NUMBER 26

Municipal Garden May Be Operated By Cisco For Welfare Supplies

The city commission Tuesday night discussed the operation of a municipal garden on lands adjoining Oakwood cemetery, for the purpose of furnishing vegetables for welfare supplies this summer. Commissioner Henderson championed this project, though it was Commissioner Bible who made the motion to reserve this land for possible cultivation of vegetables for the city's dependents who have not been able to grow them. However, no decision was reached that the garden would be a reality. Henderson pointed out that the city could have it cultivated by water patrons who were unable to pay their water rentals, and the only cash required would be for purchasing seed.

There is about 10 acres of this land, and it was suggested that the Welfare association might also plant a garden on portions of the land for use in their work or relieving distress among the poor of the city.

Mayor Berry and Attorney Grantham were authorized to go to Fort Worth to get the signatures of those interested in the lease of the aviation field. This land is one of the projects the city has in hand for improving and developing an airport, which it is proposed to finance through the PWA. The Lone Star Gas Co. holds a lease on this land, and has already agreed in writing not to drill on the land for gas previous to the expiration of the lease, but others from whom the Lone Star acquired the lease are interested, and it is for the purpose of securing easement from the Texas Public Service Co. that this trip will be made.

HOG PRODUCERS ARE URGED TO COMPLETE CONTRACTS

Corn-hog producers who are now working on their reduction contracts or who contemplate executing contracts are urged by local committees to complete the contracts at once and get them in the hands of committees. Hog producers who have not started working on their contracts may find it inconvenient to locate committees after they begin field inspections, so immediate steps should be taken.

Mr. and Mrs. C. O. Weiser, of Glade-water, formerly well known Cisco people, were past week end guests of relatives and friends in and near Cisco.

Wende-Bauer Nuptials Celebrated At Christ Lutheran Church Sun.

Christ Lutheran church, about six miles south of Cisco, was the scene of a beautiful and impressive marriage service last Sunday afternoon when Miss Hulda Wende became the bride of Mr. Arthur Bauer. Rev. E. Steyer, pastor, impressively read the ritualistic Lutheran marriage ceremony, while the edifice was packed to its capacity with relatives and friends of the contracting pair. The couple was attended by Mr. Albert Wende, brother of the bride, and Miss Esther Wende, a cousin; Mr. Martin Weiser and Miss Clara Wende, a sister of the bride.

At the conclusion of the church services the bridal party returned to the home of the bride's parents, Mr. and Mrs. G. E. Wende, just beyond the south city limits of Cisco, where a most elaborate wedding feast awaited, prepared for the occasion, and where the large number of wedding presents were displayed for the admiration of more than 300 guests.

The bride is the daughter of Mr. and Mrs. G. E. Wende, and a member of one of the oldest German-American families of the Cisco country, and is a comely young lady of many qualities that will make her an ideal wife to the man whom she has chosen as her husband.

Mr. Bauer, the groom, is an industrious young farmer, of Shackelford county, and enjoys the friendship of a host of friends who extend him their heartiest congratulations on winning such a splendid young woman as his life's companion.

The couple will make their home on a farm near Moran, where Mr. Bauer has a home nest already prepared for his bride.

The Citizen extends best wishes to these young people for a happy voyage through life, hoping for them all felicity and prosperity to the extent of their fondest anticipations.

Since the above was written the following account was sent in, which gives a more detailed story of this interesting wedding:

Bauer-Wende

A wedding of interest to many was that of Miss Hulda Wende, who became the bride of Mr. Arthur Bauer. The ceremony was performed Sunday afternoon at 3:30 o'clock by the Rev.

E. Steyer of Christ Lutheran church south of Cisco.

The wedding march was played by the cousins of the bride, Miss Dora Wende on the organ, accompanied by Mr. Herbert Wende on the violin. The bride wore a beautiful white gown. Her tulle veil was arranged with a cap effect and was held in place by a wreath of orange blossoms. She carried a bouquet of white carnations and fern.

