We The Women To Meet Tuesday

by Arlene Hinkle
 We The Women will hold their regular monthly meeting on February 10 at the Methodist Church in Quitaque. Lunch, prepared by Linda Stark, will begin at 12 noon.
 A short business meeting will follow and then the program will begin. This month Deborah Justus and Renee Dudley will demonstrate how to turn the lowly gourd into a work of art.
 There will be a door prize from Adobe West, so be sure to register as you enter. All ladies of the community are encouraged to come and enjoy the luncheon and the demonstration. See you there!

Cyclist Wanted For A Texas Tour

Texas cyclists are wanted to participate in the "Lone Star Circle of Life" bike tour, scheduled to be held April 20 - 29, 1998. The ten-day bike tour will be limited to only 12 cyclists.
 The purpose of the tour is to raise money for the need for life-saving donations of marrow, organ and tissues among Texans. The event is a cooperative effort of the Texas centers of the national Marrow Donor Program, blood centers, organ banks, tissue services and transplant centers. The tour is scheduled to start on the steps of the capitol in Austin and follow a route through San Antonio, Houston, Nacogdoches, Tyler, Dallas, Fort Worth, Waco, College Station and end in Temple. Along the route, local events will be scheduled including blood drives, marrow registrations and awareness events for organ and tissue donation.
 Each day of the tour, each cyclist will ride for a Texan who is in need of blood or platelets, or who are in need of an organ, tissue or marrow transplant. The cyclist will have the specific persons name on the back of their jersey. Events in each city will not only highlight those in need of a donor, but also tell the story of the donors who have helped fellow Texans by giving a special gift of blood, marrow, organs or tissues.
 Riders need not be experts, but should be experienced cyclists in good physical condition. Cyclists whose lives have been touched by the need for blood, marrow, organ or tissue donation are especially encouraged to apply. The expenses of the riders for the event will be covered by corporate and private sponsorships.
 To apply as a cyclist for the tour, call Barry Wall, Circle of Life Rider Committee, at (210) 495-3040 or E-mail at WALLFAM@SWBELL.NET. For information on route events or to receive a brochure on sponsorships, contact the Scott & White Marrow Donor Center in Temple by calling toll-free (888) 724-2811 or the Scott & White Blood Center at (254) 724-2430.

Immunization Clinics For February

Immunization Clinics offering vaccines that give protection against several childhood diseases are scheduled for February. Protection is against polio, diphtheria, lock jaw (tetanus), whooping cough (pertussis), measles, rubella, mumps and HIB (haemophilus influenzae type b).
 The Texas Department of Health is charging money to help with the cost of keeping the clinic open. The amount of money charged will be based on family income, size, and the ability to pay.
 Immunization will be available at Tulia at the Texas Department of Health Office at 219 S.E. 2nd Street on February 25 from 8:30 a.m. to 12 noon and from 1 p.m. to 5 p.m.
 Immunization will be available in Clarendon at the Texas Department of Health Office Medical Center, Highway 70 North on February 17 from 9 a.m. to 12 noon and from 1 p.m. to 4 p.m.
 Immunizations will be available in Silvertown at the Silvertown School on February 17 from 9:30 a.m. to 12 noon.
 Immunizations will be available at Quitaque in the First National Bank Community Room on February 17 from 2 p.m. to 4:30 p.m.

Price Barn Burns

by Ann Coker
 Last Saturday, January 31, 1998 the Turkey Fire Department was called to the Price Farm southwest of Turkey.
 Stacy Price was burning some trash near the hay barn. An aerosol can was in the trash and when it became hot it soared in flight to the hay barn. The hay burned quite quickly and the barn was destroyed. Hubert Price was the owner of the barn.

