## Valley Commencement Exercises To Be Held Sunday Night

### Booster Club Making Big Plans

The Valley Booster Club met Monday night in the last meeting of the season. They not only closed out the old year, but they began plans for the new year beginning now.

Officers for the 1983-84 school year were elected. They are Steve Oakley, president; Jean Rice, vice-president; Donna Stark, secretary; Lynn Cox, treasurer, and Robert Phelps, reporter.

An Executive Committee was named, including the officers, all the coaches, and Jerry Morgan, Wilburn Leeper, Jerry Maupin and Jimmy Davidson.

The Booster Club discussed ways to rebuild the status of the club to let the community realize the Booster Club is not just for parents of the athletes, but is a community-wide effort to get everyone interested in helping to promote the youth in Valley School in all their efforts, athletically and scholastically. With the financial cost, and the decrease in government help to schools, everyone should get behind the school in any way he or she can help.

Jerry Maupin started the ball rolling Tuesday morning by going to all high school classes to get a school slogan. This is open to everyone in the school area. If anyone has a good slogan, write it down and drop it at Rice Dry Goods in Quitaque or at Lacy Dry Goods in Turkey.

Other ideas discussed in Monday night's meeting included the purchasing of a long electrical cord to reach from the pressbox to the football field so Coach Giddens and the Player of the Week can be interviewed from the field. It was also discussed to sponsor a bus to all out-of-town ball games (not just football); a good rooting section is being planned with each individual coming up with his own noisemaker; a photographer to take pictures to get to the newspaper is being sought; the school song will be printed on all programs; a school flag is being planned to fly under the other flags. This sounds like an interesting year. Let's get behind it.

Mr. and Mrs. Leon McCracken visited the Lockney Care Center Tuesday of last week. This was National Nursing Home Week and they visited Mary Ellen McCracken and had lunch with her.

Mrs. Gerald Smith visited her mother, Mrs. Nena Loudermilk, the same day.

**JAIL REQUIRES RESERVATIONS**

HOPE, Ark. (AP)—The state's new drunken driving law is filling the Hempstead County jail so fast that jailers "Are having to make reservations like it was a motel," Sheriff Don Worthey says.

The lockup is caught between the new law, requiring mandatory jail sentences for drunken drivers, and the state Correction Department's decision to limit acceptance of new inmates.

their efforts, and wish them the best that the future holds for them.

With state prisoners backed up into county lockups and new prisoners pouring in, Worthey has a problem

His office has stopped serving warrants on people who don't pay fines because there's no place to put them if arrested, he said. Sentencing dates for others are being postponed until a vacancy occurs.

"It's not that we're arresting all that many more, but the ones we're arresting have got to do a little jail time now," he said in an interview Monday. "I've got two on the waiting list. They'll serve their time when we get some room."

**THURSDAY, MAY 19, 1983**

Worthey said the jail is designed to hold 16 prisoners and has been full for more than a month. Among the inmates are six state prisoners awaiting transfer, including two arrested in November at the Hope airport after landing a plane full of marijuana.

Mrs. W. C. Gray said her daughter sent her this article.

Mr. and Mrs. Charlie Grundy drove to Lamesa Wednesday of last week and visited Mrs. Inez McBrayer. Charlie returned home Sunday. His wife and Mrs. Fannie Lokey of Lubbock remained longer to go fishing.

### Vaughan To Lead Revival Services In Quitaque

Rev. Cecil Vaughan, who assisted in organizing the Assembly of God Church in Silverton, will be conducting revival services in Quitaque Saturday, May 28, through Sunday, June 5. Services will be held nightly at 7:30 o'clock at the Assembly of God Church.

Rev. Vaughan is a former Silverton Assembly of God evangelist. He has been in San Angelo since 1960. His daughter, Lavelle Mauldin, and granddaughter, Lori Mauldin, both of Springdale, Arkansas, will be in Quitaque with him to perform special music. Miss Mauldin is a graduate of the University of Arkansas with a degree in music, and she and her mother and other family members have performed in the Ozark Passion Play in Eureka Springs.

#### WITH THE SICK

Donnie Brunson reported to the Valley Tribune Friday of last week that his wife, Viola, is improving well. She is up and playing dominoes, and doing a little work, he reports. Viola has been very ill, and he wants to thank all the people for the prayers said for them.