Miss Clara Wende, sister of the bride, was maid-of-honor and Miss Esther Wende, cousin of the bride, was bridesmaid and wore blue gowns of organdie and carried pink sweet peas and fern.

Groomsmen were Mr. Albert Wende and Mr. Martin Weiser. Ushers were Mr. Paul Wende and Mr. Willie Wende.

Immediately following the ceremony the cousins of the bride sang "All Depends on Our Possessing." After the ceremony the bridal party, with close relatives and friends left for the bride's home, where a bountiful wedding dinner was awaiting them.

The bride is the charming daughter of Mr. and Mrs. Gus Wende. Mrs. Bauer is a very popular young lady, and has served as secretary of several societies.

JIM HORTON OFFERS TIRE BARGAINS TO OUR READERS

The Citizen directs the attention of our readers to the advertisement that has been published for the past three weeks, of the bargains in used car tires offered by the Jim Horton Tire Service at Eastland.

Probably this is the largest tire service in the county, having on hand at the time he started this advertising in the Citizen more than one thousand used tires, all worth the money. Many of the tires are practically new. Being one of the largest tire dealers in the county, Horton assembles many tires that have been used but little, and therefore, for ordinary purposes, are as good as a new tire. Horton probably sells more tires than any other Eastland county dealer. There are two reasons why this is so: He buys in car lots, which enables him to sell for less, and is not afraid to tell of his merchandise through the newspapers. Then he is distributor for the well known superior Seiberling tire.

Miss Opal Long, of Bluffdale, is the guest of Mrs. Lessie B. Landers, over the week end.

Superior Animals Are Being Shown Today in County Livestock Show

A large entry of animals, and of superior grade, are being shown at the Eastland County Livestock Show, which opened in the Nance used car yards today. This exhibition of Eastland livestock will continue through tomorrow, and many prizes are being offered for the best animals shown in addition to the ribbons that are being awarded by the association. J. M. Bird, vocational agriculturist, is in charge of the show, who is assisted by the heads of departments, which were published in last week's Citizen. H. N. Smith, of John Tarleton college, is judge of the show.

Prize List

First National bank, \$2.50 cash; Norvell and Miller, \$2.50 merchandise; Collins Hardware Co., one lariat rope; Dean Drug Co., \$2 of stock dip or tonic; McClelland Grocery, one can coffee; A. Grist Hardware Co., \$1 of merchandise; Huesties Bros., one car grease; Billy Huesties Service station, five gallons gasoline; Ballard Produce Co., one dressed chicken; Cisco Lumber and Supply Co., one room wall paper (for beef cattle prize); Skiles Grocery, two pounds coffee; Refinery Service station, fill crank case with oil; Bankhead Feed Mill, one can of livestock dip; John H. Garner's, \$2.50 of merchandise; Hyatt & Wood, one sack flour; McDonald Hardware Co., \$1.50 merchandise; Miller-Lauderdale, one work shirt; Boston Store, one dress shirt; J. C. Penney Co., one pair work shoes; Wende Dry Goods Co., one work shirt; Leach Stores, \$1.50 merchandise; Schaefer Bros., one gallon lubricating oil; Nance Motor Co., \$1 merchandise; Gulf Service station, D avenue and 9th street, one grease job; Perry Bros., \$1 merchandise; Home Furniture Co., \$1 merchandise; A. G. Motor Co., one wash and grease job; West Texas Utilities Co., \$2 cash; Community Natural Gas Co., \$2 cash; Reimer Cash and Carry cleaners, one suit cleaned and pressed; Cisco Daily News, one year's subscription to Cisco American and Round-Up; Tullos Bros., clean and press one suit; Cisco Citizen, one year's subscription; Burton-Lingo Co., \$2 merchandise; A. V. Clark Service station, eighth street and E avenue., one wash job; J. B. Pratt, Gulf Refining Co., one gallon of Gulf livestock spray; A. Z. Myrick, two bull services; Dr. F. E. Clark, two bull services; F. E. Harrell, one pig, for sheep prize; J. M. Bird, bud 12 three-year old pecan trees.