Panhandle Livestock Association Will Celebrate 83rd Year

The Panhandle Livestock Association is celebrating its 83rd year at its annual convention on Saturday, February 7, at the Ambassador Hotel in Amarillo. A full day of activities is planned to provide fellowship between ranching families, while informing its members of current issues pertinent to ranchers of the Texas Panhandle. PLA seeks to preserve the ranching heritage of this area.
 The entertainment for the noon luncheon will be a history of the Texas Panhandle through story and song using traditional cowboy music based on the 1880's put on by the *Prairie Heirs* of the Palo Duro.
 An arts Roundup will be on display throughout the day with exhibits by artists
 Edward McIntyre, PLA President, will preside during the business meeting following the program at the noon luncheon. Micheal B. Rushing will be introduced as the recipient of the PLA Scholarship to West Texas A & M University. Troy Fitzgerald, of Mosquero, NM, and Jason Bailey, of Seymour, TX, will be introduced as the recipients of the PLA Scholarship to the Ranch and Feedlot Operations School at Clarendon College.
 Realizing the importance of higher education in the livestock industry, PLA raises funds for scholarships. Since 1992, Panhandle Livestock Association has given \$20,000 to endow scholarships for Clarendon College Ranch and Feedlot Operations School. PLA has also given \$11,700 to a scholarship endowment at WTA&M University for students in agriculture.
 For more information contact Edward McIntyre at (806) 659-2083, Jeff Lackey at (806) 659-2672 or Jim Haley at (806) 323-8433.

Hutcherson Announces For Hall County Judge

Ed J. Hutcherson authorized the Valley Tribune this week to announce that he has filed his name as a candidate in the March 10, 1998 Democratic Party Primary for the office of Hall County Judge.
 In making the announcement, Ed J. Hutcherson stated:
 "I currently am serving my first term as Mayor of the City of Memphis but this term expires in May of 1998, so there should be no conflict in my holding two elective offices at the same time.
 "I have served three terms as alderman on the Memphis City Council before being elected Mayor.
 "I am a fifth generation in Hall County and have farming interests in the county, pay taxes on home and property. I am concerned about the future of Hall County and want to do my part in guiding our county government toward a better future.
 "I have served on numerous boards and youth organizations and understand the concerns we face. I want to discuss my candidacy with as many citizens as I am able. I encourage and welcome your advice and suggestions.
 "By working with the budget of the City of Memphis I have gained experience in setting up budgets to insure that programs have responsible funding.
 "My wife, Tammy and I have three children, and we plan to make Hall County our home. I will strive to make our county safe and prosperous to insure a happy future for all children.
 "I am deeply concerned with the direction our county government is headed and I am more than willing to discuss these concerns with each and every one of you.
 "Your support and vote will be appreciated and valued."
 Sincerely,
 Ed J. Hutcherson

Parents Receive "Texas" Audition Scheduled For Canyon

There is good news for Texas parents! Texas law now requires many insurance plans and HMOs to cover the cost of vaccinations for children under the age of six — without a deductible or co-payment. This new law mandates coverage for any childhood immunization required by law.
 (More information inside the Valley Tribune.)

Quitaque Chamber Of Commerce Celebrates With Banquet

Tickets are on sale now for the Quitaque Chamber of Commerce banquet which will be held on February 12 at the Quitaque Community Center. Serving of the meal will begin at 7 p.m. and will consist of ribeye steak, baked potato, salad, dessert, and tea or coffee.
 Speaker for the event will be Mr. Andrew Sansom, the Executive Director of the Texas Parks and Wildlife Department in Austin. His love for the area is apparent when he speaks of Quitaque and the Caprock Canyons State Park. He has been a frequent visitor to the area during the opening of the Trailway and also during the moving of the JA buffalo. The Chamber is fortunate to have such a distinguished speaker.
 Each year the Chamber asks the graduating class at Valley to write an essay on a selected subject which is then read by a panel of three judges. The winning essay will be announced during the evening, and a \$100.00 scholarship will be given to a lucky senior from Valley High.
 Tickets may be purchased from Guy Young, Karol's Kountry Korner, or City Hall. Come and give Mr. Sansom a Quitaque "Welcome!" and enjoy an "evening out" with good food, good fellowship and good fun!

