## City Making Plans To Participate In HUD Block Grant Program

The City of Cisco is currently making plans to participate in the U.S. Department of Housing and Urban Development's Community Development Block Grant Program. Important elements in planning for this program are citizen participation and evaluation of the City's past performance in housing and community development activities and assessment of previous participation in Community Development.

A public hearing will be held on Wednesday, December 17, 1980, at 3 p.m. in the Council Chamber at City Hall, 116 West 7th Street. The City's citizen participation plan will be presented at this hearing to obtain your views on this plan. This hearing will also provide citizens an opportunity to comment on the City's past performance in carrying out housing and community development programs. General information on the CDBG program will be available.

A final public hearing on the City's CDBG preapplication has been scheduled by the City Council on December 18, 1980, at 7 p.m.

in the Council Chamber at City Hall, 116 West 7th Street. At this meeting, the Council will make decisions on the amount of funds to be requested, the proposed projects and the proposed target areas. General information on the CDBG program will also be available.

All citizens are encouraged to attend these meetings and present their views on the proposed CDBG preapplication to the Council. Comments on housing and community development needs may be delivered to Mayor Cartee at any time prior to these public hearings. Handicapped individuals who may have difficulty in attending these meetings should contact City Hall to arrange for assistance. For further information, contact R.J. Turpin, City Manager of Cisco, 116 West 7th Street, Cisco, Texas, 76437, or telephone 442-2111.

## City Turns Cemetery Over To Ass'n Under 5-Year Contract

The Cisco Cemetery Association will be responsible for the care, maintenance, upkeep, control, management and general well being of Oakwood Cemetery here under terms of a five-year

contract signed between the Association and the City of Cisco at the regular meeting of City Council Tuesday

night. Under terms of the new contract, the city agreed to maintain all roads within the cemetery, maintain the main water line to the cemetery, and pay the Association the sum of \$600 per month.

## Revenue Sharing Program Approved By City Council

A revenue sharing fund program, calling for expenditures of \$93,500, was approved and inserted into the City of Cisco's operating budget for fiscal 1980-81 at the regular monthly meeting of the City Council Tuesday night.

The revenue sharing matter was the subject of a special hearing held during the council meeting. A previous hearing was held last month.

The revenue sharing fund, which represents money from the federal government, shows the sum of \$38,547 on hand and anticipates \$54,952 during the period from Oct. 1, 1980, to Sept. 30, 1981. City Accountant Jean Gray reported to the Council that a check for \$11,000 has been received on the projected 1980-81 grant. The fund anticipates \$2,000 in interest on invested surplus funds.

Expenditures provide for \$26,500 in capital outlay, including assorted equipment, vehicles, buildings and so forth; \$29,750 for labor; and \$35,000 for maintenance and supplies for work in maintaining buildings, the sewer

system, the water system and streets.

In other action, the council approved minutes of the Nov. 25th meeting. A report on city cabin rentals was made, showing receipts as follows: September, \$1230; October, \$1335; November, \$1,477. Two of the cabins, one 2-bedroom and one 1-bedroom, were vacant in early December.

The monthly bills were approved for payment. These included \$46,568 for the general fund and \$27,447 for the water and sewer fund.

A report on the airport project was made, and the contract signed by the city with Bontke Brothers of Abilene for paving materials (base work) was reviewed. City Manager R.J. Turpin reported receipt of details for paving the runway once the preliminary work is finished. Plans and specifications have been submitted to the city by the

Texas Aeronautics Commission, he reported. It was indicated that due to winter weather the paving probably will be delayed until spring.

A contract approved last month that provides hospitalization insurance for city employees was reviewed.

Letters from the Texas Department of Health relative to animals (hogs, cows, horses, etc.) inside the city limits and a wastewater problem in west Cisco were read. Both situations have been corrected, city employees reported.

The council approved payment of the first installment of \$581 of the \$2,327 that the City of Cisco will contribute during the year to the Eastland County Tax Appraisal District. This is mandatory under a new state law, it was pointed out.