Rabbit Club Annual Show Being Held in Sessions Building

The annual exhibition of the Eastland County Rabbit club is being held in the Sessions garage, opposite the Piggly-Wiggly store, on Avenue D. There is a large number of entries, which are competing for the rather pretentious list of cups and prizes and ribbons that are being awarded by the association. Many of the entries are from other towns than those of Eastland county. Judging, which began Thursday morning, is being done by T. L. Owen, of Oklahoma City, who is assisted by L. H. Weaver, of Temple. John A. Garrett, of Cisco, is manager of the show.

The winners in the exhibition will be published in next week's Citizen, as space was not available to give them in this issue.

EASTLAND COUNTY LETTUCE SHOWN IN CISCO SATURDAY

Theodore Eifert, one of our progressive young farmers, living south of Cisco, was here Saturday and was selling some choice lettuce which he had grown. The vegetable was crisp and fresh, and some of it headed out nicely. This lettuce found a ready sale.

Labor Official Was Speaker at Meeting Progressive League

Enoch Hardaway, of Fort Worth, representative of the Unemployed Labor Council of that city, was in attendance at the meeting of the Progressive League last Tuesday evening. Mr. Hardaway made an interesting talk which was appreciated by every member in attendance. Others who made talks on this occasion, besides local members, were B. H. Lauderdale, of Breckenridge, and Dr. L. C. Keel, of Ranger. Dr. Keel is district organizer, and spoke of the interest being manifested in the various locals that have been recently organized.

"The movement is growing with rapid strides," Dr. Keel said, "and the enthusiasm that is manifest in the Cisco local is being seen in all the unions. And the members are going to take a larger interest in the coming primary election than has been seen in many years. This fact is seen in the large percentage of poll tax receipts now owned by members of the league. About 80 per cent have paid their poll tax in practically all of the locals, which I am told is about the ratio of the Cisco members," he told his hearers.

Others besides those mentioned were in attendance from Eastland, Breckenridge and Fort Worth.

There were about 40 present at the last meeting, which shows that interest is increasing. The next meeting will be held Tuesday night in the city hall auditorium, which will be featured by a concert by a string band from Ranger. Every man, woman and child is invited to attend this meeting, as this, like all meetings of the League, is open to all.

Cisco Loses Beloved Citizen in The Death Of W. H. Kittrell, Sr.

"Quietly he folded his mantle about him and peacefully laid himself down to sleep." Such was the passing here of William H. Kittrell, Cisco pioneer and minister of the Church of the Living God. The end came at his home, 201 West 18th street, Wednesday afternoon after a brief indisposition. His passing was like his life—peaceful and quiet. Truly one who loved God and his fellow man was this patriarch and pioneer citizen. Without an enemy, and none but friends, was the heritage he leaves to his loved ones, and today all Cisco mourns the loss of this Godly man. The remains were buried Thursday in Oakwood cemetery following the funeral services held at the Kittrell home at 3 o'clock.

Mr. Kittrell would have reached his 83d birthday had he lived till March 13, who despite his advanced years, was active up to near the day of his passing. For the week previous to his death he had been confined to his home, but was able to set up even on the day he died.

Coming to Cisco in 1898, he lived here continuously since, and no man was more loyal to his adopted home than he. He is survived by his widow and four children: William H. Kittrell, Jr., of Dallas; Miss Laura Kittrell, of Winters, assistant postmaster there; Frank Kittrell and Miss Lucy Kittrell, of Cisco.

Wippen's Funeral Home had charge of burial arrangements.

Mrs. C. F. Gerhardt and daughters, of Del Rio, are visiting their parents, Mr. and Mrs. O. P. Weiser, at the Weiser home south of Cisco.