Children's Immunization Clinic In Quitaque

A Children's Immunization Clinic will be held at the First National Bank Community Room in Quitaque on Tuesday, February 17, 1998 from 2 p.m. to 4:30 p.m.
 Hepatitis B and all other immunizations will be available for children. Be sure to bring your children's shot records.
 The cost is \$5.00 or less, based on ability to pay. If your child is on Medicaid, please bring your Medicaid card.
 No one will be turned away. This program is in support of a long range Extension plan to improve Health, Safety and Well-being in Briscoe County.

Parents Receive "Texas" Audition Scheduled For Canyon

The musical drama "Texas" is searching for singers, dancers and actors to fill 140 paid positions for the 1998 summer season. "Texas" is staged in the nation's second largest canyon, the Palo Duro, and attracts nearly 100,000 audience members each year.
 "Texas" directors will hold an audition in Canyon, Sunday, February 15, to select cast members. The audition, to be held at West Texas A&M University's Mary Moody Northern Hall, is one of seven throughout the United States.
 Selected talent will make the 1998 "Texas" season come alive in the Pioneer amphitheatre, near Amarillo, Texas. Last season, guests traveled from every state and 102 countries to see the production revered as the nation's best-attended outdoor drama.
 "Texas" cast and crew members receive expert instruction from director Neil Hess as they unfold a tale of Texas Panhandle romance and history through song, dance and drama. The script was written by Pulitzer Prize winning author Paul Green specifically for the Palo Duro Canyon setting. The latest in digital sound, lighting and pyrotechnics enhance the performances with special effects. A simulated thunderstorm scene seems so real, visitors often reach for umbrellas.
 The script calls for 14 actors/actresses, 26 dancers, 34 singers, six instrumentalists, 17 technicians and 40 hospitality members.
 Rehearsals begin May 17, 1998 for the season that runs June 10 - August 22, 1998, Monday through Saturday.
 For information on requirements, etc. contact "Texas" Musical Drama at 806/655-2181.

THEN & NOW!

by Eunice McFall
 Volunteerism is what keeps small cities alive and well. We have many in our cities who are always available to help others when the need arises. They are ready, willing and able to lend a helping hand when work needs to be done for the city itself as well as helping out their friends and neighbors when they need a helping hand. The Chamber of Commerce of Quitaque would like to honor one such person this year at their Chamber Banquet which will be on February 12, 1998. If you would like to vote for your favorite volunteer, one who has helped not only individuals but the civic organizations and the city itself, you need to go by the Sportsman and cast your vote. If you can not find the time to do this you may call and they will put your vote in the box for you at the Sportsman. I think it is wonderful for the Chamber to be recognizing those citizens who give so unstintingly of their time to others.
 I recently read an *Ode to Volunteers* which went something like this:
 Volunteers are like Fords---They have better ideas.
 Volunteers are like Coke---They're the real thing.
 Volunteers are like Pan Am---They make the going great.
 Volunteers are like Dial Soap---Don't you wish everyone did.
 Volunteers are like VO5 Hair Spray---They hold in all kinds of weather.
 Volunteers are like Hallmark Cards---They care enough to give the very best.
 Volunteers are like Standard Oil---You expect more and you get it.
 But most of all they are like Frosted Flakes---They are G-R-R-R-R-E-A-T!
 This little ode fits so many of the people in Quitaque that I feel that we should voice our opinions about who we think is the greatest volunteer in our town. This is one small way that we can thank them for all the service that they render to everyone.
 Not only does this ode apply to Quitaque but also to all those many citizens of Turkey who volunteer so many hours each year to make all the projects happen for our towns!

Pickup Badly Damaged In Crash Sunday

The 1942 For Pickup of W. H. Joulett figured in a very damaging collision about noon on Saturday, January 31, when the "tail end" whipped into the path of an on-coming transport truck a mile west of Parnell.

