

MARIE CRUSE

Gem Theatre To Make Headlines Once Again

by Barry Doss

There may not be any ghosts lurking about in the shadows of the historical old Gem Theatre in down town Turkey, Texas but there are a lot of memories still lingering there

Two local ladies, sister-inlaws, Lawanna and Marie Cruse are planning to restore this jewel and make some new and current memories in this the most famous little town in the state of Texas.

This is Western Swing Music Country, enhanced by being the home of the most famous of them all, Bob Wills and his Texas Play Boys

The two ladies along with the Turkey Heritage foundation also plan to open a Western Swing Hall of Fame, encompassing all the arts with Western Swing being the cornerstone

The Heritage Foundation made its mark on the Turkey scene when Lawanna Cruse persuaded living legend country star Ray Price to appear here in a gala benefit performance that opened up the possibility of Turkey beoming another Nashville or Branson, Missouri.

Many of the well know Western Swing people have contacted to Japan. the Foundation and pledged their support, and now the local area will have their chance to add their voice and support to this project.

Once the renovation of this famous old theatre is complete, it Fall will host live musicals and dramatic performances. Once again such events as jamb orees, local plays, cowboy poetry and an occassional big national star will be seen and heard at the Gem Theatre

Three M Company To

Headline Jamboree

The renovation of the theatre. will help attract tourism to the area and aid in the economic development of the town. Efforts are also underway to get the Gem Theatre listed on the National Register of historical places.

LAWANA CRUSE

The next big event on the Heritage Foundation agenda is the appearance of Hall of Famer. Western Swing Star Hank Thompson and his Brazos Valley Boys. That event is on June 13th, 1998 here in Turkey, Texas at the old Turkey High School gymnasium. Tickets will go on ale on April 5th. Places of the sales to be announced. Proceeds will benefit the reno-

vation of the Gem Theatre in Turkey, Texas and there will be one performance only starting at 7 p.m. Tickets will be \$20.00 per

Stark To Present We The Women Program

On Tuesday April 14, We The Women will have their regular monthly meeting at the Methodist Church during the noon hour.

Following the luncheon, and a short business meeting, Ms Amy Stark will speak about her trip

be here and preparations need to project. All members and guests are encouraged to come to this next-to-the-last meeting until

Few Cookbooks **Still Available**

The Volunteer Fire Department still has a few cookbooks left and there are some Gr-r-r-eat recipes in this little red book! Stop by the Library or City Hall and purchase one---support the Fire Department.

New Officers

borah Wellman

The Quitaque Emergency Medical Services volunteers met Wednesday, March 18, for their regular meeting. There were six members present and one prospective member, they included: Albert Castillo, Kevin (Coach Mc) McClellan, Rod Hinkel, Jack and Deborah Wellman, Dedra Payne, and Dennis Farley

The new slate of officers for the '98-'99 year are: Jack Wellman, president; Rod Hinkle, vice-president; Deborah Wellman, secretary/reporter; Maria Cruz, treasurer; Maria Cruz, medical director and Kevin McClellan CE Coordinator.

The group is looking forward to the possibility of new members joining the Service when the current EMT-Basic class finishes in May. They hope that you, the public, will be as good to the new recruits as you have been to them in the past.

Two new pieces of equipment have been added to the ambu-lance. Thanks to the City of Quitaque and the Cogdell Foundation they were able to purchase a Pulse Oximeter and a Global Positioning System.

The Pluse Ox, as it is called, is clipped on a patients finger. It has a red light in it and is used to determine the oxygen saturation in the blood. (I am sure many of you have had this used in the hospital.) It, also, gives the pulse rate and is completely painless and harmless. It is very useful in determining oxygen therapy on heart or respiratory patients

Caprock Canyons **Has Many Visitors**

During the month of March National Trails Day will soon the Caprock Canyons State Park has had 5,456 visitors. This is be made for our fund raising quite a few when you take into consideration that the month of March had several very unpleas-ant, windy, cold and wet days.

Guests came in March from Alaska, California, North Dakota, Oklahoma, New York, Missouri, Nebraska, Massachusetts, Wisconsin, Canada, Washington State, Iowa, New Mexico as well as the state of Texas.

