CISCO, TEXAS, SUNDAY, MARCH 7, 1965

NUMBER 55

THERE'S PROBABLY a little less urgency about getting up early in the morning these days out at Mr. Marshal T. Berry's comfortable home in the Pleasant Hill community. He sold his dairy herd recently and, for the first time in 17 years, the milking chore consists of one cow.

Darrell Taylor of Rising Star bought the 40 Berry milkers along with the assorted equipment that goes into a modern dairy barn. The one remaining cow is sort of a problem. She gives about three gallons of milk per day, and the Berrys have milk to spare.

IT WAS IN the mid-forties that Mr. Berry started his dairy — hand milking his cows. He sold milk through the dairymen's association that serves this area. Before long, he built a Grade A dairy barn and added electric milkers. He was a pioneer in the Eastland County Dairy Association and served as its secretary for a good many years.

Mr. Berry was born in Navarro County at Dawson and came to Eastland County first in 1923 where he married his wife, the former Mittie Garrett, a native of Carbon. After a few years, the Berrys went back to Dawson County and remained until 1943. They've lived in Pleasant Hill ever since.

The Berrys have two daughters — Mrs. Don Williams of Abilene and Mrs. Jerry Lyon of Cisco. Both are college graduates and teachers. The family belongs to the Methodist church in Carbon, are members of the Farm Bureau, and take part in community activities generally.

IF WE NEED any help in running printing machinery at The Press office, we'll call on Den Three, Cub Scouts, sponsored by Mr. and Mrs. Bill Reynolds. The troop visited The Press on Thursday and watched the newspaper being printed.

Present for the lesson in printing were Ladd Turner, Randal Burnam, Ray Carroll, William Donham, Mark Heidenheimer, Joe Van Reynolds, Kenneth Boyd, Charles Clark, Bob Olson, Terry Grozier, Mr. and Mrs. Reynolds and children, Mig and Bryan. The group also toured the city hall, saw the jail, and visited the fire station.

THE UPPER ROOM is the name of a dandy little monthly magazine that the Methodist Church distributes nationally. It is full of inspirational articles about people and things.

The Rev. J. Morris Bailey of the First Methodist Church, who is district secretary for evangelism work, received a copy of The Upper Room the other day that he couldn't read. It's printed in the German language. And Rev. Bailey will give it to the first person who can read German and who asks him for it.

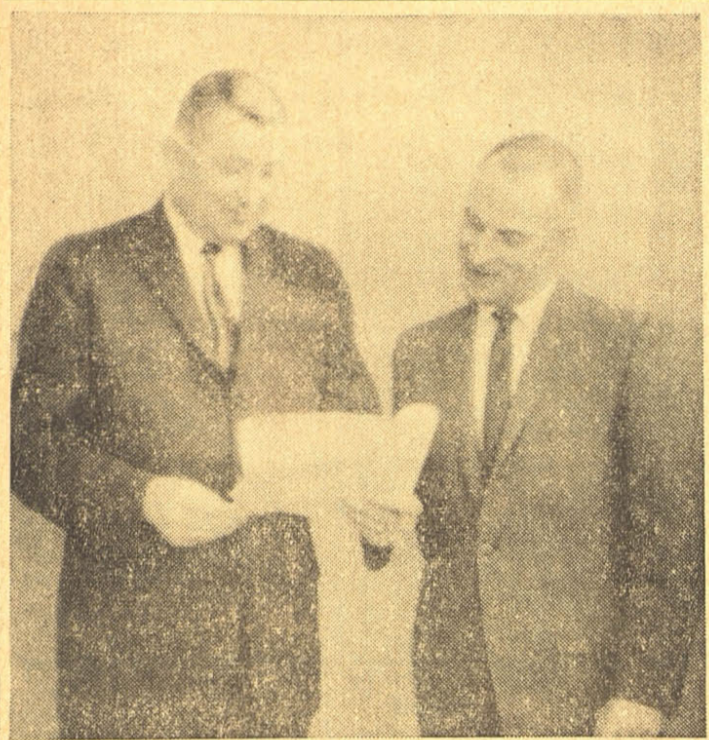

COMES A postcard from Brooklyn, N.Y., with this message: "Dear Press — My wife and I would like to say 'Goodbye' to Cisco. For three years, we will be in Germany. 2 March, 1965. Bobby and Peggy Ingram" . . . Prof. Lloyd London, the Bridge teacher, reports that three tables of new duplicate bridge players have joined their weekly group to learn the system . . . The improvement program up at the Victor Hotel is coming along nicely.

