Some of the farming equipment sent from the United States being used in farming in Saudi Arabia.

## Area Families Farming In Arabia

On April 12, 1983, a trip that had been in the planning stage for nearly a year became a reality for three families. James (Duke) Woods, W. W. (Jack) Cheatham of Quitaque and Joe Farley of Turkey flew out of Amarillo bound for Saudi Arabia. They arrived there approximately 18 hours later.

The men joined Wren and Jo Jean Vinyard of Turkey, who are the coordinators of the farm project underway for Major General Mutlog of Saudi Arabia. The Mutlog Farm is located about 20 miles out of Buraydah (a city of 315,000 population), and is a homestead that consists of 10,000 acres.

This is new land and will have to be cleared, levelled, ripped, mulched, and fertilized before it can be sown to wheat. It will be irrigated, also. The goal for the group of farmers is to prepare and farm 5,000 acres this year and at the last report, they say it looks quite possible to reach that goal.

All equipment was shipped from the United States, but the material for construction of the homes, offices and other buildings was brought out of England. (Ed. Note: Under recent pictures, the Tribune stated the tractors were John Deere, but they are International Stiegers, we have been informed.)

Weldon Purcell of Quitaque has joined the other men now and the families are due to leave in a few days to join the men. The families say that it has been a

long six weeks (which they were told it would take to get their permits and get them across). It has been four months and no definite date set yet for their departure. Why? they ask. They reply, only the Good Lord knows!

## Cub Scouts, Leaders Attend Day Camp

Camp Haynes Cub Scouts District held its annual Camp Akela Day Camp July 29-30 in Plainview. Attending the camp from Turkey were Chad Calvert, David Lane, Jason Smith, Henry McNary, Tommy Pinkerton and their leader, Margie Pinkerton. Joe Wayne Fuston registered for camp but was unable to attend due to illness. There was a total of 45 boys from the district attending.

Camp theme was Pioneer Times. Each boy received a blue T-shirt with a log cabin on the front and at the close received a patch for his Cub Scout uniform with a covered wagon on it.

The boys participated in various activities such as story telling, games, singing, leather work, puppet making, swimming and BB guns were furnished by the Daisy BB Gun Company for target shooting. On Saturday the boys learned how to brand by branding various brands on wood. They made Daniel Boone hats from newspapers and decorated a trailer on which they rode

Six Briscoe County 4-H members were among 101 participants in the District 4-H Fashion Show held at the Civic Center Theater in Lubbock Friday.

## Granddaughter of Mrs. Harrison Found Dead After Two Months

On May 15, 1983, Mrs. Tracy Zan (Harrison) Powers, 20, and her son, Justin Powers, four months old, and Mrs. Pamela Kay (Lance) Hudgins, 21, were pronounced missing. The three were last seen at 7:00 p.m. that day on South Main Street in Weatherford, Texas, riding in Mrs. Powers' car. Larry Lance, a Fort Worth Police Officer and the brother of Pamela, reported at the investigation that the circumstances surrounding the women's disappearance seemed to indicate they may have left the apartment they shared involuntarily.

Mrs. Powers was a granddaughter of Mrs. Harrison and the late O. L. Harrison of Quitaque. Her parents are Norman and Melba Harrison of Weatherford.

During the investigation of the missing women, every possible lead was investigated beginning with the checking of footprints around the apartment. Mrs. Harrison says the footprints on each side of the car were found only at the front of the car. The parents called a number of times and failing to get anyone on the phone, went by the apartment. When they arrived, they noticed Mrs. Powers' new car in the yard. She was known to take special care of her car, never stopping it in the sun. After checking the car and apartment, they called the police. The officers asked Mr. Harrison to keep everything as quiet as possible until further investigation could be completed. According to the brother of the other woman, Larry Lance, burglary was ruled out immediately. Nothing seemed to be missing from the apartment but the ladies' purses, and even the baby's clothing was still in the apartment.

On June 22, some human remains were found at a culvert between Weatherford and Mineral Wells. The Parker County Sheriff's Department went back to the area to begin a second search and found the skeletal remains of an infant and other evidence which led authorities to believe they had found the bodies of Tracy Zan Powers and her infant son. The Tarrant County Medical Examiner confirmed the remains found were those of Mrs. Powers, and later the remains of the infant were confirmed.