BIBLE THOUGHT FOR TODAY

They shall be satisfied with the fatness of thy house: and thou shalt make them drink of the river of thy pleasures.—Psalms 36:8.

Because I put my trust in thee, O God, The way has easier grown my feet have trod.

Flowers line my path of love and hope; The power is mine to conquer and to cope

With all things difficult.

—Rosamond Nightingale Pigott.

The greater the violation of the divine law, the more complex the aftermath. Within the memory of man, no situation ever appeared in more complicated form, and with more widespread disastrous effect than that which has confronted the entire population of the globe since 1914. . . . For the individual who is ready to leave the old for the new, there is and everpresent help. "Behold the Lord's hand is not shortened that it cannot save; neither is his ear heavy that it cannot hear."—Frank M. Selover.

ARE WE BECOMING LESS MATERIAL?

Are the people becoming less material and more spiritual in their thinking? We are admonished in holy writ that "as a man thinketh in his heart, so is he." So, it is evident that the people are thinking less in material means to correct the ills of the nation, and are turning for guidance back to spiritual means as contained in the preachings of the old Biblical characters, and confirmed by Jesus and His disciples.

This is seen in the frequent Biblical remedies that are being suggested to cure the ills with which the country is now afflicted. For instance: the many who are proposing the old Jewish custom of restoring the day of jubilee every fifty years, and limiting wealth of the individuals that poverty and lack may be curtailed. People are today favoring some plan of limiting wealth who would not have thought of voicing such a radical proposition a few years ago for fear of being classed as a communist. Now these epithets have lost their potency, and if the sentiment of the people continues along this line the "day of jubilee" may be a reality in less than another generation.

But the people are beginning to think in more spiritual terms, and are changing the present depression more to the prevailing thought that panics and lack are only the result of wrong thinking and wrong acts, which can and will be corrected when the world embraces a system of right thinking and right living.

This change of thought is timely. Today we are told, that more than forty millions of people in the United States are without the necessities of life, and this too, when the country should be enjoying its greatest

prosperity. We have plenty of everything for everybody except money and employment. This condition can be partially corrected by legislation—making changes in our system by returning the constitutional functions of government back to our elected officers, stop borrowing money to operate the government instead of exercising our constitutional authority of the government of coining its own money and regulating the value thereof, but if permanent prosperity is ever realized we must think right and live right.

"SHARE OUR WEALTH SOCIETY"

The above caption is the name of a society sponsored by Huey P. Long, United States senator from Louisiana, who proposes this form of revolution to save the United States from either monarchy, ruled by financial masters, which he terms a modern feudalism, or a government of communism. Quoting from holy writ Senator Long says his plan is that which was prescribed by the Lord.

In literature which Senator Long has caused to be printed he points out that the wealth of the nation is not equitably distributed, and calls on the people to organize to demand that this be corrected by limiting wealth and limiting poverty. His plan is not as radical as some might suppose, for it does not call for impoverishing the rich, but says when a man has reached the millionaire class, with plenty to live in luxury, he should be willing for the other fellow to have at least the necessities of life. To limit wealth and poverty and prevent accumulations of vast fortunes, Long's plan would tax the big fortunes to pay the expenses of the government to that extent which would limit income and reduce swollen fortunes, and make it possible for the average family to share in the wealth of the nation to the extent of not less than one-third of the average wealth of the country.

Probably Long is several years ahead of the times, but his plan is less radical than that which may confront the financial lords of the land if the present system of accumulation is not checked. His is a revolution, but a peaceable one, and if adopted would doubtless divert a more drastic plan, and probably a revolution that would be fraught with bloodshed and chaos.

