AND ROUND-UP—44TH CONTINUOUS YEAR

VOLUME V.

CISCO, TEXAS, SUNDAY, NOVEMBER 2, 1924.

NUMBER 185.

NILES, O., UNDER MARTIAL LAW

Mrs. Ferguson Fires Last Word In Closing the Warmest Campaign Seen in the State in Many Years

PROUD EAGLES TOOK THE SMALL END OF 14 TO 0

Abilene Eagles went to Fort Worth to show Texas how good they were. They did. Central High School of Fort Worth defeated them 14-0, and in the opinion of sport writers should have run up the score much more. No reports have reached Cisco as to whether any attempts have been made to trick any of the Fort Worth boys' fathers into signing statements calculated to prove the boys ineligible for competition.

JUNIOR COLLEGE TEAMS WILL PLAY HERE MONDAY

Randolph College will play Thorp Springs College football team on Chesley field here at 3 o'clock Monday afternoon. Admission will be 35 cents and 50 cents to see this game, which promises to be a most interesting grid stunt, as both of these teams are husky fellows, and while the Randolph College boys have played few games, they will likely put up a play that will interest the visitors.

AMERICANS TO BUY IRISH FISHERIES DUBLIN, Nov. 1.—Reports are in circulation here that an American company, with a capital of \$5,000,000, is being formed to take over the Irish fishing industry. The intention is to organize the industry into one invisible unit, so that the losses incurred in one part of the country may be recouped by profits made elsewhere.

ADDITIONAL PERSONALS Born, to Mr. and Mrs. Alva Herding, of the City Drug store, a girl. Mr. and Mrs. Malcom Leach and baby of Breckenridge are spending the week end with Mr. and Mrs. W. W. Moore.

E. G. Shults of Rising Star was a Cisco visitor Saturday. L. W. Hilgenberg made a business trip to Breckenridge yesterday. Messrs. R. Q. Lee and E. H. Whitehead motored to Comanche Friday to attend the Comanche-Breckenridge game.

Mrs. E. B. Isaacks has as her guest, her aunt, Mrs. H. R. Garrett, of Harrogate, Tenn. Miss Margaret McClure of Abilene Christian College is a week end visitor at the home of Mr. and Mrs. J. E. Elkins.

The Woman's Missionary society of the Christian church will meet at the home of Mrs. Elmer Jobe, 806 West Twelfth street, Tuesday afternoon at 3 o'clock. P. W. Campbell spent yesterday in Moran on business.

R. D. Vanderford of Breckenridge is in Cisco visiting his daughter, Mrs. C. W. Pollard. Walter Hayden spent Saturday afternoon in Breckenridge on business.

Mrs. Ben Waters of Moran was in Cisco on business Saturday. Mrs. M. N. Seabourn and Miss Elzie of Cisco route 2 were shopping in Cisco Saturday. Miss Minnie Lou Thompson of Dallas is the guest of her aunt, Mrs. O. R. Walton. The Rt. Rev. John Brown of Ranger was a Cisco visitor Saturday. W. J. Holt of Cisco route 3 was shopping in Cisco Saturday. J. G. Stuteville and son of route 4 were in Cisco on business Saturday.

TEMPLE, Nov. 1.—What she designated the final word to the people of Texas in the campaign for governor, Mrs. Ferguson tonight charged Dr. Butte with unchivalrous conduct in his vilification and misrepresentation. "Through the attacks on me the courts of Texas have given their answer. But not satisfied with the voice of the people and on the heels of these courts decisions, the Republicans have placed a man against me who has no platform, stands for no principles and has gone over Texas abusing and vilifying my husband, and asking the people to violate their pledges, desert their party and forsake me for no other reason than I am my husband's wife."

