## Briscoe County Celebration Soon

The annual Briscoe County Celebration will be held on August 10, 11 & 12. Thursday, August 10 there will be a Briscoe County Rodeo at Wood Memorial Rodeo Arena in Silverton. This event is open to anyone (man or woman) who lives in or has lived in Briscoe County.

On Friday and Saturday evenings a Rodeo will be held at the Wood Memorial Rodeo Arena in Silverton.

Saturday, August 12, will see the parade wind its way around the Briscoe County Courthouse. A big barbecue in the afternoon will be held for everyone to attend.

Entertainment will be the feature of the day under the shelter on the courthouse square.

## Ranch To Rail Program On Tap Again This Year

by Rebel L. Royall

Commercial ranchers and purebred breeders need to determine how their cattle fit the current and future needs of the beef industry. The Texas A&M Ranch to Rail program is designed to provide feedback to ranchers on how their cattle perform in the feedyard and the type of carcasses they produce.

Assessment of this information will allow producers to determine whether or not they are on target or if they need to alter the genetics of their herd or possibly modify their management system. The purpose of this program is to provide feedback to help the producers make those decisions.

Nominations for this program are due September 1, 1995. A producer must consign a minimum of 5 head of steers, and a \$15.00 nomination fee will be charged for each steer. The steers must weigh 500-800 lbs. upon arrival to the feedyard.

Delivery dates for the program are as follows: Ranch to Rail-North-Randall County Feed Yard, Amarillo-October 9-12, 1995, Ranch to Rail-South-King Ranch Feed Yard, Kingsville-October 17-19, 1995.

For more information on the Ranch to Rail Program, or to get nomination forms, please contact the Briscoe County Extension Office. Phone 806/823-2131.

## August Immunization Clinics Available

Immunization Clinics offering vaccines that give protection against several childhood diseases are scheduled for August. Protection is against Polio, Diphtheria, Lock Jaw (Tetanus), Whooping Cough (Pertussis), Measles, Rubella, Mumps and HIB (Haemophilus Influenzae Type B).

The Texas Department of Health is charging money to help with the cost of keeping the clinic open. The amount of money charged will be based on family income and size, and the ability to pay.

The first English dictionary was published in London in 1604 and contained about 3000 words.

Booths will be on the courthouse lawn for everyone to enjoy the wares of the craftsmen. Booths will feature such things as food, crafts or games. If you have something you make and would like to sell some of it, come on down on the 12th of August and set up a booth on the Briscoe County Courthouse lawn and see how much fun you can have bargaining with your friends and neighbors.

Be sure to tell your friends and neighbors about the upcoming celebration at Silverton, Texas on August 10, 11 & 12.

## School Physicals Date Changed To August 8

A change has been made in the date for the physicals for Valley Athletes. The doctor originally scheduled for the physicals will not be able to attend so students will be bussed to Silverton for the physicals.

All Freshmen, 7th graders and any students who suffered a serious injury last year must get a physical this year.

The new date for the physicals is Tuesday, August 8, 1995.

Students should meet at the Valley School at 1 p.m. on August 8, 1995. A bus will carry all students to Silverton to the Briscoe County Clinic for their physicals.

Cost of the physical is \$5.00.

## Two-A-Day Workout Start August 9

Two-a-days will start at 7:30 a.m. on Wednesday the 9th of August at Valley School. Players will need to be there by 7:00 a.m. so that workout equipment may be checked out to them.

The workout schedule will be as follows:  
7:30-9:30 workout on the field  
9:30-10:00 break  
10:00-11:00 weights  
11:00-12:00 lunch  
12:00-2:00 workout on the field.

## Turkey to Add Spray Charge

The City of Turkey is having to add \$.50 (50 cents) to the water bill of residents of Turkey to help defray the cost of mosquito spraying, chemicals and other expenses associated with it's distribution.

This assessment will be effective on September 1995 billing.

## Rain Causes Power Failure

The City of Quitaque and part of Turkey were without electricity for over 2 hours Tuesday afternoon. The outage was due to the rain getting into a cracked insulator west of Turkey. The rain caused a wire to burn in half resulting in the power failure.

It was after 4:30 before anyone called the power failure to Matador. If personnel are not available at Quitaque you may call 1-800-460-3782 in Matador for service of this sort.

Matador repairmen had the break found and repaired by 6 p.m.

## Update On Bob Wills Museum

by Ann Coker  
It is always interesting to visit the Bob Wills Museum and scan over the Guest Book. It is amazing how many out of state guests register. Of course, the majority of the guests are from Texas.

Some of those that registered during the month of July were from the following states: Tennessee, Colorado, Oregon, Wisconsin, Oklahoma, Montana, Iowa, Michigan, Ohio, Arizona and California. One gentleman from Germany also registered. Mrs. Colvin reported that the German spent quite a while in the museum and was quite interested in all the exhibits.

Some of the comments that were made by a few of the registered guests were: "We're old fans," "Brings back great memories!" "Magnificent and educational," "An old family friend," "Great exhibit and wonderful atmosphere," "More people should know about this museum—should advertise more," and the last quoted "Should invite TNN TV people."

