Silverton Chamber of

Commerce

Cookbooks Are

Here!

the Silverton Chamber of Com-

merce on Tuesday, May 4,

2004. Treena Burson said the

Silverton Chamber of Commerce Cookbooks are here and

Street Dollar and from any chamber member. They are

really nice!! Call Trena at 822-2020 if you want to have one

Highway 86 garage sales to be held in September. Call about this if you are interested. A city wide cleanup was dis-

cussed as was the Briscoe

The Holiday Lights on the Ozark Trail is to be in December. This will be a colorful dis-

play held in all the cities from

Tulia to Estelline. Walk to Bethlehem here will be fea-

tured. You are invited to participate. It was suggested that

downtown around the square

would be an excellent place for

folks to see and in the build-

ings nearby. If you, your business or your church is interested, call and let Treena know.

A live Christmas scene going

on inside a store would be very nice. This would take place on

the same night as the "Walk"

If you want to have folks come

and see your home decorated,

The lunch for the 75th Ar-

tillery Brigade was such a success. The Fire Department do-

nated cokes and baggies and

many other things. Bags of ice,

napkins, and other things were given by the State of Texas

Highway Department and

Allsup's. The townsfolk were

most generous in giving many

ice chests full of sandwiches

cookies, brownies and other goodies. "They will always remember this," said Treena.

Effective today, May 13 the Valley Tribune will raise the non-local subscription rate to \$24.00 per year, due to the climbing cost of production and distribution. Briscoe and all surrounding counties will remain at \$18.50 per year.

remain at \$18.50 per year.

The price for all new display advertisement will increase to \$3.00 per column inch, up from \$2.75 per column inch. All current regular advertisers will remain at their current rate.

We regret having to make these increases but the current ecnomonic climate demands it, but will continue to strive to make the increase worth every penny for our customers. Thank you for your continued support and readership.

Hall County Historical **Commission Plans Memorial Day Service**

The Hall Co, Historical Commission met May 3, with Tommie Jo Cruse, chariman, presiding. Subjects discussed were the Memorial Day service in Turkey & Memphis. The Turkey service will be the 30 of the month at 2:00, held in the cemetery. The service for Memphis will be on the 31. Weather premitting, there will be a small parade around 10 close to the courthouse, then the laying of the 2 wreaths at the War monuments. Around 1, people will go to the football field for hamburgers & after-wards, a show with music & a fly over by the Confederate Air

Also discussed, where possible fund raisers for September Hall Co, Picnic. These might be pumpkins for sale & pumpkin or pumpkin flavored sungeskers.

And set scussed, where possible said see your nome decorated, the chamber will offer a map to visitors with your home highlighted. Write or call for suggestions.

Members present were Karen Crisman, Tommie Jo Cruse, Cleatus & Joan Lebow,

For the program, Cleatus Lebow talked about going to a concert, done by the Oak Ridge Boys. One of the had written a

book about WW II. A big thank you to Tommie Jo & Mike for moving trophies to the basement of the Heri-tage Hall Museum.

Quitaque City Council Hears Citizens Concern About Dilapidated Structures In Town Harboring Wild Animals

The Quitaque City Council met in regular session on May 10. Council members present were Phil Barefield, Arnold Castillo, Randy Stark, members absent were Tena Bearden and Janice Henson. Also present for the meeting were Water Superintendent Walter Skinner, City Manager Maria Merrell and guest Henrietta Scoggins.

Under public comment Scoggins discussed her concerns about the dilapidated condition of the Austin residence, located just to the north of Scoggins's home. Scoggins stated the condition of the house is an attraction for bob cats, skunks, snakes, and rats. She was informed that a phone call had been made to the Texas Health Department and the best avenue for the City to

take is currently being researched.

Next the Council was informed that the Texas Forestry Service, had been in Quitaque to research the damage to the Johnston property, the site of the future Quitaque Community Center. A report with his official findings will be sent to the City as soon as possible.

ter. A report with his official findings will be sent to the City as soon as possible.

Water Superintendent Skinner reported the new water well project is currently at a standstill, due to all the other work being done in the City. Council member Castillo offered to help with the cement work. The well project will be a priority now that water usage is climbing.

* In regular business the minutes of the previous meeting were reviewed and approved. Reports were then presented by the Library, Fire Department and EMS Service.

* The Council the reviewed the qualification statement submitted by Kendall Construction, they unanimously voted to accept the statement. Next they reviewed the bid submitted by Kendall Construction for the building of the new community center, the Council unanimously passed a motion to accept the bid minus the \$4,700 allowed for stained concrete.

* The Council then reviewed and passed a resolution authorizing the City's participation in the Panhandle Region Mutual Aid Agreement and designated the City Manager to serve as the City's Chief representative in all matters pertaining to the City's participation in the agreement.

* The Council next discussed the various options for replacing the cooling unit at the current community center. It was unanimously approved that Hammond Sheet Metal will replace the unit.

community center. It was unanimously approved that the control of the Economic Development Board were reviewed and two more members have been added, Tena Bearden and Phil Barefield.

* Next the Mayor informed the Council that Jacquelyn Ham had suggested the possibility of We The Women taking over maintenance of the planters at the monument site. After much discussion the Council appointed We The Women to take over the maintenance of the monument after completion of the signage and art work by the Chamber.