Busy Girl Scout Week Program Is Announced

Cisco Girl Scouts will join over 3,000 members of the Heart of Texas Girl Scout Council and the almost three and three-quarter million Girl Scouts throughout the country in celebrating Girl Scout Week from Sunday, March 7, through Saturday, March 13.

"A Promise in Action" is the theme of the week and of the Girl Scouts' 53rd birthday which occurs on March 12. This date marks the anniversary of the first meeting of the first troop organized in Savannah, Ga., by Juliette Gordon Low, founder of the movement in the United States.

A series of special events have been planned for Scout Week. On Girl Scout Sunday, March 7, all Girl Scouts will attend the First Baptist Church in uniform with adult leaders. They will meet in the vestibule on the southeast corner of the church at 10:45 a. m. Representatives from each troop will present a flag ceremony during the service.

Down town store windows will have displays through the week prepared by the Girl Scouts, and some troops are planning flag ceremonies at their schools on Citizenship Day, Tuesday.

Saturday will be Out of Doors Day, and all troops will meet at the Girl Scout house at 9:30 a. m. to leave for the lake park for cook-outs. Each troop will plan its own menu.

Since the first troop of a few girls, more than 20 million members have made the Girl Scout Promise to do their duty to God and country, to help other people at all times, and to obey the Girl Scout laws of loyalty, honesty, courtesy, cheerfulness, kindness and thrift.

This year, Girl Scouts are paying special attention to the "bridges" which give continuity to their program. The program adapts activities related to the arts, the home, and the out-of-doors, to the changing interests and needs of girls ages seven through 17, thus "bridging" the four age levels: Brownie Girl Scouts (2nd and 3rd grades) to Senior Girl Scouts (10th, 11th and 12th grades).

Vice presidents were named as follows: Stan McAnelly, Ranger; Jack Germany, Eastland; Bob Upham, Mineral Wells; Fred Douglas, Albany; John Kimble, Gorman; Bill Dennard, Rising Star; Leon Maner, Cisco; and James Paul Shanks, Baird.

Eastland will be the host for the 1966 reunion. Decorations for the banquet tables featured an orange styrofoam map of Texas with the words "Oil Belt Exes" attached, along with orange and white table arrangements. The programs were in orange ink.

Statement Made By Jack Sawyers In Council Race

W. W. (Jack) Sawyers has authorized The Press to announce that he will seek a place on the City Commission in the election of April 6.

Mr. Sawyers needs no introduction to the people of Cisco, being a native of the Scranton Community and having lived in and around Cisco all of his life. His wife is the former Rudene Allen, who is of the same area. Mr. and Mrs. Sawyers own their home at 1310 West 13th Street.

Mr. Sawyers has made a name for himself throughout the oil circles of this region, starting with L. A. Warren in 1938. He is now vice president of the Reynolds Drilling Company.

In making his statement, Mr. Sawyers said, "My opinions will be unbiased, and I will always work for what I believe is best for the City of Cisco. No one is perfect, so I'm sure that if I am elected, I, too, will make mistakes; but I believe many problems can be ironed out over a cup of coffee."

"Whoever is elected this coming April, let's all unite and pull together for a better Cisco," he concluded.

E. L. Jackson —

(Continued from Page One)

I have decided to yield to a strong personal desire to be of service to a city that has been a good home for my family since 1937," Mr. Jackson said.

Mr. Jackson retired 14 months ago after some 40 years with West Texas Utilities Company, including 18 years in Cisco as district manager. He has been active in all phases of community and church life during his 28 years in Cisco.

A native of Arkansas, Mr. Jackson has lived in Texas most of his life, moving here from Albany. He is a life-long Baptist, a member of the Masonic Lodge, and has been a member of the Lions Club for 42 years.

Active in the Chamber of Commerce for many years, Mr. Jackson served as a director for a dozen years and spent three terms as president. He served in the Pacific with the Navy in World War II, and has been identified with veterans affairs since 1946. He is a past local, district, regional and state commander of the American Legion and served six years as a governor's appointee on the Texas Veterans Affairs Commission.

Mr. and Mrs. Jackson own their home at 1103 West 9th Street. They are the parents of four children, all of whom are graduates of Cisco High School and of universities.

"I have actively supported and given liberally of my time and means toward the betterment of Cisco since moving here June 1, 1937," Mr. Jackson said. "I have sought to be available for public service through the years except offering for an elective municipal office.

