VOLUME 25 NUMBER 15

## Valley Romps Past Happy 32-0 At Friday Night's Homecoming

The Happy Cowboys held the Valley Patriots to a 0-0 first quarter but from then on, there was a different ball game. The Patriots got into action and made three touchdowns to take the smile off the Happy Cowboys and then sailed into a 32-0 victory on the Valley field Friday night before a large Homecoming crowd.

Will Williams led the Patriot charge by running 159 yards on 18 carries, and the Patriots scored their first touchdown early in the second quarter on a 68-yard pass from Kirk Saul to Matt Barrett. Tackle Rosendo Silva added the extra point.

In less than two minutes, the Patriots came back to score their second touchdown on a 47-yard run by Williams.

The Patriots' third score came on a 10-yard pass from Saul to Williams, and the first half scoring was completed with 1:51 left in the second quarter, when Saul hit Shon Phelps on a 10-yard pass. Silva missed the last three extra points to leave the halftime score at 25-0.

The Patriots went into the

second half with full speed when Williams put a final touchdown on the scoreboard on an 11-yard run. Silva's kick was completed and added up the score to 32-0.

Coach Ted Giddens states he is well pleased with the performance of his sophomore quarterback, but he quickly added "those two runningbacks ran well, too."

Valley's defense was almost impenetrable as the tacklers limited the Cowboy rushers to only 76 yards on the ground. The defense was so tough that the Cowboys were not able to make a first down until 1:30 remained in the first half.

This victory brings Valley to 2-0 for the season.

Statistically, Valley had 20 first downs to Happy's five. Valley had 50 rushes for 228 yards while Happy got only 76 yards on 41 carries. Happy got five yards passing, while Valley made 137 yards on aeriels. Happy lost 20 yards on penalties and Valley lost 55 yards on six penalties.

This weekend sees Valley with an open date for the varsity

team, and the JV game has been cancelled, according to Coach Giddens. He was trying to schedule another game for the JV but had been unable to do so at presstime.

### Cheese, Butter, Milk To Be Distributed

Cheese, butter and milk will be distributed at City Hall in Quitaque Wednesday and Thursday, September 26-27 ONLY.

Please remember these dates.

### Powderpuff Football Game Is Tuesday Night At Valley

The Powderpuff Football Game will be played at Valley Tuesday, September 25, at 7:30 p.m.

The public is invited to attend and join in the fun.

### County 4-H Horse Show To Be Held Saturday

The County 4-H Horse Show will be held Saturday, September 22, at 7:00 a.m. in the Wood Memorial Arena in Silvertown.

All 4-H members are invited. Bring your horse.

### Blood Pressure Clinic In Quitaque Is September 25

A blood pressure clinic will be held at the First National Bank in Quitaque Tuesday, September 25, from 10:00 a.m. until 1:00 p.m., Rita Anderson, Public Health Nurse, has announced.

She said that the service is available to anyone desiring it.

### Flu Vaccine Now Available

It has been announced that the flu vaccine is now available at Dr. Crandall's office in Turkey. September is the time to get the flu shots, the doctor says.

### WOODS INJURED ON THE JOB

According to reports, Jimmy Woods of Dumas, a former Quitaque resident, was injured on the job and almost lost the sight in an eye. It was reported hot metal hit him in the eye.

At latest report, the doctors think some of the sight in that eye will be saved.

### Homecoming Is Big Success At Valley School

Homecoming activities for Friday started with the students wearing red, white and blue to school.

The Homecoming pep rally was a very vocal one. The students displayed a lot of school spirit. The pep squad members looked sharp in their new red and white striped sweaters.

Sarah Hewett and D'Anna Smith presented a skit about purchasing a Cowboy mascot.

The cheerleaders did a routine. Each of the girls presented a spirit stick to the football player whose locker she had decorated.

D'Anna Smith got the girls' spirit stick, Larry Clay got the varsity boys, and Gary Brannon received the JV boys spirit stick.

Tommy Clay won the Whisper Day prize.

Friday night activities started with the pep squad doing its routine. The candidates for Pep Squad Hero were presented. They were Criss Morrison escorted by D'Anna Smith; Tim Clardy escorted by Angela Hendrix; Shon Phelps escorted by Kaylene Green, and Larry Clay escorted by Robin Myers.

The 1984 Pep Squad Hero is Shon Phelps.

The cheerleaders did a routine before the presentation of the Football Sweetheart candidates. They were Cristy Calvert escorted by Kirk Saul; June Johnson escorted by Jamie Cox; Kaylene Green escorted by Shon Phelps, and Robin Myers escorted by Larry Clay.

The 1984 Football Sweetheart is Kaylene Green.

Jeff Fuston gave the invocation, followed by the Valley School Song.

The Valley Patriots then proceeded to soundly beat the Happy Cowboys, 32-0.

The last Homecoming activity was the dance held after the game.

### Public Invited To Reception For George James

The public is invited to a reception at the First National Bank in Quitaque on Wednesday, September 26, beginning at 1:00 p.m. honoring George H. James, jr., who has served as Swisher and Briscoe Counties County Supervisor for the past 15 years.

Mr. James will be retiring Friday, September 28.

Refreshments will be served.

### RETURNS FROM HOSPITAL

J. W. Lacy returned home from the hospital last week. He had surgery at St. Anthony's Hospital in Amarillo.

### Flea Market, Arts And Crafts Show Is October 12-13

The Do-Gooders Club of Flomot is sponsoring a Flea Market and Arts and Crafts Show at the Flomot Community Center Friday and Saturday, October 12-13, 1984.

Everyone is invited to bring garage sale items, new items, arts and crafts goodies and any other items you have to sell.

Booths will be 8x10 and cost \$5 each. For more booth information contact Christeen Gilbert, Route 1, Flomot, Texas 79234, Phone 806 469-5226, or B. Rogers, Route 1, Flomot, Texas 79234, Phone 806 469-5255.

### Birthday, Activity Calendars Arrive

The Quitaque Birthday and Activity Calendars have arrived and are on sale for \$3.00 each at Rice's Dry Goods and Farley's Flowers & Variety.

This is sponsored by "We the Women" and has each person's birthday and anniversary, as well as school and community activities for one year. It is a very handy item to have on hand.

There were fewer calendars printed this year, so get yours while there are still plenty available.

### Turkey Council Adds Small Fee To Water Bills

The Turkey City Council met in regular session on Tuesday, September 11. At this meeting it was voted on and approved to add 25c a month to the water bills to help pay for the fire phones.

In years past, there were a few who pledged this 25c a month to be added to their water bills and have continued to pay this charge. Each fireman has an extension to the fire phone in his home and when emergencies arise, this phone rings in his home.

This service helps each one in the community when an emergency arises that needs immediate attention, such as fires and ambulance calls.

If anyone has questions regarding this, please feel free to call city hall.

### HAS SURGERY IN LUBBOCK

Mrs. Carrie Nola Salem had surgery at Methodist Hospital in Lubbock on Thursday of last week. She is reported to be doing well.

Mrs. Bud Bailey and Mrs. James Barefield were in Plainview to visit Mrs. T. J. Reeves Friday.

## Methodists Attend Special Celebration At Tulia Church

Methodists from Turkey and Quitaque were privileged to have a part in a special church celebration Sunday afternoon and evening in Tulia. From 4:30 until 6:30 the beautiful and unique home of Rev. and Mrs. Kenneth Wyatt on Buffalo Trail in Tulia was opened to the public to view his paintings and many other works of art. People from all over the Panhandle and surrounding area were in attendance. Refreshments were served to the huge crowd of people and everyone enjoyed visiting and renewing old acquaintances while viewing the lovely home.

At 7:00 p.m. a special service was held at the United Methodist Church in Tulia. The famous 4'x6' oil painting by the famous artist, entitled, "Offer Them Christ," was unveiled. The Kenneth Wyatt painting was of the historic event of John Wesley sending Thomas Coke to do evangelistic work in America from Pill England 200 years ago. The artist did months of research and then searched for the right persons to pose for his painting. All of them are from Tulia except the man who posed as John Wesley. He is Ervin Kern from Lakeland, Florida, who with his wife was present Sunday night. Also Dr. and Mrs. Charles Kinder of Nashville, Tennessee were in attendance. He is president of the General Board of

Evangelism of the UMC. He was the principal speaker for the evening.

