Jr. High and Jr. Varsity Will Play In Ranger Thursday

Lobo Varsity Will Open Home Season Friday At 8

The Lobo Varsity of Cisco High School will open their

home football season here this Friday night against

Rotan. Kick-off will be at 8 p.m. in Chesley Field.

The seventh grade team of Cisco Junior High and the

CHS Junior Varsity will both travel to Ranger Thursday night. The 7th grade game begins at 5 p.m., followed by the JV at 6:30.

The JV will be looking for its first victory of the season since they were defeated last week by DeLeon. This weeks game will be the first one played by a junior high team. The eighth grade team will not play.

The CHS Varsity will also be looking for its first victory of the season when they host Rotan Friday, since they were defeated in their season opener last Friday at DeLeon by the score of 28-0.

The Lobos suffered several injuries to key players during the DeLeon-Cisco game. Quarterback Shelby Nixon was taken from the game by ambulance, but soon returned to the game to watch the remainder of the contest on the sidelines.

Roy Boykin also re-injured an ankle which he had previously injured in a scrimmage. Back-up quarterback Steve Abbott appeared to play the final minutes of the game with an injury.

The Press was unable to contact the coaches at school Tuesday morning to learn more about the players' conditions.

In last Friday night's game against the DeLeon Bearcats, DeLeon was able to score once in each quarter of play while Cisco did not get any points on the scoreboard.

DeLeon scored on their first possession of the ball on a four-yard run by Bryan Boen. The PAT kick by Bill Williams was good making the score 7-0 with four minutes left in the first quarter.

DeLeon recovered a Cisco fumble late in the first quarter to set up their second scoring drive of the night. Three plays later, DeLeon's Brent Hooker took the ball in from two yards out. Again the PAT kick by Williams was good, making the score 14-0 with 11:23 remaining in the second quarter.

With 2:26 left in the second quarter, DeLeon's Hooker scored on a 59-yard run but a clipping penalty against the Bearcats called the touchdown back. The Lobos then managed to keep the Bearcats from making very much yardage and took over possession of the ball.

DeLeon again tried to add to their first half points with only 24 seconds left when they attempted a 22-yard field goal. The kick by Williams was short and to the left, leaving the score 14-0 at half-time.

In the third quarter, DeLeon's Bobby Estrada scored on a three-yard run with 4:40 left on the clock. Williams' PAT kick was good making the score 21-0.

DeLeon recovered a Cisco fumble to set up their final scoring drive of the game which started out on their own 46-yard line. Ten plays later, DeLeon quarterback Goldie Saldivar kept the ball on a three-yard run to add the Bearcats final touchdown to the game. Williams' PAT kick was good making the final score 28-0 with 11:54 remaining in the game.

DeLeon had 13 seniors, 10 juniors, and two sophomores on their roster, while Cisco had four seniors, 12 juniors, and seven sophomores.

Individual rushing statistics for Cisco showed Brian Wagnon with 13 carries for 27 yards; Steve Abbott with 12 carries for 31 yards; Shelby Nixon, 3 carries for 15 yards; Kevin Kirk, 8 carries for 18 yards;

and Ronnie Scheuren, 5 carries for 20 yards.

DeLeon's Bobby Estrada had 15 carries for 131 yards; Bryan Boen had 6 carries for 20 yards; Brent Hooker, 14 carries for 95 yards; Goldie Saldivar, 4 carries for -3 yards; Jeff Mathis, 3 carries for 0 yards; Mario Estrada, 3 carries for 7 yards; Wade Whitehead, 2 carries for -5 yards; and Todd Morris, 3 carries for 7 yards.

Passing leaders for Cisco were Shelby Nixon with 4 completions from 5 attempts for 42 yards, and Steve Abbott with 2 completions from 6 attempts for 25 yards. DeLeon's Goldie Saldivar had 3 completions from 4 attempts for 36 yards.

Receivers for Cisco were Ricky Chambers with 2

receptions for 17 yards; James Berry with 1 reception for 15 yards; Steve Abbott, 2 receptions for 23 yards; and Ronnie Scheuren, 1 reception for 12 yards.

DeLeon receivers were Andrew Hodges with 1 reception for 6 yards; Wade Whitehead, 1 reception for 19 yards; and Bobby Estrada, 1 reception for 11 yards.

Defensive standouts for Cisco included James Berry, Curtis Taylor, Robert Rains, Bill White, Steve Abbott, Roy Boykin, and Shelby Nixon.

DeLeon defensive standouts were Bobby Estrada, Mario Estrada, Todd Morris, Bryan Boen, Lacy Loudermilk, Brad Johnson, Brad Bettis, James An-

draws, and Wade Whitehead.

Ministerial Assoc. Plans Fellowships

The Cisco Ministerial Association has completed its schedule of "after-game fellowships" for 1985. These fellowships are for all youth, 7th through 12th grades, and will be held at the Baptist Student Center on the Cisco Junior College campus.

Transportation to and from the fellowships will be provided by the churches. A bus will be parked outside the gate following the game. Those young people who ride the bus will be dropped off at 11:30 p.m., at the corner of 8th Street and Avenue E, just north of First Baptist Church and parents may pick them up there.

The first after-game fellowship will follow Friday's Rotan game and will be hosted by the First Evangelical Methodist Church and the Church of the Nazarene.

First Christian Church and Redeemer Lutheran Church will host the fellowship following the September 27 Coleman game.

East Cisco Baptist Church will host the October 11 fellowship following the homecoming game with Albany.

First Baptist Church will be host following the Eastland game on October 25.

Calvary Baptist Church will close out the home schedule on November 8 after the Baird game.

The Cisco Ministerial Association invites all youth, Junior High through High School, to join them for these special times of fellowship.

Tract Of Land Presented For Historical Park Here

A tract of 3.1 acres of land was presented to the Cisco Historical Society for use as a historical park by Cisco Junior College at a meeting of the board of regents Monday night. The land is located on the old MKT Railroad right-of-way near

the Mobley Hilton Hotel. A deed to the property was being presented to Dr. Chief Brown, historical society president (right above), when the above picture was made. Shown making the presentation, at left, was Dick Woolley, president of

the board of regents. Standing back of them were, from left, Dr. Henry E. McCulloch, CJC president, and Wesley Valek and Mrs. Ayres Cermin, historical society officers.

Dr. Brown, in accepting the gift, told the CJC regents that the historical society has been given several old buildings that will be moved to the site as the historical park development progresses. The land was given to CJC by the Rockwell Bros. Endowment, Inc., a Texas non-profit coporation of which Joe M. Green, Jr., is president, on April 30, 1981. It is adjacent to the old Rockwell Bros. Lumber Co. yard.

"The historical society sincerely appreciates this gift of land from our college," Dr. Brown said. "Like the Mobley Hilton, which is being restored, the historical park will be a fine memorial to the pioneers of our community."

Jr. Girl Scout Troop Organizing

Calling all girls in grades 4, 5 and 6. A Junior Girl Scout troop is organizing this week. Registration will be at 7:00 p.m. at First National Bank on Thursday, September 12, 1985. A \$3.00 registration fee is required and a parent or guardian must sign necessary forms.

Troop meetings will be held weekly on Thursday afternoons beginning Sept. 19th, after school from 3:30 p.m. till 5:00 p.m. at the First Baptist Church. Leaders will be Sarah Hounshell 442-4616 and Yvonne McFadin 442-3380. If you cannot attend the meeting, call one of the above mentioned leaders.

Soccer Assoc.

A Soccer Association has been formed for Eastland County for grades K through six. All games and practices will be held in Cisco. Games will be held on Saturdays beginning Sept. 28 and ending Nov. 9.

Registration and try-outs will be Saturday, Sept. 14 from 10-12 a.m. at the City Park. Registration fee will be \$10.00, \$5.00 for each additional child in the same family. The fee is payable the day of registration. A parent or guardian must accompany children when they register.

Parents interested in coaching or helping coach should call 442-2475.

In other action, the CJC regents were informed that enrollment in classes for the fall semester was about the same as last year. A head-count showed Monday that there were 601 students enrolled on the main campus with 917 at Clyde, Abilene and Coleman.

Dr. McCulloch said that "we consider our enrollment very good in the light of reports from over the state that most colleges are experiencing enrollment drops this year."

Wednesday, Sept. 11, was the final day for late enrollment and the total head-count was expected to exceed figures released Monday.

A grant of \$8,000 has been approved by the Texas Commission on Arts for CJC to sponsor the appearance of an opera program here next spring. Dr. McCulloch reported. Announcements concerning the program will be made in the near future, he added.

A Dallas concern remains "very interested" in purchasing the Laguna Hotel for development into an apartment complex for senior citizens and with quarters for over-night guests. Dr. McCulloch told the board. Regents gave the firm an extension of time to exercise a purchase option recently.

Work is near completion of the summer improvement program to campus buildings. Dr. McCulloch told the board. Classrooms in the T-V building are expected to be finished this week, he added.