It seems that the greed for wealth knows no limit. The money barons have failed to read the lessons of other nations which have oppressed the people, or they would be the first to champion the cause as proposed by the Louisiana senator, which in comparison to the fate that met the regime of the Czars of Russia would be a

most liberal and happy solution. But it is probable that nothing short of a bloody revolution will ever cause our money masters to stop and think. It is far better to limit fortunes to the millionaire class, with limited incomes that will prevent accumulations of vast fortunes, than absolute confiscation of the wealth of the extremely rich. Should the people ever awake to the fact that they are only the serfs of the capitalist clan, and decide their burdens are greater than a free people should bear, then God alone can help the rich. In that event, instead of limiting fortunes to above a million, as Long proposes, their fortunes will be wiped away, and those who are no million and billionaires will be reduced to abject poverty, as are the nobility of Russia today.

Long has distributed his propaganda over the entire nation, and is asking the people to organize "Share Our Wealth" societies, promising to personally visit those counties where these societies have been formed. One of these circulars has reached the Citizen office, and others in Cisco have received them also.

That Senator Long is not far wrong most people will admit. But the metropolitan press of the nation will do all things to ridicule his plans, and attempt to bring Long into disrepute by publishing only half truths regarding the man and those things for which he stands. As the Citizen sees it, Long is attempting to do something for those who are now threatened with serfdom, which will be their fate before the next generation reaches the state of manhood if matters continue as they now exist.

A brief synopsis of the "Share Our Wealth" plan was published in last week's Citizen, which most of our people have read. If there be those who desire to organize a "Share Our Wealth" society the Citizen will be glad to give them such information as it has.

ATTENDED MEETING OF WEST TEXAS UTILITIES SALESMEN

General sales meeting of the district sales managers of the West Texas Utilities company was held Friday at Hilton hotel to discuss policies for 1934. T. E. Kuykendall, merchandise manager of the company, was in charge of both the morning and afternoon sessions.

Sales managers present were Owen

CITATION BY PUBLICATION

THE STATE OF TEXAS) County of Eastland) To the Sheriff or Any Constable of Eastland County—Greeting:

You are hereby commanded to summon W. D. Parkhill, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, and 91st judicial district to appear at the next regular term of the 91st district court of Eastland county, Texas, to be held at the court house thereof, in Eastland, on the first Monday in April, A. D. 1934, the same being the 2nd day of April, A. D. 1934, then and there to answer a petition filed in said court on the 21st day of February, A. D. 1934, in a suit numbered on the docket of said court, No. 15,941, wherein Etta Parkhill, is plaintiff, and W. D. Parkhill is defendant, and the cause of action being alleged as follows:

Plaintiff alleges that she married defendant July 4th, 1933, and that at said time defendant claimed to be unmarried, when in truth and in fact he was married to another woman who then lived and now lives at Frederick, Oklahoma, and that said defendant was without power to contract a marriage with plaintiff and that said marriage was and is null and void.

That when plaintiff later learned the facts, defendant abandoned her and is now a fugitive and plaintiff's relations with him are ended.

Wherefore she prays that said marriage be cancelled and annulled.

Herein fail not, but have you before said court, on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Eastland, Texas, this 21st day of February, A. D. 1934.

P. L. CROSSLEY, Clerk District Court, Eastland County, Texas.

"Life of Our Lord" To Be Published By The Dallas Morning News

The death in London last December of Sir Henry Fielding Dickens, sixth son and last surviving child of Charles Dickens, makes possible the publication of the novelist's manuscript, "The Life of Our Lord." Serial rights for North and South America have been purchased by the United Features Syndicate and from this organization by the Dallas Morning News. The News will start publication March 5 and continue for thirteen days in installments of slightly more than 1,000 words each.

"The Life of Our Lord" was written in 1849 by Dickens for his children. He bequeathed to them his manuscript, which passed finally into the hands of Sir Henry. A few weeks ago his widow offered the manuscript for sale and after lively bidding the rights were sold in London to the Daily Mail for \$210,000, American, or at the rate of \$15 per word. The amount paid by the United Features Syndicate for the two Americas has not been announced. Shortly after the Dallas Morning News and other United States dailies finish serial publication the work will be published in book form.