* The Council discussed dividing the \$1,637 donated by the Post Enduro Association. The money will be divided as follows: For the use of machinery, manpower, and equipment the City will receive \$637; Mayor Hamilton will be reimbursed \$100 for wire purchased for the event. EMT's Fire Department, Lions Club, We The Women and the Chamber of Commerce will each receive \$180.

sided at the regular meeting of * Council member Barefield asked the Council to consider applying for a Texas Parks and Wildlife grant for the purchase of the Panhandle Compress property and buildings for the purpose of putting in a Motorize Recreational Trail. He states the grant is an 80/20 match with in

bose of putting in a Motorize Recreational Trail. The states are grant is an object match that the kind labor being a possibility. The Council passed a motion to apply for the grant.

* The Council was informed that the gravel for the street work was ready for hauling. They discussed various options on how to proceed. It was decided the City will look into the cost of having gravel hauled in versus the City hiring an individual using City equipment to haul it in. The Council also discussed paving the roads running north and south only for now because of the limited funding. for sale at city Bank, Main the limited funding

The Quitaque City Council is currently researching avenues regarding this property on the north side of Quitaque which has been known to harbor wild animals such as bob cats, skunks etc

Dr David Fuston's

Dispute Over Sheriff's Salary Tops Motley County Commissioners Court

The Motley County Commissioners Court met in regular session on Monday, May 10, 2004. Present were County Judge, Ed D. Smith, Commissioners Ronnie Davis, Pct #1; Donnie Turner, Pct #2; Franklin Jameson, Pct #3; Russell Alexander, Pct #4 and County Clerk Kate Hurt.

First order of business was the reading and approval of minutes from the previous Commissioners Court meeting. Out standing bills were then reviewed along with the reports by the Treasurer, Tax-Collector, County Agent, Justice of the Peace and Library. After the approval of bills to be paid, Treasurer Barkely presented for the Court's approval a line item transfer, from Prisoner Up-Keep to Professional Services in the amount

of \$300 for Sheriff Department expenses.

Next the Court discussed and acted on the 2003-2004 Sheriff's salary. During the last County Budget Hearing, the Court voted to raise the Sheriff's salary from \$21,440 to \$24,000. This was then reconsidered and voted to be raised to \$25,836. By law every elected official's salary must be publicly published. The Sheriff's salary was published at \$24,000. The budget was later adopted at \$25,836. After this fact was brought to the Court's attention they, the Court, sought to correct the error at the next regularly scheduled Commissioners' Court by amending the budget to the published amount. County Attorney, Tempie Francis, requested and received the State Attorney General's opinion on the matter. In the Attorney General's opinion, according to Francis, the Sheriff's salary should remain at the original amount of \$21,440. Sheriff Meador has already been paid for seven months salary based upon an annual salary of \$24,000, according to county records. It was discussed that no one opposed the increase at the Public Budget Hearing. It was then brought to the Court's attention, by Francis, that the \$24,000 was voted on out of Budget Session and thus the rea-

son for the Attorney General's opinion. (Story continued on page 5)

THINGS THAT MAKE YOU GO HMMM... BY: LAURA TAYLOR

Next time you are having a bad day and feel that what you do doesn't matter or that you are just wasting your time on a project take a minute to regain your perspective on things. And remember this

The Value Of Time

(Author Unknown)
Imagine there is a bank that credits your account each morn-

Imagine there is a bank that credits your account each morning with \$86,400.

It carries over no balance from day to day.
Every evening it deletes whatever part of the balance you of failed to use during the day.
What would you do?
Draw out every cent of course!
Each of us has such a bank. Its name is TIME.
Every morning it credits you with 86,400 seconds.

Every morning, it credits you with 86,400 seconds.

Every night it writes off, as lost, whatever of this you have failed to invest to a good purpose.

It carries over no balance.

It carries over no balance.

Each day it opens a new account for you.

Each night it burns the remains of the day.

If you fail to use the day's deposits, the loss is yours.

There is no going back. There is no drawing against the "to-

You must live in the present on today's deposits.

Invest it so as to get from it the utmost in health, happiness

The clock is running. Make the most of today. To realize the value of ONE YEAR, ask a student who failed

To realize the value of ONE MONTH, ask a mother who gave

birth to a premature baby.

To realize the value of ONE WEEK, ask the editor of a weekly

To realize the value of ONE DAY, ask a daily wage laborer with kids to feed.

To realize the value of ONE HOUR, ask the lovers who are

waiting to meet.

To realize the value of ONE MINUTE, ask a person who

missed the train.

To realize the value of ONE SECOND, ask a person who just

avoided an accident. To realize the value of ONE MILLISECOND, ask the person who won a silver medal in the Olympics.

Treasure every moment that you have. And treasure it more because you shared it with someone special, special enough to

spend your time. And remember that time waits for no one Yesterday is history.

Tomorrow a mystery. Today is a gift. That's why it is called the present!

HMMM...

cal appointment and visited daughter and husband, Elisa and Stan Wigley.

Alvia Joe Calvert of Dumas visited Mother's Day with his family,

Arvia Joe Calvert of Dumas visited Mother's Day with his family, Mr. and Mrs. Doyle Calvert and Glen Calvert.

Kathy and Clois Shorter were in Lubbock Sunday to celebrate Mother's Dayu and her birthday.

The Washington Blue Grass Festival was delcared a success during the weekend. Anita Hunter and Brad Carter of Lubbock served cafe meals at the former Hunter Gin office. Travis and Linda Kendall worked at the concession stand of Dianne and Seab Washington after they were called to his mother. Edith Washington's bedside Saturday. they were called to, his mother, Edith Washington's bedside Saturday night. The many that attended were pleased with the location and good music provided.