Ralph Glenn, vice president for finance, gave the board a review of the various college operating funds as the 1984-85 budget year ended Aug. 31 and a new year began Sept. 1. The statement showed that the college has some \$750,000.00 in reserve funds, including the sum of \$58,980.00 from oil royalties.

Present at the meeting were Dick Woolley, Rudolph Schaefer, Bill Reynolds, Charles Preston, Brad Kimbrough, J.D. Yardley, Bill Austin, Lloyd McGrew and Roy Dennis, members of the board; Dr. McCulloch, president; Carroll Scott and Ralph Glenn, vice presidents; Connie Rattan, faculty representative; Emma Watts, board secretary; Raymond Lopez, student reporter; and Dr. Brown, Mrs. Cermin and Wesley Valek, Cisco Historical Society.

HALL OF REMARKS

BY HERREL HALLMARK

ONE LOBO fan at Friday night's DeLeon-Cisco game stated that the fans should show their appreciation of the band when they come off the field as much as they do the football team.

The band works long, hard hours to put together their half-time performance each week. In the past, the fans have given them a standing ovation when they came off the field, but Friday night very few people stood in the stands on the Cisco side.

Parents, grandparents, older brothers and sisters, and all fans should show their appreciation of the school groups and show that they are behind them 100 percent, whether they are performing at half-time or playing during the game.

TWO LOCAL real estate agents have both placed ads in this paper showing their desire to help sell property in Cisco. Big Country Real Estate and Yvonne McMillan Real Estate are saying they will offer "a discounted commission of 4 percent to anyone listing their property during the month of September."

You can get in touch with either of the companies for more details.

YOU MAY HAVE already heard that Procter & Gamble Company has dropped its hundred-year-old moon-and-stars trademark from its product packages as a result of unfounded but undying rumors tying the symbol to Satan worship.

In 1983 libel suits were filed against six people accus-

ed of spreading the rumors. The suits were settled out of court.

U.S. SUPREME Court Chief Justice Warren Burger, dissenting from the Court's decision against a "moment-of-silence" law in Alabama, which would permit school prayer, called the court's actions bizarre and ironic.

His statement said in part that the House of Representatives and the Senate regularly open each session with extended and thoughtful invocations and prayer for divine guidance and protection, as has been the custom since 1789.

Burger continued, "It makes no sense to say that Alabama has 'endorsed prayer' by merely enacting a new statute to specify expressly that voluntary prayer is one of the authorized activities during a moment of silence."

SORRY TO HEAR that three of Great Britain's leading legal societies have proposed abolishing the taking of an oath in criminal and civil court proceedings, saying that oath-taking (swearing by Almighty God to tell the truth) is an out-of-date ritual with little or no meaning for the vast majority of Britons.

I UNDERSTAND 50,000 videocassettes of "The Silent Scream" film will be reproduced under a contract signed by Moral Majority leader Jerry Falwell. The controversial film features an on-camera ultrasound imaging of a 12-week-old unborn child being aborted by the suction method.

Falwell stated that this film has turned the tables, placing the pro-abortion movement on the defensive for the first time since the 1973 Supreme Court decision.

Wranglers Play Thurs.

The Wranglers of Cisco Junior College will meet the junior varsity of Panhandle State University of Goodwell, Okla., in non-conference football action at 7:30 p.m. Thursday at Chesley Field in Cisco.

It will be the second outing for the Wranglers who scored an impressive 22-to-7 triumph over North Texas State's JV here last week. The game will be the first for Panhandle's JV, but their varsity scored a 12-to-9 win over Tarleton State University last weekend.

Coach Rick Frazier reported that the Wrangler staff was "pretty well pleased" with everything except the Wrangler passing attack in last week's game. "We've devoted workouts this week to improving the passing game," he added.

The Wranglers completed only eight of 32 passes last week with no interceptions. Mark Pilling, the starter, hit five of 30. QBs Neal Kemper hit three of seven while David Dacus hit one of one.

The Wrangler defense was "pretty awesome," fans decided. They had seven quarterback sacks and limited NTSU to a net of 41

FEMC Youth Plan Work Day

The First Evangelical Methodist Church Youth will have a workday, Saturday, Sept. 14.

They will be available for yard work, house cleaning, or light carpentry work.

The F.E.M.Y. have recently bought an old school bus with money they have made from previous workdays. With donations of engine parts, a radiator, and mechanical work, the bus is now running. The youth are now planning to redo the interior of the bus and paint the outside.

To hire the F.E.M.Y. call 442-2168 or 442-2757.

PTO Executive Board Meet Set

There will be a PTO Executive Board meeting at 9:00 p.m. on Thursday, September 12, at the Community Room of the First National Bank.

Room representatives, officers, and anyone interested in PTO is invited to attend.

Due Sept. 17

Food commodities will be available in Cisco Tuesday, September 17, from 8 a.m.-1 p.m., at the Gas Light Apartments, 806 Conrad Hilton Avenue.

yards on the ground and 55 in the air.

The Wranglers came through the game in good physical condition. However, a top guard prospect, Freshman Ira Burns of Marlin, sustained a broken bone in a foot in the pre-game warmup exercises. He will be out for six weeks, Coach Frazier reported.

The probable starting Wrangler lineup was listed as follows:

Offense-- Mark Pilling, quarterback; David Smith and Randy Roe, running backs; Daryl Grant and Phillip Walton, split ends; Bob Beauchamp, tight end; Mark Lazano and William Abernathy, tackles; Jeff Copeland and Tim Weisenfels, guards; and Mat McBride, center.

Defense-- Mike Johnson and LaNell Overhawn, tackles; David West and John Buesing, ends; John Matthews, Tory Edwards, and Jim Wilson, linebackers; John Booty and Kenneth Pryor, corner backs; Clayton Patton and Wayne Hutchinson, safeties.

Raymond Hernandez, who kicked two field goals and two PATs last week and had a 38 1/2-yard average on eight punts, will handle the kicking chores again this week. The Wrangler Band and Belles will be out for a half-time show.

Latch Family Holds Reunion On Labor Day Week

Some 60 descendants of the late Mr. and Mrs. W.Z. Latch held their annual family reunion on the banks of Lake Tyler in the Outdoor Education Camp on Labor Day Weekend.

The reunion was planned and directed by the two daughters of Mrs. Annie Latch Rendall and their husbands: Mr. and Mrs. Bobby Little of Olden and Mr. and Mrs. Randy Hall of

Cleburne. Water skiing, swimming, fishing and boating kept the water lovers busy on the lake while hiking, bicycling, and table games were favorite land forms of entertainment.

One of the highlights of the meeting was the "unveiling" of a cookbook entitled THE LATCH CLAN COOKS. Roylene Latch Day of Channel View illustrated the book and compiled favorite

recipes sent from various members of the Latch family. The flyleaf contained the names of W.Z. Latch and Amanda Peoples Latch and their eight children. Each contributor to the book gave his name and showed his relationship to Mr. and Mrs. W.Z. Latch or one of their eight children.

Five of the eight "Latch originals" are still living: Lela Latch Lloyd, Annie Latch Rendall, Paul J. Latch, Mary Latch Carey, and Bill Latch. Mary Carey of Willow, Alaska, and Bill Latch of Durango, Colorado were unable to attend.

Other stand-outs of the session was the group singing led by Robert L. Day. With Cheri Day at the piano, the Day family entertained with sextets. Roylene Latch Day, soloist in a Houston church where her husband is music director, sang several requests solos. Paul Latch who celebrated his golden wedding anniversary in June was featured in a reading which he remembered his father saying at the W.Z. Latch Golden Wedding celebration in 1949.

The group gave a rising vote of thanks to the Littles and Halls for their planning and cooking; to the Fred Burchfields for fresh catfish and Alaskan salmon for the meat for the Sunday dinner; and to the K.P.'s and mopping crews who helped with the clean-up details. It was voted unanimously to return to Camp Tyler next year if the place is available.

Fourteen Texas cities and one from Louisiana were represented by the following attendants:

Houston-- Mrs. Frank Richardson and son, Joe; Dr. and Mrs. Robert Day; Craig and Cheri Day; Mr. and Mrs. Joe Mattingly and Chase; and Mr. and Mrs. Larry Latch.

New Braunfels-- Mr. and Mrs. Paul J. Latch. Brownfield-- Mr. and Mrs. R.B. Williams. Austin-- Raula Williams. Katy-- Mr. and Mrs. Fred

Burchfield. Midland-- Rudy Randall; Mr. and Mrs. Charles Latch and son, Kerry; and Mrs. "Easie" Meadows. Channel View-- Mr. and Mrs. Bob Day. Tyler-- Mr. and Mrs. Terry Barfield. Olden-- Mr. and Mrs. Bobby Little and daughter, La Dawn. Ranger-- Mrs. Annie Latch Rendall.