The tight security asked for seven days wait before the

## FLOMOT CHILDREN'S CHOIR TO PRESENT MUSICAL

The Children's Choir of First Baptist Church in Flomot will present the musical, "Down By the Creek Bank," Sunday night, August 14, at 8:00 o'clock.

Everyone is invited to attend.

funeral was held, and a large number of officials, including the FBI, were at the service. Two leads were obtained there, but Mrs. Harrison reports they proved false.

There were two teenagers who disappeared previously and the officers are going on the assumption there is a connection.

Mrs. Hudgins has not been found, and the search continues.

Mrs. Harrison remarks that we read these things, hear them on television, and we dismiss them, but when it comes home, there is no way to dismiss them. Mrs. Norman Harrison was in the hospital several days and the doctors were concerned for her life, her mother-in-law reports. She is at home now and Norman called his mother this week and reports she is improving. Mr. Harrison has an automobile parts store in Weatherford. His son-in-law and daughter, Mr. and Mrs. Kenneth Lee, moved from Oklahoma to help him, and another daughter, Mrs. P. O. Wright, also moved from Oklahoma and is now his secretary. The couple has another daughter, Mrs. Joe Hall, who lives in Weatherford and she is also helping.

The Valley Tribune and the entire area extends sympathy to Mrs. Harrison and her family.

## HELP! HELP! HELP!

Somewhere in Quitaque would there be two caring, community loving people who would take upon themselves the care of the two rock planters at the City Park? These could be a thing of beauty with some tender loving care.

Funds could be made available to buy plants if someone with a green thumb and a loving heart will come to the rescue. Contact any member of "We the Women" if you are willing to play an important role in City beautification.

## 30 YEARS AGO

July 30, 1953

### Turkey, Texas Mentioned On National Television

Ruth Fuston, Turkey City Secretary, said she was listening to the "Good Morning, America" show Monday morning and heard John Coleman, the weather announcer, say "It is going to rain in Turkey, Texas today." Well, it didn't rain on Monday in Turkey, but as this was written (Tuesday morning) a light rain was falling, so Mr. Coleman only missed his prediction by one day. There was a small shower Sunday morning about Sunday School time, but it didn't last long.

Quitaque received .20 of an inch early Sunday morning which cooled the air a little after such an intense heat through July. Every drop helps!

### Women's Group Has Program

"We the Women" were presented a most interesting program at the noon meeting Monday when Faye Armstrong from Turkey and her daughter-in-law, Wendy, visiting from Singapore, spoke on Women of Indonesia and Singapore. It was a colorful, well presented narrative and compared the Indonesian women to the book of Proverbs which describes how a woman should care for her family. The Singapore women have become Westernized and it was interesting to learn of the evolution of the older generation of women to the modern woman.

Other business discussed included plans to sponsor the St. Jude Bike-a-Thon which will be held on September 10 with all ages invited to participate as either bike riders or walkers.

The next meeting of "We the Women" will be on September 12. Rice Dry Goods will present a fall style show at this meeting and it will be held in the Community Center to accommodate all of the guests. Make plans now to attend.

Gene and Johnnie (Sullivan) Pastor of Oxnard, California stopped by the Turkey office of the Tribune Monday. Mrs. Pastor said her grandfather, Joseph Colvin, was sheriff of Hall County in 1935 and 1936. When asked if she was related to the late George Ray Colvin, she said he was her cousin. Her father was John Sullivan. They asked where the old jail was and took a picture of it.

### Fairmont Church Begins Revival

The Fairmont Missionary Baptist Church starts revival services August 12-13-14. Bro. J. B. Whitten from Glendale, Texas, will conduct the services.

The services on Friday and Saturday nights will begin at 8:00 p.m., and Saturday and Sunday morning services will begin at 10:30 a.m.

Everyone is invited to attend.

#### VISITORS FROM SINGAPORE

Mrs. Scott (Wendy) Armstrong and two children from Singapore are visiting this week in the home of Rev. and Mrs. W. L. Armstrong. Wendy said people do not know how to appreciate the fresh air and the sights and sounds early each morning in Turkey as compared with the crowded conditions, etc. in Singapore. We just take them for granted, she said.