The pickup was damaged beyond repair, it was stated, and the transport, loaded with four Plymouth automobiles, had a fender torn off and a tire blown out. A relief transport was sent to pick up the cars and deliver them to their destination.

Mr. Joulett was accompanied by two of his sons, Tommy and Cecil, Tommy being the only one injured. He received a laceration over the right eye.

The Jouletts were enroute to Memphis on business when they met the transport going west. Considering the icy condition of the pavement, Mr. Joulett said he pulled over as far as possible in order to give the truck plenty of room to pass. The right rear wheel of the pickup went off the pavement, then bounced back on, the momentum skidding the rear of the vehicle on the ice into the very path of the truck.

No blame was attached to any of the drivers for carelessness or anything of that sort—it was just a case of treacherous ice on the pavement. The damage however, was costly—and the loss more or less permanent.

In February 1927 a full moon appeared 5 times and will not appear again for approximately 4 million years.

At the turn of each century there is no Leap Year for a period of 8 years. February has witnessed 5 Sundays only 4 times since the Civil War.

Mrs. Luke Lane celebrates her birthday only once every four years as it comes on February 29th.

Suffers Stroke
John Chadwick suffered a stroke of paralysis Sunday afternoon and has been very ill. He is under the care of Dr. J. E. Garner and at this writing he was some better.

When searching for cleaning supplies, you may find you already have a variety of household products on hand that can do the job. For example, baking soda can be used to clean bathtub rings and vinegar is often mixed with warm water to use as a window cleaner.

Immunization Law Benefits Many Texas Families

by William R. Archer III, M.D., Texas Commissioner of Health
The Texas Legislature has a New Year's gift for many Texas families. As of January 1, a new law requires many insurance companies and HMOs to provide immunizations to children under age 6 with no co-payment, deductible or coinsurance requirement.
Our legislators recognize that we cannot afford to let financial considerations endanger our children's welfare. They've removed yet another barrier to children getting their shots on time.
Many families will be helped by this law in the coming months. The Texas Department of Insurance estimates that more than 4.8 million Texans have HMO coverage or insurance affected by this new law. Families will save \$330 on immunization costs for each child covered by the time the child reaches age 6.

Without question, a high rate of compliance with the vaccination schedule provides a valuable public health benefit. Many young parents today have no idea how dangerous childhood diseases are. They don't realize that vaccines, along with other fundamental public health protections such as clean water and sanitation, are responsible for the long lives we now live. The lifespan of the average Texan has almost doubled since the beginning of this century, largely because of public health advances such as immunizations.

My parents and grandparents understood first-hand how deadly these diseases were. My mother had childhood friends who died of polio. Yet, due to vaccines, I'm confident my two small sons will have the protection they need to stay healthy into adulthood.

In 1991, in response to widespread measles outbreaks throughout the nation, the National Vaccine Advisory committee recommended that "vigorous efforts should be made, including legislation if necessary, to assure that insurers provide or reimburse for immunization as part of their basic health benefits package." Texas is the 10th state to pass such legislation. Other states include Nebraska, Kansas, Oklahoma, Missouri, West Virginia, Pennsylvania, Maryland, New Jersey and New York.

TDH is working with physicians and local health departments to reach national immunization goals in Texas. We've come a long way in a short time. In 1991, only approximately 40 percent of our 2-year-old children were fully immunized. Today, 74 percent are fully immunized. Our immunization rate must reach and stay at 90 percent before we know that our children are fully protected.

For those families who do not have health insurance for their children and cannot afford the cost of immunizations, free immunizations are offered through the federal Vaccines for Children program.

The challenge now is to make sure eligible families with health insurance and HMO coverage and their physicians know about this new benefit so that they can take advantage of it at their earliest opportunity. Parents and health care providers who have questions may call TDH at 1-800-252-9152.