Cisco-- Lela Latch Lloyd. Cleburne-- Mr. and Mrs. Randy Hall and children, Brad, Jacob and Lisha. San Antonio-- Mr. and Mrs. E.R. Van Cleave; Mr. and Mrs. Gary Van Cleave; Ray Van Cleave and sons, Jason and Bryan; and Helen Wildman. Lafayette, Louisiana, and the University of Southern Louisiana, Damon Hanks and Suzanne Latch.

H-Su Will Offer Classes In Lay Academy At East Cisco Baptist

Hardin-Simmons University will offer classes in their Lay Academy at East Cisco Baptist Church in Cisco beginning at 7:00 p.m. on Sept. 12th.

These classes provide opportunity for continuing education for the lay members of our congregations. The program is specifically designed for the lay person over 25 years of age who desires to learn

more about the Bible, theology, Christian History, or other aspects of the Christian Faith. The Lay Academy is administered through the Logsdon School of Theology

of HSU and was instituted under the leadership of one of Cisco Baptist Associations own, Dr. H.D. Neely. Dr. James Shields, Professor of Theology is Director of the Lay Academy and coordinates the program in area churches.

The Lay Academy lists 57 non-credit courses of study. Each participant will have an opportunity to earn the LAY ACADEMY ACHEIVEMENT AWARD upon the completion of 5 courses, or the LAY ACADEMY SCHOLARS AWARD upon completion of 10 courses. Each course consist of 12 hours of study. Classes will meet each Thursday evening from 7:00 to 9:00 p.m., Sept. 12th, through October 17th. The course will be NEW TESTAMENT INTRODUCTON to be taught by Dr. Shields.

The cost is an application fee, \$10.00, which is a one time fee and those who have previously attended or enrolled at Hardin-Simmons University will not be required to pay the application fee. There is also a course fee of \$30.00.

Seeds Planted In Minds And Soil Of Ethiopians

"I am 35 years old, but my life has been like one year. I now have a wonderful new beginning," said a participant in a training seminar held in Ethiopia on how to grow food-producing family gardens.

The Seminar, part of "Operation Seed For Life", was sponsored by Washington-based ADRA International (Adventist Development and Relief Agency), and made it possible for 39 Ethiopians to learn how to train others to grow gardens to feed their families.

ADRA International, a non-profit humanitarian agency of the Seventh-day Adventist Church, has widespread work throughout the world. It operates with the philosophy that the best way to assist other people is to help them develop their own potential as far as possible. It also responds with immediate aid to disasters in the U.S. and overseas.

Although organized after World War II, ADRA is among the eight largest private volunteer organizations in this country. Much of the money for its support comes from the contributions of Church members, but there is a growing public response to what the organization is trying to do.

ADRA's special training in food growing in Ethiopia began recently, when 6,000 lbs. of vegetable seeds were shipped to that country. Vegetables, which form a part of the Ethiopian diet, were shipped because they can produce a harvest within 6 weeks - two months of planting instead of the four months needed for grain to mature.

Once the seeds arrived, the ADRA staff traveled to Addis Ababa to conduct the two week Seminar. Ken Flemmer, ADRA's agriculture specialist, and Jim Rankin, who is in charge of ADRA's highly successful Scientific Gardening Project in Zimbabwe, gave practical instructions in gardening methods that would increase yield and minimize the effects of drought. They explained how to prepare the soil, make rows that would retain water, make compost and how to irrigate.

Each newly-trained agricultural instruction was given a supply of seeds for gardens in his own village. Plans were for this trainee to travel from village to village, giving additional instructions. Ken Flemmer expresses an optimistic attitude. "You may say 39 Ethiopians is not very many people to teach in a land of 30 million. But it's a start - and a good one. By the end of May we heard that just one of our graduates had mobilized 3,000 people to plant gardens. As of today, over 21,000 gardens have been planted as a result of

the 6,000 lbs. of grain provided by ADRA.

"We feel sure that by the time 'Operation Seed For Life' has had a chance to prove itself it will be a great success. We just sent \$60,000 to Ethiopia to buy 100 tons of wheat and teft (a local grain) and shipped another 10 tons of vegetable seeds.

According to Jim Blackwood, Director of ADRA Ethiopia, "This enables us to plant an additional 49,000 vegetable gardens, making a total of 70,000. By the end of the Ethiopian rainy season, we anticipate a total of 100,000 gardens which will feed 400,000 people for up to six months.

"The 100 tons of wheat and teft provided by ADRA will produce enough food to feed 150,000 Ethiopians for 30 days. In addition, ADRA is feeding 45,000 Ethiopians daily as part of its immediate relief effort."

"We learned in Zimbabwe that if a trainee doesn't use his knowledge within three months to train others, he probably never will," reported Tina Hudgins, an ADRA staffer, "so we helped them develop specific plans to use the things they were learning. That way these trainers can make a dramatic and lasting difference in their families and villages."

"The man who said we gave him a 'wonderful new beginning' had sat quietly through our entire presentation absorbing information," Tina reports. "His eyes were crossed and he could neither read nor write. On the last day he thanked ADRA saying, 'I now have something that I can take home and do for myself and my family.'"

Besides agriculture instruction, Gladys Martin, an American who has worked with the Ethiopian people for 39 years, first as an

One Ethiopian participant mobilized 3,000 people in only 30 days to plant individual vegetable gardens which can feed a family of four for up to six months. More than 70,000 gardens have been started so far.

educator, later as a public health professional, gave lectures on nutrition, family planning, preventable diseases, and other health care needs of famine victims.