Mr. and Mrs. Bill Guest of Waco visited his mother, Edith Guest, a few days last week. While here they spent Wednesday in Plainview and visited in the home of Cecil and Edna McKay. They reported a very nice time.

Jim and Reba Baisden visited with his mother, Mrs. Nadine Baisden, during the weekend. Mr. and Mrs. Aubrey Turner accompanied them to Lake Theo for a picnic, which they all enjoyed, on Saturday.

Dr. and Mrs. Wayne Maxwell spent the past two weeks at their cabin in Arkansas and also visited in Odessa, Missouri with Dorothy's parents, Mr. and Mrs. T. H. Early, and with their son, Ross.

Mr. and Mrs. Gene Fuston and children enjoyed a visit to Six Flags last week. They were accompanied by her sister, Mr. and Mrs. Oscar McNabb and three girls of Denver, Colorado and her brother, Mr. and Mrs. Danny Anderson of Amherst.

Mr. and Mrs. Lewis Eudy spent Sunday night with Mr. and Mrs. Bob Eudy of Joshua and Mr. and Mrs. Ronald Eudy spent Sunday night with Mattie Weeks in Dallas and visited friends that Ronald attended Gupton Jones Mortuary Science School with in Dallas. They visited Mr. and Mrs. Bob Eudy at Joshua Monday morning before returning to Turkey.

Mrs. Dan Duncan and daughter, Darcee, of Panhandle spent from Sunday until the following Tuesday of last week with their parents and grandparents, Mr. and Mrs. Dick Taylor.

On Thursday of last week, Mr. and Mrs. Taylor drove to Clarendon to visit his sister, Mrs. Eula Merrell. Other guests in the Merrell home were Mr. and Mrs. J. P. Taylor of Canyon and their daughter, Mrs. Huella Campbell and her son, Kyle, of Mt. Pleasant, and another grandson of the Dick Taylors, Bryan Green of Garland.

Thursday night, the Taylors returned to their home in Quitaque and her brother and wife, Mr. and Mrs. Jack Bradley of Dalhart, came to spend the night. The two couples drove to Anson the next day and visited the C. C. Moss family. Mr. Moss recently had surgery and they report he is improving well. Mrs. Leslie

Beard of San Angelo was visiting there, also. They report a good visit over the weekend.

# Senator Bill Sarpalius Reports

AUSTIN — The Texas Legislature has approved legislation we sponsored which calls for changes in the state's social work certification process.

The new measure allows the Texas Department of Human Resources to consider experience and degrees which are closely related to social work when a person applies for social work certification.

Under the new provision, a person can become a Certified Social Worker, which is the highest level of certification, if he or she has a Ph.D. or master's degree in a social work related field and two years of experience. In addition, an individual can qualify as a Certified Social Worker if he or she has a bachelor's degree in social work or a related field and five years of experience, or a bachelor's degree in any field and ten years of experience. Previously, a person applying for Certified Social Worker status was required to have a Ph.D. or master's degree in social work.

To become certified as a social worker, which is the second highest degree of certification, a person will now be eligible if he or she has at least an associate's degree and ten years of experience or a high school diploma and fifteen years of experience. Previously, a person would be considered for Social Worker Certification only if he or she had a bachelor's degree in social work.

The new provisions included in the Social Work Certification process will only be in effect until 1985. After that time, the standards for certification will revert back to the original educational requirements, and the "grandfathering" period will be over.

The grandfather clause is necessary to protect those workers who are highly respected in the field of social work and who are extremely competent despite the fact they may not have a Ph.D. or a master's degree. We believe the grandfather clause is important to allow for certification of those individuals who have worked in the field of social work for ten, twenty, thirty years or more and contribute a great deal towards understanding and responsibilities of child care.

We believe this legislation is significant to Boys Ranch and Girlstown as well as to many other child care facilities around the state.

If you have questions or comments about the certification process, you can contact us by writing, Senator Bill Sarpalius, P.O. Box 12068, Austin, Texas 78711.