There are few references to "The Life of Our Lord" in the weighty Dickens literature. A few hours before the great Victorian novelist was stricken with the attack that caused his death the following day he wrote to one John M. Makeham, who had accused him of irreverence in a passage of "The Mystery of Edwin Drood." The final paragraph of his letter, thought to be the last words written by Dickens, are, as follows: "I have always striven in my writing to express veneration for the life and lessons of our Savior because I feel it; and because I re-wrote that history for my children—every one of them knew it from having it repeated to them—long before they could read and almost as soon as they could speak. But I have never made publication of this from the house-tops."

The Dallas News is especially proud that it was able to purchase first publication rights for its territory. In the great writing that has appeared in its columns for almost a half century none has surpassed this hitherto unpublished masterpiece of Charles Dickens.

Crop Loans Available To Those Cooperating With Adjustment Plan

Farmers seeking loans from the \$40,000,000 emergency crop loan fund will be directed in the near future where to apply in their respective communities, stated Wm. I. Myers, governor of the Farm Credit Administration. Rules and regulations covering such loans will soon be announced. Application forms are now being prepared.

It is required by the law that borrowers, as a condition to receiving an emergency loan, must furnish proof of cooperation with the Agricultural Adjustment Administration. The nature of proof of cooperation will be similar to that recently announced as applicable to other borrowers who apply for loans under the FCA.

Each applicant must obtain clearance through, or furnish a certificate of cooperation with the AAA. The production control associations will make available lists of those who have signed acreage control contracts. Farmers who are on this list, if otherwise eligible to borrow, will be able to obtain loans.

County councils of the production

WOODMEN OF THE WORLD PRESIDENT HONORED THROUGHOUT U. S. FOR 35 YEARS OF SERVICE

Bradshaw's Long, Faithful Devotion to Duty Celebrated During March

Woodmen of the World members throughout the entire country are celebrating the month of March in a gigantic campaign in honor of De E. Bradshaw, president, who

De E. Bradshaw

has served W. O. W. in an official capacity for thirty-five years.

Thousands of W. O. W. camps in every state will hold special celebrations and programs during March to pay tribute to the long and faithful service of Mr. Bradshaw.

Mr. Bradshaw, whose life has been typical of the log cabin boy who has risen to dizzy heights, was honored at his birthplace in Izard county, Arkansas, where local and national W. O. W. officials gathered for a special celebration. His mother, 97 years old, still lives near his birthplace.

Mr. Bradshaw has always been a strong church worker, having served as president of the Arkansas Sunda School association. He was also president of the Arkansas Humane Society and has participated in scores of charitable and civic endeavors.

His first national W. O. W. office

was Sovereign Sentry in 1899 in Little Rock. He later went to W. O. W. headquarters in Omaha as General Attorney and his work was so outstanding that it brought him national prominence as the leading fraternal life insurance counsellor in the country.

"The record of Mr. Bradshaw is so outstanding and noteworthy that the spirit of fraternalism in W. O. W. has never before been greater," said Col. T. E. Patterson, vice president. "Mr. Bradshaw has endeared himself to every member because he not only has been progressive in expansion, but his wisdom in safe investments and protection for policyholders is a shining example for the entire country."

A giant bulletin board has been erected in Mr. Bradshaw's office upon which are posted daily results of a campaign to exceed all past records for a month. It is expected that the total will exceed eight million dollars.

The Woodmen of the World Life Insurance association is showing evidence that the "corner of prosperity" has been reached, its assets having been increased during last year by more than \$4,200,000 and its certificates by more than 55,000. It now has assets of more than \$115,000,000 and is considered the strongest fraternal life insurance associations in the world.

The Woodmen of the World operates Radio Station WOW in Omaha and has a tuberculosis hospital and chapel in San Antonio, Texas.

W. O. W. is now moving to its new quarters in the Insurance Building in the heart of Omaha. The Insurance Building, which is owned by W. O. W., has been transformed into one of the most modern buildings in the city. It has a huge vault formerly occupied by a bank and trust company. More than \$105,000,000 of securities were recently moved under the care of forty armed men and armored cars down the main street of Omaha to the new burglar-proof vaults.