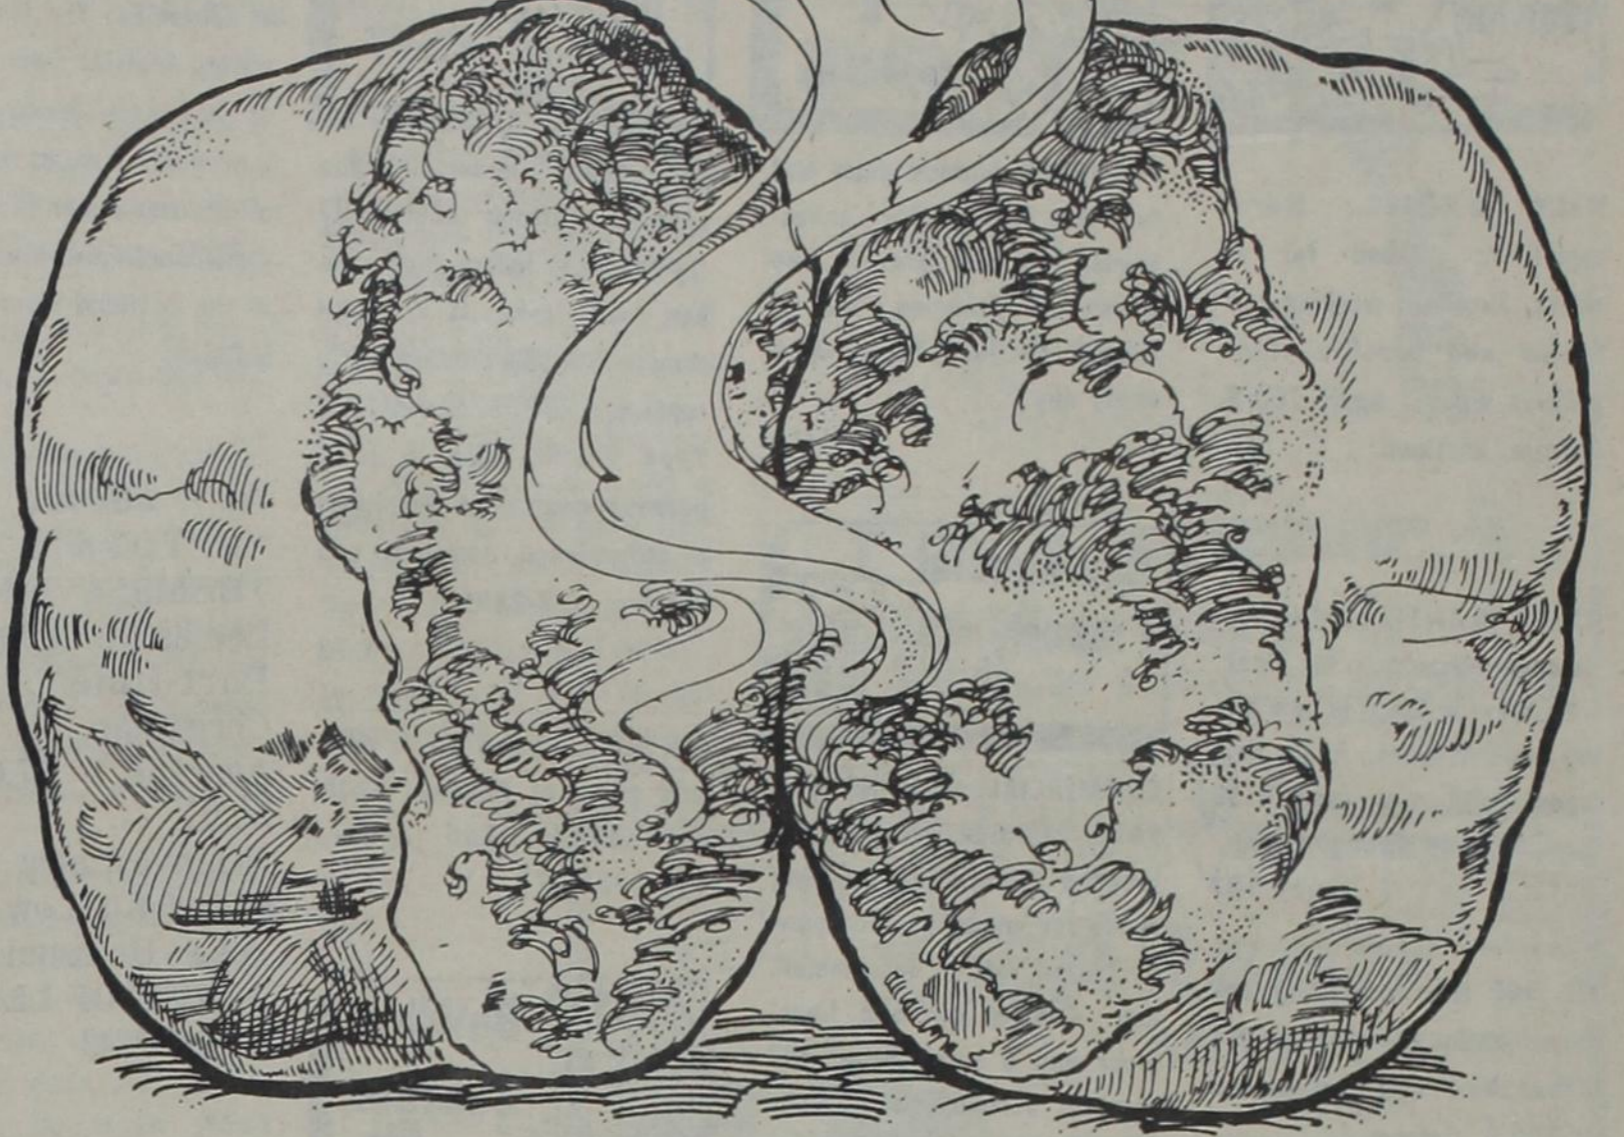

The seminar was timed to coincide with the Ethiopian growing season, but there was no assurance that the rains would return to their usual cycle. ADRA moved ahead with anticipation that a harvest would be possible, however. Within a few weeks, the rains began, just as the first plantings were completed.

Additional funds are being raised to continue and expand "Operation Seed For Life". Because of the urgent needs, 100 percent of any donations given to ADRA for African Relief are being used for that purpose. People are waiting for more seeds to arrive so that even more gardens can be planted before the end of the rainy season in September.

Anyone desiring more information about "Operation Seed For Life" and other ADRA programs may contact Anne Mercer at Sullivan, Mercer, Foust and Thompson, One Wilshire Blvd., Twenty-ninth floor, Los Angeles, California 90017, or call 1-800-223-4567.

Ann Mercer, in a call from the Eastland County newspapers this week said that she would contact some of the agricultural specialists directly involved in the gardening program in Ethiopia and find out some of the methods used, the types of seed, and more about the length of time it takes to produce these vegetables.

Area News Briefs

CISCO

Several Chamber of Commerce committees are working on improvement for the downtown area of the town. A Committee has been appointed to inspect and repair materials and equipment used in lighting downtown streets during the Christmas holidays. The Beautification Committee is going forward with the program to repair the downtown hanging baskets. Flowers in the baskets are to be replaced with silk artificial blooms. Redoing the baskets is costing approx. \$30 apiece, and numerous civic and service clubs are underwriting a basket.

The annual Lions Benefit Bowl Game between Cisco Junior College and Ranger Junior College is scheduled for Sept. 28 at Breckenridge Stadium. Tickets are now on sale by Lions Club members in Cisco and Ranger. They are \$2 for students and \$3 for adults if purchased before going to the game. There the tickets will be \$1 more per person at the game. Children six and under will be admitted free if they obtain a ticket.

Mayor Eris Ritchie has been informed by the Texas Sesquicentennial committee that Cisco is a confirmed stopping place for the steam train of about 25 cars that will pass through on Feb. 26, 1986 as part of the year-long celebration program. Tickets for a ride on the train may be available, the Mayor was told. Plans call for a big group of Cisco folk, probably including bands and school children, to meet the train.

Archie Brixey, a veteran of more than 40 years in military and civilian aviation, is the new operator and manager of the Cisco Municipal Airport. He and his wife, Katherine, took over Sept. 1 at the Airport. They are living there in a travel trailer until they obtain a mobile home. In addition to a pilot's license, Brixey is a certified mechanic for airplane engines and air frames and plans to operate a maintenance shop at the Cisco airport. He hopes to obtain the services of an aviation instructor who will give flying lessons at the airport.

The Quickway Grocery on West 8th St. has been sold by Roy Dennis to L.D. Brown of Cross Plains. His daughter, Tammy Brown, is the new manager of the establishment. Tammy has worked at Quickway for the past five years, and says there will be the same good quality of service in the store. A Grand Opening is planned for the near future.

EASTLAND

Ronald McDonald will be Parade Marshal and the featured band will be Hardin-Simmons University Cowboy band for the big Eastland County Fair and CofC Parade to be held in downtown Eastland Oct. 5. Entries are still being accepted for the Beauty Pageant and for the Parade. This can be bands, drill teams, cheerleaders, car-floats etc. There will be many events, displays, and interesting programs during the day.

The inspiring sound of chimes are sounding from the First Methodist Church all across Eastland these days. The chimes are striking the hour every hour from 8 a.m. to 6 p.m., with hymns played at 9 a.m., 12 noon and 5 p.m. Holiday chimes will be played during Easter and Christmas Holidays and patriotic chimes will be heard during national holidays. The beautiful new computerized chimes were presented to the church in memory of the Haley family. A formal dedication has been planned for a later date.

A new \$1,267,370 budget has been approved by the City Commission, which is 10.71 percent above what was scheduled last year. There will be a 7.8 per cent tax increase for citizens. Capital expansion and improved services are figured into the budget. This includes street paving and added policemen, with a total of eight officers and five vehicles now on the force. A third full-time foreman has also been added.

Clothing is now available to those in need at the Multipurpose Center, 204 N. Lamar in Eastland. There are mens, women's, childrens and infants garments. You may stop by the Center Monday through Thursday, 8 a.m. to 5 p.m.

On Sept. 19 at 9 a.m. at the Bank Community Room the United Fund officers and Directors will meet with different organizations to have their requests and budgets for next year. Larry Vernon has been elected President for the 1985-86 year, and October will be designated as United Fund Month.

RANGER

The "Boomtown Bedraces" will highlight the list of new events at the fourth annual Roaring Ranger Days on Oct. 12. The races, featuring four persons pushing and one person riding, will be run on a course down the middle of Main Street during the afternoon of the 12th. "We're trying to centralize the activities this year and hold as many events as possible on Main Street," said Ron Butler II, Games Chairman. Other activities will include a Parade, cowboy breakfast, chicken flying contest, live entertainment, street dance, ugly pickup contest, antique auto show and art show.

Ranger Junior College, by popular demand, will present its evening course in "Oilfield Electrical Applications" this year. Registration will be Tuesday, Sept. 24 in the Welding Building. Classes will meet on Tuesday and Thursday nights for six weeks. Instructors will be C.Y. Brown and Owen Rose, who have a total of more than 80 years experience in the subject. The classes will be open to any interested person.

The Rev. Leo Brooks is leading out in a Revival each Sunday, 6 p.m. at the Second Baptist Church. The Church also plans to observe "Celebration Sunday" this month in cooperation with other Southern Baptist Churches. Pastor

Jasper Massagee reports that the Sunday evening Revival is proving to be a real blessing, and attendance is growing with each service. The public is cordially invited.

Eastland County familiar with this equipment, we can send the rescue van on to the scene and call for help from a neighboring town or department.

Sept. 28 at 1 p.m., and come on to the Eastland Fire Station.

Contact Cecil Holifield, training officer, at 629-8232, for any further information.

Eastland Fire Dept. To Hold "Jaws" Training Sept. 28, 1 P.M.

Eastland Fire Department is holding another practice and training class for the "Jaws of Life" rescue equipment.

The class will be held on Sat., Sept. 28, beginning at 1 p.m.

All area fire departments and law enforcement officers are invited and urged to attend.

Various methods and use of the "Jaws" will be demonstrated on several vehicles. The cutters, ram, and air chisel, will also be shown.

Actual, hands on, training will be done, so each person can get the feel of the equipment and how it operates under stress.