### Jerry Maupins Are Winners Of 'Yard of Month' Award

Jerry and Pat Maupin were singled out for the month of July as the "Yard of the Month" winners recognized by "We the Women." The Maupin home is a good example of a well kept and beautiful yard. Congratulations and a thank-you goes from all of your friends in Quitaque because everyone shares in enjoying a beautiful yard.

There are many outstanding

yards in town, but one of importance to all of us, that we can point to with pride, is our school grounds. Buck Chadwick and the school personnel have done a fantastic job in the care of the school grounds and it is one of the most attractive in the whole area.

Let's get behind the effort of a "Community Beautiful" by keeping our property free of weeds

and looking the best it can be.

Recent visitors in the home of Mrs. Naomi Gilbert have been three of her great grandchildren, Sandy Sanchez of Borger and Robert and Jessie Jones of Fritch.

Mr. and Mrs. L. W. Hamilton of Amarillo were recent visitors in Quitaque with his parents, Mr. and Mrs. Leroy Hamilton, and with her parents, Mr. and Mrs. Joe Eld Helm.

Mrs. David Guest of Turkey and Mr. and Mrs. Leonard Lusk of Memphis returned Tammy and Cory Guest to Paris Friday and returned home Sunday.

Elgin Conner is preaching a series of gospel services at Muleshoe Church of Christ this week. He will begin a weekend series at Lockney.

## NOW. A REFRIGERATOR THAT DOES SOMETHING YOUR OLD ONE CAN'T.

**PAY YOU BACK.**

If you own a frostless refrigerator 10 years old, or older, you can't afford to keep it. The reason? The rising cost of energy. Yesterday's refrigerators simply weren't made for today's energy costs. Today's Frigidaire Frost-Proof Refrigerators are. In fact, they're so energy efficient they'll almost pay for themselves.

To prove that, we've prepared the above chart. It shows how much money you'll save on energy, in just 10 years, by replacing a 10 year old 17.0 cubic foot Frigidaire Frost-Proof model with the new 18.0 cubic foot Frigidaire Frost-Proof model in this ad.\* (Even if your old refrigerator is another brand, your savings will probably be just as much, or more.)  
\*Based on Frigidaire Engineering Analysis. Full details available.

So come in today. Let us show you the entire energy-saving, money-saving Frigidaire story. And take home the refrigerator that pays you back.

## Harry Bray's New Record Receiving Good Response

Two new songs written and sung by two Plainview men are receiving "excellent customer response" at Hastings Books and Records in Plainview where a record is sold at least every other time one of the songs is played.

"With no publicity, no airplay,

and no recognizable names on the label, people are coming into the store, hearing "Sweet Love Letters In The Sand" and "Back Roads of My Mind" and buying the record based only on what they hear. It's a different sound of country music and it's hot,

according to Pam Hewett, manager at Hastings where the newly released single sung by Larry Nelson and written by Harry Bray, both of Plainview, is played five times a day. She added, "It's only after they bring it to the counter to pay for it that they realize they are buying the efforts of local musicians. They then want to know who is Larry Nelson. (Many of them know Harry, since he has lived in Plainview for a number of years.)

Harry lived in Turkey for a number of years and some years in Quitaque. He has written music for 57 years and has had several songs accepted by United Artists. In the 1960's, an instrumental single written by Bray called "Guitars" received three years of airplay on country-western stations from New Orleans to Los Angeles. He calls the instrumental by his group, The Wheels, "West Texas Country." He started his own publishing

company and joined Broadcast Music, Inc. Of 12 songs he sent to UA in 1960, eight were accepted. "I was on top of the world back then with two contracts in Nashville and playing organ at the Nu-Griddle," he said. But a short time later, he was stricken with rheumatoid arthritis which cost him everything he had, but it didn't phase his song-writing.

Nelson came to Plainview nine months ago from Los Angeles, California where he has sung and played the guitar in solo act for five years in the lounge of Pancho Villa Restaurant of the Huntley Hotel in Santa Monica. He has extensive musical background.

He is a charter pilot for Hutcherson Air Service. His love for music caused him to answer a classified ad run by Bray calling for a singer and guitar player interested in country and gospel music. In January he teamed up with Bray and they began working on the two songs.

