WITH A MORAL

(Borrowed from Wes Izzard's A to Izzard)

Fable or parable, call it what you will, there's no better way to make a point.

Currier Holman, chairman of Iowa Beef Processors, resorted to such a fable Saturday in his talk to the visitors at the plant opening. It is, he said, a recent update of the age-old story from Mother Goose, and is titled, The Little Red Hen Updates. Here it is:

"Once upon a time there was a little red hen who scratched about and uncovered some grains of wheat. She called her neighbors and said, 'If we plant this wheat we will have bread to eat. Who will help me plant it? Not I, said the cow, Not I, said the duck, Not I, said the goose. Then I will said the little red hen. And she did.

The wheat grew tall and ripened into golden grain. Who will help me reap my wheat, asked the little red hen. Not I, said the duck. Out of my classification, said the pig. I'd lose my seniority, said the cow. I'd lose my unemployment insurance, said the goose. Then I will said the little red hen, and she did.

At last it came time to bake the bread. That's overtime for me, said the cow. I'm a dropout and never learned how, said the duck. I'd lose my welfare payments, said the pig. If I'm the only helper, that's discrimination, said the goose. Then I will, said the little red hen.

She baked five loaves and held them up for her neighbors to see. They all wanted some and demanded a share. But the little red hen said, no, I can eat the five loaves myself. Excess profits, cried the cow. Capitalist leach, screamed the duck. Equal rights, yelled the goose. And they painted unfair picket signs and marched around the little red hen shouting obscenities.

When the government agent came he said, you must not be greedy, little red hen. But I earned the bread, said the little red hen. Exactly, said the agent. That's the wonderful free enterprise system. Anybody in the barnyard can earn as much as he wants. But under our modern government regulations, the productive workers must divide their products with the idle.

And they lived happily ever after, including the little red hen who smiled and clucked, I am grateful, I am grateful. But she never bake any more bread.

Mr. and Mrs. Don Coffman, Missionaries to Honduras, Central America, will speak at First United Methodist Church, Quitaque, Wednesday, September 17, 7:30 p. m.

The Coffmans serve with World Gospel Mission, an interdenominational sending agency with 335 missionaries and homeland staff laboring in eighteen areas of the world. International headquarters is in Marion, Indiana.

Natives of Iowa, the Coffmans engaged in farming for nearly ten years before their eyes were turned toward the mission field. During those years, Mr. Coffman served on the Boards of Directors of Madison County Breeders Co-op and the County Farm Bureau. Both of the Coffmans were active in church and Sunday School.

In preparation for the mission field, the Coffmans sold their farm possessions and entered Vennard College, University Park, Iowa. At Vennard, he served as president of the sophomore class and was president of Missionary Prayer League. To help on college expenses, Mr. Coffman assisted in maintenance at the college, and Mrs. Coffman helped a Kiddie-Kollege Daycare and Pre-School Center, operated by Vennard.

In March, 1969, Mr. Coffman visited Bolivia, South America, and saw missions in action. The following year, the two of them served in that field as WGM Summer Career Corps members. They helped to lighten the work loads of the missionaries.

In Honduras, where the Coffmans have been serving since studying Spanish in Costa Rica, WGM carries on a vigorous church-planting endeavor which has led to the establishment of a strong national church. The Coffmans served the church primarily through lay training ministries and evangelism.

For a short time recently, the Coffmans helped in the work at El Sembrador Farm School while Mr. and Mrs. Don Hawk assisted in Hurricane Fifi relief work. And for eleven weeks, the Coffmans directed the building program in the hurricane area.

Don and Eunice Coffman expect to return to El Sembrador Farm School after a regular furlough in the States.

minister, and has pastored several churches in the West Texas District.

The Valley Patriots launched their 1975 football season on a high note here last Friday night by taking a 19-0 win over the Chillicothe Eagles, and in doing so established at least a couple of firsts for the Patriots. One first was the first time the Patriots had won the season opening game, and the other first, was that it was the first time the Patriots had won over the Eagles. Valley has opened the season against Chillicothe all four seasons of its existence and Friday night was the Patriots' night.