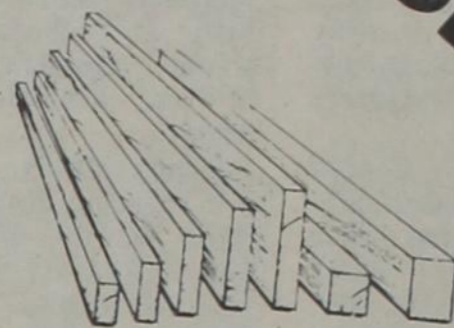

Bunker gear and gloves need to be worn when operating equipment, so please bring what you have. We will have some extra gear for those that do not

have any.

Since the "Jaws", in itself, is a specialized piece of equipment just sitting and waiting for the opportunity to help rescue someone, we need interested persons in the fire service and law enforcement trained in the proper use of this tool. As a volunteer fire department, we never know when the call for "help" comes in, how many members will be able to respond. If we can get members in a wide area of

First Industrial Arts Club Opens New Year

The First Industrial Arts Club opened the 1985-86 club year with a coffee Thursday, Sept. 5, at the Federated Women's Club House.

Following the coffee, the president, Mrs. Ruby Lee Pirtle, called the meeting to order and members joined in repeating the pledge to the United States and Texas flag led by Pearl Trapp.

The president, Mrs. Pirtle, attended the TFWC Convention in Houston and gave an interesting report.

The group was asked to pause briefly to pay tribute to the memory of our beloved Mrs. Allie Cole.

Mrs. Muri Guyger, year-book chairman, presented the new year books and reviewed work and projects for the ensuing year.

The president, Mrs. Pirtle, encouraged members to contribute to the United Fund. The treasurer, Evelyn Fry, reported that \$41 had already been collected for the fund.

Following the reports the club closed by members singing the "Federation Song" accompanied by Mrs. Lynn Williams at the piano.

Putnam News

By Mrs. R.B. Taylor

This Friday, has been a wonderful day weather wise. The temp. is just about 80 and its cloudy and trying to rain. Let's hope that Charlie doesn't find the "cracked record" and go back to hot and dry!

The bright yellow school bus has been waking this writer every morning this week, as it picks up the neighbor children. An old school teacher is just like an old race horse. When the bells ring we want to go! And we do enjoy seeing the school bus.

The community has just received the sorrowful news that Mrs. Myrtle (George) Weeks has just died at an Abilene Hospital. Mrs. Weeks has lived in and around the Putnam, area for most of her married life. She grew up at Cottonwood as Myrtle Young, Pioneer settlers of that area. Mrs. Weeks went to the nursing home at Baird several months ago. She has been missed at Putnam. Our deepest sympathy goes to the family. Two sons live at Putnam.

We were shocked to hear of the vandalism at the Belle Plain Cemetery last week. We hope the law deals with those who participated in the act as it should.

Bud Flemming, was taken back to an Abilene Hospital again Wed., also Jack Ramsey has been on the "Puny" list this week. We wish a speedy recovery for both.

Last week Jim Everett of Odessa and Woodrow Everett of Phoenix, Ariz., visited this reporter. Both attended Zion Hill School and Josephine Blakley was Woodrow's first teacher. Needless to say he is a white haired man now!

L.A. and Omega Vernando of Mesquite spent the Labor Day Weekend with Bill and Marie Lewis, also visiting were their daughter Kathy Green and little Ashley of Clyde.

Margie and Bud Taylor and daughter Glenna of Mineral Wells visited her mother Maxie Solomon last week end.

Dr. and Mrs. Randy Kunze and three children of Ft. Worth and Mrs. Reece Wilson of Texas City spent Saturday with Mrs. R.B. Taylor.

David Donaway of Odessa spent Sunday with his grand parents the Milton Donaways also visiting the Donaways were Mr. and Mrs. Turner Simpson of Cottonwood.

George Lee and Nettie Ramsey of Austin, are visiting their parents the Milton Donaways and Jack Ramsey.

Mrs. R.B. Taylor spent Labor Day weekend at Sweetwater visiting her son the Homer Taylors, Kirk and Laura Taylor of Lubbock also spent the week end at Sweetwater.

News is scarce this week.

Country and Western Music Set Saturday

The Country Western Musical will be held at the Cisco Corral Room on Saturday, September 14. It will start at 7:00 p.m.

Everyone is invited especially area musicians. There will be a concession stand.

First Lobo Booster Meet Held Aug. 26

The first Lobo booster meeting of the new school year was held Monday night, August 26. It was decided to purchase two new Bun coffee makers for the concession stand. Mr. White said he would like to make used band shoes available to the new band students if possible. If you have a pair of band shoes you would like to sell call Mr. White or Lanell Anderson.

The band boosters will charter buses for the band to Mart for the September 20 football game. The boosters will have the concession stand during the Halloween Carnival, Saturday, October 26. The high school band members will be ordering shirts at \$12.00 each to wear in parades, on band trips and under their uniforms. Lobo buttons will be available for \$1.00 at the concession stand this year. There will be several different types to choose from.

Band members will be selling magazines this year to raise money for their projects and trips. The next band booster meeting will be Monday, September 16, at 7:30 p.m. in the band hall. Parents of all band members are urged to attend.

M.L. Preston Family Holds Reunion Here

28 Prison Parolees Now In Eastland County Area

As of now, there isn't a large influx of prison parolees into Eastland County - but there's no telling what the future holds.

The August 1985 issue of "Fiscal Notes" from the office of Bob Bullock, State Comptroller of Public Accounts, warns: "Running the state's prison system during the next two years is expected to cost more than \$953.5 million, or 53.9 percent above the \$619.8 million appropriated for this biennium."

"This increase is laid at the feet of a federal court decision ordering Texas to improve conditions in state prisons," the publication states further.

There have been some recent changes in the prison system due to new laws, says Marsha McLane, Supervisor of the State Parole office located in Abilene. As yet, however, they have caused no large influx of parolees into the Eastland County area, she adds.

This office oversees 14 counties of West Central Texas, reaching across from Scurry and Mitchell over to Callahan and Eastland County.

Sandra Pickrell, head of the District Parole office, visits Eastland County and deals directly with the parolees here. Marsha McLane was in charge of the Eastland County work before taking over her present position.

It should be noted that "parole" and "probation" are very different terms. A person is on probation when he was convicted of an offense, but was given a term of supervision rather than being sent to prison. Locally this case will be handled by the Eastland County Dept. of Probation.

A person on parole has been convicted, sent to prison, and has served part of his term. Due to good behavior, overcrowding or other legal reasons he has been freed and returned to a term of supervision. This is handled by the State Probation Department for this area.

At the present time there are 28 persons on parole in Eastland County, according to Miss McLane. Only two of them are women. Most of them were originally sentenced here, and they are scattered rather evenly across the County. Some of their transfers here were stepped up because of the

new laws, such as the Prison Management Act and the Ruiz settlement.

Under current laws, when a prison reaches 94 percent capacity prisoners have to be moved out. Miss McLane mentions that Federal Judge William Wayne Justice has been "a major rule maker" in such decisions. "Eastland County has always been tops in the way it works with us," McLane reports. "I first went there in 1981, and always had excellent cooperation from the District Attorney and Law Enforcement Officers."

"Some counties simply won't work with us - they don't want to have anything to do with this program."

She says that most of the parolees now back in Eastland County were convicted for burglary of habitation, DWI, or writing bad checks - with only a few on drug violations. Persons who have committed violent crimes must serve "One-third of their time flat" before being eligible for parole. There have been no major problems with any of the parolees here, she reports.

The amount of parolees in a County, McLane indicated, does reflect the overall volume of crime there. Eastland County, population around 20,000, has remained about the same over the years, with around 20 parolees the norm.

"No, Eastland County hasn't had any more problems with crime than any other," she said. "I would say it's about average."

She mentions that Scurry, population 18,193 is "one of the more active counties" in her area, with 70 persons currently paroled there.

Nolan County, population 17,359, is also somewhat above Eastland, with 30 people on parole.

The release of an inmate from prison on parole, she explains, is somewhat complicated.

It depends on his sentence, type of crime, and special requests from the County where he was sentenced. The inmate is asked where he wants to go, and if there are no reasons why he should not return to his home county he is permitted to do so.

A complete record is kept of each parolee in Eastland County, and Sandra Pickrell has personal contact with each individual three to four times each month. A special reporting is done once each month, and there are home visits and other types of communication.

At times there is psychological counseling and other kinds of help for the released prisoner. If any severe problems arise, such as those with drug abuse, the

State Parole Office attempts to handle them.

"There has been a change in this type of work during the past few years," Miss McLane says. "And in many ways it is more hopeful. The cooperation of the local Law Enforcement Community is all-important in this."

"It may take a long time to really turn this thing around," she said, "to work through some of the problems. But at least some progress has been made."

