Grandfather Of Mrs. **Odis Reagan Dies** 

Earl R. Barrick, 98, died Sun day, April 29, at 4:30 a.m. at his home in Houston where he had resided for the past forty years.

He was the father of Mrs. Ella Mason of Quitaque and the grandfather of Mrs. Odis Reagon, both of Quitaque. He was the father of seven children, one dau-ghter having preceeded him in death. His daughter, Mrs. Mason, said he had hardly been ill or in pain in the 98 years. He fell at his home Tuesday and Mrs. Ma-son took the bus from Childress Wednesday to go to his bedside, She and her sister took him to the doctor the next day and the doctor told them he was suffer-ing heart failure. He asked to go home to his own bed and he died

early Sunday morning, keeping his sense of humor almost to the end of his life. Survivors are three daugh

Mrs. Mason of Quitaque, Mrs. Della Brown of Jacksonville, Flo-rida and Ellen Huenerberg of Houston: three sons. Everett Barrick of Littlefield, Wesley Bar-rick of Azle and Lesley Barrick of Kilgore; 33 grandchildren, 82 great-grandchildren and 25 greatgreat-grandchildren.

# JIM WAS GRADUATED TODAY

Mary and I sat on the bleachers overlooking the high school athletic field and watched him march in with his class. A bird glided overhead, and, from far off, a dog's bark and children's voices mingled on the evening air. Behind circling hills, blue mountains made a stately backdrop.

Jim avoided our glance, the habitual grin he's worn since babyhood stilled for a moment in a gaze of earnest solemnity. His first big milestone had come, and I smiled to myself remembering his eagerness to embark upon the "world of tomorrow."

I have no fears for his future . . . for Jim is a Christian. What a wonderful assurance it is to his mother and me to know that wherever he goes, whatever happens in that wonderful "world" ahead, the values and principles he has been taught will be there to guide and sustain him.

How grateful we are to our church for the guidance and encouragement it has given us in the Christian education of our son!

#### THURSDAY, MAY 10, 1979

#### NEW TWO-COUNTY JAIL PLANS HALTED

The possibility of a two-county

jail facility to serve Hall and Col-lingsworth counties has come to a sudden and abrupt ending.

Collingsworth County commissioners, in a special meeting, voted by a 4-0 margin to dissolve the two-county jail agreement, return the federal grant money already okeyed by the Governor, and remodel the present Collingsworth County jail to meet spe-cifications of the Texas Commission on Jail Standards.

1978, Judge Campbell and Judge-Elect Watson and Sheriff Elmer Neel appeared before the Texas Neel appeared before the Texas Criminal Justice Advisory board in connection with the request for a grant of \$159,500. The grant was approved, and later gi-ven final approval by Governor Briscoe. Bids for the construction were opened in January, but were abaut \$120,000 more than In another action, the neighboring county officials voted to raise the per prisoner per day rate paid by Hall County for housing Hall County prisoners from \$2.75 per day to \$24.75 per

were opened in January, but were about \$120,000 more than the architect's estimate. Following this, Judge Camp-bell and Judge Watson applied Earlier that day, Hall County Judge Lester H. Campbell had been contacted by Collingsworth County Judge Bob Watson, who asked that his court meet in Memphis that night to discuss the two-county project. Hall com-missioners met at the local courtmissioners met at the local court-house and about thirty minutes later, Judge Watson called and reported that the Collingsworth commissioners had decided to dissolve the agreement.