"This I am now doing with the sincere belief that my knowledge and experiences in all phases of civic and governmental life can serve the needs of our community. My long experience in personnel, financial and engineering matters can be utilized in developing an efficient city administration with the help of loyal and long-time employees.

"I pledge my best efforts in serving as a city spokesman when and where one might be needed in promoting the common good of Cisco. My wide acquaintance and extensive travel in every section of Texas does equip me for this important task.

"I solicit your support solely on my own merits as a citizen sincerely interested in his home town and on my pledge to conduct the affairs of the mayor's office along the lines of good business and Christian principles."

trial development in his Stephens County community.

The IRS ruling provides for special benefits regarding taxability of interest on bonds issued by a nonprofit industrial development corporation organized under the general nonprofit law of a state. Hestand told the EC65ers how the Breckenridge Livestock Exchange — a quarter of a million dollar project — was aided by the IRS provision.

Prior to the noon luncheon, M. J. Mittenhal, Dallas, representing the Texas Mortgage Bankers Assn., told the group that private financing is readily available for sound industrial development projects.

He emphasized, however, that sources of private financing must consider the soundness, economic feasibility and reliability of the industry and its management.

Bill Shelton, formerly assistant director of the Texas Industrial Foundation and now general manager of the Wichita Falls Industrial Development, Inc., was featured speaker during the noon luncheon of the fourth EC65 meeting.

Shelton gave the gathering information relative to forming local industrial groups to secure funds to promote plant and payroll expansion.

Winding up the Thursday seminar, TIC Executive Director Harry Clark outlined possible plans for "Statewide Industrial Financing." He informed the group of pending legislation under consideration in the Texas Senate and House of Representatives.

Texas, Clark said, is one of only six states in the nation with no state funds available to aid and assist in industrial development.

Attending the Thursday meeting at Gorman were: GORMAN — County Commissioner Glenn Justice, Mayor Ross Wilson, Mrs. Lucretia Fairbetter, Mrs. Estelle Craddock, Mrs. Bernice Jeffs, Mrs. J. W. Mears, Eugene Baker, Mrs. Helene Prater, Braydon Boze, E. E. Todd, Jerry Mehaffey.

Ranger — Don Yarbrough, W. T. Eaton, Grover Lee. EASTLAND — Frank Sayre, Ben Lancaster, Standlee McCracken, Ernest Moore, H. V. O'Brien, Jim Horton, James Reid, County Agent J. M. Cooper.

CISCO — A. R. Rutherford, Jim Smothers, Gene Abbott,

Scott Bailey, Richard Moore. Others present included Larry Milner of Abilene, area representative of Texas Industrial Commission, and Don Raburn, new member of the TIC staff in Austin, James Glenn, West Texas Utilities, Abilene, and Howard Maddox, Texas Electric Service Co., Fort Worth.

A prescription for sulphur salve to treat granulated eyelids was found in the Ebers Papyrus, a famous Egyptian formula dated about 1550 B. C.

UofT Exes —

(Continued From Page 1)

The program opened with the singing of "A Lodge in the Woods" by Kenneth E. Alford, Ranger Junior College music department head. Virgil T. Seaberry, Jr., of Eastland gave the invocation, and dinner was served. Mr. Alford then led the audience in singing "The Eyes of Texas," and guests were introduced by the various vice presidents.

Dewey Cox, Jr., Ranger attorney, presented the speaker

— Dean Page W. Keeton of the University of Texas Law School, who is a nationally known lawyer and school executive.

Mr. Keeton told the Oil Belt Exes that "there is growing interest by the alumni and the public toward higher education and the University of Texas." He pointed out that Texans were justly proud of the fact that the UofT has the resources necessary to become a national leader in the field of education.

"Since the report of the

Committee of 75 some five years ago, there have been noteworthy advances in all departments at the UofT," Mr. Keeton said. He pointed to the law school that has had an enrollment gain from 600 to 1,400 students in the past ten years. During the same period, the University has grown from 16,000 to more than 24,000 students.

Mr. Keeton said that the standards for admission and for remaining in the UofT were being raised regularly. "The UofT is no longer a school for those who go to

college only to have a good time," he emphasized.

He saw the number 30,000 as the maximum that the UofT would ever be able to enroll without a vast expansion program in buildings and equipment and noted that "as the demand for admission continues to grow, we will have to accept those most qualified." He believed future growth would be in the upper classes.

Mr. Keeton pointed out that the UofT's growing endowment funds plus gifts and grants each year were helping

the university to reach new heights in national rating and recognition.