Kenneth Wyatt had thousands of prints of the painting made and the goal is for every church in the United Methodist Church conferences in America to buy one. There are already prints in 91 countries, including Poland behind the Iron Curtain. The money, after expenses, goes to the Board of Evangelism for use in the work of sending missionaries, etc. Rev. Bruce Parks, Plainview District Superintendent, was recognized, as the Plainview District was the first in the United States in which every church purchased a print.

Other special guests were those who modeled for the painting, most of them in costume.

Those attending the service from the Turkey church were Rev. and Mrs. W. L. Armstrong, Mike, Melinda and Landon Hinkson, Mayme Adamson, Vera Guest, Mrs. Roy Patterson, Keith and Bettie Green, Kaylene and Robin Myer, and Mr. and Mrs. R. C. Green. Attending from Quitaque were the pastor, Rev. Dennis Flaughter, Mr. and Mrs. Jimmy Davidson, Minnie Mae Roberson, Weldon and Billie Jeane Griffin and Ann Jones.

Mr. and Mrs. John Adamson presented a print of the painting to the Turkey church several months ago.

## OBITUARIES

HOMER MORRIS

A former Quitaque resident, Homer J. Morris, died in McAllen Wednesday, September 12, 1984 at Rio Grande Regional Hospital. He was 66.

A former McAllen "Man of the Year," Morris was involved in education in South Texas for more than 40 years and also was well known for civic and charitable endeavors.

Morris was assistant superintendent and director of secondary education for the McAllen school district before his retirement in 1981. Earlier, he had served as principal for both

McAllen and Edinburg high schools.

Mr. Morris began his teaching career in 1938 as a math, science and physical education teacher at Sam Houston Elementary School in Edinburg. In 1940, he was named principal of that school.

World War II interrupted his educational career in 1942. He served in Egypt and the Gold Coast, rising from the rank of private to the rank of second lieutenant before his honorable discharge in 1945.

After the war, Homer resumed teaching and coaching in the Valley and was head football, basketball and baseball coach in Edinburg from 1947 to 1949.

In charitable endeavors, he served as president of the United Fund, the Easter Seal Society and the Salvation Army. He also was on the board of directors of McAllen International Museum, Easter Seal Society and Salvation Army.

Homer was a former vice president of the Freedom Foundation of America. He served as president of both Edinburg and McAllen Kiwanis Clubs, as well as lieutenant governor of Kiwanis District 26.

He was a member of the McAllen Chamber of Commerce Greeters Committee and was public relations director for the McAllen Heart Association. He

was a member of the Calvary Baptist Church of McAllen.

Professionally, Homer served as vice president of the Texas Public Relations Association and chairman of the Legislative Committee of the Texas Association for Supervision and Curriculum Development.

He was a life member of the Association for Supervision and Curriculum Development of the National Education Association. He was a member of the Texas Association of Curriculum Development, Rio Grande Valley Association for Supervision and Curriculum Development, Texas Association of Secondary School Principals, National School Public Relations Association, Texas State Teachers Association, Valley Branch of Phi Kappa Delta, and the Rio Grande Valley and American Associations of School Administrators.

In 1976, he was named McAllen's Man of the Year. He was honored by the McAllen Classroom Teachers' Association as Outstanding Administrator in 1975-76.

For his achievements, Homer was listed in Who's Who in American Education, Personalities of the South, Outstanding Secondary Educators of America, and The Academy of American Educators.

A native of Wills Point, Texas, he was a graduate of Quitaque High School and Sul Ross State University, where he was an all-conference basketball player for three years. He received his M.Ed. degree in 1951 from the University of Colorado at Boulder.

He is survived by his wife, Ruth, of McAllen; and two sisters, Mrs. Jessie Hooks and Mrs. Allie Reavis of Childress.

Services were held Saturday at 10:00 a.m. at the Calvary Baptist Church in McAllen with Dr. George Slayton officiating. Interment was in Valley of Memorial Gardens under direction of Kreidler Funeral Home.

Active pallbearers were L. A. Youngman, Ted Hinojosa, Noe Calvillo, Dr. Harold Dean Stephens, E. Gordon Nix and Ray Henry.

Honorary pallbearers included all members of the Kiwanis Club, all present and former McAllen Independent School District Administrators, John Tompkins, E. C. McMurtry and Dr. Ralph Hamme.

## MRS. DEE ALVA HICKS

Mrs. Dee Alva Hicks, 73, died Monday, September 18, in Phoenix, Arizona. Funeral services were held at 10:00 a.m. Thurs-

day, September 13, at Schooler-Gordon Chapel in Childress with the Rev. Frank Farrell of Central Christian Church officiating. Burial was in Childress Cemetery.

Mrs. Hicks and her late husband, who died in 1970, were former residents of Turkey and owned and operated a hardware store. She was born in Comanche and moved to Phoenix from Childress four years ago.

Survivors include a daughter, Jane Eatherly of Phoenix, a sister and two grandchildren.

Mrs. Bert Degan and Mrs. Gordon Bain of Turkey attended the services Thursday.

## MRS. REONA HOLCOMB

Mrs. Reona Holcomb of Turkey died at 6:00 p.m. Tuesday in a Houston hospital.

Funeral services are scheduled for 2:30 p.m. Thursday at the Turkey Church of Christ.

A complete obituary will follow in next week's paper.

## Scott Turner To Call For Caprock Squares

The Caprock Squares will be dancing to the calling of Scott Turner of Dimmitt Saturday, September 22, at 8:00 p.m. in Rex Tiffin's barn. Everyone interested in square dancing is invited to attend.

Hosts will be Fred and Wanda Strange, Dave and Marilyn Patrick, John and Michelle Crowell.

## Valley JV Rips Childress Ninth

reported by Coach Gary Durham

Valley's JV defeated Childress by the score of 22-0. Valley's offense and defense scored in this hard-fought game.

Eric Scoggins started the scoring with a second quarter touchdown run. Brandon Smith passed to Joe Silva for the two-point conversion. On the next play for Childress, Kirk Martin picked off a pass and took it in for the score. Smith passed to Jackie McNary for the two-point conversion. McNary finished the scoring for Valley with a touchdown run around left end in the third quarter. The conversion was no good.

Defensively, Valley kept Childress pinned for most of the night. Martin, also, did an excellent job punting and kicking for Valley.

The next game scheduled will be Thursday, September 27, in Valley against Nazareth.

## Junior High Falls To Motley County

Valley's Junior High was defeated by Motley County by the score of 6-0 last Thursday night. With only eleven players, Valley played an outstanding game against a larger and more numerous Motley County squad.

Offensively, Lance Fulbright, Brandon Stark, Bobby Williams and Van Leal were bright spots. On defense, House, Cagle, Hughes, Merrell and Harmon were standouts.

Valley's next game will be in Happy Thursday with kickoff time at 6:00 p.m.

## Valley 4-H News

The Valley 4-H'ers participating in the Floyd County Fair were David Lane, who took fourth place in the fine wool cross in the sheep division, and Bradley Price who took third place in the other breeds.

In lightweight and black face, Kori Baird took first and second places; Clay Merrell took eighth place and Warren Merrell took ninth place. There were a great number of entries.

In mediumweight class, Clay Schott took first place; David Schott took second place and Bradley Price took third.

Heavyweight class, black face winners included David Schott, second; Clay Schott, fourth; Oleta Lane, seventh, and Warren Merrell, eighth.

In the clothing division, Lori Martin entered a skirt and blouse and took second place in her class. Heather Gray entered a sundress and took second place in her division.

The 4-H'ers are having a dance project at the Bob Wills Center in Turkey Friday, September 21, from 8:00 until 11:00 p.m. All 4-H'ers, their parents, grandparents and friends are invited to attend.

"Good things, when short, are twice as good."  
Baltasar Gracian

## Valley FHA Installs Officers

The Valley Future Homemakers of America held their annual officer installation with a Mother-Daughter Salad Supper.

The new officers are Devona Smith, president; Delma Martinez, first vice president; Iva June Johnson, second vice president; Laurie Harp, third vice president; Cynthia Fulbright, secretary; Kaylene Green, treasurer; Sarah Hewett, reporter; D'anna Smith, historian; Sandy Price, parliamentarian.

## Pack 264 Scout News

August 28, 1984, Kyle and Danny met at 4:30 in the Scout Room. We cleaned our room. Danny completed his summer Scouting program. These boys are finishing the Wolf Achievements.

September 4, 1984, Den I met at the Pinkerton home. Those present were Henry, Chad, Manuel and Tommy. The boys discussed the purpose of Scouting and plans for the coming year as Webelos. The boys learned rules of Coquetry from Tommy's father and most of the boys have earned their Bear Badge.

