set aside for self contained motor homes and recreational vehicles near the main exhibit field. There will be no electric or sanitary hookups, however.

The overnight parking area will open on Monday, October 10. Monday arrivals should drive directly to the overnight parking area just north of the main exhibition field and obtain a special pass from the show office for a fee, which will be good for all three days of the event. If you arrive during the show itself, you must first park in the regular parking area, obtain a permit from the show office before you are able to move to the overnight parking area at a later time.

Special parking will also be available to FFA and 4-H members who arrive by schoolbus. Proceed to the main gate for instructions by those directing traffic. Students and all those 18 or under will be admitted free. Hours for the big working farm show will be from 9 am to 6 pm each day.

## St. Jude Bike-A-Thon

Bike-A-Thon riders will fight childhood cancer in Quitaque on Saturday, October 8, 1994 from 10:00 a.m. to 11:00 a.m. Judy Barrett, coordinator for the event today called on all Quitaque and Turkey residents to join the St. Jude Children's Research Hospital Wheels For Life Bike-A-Thon slated for October 8 at the Quitaque City Park.

Volunteer workers and riders are needed for this Bike-A-Thon to raise funds for the world-famous research center in its battle against childhood cancer and other catastrophic childhood diseases.

"We're looking for riders and helpers who will contribute their time and talent to help children live. We really need lots of riders, since they are the ones who can make this Bike-A-Thon successful," Barrett said.

In the Wheels For Life Bike-A-Thon, riders ask sponsors to make a donation based on each mile completed. All riders turning in money will receive a certificate. Those who raise \$35 or more will receive a certificate and a special St. Jude T-shirt. When \$75 or more is raised, the rider receives a sports bag in addition to the certificate and T-shirt.

"The real prize, though, is the pride everyone can take in giving children a chance to live a normal life," Barrett said. Contact Judy Barrett at 455-1189 for details on riding or sponsoring a rider.

St. Jude Hospital was founded by Danny Thomas and operates primarily from public support.

## City Of Turkey Increases Rates

At a special open meeting with the public on September 22, 1994 the Turkey City Council met with the public to discuss an increase in the water and sewer rates.

It was decided that effective with the November billing, the water rates will advance to \$8.50 for the minimum of 2,000 gallons, \$1.10 per 1,000 for the next 7,000 gallons and \$1.50 per 1,000 thereafter. Homeowners outside of the city limits will have a new rate of \$10.50 for the minimum of 2,000 gallons of water and \$1.35 per 1,000 for the next 7,000 gallons and \$1.50 per 1,000 gallons thereafter.

The sewer rates will be set at \$5.00.

Citizens of Turkey are very fortunate to have some of the lowest water and sewer rates in the entire Panhandle of Texas.

Other Council action at the regular September meeting increased the City tax rate by \$.02 from \$.48 to \$.50 per \$100.00 evaluation for the next tax year.

## New Ordinance Issued For Residents of Quitaque

The Quitaque City Council passed a new City ordinance prohibiting illegal dumping on City Property or in the dumpsters provided by the City of Quitaque.

The City of Quitaque has no means available to dispose of the following materials so it will be a violation to dump any of them on City Property or place them in the dumpsters provided by the City.

Illegal dumping charges can and will be filed against any responsible party or parties who choose to ignore the new ordinance.

No hazardous, industrial, or toxic waste such as chemicals, chemical containers, batteries, auto parts, antifreeze, motor oil, oil filters, fuel filters or tires may be placed in the dumpsters or on City property. Also it will be illegal to put asbestos, building materials, treated seed, building wire, cable, fence materials, metal items, appliances or carpet on City property or in the dumpsters. Infectious waste, medical waste, grass clippings, yard waste or smoldering or burning materials may not be put into dumpsters or placed on City Property.

## Caprock Public Library News

by Arlene Hinkle

Fall is always an invigorating season, after the lazy days of summer and before the frigid temperatures of winter.

The Fall Foliage Tour will be coming up October 22. Caprock Public Library will have a Book Sale. So plan to stock-up on inexpensive winter reading materials.

There will be quite a bit of activity on the streets during the next few weeks as "We the Women" begin their general clean-up, come clean a window.... and men are invited to lend a helping hand.

New books for adults include *Rise and Walk*. The inspiring true story of a football hero who battled a paralyzing injury and won by Dennis Byrd with Michael D'Orso.

*Home By Supper* by Martha Cash Bennett. True life adventures of an Ozark family growing up during the thirties.

For Juveniles: *Help! I'm Trapped in the First Day of School....Forever* by Todd Strasser. Jake Silverman and his pal are going to be kings of the 8th grade....but...