Open Letter To The Voters Of Hall County

If your are a resident and/or a property tax payer in Hall County we would like for you to be aware of our reasons for running for the Board of Directors of the Hall County Hospital District.

A complete and comprehensive audit of the financial condition of the hospital district should be completed. It should be undertaken by a firm familiar with hospitals, hospital districts and all phases of the medi-care program and located outside of the district. Once this audit is completed it should be made available to any interested individual. In addition, a full disclosure of the current status of the bankruptcy proceedings should be made available to any interested individual.

Every effort must be made to locate a financially stable medical facility which may be interested in working with our district to provide medical services utilizing our current hospital and clinic. We feel that the Childress Hospital District could still be approached with a proposal that might interest them. It is important that some form of medical service be available to each of us locally for, at the very least, emergency treatment. At this time, the newly reorganized ambulance service is a blessing and may be the only emergency treatment service available.

In the event that no other medical facility is interested in the utilization of our existing property then a comprehensive effort should be undertaken to locate an entity that would be interested in the purchase of the property, for any legitimate purpose, in an effort to reduce the existing debt and tax burden.

Finally, it is our opinion that no one should be taxed for the purpose of paying expenses to continue and maintain a facility or entity that provides no service or product. Our children and our grandchildren will continue to pay taxes, unless the existing bankruptcy is satisfied and the issue of the existing hospital, clinic and hospital district is resolved.

We will make every effort to work with the public and to consider any and all suggestions in these matters. We will also disseminate, to the public, all financial matters pertaining to the Hall County Hospital District. We ask for and hope to receive your support in the election on May 15th

Cooks Corner

By Virginia Sailsbury

Four of my ten projects are done, and I'm well into the other six, but the time I spend cooking dinner still must be kept to a minimum. Whether you are tired or just too busy spend much time in the kitchen, a 30-Minute Meal will come to the culinary rescue. Try an entire menu, or just one of the easy side dishes or desserts to serve with what you're already

Apricot Ham Rolls 1-2/3 cups apricot

cups apricot nectar, divided usage

1 tablespoon Dijon mustard 1/2 teaspoon salt

1 cup uncooked Minute Rice 1 tablespoon dried parsley

8 thin slices fully cooked ham 2 tablespoons maple syrup In a saucepan over medium

heat, combine 1-1/3 cups apricot nectar, mustard, and salt; bring to a boil. Stir in rice. Remove from heat; cover and let stand for 6-8 minutes until liquid is absorbed. Add parsley and fluff with fork. Place about ¼ cup of the rice mixture on each slice of ham. Overlap two opposite corners of ham over rice mixture. Secure with a toothpick. In large skillet combine syrup and remaining nectar; bring to a boil. Add ham rolls; reduce heat. Cover and simmer about minutes until heated

through, basting occasionally Remove with sauce. toothpicks to serve. Serves 4. Broccoli Stir-Fry

3 cups fresh broccoli florets 4 cup butter or margarine 1-1/2 teaspoons lemon pepper In a skillet over medium-high heat, stir-fry broccoli in butter and lemon pepper until crisptender, about 2-3 minute Serves 4.

Microwave Cherry Crisp can (21 ounces) cherry pie filling

3/4 cup packed brown sugar 2/3 cup quick-cooking oats 1/3 cup flour

1/4 cup butter or margarine Vanilla ice cream, optional Spoon filling into greased 9-inch pie plate. In a bowl, combine brown sugar, oats and flour; cut in butter until crumbly. Microwave on high for 12-14 minutes. Serve warm with ice cream, if desired. Serves 4-6.

If you have chicken thawed out, try this tasty meal.

Crispy Chicken Cutlets 4 boneless skinless chicken breast halves

l egg white 3/4 cup finely chopped pecans

3 tablespoons flour 1/4 teaspoon salt

1/4 teaspoon pepper 1 tablespoon butter tablespoon oil

Flatten chicken to ¼ inch thickness. In a shallow bowl, lightly beat egg white. another shallow bowl, combine pecans, flour, salt and pepper. Dip chicken in egg white, then coat with pecan mixture. In a large skillet, brown chicken in butter and oil over medium heat for 4-6 minutes on each

side or until juices run clear. Stir-Fried Asparagus

3 tablespoons butter 1 teaspoon chicken bouillon granules

1/8 teaspoon each celery salt

and pepper 1-1/2 pounds fresh asparagus, cut into 2-inch slices(4 cups) 1 teaspoon soy sauce

In skillet, melt butter. Add bouillon, celery salt, and pepper. Add asparagus and cook for 2 minutes over medium-high heat, stirring occasionally. Stir in soy sauce; serve immediately. Serves 4.

Next week, I'll have more 30-Minute Meals for your busy days, then we'll grill up some Memorial Day food. God Bless America!

WTAMU Offers New Student Conferences For Beginning Freshmen

Beginning freshmen at West Texas A&M University can get a taste of college life during the University's New Student Conferences. The conferences are set for June 3-4, June 24-25, July 8-9 and July 29-30 on the WTAMU cam-pus. A one day conference is scheduled for June 19.

The conferences offer orientation and preregistration opportunities for incoming fresh-men and will help new students learn the campus, meet friends and discover resources available at the University. Registration deadline for the first conference is Thursday, May 27. Those attending must have completed admission requirements, application for admission, ACT or SAT scores, high school transcript and THEA scores or proof of exemption.