Plans were made for an overnight campout at Camp Haynes. Next was to be September 18, at 4:30 p.m.

Denner for September and October will be Manuel.

September 11, 1984, Den II met at the Scout Room. Den II is now made up of second and third graders, working on the Bear Achievements. Those present were Danny House, David Lane and Bobby Silva. Danny will be denner for September and October.

The boys discussed the purpose of Scouting and future activities.

They are working on their American Folklore Achievement. We read the story of Pecos Bill and the Long Lasso.

Den II will meet September 24 following school dismissal at the Pinkerton home and on September 29 they will join the Webelos for a day at Camp Haynes.

Mrs. Pinkerton wants to commend the three above mentioned boys for their attitude and good behavior at the last meeting.

## Free M-G Clinic To Be Held At Hale Center

A free clinic for diagnosis and assessment of treatment of myasthenia gravis, an elusive neuromuscular disease, will be held September 21-22 at Hi Plains Hospital in Hale Center.

Dr. J. E. Tether of the Indiana University Medical Center at Indianapolis, will conduct the Melba Bandy Masters Myasthenia Gravis Clinic. He will be assisted by Dr. Hugh H. Wilson, jr. and Dr. Gilmer Johnson. This year marks the 23rd year of the annual clinic. Dr. Tether has conducted 14 of the 23 clinics.

Persons who have the disease, or those whose family doctors suspect they have it, will flock from at least four states to the hospital in Hale Center, where Dr. Tether will examine persons

The Public Is Invited  
To A Reception  
At The First National Bank, Quitaque  
On Wednesday, September 26  
Beginning At 1:00 p.m.

Honoring  
GEORGE JAMES  
Who Has Served As  
Swisher and Briscoe Counties  
County Supervisor Of  
Farmers Home Administration  
For The Past 15 Years

Mr. James Will Be  
Retiring September 28

Refreshments Will Be Served

suspected of having MG and assess treatment of those already diagnosed. There will be no charge to patients.

Dr. Tether and the board of the Northwest Texas Chapter of the Myasthenia Gravis Foundation have issued a special invitation to area physicians and nurses to observe diagnostic procedures.

The malady, referred to as MG, is a deceitful and tricky enemy of the neuromuscular system characterized by spells of extreme and often fatal weakness. Persons with MG are assaulted with a baffling array of symptoms that range from drooping eyelids to loss of balance, slurred speech and difficulty in walking, swallowing, chewing and breathing. Its crippling symptoms might appear, disappear, and reappear from one day to the next or from one hour to the next. It has been misdiagnosed as vitamin deficiency,

anemia, neurosis or psychoneurosis, and scores of other medical and physical problems, including brain tumor. It can strike anyone of any age at any time.

"The tragedy is," said Dr. Tether, "that most myasthenics, when properly diagnosed and treated, can return to a normal life."

Dr. Tether will begin seeing patients at 9:00 a.m. on each of the two days. An appointment is necessary, said Jenne McVicker of Muleshoe, chapter secretary.

Appointments are made by calling 806 839-2471, extension 36. New patients should have a physician's referral for an appointment.

Dr. Tether will address members of the MG chapter and interested guests at 7:30 p.m. September 21 at the Church of Christ in Hale Center. Following his address, Dr. Tether will conduct a question and answer

period.

Mr. and Mrs. Lloyd Fulkerson of Odessa spent the weekend in Quitaque as guests of Mrs. Buddy Morris. On Saturday, the ladies enjoyed a joint birthday dinner. Mrs. Morris' birthday was Saturday, September 15, and Mrs. Fulkerson's was Sunday, September 16. Mrs. Lela Mae Hutcheson, a niece of the ladies, joined them for a visit.

Mrs. Florene Cobb drove to Silverton Sunday and accompanied her sister-in-law and husband, Mr. and Mrs. Raymond Grewe, to Hale Center to visit Mr. and Mrs. Woodrow Cobb.

"Knowledge and human power are synonymous."  
—Francis Bacon

**The Superintendent's Corner**

by Wilburn Leeper

Beginning October 9, following the end of the first six weeks, a full tutorial program will be in operation at Valley School. Classes will be conducted twice a week for 45 minutes each day starting at 7:45 on Tuesday and Thursday mornings. The purpose of tutorials is to teach, guide, or give special assistance to students who are having some difficulty in a particular class.

The program is required by H.B. 72 and may be one of the most beneficial proposals to come out of that legislation. At least it has great possibilities, if parents and students will only take advantage of the opportunity. Participation will not be required of students but if they are having difficulty in the areas of social studies, science, math or language arts, then they should attend the tutorial class and receive the additional assistance. Teacher for all grades, K-12, will be in their classrooms at 7:45 on the designated days.

Buses will run at their regular times and special transportation will NOT be provided for those who wish to come early for the class. Therefore, we hope an extra effort will be made by parents and students to obtain these valuable benefits. Any student who arrives early for this program will be cared for and allowed to have their regular breakfast time.

Students and parents have already been notified, through the Valley Newsletter, of some already existing tutorial classes. These classes are experimental in nature and have received a great deal of favorable response. A pretty good number of students are arriving early and getting extra help in math and English. The prospects of a successful program look bright.

Valley School has approved 20 transfer students from outside the school district already this year. These students are a valuable part of Valley student life and we are glad to have them. Seventeen of the transfers are from Motley County. Two are from Lakeview, and one is from Silverton.

Just a thought: Be thoughtful

of the opinions of others. There are three sides to a controversy —Yours, the other person's and the right side.

According to figures from the Bureau of Justice Statistics, a random sample of 1000 males between the ages of 21 and 29 who have seven or fewer years of schooling shows that 342 of them are in prison. This figure is compared to 11 in prison from a group the same size that had completed high school.

Statistics also show that students whose parents read to them while they were young become the best readers in school.

**Students Attending Colleges, Universities**

The students attending Clarendon College were inadvertently left off the list of students in colleges and universities at the beginning of the new school year.

They are Walt Rice, Billy Neal Shannon, Kraig Cox, Rex Morgan, Wendell Reed, Mary Dowd, Sheri Hendrix, Trudie Taylor, Carolyn Scoggins, Randy Lacy, Tim McWilliams, Stachia Chadwick, Brent Brown and Lupe Reyna.

Others not mentioned were Candy Jones, Texas Tech, and Ronda Leeper at the RN School of Amarillo College.

**With The Sick**

John T. Reagan is improving, according to reports. He has been moved to the rest home and would like company and cards from home. His address is Heritage Home, 1009 Clyde, Amarillo, Texas 79106.

E. G. Reed underwent surgery at Central Plains Hospital in Plainview Monday morning, according to reports. He came through in good condition, it is reported.

Mrs. Buster Chadwick entered Lubbock General Hospital Tuesday of last week.

Mrs. Roy Patterson spent the day Wednesday of last week in Lubbock with her sister, Mr. and Mrs. Otha Castle.

**New Arrival**

Mr. and Mrs. Randy Nielsen of Littlefield have a new daughter, Stephanie Leigh Ann, born Wednesday, September 12, at 9:00 a.m. in Lockney General Hospital. She weighed seven pounds and measured 19 1/2 inches.

The little miss has a two-year-old sister, Paige.

The mother is the former Kelly Hawkins.

Grandparents are Mr. and Mrs. W. E. Hawkins of Quitaque and Mr. and Mrs. Roger Nielsen of Levelland.

Great-grandparents are Mrs. Dora Hawkins and Mr. and Mrs. L. D. Gilbert, all of Quitaque.

**Lacy Dry Goods Makes Improvements**

Lacy Dry Goods in Turkey has made improvements in their store this week.

The owners, Hubert and Dolores Price, have completely recarpeted the interior of their store with beautiful brown all-weather carpet.

They have also polished up the counters and enhanced the appearance of their store.

Nathaniel McKay, jr. of Dallas has been visiting in the home of his mother, Ruth McKay, for several days. While here he gave his mother's house a "face lift." On Sunday Mr. and Mrs. Lee Roy Buckley of Dallas came and Junior accompanied them home.

**Quitaque Senior Citizens Meet For Monthly Luncheon**

The Quitaque Senior Citizens met Thursday of last week for a noon meal. Mrs. R. J. Harmon and Miss Gladys Stroup were in charge of the luncheon, and it is reported they did a good job.