*Junie B. Jones and the Sneaky Peeky Spying* by Barbara Park. Junie B. has sneaky feet and a nose that doesn't whistle when she breathes but when she spies on Mrs. (teacher) she could get into real trouble.

Happy Reading!

## Friends Meet in Amarillo

It had been close to forty years since this bunch attended a slumber party; the stories were different and we didn't have to worry about the boys sneaking up and scaring us this time. They were off fishing, golfing or playing with the grandkids. Not as much food was consumed but there was more fun, laughter and tears.

Those attending this party in Amarillo were Frankie Barefield Pittman of Wolforth; Laurine Whittington Gragson of Wellington; Susie Lewis Shannon and Janelle Woods Smith of Quitaque.

GOD BLESSED US WITH THE FLAMING COLORS OF AUTUMN

In late September's golden days, The waning sun's departing rays Will introduce a cooler phase, Where we are privileged to gaze At trees with dying leaves ablaze, Whose beauty surely will amaze And match the bonfire that conveys The air that's filled with smoky haze; While skies will soon wear cloudy grays And frost will paint a brilliant glaze. Your House of Worship thus relays A message that your faith obeys; Instructions that we all should praise Almighty God, whose loving ways Provide the season that portrays The splendid time of Autumn.

**Patriots Tame Bobcats**

by Walt Henson

The Valley Patriots got their second win of the season last Friday night, defeating Smyer 12-3. Valley was down 3 to nothing at the half, but came back and scored 12 unanswered points in the second half.

When asked about the game, Coach Satterwhite said, "Our defense has improved on a weekly basis, and our offense has made strides in the right direction, but we're not where we want to be."

Reggie Hendrix rushed for 100 yards on 21 carries, most of which came in the second half. Hendrix, along with Josh Scoggins and Donnie Calvert were major contributors to the dominance of the Patriot defense.

This week the Patriots hope to improve upon their offensive execution in preparation for the Vega Longhorns. Of the Longhorns, Coach Satterwhite said, "I think we can play with them, but we're going to have to execute offensively and continue to play well defensively."

The game will be this Friday night at Vega. Your support would greatly be appreciated.

**Booster Club News**

by Cindy Lane

The Valley Booster Club met on Tuesday September 27th in the Valley Cafetorium. The group watched the tape of the Valley-Smyer football game. Coach Satterwhite talked about the game and said the team was still in the learning process as we were still moving boys to different positions.

After watching the tape they discussed some ways to raise money for the coming year. There were several good items discussed. The club hopes to decide on some of these suggestions at the next meeting.

The Junior High plays at Shamrock at 5 on Thursday and the Varsity plays at Vega at 8 on Friday.

The next Booster Club meeting will be at 7 p.m. in the school cafetorium on October 4th. Please try to come!

HONOR YOUR ELDERS; YOU'LL BE ONE OF THEM SOME DAY

In our modern society that places so much emphasis on youth and tries to convince us that we must hang onto the last vestiges of it at all costs, it is small wonder that our older citizens have been largely denied the respect and homage that are rightfully theirs. However, we all learn from life; and those of us who have lived the longest have necessarily acquired the most knowledge based on experience, and are able to make a comparison of the generations within their life span. In fact, they usually have some facinating stories to tell if we would but listen; and our faith teaches us to honor them whether they are related to us or not. Let us all remember that we will be in that position some day if we live long enough, and accordingly show our elders the same regard that we will want for ourselves when the time comes.

## Davis Participates in Ceremonies

Navy Fireman Recruit Nathan O. Davis, son of Joe M. and Cheri K. Davis of Turkey, Texas, recently participated in the 50th anniversary of the liberation of the islands of Guam and Saipan in the western Pacific Ocean.

While off Saipan, Davis took part in several ceremonies honoring those who died during the World War II battle. A drill team from the ship's crew marched in a parade to honor the anniversary of the initial landings.

Accompanied by other ships in its Amphibious Ready Group, Davis and the crew of USS San Bernardino also traveled from the ship's homeport of Sasebo, Japan, to Guam to take part in another commemoration similar to those on Saipan.

After its liberation in World War II, Guam became the forward headquarters of Fleet Admiral Chester Nimitz until the end of the war.

Davis is one of 257 crewmembers stationed overseas aboard the forward deployed USS San Bernardino. Projecting a positive American image while building international coalitions and demonstrating U.S. power and resolve from the sea, the crew of the tank landing ship is uniquely capable of conducting sustained operations in remote areas of the world.

The 1993 graduate of Valley High School joined the Navy in July 1993.

Reconnect delinquent service or service temporarily off at customer's request	29.50	39.00