"I hurl the charges back in this political pettifogger's face. I am proud to be Jim Ferguson's wife, and the mother of his children, and while I do not always agree with him on public questions, yet I know him to be the best of husbands and fathers, and that there was never a day in his life when he was not too brave to stoop to strike a woman over her husband's shoulders. No other woman has suffered more than I. No other woman has exercised more forbearance toward an irresponsible, unchivalrous Republican than I have toward this man Butte, who stands mute on all issues and who satisfies himself with maligning my husband and misrepresenting me. I should let him remain unnoticed but for the fact I desire to warn him in advance that every woman who loves her husband, and every man who resents an unchivalrous attack on womanhood, will see to it next Tuesday that he receives the rebuke his cowardly conduct so richly deserves. The charge that I will be a mere dummy in the hands of anyone else is ridiculously false, and I will faithfully carry out the pledges contained in the platform.

"I wish to thank the people in advance for the splendid majority that will be given me, and assure them that by the help of my Maker and with the assistance of the best and most loyal friend in the world, will use every effort to give Texas an honest, economical and business-like administration."

IRISH EX-PRESIDENT DRAWS JAIL SENTENCE BELFAST, Nov. 1.—Eamonn De Valera, leader Irish republicans was given a month's imprisonment today for making political speeches in Ulster after being ordered to stay away.

CINCH BET MADE MRS. FERGUSON MAJORITY 25,000

FORT WORTH, Nov. 1.—With the state campaign practically at an end, no money is reported available in wagering circles throughout Texas today that they believed Dr. Butte would defeat Mrs. Ferguson. Only small bets as to the probable total number of Butte's votes, and on the individual counties under dispute were being offered. Butte's manager would make no prediction today as to what counties the Republican nominee would carry, but said he expected Butte to gather three hundred and twenty thousand out of total of five hundred and fifty thousand votes. There is no question but what a Republican vote record will be established.

Word reaching Texas that two to one odds on Mrs. Ferguson had been offered in Wall Street had started a near panic in betting circles, but the communication from Wall Street commission nouses failed to unearth any more Butte money. Venders of chance sold one wager of ten thousand to five thousand dollars had been reported from New York that Mrs. Ferguson would win by twenty-five thousand majority.

FINE INTEREST IN SCHOOLS IS CLEARLY SHOWN

"Cisco public school salaries for the first and second months, as well as all other bills incurred during this period, have been paid in full and we have \$2,000 in cash remaining," said Secretary Vaughan of the school board Saturday afternoon. "Never in the history of Cisco," say members of the board, "have the people paid their taxes so early as this year."

LOEB DEJECTED SINCE HEARING FATHERS DEATH

CHICAGO, Nov. 1.—Richard Loeb is breaking fast under the prison rigors, while Nathan Leopold, his fellow-criminal, is thriving, it was revealed today. Since being informed of the death of his father, Loeb has been under the care of a physician. His spirit is broken, and he is most dejected. On the other hand Leopold turns out twice as much work in the chair factory every day as the other prisoners.

MORAN YOUTH STAGE GREAT HALLOWE'EN

MORAN, Nov. 1.—If any town in Texas can report any more Halloween mischief than this little burg the youth of Moran would like to hear from it. The jollification began early in the evening, and continued long after the older people had retired to their stumbers.

First the youngsters turned over the city calaboose, and next they made a location, erected a rig and spudded in a well in the middle of the street, and Moran people were amazed to see that some one had jumped the city's claim over night, for there was plainly visible, right in the business section of the town, a large sized oil drilling machine. Some was labeled the overnight location the "Gene Oiler No. 1." But not all of the fun makers were inclined toward the oil industry, for the next scene of the mischief makers was more of an agricultural nature, as several farm cultivators that had grazed the alley in the rear of a hardware store, were removed to the middle of the main street and set up ready for operation. Several bales of cotton were rolled over from the cotton yard and stacked in Main street. One old buggy, of pre-auto vintage, was found perched upon an awning in front of a business house. About fifty empty gasoline barrels, and several farm wagons were strung along the street. One small building was placed in the street on one side of which in huge letters was the sign: "Meat Market," and on the other side the spectator was informed that "Wiener Wursts" were for sale.