Price Helps Tech Defend Meat Judging Championship

The Texas Tech Meat Judging team recently defended its national title at the 1997 Intercollegiate National Championships in Dakota City, Nev.
With the win, Tech became only the fifth team repeat as national champions in the 7-year history of the event. Tech also won the championship in 1989, 1991, and 1996.
Tech defeated 13 other teams, including Texas A&M, Kansas State and Oklahoma State.
Members of the 1997 National Championship Meat Judging team are Jason Behrends, Brya King, Amy Copeland, Tyle Bosard, Shannon Garnett, Scot Pohlman, Bradley Price, Robi Purvis, Jeff Rhone, Kelly Smith, Lesley Tibbels and Beth Tymrak.
Bradley is the son of Larry Do and Nancy Price of Quitaque. He is a 1993 graduate of Valley High School. While in High School Bradley was on several Valle FFA Judging Teams that qualified for the State FFA Meat Judging Contest. Bradley continued to judge while in college and was on the 1997 National Championship Meats Judging Team from Texas Tech University. Bradley is majoring in Agricultural Education at Tech.

The Pledge of Allegiance was first published in Youth's Companion magazine in 1892.

Valentine's Day was the day when, according to an ancient tradition, the birds chose their mates for the year.

The Statue of Liberty was dedicated in 1886. However, it did not become a national monument until 1924.

The custom of exchanging Valentines on Valentine's Day is said to have its origin in a pagan practice connected with the worship of Juno on or about this day.

HONORED ON 80th BIRTHDAY

Mrs. Wanda Lane of Lockney and her sister, Mrs. Trula Martin honored D.M. "Ikie" Suter on his 80th birthday with surprise party, Thursday afternoon, Jan. 29 in his home in Quitaque. They presented him a colorful balloon birthday bouquet. They served refreshments of a decorated cake, ice cream, coffee and cokes.

Those attending the celebration beside his wife, Christeen were J.C. and Inez Moss of Mason, Truman Merrell, Lossie and Artie Gilbert, Wayne and Annie Hunter, Mesdames Leona Degan, B. Rogers and Mary Jo Calvert of Flomot.

John Speer of Floydada accompanied H.G. Hunter and Mrs. Iva Jo Shelton of Lubbock to home, Monday. Joining them were Mr. and Mrs. Wayne Hunter and H.G. returned home with them to visit. They ended to business in Quitaque, Tuesday and accompanied H.G. home Wednesday afternoon. They had supper with daughter, Mrs. Anita Hunter after returning home.

Mrs. Janice Russell of Turkey and Mrs. Annie B. Cloyd visited Memphis last Monday with Dickie, Kim and Jason Cloyd. They had a belated birthday celebration for Dickie.

Wilburn Martin accompanied Iola Stinson to Plainview, Thursday for eye surgery. This is the second surgery she has had the eye that was injured following an accident in her home.

Mr. and Mrs. Wayne Hunter visited in Floydada Saturday afternoon with Mr. and Mrs. John Speer and their houseguests, Mr. and Mrs. Roy Nickley of Tucumcari, N.M. and Kathy Dunn of Portales, N.M.

Bud Barton of Dougherty, Mary Ellen Barton and Wilson Barton attended business in Dimmitt, Tuesday and in Lorenzo, Thursday.

Jackie and Tanya Starkey of Wellington visited the weekend with their grandparents, Mr. and Mrs. Jack Starkey. Their mother, Mrs. Tanna Starkey visited Sunday and accompanied them home.

Iola Stinson and Mary Ellen Barton visited in Childress, Monday with Dr. Ricky Nall.

Mrs. Erma Washington has had inner ear medical treatment in Lockney this week.

The groundhog saw his shadow Monday morning and predicts six more weeks of winter weather. However, January has been a mild, dry month in northwest Motley County and boll weevils have been wearing their sunglasses!

Grain Elevator Workshop Scheduled

Weed, insect and disease control pose concerns for farmers as preparations for the coming crop year begins. To meet the needs of the farming community, a consolidated effort between the Tri State chapter of GEAPS and the Texas Agricultural Extension Service will sponsor the annual Texas High Plains Grain Elevator Workshop. The conference will be held February 5 at the Texas A&M University Research and Extension Center, 6500 Amarillo Blvd. West beginning at 8 a.m. and will continue through 3:45 p.m.