The new officers were elected following the address, and Mr. Maloney took the gavel from Mr. Warford to conclude the meeting.

Two Clubs Receive Merit Honors At Luncheon Meet

The Twentieth Century Club and the First Industrial Arts Club received Certificates of Merit awarded by the Sears-Roebuck Foundation at the annual City Federated Clubs Luncheon Wednesday at the Lutheran Parish Hall.

Mmes. Alex Spears and W. V. Gardenhire, presidents of the Twentieth Century Club and First Industrial Arts Club, respectively, accepted the awards, which were presented by Jim Smothers, Chamber of Commerce manager.

The awards were for participation in the 1964-66 Community Improvement Program, co-sponsored by the Sears-Roebuck Foundation and the General Federation of Women's Clubs.

Theme of the luncheon was Texas Day, in observance of the 129th birthday of the state. A program on "Monument of our Texas Heritage in Heroes, Music, and Literature" was presented under the direction of Mrs. E. C. Lloyd, instructor of the Cisco Junior College Speech department.

Mrs. Lloyd gave the background and development of Texas Hall of Heroes, where nine of the state's most famous heroes are commemorated. She introduced Miss Anita Shultz, CJC student from Copperas Cove, who had chosen William Barrett Travis as the hero for her discussion.

Texas heritage in music was presented by Miss Judy Gibson, student from Haskell, who sang "Yellow Rose of Texas," "Home on the Range," "Good-bye, Old Paint," "A Cowboy's Prayer," "Roll On," and "Last Round-up," accompanying herself on the piano.

William Bugg, English and French instructor, presented Teas Heritage in literature, discussing the character and personality of the late folklore writer, J. Frank Dobie, who was a personal friend of him and his family. Describing Mr. Dobie as a sincere, rugged individualist and true Texan, Mr. Bugg read a speech delivered by Walter Prescott Webb at the Folklore Dinner honoring Mr. Dobie at the University of Texas in 1955.

Mrs. Leo Clinton and Mrs. Wallace McCarver explained the table centerpieces, which included replicas of the Alamo, memorials, missions,

schools, and other objects in Texas history. The invocation was given by Mrs. O. L. Stamey, and Mrs. Arlin Bint led the salute to the flag. Hostesses were presidents of each of the Federated Clubs in Cisco, and Mrs. Henry Fry, City Federation president, introduced the guests.

Some 85 people attended the luncheon, including a number of ladies from Baird, De Leon, and area towns.

MEDICAL CARE

OR

"MEDICARE"

WHICH DO YOU WANT?

TEXAS today has one of the nation's finest, most comprehensive programs of medical care for the aged. These programs—the Texas approach, we call it—include medical benefits to Old Age Assistance recipients and extensive health cost protection through the use of special insurance plans for the aged. The Texas legislature is also expected to implement a medical care plan for those who are not on Old Age Assistance but who do need help in meeting medical expenses.

Consider these facts:

- 229,000 needy aged, representing 30 percent of Texas' entire aged population, now have a Blue Cross-Blue Shield health insurance policy paid for by the State,

- This State program provides hospital, medical, surgical, x-ray, and nursing home benefits,

- 72% of the aged in Texas now have one or more health insurance policies,

- Through the "Texas 65 Health Insurance Plan," Blue Cross' "Senior Texan Service," and other special programs offered to the aged by private companies, health insurance is available to all who want it at a reasonable cost,

- Studies by Belden Associates indicate that only a small percentage of the aged actually still need and want help in paying health costs (these aged would be covered by the program now being considered by the Texas Legislature).

In view of these facts, the national "medicare" tax proposal (the King-Anderson bill,

H.R. 1) is not needed. "Medicare" benefits are very limited, covering about one quarter (25%) of the total yearly health care costs of the average aged person. "Medicare" would not cover physicians' services or surgical charges, nor would it cover the cost of drugs outside of institutional care.

The "medicare" proposal is an extremely expensive one. While we all are starting to enjoy a reduction in federal income taxes as a result of action by Congress last year, the "medicare" program would cost an estimated \$1.7 billion dollars in additional taxes the first year. "Medicare" would increase payroll taxes to cover everyone over 65—even the wealthy. The employee who now pays a maximum tax of \$174 annually would find the amount for Social Security benefits and "medicare" increased to \$291 by 1971. Employers would pay a similar increase for each employee, thus resulting in higher prices for goods and services.