Since daylight a busy, mad bunch of people have been at work locating and removing these obstructions from the thoroughfares that street traffic might be resumed.

WOMEN DRINK LESS IN GREAT BRITAIN

LONDON, Nov. 1.—Seventeen per cent of all persons convicted in Great Britain for drunkenness in 1923 were of the female sex, according to statistics compiled by the home office. Total convictions were 77,094, as against 188,877 ten years ago, in 1913. In pre-war days female drunkenness comprised 19 per cent of the total. Complicated regulations as to the time of opening and closing of licensed bars caught many more dealers than in pre-war days. In 1913 there were only 183 convictions for violation of the regulations, then not nearly so strict. In 1923 there were 534.

KATY SPECIAL TO MEXICO TO LEAVE JAN. 31

Frank Reedy, the noted tour conductor, will take his third mid-winter special party to Mexico via M. K. T. railroad, leaving Dallas January 31st.

This tour will afford a most wonderful opportunity for pleasure, sight-seeing and education, at the lowest possible cost. The party will be limited to 125 people. Katy diner serves all meals. Reservations are now being made and can be secured by addressing Frank Reedy, 1013 Main street, Dallas, Texas, or any agent of the M. K. & T. R. R. Co.

MRS. HAUPTRIEF MISTREATED IS CLAIM NOW MADE

SAN MARCOS, Nov. 1.—Declaring that Mrs. Hauptrief, confessed murderess of her own step-children, who hanged herself in jail, had been mistreated and given no attention whatever in her condition of near-motherhood, relatives of Mrs. Hauptrief declared today they would demand an investigation. They showed a letter written a week before the woman ended her life, complaining of being very weak and could not call for aid and lacked attention.

OIL NEWS FROM SHALLOW FIELD AROUND CISCO

The four deep wells in the Cisco field, drilling around the Sothern & Flaherty discovery well, about four and one half miles east of Cisco, all report satisfactory progress in development.

In the Putnam shallow field, Crabb et al have sold their lease southeast of Putnam, with one producing well, for \$25,000. This sale is said to have been made within ten days after Crabb moved on the lease. At Dudley, Callahan county, the Dudley Oil & Development Co. No. 2, about three hundred feet southwest of No. 1, is drilling with standard tools at about 1000 feet. Derrick is up and drilling will start at once on a third deep well about 1000 feet southwest of No. 2. Material is being placed for a fourth well near the west line of the same survey, No. 9. These new wells are being drilled with oil from No. 1. The Crane No. 1, about one mile west of Dudley, is drilling at about 1000 feet.

It is reliably reported that several additional locations have been made by the Dudley company across the line in Taylor county. In the Moran shallow field, Gilliam & Logan have a well on their Handrick lease, southwest quarter L. A. land, survey 4. Exact production is not yet determined. McCarter et al of Cisco, in the northwest quarter of section 42, have what looks like a good well at about 540 feet. The gas is so strong that they have not been able to pump the well regularly. This well is about six miles west of Moran near the Callahan line.

The Dallas, Bradford Thomas lease, northeast quarter of section 66, L. A. land, have 300 feet of oil standing in the hole. This well is about seven miles west of Moran, near the south line of Shackelford county. Parks et al have about a ten barrel well in their No. 4 Wagley, section No. 2, D. A. land, about four and one half miles southwest of Moran. Their No. 5 is about ready to come in. The Cannon deep test, near the northeast corner of the town of Moran has a strong showing of gas at about 1965 feet.

Not even a hand yard dash can be won.

WATERMELONS OFFERED FOR SALE IN CISCO

J. J. Livingston, one of the good farmers south of town, was in Cisco Saturday with farm produce raised for the market. Among other things, were some watermelons for which he found a ready sale. It is a little late for melons now but Livingston always manages to stay a little ahead of the ordinary farmer, and thus has something to sell all the time and usually gets a good price for his products. Vegetables, chickens, eggs, milk and butter are his mainstays during the between-season times of the year.