## EMT Class Will Be At Quitaque

Anthony Kingery will be the instructor for a series of classes for persons wanting to be EMTs.

The class will be held in the Quitaque Community Center beginning on Tuesday, August 8, 1995 at 7 p.m. Classes will be held on Tuesdays and Thursdays for twelve weeks. The classes will be over at 10 p.m.

Cost for the series of EMT classes will be according to how many people attend.

Anyone interested in attending may register at 7 p.m. on Tuesday, August 8, 1995.

## Quitaque Lions To Serve At Jamboree

The Quitaque Lions Club will have the concessions for the Caprock Jamboree, Saturday, August 5, 1995. The meal will consist of hamburgers, chips, tea or coffee, and a dessert. Serving will begin at 6:00 p.m.

This is one of the club's big fund raisers. Come on out enjoy a hamburger with all the trimmings; and as usual, the excellent entertainment at the Jamboree. Your support will help the Lions fund many of their worthwhile community projects.

## Caprock Public Library News

by Arlene Hinkle  
New books at Caprock Public Library include: *Christmas Crafts To Make Ahead* by Better Homes and Gardens. Now is the time to start all those craft projects for giving at Christmas. Tablecloths, placemats, quilts and pillows—this book has it all.

*The Short Stories* by Ernest Hemingway. From 1921 to 1938, the author wrote these forty-nine short stories. He won the Nobel Prize for Literature in 1954 and died in 1961.

For juveniles: *Knee Knock Rise* by Natalie Babbitt. Egan arrives in Instep for the annual fair and is entranced by the fable surrounding the peak called Knee-Knock Rise. On cold stormy nights, "something" raises its voice and moans—Egan decided to find out what it is.

*A Gathering of Days: A New England Girl's Journal 1830-1832* by Joan Blod. A story of early American farm life, the hardships and tranquility—the sturdiness and tenderness of the people whose life it was.

Summer is almost over....did you read that book you wanted to read?

## School Will Start Soon

Teachers will report for the beginning of school on August 15, 1995.

Students will arrive on the morning of August 17. Registration will also take place on Thursday, August 17.

Two-a-Day Work outs will begin on August 9 at 7:30 a.m.

## Caprock Jamboree Set For August 5th Show

August 5th the Caprock Jamboree, held every first Saturday night at the Briscoe County Showbarn in Silverton, Texas, will be presenting another outstanding show.

At 6 p.m. the Quitaque Lions Club will serve mesquite-grilled hamburgers, with all the trimmings, along with a dessert and your choice of coffee or tea.

At 7 p.m. local and area musicians will provide entertainment for approximately 400 "music lovers" that attend from all over the Panhandle.

Thanks to local businesses and loyal fans of the Jamboree, many door prizes are given throughout the night. Also, a \$25 cash prize is given at the end of each show. No purchase is necessary for a chance to win a prize.

Bring a lawn Chair if available, if not, chairs will be provided.

Remember! Admission is Free!

## Commodities Available In Quitaque Friday

Commodities will be at the City Hall in Quitaque on Friday, August 4, 1995 from 9 a.m. until 5 p.m.

All eligible residents are asked to come by and pick up their commodities on Friday.

## Chairs Available From Quitaque Chamber

The Quitaque Chamber of Commerce has purchased 200 chairs to be used for parties, reunions, and clubs.

These chairs are available to area people at a small rental fee. Several people have donated funds for these needed chairs.

Anyone who has donated \$20 or more will receive a free rental voucher for 30 chairs to be used within 1 year. Donations continue to be accepted.

Contact Karol Pigg at 455-1174 if you wish to donate money for the chairs.

## THEN and NOW!

by Eunice McFall

Vacation, what a nice calm sounding word. A word that is very sweet to many an ear during the heat of the day in work place. Many people work all year just yearning for the few days off when they can take their time and relax in their backyard or take that long awaited trip that they have saved their time and money for all year or perhaps several years.

Vacation according to Webster is a period of rest from work or study. Many of the vacations today are "working vacations". Vacations can be restful if you get a complete change of pace from your ordinary days. If you use your muscles daily, it can be a vacation to use only your mind and if you use your brain all day behind a desk, it is relaxing to put all thoughts out of your mind and go for a brisk walk, play a set of tennis or do anything that will get the kinks out of your muscles.

On my vacation last week I did not do even one thing that I had hoped to do but after a change of pace for a week, the work place looked good again. So perhaps that is what a vacation is to do for us. Give us a new perspective on the usual days of our lives. A time to put our thoughts in order and do those little things that we never seem to find the time to do in the usual hours of our lives.

I would like to thank Joyce Price for the great job that she did in getting out the paper with the help of Judy and Jimmie at Paducah. Without her help I would not have been able to take the time off to "contemplate life!" I am especially grateful to her since she has only been working here for such a short time but took on the job with a smile and if she was stressed out by it she did not show it. A job well done, Joyce. Thank you!

Vacation time if about over for all. School is just around the corner so we must try to enjoy those last rays of the summer sun and the fun of freedom from the hurry, scurry of the school year. A routine is good to have but it is also good to forget about routines for awhile and just live. As I read awhile back, Life is what happens to you while you are making plans. We don't always get to do what we plan but when we look back over the day, we usually have accomplished quite a bit, even if it was not in our plans.