The Texas approach of providing medical, surgical and hospital care to those who need it is a more comprehensive, more economical program than "medicare," and it provides more benefits. If you object to paying higher payroll taxes for an undesirable, unneeded program, write your Congressman today. Ask him to oppose the "medicare" tax proposal, mentioning the programs for the aged now available in Texas. Ask him to support the Herlong-Curtis Elder Care Bill (H.R. 3727), which would make possible the broadening of the existing Texas program to provide medical, hospital and nursing home care for those few remaining aged who are still in need of help.

Miss Keck And Mr. McBride Wed In Double Ring Ceremony On Feb. 27

In a double ring ceremony performed Saturday, February 27, in the First Christian Church, Miss Carol Louise Keck became the bride of Jerry Wayne McBride of Cumberland, Maryland. Rev. Almon Martin, pastor of the church, read the 7 o'clock rites. The bride is the daughter of Mrs. C. M. Keck of 710 West 9th Street, and the late Mr. Keck. Mr. McBride's parents are Mr. and Mrs. M. H. McBride of Cumberland.

Mrs. Troy Powell, organist, accompanied Roy Hathaway, soloist, as he presented traditional wedding music. Guests were seated by John Keck and Steve Keck, brothers of the bride. Groomsman was George Penfield, uncle of the bride, from Medicine Lodge, Kansas. James Kittle of Guyton, Oklahoma, the bride's uncle, served as best man.

Mrs. Ronnie Awalt of Dallas, matron of honor, and Miss Glenda Keck, sister of the bride, bridesmaid, wore identical two-piece blue dresses and white veils. They carried nosegays of blue and white carnations.

Given in marriage by her uncle, Wilbur Keck, the bride wore a white cotton brocade three-piece suit and a short veil attached to a pillbox hat. She carried glimalias atop a Bible.

The bride's family hosted a reception for the couple in the parlor of the church immediately following the ceremony.

Mr. and Mrs. McBride are on a wedding trip to Cumberland, Maryland. She is a graduate of Cisco High School

and attended Draughon's Business College in Abilene. While in high school, she was a member of Distributive Education Club.

Mr. McBride is a graduate of Fort Hill School and attended Maryland State University on an athletic scholarship. He is stationed with the U. S. Air Force at Dyess Air Force Base, Abilene.

New Officers To Be Nominated By Local Lions Club

A committee was appointed to nominate a slate of officers for the new year beginning next July 1 at the weekly luncheon of the Cisco Lions Club last Wednesday at the Victor Hotel. Named to serve on the nominating committee were Sutton Crofts, Dr. E. E. Ady and Roy M. Benton, all past presidents.

A committee composed of Gene Abbott, Wilson Meglasson and Paul Blaine was appointed to select a girl to represent the Cisco club in the sweetheart contest at the district convention at Abilene later in the month.

Carlton Holder, local insurance man, was initiated into the club in ceremonies conducted by Lion E. L. Jackson.

Frank Cofer, Fort Worth drug salesman, was presented by Lion Tom Stark as the program speaker. He emphasized the importance of every community maintaining adequate medical facilities, including doctors and hospital beds, pharmacies and so forth.

"Industry is very reluctant to consider moving into communities that lack the basic medical facilities," Mr. Cofer said. He pointed out that these assets were increasing in importance.

Guests for the luncheon included Jim Smothers, new manager of the CoC; R. W. McCauley of Fort Worth and Dick Sanders of Cisco.

RETURNS HOME

Mrs. James Waddell has returned from Whiteface after visiting her daughter, Mrs. Olin Lewis, who has been a hospital patient there. She was reported to be doing nicely.

Mrs. Waddell also visited in Odessa with her son and family, Mr. and Mrs. Jim Waddell, and their new daughter, Julie Ann.

Student Council Election Brings Stir Of Activity

Petitions were being circulated last week at Cisco High School by a number of aspiring young candidates for offices in the Student Council for 1965-66.

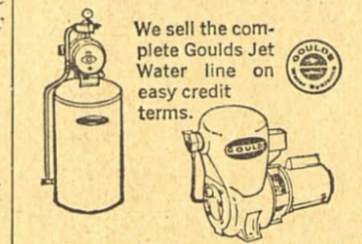

Each candidate for office must have 10 signatures on a petition sponsoring him for a particular office. Campaign managers were also being solicited, and a busy week of campaigning was predicted by Principal C. B. Midkiff prior to elections at the end of this week.

Officers will be elected by vote of the student body at a general assembly Friday, following speeches by each manager and candidate.