The Patriots wasted little time in getting on the scoreboard. Valley took the opening kickoff and returned to their own 35 yard line. On the first play from scrimmage Barry Wheeler broke through the left side of the line and appeared to be on his way to paydirt but was caught from behind 31 yards later at the Chillicothe 34 yard

line. Two plays later, however, Chillicothe intercepted a Valley pass on the 7 yard line to stall that drive. On the Eagles' first try from scrimmage they were caught moving before the ball was snapped and were penalized back to their 3 1/2 yard line. On their next try the ball was fumbled and Valley recovered and the Patriots were in business on the 3 1/2. Barry Wheeler rammed into the end zone on the first play and Valley had 6 points with only 1:46 time elapsed. Ernie Lucero's try for extra point was missed and Valley led 6-0.

Chillicothe made its best showing of the night on its next possession. Ernie Lucero kicked off to the Chillicothe 15 yard line and the Eagles returned it 30 yards and advanced the ball to the Valley 36 yard line. However the Valley defense stiffened and with the aid of a 5 yard penalty, the Patriots took over possession of the ball at the 40 yard line. That was the deepest the Eagles advanced all night into Valley territory.

The Patriots took possession at their own 40 yard line and with the Wheeler brothers carrying and a pass completion from Ron Eudy to Pepper Jones, the Patriots marched to the Eagles' 2 yard line, then gave it up on a fumble. The first period ended there with the score 6-0.

Chillicothe managed to advance the ball only one yard in three tries and had to kick again. The Eagles' kicking game was having no luck on this night and the Patriots set up once again on the Chillicothe 39 but were unable to pick up a first down and Lucero set the Eagles back to their own 3 yard line. The Patriots stopped

Mr. and Mrs. Roy Hunter visited in Mena, Arkansas from Friday until Sunday. They also visited friends in De-Queen and Wicks and relatives in Gillham and Umpire. They returned home Wednesday of last week, reporting an enjoyable trip.

Jim Stell of Friona spent the weekend with his wife and his daughter and family, the Jack Chandlers.

Mr. and Mrs. Jim Mayfield visited their son, Bill, and his family in Electra last week. They went from there to Nashville, Arkansas, where they visited Mrs. Mayfield's sister and husband, Mr. and Mrs. Steele Forgy. They returned home Thursday of last week.

Mrs. Murry Morrison drove to Dimmitt Tuesday and brought her brother, Bailey Eddieman, home with her to spend the rest of this week.

Mrs. W. E. Morrison spent from Wednesday last week until Sunday visiting her daughters, Mrs. Hubert Setliff, Mrs. Lawrence Bedwell and Mrs. Birt Lane, and their families in Plainview. She returned home Sunday with Mr. and Mrs. Lawrence Bedwell, Mrs. Wendell Senter, Mrs. Hazel Cook, Mrs. Bernice Gregg and Mrs. Janice Richburg as they came to attend the First Sunday Singing at the local Church of Christ.

After Friday night's win the Patriots now have a string of six wins in a row, and have only had one touchdown scored against them since last year's game with Sudan. Following last Friday night's games, only Valley and Nazareth are unbeaten in the district and only Valley is unbeaten and unscorred on!

the Eagles once again and Chillicothe kicked to the Valley 33. Valley picked up a couple of first downs, advanced the ball to the Eagles 13 yard line, then were penalized 5 yards for illegal motion, then fumbled it away at the 15. Once again the Eagles could not pick up a first down and had to kick, but this punt traveled only about two yards, the Patriots taking over on the 20 yard line. Valley picked up a first down at the 10 and then Ron Eudy hit Reggie Cathey with a 10 yard pass for the TD with Reggie making a very nice catch to make the score 12-0. The extra point try was wide and Valley led 12-0 with 3:05 left to play in the second quarter.

Ernie Lucero kicked the ball into the end zone on the kickoff and the Eagles again were not able to move the ball, although they did pick up a first down on a 15 yard penalty against the Patriots. The first half ended with the score still 12-0, Valley.