**Texas could lose billions in Medicaid funds by 2002**

If Medicaid funding formulas proposed by Congress are approved, Texas health care providers could lose close to \$12 billion in seven years. Many counties would see total losses greater than \$100 million. State Comptroller John Sharp has proposed the *Fair Share Plan*, a block grant proposal which would distribute Medicaid funds according to each state's percentage of the U.S. population and its poverty rate.

**Developing Capable Youth**  
 By Ronda Alexander

Today's youth are our leaders of tomorrow. You've heard this statement before and can recognize the importance. Our concern for today though is, "What type of leaders will they be?" If we do not all do our part today in helping them to develop into capable youth, what leadership qualities will they have.

It is up to each of us, whether or not we are parents, to help the youth of today develop into capable leaders. We all have an effect upon the youth around us. There are many different circumstances each day, that youth observe our actions. It may be as a 4-H or Boy Scout leader, Sunday school teacher, school educator or just as a person they see occasionally. Our actions and involvement show the youth our own level of commitment, not just what we say we do. We each learn from our mistakes, but we all must have the opportunity to try.

What can you do you ask? The first thing you can do is to take a look at your own actions. If you were a young adult observing your own actions, what would you see? We must make sure our actions indicate our level of involvement and commitment. Next, get involved with our youth. Be a leader. Do something that actually shows how you feel. It's up to each of us to do our part!

**Farmers May Be Eligible For USDA Loans For 1994 Disasters**

Swisher/Briscoe County farmers (and ranchers) may be eligible for emergency loans to help cover losses they sustained as a result of the (drought/rain/hail etc.) during 1994, according to Ross W. James, Rural Economic and Community Development Agency County Supervisor.

Ross W. James said that any farmer who was denied an emergency loan or discouraged from applying for a loan because he or she did not have crop insurance for the 1994 crop might be eligible for a loan since the crop insurance requirement for 1994 has been waived by the agency.

"Any farmer (or rancher) in that category who is interested in a loan should visit the Consolidated Farm Service Agency county office as soon as possible," Ross W. James said. "In any case, they must apply no later than (30 days from publication date). However, no applications may be accepted after the 8-month termination date for the particular disaster."

**WTAMU Offers Defensive Driving**

The WTAMU Office of Continuing Education will offer a course in defensive driving from 6-9 p.m. Monday, August 7 and Tuesday August 8.

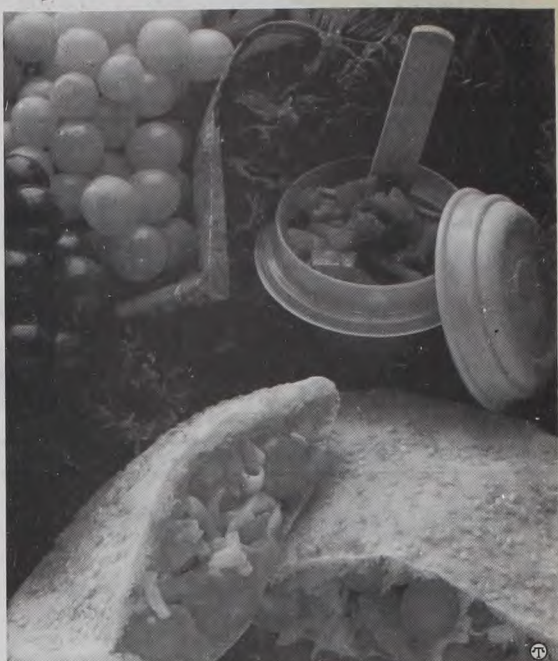

This course may be used to void traffic citations if approved by the Justice of the Peace.

It may also be used to reduce the premium for automobile liability.

There is a charge for the two-day course. Preregistration is required.

For more information or to register, contact the Office of Continuing Education in Room 222 of Old Main on the WTAMU campus or call 806/656-2037.

**After School Refuel**

(NAPS)—It's 3 p.m. School is out for the day, but most kids aren't ready to slow down. Refueling this "kid machine" is definitely in order.

Today many kids are responsible for making their own after school snacks. It's no secret that fresh grapes are loved by kids of all ages. Picked Pita Pockets are a fun, easy and nutritious energy-boosting snack that kids can prepare themselves. And guess what? They taste good too. Zesty salsa complements the sweet taste of grapes in this quick-to-fix snack.

Whether in school or out, grapes satisfy a kid's sweet tooth without added sugar or fat. Grapes are naturally sweet and provide plenty of energy-boosting carbohydrates. Back-to-school time is also the peak of the California grape harvest. Grapes are now in abundance and are available in green, red and blue-black colors.

**Picked Pita Pockets**  
 1 cup California seedless grapes, halved if desired  
 1 cup shredded Monterey Jack cheese  
 2 pita bread, halved  
 2 tablespoons prepared salsa  
 Lightly mix grapes, cheese and salsa. Fill pita halves with grape filling. Makes 4 servings.

We welcome to our rural area George Ray "Buddy" Colvin, the new U. S. Mail Carrier of HCR 1 for Matador, Whiteflat and Flomot.