It won't be long before the park will have its spring clothes on with new greeness and many blooming plants. If you can find the time, try to take an enjoyable drive through this lovely area of

The GPS device is used to give exact coordinates to our helicopter services, such as Aerocare, Medivac, LifeStar and Flight for Life. This device triangulates our position with three satellites to give the exact latitude and longitude, which we can then give to the pilot of whichever helicopter service is headed to us. They can dial in the coordinates and set down in our exact location. All the EMts have to do is push one button and wait for it to give

the digital readout. Really amaz-

The next meeting will be Wednesday, April 1st.

Memphis Little Theater April 4th

This year The Memphis Little Theater has chosen April 4th as the date for their annual Dinner Theater production. The even-ing's entertainment will begin at 7:00 in the Community Center located at the corner of Eighth and Robertson. The Line Shack Restaurant will provide the meal

A very talented cast will pre form "Date", a play in one act by Sam Smiley. Members of the cast are veteran performer, Amy God-frey, College student, Tracie Miller, Little Theater president, Marcene Molloy and award winning actor, Doug Stewart. "This is a prize winning play that brims with humor and pathos by show-ing how the touch of life connects the generations. A surpris-ing climax indicates the potential

for loving relationships," states play director, Wanda Hall. The \$10 tickets are available at Billie's Klothes Kloset and Toni's Place in Memphis Reser-

Symphony Group To Two Local Fires **To Present Concert** At Valley April 6

Area Schools will get a firsthand experience of a night at the symphony, thanks to a grant received by the West Texas A&M University Sybil B. Harrington College of Fine ARts and Humanities. The grant will be used to sponsor a series of fine arts seminars in music for students in kindergarten through 12th grade.

The performers, which include concert violinist Dawn Harms, Emmanuel Lopez, cel-list, and Stephanie Bowen, harpist, both with the Amarillo Symphony, will be at Valley School on Monday April 6.

Contact the school for time of the concert. Guests are welcome to attend any sessions

THEN

Fire Dept Responds

First Baptist Church was threatened by fire in the shrubs surround

the church Wednesday before firemen extinguished it

Wed, 25th, around 11:30 p.m. a fire was reported at the First Baptist Church in Qui-taque. Eight Volunteer Firemen responded to the blaze with three trucks. The volunteers had the shrubs and bushes on the east side of the breezeway out in a matter of minutes.

Fri. 27th, about 6:30 p.m. a fire was noticed in a vacant lot by the Catholic Center in Qui-taque. Six Firemen responded to the call with three trucks to extinguish the brush and tall grass, no cause was deter-mined in either fire, and both are still under investigation

DAYLIGHT SAVINGS TIME **BEGINS SUNDAY**, **APRIL 5**

By Eunice McFall

If only--How often have you heard these words said? How often have you used this phrase yourself? Sometimes when we use this small phrase it does not cause any problems but many times when we use it, we are filled with remorse and are wishing that we could change something that has happened in our life or at least wish that we could go back and act in a different way than we have acted

Perhaps we spoke harshly to a child and made them cry. It had nothing to do with the child but with the way that we were feeling at the moment. "If only" I could change the words and the tone in which I spoke to the child!

Maybe we have had a rough day at work and when we return home our spouse has forgotten an engagement for the evening and we speak before we think about how uncaring and inconsiderate they are! "If only" I had spoken quietly and calmly we probably would have gotten to our engagement in a good frame of mind and not snapping at each other!

What if you get several annoying phone calls and lo the phone rings again--you answer gruffly. When you discover that it is your best friend, do you present a happy voice or do you take your frustration out on your friend. When your conversation is over, your friend is as angry as you. "If only" you had taken the time to be

pleasant on the phone, you and your friend would not be at odds.

onstage Saturday, April 4, beginning at 7 p.m. Scheduled to appear will be the 3M Company, the Zuber Family, Will Weathersby, Monte Fowler and the house band, Country Sounds.

The Caprock Jamboree will go

They appreciate all the outpeople who are not Lion's memcommunity.

The money from cookbook our land sales will go toward needed equipment or gear for volunteers. If you have a couple of extra hours a month, donate your time to this worthwhile organization. Who knows, the next time that

Easter Sunrise Service Planned

Plans are being formulated for the Easter Sunrise Service at Caprock Canyons State Park on Turkey Lions To Observe Easter Sunday, April 12, 1998.

The service will be held at the On April 4th the Turkey Lions amphitheater in the state park The message will be brought by Rev Methodist Church.