O. R. Stark, jr. spent a few days last week in Methodist Hospital in Lubbock for a check-up. His wife reports he received a good report and he is back on the job Monday morning this week.

C. M. Conner of Turkey entered Lockney General Hospital for treatment.

Mrs. T. J. Reeves of Plainview, mother of Mrs. Bud Bailey of Quitaque, entered Highland Hospital in Lubbock Tuesday. She will undergo tests, with possible surgery to follow.

Mr. and Mrs. Wayne Whittington spent Mother's Day with his daughter and family, Mr. and Mrs. Dan Standlee, in Oklahoma City.

Mr. and Mrs. Bud Bailey drove to Lubbock to visit their daughter, Mrs. Janet Turner, Saturday and Bud was going to stay with the granddaughter, Jennifer, who had had the measles while her mother attended graduation exercises at Texas Tech where she was receiving her bachelor of arts degree in psychology, which includes foreign languages. Mrs. Turner had lost so much sleep with an ill daughter and taking final exams that she decided not to attend the exercises.

The Baileys returned to Plainview and attended the graduation exercises at Wayland Baptist where their other daughter, Mrs. Gordon (Charlene) Rothwell was receiving her bachelor of arts degree in elementary education. This is something unusual when a couple has to divide its time between two daughters who are receiving degrees from universities on the same day at the same hour. Mrs. Turner has two children and Mrs. Rothwell has three children.

Congratulations from the Valley Tribune and area friends to Janet and Charlene.

# Does the name make a difference?

St. John wasn't his last name — that was French and usually mispronounced. But around Cape Cod, he was known simply as St. John, after his home town in Canada.

His appearance seemed far from saintly. Yet it never seemed awkward calling him that. He loved people. He loved the sea. He loved hard work. Most importantly, he loved his church and God. And his enthusiasm was contagious — somehow you felt better after you'd been with St. John.

It's refreshing and exciting to run into someone who tries hard to put his religion into living and working.

Remember that every day. Then folks might feel that same excitement when they run into you and me. That's something to strive for.

**Senator Bill Sarpalius Reports**

**RAILROAD COMMISSION**

AUSTIN — The Texas Railroad Commission is one of the state's oldest and most powerful regulatory agencies. The Commission, which consists of three elected officials, is responsible for regulating the oil and gas industry, the trucking industry and more. The Commission, which was created in 1891, was scheduled to go out of existence this fall, unless the Texas Legislature voted to re-create it.

The State Senate has voted to re-create the Commission and in doing so, made some far-reaching changes which will benefit the people of Texas. The changes approved in the Railroad Commission include limited regulation of agricultural trucking, new laws defining Commission

authority over natural gas rates, and legislation dealing with the problem of underground water pollution.

Although the changes made in the area of agricultural trucking were not as strong as we hoped, we believe the changes made will help provide much needed relief for the shippers, producers and consumers of Texas. Under the legislation approved by the Senate, truck transportation used by a farmer or rancher to ship his crops or livestock to market anywhere in the state, would no longer come under economic regulation by the Railroad Commission of Texas. However, once a farmer, rancher or cooperative relinquishes ownership of the produce or

**THE VALLEY TRIBUNE**

livestock, trucks carrying such goods must be certified and regulated by the Commission. The change in the law came in an effort to help reduce actual farm and ranch costs. We feel this deregulation will provide healthier competition which will help drive down the price for shippers, producers and consumers.

Another provision of the Commission calls for the creation of a separate gas utility regulatory act. The act would cover rate setting and regulation of intrastate gas utilities in Texas. Cities would still retain their original jurisdiction in setting gas rates, but would have to use uniform state standards under the new law. All appeals would be handled by the Railroad Commission.

Another significant change provides for the creation of the office of the Public Utility Counsel. This provision will enable a city to request the participation of the Office of Public Counsel in representing its residential consumers before the Railroad Commission and during any subsequent judicial proceeding.

Although natural gas used for agricultural purposes will remain unregulated under the Railroad

Commission, we feel the introduction of a bill calling for its regulation did help the farmers in district 31 who have been faced with escalating gas prices. For example, shortly after we introduced a bill calling for natural gas regulation for agricultural purposes, some farmers in the Panhandle reported isolated cases of gas rate reductions.