It was a pleasure meeting this native of Turkey, Texas. He is the second of four siblings, born July 31, 1936 to George and Ella Colvin. He has three sisters. He attended Turkey public schools, graduating in 1954.

He received his Associate Arts degree, 1956 from Howard County Junior College in Big Springs. Following graduation, he was employed at the Big Spring State Hospital, now the Texas Department of Mental Health and Mental Retardation. He served in the United States Army Training Center Air Defense and later the Headquarters Battery Pay from 1959 to 1962.

He returned to Big Spring and resumed employment at the Texas Department of Mental Health and Mental Retardation. He was a clerk, Chief Accountant and the promoted to business manager in 1974 where he remained until retiring October 31, 1991 with 35 years and 1 month of State Service.

When in Big Spring, he served as Civilian Club treasurer, president, Texas District Civilian and was recognized as Civilian of the Year in 1970-1971. He is active in the Masonic Lodge and is a 32nd Degree Scottish Rite Mason. He was

president of the State Hospital Federal Credit Union for 20 years and received Boss of the Year Award in 1989 by American Business Women Association. He helped organized the Miss Softball American League. When serving as board president, Big Spring was host for the State Tournament.

He and his wife, Veta Lasseter Barr, returned to his hometown August 1, 1992. They have five children, 11 grandchildren and one great-granddaughter. The children and families live in Big Spring, Round Rock and Sulphur Springs, Texas and Andalusia, Alabama.

Retirement is not in the vocabulary of Mr. Colvin. He is the Mayor of Turkey, Boss Lion of Quitaque Lions Club, Worshipful Master of Quitaque Masonic Lodge #1248, 95-96. He serves on the Bob Wills Foundation Board and attends the First United Methodist Church. His mother's farm, west of Turkey has enough work to take up the rest of his time. Mrs. Colvin works two days a week at the Bob Wills Museum.

Mr. Colvin is an asset anywhere he resides!

## Birthday Celebrated

Mrs. Leona Degan's birthday was celebrated with fun and laughter Friday morning, July 28th in her home. She had two decorated birthday cakes, birthday candles that couldn't be blown out and paper cups, plates and napkins imprinted with, "How Old Are You?" Punch and coffee were served with the cake.

Those sharing the happy time were son and wife, Morris and Lou Degan of Medicine Mound, son and grandson, Stanly and Dane of Calgary and friends, Debbie Martin of Matador and Mesdames Edith Washington, Viola Calvert, B. Rogers, Mary Jo Calvert, Trula Martin, Annie B. Cloyd, Christeen Gilbert, Sylvia Lee Martin and Geneva Martin.

Leona's sister in law, Mrs. Virginia Degan of Turkey treated her with a pre-birthday lunch in Plainview, Thursday.

## Weather Report

August the 1st brought smiles to the faces of residents in Flomot and Whiteflat when it escorted in a good falling rain. At 8 a.m., the rain has shown no favorites, because Whiteflat reported 0.65 and Mrs. Tommie Cruse, NWSV of Flomot, also registered 0.65 inch of rain. The skies are overcast with a forecast of more rain.

## American Intercultural Student Exchange

What is a Kyrgyzstan?

It's not a "what," it's a "where!" Have you ever wished you and your family knew more about the ever-changing world around you? Many people have the desire to learn more about the diverse cultures of the world, but don't have the time to dust off the encyclopedia and the world atlas to quench their curiosity. Do you know how to throw an Australian boomerang? Have you ever tasted Brazilian Feijoada? Do you know how to say, "hello" in Norwegian?

Volunteering to host a high school foreign exchange student can be a fun and exciting way to learn more about the different cultures of the world, while opening a young person's eyes to the excitement of American life. The American Intercultural Student Exchange is currently seeking hostfamilies in your area. Host families provide exchange students with meals, a bed, and a loving family atmosphere. Local Representatives remain in contact with students from the day

they arrive in August, until their departure the following June. AISE students attend local high schools, and have their own medical insurance and spending money. Have you thought about hosting an exchange student? Call our toll free number today to learn more about hosting, or to read some of the many student autobiographies we have on file. Students from over 40 countries are anxiously waiting to hear that they have been chosen by an American family. Call AISE today at 1-800-SIBLING.

## On the QT

A group of Quitaque folks attended the "Texas" Show Tuesday night. Those going were: Buddy Price, Dorothy May, Lola Belle Harmon, Mr. & Mrs. Wayne Hunter, Mr. & Mrs. Kie Gilbert, Florene Cobb, Ruth Hooks, Maynard Wilson, Mr. & Mrs. Joe Edd Smith and Truman Merrell.

While getting off the bus, they had a nice surprise visit with Bro. Bob Beck and his wife. They were on vacation and decided on coming up to see "Texas".

Melvin Cobb visited his mother, Florene Cobb over the weekend. Saturday they drove to Plainview for Melvin to take care of some business.

Ruby King went to the Lawrence Bedwell's home in Plainview Sunday. Her sister, Imogene Bethel met her there and the group traveled to Sunray to visit with their sister, Opal Broxson. They also visited another relative, Gladys Bedwell. They reported a good visit and was

happy to see the rain when they returned home Tuesday.