A motion by Councilman Bill Eudy that the council operate under the Handbook of Mayor and Councilmen of Home Rule Cities, Robert's Rules of Order, as well as the rules and regulations of the city charter was approved.

The council approved posted speed limits in highways running through the corporate limits. These limits vary from 30 to 45 miles per hour and were worked out and posted by the State Highway Department.

The city manager was asked to check into the matter of a building at 1000 West 10th Street being four feet on the street right-of-way. Contractor Archie Chamness had brought the matter to the council.

The agenda item regarding the city manager living in Cisco was discussed. Mr. Turpin said he had not been able to find suitable housing to rent and that he was reluctant to buy a home "under present conditions."

Councilman Eudy suggested the council study the feasibility of buying a residence for use of the city manager on a rental basis. Councilman Harold Pippen added that "I couldn't advise the city manager to buy a home here under present circumstances."

Although the matter was not on the agenda, the council decided to vote on the matter of checking into buying a house. Casting "no" votes were Mayor Cartee and Councilwoman Louise Allison. All other council members present voted "yes."

Nolan Lacy of Arlington appeared before the council to ask that the 150-acre Lake Bernie property be advertised for bids for an oil and gas lease. City Attorney Bill Wright was requested to advertise this property along with a tract on Lake Cisco.

The council approved payment of \$75 for the month of December, 1979, to the city library and a budget giving the library \$1,000 during the current year has been approved. Mrs. Harry Donica of the library board was informed.

Mayor Cartee presided and all council members except Raymond Whitley were present.

## Cisco Police Report

To: Citizens of Cisco From: W.A. (Bill) Pence, Chief of Police

We are happy to report that we now have a full capacity of officers in the Police Department. We started this department with only one patrolman and now have seven full-time patrolmen. By Thursday we will be in full swing, and we are expecting calls from all citizens of Cisco. We have qualified personnel who can handle calls both large and small and take care of any situation that may arise in our city.

We would like to again caution the citizens about the house and car burglaries during the holiday season. Check your locks at home to be sure they are working properly and that they have been sufficiently locked. If packages are left in the car, it is better to lock them in the trunk.

We are happy with the way the Thanksgiving holiday was handled. We had a number of calls from citizens to watch their homes. Also the merchants of Cisco are to be complimented for a splendid job through the Thanksgiving holidays.

We want the citizens to continue calling on anything that might be in the line of police investigation. After all if the citizens do not call in complaints or disturbances in the City, sometimes the police do not have anything to go on. As the people of Cisco know, we have a clerk on duty from 8:00 a.m. until 5:00 p.m. to receive and dispatch calls. After 5:00 p.m. the Dispatch Office at Eastland will handle incoming calls, and we will receive them immediately.

Again, the Police Chief and the whole Police Department would like to wish everyone a Merry Christmas and a Happy New Year. Sincerely, W.A. (Bill) Pence Chief of Police

# GORDON SPOT

By DeMarquis Gordon

Last summer when the weather got very hot many of the garden vegetables died even though they were watered. When you examined the roots you found damaged, decaying roots and they usually had large knots on the root system. This is typical of nematode damage. Nematodes cause a lot of problems to Eastland County crops.

Nematodes are microscopic, worm-like animals that feed on plant roots. Damaged plants have decayed spots and stubby roots or enlarged root tips.

While several types of nematodes can infest a garden, the root knot nematode is the most damaging. Plants infested

with root knot nematodes will have galls or swellings on their roots, are usually stunted and yellow in color, and may die prematurely.

Gardeners can use several methods of control to get rid of or at least lessen the number of nematodes. Using nematode-resistant varieties of plants helps as does rotating crops of corn, onions and garlic.

Also, using a cover crop such as cereal rye, not common ryegrass, during the winter months, helps trap nematodes. Nematodes will enter rye roots, but because of the physiology of the roots, the nematodes cannot undergo further development and will die. Working the cover crop into the

garden area a month before planting increases, organic matter and at the same time causes an organic acid to develop which is toxic to nematodes.