The Senior Citizens building repairs are progressing well, thanks to J. J. McCay, Bud Bailey and James May. A new floor has been laid in half of the building, the upstairs windows enclosed, new water lines installed, and there is yet much work to be done. All help is welcome.

Everyone is anxious to move into the new home building.

Mr. and Mrs. R. C. Green visited his sister, Mrs. Elsie Maye Hood, in Amarillo last Wednesday.

**FROM THE EDITOR**

Yours truly doesn't intend to start an editorial column, but the editor wants to express gratitude to all the Valley School teachers, coaches and students who have brought articles written for the Valley Tribune. It is very greatly appreciated. There are too many ways to turn for one person to get all that needs to be put into the newspaper.

This school year has started off great in cooperation with the newspaper.

Thanks again!

Mr. and Mrs. Bob Russell and Mrs. Charles Hamner were in Brownfield Tuesday of last week to visit the ladies' sister, Mrs. Loretta McElroy, who is a patient in the hospital there. She had surgery on Monday, September 10. Mr. and Mrs. Hamner visited the sister on Sunday also.

Ralph McCormick, music at the First B... in Quitaque, has been the popular group, America," at Wayla University.

McCormick, a senior in music theory, was students named to group following and week. McCormick, a group's guitarist, is Mr. and Mrs. Duane J. of Omaha, Nebraska.

"Spirit of America" five instrumentalists, lists and two sound t with a repertoire rap and jazz to a contemporary Christi

Having performed the world since the formed back in the "Spirit" has shared spotlight in recent

some of the countr Christian artists inc Shepard, The Cruse J The Sweet Comfort B

During the past si group was also featu 1984 World's Fair i leans.

For the fifth conser "Spirit" is under the Mrs. Jessye Whitis WBU professor of f holds master's degree Delta State University University of Mississippi

Mrs. Armstrong Hostess For Nuevo Study C

The Nuevo Study C first meeting of the year Thursday, Septe the United Methodist in Turkey with Mr Armstrong serving as

Mrs. R. C. Green wa of a unique installati using different pieces give to each officer as her name. Officers included Mrs. Armstr dent; Mrs. Paul Rober president; Mrs. Ber secretary; Mrs. Paul treasurer, and Mrs. R son, reporter.

The hostess was als leader and showed i slides they took while in Indonesia serving a aries. She showed sli four babies they took times while they w young because the mo died, and fed and too them until they wer months old. She also president's message fo year.

A delicious refreshm was served to Mmes. Blume, Baisden, Wall cham, Powell, Robertsc Degan and Patterson.

The next meeting wi Mrs. Baisden on Septem

Winston Churchill's ory was so fine th could repeat verbat lecture or a whole S sperean play.

## McCormick Named To Popular Musical Group

Ralph McCormick, minister of music at the First Baptist Church in Quitaque, has been named to the popular group, "Spirit of America," at Wayland Baptist University.

McCormick, a senior majoring in music theory, was one of 16 students named to this year's group following auditions last week. McCormick, who is the group's guitarist, is the son of Mr. and Mrs. Duane McCormick, of Omaha, Nebraska.

"Spirit of America" consists of five instrumentalists, nine vocalists and two sound technicians, with a repertoire ranging from pop and jazz to gospel and contemporary Christian.

Having performed all around the world since the group was formed back in the mid-1970's, "Spirit" has shared the concert spotlight in recent years with some of the country's leading Christian artists including Tim Shepard, The Cruse Family, and The Sweet Comfort Band.

During the past summer the group was also featured at the 1984 World's Fair in New Orleans.

For the fifth consecutive year, "Spirit" is under the direction of Mrs. Jessye Whitis, assistant WBU professor of music, who holds master's degrees from both Delta State University and The University of Mississippi.

## Mrs. Armstrong Is Hostess For Nuevo Study Club

The Nuevo Study Club held its first meeting of the new club year Thursday, September 13, at the United Methodist parsonage in Turkey with Mrs. W. L. Armstrong serving as hostess.

Mrs. R. C. Green was in charge of a unique installation service, using different pieces of fruit to give to each officer as she called her name. Officers installed included Mrs. Armstrong, president; Mrs. Paul Robertson, vice president; Mrs. Bert Degan, secretary; Mrs. Paul Meacham, treasurer, and Mrs. Roy Patterson, reporter.

The hostess was also program leader and showed interesting slides they took while they were in Indonesia serving as missionaries. She showed slides of the four babies they took at different times while they were very young because the mothers had died, and fed and took care of them until they were several months old. She also gave the president's message for the new year.

A delicious refreshment plate was served to Mmes. Adamson, Blume, Baisden, Walker, Meacham, Powell, Robertson, Green, Degan and Patterson.

The next meeting will be with Mrs. Baisden on September 27.

Winston Churchill's memory was so fine that he could repeat verbatim a lecture or a whole Shakespearean play.

RALPH MCCORMICK

Mrs. Janet Turner and daughters, Jennifer and Allison, of Amarillo spent Saturday night and Sunday visiting their parents and grandparents, Mr. and Mrs. Bud Bailey.

Mrs. Delila McFall returned Friday, September 7, from a trip to the West Coast. She accompanied her son and family, the Bud McFalls, of Seattle, Washington as they returned home after two weeks visit in Quitaque.

While in Texas, the Bud McFalls and Delila McFall visited the Billy Joe McFalls in Pampa, the Sid McFalls in Turkey, and Mrs. Jack McFall and Justin of Silverton visited them here most every night, it is reported. Jack was in harvest on the coast of Texas at the time.

Delila spent one week in Seattle with Bud and his family, then went to San Francisco, California and visited her daughter, Alpha McFall, for two weeks.

"Trifles make perfection, and perfection is no trifle."  
Michelangelo

## Tanner Reunion Held Recently

The sixth annual Tanner Reunion was held Saturday and Sunday, September 1-2, at the Flomot Community Building with 48 relatives and friends attending.

Those traveling the farthest were Mrs. Thelma Beasley and Mrs. Lois Beasley of Hull, Texas.

The eldest person attending was Floyd Messimer of Denver, Colorado. The youngest was Crystal Pope of Tulia.

Names of others attending were Richy Rhodes, Amarillo; Mrs. Lillian Myers, Clyde; Mrs. Thelma Beasley, Mrs. Lois Beasley, Hull; Mr. and Mrs. Floyd Messimer, Denver, Colorado; Mr. and Mrs. Howard Plumb, Dalhart; Mr. and Mrs. Buster Tanner, Olton; Mrs. Iva Beck, Nancy, Brian and Kathy, Lamesa; Mr. and Mrs. Perry Barham, Hart; Mrs. Lillie Tanner, Mr. and Mrs. Lewis Cannon, Mr. and Mrs. Jean Pope and granddaughter, Crystal Pope, Tulia; Mr. and Mrs. Joe Ike Clay, Lori, Larry, Tina and Julia, Quitaque.

Others were Mr. and Mrs. Donald Ewing, Jolly and Clay of Perryton; Kay Lynn and Lea Ann Edwards, Spur; Rev. and Mrs. Bryon Hardgroves, Plainview; Mr. and Mrs. Herb Martin, Mr. and Mrs. Clois Shorter, Cindy, Christi and Keri, Mr. and Mrs. Don Monk, Mr. and Mrs. Clayton Bond and Lucille Monk, Flomot.

The time was spent eating, visiting and taking pictures. An added attraction was a "Hands of Time" quilt displayed which was made and quilted by Mrs. Lois Beasley, from hand-prints of several generations of "Tanners" and their offspring.

The Tanners plan to meet in 1985 at the same place on September 1.

"It is the beautiful bird that gets caged."  
Chinese proverb

## From the TAP Kitchen

RICE COMPLEMENTS spicy gumbo of shrimp, fish, crab and oysters. An economical dish, rice costs approximately 4 cents per half-cup serving.