Mr. and Mrs. Bray stopped by the editor's home one Sunday afternoon and left a record, but her record player isn't equipped for playing the record and she hasn't heard it yet. If friends are interested, stop by Hastings Books in Plainview and hear the two songs.

Mrs. Marie White of Tulia and her daughter-in-law, Mrs. Calvin White and son, Stanley, of Fort Worth were guests for lunch Sunday with Mr. and Mrs. P. John Monk. Calvin White is preaching in a meeting at the Church of Christ in Turkey this week. He is a nephew of Mrs. Monk.

Mr. and Mrs. Monk and their guests attended church services at Turkey Sunday.

Mr. and Mrs. Ralph Carter of Quitaque met their son and family, Mr. and Mrs. Mel Carter and Melanie, and Mr. Carter's sister and husband, Mr. and Mrs. Clyde Monk, all of Lubbock, at Palo Duro Canyon Thursday night of last week and they all attended the musical drama, "Texas." The Carters drove by Canyon and picked up their daughter, Mrs. Larry Hedrick, and she accompanied them to the canyon. Her son, Todd, is an actor in the drama this summer.

Tim Stroud of Lubbock spoke at both services at the Quitaque Church of Christ Sunday. He was a guest of the Ralph Carters for lunch Sunday. Mr. and Mrs. Murry Morrison and family were also guests.

Mr. and Mrs. Ben Cross and daughter, Jeanne, of Forney and his mother, Mrs. H. W. Cross of Commerce, visited Thursday and Thursday night in the home of Mr. and Mrs. Bill Sauls.

The Ben Crosses and Jeanne drove to Lubbock to visit another daughter and sister, Miss Cheryl Cross, who is attending school there.

Find out more about the air conditioning that's backed by the best warranty available. Call Energas today for a free cooling survey and cost estimate. There's no obligation.

**Remember, all air conditioning was not created equal. And we have the paper to prove it!**

**Realtors, veterans praise Mauro's changes in Veterans Land Program**

AUSTIN—Texas realtors and veterans have responded favorably to recent changes in the Veterans Land Program made by Texas Land Commissioner Garry Mauro.

Following Mauro's recommendation, the Veterans Land Board recently abolished the subdivision rule of the Veterans Land Program which prohibited the Board from buying more than 20 percent of larger subdivisions.

Mauro, who serves as Chairman of the Veterans Land Board, said, "After consulting with Texas realtors, veterans, and lending institutions, I am convinced this action will help make higher quality land available at a cheaper price for our veterans."

"By allowing sellers to designate as many 10-acre tracts as they wish for purchase by the Veterans Land Board, we will encourage development and open up more tracts closer to urban areas where most of our Texas veterans now live," Mauro explained.

Houston realtor Jim Perryman with Texas Gulf Timber Co. praised the decision, saying, "This is great news for realtors and veterans. It gives us the absolute assurance we can sell available land and we can commit to buying larger tracts requiring greater financial obligation on our part. Veterans, realtors, and individuals with land to sell will all benefit from Mauro's action."

Austin realtor John Winkler said, "I was glad to see the subdivision rule eliminated because this restriction was actually penalizing veterans. We have more veterans looking for land than we have tracts and this will create a much greater selection."

"We keep the names of veterans on file here to match with tracts whenever they become available. Tracts sell just as fast as they go on the market," he said. Winkler said veterans

realize that land is an attractive hedge against long-term inflation.

"A \$20,000 loan for 40 years at 8.5 percent with semi-annual payments is far superior to anything to be found anywhere else in today's market. Land is going up in value each year. It's a tremendous investment. If a veteran decides to sell his property 5 years later, he's had the advantage of a long-term pay-out and low interest rate," he said.

Navy veteran Ira Hood found his land four years ago with the aid of Winkler.

"My wife and I were fortunate to get 22 acres for \$15,000 near Lytton Springs near Bastrop.

"We bought our land as an investment and it couldn't have worked out better. Comparable land to

ours is now selling for \$20,000 for five-acre tracts within a mile of us.

"We couldn't be happier. The Veterans Land Program has lived up to its every promise for us," he said.