While controlling nematodes by chemical means is not always effective. We do recommend one method. Apply Vapam with a hose-on sprayer at the rate of one quart per 100 square feet of ground area. Then immediately wash the chemical into the soil with a one-half application of water. Soak the treated area twice during the next 48 hours and then leave it alone for seven days before tilling.

Wait at least two weeks after applying Vapam before planting. Also, if the temperature is high, additional watering may be needed to keep the soil below 90 degree F. for the chemical to be effective. Check the price before you decide to use Vapam, because it is expensive.

Of course, the best method of controlling nematodes in your garden is to never let them get started. Be careful adding topsoil or any organic matter such as peanut hulls which might be infested with nematodes.

Remember the difficulty you had deciding to purchase that \$10-25 garden sprayer? Well, suppose next spring you discovered this once good sprayer to be clogged, corroded and in need of repair. Not only would you be disappointed, but meanwhile those garden insect pests would be that much further ahead in doing their own thing.

You can avoid this careless and costly inconvenience by spending a little time now cleaning and inspecting your spray equipment before storing it this

winter. Clean equipment in good repair is also safe equipment. Clogged nozzle parts can result in uneven droplet sizes, causing poor coverage and possible plant damage. A damaged hose or other spray parts can also cause toxic chemicals to leak onto the operator's clothes and skin.

Here are some suggestions for cleaning spray equipment:

1. Drain all spray material from the sprayer tank and hose in a safe place where children, pets or livestock will not contact them. Dispose of pesticides according to the product label.
2. Fill the spray tank with clean water and add a liquid detergent soap. Flush this solution back through the pump, hose and nozzle in a safe place.
3. Fill the spray tank with a mixture of one-half cup of ammonia to 3 gallons of water and let stand for 18-24 hours. Spray part of this mixture through the pump hose and nozzle at the beginning and end of the soaking period.
4. Disassemble the nozzle and dry all parts.
5. If the tank is susceptible to rust, coat the interior with a water soluble oil or other rust inhibitor.
6. As you clean your equipment, check for worn parts and leaks. Order any needed parts so that the sprayer will be ready to go as soon as you need it next spring.

Remember, a sprayer will have a much longer life if it is thoroughly cleaned and maintained after each use.

## Stacy's Concert Sunday at 3 p.m.

Immediately following his winning the International Trumpet Contest in Paris, Stacy Blair was invited to play solo with the Dallas Symphony at Market Hall in July 1979. It was the dream of some who heard him that night to arrange a concert in our own town, and present Stacy in a full blown professional concert to his friends and neighbors in Eastland County.

This dream will come truly to pass this Sunday afternoon in the First United Methodist Church. Mr. Blair will be accompanied by Dr. John Campbell, organist from Hardin Simmons and Abilene's First Baptist Church.

Both performers have studied and concertized in Europe. During the 1969-70 academic year, Dr. Campbell received a German government grant for organ study with professor Michael Schneider and harpoichod study with Hugo Ruf at the Staatliche Hochschule Fur Musik in Cologne, Germany.

It is a significant privilege to present these performers.

Tickets must be purchased in advance at The Eastland Drug Store. Adults \$2.50; students \$1.50.

### WHY FUNERALS ARE NEWSWORTHY

The death of anyone is news. Funerals for people in all walks of life are news, too — often feature stories. Why? Because the funeral declares that a death has occurred and gives tribute and testimony to the life which has been lived. There have been funerals since the very beginning of recorded history. In the last century great changes in living habits necessitated the role of the American funeral director. Our staff, our facilities and our availability of funeral merchandise allow you to arrange beforehand or at time of need the kind of funeral or alternative to it that you desire.

## College Youth Is Injured In Auto Mishap

Mark Douglas McCain, 18, San Angelo student at Cisco Junior College, sustained a leg fracture in a one-car accident on Highway 6 near the No. 6 green at the Cisco Country Club at around 12:15 a.m. Thursday.