It now appears, the commis-sioners feel, that Hall County will have to issue bonds and construct a new jail in Memphis. Hall County has about \$80,000 in its jail fund at the present time, and it is likely that a new jail will cost in the neighborhood of \$300,000 to \$350,000 of a size sufficient to serve the county. A new jail would have to be large enough to accomodate not only male adult prisoners, but women

and juvenile prisoners as well. The two-county jail idea was started about three years ago, when Zook Thomas, then Collingsworth judge, approached Hall, Donley and Wheeler county of-ficials with the idea of a fourcounty facility. Later Donley and Wheeler officials chose not to

enter into the agreement. From that point, Hall and Collingsworth counties decided to continue work on the two-county facility by adding to the present

THE VALLEY TRIBUNE Collingsworth jail and remodeling of that facility; the new fa-cility would have been about

for an additional grant of

\$77,000. This grant was approved

by the Governor's committee and

DELICIOUS

APPLES

Mr. and Mrs. Winston Savage (the former Lucille Persons) of Lake Travis visited relatives and friends in Quitaque last week. They also visited Mrs. Gladys Wise in Amarillo and Sid Bogan in Plainview.

Mrs. Gladys Wise was admit-ted to High Plains Baptist Hospital in Amarillo Saturday. She is suffering with pneumonia. At the latest report, she was improving. Mr. and Mrs. J. T. Persons, Mrs. Lela Mae Hutcheson and Mrs. W. E. Schott of Silverton were all in Amarillo Monday on business. They went in two ve-hicles and all visited Mrs. Wise at the hospital.

Sid Bogan was scheduled to go to Lubbock Monday of this week for his prosthesis. His son, S. T. Bogan, jr. of Richardson, plan-ned to come to Plainview to take Bogan, his father. Sid's doctor told him he would probably need to stay in the home for three weeks af-ter the fitting and then he could go where he wanted to go, as far as the doctor is concerned. This was reported to the Tribune. Wonder where Bro. Sid will want to go?

Mr. and Mrs. Leon Sidlock of LaMesa, California and Deanna Dennison of Lubbock were visiting in the James (Duke) Woods home Monday when Deanna fell down the stairs. She was taken by Quitaque Ambulance Service to Central Plains Hospital where

five years.

Two gasohol bills have passed both the House and Senate in the Texas Legislature. HB 1803, by Rockdale Rep. Dan Kubiak, passed the House by a vote of 104-23. This bill would provide for loans to individuals and corporations for the production of al-cohol. These loans would be made through the Texas Indus-trial Commission.

Fifteen million dollars was provided in the form of a 10-year loan. A group of individuals could obtain up to a half million dollar loan, while an individual would be limited to a \$25 thousand loan.

HB 1996, by Somerville Rep. Bill Keese, passed by a vote of 127-1. This bill cleared any legal aspects pertaining to the pro-duction of alcohol in Texas.

In recent testimony presented before the House Agriculture Committee, we learned that Bra-zil now produces close to half of the country's fuel needs in the form of alcohol. Brazil's goal is to supply its entire fuel need for moving vehicles within the next

she had x-rays and it was determined she had suffered no injuries

Mr. and Mrs. Sidlock are uncle and aunt of Mary Woods, and Deanna is a niece.

The price of gasoline has now escalated to a figure that makes production of gasohol feasible. As the price of gasoline continues to rise, the production of al-cohol will look even better. Presently we have thousands of acres of land standing idle because of government programs. Production of alcohol from these acres would greatly lessen our dependence on oil from the Mid-dle East.

Considering our dependence on oil from that part of the world and the powder keg situa-tion we have in that area, this gasohol legislation could prove to be the most important legis-lation we pass this session.

I'm always glad to hear your comments on this or any other legislation before the House of Representatives.

#### is over The directors voted down an institutional amendment change to limit the number of years a

state president can serve. The representatives re-elected the very capable Ron Butler as secretary and Elizabeth Dozier as treasurer. Much other business was transacted.

The Alien Land Ownership Bill, on which Farmers Union has been working all year and part of last year, was tabled by only six votes. After a threat of yeto by Governor Clements, who seems to be controlled by two oil companies, it will take 100 votes to get this bill back on the floor. We lobbied hard for the Tax Relief Bill. This leaves the question: "Is there enough money left?"

President Naman, seeing our bill's trouble, invited a large number of legislators to a reception on the patio of our motel, and had each of us to call our own Senator and Representative to invite them. They came out in large numbers. This lasted about hours. We feel this helped us quite a lot.