For more information about the WTAMU New Student Conference, call 806-651-2833 or 806-651-5287 or visit .wtamu.edu, newstudentconference

L-R: 2004-05 Area Officer Matt Whittington and Greenbelt District Fresident Zack Ramsey.

Valley FFA Sweeps Greenbelt **District Elections**

The 2004-2005 Greenbelt District officer elections were held at Memphis High School where Matt Whittington and Zack Ramsey won their respective elections.

Whittington will represent the Greenbelt district of 16 schools, at the Area 1 FFA Convention, to be held at Amarillo Tascosa May 14-15, as the Area Officer candidate.

Zack Ramsey was elected by the district to be the 2004-2005 Greenbelt District President.

Both of these young men will be responsible for coordinating and conducting leadership training for the 700+ members in the Greenbelt district. They will oversee elections at the Area and State FFA Conventions and develop and teach leadership workshops at the Area 1 Leadership Conference to be held at Clarendon College June 20-23.

They will also preside over several District and Area functions throughout the year.

Katherine Pigg Awarded FFA Foundation Scholarship

Out of 6390 students nation wide, Katherine Pigs of the Valley FFA chapter was one of 1600 recipients to recieve a \$1,000 scholarship from the National FFA Foundation. Katherine's scholarship was provided by NAPA Auto Parts. The National FFA Foundation awarded over \$2,000,000 to deserving FFA members in 2004.

These inning applicants have had to develop a strong resume' over four years of high school membership. The scholarship selection is based on The quality of a students Supervised Agricultural Experience Program (livestock project or work program) as well as involvment in; leadership contests, judging contests, public speaking, livestock shows, community service, agricultural mechanics. The ability of the member to develop and then use leadership skills to help others is the final piece to a strong FFA students' resume'.

The National FFA Foundation encourages the development of leadership, evaluation and critical decision-making skills and the importance of youth being contributing members of their communities. For more information about local, area, state and national FFA opportunities contact the Valley FFA Chapter at 806-455-1411.

opportunities contact the Valley FFA Chapter at 806-455-1411.

Motley County Commissioners Court (Continued from Page 1)

After much discussion by the Commissioners Court the motion was made by Commissioner Alexander and seconded by Commissioner Davis to continue to pay the Sheriff's salary at \$24,000. This was done due to the fact, that in the Court's opinion, there was no intent to make a mistake by the Judge or Commissioners' and the Sheriff would be punished unduly if they reduced his salary. Judge Smith is to draft a Court Order #2004 01 to this effect. The vote was 4 in favor and 1 abstained. The motion passed

The County Clerk requested the Court to reinstall the Warrant System in the County Clerk's office for the Payroll only. This action will take any responsibility off of the Treasurer for issuing the payroll. This motion was approved unanimously by the Court.

Judge Smith then informed the Court that the \$780 for penalty and waivers had been received by the State for County elevator violations. The County has now received their Compliance Certificate. The Court was also informed of an insurance inspection on the counties buildings. Several problems were revealed on various buildings. The major problem being the outdated electrical wiring in the courthouse. The Court was also informed of the Courthouse air-conditioning problems. Judge

Smith is to request various prices on the repair.

County Extension Secretary Greta Smallwood met with the Court to present Lonnie Jenschke, Motley County Extension

of Quitaque Youth Rally.

With no fi Agent's resignation effective June 1, 2004. He has taken the Extension position in Childress County. Smallwood also pre-sented her letter of resignation effective June 1, 2004. She has represented Motley County and the Extension Service faithfully for 25 years and will be greatly missed. Both resignations were accepted by the Court.

The meeting was then adjourned, as there was no further

(Editor's Note: According to the Open Meetings Act the State Attorney General can only issue an opinion on matters such as these and has no enforcement role. District courts have original jurisdiction over any criminal violation of the Open Meetings Act as misdemeanors involving official misconduct.)

Public Hearing Scheduled For Rural & Small Urban **Transportation Funding**

TxDOT will conduct a public hearing to receive comments on proposed amendments to Chapter 31, Texas Administrative Code. The proposed amendments affect the state and federal funding formulas used for rural and small urbanized public transportation providers.

The public hearing in our area will be held on June 4, 2004 4 p.m. at the Citibus Transfer Plaza, 801 Broadway, Lubbock, Texas.

Currently, the state and federal formulas allocate funding formulas and federal formulas allocate funding formulas and federal formulas allocate funding formulas allocates funding

Currently, the state and federal formulas allocate funding for public transportation for 40 rural transit providers and 29 small urbanized areas of the state, which accounted for more than 21 million rides last year.

million rides last year.

Citizens of Texas are encouraged to provide comments to TxDOT at the public hearing on the proposed amendments. Persons with disabilities who plan to attend this meeting and who need auxiliary aids or services (such as interpreters for persons who are deaf or hearing impaired, readers, large print or Braille) are required to contact Ginnie Grayson at 512-416-2867 at least three work days prior to the meeting so that appropriate arrangements can be made. propriate arrangements can be made.

Turkey-Quitaque CISD Board **Reviews Summer Programs**

The Turkey-Quitaque CISD Board of Trustees met in regular session on Monday, April 19, 2004. Present were board members Dusty Hill, Susan Young, Max Meyer, Lisa Campbell and Curtis Scrivner, members Rex Fuston and Belinda Barrett were

In regular business the minutes of the previous meeting were approved, bills were reviewed and approved for payment and the financial report was given.