All area residents are encourside help they normally get from aged to attend this gathering on Easter Sunday. More details will bers but still want to help the be presented next week in the paper.

vations can be made by calling 806-259-3253. Advance tickets are required.

Immunization Clinics For April

Immunization Clinics offering vaccines that give protection against several childhood diseases are scheduled for April. Protection is against polio, diphtheria, lock jaw (tetanus), whooping cough (pertussis), measles, rubella, mumps and HIB (haemophilus influenzae type b).

The Texas Department of Health is charging money to help with the cost of keeping the clinic open. The amount of money charged will be based on family income, size, and the ability to pay.

Immunizations will be available at Tulia at the Texas Department of Health Office at 219 E. 2nd Street on April 8, April 22 and April 29 from 8:30 a.m. to 12 noon and from 1 p.m. to 5 p.m.

Immunization will be available at Memphis at the Bronze Room on the Square at First Bank and Trust on April 14 from 10 a.m. to 12 noon and from 1 p.m. to 4 p.m.

Immunization will be available at Quitaque at the Community Room of the First National Bank on April 21 from 2 p.m. to 4:30

Immunizations will be available at the Valley Consolidated School on April 22 from 10 a.m. to 3 p.m.

Immunization will be available at Clarendon at the Texas Department of Health Office Medical Center, Highway 70 North on April 28 from 9 a.m. to 12 noon and from 1 p.m. to 4 p.m.

When at work and we do not do our best work, we will have to do double time the next day to make the week productive. We can think "If only" I had accomplished yesterday what I should have, today would not be such a rough day!

And of course, there is the factor that we get impatient with older friends and loved ones and snap at them impatiently when they want to spend some time with us that we feel we do not have to spare right then. When we rebuff them and let them know that their time is of no consequence to us, only our time is valuable, it may take a long time to get back the loving feeling that we have grown used to! "If only" we had taken the time to be kind and loving! For who knows, this might be your last chance to be loving to them

Most of all I think our "if onlys" hurt us the most when we have lost a loved one in death and we feel that we have not done all that we should have done for them and be begin to think "If only" I had done more, been with them more, showed my love more, helped them more, been kinder to them and always been there when they needed This kind of "If onlys" can only lead you to being very unhappy mel and bitter with yourself because this type of "If onlys" can never be repaired. The only way to help your feelings about this is to make sure that you never neglect those nearest and dearest to you in the future. Then and only then will your "If onlys" be minor ones and not the debilitating ones.

Let us try this week to not have any regrets about the way we have lived and to treat our fellow humans in the same way that we wish to be treated. Then we will not have to live with those "If onlys.

Page 2 **Record Keeping Course** Set April 15 At Memphis

by Brad Schnitker CEA-Ag Do you have a computer or do wish you could keep all of your records on a computer? The Hall County Extension Office will be offering a one day Short Course on BudPro on April 15, 1998, at the Bronze Room of the First Bank and Trust of Memphis from 9a.m. to 4 p.m. BudPro for Windows is a

record keeping program that allows you to keep farm and ranch records and assist you with budgets and breakevens. In these days of marketing, it is difficult to know how much a person needs for their cotton or cattle unless you know what the Breakeven price is.

Dr. Stan Bevers, Extension Economist will teach the Short Course and will bring with him a computer lab where each participant will have a computer in front of them to learn by doing. Bevers has been teaching computer short courses to farmers and ranchers across the state for many years. Agriculture producers must work within the factors which he can control such as expenses or finding alternatiave pricing methods, he said. Identification of market prices needed to cover costs (breakeven prices) becomes imperative to increasing competitiveness. Participants, using user-supplied information, will develop enterprise budgets and determine expected expenses, returns, and prices. Tips for use will be discussed throughout the Course

It's Like A Whole Other Country

This workshop is part of the Texas Agricultural Extension Services' "Have Computer Will Travel" project. This innovative project was initiated in the fall of 1992 and involves the lease purchase of a notebook computer lab. This computer lab is used throughout the state and affords the flexibility of teaching a computer course anywhere there is

a demand. There is a registration fee and it is on a first come, first serve basis. Deadline to sign up for this computer lab is April 13 at the Hall County Extension office. The course will be limited to the first 14 that sign up for the class.

For more information about the Course, cost or to sign up for the course contact the Hall County Extension Agent--Brad Schnitker at (806) 259-3015 or at home at night (806) 867-2104.