Pam Fields visited her mother, Billye Loudermilk at Lubbock on her mother's birthday. Pam reported a very good visit.

Merel Shackelford of Amarillo spent from Friday until Sunday in the home of her sister, Estelle Davidson. Estelle met Merel in Tulsa on Friday. Fred Davidson, Estelle's son drove Merel home Sunday evening.

Tom and Phyllis Bowman visited in Oklahoma City recently. Phyllis's cousin Marjorie Cummings and her husband Marvin were celebrating their 50th wedding anniversary. Phyllis and Tom enjoyed the festivities and visiting with family members.

## CARING TEXAS FAMILIES SOUGHT

American Intercultural Student Exchange is seeking host families for exchange students arriving in August

Each year, thousands of families across the nation host AISE exchange students. It's an exciting way to meet people from different countries, while opening a young person's eyes to the world around them. Students arrive in August, spend a semester or school year with American families, and return to their home countries with a deeper understanding of the American people. AISE students speak English, have their own spending money and medical insurance, and are eager to become part of an American family. Couldn't your family use a little cultural diversity?

### The Valley Tribune, Quitaque, Texas, Thursday, August 3, 1995 Kids Do The Darnedest Things

We've all heard the saying, "Kids say the darnedest things." Well kids do the darnedest things, especially around school zones. With school starting up again, there's sure to be trouble afoot. Now is the time for drivers to start thinking about the dangers this presents.

Whether you drive in school zones once a year or work there every day, you can never forget certain lessons. One is that you have to use better judgement than the 7 year olds who surround you, according to Trooper L. B., Snider, Public Information Officer for the Texas Department of Public Safety.

"It's important to remember that kids aren't small adults, and they don't think like adults. They lack experience with traffic, and they don't always act logically. When you sound your horn, for instance, a child may think it's okay to cross the street in front of your vehicle," Snider added.

Children also have limited perceptual skills. Sometimes they can't even tell if your vehicle is in motion or stopped. They can't accurately judge the speed and distance of vehicles or detect safe gaps in traffic.

"Elementary school aged children often aren't tall enough to be seen on the other side of a parked car, or as they move between vehicles to cross the street when they're being picked up. School zones are not the time to light a cigarette or call the office on your car phone," Snider says.

The key is to see children in time to avoid a collision. Search from curb to curb for kids who could enter your path. Everyone who enters the roadway is vulnerable to injury, but children on foot are even more at risk.

Many times the kids probably have their minds on school or friends, not the vehicles moving around them. That means it's your job to be even more aware of what's going on around you. Since it's hard to predict kids actions near schools, try to avoid these areas. Reroute your trip, if possible, to avoid peak drop-off and pick-up times and getting stuck behind a school bus.

However, if you can't avoid a drive through a school zone, the best strategy is to just slow down and stay alert. It's up to us to take precautionary steps to keep kids alive and safe.

## Turkey News

Joe Bob Barnhill of Nashville and Ted Barnhill of Muleshoe were in town recently to help their sister, Wanda Calvert, clean out their mother's house, Lavern Barnhill. Lavern is now living with Wanda.

Wanda's daughter, Christy and husband, Brent, from Ira were here last week-end and also helped their mother clean out Lavern's house.

Loreen and Arville Setliff drove to Lubbock last Saturday to meet their daughter, Stephanie Setliff who flew in from her home in El Paso. They all attended the Arnold family reunion in Tulla over the week-end.

Tracy and Rita Guest were recent visitors in Matador. They visited in the home of Jack and Jeanette Case and their daughter, Sally. Sally was visiting from California.

I've heard that two young men, Ken Eudy, the son of Hugh and Juanita Eudy, and Keith Price have been in Turkey recently. They are considering making their home in Turkey. We would be most happy to have these two young men and their families in our midst.

I am sorry about the mix-up on B.J. Robison last week. B.J. is still in intensive care in St. Anthony's hospital in Amarillo. I talked to his son, Claud Robison of Clarendon, last Monday and he reported that his Dad is still in serious condition.

While in the bank last Monday morning, Wilda Fuston was wearing a sling. She reported that she fell against her desk and knocked her shoulder out of place.

She also reported that she had spent the week-end in Childress with her mother-in-law, Alice Fuston, who suffered a slight heart attack on Saturday and had to be hospitalized. She was taken back to the nursing home on Sunday afternoon and Wilda returned home.

Recently, DeLane Proctor spent a week in Amarillo attending a school that was required of her. She took her two children with her and they stayed with their grandparents, Benny and Myra Brown while DeLane was in school.

I have heard that Susie House traveled to Junction last week. Knowing Susie, she spent all her time fishing in Llano.

Visiting in El Paso recently was Kathlene Green. She visited with her daughter, Anita Kay, who has recently moved back to El Paso after spending some time in Lubbock working on her doctorate degree. Anita Kay returned to her teaching job at the University of Texas In El Paso.

Tootsie Morse has recently returned from a trip to Sweetwater and Ft. Worth. She drove to Sweetwater where she joined a friend and the two drove on to Ft. Worth where they both visited with friends. Tootsie is back home now.

Ayyending a family reunion recently was Marjorie Bell. She attended the Davis family reunion in Amarillo. The Davis family is the family of Marjorie's daughter-in-law, Linda Bell.