The youth, a freshman law enforcement student, was reported in satisfactory condition Friday at the local hospital. He underwent surgery on his right leg soon after the mishap.

Cisco Policemen Billy Rains and Larry Jernigan were at the wreck scene seven minutes after receiving radio information from the Eastland County Dispatch. They assisted Highway Patrolman Leroy Polnick in the investigation.

Doug's Wrecker Service of Cisco went to the scene and the youth was freed after the upturned auto was lifted into an upright position. The

youth told police he did not know how long he had been pinned in the wreckage.

The youth was alone in the vehicle, which was demolished. The car was headed toward town and the youth said he lost control and the car left the highway and struck a tree stump and debris near the Church of Christ Youth Camp road exit from Highway 6.

A Kimbrough ambulance took McCain to the hospital. The youth is the son of Mr. and Mrs. P.D. McCain of 3144 Sunset, San Angelo.

### Letters TO THE EDITOR

To The Editor:

Cisco has a goodfellow! Residents of Cisco Nursing Center were recipients of a pickup load of goodies day before yesterday. Apple, oranges, nuts - remember when this was a part of Christmas. It is my opinion that this Goodfellow should be identified since no one knew who or what. He is a round fellow, who with a proper costume would make a perfect Santa Claus.

He and his daughter, Linda, operate B.J.'s Fina Service Station & Vegetable Patch. Always a smile and a good word, God has to love these people who give of themselves. Merry Christmas to B.J. and all.

# IWU Reflections In Perspective

By I. Will Ussery

Mention has been made of the lovely city of Liege, Belgium. Had a couple of most interesting experiences there on one of my many visits to the city.

I'd learned long since that the most reliable method of reaching Liege when travelling either via Frankfurt, Germany or out of New York was to fly into Brussels, then take the railway to Liege. There was a train every half hour.

Now on this particular occasion I was on my way back to the States, and was travelling with two bags, a briefcase...and a trenchcoat. And I have a bursitic knee which was acting up. Stepped off the train several hundred feet from the stairway which led downward to the station which was at street level.

Managed the walk to the stairway, and even negotiated the stairs...to the second step from the bottom. At that point, the knee just simply gave way and I tumbled into a part of a heap of bags, trenchcoat and briefcase on the title floor of the wide passageway which led to the street.

Collecting my wits, and to a degree regaining a semblance of composure, I arose and began sorting out my baggage. Almost before I'd begun, a little man in a loose-fitting blue jacket came scrambling up and with no ado began helping with the sorting. He even took the briefcase from my hand, and almost militarily ordered me to stand perfectly still while he fetched a cart. I didn't debate the issue.

He returned with the cart, and for reasons known only to him, and perhaps to Belgians in general, apologised profusely for whatever had caused my tumble. As though he, or Belgium were responsible. He asked the name of my hotel, and did I wish a taxi? I gave him the name of the Hotel Central...and indeed I did desire a taxi.

Dashing out into the street, he hailed a taxi, ushered me to it, gave instructions to the driver, loaded my bags...and vehemently declined any gratuity of any nature whatsoever! Two days later I was departing Liege via the 'Trans-Europe Express' for Frankfurt. It is a very pleasant journey, actually. And only takes very little more time than the flight-rail trip via Brussels. I had acquired yet another package of considerable weight, and as I checked in at the ticket window I asked if a porter could be arranged. Of course, M'sieu. And it was.

Now, on boarding a train on an European railway, the platform and position number is indicated on the ticket. And as is usually my fate, the position at which I should board the Express seemed to be half a mile from the stairway. But the porter accompanied me all the way.

Arriving at the position, all due and proper, as le porteur pointed out, it was discovered that the nearest thing I had to any suitable compensation for the services of my assistant was a 20-franc note. And it had been well worth twenty francs. Same was proffered.

'Non, non, non; M'sieu!!'. And I began to wonder just how much he felt it was worth. Then he took from his pocket a small card on which was printed his identification together with the scale of charges for the services of le porteur. For each bag; one franc. But if M'sieu would be so kind and patient; he would obtain change! It took a bit of doing to convince the man that I was not trying to spoil the system; I was only making an effort to compensate him for having done what I would never have been able to accomplish. With considerable, and I firmly believe genuine reluctance he accepted the 20 francs.