Deric Zanardi

Mark and Debra Zanardi of Borger, Texas would like to announce the birth of their son, Deric Landen MarkJon Zanardi. Deric was born on March 17, 1998 at 11:36 p.m. at Golden Plains Community Hospital in Borger. He weighed 8 pounds 13 ounces and is 23 1/2 inches long. Grandparents are Melvin and

Guyretta Clinton of Turkey and Ernie and Lucille Zanardi of Winfield, Kansas

Great-grandparents are Alta Clinton and Helen McClung both of Ponca City, Oklahoma.

Deric has two proud sisters, Jen-nifer, 7 and Miranda, 6.

Ella Geissler Colvin

Services for Ella Colvin, 84, of Turkey were conducted at 2 p.m. Wednesday, March 25, 1998 at the First United Methodist Church of Turkey. Mr. Elgin Conner of velland officiated and was assisted

by Rev. Julius Earley, pastor. Burial was in Dreamland Cem-etery in Turkey by Myers-Long Funeral Directors of Turkey. Ella Geissler Colvin died Sunday,

March 22, 1998 in Lubbock, Texas. She was born August 18, 1913 in Providence, Floyd County, Texas, the daughter of Otto and Ottelia Geissler, early settlers in the Bridle Bit Community, Hall County, Texas. She was the youngest of thirteen brothers and sisters, all of whom preceded her in death.

She was confirmed in the Lutheran Faith as a young girl and joined the United Methodist Church in Turkey, Texas a a young wife and mother. She was also a member of the Quitaque United Methodist Church while living in that commu-

nity a number of years. She and George Ray Colvin were married in Turkey, Texas on August 31, 1934. He preceded her in death on August 5, 1980. She was also preceded in death by one granddaugh-ter Tatia Colvin of Big Spring. She was a life long resident of

the Bridle Bit, Turkey and Quitaque communities. She was very active in community affairs. She was a ember of the order of the Eastern Star, Wesleyn Service Guild, Women involved in Farm Economics (W.I.F.E.), The American Agriculture Movement (A.A.M.) and the Nuevo Study Club, holding many offices in these various organizations over the years

She was the mother of four children, all of whom survive her. They are Rae Logan of Ingram, Texas, George (Bud) Colvin of Turkey, Texas, Etwoile (Tweedle) Hamilton of Westlake, Texas, and Judy Morrison of Lubbock. She is also survived by thirteen grandchildren,

22 great-grandchildren and one great-great-grandchild. She is also survived by one daughter-in-law, Veta Colvin and three sons-in-law, Jack Logan, Verlon Hamilton and

Pallbearers Colvin Morrison, Criss Morrison, Joe Morrison, James Colvin, David Smith, Thomas Barr, Jared McCullough and Sam Hamilton. Agnes Barton

Agnes Chandler Barton, 81, of Cameron, former Flomot resident, died Monday, March 16, 1998 in a Camerson Nursing Home. Funeral services were held at 2 p.m., Wednesday, March 18 at Marek-Burns-Laywell Funeral Home in Cameron with the Rev. Fred Lang, officiating. Burial was in Oak Hill Cemetery

in Cameron She was born in Haskell. She was a retired homemaker and a member of First United Methodist Church. She married Clayton Barton on March 24, 1935. He preceded her in death in 1980. They lived in Flomot and Plainview before moving to

Cameron. Survivors include two sons, Dr. Tommy Barton of Cameron and Jerry Barton of Belton; a brother, Garvis Chandler of Albuquerque, New Mexico, two sisters, Audrey Polley of Dallas and Lois Edes of Riverside, California, two sisters-in-law, Mary Ellen "Dude" Barton of Flomot Mrs. Mollie Burleson Floydada: four grandchildren and a

Spring Wildflowers Should be Spectacular

This spring, the state should be covered in a blanket of blue and red.

and red. Extension floriculturist Dr. Don Wilkerson predicts the best wildflower year in a long time. He says warm temperatures and more rain fall should make for a picture perfect season. Most plants began putting on new growth in January and

new growth in January and February, which indicates spring is coming early this year. Indian paintbrushes are bursting into color and bluebonnets are bountiful

tiful. Wilkerson says you'll notice bluebonnets catching on more in landscapes this year. People are planting them rather than rely-ing solely on Mother Nature. Wilkerson says if you plant bluebonnets in flower bed, you need to treat them like any

need to treat them like any other bedding plant. Just because they're naturally wild because theyre naturally wild and hardy, doesn't mean they don't need the same care as per-ennials and annuals when theyre in a flower bed Bluebon-nets should be planted in the fall and Wilkerson recommends using transplants instead of seeds transplants instead of seeds because seeds do not always ger-minate.