This year's workshop has been accredited by the Texas Department of Agriculture (TDA) to award five continuing education units (CEUs) toward recertification of commercial or non-commercial pesticide applicators. Included in these CEUs will be one unit for laws and regulations and two units given in integrated pest management.

Topics to be addressed include developing changes in state and federal laws and regulations, obtaining effective non-crop weed control and the growing concern of sorghum ergot in the High Plains. The workshop will also focus on how to produce a high quality grain and maintaining it by using storage management practices through fumigation and insect control.

To receive registration information or cost of workshop, contact Dr. Carl Patrick, Texas Agricultural Extension Service at 806/359-5401.

On The QT

Former Quitaque resident Jim Stroup, 95, is in Columbia Medical Center in Pampa, with pneumonia. He would enjoy hearing from friends. His home address is 120 S. Russell #209, Schneider House, Pampa, 79065, or write to the Medical Center.

Lon McKay poses at his 95th Birthday Celebration with eleven of his thirteen children. It was not possible for two of his children to attend this joyous occasion. 105 family members and friends helped Lon celebrate this very special day.

Cotton Growers To Meet In Abilene

The Rolling Plains Cotton Growers Association will be holding their Annual Meeting in conjunction with the 6th Annual Big Country Farm & Ranch Show. The meeting is scheduled for Tuesday, February 10.

The organization's meeting will be held on February 10 from 10 a.m. to 1 p.m. in the Display Building at the Taylor County Fairgrounds. Vernon, Texas native Senator Robert Duncan, who is largely credited with rescuing the Texas Boll Weevil Eradication program in 1997, is the scheduled Keynote Speaker.

Additional educational programs include: CEU sessions offered by Taylor County Extension on Tuesday, February 10 at 1:30 p.m. and Wednesday, February 11 at 1 p.m. and a Futures/Options session offered by DTN on Wednesday, February 11 at 3 p.m.

The 1998 Big Country Farm & Ranch Show is scheduled for Tuesday, February 10 and Wednesday, February 11 at the Taylor County Fairgrounds in Abilene. Sponsors for this years event include the Abilene Reporter News, KTAB-TV, VSA Radio Network, Taylor County AG Extension Service and the Rolling Plains Cotton Growers. Admission is free. For more information, please call 612-894-8007.

Foreign Exchange Program Welcomes Students To USA

The American Intercultural Student Exchange, a non-profit educational foundation, is seeking local host families for high school foreign exchange students for the 1998-99 school year.

AISE's students come from over forty countries world wide, and the program is expanding operations all the time. Every year, AISE places thousands of exchange students with loving host families throughout the United States. AISE exchange students live with American families and attend local high schools during their ten-month cultural exchange experiences. American host families provide these young ambassadors with a place to sleep, meals, and a family atmosphere in which to live.

AISE students are eager to learn about our government, history, customs and language, while at the same time leaving a lasting impression of their cultures in the minds and hearts of their American host families and peers.

Please call AISE at 1-800-SIBLING or visit the AISE web site at www.sibling.org for more information on hosting a foreign exchange student in your home.

Prescription labels can be laminated and kept legible with clear nail polish.

TURKEY NEWS

Things Seen or Heard by Ann Coker, Turkey
 I talked to Betty Schneider Tuesday with an update on her mother, Virginia Degan.

Virginia is better, but now has the flu. Betty said the hospital is full of flu and advised that she should not have company now as the flu is so contagious. Also she is really too ill to enjoy company. She will be in Intermediate care before she is able to return home.

Spending last Sunday in Clarendon with Harvey and Betty Williams was Arlie Williams. Squint House attended the funeral services for the father of Wayne Johnson, in Quail. Johnson taught in the Turkey School for several years.