Have you had a porter turn down a folding-money tip lately?

# Homemaking Hints

By Janet Thomas

Holiday entertaining is a special time for all. Baking our favorite foods for holiday meals and parties brings joy to every home.

As we entertain, often we have to cope with fabric stains. In my column this week, I would like to mention some of the common types of stains that most often occur at the holiday season and some stain removal methods.

Most stains can be easily removed when they are fresh, but become difficult or impossible to remove later.

Start to remove stains before washing, since hot water can set many stains permanently. Cool water pre-soaking is a safe and effective procedure.

Always identify the stain, if possible. If you can't determine what caused the stain, it will help if you can tell whether it is a greasy stain, a non-greasy stain, or a combination of the two.

Here are some simple stain removal methods for different types of holiday stains:

**Candlewax, Paraffin:** To remove as much as possible, lift wax off fabric with knife. Then place the stain between clean white blotters or several layers of facial tissue and press with warm iron. To remove remaining

stain, sponge with a grease solvent. (Buy grease solvents that contain perchloroethylene or trichloroethylene. NOTE: Never use carbon tetrachloride, gasoline, or lighter fluid due to the extreme dangers involved.)

**Chocolate, Gravy and Sauces, Butter and Mayonaise Stains:** Soak stain in cold water for 30 minutes. Work detergent into stain. Rinse and dry (do not dry in dryer for heat may set stain). If stain remains, sponge with a grease solvent and dry. Repeat if necessary.

**Fruit and Berry Stains:** Sponge immediately with cool water. If safe for fabric,

stretch the stained portion of the fabric over a bowl and fasten with an elastic band or string. Pour boiling water through the stain, then launder in suds. For pear, peach, cherry and plum stains, sponge immediately with cool water and rub with glycerine. After two hours, apply a few drops of vinegar for a minute or two, then rinse and launder in warm suds.

**Coffee and Tea (no cream):** Sponge stain with cold water. Then soak 30 minutes in water before laundering.

**Beverages (alcoholic and soft drinks):** Sponge in cool water and glycerine. Soak for 30 minutes. Then sponge with alcohol if safe for fabric. (If your beverage stain is on an acetate fabric, dilute to two parts water for one part rubbing alcohol.)

**RECIPE FOR THE WEEK**

For something special for the holidays, try this recipe for strawberry bread. For party sandwiches, spread thin slices of the moist strawberry bread with softened cream cheese.

**STRAWBERRY BREAD**

1/2 cup (1 stick) butter or margarine  
1/2 cup sugar  
1 teaspoon vanilla extract  
2 eggs  
2 cups sifted all-purpose flour  
1/2 teaspoon salt  
1 cup strawberry preserves  
1/2 cup buttermilk  
1/2 cup chopped nuts

Heat oven to 325 degree. (If using glass loaf pan, heat oven to 300 degrees). Grease bottom of an 8 1/2 x 4 1/2 x 2 1/2 inch loaf pan. Cream butter. Add sugar and vanilla, beat until fluffy. Add eggs, one at a time, beating well after addition. Sift dry ingredients together. Combine preserves and buttermilk. Add flour mixture alternately with

preserves mixture. Beat only until well blended. Stir in nuts. Pour into prepared pan and bake for 1 1/2 hours. cool in pan for 15 minutes. Turn out onto wire rack and cool completely. For easy slicing, store overnight in a cool place.

**LOCAL SCHOOLS** will buton up shop for Christmas next Friday, Dec. 19th. And the coming week is the last week for everybody to get ready for the annual Santa Claus visit.

The Cisco Public Schools will turn out classes at 2:30 p.m. Friday until Monday, Jan. 5. The first semester ends Jan. 16th. The CHS Home Making Department entertained members of the board of trustees, their wives and school officials at dinner last Monday night. This is an annual affair, and there were 20 people present.