Since there was no one running against the two Board of Trustee incumbents a motion was passed unanimously to ap-prove an Order of Cancellation of the School Board of Trustee

Student transfers for the 2004-2005 school year were reviewed and approved.

A motion was approved unanimously to approve the contract with Canines of West Texas, drug dog services, for the new Richard, Jan chool year. Also a purchasing contract with West Texas Pur-

chasing Co-op was approved.

Next Superintendent Jerry Smith explained to the Board the Migrant Summer School Program (SMARTS) and the Reading First Summer School Program.

The Board unanimously approved the First Baptist Church of Quitaque's use of the school gymnasium for an upcoming

With no further business, the meeting was then adjourned.

Storm Shelter Funding Announced By USDA Rural Development

Temple, Texas - USDA Rural Development State Director Bryan Daniel announced today that the Agency is offering low interest Section 504 loans to help finance storm shelters for very-low income homeowners living in rural Texas.

"Severe weather can strike Texas unexpectedly, and with serious personal consequences. As Texans know, violent storms and the unfortunate loss of life underscore the need for improved home safety measures. The installation of an approved storm shelter can provide rural Texans added safety and security." said Daniel.

Eligibility requirements for this program includes a family income of less than 50% of the median income for their respective county, an applicant must live in their own home, and the family must reside in an eligible rural community. The USDA Rural Development financed shelters must also meet Federal Emergency Management Agency (FEMA) standards in design, construction and installation.

State Director, Paniel encourages individuals interested in

State Director Daniel encourages individuals interested in USDA Rural Development's Section 504 loan program to contact their local office. The USDA Rural Development local office

that serves your area can be located at http://www.rurdev.usda.gov/tx/officeinfo.htm.
USDA Rural Development is the economic development agency for USDA, and the lead federal entity for rural develop-

agency for USDA, and the lead rederal entity for rural develop-ment. For additional program information, you may also log onto the state's Rural Development website at: www.rurdev.usda.gov/tx. USDA Rural Development is an Equal Opportunity Lender, Provider, and Employer. Complaints of discrimination should be sent to: USDA, Director, Office of Civil Rights, Washington, D.C. 20250-0410.

D.C. 20250-9410.

USDA Rural Development was created in 1994 and includes Business Programs, Housing Programs, and Utilities Programs. Its mission is to use the resources of USDA to provide an improved quality of life for the nation's rural residents.

Graduation is the time when students of all ages share the euphoric belief that they have now learned everything they will ever need to know in order to make their way in the world; and this may well apply to English, math, computer technology and whatever can be called finite subjects at the moment. However, it is not true when it comes to learning about our faith, or even the history of it and its effects on the growth of civilization. Faith is a subject about which there will always be something more to learn, because of its application to new problems that continually arise. Our House of worship is the place to learn it, and there is neve any graduation from the course. In fact, it's the ongoing story of human progress in all its diversity, and the study of it is as viable and eternally fascinating as life

The Texas tax total

The total tax burden on Texans in 2002 topped \$55.5 billion. Property taxes made up the largest share, and that share has been growing steadily since 1985.

Type of tax	Amount in billions	Percentage of total taxes
Property tax	\$25.3*	45.6
State sales tax	14.5	26.1
Local sales tax	4.0	7.1
Other state taxes	11.8	21.2

Type of taxing unit		Tax levy in billions	Percentage of levy
School districts	1,033	\$16.4	60.1
Cities	1,031	4.2	15.3
Counties	254	3.8	14.1
Special districts	1,337	2.9	10.5

Emergency Farm Loan Applications Being Accepted In Hall County

Applications for emergency farm loans for losses caused by drought and excessive temperatures that occured from July 1, 2003 and continuing, are being accepted at the Farm Service Agency (FSA) office located in Hall County, Larry J. Goetze said today. Hall County is one of the 321 contiguous disaster counties in Texas

recently named by Secretary of Agriculture Ann Veneman eligible for loans to cover part of actual production losses resulting from the drought, high winds and static electricity.

Mr. Goetze said farmers may be eligible for loans of up to 100 per-cent of their actual losses or the operating loan need to continue in business, whichever is less. For farmers unable to obtain credit from private commercial lenders, the intrest is 3,75 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FSA emergency loan," Mr. Goetze said. "Farmers participating in the Federal Crop Insurance program will have to figure in proceeds from those programs in determining

Applications for loans under this emergency designation will be accepted until October 12, 2004 but farmers should apply as soon as possible. Delays in applying could creat backlogs in processing and possibly over into the new farming season," Mr. Goetze said.

FSA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers

who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority intrest.

The FSA office in Memphis is open from 8:00 AM to 5:00 PM Mon-

Emergency Farm Loan Applications Being Accepted In Motley County

Applications for emergency farm loans for losses caused by drought and excessive temperatures that occured from July 1, 2003 and continuing, are being accepted at the Farm Service Agency (FSA) office located in Motley County, Larry J. Goetze said today.

Motley County is one of the 321 contiguous disaster counties in Texas recently named by Secretary of Agriculture Ann Veneman eligible for

loans to cover part of actual production losses resulting from the drought, high winds and static electricity.

Mr. Goetze said farmers may be eligible for loans of up to 100 percent of their actual losses or the operating loan need to continue in business, whichever is less. For farmers unable to obtain credit from

private commercial lenders, the intrest is 3,75 percent

As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FSA emergency loan," Mr. Goetze said. "Farmers participating in the Federal Crop Insurance program rams in determining will have to figure in proceeds from those prog

"Applications for loans under this emergency designation will be accepted until December 23, 2004, but farmers should apply as soon as possible. Delays in applying could creat backlogs in processing and possibly over into the new farming season," Mr. Goetze said.