More than ninety-five per cent of W. O. W.'s assets are in the highest grade government, state, city and county bonds of nearly every state in which W. O. W. does business.

control associations will certify to representatives of the FCA the names of any farmers who, while not signing acreage control contracts, are cooperating by not increasing their production contrary to the acreage control program.

Where county councils have not been set up, FCA representatives will be instructed to make no loans to farmers who are planning to increase production.

For the time being, according to Governor Myers, the various regional emergency crop loan offices will handle the applications for loans from the \$40,000,000 fund, and these offices will be under the immediate direction of the Production Credit Commissioner, S. M. Garwood, and the governor.

Mrs. Paul Weiser, formerly Miss Freda Stroebel, and baby, of Del Rio, are guests of Mrs. Weiser's parents, Mr. and Mrs. Henry Stroebel.

First Church Of Christ, Scientist

First Church of Christ, Scientist, of Eastland, authorized branch of The Mother Church, The First Church of Christ, Scientist, of Boston, Mass., holds services every Sabbath morning at 11 and each Wednesday night at 8. Testimonies on Christian Science healing may be given at the Wednesday evening meetings. Sunday school convenes at 9:45 a. m. All of these services are held in the Church edifice at the corner of Lamar and Plumer street.

"Christ Jesus" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 4.

The Golden Text is: "Other foundation can no man lay than that is laid, which is Jesus Christ" (I Corinthians 3:11).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For unto you is born this day in the city of David a Saviour, which is Christ the Lord" (Luke 2:11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and

"Service With a Smile"

Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus was the son of a virgin. He was appointed to speak God's word and to appear to mortals in such a form of humanity as they could understand as well as perceive. Mary's conception of him was spiritual, for only purity could reflect Truth and Love, which were plainly incarnate in the good and pure Christ Jesus" (page 332).

Mr. Clint C. Carey, an esteemed member of the Citizen family, was greeting his many friends in Cisco Saturday after an absence from town for more than three weeks, being detained at home on account of a tough attack of pneumonia. Carey stated that he was confined to his bed for over two weeks, and for one week was recuperating and regaining his strength.

We were pleased to meet our old friend, Mrs. M. D. Heist, Saturday, who was in Cisco from the Heist lease north of Putnam, trading with Cisco merchants.

FARMERS ADVISED TO MEASURE ALL LANDS IN CULTIVATED CROP

Farm operators are urged to utilize cold weather for measuring fields to determine exactly how many acres of crop land are in the various plots. Experiences in the reduction program has shown us that most fields have long been overestimated. Continued dealings with the government necessitate absolute accurate knowledge of acreages in the various cultivated lands.

The General Goes In Business Competition With His Advertisers

As the Citizen has previously remarked, the "general" is resourceful. Whatever his other short comings may be we have to tip our chapeau to him on his never failing resourcefulness in putting over some new racket. His latest will be hailed with much interest by his several grocery advertisers, whose prices appear in the pages of the string daily each Friday.

To make that necessary showing in time for the next annual statement of circulation required by the postoffice department, that he really has that "3,102" paid in advance subscribers, he has inaugurated a subscription campaign for the Thursday's issue of the string daily he mails out under the title of the American, (only change is the heading.) He has solicitors in the field taking subscription to his weekly to give those lonesome "78" bona fide subscribers company. And a few are trading him some articles of produce for his weekly issue of the string daily. It doesn't matter what it is—just a setting hen, a few eggs, a chunk of pork—all are legal tender for subscriptions to the weekly issue of the daily.

However, the Citizen thinks it is all right to accept country produce in payment for subscription, but it is slightly unethical to resell this produce in competition with his grocery advertisers. I heard of one of the "general's" customers who purchased a lot of last year's fryer's from the "general," and resold them to one of his grocery advertisers for a profit of several dollars.

