Adamson Home Damaged By Fire

A damaging fire at the J. R. Adamson, jr. home happened about 12:30 a.m. Monday. The fire apparently started from a leak on the pick-up. Because it was a stormy night, Mrs. Adamson had closed the garage door, then fumes accumulated and caught fire when the water heater came on in a closet in the garage.

Mr. Adamson was aroused by the explosion and rushed out of the house to find the garage in flames.

Firemen arrived and removed the family car. The back glass in the car exploded when the car was pulled out and the glass shattered all over the car trunk. The pick-up was pulled out but was pretty well gutted before the fire could be extinguished in it. After the fire was extinguished inside the garage, the walls and ceiling were charred but the fire didn't break through the walls into the house. The garage door was also ruined and when someone picked up the shattered glass off the car trunk the body paint came up with the glass, showing how hot the fire had been. The smoke-filled house was soon cleared of the smoke when the windows were opened.

Another Chapter Written In Methodist History

Another chapter in the history of the Northwest Texas Annual Conference for the United Methodist Church which was held at Abilene the first of June, completed the sixty-eighth session.

One important aspect of an annual conference is the giving and receiving of appointments. The pastor receives his or her appointment by the bishop through the lay delegates present and the congregation receives the pastor through the lay delegates present. According to the appointment sheets, two hundred and twenty-five pastors were appointed to churches in the Northwest Texas Conference.

Even though with some inequities in their appointment system, The United Methodist Church still has the best system for supplying congregations with pastors and pastors with congregations.

Mr. and Mrs. Keith Green of Turkey were the delegates of the Turkey United Methodist Church.

Rev. James Willborn was returned to Turkey with his family to serve for his third year. We welcome the Willborns back to our community. Rev. Willborn was among the eleven deacons ordained.

Appointment for other former Turkey pastors included: Rev. Howard Marcom was returned to Hamlin; Rev. Roy Havens to Midland Asbury; W. H. (Fred) Brown to Cooper; Rev. James Boswell back to Wellington; Rev. Johnnie Williams back to Crosbyton; Rev. Joe Walker to King Memorial at Childress, also Estelline and Tell; Military Chaplain, Rev. Johnny A. Rakestraw, U. S. Army, and Rev. Henry Gene Parmenter, although not a former pastor, a youth who grew up in our community was returned to Bailey Chapel.

Rev. Sid Parsley was returned to Quitaque, along with his family to serve another year, for which the entire community is grateful. Other appointments of former Quitaque pastors are: Delton Fisher to Grace-Hamby, Abilene (his father pastored Quitaque); Luther Baker, Ruby; Carl Oglesby, Buchanan Street, Amarillo; James C. Holman, Canadian; Kenneth Metzger, Memphis; Al Jennings, Abernathy; Wesley Daniel, Littlefield-Bula.

They went sightseeing to the islands of Kori and Maui, seeing the volcano, also other impressive landmarks of Old Hawaii, including the beautiful flowers of the island, the International Market Place in Waikiki Beach. A group of Briscoe County citizens met in the Bank Community room last Friday, June 17, to discuss discontinuing trade with the Plainview merchants because of the cloud seeding and weather modification.

Petitions are being placed in various places in town for people who are interested to sign.

Doctors are not included in this boycott.

Reasons for organizing the "Boycott Plainview" is because of Plainview's support of the weather modification activities in that area.

The farmers of this area are just as convinced that cloud seeding is causing this area to receive less rainfall, as the farmers in the Plainview area believe that cloud seeding helps that area.

In years past, much of the annual rainfall received here came from the southwest. Many times residents north and east of Plainview have watched big, rainy-looking clouds as they approached from the southwest, only to see them break up or pass overhead without loosing any moisture. These residents firmly believe that cloud seeding is responsible for this happening.

BE ONE FLESH
Marriage is by nature deeply personal and intensely spiritual. The relationship of husband-wife and Christ-church is so intertwined (Ephesians 5:21-33) that we have difficulty in determining which is subject and which is illustration. Still, marriage is characterized by separation, devotion and union. The man finds in the woman the rest of himself, and of course, the reverse is true as well. Ideally, then, marriage becomes the creation of one whole self. Someone has observed that this new oneness has only three basic enemies. One is an insider-yourself. The fruit of personal selfishness and pride is apparent in many homes. A second enemy is an outsider-any other. Whatever concern, object, or person

family, it has overstepped its boundaries. And the third enemy is a besider-the childhood family you should have forsaken. When marriage is seen as separation, devotion, and union, and when its three enemies are vanquished, then that home can withstand almost anything in almost any place. The Bible teaches: "Even so husbands should love their wives as their own bodies." Eph 5:28. Sunday sermons will be: "WHY WOULD ANYONE BE LOST". You are always welcome at the CHURCH OF CHRIST

IN MEMORIAM OF MRS. J. E. CHANDLER

SAFELY HOME
I am home in Heaven, dear ones; Oh, so happy and so bright! There is perfect joy and beauty In this everlasting light.

All the pain and grief is over, Every restless tossing passed; I am now at peace forever, Safely home in Heaven at last.

Did you wonder I so calmly Trod the valley of the shade? Every dark and fearful glade.

Oh! but Jesus' love illumined And He came Himself to meet me

In that way so hard to tread; And with Jesus' arm to lean on, Could I have one doubt or dread?

Then you must not grieve so sorely, For I love you dearly still:

Try to look beyond earth's shadows, Pray to trust our Father's Will.

There is work still waiting for you, So you must not idly stand; Do it now, while life remaineth— You shall rest in Jesus' land.

When that work is all completed, He will gently call you Home; Oh, the rapture of that meeting, Oh, the joy to see you come!

PROPER INSULATION...

Keeps in the Cool Air You've Paid For

- ★ Proper insulation helps to keep OUT heat in the summer, helps to reduce outside noises, absorbs inside sounds, and can save over 40% on energy costs on both cooling and heating.
- ★ Insulation comes in rolls, loose-fill or batts. Insulation is labeled with a R value showing its ability to resist heat. The better its insulating value, the higher the number. R values up to R 30 in the ceiling and R 20 in walls are now being recommended for new construction in this area.
- ★ Insulation can pay for itself with the savings from operating costs in about 1 1/2 years. Your home will be cleaner because insulation will help to keep dust and dirt pollution from sifting in.