Vacationing in Nevada, Arizona and New Mexico recently were Barry and Rebecca Wheeler and children, Nathan, Natalie and Grant. They visited the Grand Canyon, Las Vegas and Hoover Dam and enjoyed the sights in Albuquerque.

I certainly resent the accusations of some of the news reporters who state that Japan was about to surrender before the atomic bomb was dropped. How could this have been? The USS Indianapolis delivered that bomb to a small island. On its port the Japs sank the Indianapolis. My 22 year old cousin was the radioman on that ship. We received word of his death after Japan surrendered!

It was reported that Totsy Bain had a light stroke last Friday night but is doing better. Mrs. Bain lives with her daughter and son-in-law, Billy Joe and Jinna Sue Turner in Lockney.

Jordan Jenkins, daughter of Jackie and Daniel Jenkins, recently was bitten by what was believed to be a tick. The bite was quite large and the test for the Lyme Disease was administered. The test didn't prove to be conclusive. She is to have another test soon.

Buddy Colvin spent last Sunday and Monday in Big Springs visiting with Jay and Shauna Colvin and other friends.

On Monday he attended the funeral of a friend and was one of the pall bearers.

Visiting in the home of the Arville Setliff, the first of this week were Rod and Millie Setliff and girls and a couple from Holland. The Holland guests were relatives of Millie Setliff.

### Zona Lane Celebrates 97th Birthday

Friends and relatives of Zona Lane gathered at her home last Saturday afternoon, July 29, to wish Zona Happy 97th birthday.

A beautiful birthday cake, created by Marjorie Pinkerton, was served to the group.

Everyone enjoyed watching Zona open the array of gifts she had received. Perhaps the highlight of the afternoon was Zona's opening of her gift from her grand-daughter, Sherry Lane, the daughter of the Clinton Lanes. The package contained approximately ten gifts, each separately wrapped. Each gift referred to something Zona had shared with her grand-daughter over the years.

Those present for the occasion were: Bonnie Hill, Margaret Lane, Claudia Hawkins, Charles Daniels, Gelene Proctor, Marie Hurst, Kuka Galvan, Amanda Billigas, Janice and Bob Russell, U.F. and Ann Coker.

Zona also received several long-distance phone calls from relatives who were unable to attend.

Those that hosted the celebration were Zona's daughter, Linda Ferguson, Linda's son and wife, Ike and Frances Ferguson and their two children, Michelle and Cory Ferguson who all live in Graham.

### New Lowering Cholesterol Drug

The government has released information on the anti-cholesterol drug Zocor. Doctors urge heart patients to get tests as a step toward possible treatment. Zocor has been approved by the Food and Drug Administration as a drug to reduce deaths by lowering cholesterol.

Lowering cholesterol has long been considered a way to stave off heart disease. But doctors were reluctant to prescribe anti-cholesterol drugs for people who already have heart problems because the fat's damage to arteries already had been done.

New Scientists are accumulating evidence that fighting cholesterol in these patients-dropping it fast and to ultra-low levels-saves lives.

Doctors are urged to prescribe this drug to heart disease patients who retain high cholesterol levels despite a low-fat diet, stated Dr. James Cleeman of the National Cholesterol Education Program at the National Institutes of Health. Zocor is not for use by people with liver disease and women who are pregnant or breast feeding, and it occasionally can cause muscle disease.

### 4-Hers Record Books Do Well at District

Ten Briscoe County 4-Hers compiled record books which competed for top honors at the District 14-H Record Book Judging.

In the Junior Division, Scarlett Sperry's record book in the Share-the-Fun Vocal category received a blue ribbon and Tara Smith's Recreation record book also received a blue ribbon. A blue ribbon was awarded to Katy Hester's record book which was in the food and Nutrition category. Both the Junior and Intermediate category record books were awarded ribbons based on the merit of their individual books. Senior record books were ranked within their individual categories.

Lindsay Jennings' record book in the Fashion Revue category placed 1st. In the Photography category, Wynter Smith's record book also placed 1st. Placing 1st in the Agriculture Achievement category was Jeremiah Brooks' record book. Each of these books will advance to the State 4-H Record Book Judging in College Station, August 7-9 and compete for 1st place in their individual categories and a chance to attend a special trip to Washington D.C. Placing 2nd in the Swine record book category was a book compiled by Christina Stephens. Shannon Weaver's Clothing record book also placed 2nd, as did Briana Sperry's record book in the Beef category. Placing 3rd in the Home Economics Achievement category was the book compiled by Molly Brooks.

# City of Quitaque

WHEREAS, it was the intent of the Texas State Legislature by passing Texas Civil Statute Art. 4477-9a "Litter Abatement Act", herein referred to as "the Act", to comply with the Highway Beautification Act of 1965 (Public Law 89-285) to the extent that it is implemented by Congress. This ordinance is conditioned on the provisions of the Litter Abatement Act.

WHEREAS, The legislature declared that to promote the health, safety, welfare, morals, convenience, and enjoyment of the traveling public and to protect the public investment in the highway systems, it is necessary to regulate the establishment, operation, and maintenance of junkyards and automobile graveyards in areas adjacent to these systems.