There have also been measures taken to address the problems of underground salt water pollution. We feel the concerns associated with underground water pollution have reached the appropriate people and we can look for necessary changes in the near future. We coauthored a bill that addresses the problems of underground water pollution. We feel that recognition of the problem by the Railroad Commission will lead to positive action in controlling salt water pollution which has been a problem in some areas of the state including West Texas.

The changes in the Railroad Commission were made to benefit the public. As a member of the Sunset Advisory Commission, I was able to see firsthand, the changes that needed to be made. We feel that the Railroad Commission must keep its ears open to the people of Texas. I urge you to contact the Commission if you have any concerns that need the attention of the Railroad Commission. The Commission was established to protect your interests. If you have any questions or comments concerning the changes in the Railroad Commission, please write to Senator Bill Sarpalius, P.O. Box 12068, Austin, Texas 78711.

**CANCER MEMORIALS MAY BRING VICTORY CLOSER**

When cancer takes the life of someone close to us, a relative or friend, the loss is painful. However, many thoughtful persons in Hall County are turning losses into victories by making memorial contributions in memory of a loved one lost to cancer—a living memorial.

"A gift today may spare others tomorrow," explained Mrs. Bernice McIntush, Memorial Committee Chairman for the Hall County Unit of the American Cancer Society, a national health agency fighting cancer through programs of research, education and service. "The Society seeks in this three-fold way to fulfill one of mankind's greatest hopes—the ultimate triumph over cancer. Each memorial contribution brings the moment of final victory closer."

All contributors receive acknowledgement of their gifts and families of those honored receive a handsome memorial card. The memorial card does not state the amount of the gift. In Memphis and Turkey, contributions are received by Mrs. McIntush or Mrs. Lucille Burnett at First National Bank in Memphis.

The following was taken from Bill Combs column, "Cotton Country Comments," in the Memphis Democrat. He accompanied his wife and her assistant leader on a Girl Scout trip to Camp Mel Davis, which is what he is referring to in his opening lines.

"Because of this scouting commitment, we were unable to attend the Turkey Bob Wills Celebration, but from all reports, the celebration was a real success. Mary Jane Thompson said her family, the Cooper family, long-time residents of Turkey, had their own float in the parade. Mary Jane went to Turkey to ride on the float and enjoy the celebration. Since there are several musicians in the Cooper family, they played tunes of Bob Wills as the float traveled the parade route. Mary Jane said the parade this year was very outstanding and the town was so crowded with visitors, many from out of state, that one could not find a place to sit down at the old football stadium when the former Bob Wills band played."

Guests in the James Kimbell home for Mother's Day were their children, Mr. and Mrs. J. C. Mabry, Cindy and Jeff, Tulia; Mr. and Mrs. David Setliff, Doug and Craig, Mr. and Mrs. James Lynn Kimbell, Shorty and Travis, Turkey; Mr. and Mrs. Charles Wallace and Donetta, Quitaque.

They reported a grand time visiting and reminiscing old times.

Mr. and Mrs. Wayne Whittington drove to Phoenix, Arizona, leaving Quitaque Tuesday morning of this week. They planned to emplane there for Richmond, California to help his mother, Mrs. R. D. (Juanita) Whittington, celebrate her eightieth birthday anniversary. The family had planned a surprise birthday party for her. She called before they left and said, "Well, I guess I will just bake me a birthday cake and eat it by myself." The family had kept the birthday surprise at low key.

## YOUNG FAMILY REUNION

The family of John H. and Pearl Young gathered Sunday, May 15, in the home of Mr. and Mrs. Lewis Eudy for a reunion. The day was spent visiting, showing pictures, and some of the family visited Caprock Canyons State Park.

## Roy Pattersons Have Busy Weekend

Rev. and Mrs. Roy Patterson planned a weekend of visiting with relatives in Stamford and Merkel and attending an 84th birthday party for triplet sisters in Sweetwater who are long-time friends. On Friday they received a call from Sweetwater asking Bro. Patterson to hold funeral services for a man who had been a member of a church he pastored about 40 years ago. Plans were rearranged and they were able to do it all. They had the service on Saturday at 3:00 at Sweetwater with burial at Longworth.

Then they drove to Stamford and had supper in the home of his brother, Rev. and Mrs. J. V. Patterson, and with his other brother, Joe Patterson, and his sister, Mrs. Vada Hudson, both of Merkel. The Pattersons spent the night with Mrs. Hudson and after services Sunday at First United Methodist Church in Merkel, they visited Mrs. Patterson's brother, Mr. and Mrs. Jarrett Pincley of Merkel.