Spring Pesticide Disposal Dates Set Provided by: Pammy Millican,

CEA-Ag. Briscoe Co. Ext. Service Texas farmers and ranchers will have an opportunity to dis-pose of their hazardous pesticide waste at four locations this

winner. FOX Sports Southwest, the cable television home of the region's leading fishing and hunting shows, will televise a one-hour taped special recapping the championship tournament

waste at four locations this spring. These collection programs are co-sponsored by the Texas Agri-cultural Extension Service and the Texas Natural Resource Con-servation Commission. Disposal sites and the dates are: Texas Department of Trans-portation Facility, U.S. Hwy.281, Pleasanton, April 22; Texas Department of Transportation Facility, FM 311, Marlin, April 24; Consolidated Nursery, FM 3311, Tyler, April 28; and E&E Enterprises FM 164, Childress, April 1.

April 1. Collection times are from 8 a.m. until 3 p.m. at all locations.

Collection times are from 8 a.m. "Many people are finding their farms cannot pass an environmen-tal inspection because of stored hazardous waste on the premis-es," said Dr. Cliff Hoelscher, Extension entomologist. "Commercial disposal is extremely expensive," he said. These public disposal programs are totally free to any Texas resi-dent and designed to reduce haz-ardous waste in the state. Persons wanting to dispose of hazardous waste should carefully pack and transport all materials in a safe manner, Hoelscher said. All hazardous waste will be han-dled at the site by a disposal col-lector. Representatives from the Texas County Clean Up program also will recycle batteries, oil oil filters and empty, rinsed plastic pesticide containers. Contact your county Exten-sions azents for more informa-

Contact your county Exten-sions agents for more informa-

tion. The program does not accept explosives, fertilizers which are non-hazardous, gas cylinders, pentachlorophenol, and 2, 4, 5T herbicides.

Social Security News by Patty Brandt

In mid-January, Social Secur-ity notified approximately 19,800 individuals whose Supplemental Security Income (SSI) claims were Security income (SSI) claims were denied based on their noncitizen status about the new SSI eligibil-ity rules for noncitizens. Those individuals who filed for SSI on or after August 22, 1996, and were denied because of their constituent status may now be eli-

noncitizen status may now be eli gible for SSI under the noncitizen eligibility provisions of the new law enacted on August 5, 1997. The new rules added new catego-The new rules added new catego-ries of noncitizens who can get SSI, and extended to seven years, the elibibility period for certain refugees, asylees and deportees whose SSI eligibility was limited to five years under 1996 Welfare Reform legislation. The new provi-sions are effective as if they were sions are effective as if they were enacted or August 22, 1996, the date of the Welfare Reform legis-lation. Noncitizens who respond to the notice and are found to meet the new SSI eligibility require-ments potentially may receive SSI payments back to the date of their applications. The notice describes the new SSI noncitizen eligibility catego-ries and lists the information that Social Security needs to see to decide whether noncitizens are eligible for SSI. Social Security representatives will help nonciti-zens obtain any evidence they need to prove their eligibility. Individuals are asked to contact their local Social Security office within thirty days from the date of the letter

NoteHouseworker'sReportsDue With Tax Returns by Patty Brandt

by ratty Brandt Do you have people working around the house on a regular basis-a handyman, house cleaner or gardener, perhaps? [fso, don't forget to report their wages fo Social Security pruposes with your 1997 federal tax returns. It can mean benefits for them when they retire, or if they become disabled, and to

Under the new law, employers only have to file once a year instead of quarterly, and they only have to pay taxes for those household workers to whom they pay \$1000 or more during the calendar year (beginping with each groups of 1000)

You'll need to withhold the Social Security tax from the employee's wages (7.65 percent), match it with the employer's Social Security tax (7.65 percent) and send the report of earnings and the Social Security taxes to the Internal Revenue Service.