### GUMBO A LA CREOLE

- 1 1/2 C. chopped onion
- 3 T. vegetable oil
- 1/4 C. flour
- 3 C. shucked oysters with liquid
- 5 C. fish stock
- 1 (28 oz.) can tomatoes
- 1/2 lb. fresh, sliced okra
- 1 tsp. salt
- 2 tsp. lemon pepper
- 1/4 tsp. cayenne pepper
- 1/4 tsp. black pepper
- Bouquet garni
- 1/2 lb. boneless, cubed white fish
- 1/2 lb. peeled, deveined shrimp
- 1/2 lb. crab meat
- 1 T. gumbo file
- 6 C. cooked rice

Saute onion in oil until well browned. Add flour and cook, stirring constantly until a deep brown color is obtained. Drain liquid from oysters and set oysters aside. Stir oyster liquid, fish stock, tomatoes, okra and seasonings into onion-flour mixture. Cook covered about 30 minutes. Add fish, shrimp, crab and oysters. Continue cooking about 10 minutes or until shrimp turns pink and oysters begin to curl. Remove bouquet garni. Just before serving, add gumbo file. Never let gumbo boil after file is added. Serve in shallow bowls with rice. Serves 12. (Note: bouquet garni is a small bunch of such herbs as marjoram, savory, basil, thyme, sage, rosemary and oregano tied together in a cheese cloth bag. A prepared mix may be purchased.)

MEMBER STORE **AF** AFFILIATED FOODS INC

Congressman Jack announced today the recent congressional normal period during which producers may graze their 1985 wheat crop extended by an additional county Stabilization and Conservation Service (ASCS) contract. Texas to decide whether this extension to the normal period or the end of the normal period.

"This provision, added to the 1984 Supplemental Appropriations bill, is helpful to wheat growers," Hightower said. "It allows them to utilize their wheat in whatever way will be most beneficial to them for an additional period."

"I felt I should make an announcement so our district would be aware of this action and the information in it of their planting and decisions on the program," Hightower said. In April of this year he held two full day

### 4-H FOOD, NUTRITION PROJECT GROUPS BE ORGANIZED SOON

Boys and girls who are interested in the 4-H food and nutrition project this fall but who have not yet signed up for the project meeting Monday night at the Extension Office, 2343, and sign up NOW. Several new leaders volunteered to help with the project. They will be meeting soon. The Agent needs to know who will participate so the project can be divided by experience. There will be one group of boys.

Youth learn food skills, nutrition, food meal planning and food safety in this project. A County Food tentatively planned for September 16. This is an activity open to all food project participants in the county. Any other parents who wish to help with this project should call Lynda F. Hightower at the Extension office.

Mr. and Mrs. Bernard Turkey visited in the Woods home in Quitman last evening.

Mr. and Mrs. Shook took his aunt, Mrs. E. of Arnett, Oklahoma, to rock to meet her daughter, Mr. and Mrs. Craven. She returned home with them after with her sister, Mr. Woods, and other relatives. Quittaque area for a month.

Mr. and Mrs. Elgin Craven girls attended service at Church of Christ in Sunday before last. They were guests of his parents, Mrs. Doc Conner, for lunch.

### Hightower Announces Extension Of Wheat Grazing Period

Congressman Jack Hightower announced today that due to recent congressional action, the normal period during which producers may graze cattle on their 1985 wheat crop has been extended by an additional 30 days. It will now be up to individual county Agricultural Stabilization and Conservation Service (ASCS) committees in Texas to decide whether to add this extension to the beginning or the end of the normal grazing period.

"This provision, which was added to the 1984 Supplemental Appropriations bill, should be helpful to wheat growers and cattlemen in the 13th District," Hightower said. "It will allow them to utilize their wheat crop in whatever way will be best for them for an additional time period."

"I felt I should make some kind of announcement so that producers in our district who may not be aware of this action could use this information in making some of their planting and participation decisions on the 1985 farm program," Hightower said.

In April of this year, Hightower held two full days of district

hearings on the 1985 Farm Bill and received testimony directly from producers in the field. Hightower is a member of the Agriculture Appropriations Subcommittee of the House Appropriations Committee which reviews the funding of agriculture programs nationwide.

Mr. and Mrs. Jimmy Stone and Amber of Sweetwater visited their parents, Mr. and Mrs. Jimmy Stone and sister, Melissa, in Silverton and Mr. and Mrs. Paul A. Ramsey in Quitaque over the weekend.

Mr. and Mrs. Rick Mullin of Turkey joined them at the Ramsey home Sunday evening for dinner honoring Terri Stone on her birthday anniversary.

#### 4-H FOOD, NUTRITION PROJECT GROUPS TO BE ORGANIZED SOON

Boys and girls who want to be in the 4-H food and nutrition project this fall but who did not sign up for the project at the 4-H meeting Monday night need to call the Extension office, 823-2343, and sign up NOW.

Several new leaders have volunteered to help with this project. They will be organizing their groups soon. The Extension Agent needs to know how many plan to participate so the groups can be divided by age and experience. There will be at least one group of boys.

Youth learn food preparation skills, nutrition, food buying, meal planning and food safety in this project.

A County Food Show is tentatively planned for November 16. This is an optional activity open to all food project participants in the county.

Any other parents who want to help with this project are asked to call Lynda Fogerson at the Extension office.

Mr. and Mrs. Bernard Lyles of Turkey visited in the Shorty Woods home in Quitaque Thursday evening.

Mr. and Mrs. Shorty Woods took his aunt, Mrs. Effie Woods of Arnett, Oklahoma to Shamrock to meet her daughter and husband, Mr. and Mrs. L. G. Craven. She returned to her home with them after visiting with her sister, Mrs. Bertha Woods, and other relatives in the Quitaque area for the past month.

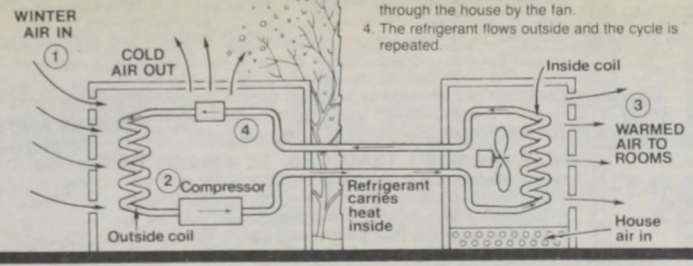

Mr. and Mrs. Elgin Conner and girls attended services at the Church of Christ in Turkey Sunday before last. They were guests of his parents, Mr. and Mrs. Doc Conner, for lunch.

## The most efficient, the most economical heating and cooling system for your home.

### THE Electric heat pump.

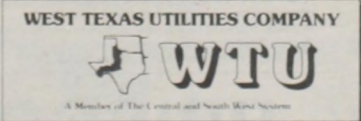

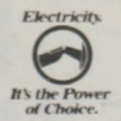

It's part of "the plan" — the Energy Saving Plan  
Here's how it works:

#### For Winter Heating

1. Heat is absorbed by refrigerant in the outside coils.
2. The compressor pressurizes the refrigerant and sends it to the inside coils.
3. The heat from the inside coil is circulated through the house by the fan.
4. The refrigerant flows outside and the cycle is repeated.

THE ELECTRIC HEAT PUMP: It can save you money on your home energy bills. And when it's used along with other WTU-recommended energy conservation measures according to the ENERGY SAVING PLAN, you can save even more. WTU will pay YOU money when you install an electric heat pump to meet the E.S.P. requirements that add to your home's comfort and energy efficiency. That's where the ELECTRIC HEAT PUMP comes in — it's part of "the plan" because it's the most efficient system for heating and cooling. During the winter it removes heat from the outside air and pumps it into your home. In the summer it reverses the process and becomes an air conditioner, so you get even comfort year-round. CALL YOUR LOCAL WTU OFFICE OR A FACTORY-TRAINED ELECTRIC HEAT PUMP DEALER TODAY TO FIND OUT MORE ABOUT SAVING ENERGY AND MONEY ON YOUR HOME ELECTRIC BILLS.

To Qualify, Your Home must be served by WTU and meet our Energy Efficiency Requirements.

## Junior Student Travels The Orient During Summer

Kennie Beth Lane, a junior at Spur High School, recently spent five weeks of her summer vacation traveling the Orient. Kennie Beth was among a group of 27 high school students from the West Texas and Dallas area, all a part of the People-to-People High School Student Ambassador Program. The purpose of this program, founded by Dwight D. Eisenhower, is to promote world peace. Every year, around 1,000 American students travel with People-to-People for an adventure of a lifetime.

Kennie Beth's trip included visits to Japan, Mainland China, Hong Kong, Taiwan and Korea. "Japan was my favorite stop. The people were so friendly." The students would stay in hotels or live in homestays where each student lived with a family while visiting their country. Kennie Beth experienced homestays in Japan, Taiwan and Korea. When asked which was her favorite homestay experience, she quickly answered, "Taiwan—there were teenagers who introduced me to the type of activities that they enjoyed."