FSA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living.

who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority intrest.

Plague Identified In Rodents In West Texas & Panhandle

The Texas Department of Health (TDH) confirmed recently that Ysernia pestis, the bacterium that causes plague, has been detected in wood rats found dead in a rural location near the Midland-Glasscock counties border in West Texas and in fleas from wild prairie dogs in Dallam County in the Texas Panhandle.

TDH zoonosis control officials said it is not unusual to have plague in wild rodents in the western United States, including the western part of

'Plague occasionally cycles through the wild rodent population, sometimes causing large die-offs of rats, prairie dogs and other rodents," said Tom Sidwa, Austin, acting director of TDH's zoonosis control program.

Plague is usually spread by fleas that have bitten an infected rodent. The illness can be transmitted to dogs, cats and humans. Plague in humans can be effectively treated with antibiotics if detected early, Sidwa said. Infection also can occur by breathing in respiratory droplets from a live animal that has the pneumonic form of the illness

The last recorded human case of plague in Texas was in 1993 in a Kent County resident. An average of 13 human s a year occur in the United

TDH is issuing a plague advisory to veterinarians and physicians in the West Texas, Panhandle and South Plains areas of the state and reminding the public to take routine precautions to reduce the chances of being bitten by an infected flea. The public is asked to report large die-offs of rodents to public health offi-

Personal precautions include: removing food and shelter sources for rodents around homes, work sites and recreational areas; using safe insecticides to kill fleas around property; applying a DEETcontaining repellant to ex-posed skin and clothing when in flea-inhabited areas, especially when camping or in other rodent-inhabited areas; and treating pets with long-acting flea control products.

Combs Calls For Specialty Crop Funding From Congress

Agriculture Commi san Combs announced recently that the Texas Department of Agriculture is seeking funding from Congress for a specialty crop block grant program that would boost research and development for speciality crops in Texas and nation-

Congress first approved a \$159.4 million specialty crop block grant program in 2001 and chose states to administer the program. Texas received \$2.66 million of the funding and put the money to work by launching significant programs and initiatives to assist spe cialty crop farmers in the state. Based on the success of the original program, state departments of agricultural are calling fora additional funding in the fiscal year 2005 Agricultural Appropriations

"Specialty crop shave become increasingly more important to Texas agriculture. We must support this industry and help spe-cialty crop growers help them-selves," Combs said. Nationwide, Texas is a top producer of such specialty crops as spinach, water-melons, cabbage, cantaloupes, honeydew melons, onions, carrots, sweet potatoes, bell peppers and cucumbers. Greenhouse and nursery products also are impor-tant Texas specialty crops, and they are the second largest agricul-tural sector, just behind cattle and calves, in our state, earning \$1.3 billion in sales in 2002.

Under a federal law that made the funding available, specialty crops are defined as, "Any agricultural crop, except wheat, feed grains, oilseeds, cotton, rice, peanuts and tobacco

"I sincerely hope Congress gives this funding its full consideration. It is an investment in not only the economic health of the specialty crop industry but also in the health of the people who con-sume fruits and vegetables," Combs said. "We must be equipped to remain competitive and ensure that agriculture can continue to feed the world.'

Briscoe County Texas Cooperative Extension News Save Water, **Save Money**

Conserving water can do more than preserve a natural resource. It can also help consumers save money. The average home uses between 66 and 118 gallons of water every day. The best way to conome suggestions for saving w ter are to limit shower time to four minutes; turn the water off while shaving; and only wash full loads of clothes and dirty dishes. For more information over water conervation visit fcs. tamu.edu and click on housing and environment

Fit-It-In **Exercise Program**

"Fit-It-In" is an Extension exercise program aimed at anyone who wants to exercise, but cannot easily fit it into a busy schedule. "Fit-It-In" develops strategies to make time for any type of exercise. There are hidden opportunities every day to be active. For ex-ample, participants can walk be-tween loads of laundry. It is also uggested to store regularly used items in out of the way places. Participants will get a work out every time the item is needed.

Organic Fire Ant Control

As fire ant mounds continue to pop up, help is only two steps ways. The best way to control the red imported fire ant is the Texas Two Step method. This plan fol-lows an integrated pest management approach that involves mini-mal risk to people, pets, and the overall environment. The first step is to broadcast bait. The bait should contain a food source and an insecticide. This is carried by the worker ants to the rest of the colony, where it becomes a shared food source and kills the entire colony. The second step is to treat mounds individually. Applying a mound drench will provide imme-diate control but should only be done in mounds around a home's foundation or in high traffic areas.

House Passes School Finance Bill Senate
Consideration Moving Forward
The Texas House of Representatives approved its version of school
finance reform legislation earlier in the week and placed the onus
squarely on the shoulders of the Texas Senate to put together its vision for reform.
Once the Senate's version is completed the two hodies can begin

Once the Senate's version is completed, the two bodies can begin what may be an even bigger challenge, combining the two bills into a single piece of acceptable legislation.

Several views have been put forth regarding the action taken by the House this week. Some say the stripped down bill is nothing but a "Punt" by the House leadership designed to put the determination of success or failure squarely on the Senate.

Others view the legislation as just a placeholder that will allow House and Senate conference committee members to come together and develop a "real" school finance reform bill outside the environment of an open and contentious floor debate.