Bud Richardson of Tulia was in town last Monday, visiting with Bob Russell and his sister, Lorene Setliff.

Another Turkey resident has moved away. Elgin Conner was here recently and moved his mother Stella to Levelland where he lives.

I talked to Lisa McKnight Tuesday morning. She said her grandmother Virginia Degan is in a Rehab Center on Boys Ranch Road. She is through with therapy and will probably be home when she regains her strength.

Word was received recently to Jerry Bob and Brenda Smith. They said that Jimmy, the son of

Jo and J. W. Lacy, has been diagnosed with cancer. The J.W. Lacy's live in Blytheville, Arkansas. I think Jimmy lives in Dallas.

We were in Childress last Saturday and saw Billy, Patsy and Beth Lyles in the cafe. Later we visited with Linda Ferguson in Wal-Mart. Childress had received about 1" of rain that morning.

Hopefully the flu bug is leaving. GuyRetta Clinton is back at

work at the Cafe. She and Melvin both had the flu.

Foy Lane is in Stratford with her daughter Gail. Foy has quite ill and Juanita Lane stated Foy had had the flu and pneumonia.

The Lions' Club is still collecting fees for the use of the flags. If you haven't paid your dues you may pay them at Turkey Automotive to Keith Green. I received a call early this morning from a Lions Club member Marjorie Bell to remind us to pay our fee. We live in the country and don't have this service - they had dialed the wrong number. That's OK. It was past time for me to get up, anyway. Coker and I both had a good laugh about it.

The Methodist Women will have their Secret Sister dinner on Thursday February 12. This is always a fun night, discovering who each member's secret sister is.

OSTEOPOROSIS EDUCATIONAL SERIES

Provided by: Calley Payne, CEAFCS

Osteoporosis is a major health problem in America. It affects over 8 million persons, with 17 million at a high risk of developing the disease.

The Briscoe County Office of the Texas Agricultural Extension Service is offering an Osteoporosis Educational Letter Series - Invest in Your Bones. It will cover basic facts of the disease, prevention and maintenance. Please call the Extension Office at (806) 823-2131 to receive this series.

Educational programs of the Texas Agricultural Extension Service are open to all citizens without regard to race, color, sex, disability, religion, age or national origin.

 beat PRIME ?

We can ... and so can YOU!

When you want long term financing for farm and ranch purchases, refinancing or even a loan for improvements to your current agricultural operation, Panhandle-Plains can provide loans that are so competitive they are actually below prime.

Our borrowers are our owners and last year we paid out \$1,000,000 to more than 1300 member/owners! You can bet that significantly lowered their cost of credit.

Call your nearest Panhandle-Plains FLBA office to learn how our very low rates and our healthy dividends can help you beat the prime rate too.

STEAMING VEGETABLES: Vegetables cooked in the microwave oven have a steamed, crisp-tender quality. Most vegetables are cooked covered, using the baking dish lid, vented plastic wrap, or waxed paper, so only about 1/4 cup water is needed for a pound of cut vegetables. Stir once during cooking. Times vary depending on the vegetable. For 1 lb. sliced carrots or fresh green beans, microwave at HIGH 10 to 12 minutes. For 1 lb. broccoli or cauliflower pieces, microwave at HIGH 7 to 8 minutes. Allow 5 minutes standing time to finish cooking.

OIL AND FILTER SPECIAL

BUY GENUINE JOHN DEERE OIL AND FILTERS THRU FEBRUARY AND SAVE 12% OFF OUR ALREADY LOW PRICE.

When you need your equipment the most, you know who you can depend on! **GENUINE JOHN DEERE**

Too many people are trying to save money on oil when they should be saving their equipment. Ten dollars saved through buying cheap oil could result in hundreds of dollars on repairs.

Buy quality oil filters as recommended in your operators manual. The money saved by buying cheap "will fit" filters is negligible compared to damage that can possible result from their use.

We would like to inform you that we will deliver oil and filters to your farm free of charge.

Ask our parts crew about our new bulk oil system.