WHEREAS, the legislature considers that the landscaping and developing of recreational areas, acquisition of interests in and improvement of strips of land within, adjacent to, or within view of these systems, which are necessary for the restoration, preservation, and enhancement of scenic beauty, and protecting and providing for the general welfare of the traveling public and promoting the safety of citizens using the highways of this state to be of the highest importance, and;

WHEREAS, a junked, dismantled, or wrecked automobile or automobile parts that are located in a place where it is visible from a public place or public right-of-way is detrimental to the safety and welfare of the general public, tends to reduce the value of private property, invites vandalism, creates fire hazards, constitutes an unattractive nuisance creating a hazard to the health and safety of minors, and is detrimental to the economic welfare of the state and the City of Quitaque, by producing urban blight adverse to the maintenance and continuing development of this municipality, and is a public nuisance, and;

WHEREAS, the legislature has defined a junked vehicle to be a vehicle that is inoperative and one that does not have lawfully affixed to it either an unexpired license plate or a valid motor vehicle safety inspection certificate, that is wrecked, dismantled, partially dismantled, or discarded, or that remains inoperable for a continuous period of more than 45 days, and;

WHEREAS, it is found that this ordinance is for the good government, peace, and order; and for the trade and commerce for the City of Quitaque; and is necessary and proper for carrying out a power granted by law to municipalities by the State under Texas Civil Statute Art. 4477-9a "Litter Abatement Act", and;

WHEREAS, this governing body considers this ordinance proper for the government of this municipality and also finds that it is not inconsistent with any other state law, now;

THEREFORE BE IT ENACTED, after the required publication of this ordinance and its filing in the records of the City of Quitaque as an ordinance that:

1. A Public Nuisance is defined as:
  - a. an inoperative automobile or automobile parts that are located in a place where the vehicle are visible from a public place or public right-of-way; and
  - b. that does not have lawfully affixed to it either an unexpired license plate and a valid motor vehicle safety inspection certificate, or that remains inoperable for a continuous period of more than 45 days.
2. A person commits an offense if that person maintains a public nuisance as defined above within the boundaries of this municipality.
3. It is a defense to this ordinance if the vehicle or vehicle part that is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property, a vehicle or vehicle part that is stored or parked in a lawful manner on private property in connection with the business of a licensed vehicle dealer or junkyard, or an unlicensed, operable, or inoperable antique or special interest vehicle stored by a collector on the collector's property, if the vehicle and the outdoor storage area are maintained in a manner so that they do not constitute a health hazard and are screened from ordinary public view by means of a fence, rapidly growing trees, shrubbery, or other appropriate means.
4. Antique Auto means a passenger car or truck that was manufactured in 1925 or before or a passenger car or truck that is at least 35 years old.

5. Special Interest Vehicle means a motor vehicle of any age that has not been altered or modified from original manufacturer's specifications and, because of its historic interest, is being preserved by hobbyists.
  6. A person who commits the offense described above is, upon conviction, subject to a fine not to exceed \$200. On conviction, the court shall order removal and abatement of the nuisance if it has not already been abated.
- AND THEREFORE BE IT RESOLVED that the City of Quitaque adopts the following procedures for the abatement and removal of junked vehicles or a part of a junked vehicle as a public nuisance, from private property:
7. It is required that not less than 10 days' notice stating the nature of the public nuisance on private property be mailed, by certified mail with a 5-day return requested, to the last known registered owner of the junked motor vehicle, any lien holder of record, and to the owner or occupant of the private premises on which the public nuisance exists; or if the post office address of the last known registered owner of the motor vehicle is unknown, notice to the last known registered owner may be placed on the motor vehicle, or if the last known registered owner is physically located, the notice may be hand-delivered. If any notice is returned undelivered by the United States Post Office, official action to abate the nuisance shall be continued to a date not less than 10 days after the date of the return.
  8. The notice must state that the junked vehicle must be removed and abated within 10 days after the receipt of the notice.
  9. A request for a hearing by the owner must be made before expiration of the 10-day period after the receipt of the notice.
  10. If a public hearing is requested by the owner it is to be held in a place designated by any appropriate City of Quitaque Official before the removal of the vehicle or vehicle part found to be a public nuisance.
  11. The hearing shall be held before the governing body of the city, or any board, commission, or official of the city as designated by this governing body, if a hearing is requested by the owner or occupant of the private premises within 10 days after service of notice to abate the nuisance.
  12. At the hearing it is presumed, unless demonstrated otherwise by the owner, that the vehicle is inoperable. A resolution or order requiring the removal of a vehicle or vehicle part must include a description of the vehicle and the correct identification number and license number of the vehicle if the information is available at the site.
  13. The procedures may not apply to a vehicle or vehicle part that is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property, a vehicle or vehicle part that is stored or parked in a lawful manner on private property in connection with the business of a licensed vehicle dealer or junkyard, or an unlicensed, operable, or inoperable antique or special interest vehicle stored by a collector on the collector's property, if the vehicle and the outdoor storage area are maintained in a manner so that they do not constitute a health hazard and are screened from ordinary public view by means of a fence, rapidly growing trees, shrubbery, or other appropriate means.
  14. These procedures must be administered by regularly salaried, full-time employees of the City of Quitaque except that the removal of a vehicle or vehicle part from property may be by any duly authorized person.
  15. A person authorized by the City of Quitaque to administer the procedures authorized by this article may enter private property for the purposes specified in the procedures to examine a vehicle or vehicle part, obtain information as to the identity of the vehicle, and remove or cause the removal of a vehicle or vehicle part that constitutes a nuisance. An appropriate court in the City of Quitaque or a Court in Briscoe County issue orders necessary to enforce these procedures.
  16. A vehicle that is taken by the city under this ordinance is prohibited from being reconstructed or made operable after it has been removed.
  17. Notice of this action is to be given to the State Department of Highways and Public Transportation not later than the fifth day after the date of removal identifying the vehicle or vehicle part and requesting the department to immediately cancel the certificate of title to the vehicle pursuant to the Certificate of Title Act (Article 6687-1, Vernon's Texas Civil Statutes.)