The third quarter was about like the first two. Valley moved the ball well and Eudy threw a touchdown pass to Pepper Jones from about 15 yards out, only to have it called back and the Patriots penalized 15 yards. On the next play the Eagles intercepted a Valley pass on the 15 to stop that threat. The third quarter was scoreless.

Early in the fourth period Barry Wheeler went in to the end zone from 12 yards out, only to see it called back and the Patriots were penalized 15 yards, then had to give up possession on the 36.

For only the second time during the game the Eagles advanced the ball into Valley territory but the drive stalled at the Patriot 40.

Once again with Brian and Barry Wheeler taking turns lugging the pigskin the Patriots took the ball in for the score with Barry Wheeler scooting in from about the 20 yard line. This time Lucero kicked the ball squarely between the uprights for the extra point for the final points of the night making it 19-0.

Actually the game was no contest and the Patriots held a wide margin in all of the statistics. Unofficially the Patriots had 20 first downs to the Eagles' 7; in total offense the Patriots picked up around 350 yards to the Eagles' 70-odd yards. The Patriots picked up 119 yards passing. The locals complete 7 out of 12 attempts and one TD. Reggie Cathey was on the receiving end of 3 passes, one good for the TD.

Coach Hulse, when asked if he wanted to "brag" a little on any of the boys, smiled and replied, "all of them." Then he said that on offense he would have to name Brian and Barry Wheeler and Reggie Cathey for turning in very good performances and on defense it would have to be Pepper Jones, Brian Wheeler and Scotty Setliff.

Coach Hulse warned fans, however, that although the Patriots won easily last Friday night, it would be a different story at Silvertown Friday night in their next game. He said that he had seen the Owls in two scrimmages and they are improving fast. They will probably be well matched this time.

After Friday night's win the Patriots now have a string of six wins in a row, and have only had one touchdown scored against them since last year's game with Sudan. Following last Friday night's games, only Valley and Nazareth are unbeaten in the district and only Valley is unbeaten and unscorred on!

Game time Friday night is 8 o'clock at Silvertown.

PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and

The present dedication of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. No state funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonably foreseeable water requirements of the basin for the ensuing 50 years, unless the removal of water is sufficiently replaced to the point of removal from outside the state or is on a temporary, interim basis. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. The provision is continued that, except as otherwise provided by law, a rate of interest in excess of ten percent a year is usurious, and that if a contract does not specify a rate of interest, the rate under the contract may not exceed six percent a year. Discrimination against handicapped persons is prohibited, and a goal of the state is established to provide every resident access to adequate, comprehensive health care.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the MODE OF AMENDING PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976, except Article VIII, Section 2, Subsections (b) and (c), which becomes effective January 1, 1978, and Article VIII, Section 6, Subsection (c), which becomes

effective January 1, 1979.

PROPOSITION NO. 6 ON THE BALLOT

Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

"The constitutional amendment revising the GENERAL PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 8 ON THE BALLOT

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 8 is adopted, the article will replace Article XVII of the present constitution. If other propositions are adopted, the article will be appropriately renumbered to remain the last article of the constitution. If all propositions are adopted, the article will be Article XI. Article XVII, Mode of Amending the Constitution of the State, is amended to:

Establish a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the MODE OF AMENDING PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976

FARBEE EXPRESSES CONCERN OVER CRIME INCREASE IN RURAL AREAS

Senator Ray Farabee expressed concern about the rising crime rate in Texas and particularly recent statistics indicating the highest percentage increase has occurred in rural areas.

The Texas Department of Public Safety released figures for the first six months of this year showing major crime in Texas rose 17.4 per cent with rural areas showing 24.7 per cent increase and urban areas up 16.7 per cent.

"Rural areas with over 50 rural population per square mile posted the largest crime rate increase, up almost 51%," D.P.S. Director Colonel Wilson E. Speir said.

"Although 90.5% of all crime is committed in cities over 50,000, we cannot afford to ignore the problem of increasing disregard for the law in small cities and rural areas," Farabee said.

Farabee noted that the extension service of Texas A&M University will be locating a branch school within the 30th Senatorial District to assist in training law enforcement officers in Northwest and West Texas. Special emphasis will be given to training policemen and sheriff personnel in smaller cities and rural areas. In addition, the State Senator has proposed legislation which will provide greater supervision for persons accused of crime prior to trial and convicted persons on parole or probation.