Felony D.W.I. Dismissed In 91st District Court

A felony driving while intoxicated case against a Ranger mawn was dismissed Monday because sheriff's office personnel were late bringing the man to court.

The trial of 55-year-old James Krantz was scheduled to begin at 9 a.m. Monday in 91st District Court with

visiting Judge Jim Morgan of Comanche presiding.

Morgan said a jail official assured him at 8:50 a.m. that Krantz would be ready for trial at 9 a.m.

When Krantz finally appeared, 30 minutes late, he sported white jail coveralls and was handcuffed.

Defense attorney Leslie Vance successfully argued that Krantz was entitled to

face the 40 prospective jurors in street clothes and without handcuffs.

At 10:10 a.m., Morgan granted Vance's motion that the case be dismissed.

Lisa Brinkley and Mike Sherman Wed Aug. 24 In Cisco

Lisa Brinkley, daughter of Mr. and Mrs. Don Brinkley, and Mike Sherman, son of Mr. and Mrs. Don Sherman, were united in marriage Saturday evening, August 24, 1985, at the Interstate 20 Church of Christ in Cisco.

The wedding was officiated by Gary Adams of Cisco, who also read the ceremony for the bride's parents at their own wedding.

An archway of English Ivy entwined with yellow and white roses and carnations was flanked by white candleabra. Fern and trees and pew markers of ribbon, roses and white wedding bells completed the arrangement.

Maid of Honor was Miss Lori Robinson of Ft. Worth and Bridesmaid was Miss Kay Scott of Cisco. They wore identical dresses of yellow organza. They featured short puffy sleeves with a ruffle around the neckline and the bottom of the skirt. The top layer of the skirt was picked up with organza bows. The headpieces were wreaths made of yellow and white silk flowers with streamers. They carried nosegays of roses with streamers.

Flowergirl was Angela Patton, cousin of the groom, of Camden, Arkansas. She wore a dress identical to those of the maid of honor and bridesmaid. She carried

a basket of yellow and white flowers with baby's breath.

Given in marriage by her father, the bride wore a gown she designed herself. It featured a lace bodice with a sweetheart neckline outlined in silk venise lace and ribbon. The skirt had a chapel length train with two rows of lace ruffles around the bottom of the skirt trimmed with satin ribbon. The top layer of the skirt was of silk organza and picked up all around the skirt with silk flowers.

The brides veil was a picture hat with a lace flounce trimmed with satin ribbon around the brim. A cluster of flowers held the fingertip veil and blusher of bridal illusion in place at the back. Her bouquet was of yellow and white roses with streamers.

Best man was Billy Niswanger of Prosper, Texas. Groomsman was Robert Sherman, brother of the groom. Ushers were Scott Brinkley, brother of the bride, and James Evatt, cousin of the groom. They wore grey tuxedos with white pleated shirts and yellow rose boutonnières. Ushers also served as candlelighters.

The mother of the bride wore a raspberry colored dress with long sheer chiffon sleeves and a pleated chiffon overlay on the bodice. It had a jewel neckline and full

skirt. Mother of the groom wore a lilac organza dress with a louver pleated bodice, jewel neckline and sheer fitted sleeves. It featured a satin cummerbund over a full circle skirt. Music was sung by Miss Tami Roberts of Cisco and Miss Stella Hampton of Abilene. Song selections included, "Wind Beneath My Winds", "Annie's Song", and "God Bless You, Go With God". The registry table was presided over by Miss Tracy Seabourn, cousin of the bride.

Members of the reception table were Mrs. Caryon Garrett, who designed and made the four-tiered wedding cake, Miss Sheri Evatt, cousin of the groom, who served punch, and Mrs. Janie Seabourn, aunt of the bride, who served at the groom's table. The reception table was covered with yellow roses at the corners. Refreshments of cake, punch, nuts, mints, sausage balls and cheese wafers were served with coffee and German Chocolate cake at the groom's table.

Rehearsal dinner was hosted by the groom's parents at Traditions Restaurant in Cisco.

After a wedding trip, the couple will live in Eastland where the groom is employed by T.L. Robertson Operating Co.

C&W Music Set

Country Western music will be performed Saturday, Sept. 14, starting at 7 p.m., at Yoch's Old-Old Fashioned General Store, 1206 E. 18th, Cisco, "under the old oak tree." The musical will feature "one of the best bands in all Texas—Chuck Wagon Band."

There is no charge to listen to the music and free hot dogs will be available from 6:30-7:30 p.m. Tables, chairs, bar-b-q grills and pony rides are available.

All musicians are welcome to join in the entertainment. The Yochs encourage everyone, "Bring your guitar and bring the family. Make a night of it and enjoy the wonderful, country atmosphere."

David and Mary Lou Yoch have expressed their appreciation to Senator Bob Glasgow who sent them a card when they opened their store in Cisco.

Twenty-Eight Prison Parolees Now In Eastland County

As of now, there isn't a large influx of prison parolees into Eastland County - but there's no telling what the future holds.

The August 1985 issue of "Fiscal Notes" from the office of Bob Bullock, State Comptroller of Public Accounts, warns:

"Running the state's prison system during the next two years is expected to cost more than \$953.5 million, or 53.9 percent above the \$619.8 million appropriated for this biennium."

"This increase is laid at the feet of a federal court decision ordering Texas to improve conditions in state prisons," the publication states further.

There have been some recent changes in the prison system due to new laws, says Marsha McLane, Supervisor of the State Parole office located in Abilene. As yet, however, they have caused no large influx of parolees into the Eastland County area, she adds.

This office oversees 14 counties of West Central Texas, reaching across from Scurry and Mitchell over to Callahan and Eastland County.

Sandra Pickrell, head of the District Parole office, visits Eastland County and deals directly with the parolees here. Marsha McLane was in charge of the Eastland County work before taking over her present position.

It should be noted that "parole" and "probation" are very different terms. A person is on probation when he was convicted of an offense, but was given a term of supervision rather than being sent to prison. Locally this case will be handled by the Eastland County Dept. of Probation.

A person on parole has been convicted, sent to prison, and has served part of his term. Due to good behavior, overcrowding or other legal reasons he has been freed and returned to a term of supervision. This is handled by the State Probation Department for this area.

At the present time there are 28 persons on parole in Eastland County, according to Miss McLane. Only two of them are women. Most of them were originally sentenced here, and they are scattered rather evenly across the County. Some of their transfers here were stepped up because of the new laws, such as the Prison Management Act and the

Ruiz settlement.

Under current laws, when a prison reaches 94 percent capacity prisoners have to be moved out. Miss McLane mentions that Federal Judge William Wayne Justice has been "a major rule maker" in such decisions.

"Eastland County has always been tops in the way it works with us," McLane reports. "I first went there in 1981, and always had excellent cooperation from the District Attorney and Law Enforcement Officers."

"Some counties simply won't work with us - they don't want to have anything to do with this program."

She says that most of the parolees now back in Eastland County were convicted for burglary of habitation, DWI, or writing bad

checks - with only a few on drug violations. Persons who have committed violent crimes must serve "One-third of their time flat" before being eligible for parole. There have been no major problems with any of the parolees here, she reports.

The amount of parolees in a County, McLane indicated, does reflect the overall volume of crime there. Eastland County, population around 20,000, has remained about the same over the years, with around 20 parolees the norm.

"No, Eastland County hasn't had any more problems with crime than any other," she said. "I would say it's about average."

She mentions that Scurry, population 18,193 is "one of

the more active counties" in her area, with 70 persons currently paroled there. Nolan County, population 17,359, is also somewhat above Eastland, with 30 people on parole.

The release of an inmate from prison on parole, she explains, is somewhat complicated.

It depends on his sentence, type of crime, and special requests from the County where he was sentenced. The inmate is asked where he wants to go, and if there are no reasons why he should not return to his home county he is permitted to do so.

A complete record is kept of each parolee in Eastland County, and Sandra Pickrell has personal contact with each individual three to four times each month. A special

reporting is done once each month, and there are home visits and other types of communication.

At times there is psychological counseling and other kinds of help for the released prisoner. If any severe problems arise, such as those with drug abuse, the State Parole Office attempts to handle them.

"There has been a change in this type of work during the past few years," Miss McLane says, "and in many ways it is more hopeful. The cooperation of the local Law Enforcement Community is all-important in this."

"It may take a long time to really turn this thing around," she said, "to work through some of the problems. But at least some progress has been made."

MOBILE HOME FIRE— The Cisco Fire Department responded to an alarm at a fire in the mobile home of Mr. and Mrs. Jack Kincaid

at 1100 East 16th Street. The mobile home was a total loss. There were no injuries reported. Staff Photo.

Kincaid Home Destroyed In Fire

The mobile home of Mr. and Mrs. Jack Kincaid at 1100 East 16th had extensive damage as the result of a fire that was reported to the Cisco Fire Department at 11:15 a.m. Sunday.