Papier-mache was probably developed by the Chinese in ancient times.

Do you know that:

- household chemicals (cleaners, polish, paint, medicines, etc.) should never be put down the drain?
- all automotive fluids from driveway servicing should be recycled?
- septic systems need to be serviced and pumped every few years?
- lawn and garden chemicals can cause water quality problems if they are not applied according to manufacturers instructions?

### Warning Issued To Movers Of Hiway Construction Signs Death is A Peculiar Plaything

It is being used in Quitaque, however by someone who evidently doesn't realize it's potentialities.

Our attention has been brought to the fact that on several occasions the road construction signs, flares, and detour signs on the Quitaque—Turkey highway construction project have been tampered with, moved, and damaged. In some instances, the detour signs have been moved to block the detour and the open construction left unguarded. A stranger traveling through would have no way of knowing that death awaited him in the form of a gaping hole in the highway where a bridge was being installed. Even local citizens may forget about the construction without the signs to warn them.

No one has been caught tampering with the construction signs or flares, but if and when they are, they can be charged with murder without malice, if someone should lose their life as a result of this type of prank. The highway department has also reported property damage, costing hours of extra work for construction workers trying to regain the use of their equipment.

This alone is a serious offense, that can be punishable by heavy fines and imprisonment, if the guilty party show be apprehended.

### Jones Raided—Fined \$275; Loses Merchandise, and \$1,100

Joe Jones, husband of Francis, who made the headlines a few months back, was fined \$275.20 this week, following a raid Saturday night by local and county peace officers. When the officers dropped into his place of business, they found Joe with 43 1/2 pints of whiskey, 24 pints of wine, and 6 cans of beer. They searched the building and premises but were unable to locate the rest of Jones's merchandise. Jones later told the officers that he was glad they didn't find the rest of his stuff, and he didn't mind losing the above mentioned beverages.

### Jones Robbed

Sometime after the officers left him Jones reported that he was robbed of \$1,130.00. William "Cowboy" Crosslin was taken into custody the first of this week, and after being submitted to a lie detector, admitted taking \$300 of the money.

He claims to know nothing of the remaining \$830.00 Jones claims to have lost. Cowboy is at the present time rooming at the County Jail in Silvertown.

## Creative Catfish Meals In Minutes

(NAPS)—Whipping up delicious, nutritious meals in minutes is easy with genuine U.S. farm-raised catfish.

Chock-full of protein and essential vitamins and minerals, farm-raised catfish cooks in a flash (average cooking time per farm-raised catfish fillet is 10 minutes) so aspiring chefs can spend more time with family and friends and less time over a hot stove.

What's more, there are no limits to farm-raised catfish's versatility—whether grilled, baked, broiled or oven-fried, farm-raised catfish always comes out a winner thanks to its firm texture and mild, sweet taste.

Add a creative flair to mealtime with the following recipe for Sesame Fried Catfish. For additional farm-raised catfish recipes, write to: Catfish Meals in Minutes, P.O. Box 568-A, Gibbstown, NJ 08027.

### SESAME FRIED CATFISH

**Ingredients:**  
1 pound genuine U.S. farm-raised catfish fillets  
1 egg (or 2 egg whites), lightly beaten  
1/2 cup sesame seeds  
1/2 cup (approx.) flour for dredging  
Vegetable oil for pan-frying

**Dipping Sauce:**  
1/4 cup soy sauce  
1 tsp crushed garlic  
1/2 tsp grated fresh ginger  
1 Tbsp brown sugar  
2 Tbsp sake or white wine

**Directions:**  
Bring oil to medium-high heat in a heavy frying pan. While oil is heating rinse the catfish fillets and pat dry with paper towels. Dredge fillets lightly in flour, dip in beaten egg and coat thoroughly with sesame seeds. Sauté catfish over medium heat one fillet at a time for approximately 2 to 3 minutes per side.

While the catfish are cooking, mix remaining ingredients and either microwave or conventionally bring to a boil for approximately one minute. Cool, strain to remove garlic, and serve over fillets or on the side as preferred. Serves 4.

Man's unhappiness; as I construe, comes of his greatness; it is because there is Infinite in him, which with all his cunning he cannot quite bury under the Finite.