Then came the last event in the busy weekend. They drove to Sweetwater to the Holiday Inn where the big birthday party was held in a banquet room. The triplets are Faith Davis of Roby, Hope Brock and Charity Lawson, both of Sweetwater.

Mr. and Mrs. Jimmy Davidson of Quitaque and Jon Davidson of Lubbock were guests for lunch Sunday.

Afternoon visitors were Mr. and Mrs. H. R. Curtis of Olton and Mr. and Mrs. E. R. Orcutt of Memphis. The group drove out to Caprock Canyons State Park and took a tour. The guests were impressed, Mrs. Davidson said.

Mr. and Mrs. Hayden Carter of Paragould, Arkansas spent Thursday and Thursday night visiting his brother and wife, Mr. and Mrs. Ralph Carter, in Quitaque. Mr. and Mrs. Clyde Monk of Lubbock and Mrs. Floye McCracken of Quitaque joined them for lunch and a visit Thursday.

Mr. and Mrs. Monk spent the night with Mrs. McCracken.

Her grandson, Danny Trout, was one of the band members. His mother, Sharon Trout, also made the trip along with the 74 band members, 16 sponsors and a teacher. Question: What are the risk factors in skin cancer?

ANSWERline: Repeated overexposure to the ultraviolet rays of the sun is the principal cause of skin cancer. No one is immune. Men and women who continuously seek out the sun to swim, ski, play

tennis, boat, golf, fish, or simply stretch out to get a tan, need to protect themselves from the direct rays of the sun. They should use sun block preparations and wear hats and long sleeve shirts as much as possible. Farmers, sailors and other outdoor workers—especially if they live and work in the sunny

regions of the southwest United States—are at high risk. Fair-skinned people, notably redheads and blondes, are the most susceptible group because they lack sufficient quantities of melanin, the pigment substance that filters out the rays of the sun. Blacks, among whom skin cancer is rare, have sufficient melanin to protect their skins from ultraviolet rays. Albinos have no melanin. Other less common risk factors are prolonged contact with coal tar, pitch, arsenic compounds, paraffin oil, or radium. However, these substances now pose little threat, since their potential danger is known and their use is regulated by government agencies.

Question: If one has a polyp in the colon does this mean cancer will develop?

ANSWERline: Polyps are tiny grape-like growths, generally non-cancerous, that develop in the linings of intestines. They sometimes become cancerous if not removed. This means one is at higher risk for colon cancer and should have a regular examination so the doctor can monitor the growth and possibly remove it if necessary. If polyps bleed, this can usually be seen in one's stool.

Scott Hedrick of Canyon spent from Friday until Sunday in Quitaque visiting his grandparents, Mr. and Mrs. Ralph Carter. Scott is attending West Texas State University this year.

### TURKEY MAYOR HANDED LETTER FROM LIEUTENANT GOVERNOR OF NEVADA

Turkey Mayor Leroy Stone was handed the following letter by Barry Doss and Harvey Gossman of Nevada on Bob Wills Day. The editor thought all Bob Wills fans would appreciate it.

"Congratulations to Turkey, Texas, home of Bob Wills and the Texas Playboys, and to Cameron, Texas, where Bob Wills and his Playboys played their first dance and the legend of true music, western style, began.

"As a native of Longview, Texas, I am a follower of western music; and Bob Wills has long been my favorite. I am pleased that his memory and his music are being kept alive. All too many people and their talents are forgotten, and this is not fair to our young people of today. The music of our yesterdays should be part of today and a heritage for the children of tomorrow.

"I would like to congratulate two transplanted Texans who are now residents of our great State of Nevada—Mr. Barry Doss and Mr. Harvey Gossman—who will again join with The Texas Playboys for their annual get-together this year.

"I wish that I could be there with you, but duties in Carson City have my schedule full. I am extending a warm welcome to

each of you, should you decide to visit our State of Nevada. You will see country that is beautiful, people who are warm, and hear our Texas style of music.

"As long as there is a fiddle with a bow, a guitar with a string, and boots for tappin', you, Bob Wills, and your music will live on to put a sparkle or a tear in the eyes of whoever hears the music from the legend you have given."

The letter was signed "In Unity, Robert A. Cashell, Lieutenant Governor, State of Nevada."