For Kennie Beth, this trip was a chance to see and visit a part of the world most of us will only be able to dream about. But it also formed many life-long friendships for her and taught her a sense of responsibility from being "on her own."

The trip provided Kennie Beth with a lot of fun and a wide variety of experiences and memories. But she was ready to come home to Spur, America? "You bet!"

Kennie Beth is the daughter of Mr. and Mrs. B. K. Lane, Spur.

KENNIE BETH LANE

and the granddaughter of Mr. and Mrs. Boyd Lane of Turkey. She is the great-granddaughter of Mrs. W. E. Lyles, also of Turkey.

## THE VALLEY TRIBUNE

### ACTIVE RETIREMENT

It's called the "Treasure Coast"—this stretch of the southeastern Florida peninsula from Ft. Pierce to Palm Beach. Today, more and more retirees seek the "treasure" of a comfortable lifestyle in the area's pastoral setting.

Port St. Lucie, not quite 25 years old, is one of the youngest and fastest growing areas in Florida. Located between Stuart and historic Ft. Pierce, this area's newest community will add another 5,000 residents with Savanna Club, a maintenance-free adult-golf complex offering relaxation and a laid-back lifestyle.

The natural beauty of Port St. Lucie makes it Florida's ideal new retirement community.

## THURSDAY, SEPTEMBER 20, 1984

Ultra-modern, energy-efficient and low-maintenance manufactured home designs from top industry leaders will be available, along with a fully-developed homesite, most likely on a lake, waterway or the golf course, for approximately \$40,000.

This \$125 million community is at present in its first phase of sales. Grand opening activities have been scheduled for later this fall to coincide with initial occupancy for the first 107 home sites. The golf course, and a multi-million dollar community clubhouse and recreation

center will be completed by the fall of 1985.

For further information, write: NBM, Savanna Club, 9710 South U.S. #1, Port St. Lucie, FL 33452. Or call toll free: 1-800-325-0006; in Florida, 1-800-468-6289.

The peregrine falcon, sometimes known as the duck hawk in the U.S., is said to fly at speeds up to 175 miles per hour.

## GENEALOGICAL SOCIETY TO MEET OCTOBER 2

The High Plains Genealogical Society will meet at 7:00 p.m. Tuesday, October 2, in the Unger Library in Plainview.

New members and guests are invited to participate in a sharing session.

Everyone is to bring their research and books. Volunteers now staff the library on Thursday and Saturday to assist with family research.

Mr. and Mrs. Michie Maupin met their daughter and family, Mr. and Mrs. Milton Mann and son, Matthew, in Silverton Friday night to watch Matthew play in the junior high football game. The Manns then spent the weekend with the Maupins. Other guests were her sister, Mrs. Ethel Simmons of Childress and the Jerry Maupins of Quitague.

Mrs. Era Heckerson of Dimmitt accompanied her sister, Mrs. Neva Hickey, also of Dimmitt, to Quitague and spent the weekend with another sister, Mrs. Murry Morrison and family. Mrs. Hickey drove to Memphis to spend the weekend. She returned to Quitague Monday night and spent the night and the two ladies returned to their home Tuesday.

## THE VERSATILE VEGETABLE

If your garden grew at this summer, then the last days of those fresh vegetables. Squash vegetable that is common gardens. Many varieties squash have been grown in America for 5000 years and gourds are also squash family.

Today's varieties of squash usually classified as "summer squash" and "winter squash." These terms are misleading they do not refer to the maturity when harvested but rather to the varieties such as scalloped pan, yellow straight crookneck and zucchini are classified as soft "summer squash." Hard or "winter squash" varieties such as acorn, nut and banana. These varieties are considered more mature than the squash varieties.

All forms of squash are rich in nutrients, calories and sodium, however winter varieties are high in Vitamin A. Soft shelled varieties are a good source of Vitamin C.

Squash is grown throughout the state on small acreage. The Winter Garden area is a good source of squash. Squash is used throughout the year in soups, breads, casseroles, side dishes, and as a vegetable. Savor the flavor of squash in soups, casseroles, side dishes, and as a vegetable. Recipes Courtesy of the Department of Agriculture

## SQUASH BAKE

- 2 lbs. chopped or sliced winter squash
- 2 sm. chopped onions
- 1 can condensed cream of chicken soup
- 1 cup sour cream
- 1 cup drained, sliced water chestnuts
- 1 stick butter
- Salt to taste
- 4-5 cups croissants

2 cups grated cheddar cheese  
Cook squash and onion tender. Mix soup, sour cream, water chestnuts with squash and onions. Measure and add to mixture; salt. Line a large baking dish with croissants, cover with cheese and squash mixture with rest of croissants. Bake at 350 degrees F. for 20-25 minutes. Freezes well. Serves 8-10.

## ZUCCHINI BREAD

- 3 eggs, beaten
- 1 cup cooking oil
- 2 cups sugar
- 2 cups zucchini, grated
- 2 teaspoons vanilla
- 3 cups flour
- 1 teaspoon soda
- 1/2 teaspoon baking powder
- 1 teaspoon salt
- 1/2 cup pecans, chopped
- Preheat the oven to 350 degrees. Grease and flour loaf pans. Beat eggs, ad

**THE VERSATILE  
VEGETABLE**

If your garden grew abundantly this summer, then enjoy the last days of those wonderful fresh vegetables. Squash is one vegetable that is common in most gardens. Many varieties of squash have been growing in the Americas for 5000 years. Pumpkins and gourds are also in the squash family.

Today's varieties of squash are usually classified as "summer squash" and "winter squash." These terms are misleading as they do not refer to the season, but rather to the stage of maturity when harvested. Varieties such as scalloped or patty-pan, yellow straightneck and crookneck and zucchini squash are classified as soft-shelled or "summer squash." Hard-shelled or "winter squash" includes varieties such as acorn, butter-nut and banana. These squash varieties are considered to be more mature than the summer squash varieties.

All forms of squash are considered to be nutritious, low in calories and sodium, however the winter varieties are higher in Vitamin A. Soft shelled varieties are a good source of Vitamin C.

Squash is grown throughout the state on small acreage and in the Winter Garden area. Harvesting of squash is staggered throughout the year in Texas.

Savor the flavor of squash in breads, casseroles, side dishes or try a new variety and discover the versatility of this delicious vegetable!

Recipes Courtesy of the Texas Department of Agriculture

**SQUASH BAKE**

- 2 lbs. chopped or sliced yellow squash
- 2 sm. chopped onions
- 1 can condensed cream of chicken soup
- 1 cup sour cream
- 1 cup drained, sliced water chestnuts
- 1 stick butter
- Salt to taste
- 4-5 cups croutons
- 2 cups grated cheddar cheese

Cook squash and onions until tender. Mix soup, sour cream and water chestnuts with drained squash and onions. Melt butter and add to mixture; salt to taste. Line a large baking dish with 1/2 croutons, cover with grated cheese and squash mixture. Top with rest of croutons. Bake at 350 degrees F. for 20-25 minutes. Freezes well. Serves 8-10.

**ZUCCHINI BREAD**

- 3 eggs, beaten
  - 1 cup cooking oil
  - 2 cups sugar
  - 2 cups zucchini, grated
  - 2 teaspoons vanilla
  - 3 cups flour
  - 1 teaspoon soda
  - 1/2 teaspoon baking powder
  - 1 teaspoon salt
  - 1 teaspoon cinnamon
  - 1/2 cup pecans, chopped
- Preheat the oven to 325 degrees. Grease and flour two loaf pans. Beat eggs, add oil and

sugar, zucchini and vanilla. Add flour, soda, salt, baking powder, cinnamon and nuts. Pour into greased loaf pans. Bake 1 hour and 15 minutes. Yield: 2 loaves.

**APPLE-BAKED SQUASH**

- 2 acorn squash
  - 2 small apples, peeled and chopped
  - 1 teaspoon cinnamon
- Cut squash in half and remove seeds. Place cut side down in pan with 1/2 inch water. Bake at 350 degrees F. 30 minutes. Remove from oven and turn squash over. Mix apples and cinnamon. Fill squash cavities with apple mix. Return to oven and bake 30-45 minutes until apples are tender. Yield: 4 servings.