Dr. and Mrs. Norman Wallace entertained members of the Cisco Junior College board of regents at dinner last Monday night at the president's home on College Hill. CJC students will be taking first semester final exams this week and as each student finishes the last exams he or she will be finished for the year. CJC business offices will reopen on Jan. 5th with the second semester firing up the following week.

A CAPACITY crowd turned out for the annual CJC band and music department Christmas program last Tuesday night. Following the concert, Band Director and Mrs. Tim Jones held open house at their residence out Cisco Country Club way for band students. There are 42 members of the band this year and after the open house, most of them joined in a Christmas Carol singing party.

MENTION SNOW around Miss Martha Graves of our town and you'll remind her about the worst snowstorm she ever drove several hours through last Sunday night. She had gone to Farmington, N.M., to attend the wedding of a niece - the daughter of the Therman Graveses. After the wedding, Miss Martha headed out to Albuquerque to visit her other brother and it started snowing.

By the time Miss Martha got to Albuquerque, there was over a foot of snow on the ground and a howling wind was blowing.

THE MOBLEY Hotel gets mail quite often these days, and letters so addressed usually find their way into the Chamber of Commerce's box at the Post Office. Most of the letters request information about the old building, and the CoC sends them a brochure and answers questions. Joe Walton was reading the other day that the calendars for the years 1931 and 1981 are identical. So if you still have your 1931 calendar, you won't need to hunt a new one. Bruce Smith is a good Santa Claus again this year, huh? The old bricks that came out of the West Ward School that was torn down here a good many years ago were going this week to Albany where Mr. Elmer Tidwell bought them.

MR. GARY ADAMS, who helps operate the Church of Christ Youth Camp at Lake Cisco, reports that their steady improvement program now permits the camp to be used year-around and that they're getting more and more requests from folks who need meeting places during the winter months as well as in summer. 110 folks from Burgess Industries (employees and members of their families) enjoyed a Christmas dinner and party at the White Elephant Restaurant Friday night. The White Elephant Restaurant, by the way, has 50 names on its payroll, reports Owner Ruth Lindsey.

MR. SANDY BOYETT of S&M Supply is among our town's most successful deer hunters. He has bagged two - six and eight pointers. Craig Starr's deer had nine points, the most we've heard about this season. Bobby Fink and Bennie Gary got eight pointers. Willard Johnson of the bait store's mission when he started growing a beard was to keep it until he gets a deer. And he hasn't scored yet and the beard grows. Understand CPA Bobby Smith shot a turkey the other day.

MRS. MORRIS (Dorothy) Odom of The Gazebo, who lives at Cross Plains, was in Big D the other day and the hub caps were stolen from their new Mercury. You'll want to notice the pretty Christmas decorations at the Truly Clark home on the Rising Star Highway. And the

Tom Smartt home up on Avenue N is very attractive with holiday season lights these nights. Aren't the windows at Philpott the Florist pretty?

MRS. LUCY Collier is getting set to entertain her three children and their children for Christmas. And they'll all go to the Cotton Bowl on New Year's Day to cheer for Baylor University where all of the Colliers graduated. The Harold Adlings of Cisco and sons Bill and family of Lubbock and John of Canadian went to Garden City, Kansas, last weekend to attend a big reunion of Mrs. HA's family. Lone Star Gas Man Clifford Smith will be on his annual quail hunting vacation during the coming week.

GLAD TO HEAR that Mr. John Webb of the White Auto Store, who went to the Eastland Hospital last weekend, is doing nicely. He hoped to be home by the time you see this. Somebody called to say that the petitions making the rounds (that we mentioned here) weren't the only ones. Another is out seeking a recall election, we were told. The E.L. Jacksons and the Don Reynoldses represented the Cisco offices of West Texas Utilities Co. at the annual company Christmas party in Abilene Tuesday night. Mr. ELJ, by the way, observed a birthday on Tuesday and their son Robert of Fort Worth came out with a new television for the Jackson home.