As for Senator Ray Farabee and Representative Foster Whaley, we have no problems. We agree with Rep. Whaley when he said that no one's life is safe as long as the Legislature is in ses-On Tuesday, all of us lobbied for these bills until time to come

home.

Mrs. James Brunson was taken to Central Plains Hospital in Plainview Thursday of last week According to report, she was re-ceiving treatment to stabilize her

heart beat. She returned home Tuesday and her husband reports she is doing fine.

Mrs. W. W. Cain was brought home from the Central Plains Hospital in Plainview Wednes-day of last week where she had spent nine days. She was plea-santly surprised shortly after she arrived home when her daughter, Charity Steward of Fort Worth, drove up. Mrs. Steward is still visiting her mother at this writ-

Other visitors in the Cain home were Mr. and Mrs. Lenard Crabb and Rev. and Mrs. Lemy Pike, all of Silverton, who visited in the Cain home Saturday afternoon.

Quitaque Methodist Women Have **Regular** Meeting

The WSCS of the United Meth-The WSCS of the United Meth-odist Church in Quitaque met Monday, May 7, in the home of Mrs. Jarrell (Jean) Rice. The minutes of the previous meeting were read and a financial report given in the business meeting. The ladies sent men's and wo-men's clothing to the Wichita Falls Tornado Relief. It was also voted to send \$10.00 to the Greg orys for presenting the program for the Senior Class of Valley High School at the banquet give en by the Methodist ladies.

Mrs. Rice served refheshments to eleven members.

The next meeting will be May 21 in the home of Mrs. Jimmy Davidson.

Mrs. Solon Owens of Turkey accompanied her daughter and

son-in-law, Mr. and Mrs. Ed Smith of Miami, Florida, to Hous-Smith of Miami, Fiorida, to Hous-ton for a visit with Mrs. Owens' brother, Dr. Quah Rumph who has been ill. While in Houston, Mrs. Owens attended the Farmers Union meeting, which proved quite exciting and interesting.

#### Quitaque Baptist Women Meet

The Baptist Women of Quitaque met Tuesday morning at 9:30 o'clock in a prayer group study led by Mrs. Leon McCrac-ken. The Call to Prayer was givken. The Call to Frayer was giv-en by Mrs. R. J. Harmon. The scripture was found in Ephes-ians 5:21-23. A special prayer for missionaries was led by Mrs. A.

E. Gragson. The study for Tuesday was tit-led "Living Stones." Mrs. Mc-Cracken brought out in detail, bringing to light how important these "Living Stones" (mission-aries) are to the world and how they train natives where they are to carry on the work when the missionaries are gone. The country studied is war-torn Rhodesia. Mrs. Lillian White brought a study on Mission Action, a very good lesson on "How to Keep Your Foot Out of Your Mouth" when visiting the ill. The scrip-ture is found in Bacher 0100 ture is found in Psalms 21:33 and 13:3.

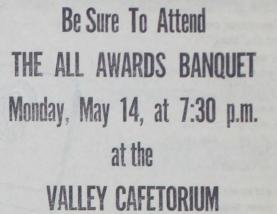

Those present were Miss Gladys Stroup, Mrs. A. E. Grag-son, Mrs. R. J. Harmon, Mrs. Leon McCracken, Mrs S. C. Brown and Mrs. Lillian White. Mrs. Brown led the closing prayer

### Dere Mommy, Happy Mothrs Day!

The red rose decorating the notebook paper is a little lopsided, and the spelling is awful. But what a wealth of love went into the message. I know, because I was the little girl who made it. Now it's my little girl who struggles with pen and crayon to fashion a card of love for me. And as I watch her I think of Mama — sliding down the back hill with us in Daddy's worn-out kers, kneeling with us as she heard our prayers, singing sweetly Sunday mornings as she stood be-on us in the family pew. I remember her joy in life, the way her Christian faith glowed in everything

Do you wonder that our church is a continuing source of joy and strength for me and my family?