DEMOCRATS IN THE RED \$172,000 THIS CAMPAIGN

WASHINGTON, Nov. 1.—The American Federation of Labor has spent but \$28,000, most of which was used in mailing out literature on the La Follette campaign, the senate committee learned today from Frank Morrison, secretary of the federation, in its search for the enormous sums as charged. Meanwhile, the Democratic national committee in the report of the clerk of the house of representatives, showed a deficit exists of \$172,000 in the Democratic fund, with collections of \$552,000, and expenses of \$725,000 dollars.

LEGION COMMANDER WILL MAKE TOUR OF TEXAS

FORT WORTH, Nov. 1.—James A. Drain, the newly elected national commander of the American Legion, will tour Texas, beginning November 23 he will make his first appearance here, the Legion was notified today. The message from Drain was brief and did not outline his plans.

SAW RISING STAR GAME.

R. Q. Lee, president of the Cisco-Breckenridge Railway Co., and prominent business and ranchman of the Cisco country, was over to see the Caddo-Rising Star football game. Mr. Lee is quite a football fan, and accompanies the Cisco high team on all their trips.—Rising Star X-Ray.

BUCKAROO MAN ELIGIBLE FOR FUTURE GAMES

BRECKENRIDGE, Nov. 1.—The charge that Grady Jennings, one of the Breckenridge football players was ineligible to play in interscholastic games, brought by Eastland against the Breckenridge team, has been overruled by the state athletic committee, according to a telegram received here. The decision means that Jennings age is held within the limit and that he may also play in future games. The telegram was from H. A. Leaverton and M. E. Daniel, who went to Austin carrying with them evidence gathered by the school board here. The message, which is self-explanatory, follows: "Just completed all-day session with the athletic committee. The interscholastic league overruled Eastland protest and unqualifiedly rules Jennings eligible in all games already played and to be played in future.—Daniel and Leaverton."

DUNDEE STATE BANK WAS ROBBED OF \$2,000 CASH

WICHITA FALLS, Nov. 1.—Entering the Dundeese state bank opened today, four masked bandits forced the cashier and bookkeeper into the vault and took two thousand dollars in cash. Posses were organized immediately. The bandits fled toward this city. When a girl lets a man know how much sense she really has, she hasn't much.

One Dead and Ten Seriously Hurt When Klan and Anti-Klan Clash in Birthplace of President M'Kinley

NILES, Ohio, Nov. 1.—With the governor of Ohio declaring that a riot existed martial law has been declared, and Niles is now invested with two thousand state troops who are patrolling the streets of this city, refusing to let any one out of their houses. Tonight the fires of religious hatred in the Klan and anti-Klan war had cooled to a certain extent, however. Early tonight the casualty list showed one dead and ten seriously injured.

COLUMBUS, Ohio, Nov. 1.—The governor today, on desperate pleas from the national guard officers at Niles, the birthplace of McKinley, ordered out the militia and placed Niles under martial law. Where the Klan and the Knights of the Flaming Circle, and anti-Klan organizations have clashed and riots are reported. Five men have been shot. The mayor's house had previously been bombed. Telephone wires have been cut. Twenty-five thousand Klansmen have gathered, and the anti-Klan nearly as strong, from all of the surrounding country. The situation is critical. The Klan is due to parade in a tri-state convention this afternoon. The biggest outbreak is feared then. The local authorities are completely overwhelmed.

DAVIS CLOSING THE CAMPAIGN IN NEW YORK

NEW YORK, Nov. 1.—Launching his closing drive to capture New York wherein it is believed lies the electoral vote decision, John W. Davis planned his last series of talks this afternoon and evening before the public. Tonight will see the end of his campaign, with the exception of his radio talk Monday night. He was optimistic about the outcome.

PRESBYTERIANS START AUTUMN FETE TUESDAY

The third annual autumn fete conducted by the ladies of the First Presbyterian church will open Tuesday morning, probably in the new Burnett building on Main street. The fete will continue four days, opening at 10:30 each morning and closing at the same hour at night. Thirty merchants will have booths at which their wares will be displayed in artistic manner. There will be souveniers, too, as well as free coffee and sandwiches during the day. Each evening there will be guessing contests, with valuable prizes for the lucky guessers. Special music has been arranged for the evening hours.