Firemen said one room

was gutted and that there was smoke and water damage elsewhere. The cause of the blaze might have started from an electric motor on an evaporative cooler in the window of the room that had extensive

damage, firemen said.

Mr. and Mrs. Kincaid, both disabled, were attending the Faith Baptist Church and their son, Scott, a student at Cisco High School, was at home, it was

reported.

At 12:15 p.m. Sunday, firemen were called to the Pence home at 2000 Hilton Avenue after a kitchen stove "caught" fire. Damage was confined to the stove, they reported.

Why Haven't You Moved Your Checking Account To Olney Savings?

- 1 Maybe because you didn't know that Olney Savings offers interest-bearing checking accounts.
- 2 Maybe because you didn't know that on a variety of checking accounts, Olney Savings pays current market interest rates.
- 3 Maybe because you are waiting for us to tell you that we want you to move your checking account to Olney Savings. We do.

You would never invest your savings in an account that didn't earn interest. So why allow yourself to have a non-interest bearing checking account?

Think about it, and then come see us soon, or call and we'll come see you.

Eastland County Ext. Homemakers Meeting

The Eastland County Extension Homemakers Council met recently. The Council members made plans for the fall activities to promote in the county. Mrs. Wynelle Brown is the Council Chairman.

The Extension Homemaker Clubs will be sponsoring a Nacho Booth at the County Fair on Saturday, October 5. Everyone is invited to stop by and have delicious Nachos with us.

The dates for the Eastland County Senior Citizens Fall Bazaar will be Thursday and Friday, November 7 and 8. The Bazaar location will be announced in the near future.

At the Council meeting Joe Cooper, PADD representative and Mike Siebert spoke on court watchers program. The 1985 Texas Extension Homemakers Association

is promoting a statewide Court watchers project as a method of informing citizens to study judicial laws and responsibilities of jurors. The council members were receptive to the need for a court watchers program and delegates to the State TEHA Convention in Longview will attend the training on how to organize a court watchers program.

Dorothy Underwood, County TEHA Chairman, discussed district and state association news and events coming up. Eastland County will be co-hosting the 1986 Spring District 8 TEHA Convention next April with Stephens and Palo Pinto counties.

Needs Of Adult Classes Being Surveyed

A survey is being taken to determine if there is enough interest to schedule free adult education classes in this county, according to Eastland Supt. Ray Pruitt.

Persons interested in learning more about such a program may call Mr. Pruitt's office at 629-8221. Similar programs have

been held in the past through the Big County Adult Education Co-Op offering free adult education night classes in basic reading, writing and

math, as well as General Education Development high school equivalency certification and also English as a second language, and study for citizenship.

Need for such a program will be determined by the number of responses to Mr. Pruitt's office.

JIM CALDWELL MOTORS

314 W. Main EASTLAND 629-2636 BRINGS YOU THESE IMPORTANT TIPS... YOU AUTO KNOW

Vapor lock is a nuisance in hot weather. Heat causes gasoline in the fuel lines to boil and vaporize, the fuel pump cannot move the vapor, fuel line pressure drops, and the car stalls. Cool-down is the basic "repair."

If you find oil spots under the rear of the car, it may be a sign that oil-filled shock absorbers are leaking and should be replaced.

Pay extra attention to the performance of a smaller engine. One misfiring spark plug out of 4 can do more damage than that misfiring would among 6 or 8 cylinders.

When wheels are out of alignment, tires wear out faster than they should, and it's harder to steer properly. Check wheel alignment at least once or twice a year...or whenever the car has been subjected to unusually bad road conditions.

You'll save money by spending MORE on maintenance for your car. Lubricate and change oil more often than manuals recommend and your car will last longer.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this constitution becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the Veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature either to enact a statute or to attach a rider to the General Ap-

propriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes. The proposed amendment will appear on the ballot as follows: "The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and P.O. Box 12887, Austin, Texas would provide that reapportionment 78711.

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for:

- (1) the abolition of the office of county treasurer in Andrews County and El Paso County;
- (2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitucion que apararazan a la boleta el dia 5 de noviembre de 1985. Si usted no ha recibido una copia de los informes legislativos, podra obtenerlos gratis por llamar al 1/800/252/9602 o por power of the legislature to provide for judicial reapportionment, and P.O. Box 12887, Austin, Texas would provide that reapportionment 78711.

Nephew Of Ciscoan Killed In Bangkok

LOCAL FIREMEN report a SWBellTeleCo had some trouble in their plant here on Sept. 3rd and telephone service was affected briefly. Around 11:15 p.m., all service went out while workmen sought to correct problems. Fireman David Gill took a walkie-talkie radio to E.L. Graham Memorial Hospital and another to the Cisco Nursing Center. These would enable the two places to talk to Eastland County Dispatch offices in the event an ambulance might be needed. Fortunately, telephone service was restored before any emergency occurred.

A day or so later, a Fort Worth firm was delivering some 300 pound batteries to SWBell's local plant and one of them fell on a workman's foot in the unloading process. The man was given emergency treatment. The battery that was dropped or fell had to be replaced as it was damaged.

Understand LD telephone service at Breckenridge and maybe Eastland was affected briefly while the service problem here was being corrected. It's not very often that there's a break-down in SWBell service.

For several days this past week or so, the telephone system at Cisco Junior College has had problems. You could get the switchboard but they couldn't connect you with offices over the campus. Hopefully, the trouble has been corrected by now.

MR. RAY Saunders, superintendent of the Cisco Public Schools, is outnumbered at his house. That's the conclusion we reached after attending a reception Sunday afternoon for Mr. and Mrs. Saunders at the Community Room of First National Bank. He lives with five ladies.

Mr. Saunders and his wife Alice have four daughters - Emily, kindergarten; Amanda, 2nd grade; Amy, 6th grade; and Stacey, freshman in high school. They've moved into the home they purchased recently at the corner of Avenue M and West 14th street.

The reception, which was a very nice affair indeed, was hosted by wives of school board members. Serving punch, coffee and cookies were Mesdames Sue Covert, Betty McGinness and Jean Stroebel. In the receiving line were Mr. and Mrs. Saunders and Dr. Allen McGinness, board prexy.

Folks in good numbers dropped in between 2 and 4 p.m. to meet the Saunderses.

CISCO WAS well represented last Saturday at the annual Stenholm Picnic near Stamford, according to scout reports. Present from our town were Dr. and Mrs. Chief Brown, Mr. and Mrs. Sutton Crofts, Mrs. Mabel Fletcher, Mr. and Mrs. John McGuire, CoFC Manager Don Shepard and maybe others... Congressman Charles Stenholm announced that he would run for reelection next year... Two of his friends from Congress were present and spoke... The picnic has been an annual event for five or six years now.

It is the consensus of his friends and supporters that Mr. Stenholm is doing an outstanding job in Congress and that in a few years he could be a solid prospect for higher office.

PEOPLE Magazine, a national publication, had a picture and story about Dash Crofts, son of the Sutton Crofts of Cisco, last week. As you know, Dash is an internationally known entertainer. Mrs. Lois Whitaker, local retired teacher, observed a happy birthday Sunday.

YOU FEEL something unusual when the national NBC News on your TV comes with a picture of your nephew and a report that he died as a result of wounds in Bangkok, Thailand. That was the experience of Mrs. Lela Lloyd of Cisco last Monday morning. The early Monday NBC News reported on a rebel military effort to overthrow the government there. In the fighting, two NBC News correspondents lost their lives, including Bill Latch, nephew of Mrs. Lloyd and Mrs. Annie Rendall. Bill's dad, who lives in Colorado grew up in

Cisco and was a CHS football star. The news had been relayed to Mrs. Lloyd a few minutes earlier by a niece who lives in Houston.

THE REV. JOHN Clinton didn't eat lunch on the roof at Evangelical Methodist Church last Sunday. He had promised to do just that if 100 people showed up for the morning service and luncheon. Ninety-two people were present, and the luncheon was a good success... The Buddy Sipes were among those applauding Baylor's victory over Wyoming in the Waco stadium last Saturday night... Jake Winnett, new son of the Kevin Winnetts, was taken up front at First Baptist Church last Sunday and presented a Bible in honor of his recent arrival.

IS LAQUETTA like in Miss LaQuetta Rankin a Spanish name or word? Nope, reports Miss LQ. Folks have told here that it was French, English and Irish, she reports. Her mother had a girlhood friend named LaQuetta and that's how Miss Rankin came to have it.

Miss LQ's painting are on display this month at First National Bank and many folks have been admiring them.

NOBODY CAN doubt that Mrs. Truman (Evelyn) Kirk isn't proud of her six grandchildren. She entered a Grandparents Brag Poster Contest at the West Texas Fair in Abilene this week, and her entry, which features a poem, was judged the second best in the show. The Kirks have six grandchildren - two boys and six girls.