However, if the worker is under age 18, you do not have to report the wages unless household work is the worker's principal occupation. Under this rule, most babysitters would be excluded. If you have questions about the changes in reporting household employment and paying the Social Security taxes on household employment, contact your local Social Security office, or call our toll free number, 1-800-772-

Italy is the leading lemon-growing country in the world. The U.S. ranks second.

Stop by the Caprock Public Library and browse...you might be pleasantly surprised that so much information is in such a small space!

Bluebonnets Have Colorful History In Texas

Since the early days of Texas, the bluebonnet has held a place in history. Texas folklore tells of

In mistory recas to know the tens of Spanish priests growing bluebon-nets at their missions. In 1901, selection of the offi-cial state flower sparked a lively debate. One legislator nominated the cotton boll since cotton was bing in Texas

king in Texas. John Nance Garner suggested cactus, extolling the durability and orchid-like beauty. The platform earned Garner the nick-name "Cactus Jack," a moniker he carried all the way to the vice presidency. But it was the blue-

bonnet that garnered the major-ity of the votes. Extension floriculturist Don Wilkerson says there are actually five species of our native blue-bonnet, all of which are considered the state flower. They even include white, pink, red and maroon bluebonnets. All occur naturally and have been selected and bred so they are now popular as bedding plants.

stemmed blueoonnet. Add horu-culturists experimented with it until they produced a richly-colored, long-lasting cut flower. It's expected to become a stan-dard in the floral industry.

dard in the floral industry. Bluebonnets are planted in the fall and bloom best following mild winters. Wilkerson says they hug the ground during the winter as a natural means of protect-ing themselves. Once the weather warms its leaves, the

cluster of awe-inspiring blue blooms

One historian wrote that a

Classic Cable Wins Prestigious Award

Classic Cable was recently honored with the "Best of Texas" award from the Texas Cable and Telecommunications Association for their involvement in the communities they serve. The award is the most prestigious award given to cable operators within the state of Texas.

"This is an enormous honor to be recognized as the "Best of Texas" for our involvement in and commitment to the communi ties we serve. All of our employees take this commitment very seriously and striving for excellence within our communi-ties is an part of our everyday business," commented Adime business," commented Adina Crawford, Community Relations Manager for Classic Cable. Classic Cable was honored with the award for their involve-

ment in the Brittney Meisner Benefit Golf Tournament which took place last summer in Kermit, X. Brittney Meisner is a six ear old little girl with Cystic TX. Fibrosis who is in need of a liver transplant. Classic Cable coordi-nated and hosted the event in Brittney's honor. The one-day golf tournament raised nearly \$10,000 which was applied to Brittney's medical expenses.

"Winning the awards is a great feeling but the ultimate satisfac-tion comes from seeing the indi-viduals that Classic Cable has helped That's when we know that our time and resources are being used in the proper manner and that we can make a difference," Crawford said. Classic Cable owns and

operates cable television systems in 278 rural communities in eight states. As of January 31, 1998, the Company served imately 166,000 customers approx-

El Nino Causes Millions in Damage

Calley Payne, CEA-FCS Briscoe Co. Ext. Service By this time, strawberries are usually plentiful on produce aisles. But not this year. The ground is still so wet in Califor-pia that strawhoring on participant nia that strawberries are rotting on the vine

on the vine. Extension marketing economist Dr. Dick Edwards advises you to just scratch strawberries off your shopping list unless you are will-ing to pay two to three what you normally expect this time of year. But Edwards says strawberries are an extreme example of El are an extreme example of El Nino's wrath. He says for the most part consumers will be able to skirt the produce problem. El to skirt the produce problem. That's because the crops most adversely affected are artichoke and lettuce, vegetables you can either do without of find substi-tutes for. In fact, New Mexico

and Arizona are gearing up to grow lettuce that will replace some of the crop lost to El Nino. Edwards says prices shouldn't go up much. Where we'll notice the difference is that there will be fewer seasonal specials but be fewer seasonal specials, but that will be offset by lower meat prices. Pork prices have dropped because of the tremendous production coming on line with the super farms that have sprung up the last couple of years. And if pork prices go down, the competi-tive pressure is on to keep chicken and beef prices lower,

too. Edwards says Texas and the adjoining states will fair better than much of the rest of the country because El Nino rains have benefited crops such as car-rots, broccoli and melons grown in South Texas. He says Texas consumers are also fortunate that produce from Mexico has to pass through here first, so we pass through here first, so we have the advantage of freshness and lower transportation costs.