That the affair will be as fine a success this year as in past years is assured when one looks over the following list of ladies who are planning and will superintend the fete: Mrs. O. T. Maxwell, Mrs. C. H. Fee, Mrs. Gus Ward, Mrs. Guy Dabney, Mrs. Gaines B. Hall, Mrs. E. P. Crawford, Mrs. W. R. Simmons, Mrs. D. J. Moss, Mrs. Frank Harrell, Mrs. G. H. Wells, Mrs. Alex. Spears, Mrs. B. S. Huey, Mrs. W. P. Lee, Mrs. S. A. Newcomb, Mrs. F. D. Pierce, Mrs. S. B. Carter, Mrs. W. W. Donahue, Mrs. W. F. Watson, Miss Lula Alexander and Miss Alice Johnson.

FOOTBALL RESULTS SATURDAY. Results from football games Saturday are as follows: Rice, 19, Texas 7; Baylor 15, Aggies 7; S. M. U. 6, T. C. U. 0; Princeton 21, Swarthmore 6; Notre Dame 31, Georgia Tech 3; Harvard 13, Boston U. 0; Yale 7, Army 7; Penn. State 6, Navy 0.

BUCKAROOS ARE TOMAHAWKED BY THE COMANCHES

Comanche Indians tomahawked Breckenridge Buckaroos and eliminated the boys from Stephens county Friday when they took the long end of a 7-0 score. The Buckaroos entered the game doped to win, and the Indians were doped as the under dog. However, by displaying a superior attack and an airtight defense when necessary, the Indians held the Buckaroos scoreless, and put over the winning touchdown.

Mason, Marshall and Dillard were the big three Indian attack. Moody at tackle and Woodward at end with the big three, composed the backbone of the Indian machine. Mason and Marshall are a pair of fifty side-steppers and broken field runners. Dillard is a plunging, twisting line breaker. Following a twenty-five yard broken field run by Mason, Marshall circled Breckenridge's left end on a reverse play for the winning score. Mason kicking a goal.

Zaratonicus brothers carried the brunt of the Buckaroo attack. George, the youngest of the two, was the outstanding man for Breckenridge. He was playing his first game in a Buckaroo uniform, having started the season with Ranger and later going to Breckenridge. This game puts Comanche in the finals in this district. Ranger and Cisco are scheduled to meet Tuesday, November 11 and the winner of this game will meet Comanche Nov. 15. The location of the game will be determined by the toss of a coin.

Ranger Ramped on Weatherford. Ranger rumped on Weatherford yesterday at Ranger. A number of Cisco people went over to attend the game, expecting to see a good exhibition. The Weatherford boys were heavy but lacked football knowledge and ability. When the score reached 52-0 in favor of Ranger, most of the crowd had drifted away, but Ranger was still going strong and probably ran the score up some more. Ranger is still all dressed up with a new name. They discarded the name Rampagers, and were dubbed "Oilers." However they refused to accept that name and voted the cognomen "Bull Dogs" on themselves.

H. G. M'WHIRTER IS POLICE CHIEF OF RISING STAR

H. G. McWhirter, formerly assistant chief of police of the Cisco police department, has accepted the position of chief of police of Rising Star, and entered upon the duties of his new position Saturday morning. McWhirter has been on the police force here for about two years, and has proven himself a good officer, one that Rising Star will find ever vigilant, and at the same time an officer who uses his brains.

Ray Roark, who has been with the police department here as patrolman, severed his connection with the city Saturday, and will go back into the automobile business, having under consideration at this time a position with a firm at Amarillo, and also at Dallas. Roark stated he would remain here for a week or two, as he thinks he deserves a rest after two years in the police office. Added to the force in Cisco H. W. Winslow is now serving in the capacity of night desk sergeant. Winslow has lived in Cisco for the past two or three years, and has done special duty in the past. He is an experienced officer, as he was with the sheriff's department in another county before coming to Cisco. The "conclusion jumper" never loses very well in life.