**MEXICAN DOUBLE  
BATTER SQUASH**

- 4 large zucchini squash

- DRY BATTER:**  
3 cups flour  
1 cup biscuit mix  
2 tablespoons salt  
1 tablespoon black pepper  
1 teaspoon garlic salt
- WET BATTER**  
1 egg  
2 cups buttermilk  
1/2 cup biscuit mix  
1 cup ice water  
1 tablespoon oregano

Slice squash lengthwise. In separate bowls, combine ingredients for dry and wet batters. Dip squash slices in batters, going from dry to wet and back to dry. Fry in oil heated to 350 degrees F. until golden (20-30 minutes). Serves 8.

"Knowledge comes, but wisdom lingers."  
Alfred Tennyson

**Plastic Milk Containers**

Nutritionists and health experts report that milk is still the best food money can buy. It is nature's most complete food. Moreover, more and more, the milk we buy is being packaged in plastic containers.

Actually, modern plastics are now used for more than 90 percent of all milk sold in gallons and for an increasing proportion of half-gallon milk containers. One reason for this popularity is that plastic milk containers help keep freshness and taste in, while keeping odors out. Dairy experts also report that the plastic bottles are easier to handle and easier to take from the display case. If one drops on the floor it doesn't shatter or split.

According to the U.S. Department of Agriculture, the best way to conserve the valuable nutrients and good flavor of milk is to keep it cold, covered, and away from strong light. They go on to say that milk today is well protected by the present methods used from farm to consumer.

A good part of the credit for the fresh and good tasting milk we get is due to our retailers. They are responsible for bringing us the improved new products, including foods that nourish us and the plastics that keep our foods safe and convenient.

**USE A LITTLE RESTRAINT**

"It won't happen to me!" "I can hold my baby so he won't get hurt." Are these statements you have heard about why parents do not use child safety seats in their car?

First of all, "it" can happen to anyone. Almost 2,000 children under age 15 are killed in car accidents each year, and another 160,000 are injured. More than half of these deaths and injuries could be prevented by proper use of child restraints and seat belts.

If you think you could hold a child or reach out your arm to prevent a child from falling in case of a sudden stop, think again. With a sudden stop at 30 miles per hour—a speed probably reached driving to the grocery store—a 10-pound infant has a force of 300 pounds, and a 20-pound child has a force of 400 pounds!

If you are holding a baby in your lap and you are not wearing a seat belt, chances are that you would be slammed forward and crush the child against the dash or windshield. A recent study of serious accidents involving children showed that is what happened in almost half of the cases of serious injury or death.

Do you think child safety seats cost too much? Probably no more than a trip to the dentist or a tricycle, and we don't consider these too much for our child.

Does it take too long to buckle the child in the seat? No longer than changing a diaper and we wouldn't think of not doing that.

Do you think a child safety seat is not necessary when you only make short trips around town? Most accidents happen relatively close to home and at speeds under 40 miles per hour.

I still remember the fear I had when I was involved in an accident when my oldest daughter was less than three months old. My sudden stop at a slow speed dumped her infant carrier upside down in the floor of the pickup. She happened to be unhurt, but I knew how suddenly something like that could happen. From then on she rode in her car seat.

She also found out the impact of a stop at a "slow" speed only blocks from her home five months ago when she was not wearing a seat belt.

We can train ourselves to use car restraints for ourselves and our children. Remember, the child safety seat law goes into effect October 31.

Mr. and Mrs. Jean Grundy of Lamesa spent the weekend with his mother, Mrs. Jess Grundy, and his sister, Onale Grundy, in Quitaque. Saturday, Mrs. Jean Grundy and Onale drove to Plainview and visited Mrs. Jean Grundy's brother and wife, Mr. and Mrs. Lawrence Bedwell.

The Jean Grundys returned home Sunday afternoon.

**Help  
Your  
Heart**

**Chemistry of a Heartbeat**

The human heart beats 60-80 times a minute — about 100,000 times a day. In seeking to understand how this energetic organ is fueled, several American Heart Association-supported scientists have turned to a unique research tool. It's called nuclear magnetic resonance (NMR). It detects the flow of biochemical energy in living, working animal hearts. The experiments hold exciting hope for human patients because they promise a time when scientists will be able to detail the biochemistry of a heartbeat. This research may help your heart.

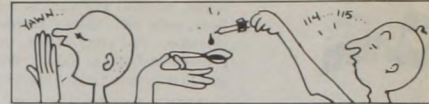

The three-dimensional imaging technique could revolutionize diagnostic medicine in the future. Since it's non-radioactive, non-invasive, and apparently harmless, it might be able to help diagnose disease and evaluate treatments in a patient's heart and other organs without risk. NMR could surpass the capabilities of CT (computed tomographic) scanners, which are highly sophisticated x-ray machines that have excited the medical world with detailed pictures of the body's internal structure. NMR imaging should go further. It is expected to provide high-resolution pictures of both structure and biochemistry.

Instead of x-rays, NMR uses magnets and radio waves to detect certain chemicals that occur naturally in the heart. One such chemical is phosphorus. The contraction of muscle, including heart muscle, is fueled by high-energy, phosphorus-containing compounds.

How does nuclear magnetic resonance work? A nucleus is the positively charged central core of an atom. Some nuclei spin like tops. Nuclear magnetic resonance involves using a magnetic field to orient the spinning nuclei. That orientation is then temporarily disturbed by a

burst of energy from a radio-frequency transmitter. By measuring the amount of energy released as the spinning tops reorient themselves, the scientists can determine the number and chemical form of phosphorus nuclei in the sample. They also can produce a three-dimensional picture that represents the distribution of chemicals. Because it depicts energy metabolism, NMR provides a highly sensitive indicator of the heart's state, scientists say.

NMR's most important advantage is that it permits scientists to take rapid measurements of a sample of living tissue without damaging it or disturbing its normal metabolism. Other methods involve freezing the tissue or grinding it up and analyzing the extract. But with NMR, the measurements can be made in an intact, beating heart.

It takes 120 drops of water to fill a teaspoon.

Apples, pears, plums, cherries, and almonds are all from the same family as the rose bush.

A new way to play an old game has been really scoring big with many youngsters—and their parents and teachers, too. The name of this game is gym and street hockey.

It is similar to ice hockey, but played with special equipment such as that developed by Shield Manufacturing, Inc., to be safe and durable on such surfaces as wood floors, asphalt, concrete and grass athletic fields. In this version of hockey, coordination, agility, flexibility and balance are emphasized over strength and size so just about any child can play. The equipment makes the game a lot safer for children and surfaces as well.

**THE T.V. PICTURE**

One way to help keep our economy on the road to holding down the rise of tax rates, is to try to keep up America's roads.

Bad roads do no one any good.

Today, the estimated cost of owning and operating a standard four-door sedan during its 12-year life span to-

Keeping roads in good repair can save taxpayers money many ways.

total \$32,000. Depending on vehicle size, bad roads can increase these operating costs by 15 to 40 percent.

The expense also shows up in other ways:

- Petroleum consumption in the United States is increased by at least 2 to 5 billion gallons annually.
- By 1995, current rates of road deterioration will produce the following annual costs to the economy: a 3.2 percent loss of Gross National

Product; an 8.0 percent increase in the consumer price index; a 2.2 percent decline in employment; and a 5.9 percent decline in disposable income. All that reduces the amount of taxes the government gets, so it might have to increase rates.

• Accidents are at least twice as likely to occur on bad roads as on well designed and well maintained roads.

"Bad Roads: The Hidden Costs of Neglect," by well-

known author Pat Choate, is a book which may be of interest to the American taxpayer. It is published by the National Asphalt Pavement Association, a national trade association of Hot Mix Asphalt producers and paving contractors. Single copies are available from the Association at \$4.95 and a ten percent discount is offered on orders of ten copies or more. You can order from: National Asphalt Pavement Association, P.O. Box 517N, Riverdale, Maryland 20737.

**PUBLIC NOTICE**  
**BRIEF EXPLANATORY STATEMENTS**  
**OF PROPOSED**  
**CONSTITUTIONAL AMENDMENTS**  
**GENERAL ELECTION**  
**NOVEMBER 6, 1984**

**PROPOSITION NO. 1**  
**ON THE BALLOT**

House Joint Resolution 29 proposes a constitutional amendment that provides to state-chartered banks the same rights and privileges that are or may be granted to national banks of the United States domiciled in this state. For example, if national banks become authorized to maintain branch offices, this amendment would extend the same privilege to state banks.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide state banks the same rights and privileges as national banks."