Either way all eyes are on the Senate.

Agriculture has been a proactive participant in the debate to date and the industry continues to work on behalf of Texas farmers and ranchers to make sure an unfair share of the burden does not get pushed

Plains Cotton Growers has been a visible part of the coalition through Executive Vice President Steve Verett. Earlier in the week Verett and current PCG Secretary-Treasurer Barry Evans made the rounds at the State Capital in Austin to reiterate the views of the agricultural industry on School finance reform and how the proposals being debated would affect the industry.

While in Austin Verett and Evans natticipated in a meeting of the

ing debated would affect the industry.
While in Austin, Verett and Evans participated in a meeting of the
Texas Agricultural Council. They also visited with a number of legislators including Representatives Carl Isett (R-Lubbock) who is a member of the House Public School. Finance Select Committee, Pete Laney
(D-Hale Center), Rick Hardcastle (R-Vernon) Chairman of the House
Agriculture and livestock Committee, Warren Chisum (R-Pampa),
David Swinford (R-Amarillo), Senator Kel Seliger (R-Amarillo), and
Senator Robert Duncan (R-Lubbock).

Voluntary Survey Process Is Basis For
Average Price Received Calculation
Anyone trying to keep track of the 2003 Counter-cylical Program
payment calculation have probably developed lots of questions and
gotten relatively few answers during the course of the 2003 marketing
year. What most have discovered is that it is not nearly as easy a task
as they first imagined. as they first imagined.

In fact, trying to understand what the figures used to make the cal-culation really mean involves understanding the landscape in which the figures are sought and then learning more about how they are de-

The first thing producers need to know is that the Weighted Average Price Received by farmers published by the National Agricultural Statistics Service is not a tally of every bale marketed. In fact, there are no laws or other mechanisms that require the reporting of actual cotton sales information to USDA.

are no laws or other mechanisms that require the reporting of actual cotton sales information to USDA.

In order to develop this important data the USDA National Agricultural Statistics Service must solicit the voluntary cooperation of merchants and marketing associations to submit sales volume and price data as part of a monthly survey process.

Through the years this process has done an excellent job of keeping producers informed. It provides the estimated volume of cotton marketed and the prices paid during the month.

It appears, however, that the 2003 crop is breaking the mold somewhat in that the estimated level of marketings developed through the survey process is lagging the volume of sales indicated by other components of the cotton program.

Of the 18 or so million bales estimated to be produced in 2003, some 14-15 million bales can now be counted as sold and shipped either to domestic end-users or to the export market since the start of the marketing year through the month of March. In contrast the bales estimated to have been marketed by NASS during that same period adds up to just under 10 million bales.

NASS can, and does, adjusted the number of bales marketed and

adds up to just under 10 million bales.

NASS can, and does, adjusted the number of bales marketed and the prices received at the end of the marketing year before publishing the final estimate. It is this number that will be used to calculate the final CCP payment rate. Until that time there is really no way to determine what effect any potential adjustments may have.

The 2003 Counter-cyclical payment rate authorized under the 2002 Farm Bill will be based on the 12-month Weighted Average Price Received by growers. For cotton the 12-month weighted Average Price will reflect the estimated price and bales marketed during the 2003 marketing year. The 2003 cotton marketing year began in August 1, 2004 and ends July 31, 2004.

The following table shows the estimated marketings and average priced received each month by farmers and the associated weighted average price based on cumulative bales marketed through March 2004.

2004.

Silverton's Bits & Spurs By Lataine Dillard

Those Power Parachutes who came last week to Mackenzie Lake were from near and far. Charles and Patricia Klinkerman came from Burkburnett. Craig and Cathie McPherson came from Blum. Mr. and Mrs. Ken Jaroaz, Shelby and Toya Marten came from Wichita Falls. Bob and Robin Hawkins came from Claremore, Oklahoma. Tim Payne came from Happy. Scott Pipkin and Bruce DeFoor came from Clovis, New Mexico. Eddie Miller, organizer of the Power Parachutes came from Friona and with him was Keith Blackburn. Jeff and Zanea Carpenter and Kyle and Mandy Whitaker came from Muleshoe. Tery Clarkson came from Cimarron, Kansas. Alvis Moore came from Graham. Ronnie Hamilton came from Johnson, Kansas. Charles Tanner came from close to home, Tulia. They were such a friendly group and some even invited us to come see them. We look forward to having them here again next year and hope for good flying weather.

Juanita Howard called last Thursday with a great idea. She said there used to be some beautiful vases on Main Street filled with plants. She was wondering where those vases were and if we might get them back. Juanita and some other folks would like to make our town beautiful with flowers and plants at the courthouse. We have some dedicated individuals who want this. Call Juanita if you can help locate these vases. Those Power Parachutes who came last week to Mackenzie Lake

I'm so glad to have my cataract removed from my right eye!! It is great to see plainly now. I did not realize that it was shutting out the light in my eye!! Now I can see so well and wow!!, the light is so bright!! I just praise the Lord for this. My father in law, John Wesley Dillard had a cataract removed in the 60's or early 70's. He had to lie still for 24 hours and then had to wear thick glasses because they did not implant lenses then.