"There was one major criminal offense in Texas every 3 1/2 minutes," Speir said. "On an average, there was one murder every five hours, one rape every two and one-half hours, a robbery every half hour, one burglary every two and one-half minutes, an aggravated assault every twenty-five and one-half minutes, one theft every one and three-fourths minutes and an auto theft each eleven minutes."

TEXAS TALK

Cattlemen are being outdone by prune producers. At least as far as product promotion is concerned. Paul Horn, writing in one of this summer's issues of THE CATTLEMAN, cites the fact that the prune growers association of California spends more total dollars pushing prunes than the entire cattle industry does in promoting beef. This latest wrinkle comes as a part of the continuing push for the Beef Development Plan which could provide as much as 40 million dollars a year for the promotion and development of beef markets. Hold up on the operation still involves composition of the 68 member "Beef Board" and the mechanics of operating the "beef check-off" system which would provide financing for the promotion by collecting three-tenths of one percent of the sales price of slaughter cattle. If the still lingering problems are ironed out, collections could begin as early as next year.

BICENTENNIAL PRAYER

Prayer played an important role in developing our government. At the beginning of the Constitutional Convention, almost complete anarchy prevailed; each representative was interested only in the welfare of his own state and balked at suggestions which came from others. Finally Benjamin Franklin arose and calmed the meeting. He said, "The longer I live, the more convincing proofs I see of this truth, that God governs in the affairs of men . . . I also believe that without his concurring aid, we shall succeed in this political building no better than the builders of Babel . . . I, therefore, beg leave to move, that henceforth prayers, imploring the assistance of Heaven and its blessings on our deliberation be held in this assembly every morning." From that moment the Convention began to progress and produced our Constitution and Bill of Rights.

Prayer is still vital to the life of our nation. During the crucial hours America now faces many feel that there is little we can do. But we can all do one important thing; we can pray.

"First of all, then, I urge that entreaties and prayer, petitions and thanksgiving, be made on behalf of all men, for the kings and all who are in authority, in order that we may lead a tranquil and quiet life in all godliness and dignity" (I Timothy 2:1-2, NAS)

We invite you to worship with us Sunday morning at 10:30 and again in the evening at 6:00. The sermon Sunday morning will be "Positive Christian Living and Thinking".

Have a good day.

Seven State Park Names Approved By Commission

Seven new state parks on August 29 received their official names. The Texas Parks and Wildlife Commission gave approval in accordance with guidelines adopted in 1973 for naming state parks and park features.

Caprock Canyons State Park in Briscoe County was given this name because it is located on the Caprock escarpment and contains the upper canyons of the north and south forks of the Little Red River.

Guadalupe River State Park in Comal and Kendall counties is named for the river on which it is located, the most prominent natural geographic feature associated with it.

Lake Mineral Wells State Park in Palo Pinto County is so named for a predominant man-made resource. Since the park is located within the Western Cross Timbers vegetative area, the Fort Wolters portion of it will be known as the Cross Timbers Unit.

Bryan Beach State Recreation Area in Brazoria County is on a site which has had the name through long-established custom and which is recognized on U.S. G.S. and nautical maps.

Caddoan Mounds State Historic Site in Cherokee County is called after an accepted name for the prehistoric inhabitants and associated ceremonial mounds.

Landmark Inn State Historic Site in Castroville is the site of a well-known hotel and grist mill with this name which were established during the early state hood period.

Queen Isabella State Fishing Pier in Cameron County is a converted causeway that has long been named for Queen Isabella.

Reddy's helpful tips for your Home Laundry

- * Avoid wasting hot water while laundering. Use the cold and warm water setting as much as possible to cut down on the energy needed to heat water.
- * Use the water level control on your washer. You should use less hot water for small loads.
- * Follow detergent instructions carefully. Oversudsing makes your washing machine motor work harder than it needs to.
- * Clean the lint filter on your washer and dryer after each load to keep your machine running efficiently.