**PROPOSITION NO. 2**  
**ON THE BALLOT**

House Joint Resolution 19 proposes a constitutional amendment that restructures the Permanent University Fund to provide: (1) for the expansion of the institutions eligible to participate in the bonding capacity of the fund to include the components of The University of Texas and Texas A&M University systems that have been added to those two systems of higher education since the Permanent University Fund was last restructured by constitutional amendment; (2) for the expansion of the purposes for which bond proceeds can be expended from new construction to include major repair and rehabilitation projects and the acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials; (3) for an increase in the bonding capacity from 20% (2/5 for The University of Texas System and 1/5 for the Texas A&M University System) to 30% (20% for The University of Texas System and 10% for Texas A&M University System) of the value of the assets (exclusive of real estate) in the Permanent University Fund in order to provide sufficient bond proceeds to care for the addition of 10 new institutions to those authorized to participate in the Permanent University Fund bonding program and to care for the expanded purposes for which the bond proceeds can be spent; and (4) for the dedication of the dividends, interest, and other income from the Permanent University Fund remaining after payment of principal and interest due on bonds and notes issued, to the provision of support and maintenance (over and above normal legislative appropriations) for Texas A&M University in Brazos County, Prairie View A&M University, and The University of Texas at Austin.

House Joint Resolution 19 also annually appropriates \$100 million in each fiscal year, beginning September 1, 1985 (from the first money coming into the state treasury that is not otherwise appropriated by the constitution) for the use of those

agencies and institutions of higher education which are not included in The University of Texas or Texas A&M University Systems and, therefore, not eligible to participate in the Permanent University Fund bonding program. The amount of this appropriation could be adjusted every five years by a 2/3 vote of the Legislature, but could not be adjusted in such a way as to affect outstanding bonding indebtedness. Each institution of higher education that is eligible to participate (i.e., those institutions of higher education outside The University of Texas and Texas A&M University Systems) would be authorized to expend directly its share (such share to be determined pursuant to an equitable formula) of the \$100 million appropriation for the purposes of acquiring land, constructing and equipping buildings or other permanent improvements, major repair and rehabilitation of other permanent buildings or improvements, and acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials. Additionally, each institution would be authorized to issue bonds backed by a pledge of up to 50% of its share of the \$100 million annual appropriation for the purpose of land acquisition, new construction, and major repair and rehabilitation projects.

Except in the case of fire or natural disaster and in other extraordinary cases, verified by a two-thirds vote of each house of the legislature, all institutions of higher education would be precluded from receiving appropriations of general revenue funds for the purposes of land acquisition, new construction, and major repair and rehabilitation projects.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to create from general revenue a special higher education assistance fund for construction and related activities, to restructure the Permanent University Fund, and to increase the number of institutions eligible to benefit from the Permanent University Fund."

**PROPOSITION NO. 3**  
**ON THE BALLOT**

House Joint Resolution 65 proposes a constitutional amendment which authorizes the legislature to provide for the payment of assistance to the surviving dependent parents, brothers, and sisters of officers, employees and agents of the state or its political subdivisions, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units authorized to make arrests, who die in the course of performing hazardous official duties. Payments to surviving spouses and dependent children of

such officers, employees, and agents are already authorized by the Constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for payment of assistance to the surviving dependent parents, brothers, and sisters of certain public servants killed while on duty."

**PROPOSITION NO. 4**  
**ON THE BALLOT**

Senate Joint Resolution 20 proposes a constitutional amendment which abolishes the office of county treasurer in Bexar and Collin counties if a majority of the voters in each of those counties vote in favor of abolishing the office of county treasurer in a local election to be held on the issue. All the powers, duties, and functions of the office of county treasurer in each of these counties would be transferred to the county clerk.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Bexar and Collin counties."

**PROPOSITION NO. 5**  
**ON THE BALLOT**

Senate Joint Resolution 22 proposes a constitutional amendment which provides a new method of filling a vacancy in the office of Lieutenant Governor. The amendment requires the President pro tempore of the Senate to call together the committee of the whole Senate within 30 days after a vacancy occurs in the office of Lieutenant Governor. The committee would be required to elect one of its members to perform the duties of the Lieutenant Governor until the next general election. This individual would continue his duties as Senator at the same time that he performs the Lieutenant Governor's duties. If the Senator who is elected ceases to be a Senator before the next general election, another Senator must be elected according to the above procedure to perform the Lieutenant Governor's duties. The President pro tempore would be required to perform the Lieutenant Governor's duties pending the election of one of its members by the committee of the whole Senate.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the state senate to fill a vacancy in the office of lieutenant governor."

**PROPOSITION NO. 6**  
**ON THE BALLOT**

House Joint Resolution 73 proposes a constitutional amendment that permits the use of public funds and credit for payment of premiums on non-assessable life, health, or accident insurance policies and annuity contracts issued by a mutual insurance company authorized to do business in this state. The constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company has limited life and health group policies of political subdivisions to non-mutual insurance companies. The amendment would permit mutual insurance companies to bid for those policies.

The proposed constitutional amendment will appear on the ballot as follows: The constitutional amendment to permit use of public funds and credit for payment of premiums on certain insurance contracts of mutual insurance companies authorized to do business in Texas."

**PROPOSITION NO. 7**  
**ON THE BALLOT**

House Joint Resolution 4 proposes a constitutional amendment to change the membership of the State Commission on Judicial Conduct to include one Judge of a Municipal Court and one Judge of a County Court at Law, who shall be selected at large and appointed by the Supreme Court with the advice and consent of the Senate.

The amendment also provides additional grounds for removal from office of judges or justices of Texas courts, and provides additional disciplinary actions that could be taken in lieu of removal or censure. The amendment would extend the Commission's disciplinary authority to masters, magistrates, and retired or former judges who hear cases by designation. The amendment creates a tribunal to review recommendations of the State Commission on Judicial Conduct for removal or retirement of a judge or justice. The review tribunal would be composed of seven (7) Justices or Judges of the Courts of Appeals selected by lot by the Chief Justice of the Supreme Court. The amendment also provides for appeal of the review tribunal's decision to the Supreme Court of Texas and grants an accused judge the right to discovery of evidence.

The proposition will appear on the ballot as follows: The constitutional amendment relating to the membership of the State Commission on Judicial Conduct and the authority and procedure to discipline active judges, certain retired and former judges, and certain masters and magistrates of the courts."

**PROPOSITION NO. 8**  
**ON THE BALLOT**

House Joint Resolution 22 proposes a constitutional amendment which increases the per diem members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount set in federal income tax statutes as of January 1 of that same year as a deduction for ordinary and necessary business expenses incurred by a state legislator. Current per diem is \$30; the maximum deduction is now \$75.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide a per diem for members of the legislature equal to the maximum daily amount allowed by federal law as a deduction for ordinary and necessary business expenses incurred by a state legislator."

*Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 6 de noviembre de 1984. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/9602 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.*

kindness shown us at the loss of our loved one. We especially thank the Turkey Ambulance Service and EMTs and Dr. Crandall for their prompt action. The Oran Wynn family

We want to thank all of the EMTs at Turkey for answering our call for help Monday, September 10. It is a comfort to know we have such good, capable young men in our community. May God bless each one of you. Mrs. Kate Beverly T. W. and Marjorie Bell

Thanks to all who helped make the open house such a special day. I want to thank everyone for the beautiful pot plants and a special thanks to my family and friends for your support and encouragement. And a very special thanks to Debbie, Colleen and Beth. Shirley Landry

**Public Notice**

Lighthouse Electric Cooperative, Inc., in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the Cooperative's intent to secure a Certificate of Convenience and Necessity for a 69KV transmission line and sub-station in Section 107, Block 3, Hall County, Texas. The estimated cost of this project is approximately \$225,000. A complete copy of the Cooperative's application is on file with the Public Utility Commission in Austin, Texas. Persons who wish to intervene in the proceedings or comment upon action sought, should contact the Public Utility Commission of Texas at 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757 or call the Public Utility Commission Consumer Affairs Division at (512) 459-0223, or (512) 458-0227, or (512) 458-0221 for teletypewriter for the deaf within 15 days of this notice. 14-2tc

**THE IMPORTANCE OF ANIMAL RESEARCH**  
Almost every medical advance of the last century has been based upon animal research. Animals are used to study ways to prevent, diagnose or treat both human and animal health problems.

Some facts:  
• Polio was conquered after research on cats, dogs and rhesus monkeys.  
• Survival rates in children with certain cancers have risen decisively as a result of new treatments. For example, victims of childhood leukemia, who once faced certain death, now have a complete remission rate of 90 percent due to chemotherapy de-
