

City Of Quitaque **To Host Meeting**

The City of Quitaque will be hosting a public information program on yard waste reduction alternatives on January 23, 1997, starting at 7 p.m. in the bank room of the First National Bank of Quitaque.

The purpose of this program is to inform area residents of the various options available to them for cutting down on the volumes of grass trimmings and wood/ brush waste that are currently being hauled to the landfill in Tulia for disposal.

The city hopes to coopt resident support for these programs because of the potential savings they can generate in reduced hauling and disposal costs and because the programs offer residents an opportunity to beneficially reuse a valuabale resource that would otherwise be buried in the landfill.

The City of Quitaque is extending an invitation to the residents of Quitaque, Silverton and Turkey to come and be a part of this learning experience.

The workshop is being conducted as part of the City's wood/ brush waste reduction project which was funded through the Texas Natural Resource Conservation Commission.

Low Levels Of Blood Supply Reported In **United States**

There are areas of the United States experiencing a critical shortage of blood supply. Blood supplies fall to critical levels during the holidays, but this year they were lower than normal at the start of the holiday season.

In a proclamation issued by President Clinton announcing January as National Volunteer Blood Donor Month, the president called for more efforts to raise public awareness of the urgent need for more blood do-

nors. For millions of Americans across the country, the generosity of a volunteer blood donor means the difference between life and death. Donating blood is

First Baptist Church Has Break-In Monday

The First Baptist Church of Quitaque was burglarized on Monday January 20, 1997 sometime between the hours of 10:30 a.m. and 1 p.m.

Rev. Anthony Sisemore left the church around 10:30 a.m. and returned about 1 p.m. to find a window broken to gain access to his office from which the thief had taken a printer and Computer. Also taken was some sound equipment.

While in the church the thief also turned over a keyboard and damaged it.

Estimates of the damage and the stolen equipment was around \$7,500.

"Wealthy" Districts Not Always Rich

Lt. Governor Bob Bullock Friday said an analysis of nearly 100 school districts that are re quired by the "Robin Hood" law to share property tax money with Texas' poorer school districts shows more than half have per capita personal income below the state average.

"This pokes a hole in the idea that many so-called rich dis-tricts are filled with rich people," Bullock said. He said 54 of the 91 school districts subject to the state's Robin Hood funding law have per capita income of less than \$19,716 based on the county census figures where the districts are located.

"Property wealth that can come from a major industry, a plant or oil wells does not always mean the *people* are rich. That is as good a reason as any to re-examine the state's Robin Hood school funding law. It's good evidence that the system is not the fairest way to fund education," he said.

Bullock again has urged lawmakers to take a look at the state's Robin Hood provisions that require 91 Texas school districts to send tax money to other schools

The Last Real Cowboy

The last real cowboys are few and far between. You won't find one in a fancy western store or impressed by designer jeans.

His dress is an old worn hat, long sleeve shirt, jeans and a pair of leather boots that the world would call obscene.

Their job isn't 9 to 5, but dawn to way past dusk. Their briefcase is a saddle bag and a horse their limousine. They're kissed by the sunshine and whipped by the wind, but

still they stay from beginning to end. They have a special love for God, their horse, a good woman, family and friends that holds him together until the end.

His hands are rough and his back is bent. His saddle is his throne, his horse a mighty steed. He sets it with the grace and wisdom of a life well spent. The life of a true cowboy never comes to an end, his memory will last forever in the hearts of his family and friends.

His job is like none other and can be done by only a few good

men.

So Uncle Roy as your life on earth has come to an end, your memory will last in our hearts until we see you again. Love,

Sharon Duncan

On Tuesday, Jan. 7, 1997, Vinita and Guss Hrncir and Vinita's mother, Melma Chandler of Amarillo flew out of Amarillo for Sacra-mento, Calif. where they were met by friends from Los Molinas, Calif. and cousins from Elk Grove, Calif. The cousins drove them to Modesto where they were over-night guests where they were over-mght guests in another cousin's home. On Wednesday, they rented a car and drove to Bakersfield, Calif. for Mrs. Chandler to visit a sister who is quite ill. They returned to Modesto on Thursday, Elk Grove on Friday and flew out of Sacramento for the return trip on Sat. June 11.

While in California they saw much of the area that had flooded during the recent rains.

Arriving back in Amarillo on Saturday night, they found we were under a blanket of snow.

This trip for Vinita and Guss getting her mother to see her sister in California was due in part to an article in the Valley Tribune in late Sept. regarding Southwest Airlines "Home for the Holidays" promotion. Vinita did the paper work for her mother and she was one of the fifteen applicants chosen for a trip compliments of Southwest Airlines Due to illness, floods, and snow storm, this trip was delayed four times, but was a treasured visit when it was taken. ***************

Errors Slow Refunds

Mistakes on an income tax return can slow down processing while the IRS writes to ask for corrections or missing tax schedules. Any refund that is due will also be slowed down. Many of the more common errors could easily be eliminated if people took the time to double check tax returns.

After completing the return, review each line to be sure that the right information is on the right line. Double check math to avoid mistakes in figuring total income, taxable income, balance due or refund amounts. Make sure that name(s) and Social Security number(s) are correctly written on each form and schedule. Also check the address. Changes can be made right on the label.

Many people make the mistake of using a tax amount from the vrong column in the tax table, or they forget to sign and date the return. On a joint return both hus-band and wife must sign and date the return

THANK YOU

We want to express our heartfelt gratitude to the Quitaque EMT's, Albert Castillo, Mari Cruz and Matt Barrett, for their love and kindness shown us during our trip to the hospital with our husband and Dad. We would also like to thank every

one for their love and concern for A. B. during his stay at the hospital and hospice. We appreciated all the vis-its, phone calls, flowers and prayers during this time

We are deeply grateful for all the love, food, flowers, phone calls, visits and prayers that you bestowed on our family when we returned home.

It's only with friends and neighbors like you that we can bear the days after such a loss as ours. We greatly appreciate everyone for being there for us and showing all your expressions of love and concern.

Sincerely,

Marie Ramse Dale & Carol Ramsey & Family Dwight & Anita Ramsey & Family

& Family

A very special thank you from the family of Roy Shepperd. For all the lovely words of consolation, the beautiful flowers, the lovely plants, the prayers, phone calls, cards, your love and the wonderful food, we will never be able to tell you how much it means to us. It made our loss of Daddy so ch easier to bear.

You all have a very special place in our hearts and prayers as we pick up the pieces and go on with our daily lives. Thank you for taking the time to show your love to each of us. May God richly bless you for all

vour kindness. Sid and Eunice McFall Bruce, Ann & Nesa McFall