Doris Grimland Yates is at the Tulia Hospital and invites everyone to come visit her. Luree Burson was to come home on Monday. I went over with Lottie on Saturday and met Iwana Monroe too. She is a neat

Lallie Patton's birthday party was very nice. I met her daughter in law, Mary Jane West Patton. She told me she was friends with Jack's brothers Ronald and Donald. Lallie's sister is very sweet. She reminds me of Lallie. Lallie is now 90!! She is a fantastic lady!! I got to see Brenda's mother Elsie Cornett there too and she is quite a lady too. What a sweet family!!

Elzora Gallington was given an 86th birthday party on Saturday too. Wow!! She has a nice big family! She was having lots of fun. She

too. Wow!! She has a nice big family! She was having lots of fun. She told Lottie and me that she used to think her folks were old and she said, "Now I'm at that place." She is doing very well now.

Julia Couch drove over from Plainview to spend Mother's Day with her mom, Glenda Couch and go to church with her and Bud. Julia told us a worm got into the computer at Excel and knocked out computers from here to Australia!! She worked 70 hours last week trying to get everything back online and going. Julia works the sound system in her church at Plainview church at Plainview.

Mother's Day is a great day!! You get to talk with or see your children and that's what it is all about anyhow. Wyoming and Washington, D.C. is so far away. I really miss our two daughters and their fami-

The couple was 85 years old, and had been married for sixty years. Though they were far from rich, they managed to get by because they watched their pennies. Though not young, they were both in very good health, largely due to the wife's insistence on healthy foods and exercise for the last decade. One day, their good health didn't help when they went on a rare vacation and their plane crashed, sending them off to Heaven. They reached the pearly gates, and St. Peter escorted them inside. He took them to a beautiful mansion, furnished in gold and fine silks, with a fully stocked kitchen and a waterfall in the master bath. A maid could be seen hanging their favorite clothes in the closet. They gasped in astonishment when he said, "Welcome to Heaven. This will be your home now." The old man asked Peter how much all this was going to cost. "Why, nothing," Peter replied, "remember, this is your reward in Heaven." The old man looked out the window and right there he saw a championship golf course, finer and more beautiful than any ever-built on Earth. "What are the greens fees?" grumbled the old man. "This is heaven," St. Peter replied. "You can play for free, everyday," Next they went to the clubhouse and saw the lavish buffet lunch, with every imaginable cuisine laid out before them, from seafood to steaks to exotic deserts, free flowing beverages. "Don't even ask," said St. Peter to the man. "This is Heaven, it is all free for you to enjoy," The old man looked around and glanced nervously at his wife. "Well, where are the low fat and low cholesterol foods, and the decaffeinated tea?" he asked. "That's the best part," St. Peter replied. "You can eat and drink as much as you like of whatever you like, and you will never get fat or sick. This is Heaven!" The old man pushed, "No gym to work out at?" "Not unless you want to," was the answer. "No testing my sugar or blood pressure or..." "Never again. All you do here is enjoy yourself." The old man been here the years ago." muffins. We could have been here ten years ago

Psalm IV Concert Draws Large Crowd At Gem Theatre

By Margie Pinkerton

The Psalms IV concert was a great success. we had around sixty in attendance and everyone truly enjoyed themselves. The group took our requests a step further, they made sing along booklets to be passed out and invited everyone to join oin the singing. As a tribute to the life of Therma Farley they didicated "Because He Lives" in her memory. The museum appreciateds everyone who supported us in this effor

American Cancer Society Helps On Local Level To Benefit Our Neighbors

In July of 2003 I received the news that I had In July of 2003 I received the news that I had worst when we hear that dread word, "Cancer!" When I went to the specialist in Amarillo, they suggested that I have chemo as well as radiation. They told me that even 5 years ago I would not have had a choice of treatment, it would have had to have been radical colon surgery with a colostomy for the rest of my life. But thanks to the research being done constantly there are now other choices. The chemo was a continuous flow type and the radiation was for 32 treatments. I drove back and

radiation was for 32 treatments. I drove back and forth to Amarillo as long as I was able to do so but when I could no longer do it for myself, friends stepped in and took me to get the radiation. The last weeks of the radiation, I stayed with my son and his wife and they took me for the treatments as they live closer to Amarillo than we do. But still, friends drove me to meet them at Amarillo and came and got me on Fridays that I would be able to spend the weekend at home with my husband. During this time I was told about a program that the American Cancer Society has to help out those that are unable to drive to the cancer centers for their treatments that would pay volunteers for their driving patients to and from the treatment center. Since my husband does not drive in Amarillo, this was my only option, to have someone drive me up

The American Cancer Society paid these volun-teers for transporting me to and from the cancer center in Amarillo. These lovely people will never

center in Amarillo. These lovely people will never know how very much i and my family appreciated their time and effort in helping me out. And I so appreciated the American Cancer Society providing funds to these volunteers for their great effort. Transportation is just one of the many services that are available through the American Cancer Society. If you qualify, they can also furnish rooms near the cancer centers so that you will not have to travel back and forth each day for your treatments. travel back and forth each day for your treatments. They furnish wigs free of charge for those in need of them. They will provide ostomy supplies, comfort pillows and blue pads or other materials related to rehabilitation programs for cancer pa-

They also assist cancer patients with home medi-cal equipment in area of Texas where their is a lo-cal licensed, equipment company. All of this is in addition to all the research that is going on con-

stantly to help find a cure for this dread disease.

I have much to be thankful for friends, family, medical research that will one day conquer this dread disease, cancer, not to mention all the many prayers that were lifted in my behalf for my recovery. My last CAT scan showed no cancer cells anywhere. So as you can see I have much to be thankful for!