#### WEST TEXAS UTILITIES PURCHASES SITE FOR COAL-FIRED GENERATING PLANT

West Texas Utilities Company has announced the purchase of a site eight miles southeast of Ver-non for construction of a new

coal-fired generating plant. The plant will be built on a 1920-acre tract purchased from the W. T. Waggoner Estate. Cen-ter of the site is about three miles southwest of Oklaunion and the same distance from the

Fort Worth and Denver Railway. The land purchase agreem was signed April 12 at the Waggoner Building in Vernon by Jerry J. Johnson, WTU vice president and director of admin-istrative ser♥ices, and by Killen Moore, trustee of the W. T. Waggoner Estate. Other WTU repres entatives present were Walter Meller, manager of Systems Op-erations; J. B. Jordan, jr., chief right-of-way agent; and Sherwyn McNair, director of information services, all from Abilene; and Sam Russell, the company's lo-cal manager in Vernon.

Meller, whose responsibilities include general supervision of all WTU power plants, said the site near Oklaunion was chosen after an exhaustive study of possible locations by Tippett and Gee, an Abilene consulting engineering firm.

"We are extremely pleased that our plans appear to meet the approval of civic leaders of Vernon and Wilbarger County, as well as the Waggoner Ranch people," Meller said. "Everyone we have dealt with has been most cooperative.'

First indication that a power plant would be constructed some-where in the Lake Kemp - Lake Diversion area came in Decem-ber 1976, when it was announced \$1.39 lb. that WTU had contracted for wa-ter rights from the lake system. The contract with the City of Wichita Falls and the Wichita Coun-Water Improvement District Number Two provides for WTU to use up to 20,000 acre feet of water per year for power genera-tion. A permit also has been granted by the State Water Rights Commission. West Texas Utilities is an in-

vestor-owned electric company which serves a 53-county area extending from the Red River to extending from the Red River to the Rio Grande: General offices are in Abilene-Vernon is in the company's Panhandle District, which is headquartered in Childress, with A. D. Green as dis-trict manager.

The new power plant will be operated by WTU, but is present-ly beign considered as a joint project to be shared by other companies in the Cenrtal and South West System. Engineering design and construction of the new plant will be managed by CSW.

No date has been set for actual beginning of construction, but Meller said preliminary environmental impact studies will start immediately. Present plans call for an ulti-

mate generating capability of a bout two million kilowatts. This would make it one of the largest power plants in the state, and by far the largest in WTU terri

The plant will consist of three generating units, to be built suc cessively, which means that con struction work at the site possib ly will be underway for abo years. Total cost is expected to exceed \$1 billion. The first of the generating

units is expected to be in com-mercial operation by 1987.

The construction work force is expected to include about 300 persons in the early stages and increase to around 1,000 prior to completion of the first unit. The permanent plant operating staff will consist of from 100-125 WTU ees, many begin arriving before the first unit is completed. The decision to turn to coal for future generation was made after the Railroad Commission of Texas ruled that natural gas could not be used as boiler fuel in new plants, and that the use of gas in existing plants must be reduced beginning in 1981. WTU's plans call for use of low sulphur western coal. The coal probably will come from Wyoming or Colorado.

Visitors in the home of Mrs. W. E. Wellman for the weekend were her son, Mr. and Mrs. Lloyd Wellman and Kenneth of Shallo ater and her grandson, Kreg Wellman, of Wellman.

Forty or fifty years ago, the electric bill was most often called the "light bill". In thousands of homes, Mr. Edison's illuminating invention wasn't the only electrically powered appliance, but most people associated elec-tricity with the most visible benefit – light.

Today, with the help of electrical energy and the appliances it powers, our tasks become easier and our lives more enjoyable. At West Texas Utilities we're working to provide you a continuing dependable source of electrical energy now and in the future.

Remember Reddy supplies the energy, only you can use it wisely.

Mr. and Mrs. J. V. Mohon and family of Whitney spent the weekend in Turkey visiting with friends and relatives