SAW COACH Bob Keyes of ACU and his missus at the Wrangler football game last Thursday night. He was head coach at Cisco Junior College last year and went to ACU this year... Leaders of the Wrangler Belles are Teresa Reed of Burleson, Janie Hardy of Brownwood and Amber Berryman of Knox City. Drum major of the Wrangler Band is Paul Wright of Munday, a real high stepper... The Rev. Buddy Sipe was on the job as game announcer, and the invocation was given by Gary Adams.

The Wranglers will be at home again this week - Thursday night at 7:30 against Panhandle State. And, of course, the Lobos will be at home against Rotan.

AT THE LOBO home opener this week, you'll meet the new drum major and her two twirlers as the CHS band takes the field. Miss Krista Shepard, a sophomore, is this year's drum major. The two twirlers are Misses Gina Kinser and Lori Justice.

The Rev. John Clinton will be back again as the game announcer in the press box. Lee Kinard will operate the scoreboard. The season ticket sale was good, as usual, school officials report.

MRS. SHIRLEY (Gus) Smothers of the CJC faculty enjoyed a vacation trip to Hong Kong and points west in late summer. She went with friends from Big D and it was a grand trip, she reports... Mrs. Katherine Briley, wife of the new airport manager, is interested in flowers and hopes to have them growing at the airport. If you have a surplus, she would very probably be real pleased to have them... And don't be too optimistic for the light you see at the end of the tunnel could very well be from another train.

Carmen and Band Due In Abilene Concert

The Bethel Temple Christian and GWA will present Carmen and Band. They will perform at the Behrens Chapel at Hardin-Simmons University in Abilene, Thursday, September 12, at 7:30 p.m. General admission tickets are available at the Song and Psalms Bible Book Store in Cisco. There will be a discount rate for groups of 20 or more.

Bill Latch, Jr., 34, son of a native Ciscoan and nephew of Mrs. Lela Lloyd of Cisco and Mrs. Annie Rendall of Ranger, died of injuries sustained while working as an NBC News reporter in Bangkok, Thailand, last Sunday.

Mr. Latch and NBC News photographer Neal Davis

were filming approaching rebel Army troops who were trying to overthrow the Thailand government when they were hit. Mr. Davis died instantly and Mr. Latch, mortally wounded, died six hours later on a hospital operating table.

NBC News reports Monday showed scenes of the ac-

The TV report showed the camera that Mr. Latch was using as it fell to the ground, still turning out a picture. Another scene showed Mr. Latch crawling away from the path of the rebel troops.

NBC's regular Today program, seen Monday through Friday from 7 to 9 a.m., was

dedicated Monday morning to the new NBC News men - Davis and Latch.

Mrs. Lloyd was at home in Cisco when she received an early morning call Monday from her niece who lives in Houston to report the shooting in Bangkok. Moments later, the picture and story was on the TV

screen in Mrs. Lloyd's home. Bill Latch, Sr., father of the victim, is a native of Cisco and grew up here. He attended local schools and was a Lobo football star. His son was born in Abilene and moved with the family to Durango, Colo., as a baby.

EMW Hold Regular Meet Monday Night

The E.M.W. of the First Evangelical Methodist Church held their September 9, meeting in the home of Mrs. Beth Spangler.

A short business meeting was conducted. A treasurer's report was given by Dollie Cooper. Beth Spangler gave the devotional on Psalm 34. Mission projects were discussed. An offering was taken.

Tentative plans were discussed for a salad supper in October. A guest speaker was also discussed.

The meeting was closed with prayer. Those attending were Evelyn Clinton, Juanita Ellis, Dollie Cooper, Wanda Hallmark, Margaret Hallmark and Beth Spangler.

Mr. Latch is a petroleum geologist in Colorado and was working in the mountains when news of the tragedy broke. It was several hours before he learned about his son's death.

NBC News called the Colorado man and offered to fly him to Bangkok for memorial services. The television network said they were sending a man to Bangkok to investigate the shooting and to handle arrangements.

Bill Latch, Jr., holds BA and MA degrees in journalism and government from Colorado A&M College. He went to Thailand some 11 years ago to accept a job teaching English in a university. In 1979, he accepted the NBC News position he had held for the past seven years.

Young Latch has a wife and two children living in Thailand.

Mrs. Lloyd had not learned early Tuesday whether the body would be returned to the United States for burial. Besides his parents, wife and children, Mr. Latch is survived by a number of aunts and uncles and other relatives.

Missionaries Safe At Home

BY RONNIE SHACKELFORD
Calvary Baptist Pastor
Thirteen weary missionaries returned to Texas after a week-long trek into the remote areas of Honduras. Twelve of the missionaries returned to their homes in Cisco near midnight last Saturday night while Brother Doyle Combs, pastor of Calvary Baptist Church in Hamilton, journeyed back to his home.

While in Honduras, the missionary team was divided into three groups. Two

men, Rick Roark and Neil Henke, worked to restore an old jeep that will be used by a Bolivian doctor-pastor who currently has no transportation.

Jeff Holloway, Charles Copeland, Ronnie Webb, and Vernon Orr constructed the first building on a 38-acre mission compound that will eventually include a school for missionary children; a learning center for Honduran farmers; a hangar for the much needed airplane; and living quarters for future mission teams.

The medical team, consisting of Dr. Tim Boersma, Helen Orr, Deborah Henke, Celia Shackelford, and assisted at various times by all the team members, saw and treated many medical problems. During the week over 1500 doses of parasite medication were administered to the Honduran children, while Dr. Carlos Rocha (the Bolivian missionary doctor) and Dr. Tim Boersma literally saw hundreds of patients.

Joe Gosch served as our official photographer and worked with the medical team. Brother Doyle Combs served as coordinator and translator. Local pastor Ronnie Shackelford preached, with the assistance of an interpreter, and worked with both the medical and building teams.

We left behind a part of each one of us in Honduras. Each member of the team had their personal testimony about how Jesus Christ had changed and fulfilled their lives translated into Spanish. During the week, 2000 copies of these testimonies were distributed among the Honduran people.

It was with mixed emotions that we boarded our plane to leave Honduras but with a peace in our heart that our mission had been accomplished and just as Jesus multiplied the loaves and the fish by the sea to feed the thousands, we are confident He will once again multiply the feeble efforts of man to meet the needs of the Honduran people.

The people of Cisco rose to the occasion by raising sufficient funds to finance this trip. Our mission team wishes to thank each church and individual who contributed to the success of this trip by your cheerful giving and by your prayer support.

Reward Posted For Attacks

In an appearance before the Commissioners Court meeting Monday morning Sept. 9 Sheriff Don Underwood stated that he was deeply concerned about the drug situation in Eastland County.

He informed the Court, Judge Scott Bailey and spectators that some person or persons had threatened the wife of a law enforcement officer in Gorman in one recent incident and a Deputy Sheriff in another.

The attack in Gorman was reported around 1:30 a.m. Thursday, Sept. 5. A man entered the officers home while he was out working, went to a bedroom, and put a gun to the head of the officers wife. She was told to get on the police radio and tell her husband and Underwood to "back off" their drug investigations or she would be killed. The woman was then hit in the head with the gun.

In another incident, which the Sheriff believes related, a Deputy was shot at from a pickup truck at 12:15 a.m. Sunday on FM 2563 near Kokomo.

The vehicle pulled alongside the Deputy Sheriff's car, and a man raised up in back and fired a shot through the open window beside the officer. The shot went through it and broke out the window on the other side. Two more shots were fired at the police car as the pickup raced away. The Deputy fired two shots at his assailants.

"We've been putting the heat on some people," the Sheriff told the Commissioners. "Drug dealers and pushers have a foothold in

Big Country Real Estate Update

The staff at Big Country Real Estate is pleased to welcome Mr. R.D. Heatherington and his family to Cisco. Mr. Heatherington is employed with Lone Star Gas. He has purchased the home of Mrs. Lillian Pence at 1405 Royal Lane. Mrs. Pence has moved to Canyon to be near her family.

Another new resident of Cisco, will be Mrs. Bobby Shrader of Scranton. She will be moving into the present home of Rodney and Donna Sharpes at 503 West 1st. The Sharpes will be purchasing another home in Cisco.

Mr. and Mrs. Rusty Jones are presently moving into their home at 1008 Ave. H. This was the home of Ed and Sandra Stuart. The Stuarts have built a new home on their farm near Scranton, and have been there for several months.

Big Country Real Estate was pleased to have assisted in these transactions.

Eastland County, and if we don't do something soon the County won't be a safe place for anyone."

He announced that the Eastland County PADD (Parents Against Dangerous Drugs) organization has posted a \$1,000 reward for the arrest and indictment of the persons responsible for the attack in Gorman and against the Deputy Sheriff.

If the attempted shooting and threatening of the Gorman woman were committed by two different people, the reward will be \$500 each. Anyone with any information on these incidents is urged to contact the Sheriff's Department, immediately.

The County Crime Hot Line Telephone Numbers are: 629-3161 or 629-3182.