Page 4 Strahan Earns H. M. Fentress Award.

Miss Amy Strahan, a junior at the University of Texas who is an intern with the Caller-Times of Corpus Christi has received the H. M. Fentress Award for editorial interns from the Texas Daily Newapaper Association.

She was presented the award during the 77th annual meeting of the association.

Miss Strahan reported that Lake Corpus Christi, one of the City's reserviors, could not be filled to capacity because of structural prob-lems in the dam while she was doing her internship in the summer of 1997

Editor Larry Rose stated, "She took over the story as her own and didn't just have other media follow-ing her, but had councilmen using her stories in their investigation on what happened to the dam and why

they hadn't been informed. During the summer of 1997 Miss Strahan had 61 bylines, 17 of which were on page A1.

"I'm honored and very appreciative," Amy said. "Most news don't get the opportunity to do these kind of stories."

She also was second place in the Associated Press contest for professional journalist with a short feature

The H. M. Fentress Award was established in 1966 and was named after Texas newspaperman Harlon Fentress in 1975. Competition is open to summer editorial interns at the association's member newspapers

Amy Strahan is currently a junior at the University of Texas studying journalism. Amy is also the News Editor of the Daily Texas, the Uni-

versity newpaper. She is the great-granddaughter of Fay Huffines and granddaughter of Hilda Lawrence

The Turkey TAFCE Club had With the college application season in full swing, families are now facing the dilemma of how to pay for tuition, mom & how to President Mabel Morse called the meeting to order at 6:30. Roll call and the minutes of the last meeting were read by Oleta Randell.

be a total "block out" all day that day.

Several keep asking what TAFCE stands for. It stands for Texas Association for Family and Community Education. If any of you ladies who used to be members but have dropped out would like to help us on any of the projects, just let some-one know. Especially the bake sales. We have lost several good cooks, so let us know if you want to help. We appreciate all the help we can get.

Turkey Roost Museum Sets Meeting April 7

The Turkey Roost Museum will have a meeting April 7th at 3:30 p.m. Everyone who is interested in the museum is encouraged to attend.

The friends of the museum appreciate all who helped with the Christmas in November. The group especially appreciate Two J's, Mullin Motor and Cecilia Johnson for their generosity and help. Plans are being made to make this an annual event and they hope to have more gifts for the drawing this year.

The museum has been asked to do a dinner for an upcoming event in June and a decision on this will be made at the meeting. The group hopes to have more posal also.

Everyone who is willing to

Taken From the Turkey Enterprise recia and SPRING CLEAN-UP WEAK Citizens of Turkey or words

Yesteryear

Citizens of Turkey are urged to think about and plan to actively participate in the Spring Clean-up Week by Marvin Hall, state fire insurance commissioner, and R. D. Rivers, city fire marshal.

April 5 through 10 has been designated by the city as clean-up week in co-operation with the state cleanup set aside by Governor Jester.

The city will operate trucks to haul off the rubbish, and every one is urged to clean their premises and pile the trash where it will be easily accessible to the truck drivers.

Rivers stated that Turkey's fire loss last year was negligible, being only \$50, and that as a result of the good fire record the insurance key rate is benefited. Over the state the fire losses in 1947 were the highest in history.

Get your working tools in shape and let's have a real clean-up week. (You can start before Monday if you wish.)

The fireboys answered an alarm Monday afternoon when a fire broke out at the W. Q Montgomery Blacksmith shop. The men were repairing a gasoline tank at the rear of the building when it caught fire. No damage was done.

Hansel Hill, Joe McKee, Bill George, Irl Twilla and Horace Hunter attended a Masonic meeting of the Royal Arch Lodge at Matador Mondav night **66**

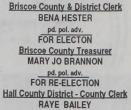

TED ROBERTSON ACCIDENTLY WOUNDED

Ted Robertson, brother-in-law of Vernor Bradshaw, received a severe head wound Monday while working with the County Road boys on a bridge near the Stubbs farm north of town.

Bob Browder who was working with an ax accidently hit Robertson on the top of the head as he was stooped over. He was taken to Dr. Achor for treatment where two clamps had to be placed on the gash. Robertson came here about a month ago from El Centro, Calif.

The term "Dutch oven" may refer to a covered metal cooking pot or to a brick oven built into a fireplace.

Grandparents buy one-quarter of all toys sold, according to The New York Times.