By a grapevine telegraph another message came to the Citizen that he offered to sell a batch of home-canned fruits and vegetables at a bargain, telling the prospective customer that he would let him have them at "one-half the price" his grocery advertisers would charge him.

The Citizen knows the grocery firms, who have been paying the string daily good money for space in the Friday edition, will welcome him as a competitor, especially when he agrees to undersell them 50 per cent, thus accommodating and saving money for their customers.

As stated above there is no reason why he should not accept country produce in payment for subscription to the string newspaper, as money is scarce, and farmers have the produce they cannot sell. Some of the members of the Citizen family keep their newspaper family dues paid with just this kind of "legal tender," but I don't offer it for resale. What the Citizen household cannot consume of the produce it is distributed to the Citizen working force. And the Citizen does not enjoy that liberal patronage of the grocery merchants that is given the string daily.

But it is really unethical to under-

sell a business competitor, and if persisted in the other grocery merchants should insist that the "general" sign the grocers' code of (un)fair competition.

Hereofore only coin of the realm was legal tender for subscriptions to the string paper, but realizing something must be done to increase his circulation near that enjoyed by the Home Owned newspaper in the rural sections of the Cisco country, the "general" has followed the Citizen's example and is now taking any kind of produce to get the farmers to read the Austin-owned paper. Then he evidently feels he must make a showing to have that "3,102 paid in advance subscribers," which he made an affidavit the string daily had last October, and for "the six months previous," by the time the postal inspector asks to look at his books again. And a few farmers are falling for his latest racket, and the next time he makes a sworn statement his 78 rural subscribers will probably have been increased to 178, as not all of the farmers are taking the Home newspaper—but most of them—but we regret to say that the Citizen cannot swear that it has quite "3,102" yet. But most everybody reads the Citizen at that.

CITY ELECTION CALLED FOR APRIL 3 TO ELECT THREE COMMISSIONERS

The city commission Tuesday night passed a resolution officially calling the city election for the first Tuesday in April, the date being April 3, which was ordered published in the string newspaper, the official organ of the city.

This election is for the purpose of electing three commissioners to succeed Commissioners Winston, Burnett and Henderson, the present incumbents, each of whom are candidates to succeed themselves. Up to the present neither of these officials have an opponent, and as the time is fast drawing near, indications are it will be a tame election, devoid of that interest usually manifest in municipal changes.

However, other names have been suggested as drafting possibilities, including W. P. Moore, T. J. Dean, L. D. Wilson and Leon McPherson, though these possibilities have not yet signified their willingness to make the race.

CISCO PEOPLE MAY TAKE CATFISH AND PERCH NOW

The city commission Tuesday night gave permission for those having fishing permits, either for the season or daily, to catch other than game fish from Lake Cisco during the closed fishing season. Those who are not holders of season permits may secure daily permits from the city secretary at 25 cents per day, or may purchase season permits to enable them to fish in Lake Cisco waters for perch and catfish. This permission carries with it the provision that no live bait or artificial lures may be used, and only red worms or some other than minnows or lures are to be used out of season.

The commission granted this permission on the petition of nearly two hundred signers who wished to enjoy the sport of catching edible, but not game fish, before the season opens, and was not sanctioned until the matter had been referred to the hatchery superintendent, Mr. S. B. Wright, who stated that this manner of fishing would not interfere with the game fish breeding.

The flower of youth never appears more beautiful than when it bends toward the sun of righteousness.—Mathew Henry.

Donowho, Ranger.

How's Your Wood Pile? Ours Need Replenishing

Yes, the Citizen's woodpile needs replenishing. A good load of wood pays your subscription to the Citizen for one year. Will pay difference in Roosevelt's "devaluated" dollar, an extra load, or accept difference in a better load next time, or the same kind and fineness of coin or greenback, on an inferior load. If you are short of cash bring us in a batch of stove wood. We have divorced the Community Natural hijackers, and letting our fuel money stay in Cisco country.