THE CISCO DAILY NEWS

A. B. O'FLAHERTY Editor and Publisher
W. H. LA ROQUE Advertising Manager

NO LOANS FOR RUSSIA YET

The Soviet Russian Commissar of Finance, or as we would call him in this country, secretary of the Russian treasury, says that Russia will obtain foreign loans amounting to "several tens of millions of rubles."

Perhaps, but more likely not. The commissar does not mention the names of the American financial institutions which, he claims, have promised support for a loan.

It is not that Americans are opposed to helping the Russians. They are merely opposed to helping the Soviet government, which as far as Americans can discover does not really represent the Russian people, and which has a record of utter faithlessness to its promises.

It is a strange spectacle, though, and highly instructive economically, to see a government which started out not long ago to "abolish capital" now asking foreign capitalists to lend it money to finance its wobbling industries.

SCHOOL BRIDES IN SCHOOL

School authorities in Chicago say that school girls who marry must go back to their classes, and that it is up to the husbands to see that they go.

"When the husband is over school age, but the bride is under school age," says the superintendent, "the husband is responsible. I'm going to send these cradle-robbers to jail when they fail to send their wives to school."

This is a reasonable and beneficial view to take of the matter. It used to be assumed that when a boy or girl married, he or she was therefore grown up, and no longer to be treated as a child.

GASOLINE COMES OF AGE

The Toronto Globe calls attention to the fact that "petrol has just come of age." That is, it is now just 21 years since gasoline began to arrive in bulk in England, and the automobile, driven by gasoline engine, first came into use in the city of London.

In this country the "horseless carriage" is about the same age. But the motor car, and its many different developments, is only one of the countless benefits that have come in with the gas engine.

So much has the public come to rely on the gas engine that it has done some worrying lately as to the final exhaustion of this magic fluid. Scientists have reassured us that there are many sources of gas not yet touched and that there will be a new discovery to take its place when the gasoline is finally used up, if that time ever comes.

Ed. Cox, captain of the Eastland high school football team, is a wonderful player from all angles. A few men like this speed demon would make any team well-nigh invincible.

Local Butte supporters are grinning and acting just like they had already tasted victory. Maybe so. However, "as goes Cisco's westside, so goes the state."

After we have finished the tourist park, the state park, the building and loan association and the public library there will be plenty of time to tackle some other achievement. Too many unfinished jobs have a bad effect.

The way some parents permit their children to act at hallow'en would indicate that, after all, our so-called civilization is not more than two hops ahead of barbarism. True civilization and the destruction of property are as far apart as the two poles.

Playing like they did in the last half with Eastland, the Fighting Lobos will put their football brand on both Ranger and Comanche, and practically cinch the state championship. Otherwise, even the district championship is not apt to come to Cisco this year.

History shows that government always becomes oppressive when it starts enforcing all of the million and one laws on the statute books.

Cisco high school authorities should leave nothing undone to ascertain the names of the individuals who impersonated the principal of the local schools and by misrepresentation secured a false affidavit from the aged father of Cecil Couch.

Running true to dope, the Lobos defeated the Eastland Mavericks 41-6 here Friday. The game was closer than the score indicated.

The game was hard fought and was viewed by a large crowd of fans from the two cities. Wilson scored first with a field goal, later a touchdown being made.

LOBOES DEFEAT EASTLAND HERE BY A 41-6 SCORE

Running true to dope, the Lobos defeated the Eastland Mavericks 41-6 here Friday. The game was closer than the score indicated.

The game was hard fought and was viewed by a large crowd of fans from the two cities. Wilson scored first with a field goal, later a touchdown being made.

In the last half the Lobos came back strong. Fields was the star of the game, repeatedly breaking loose for long gains.

Eastland proved good sports. They had a goat here dressed up and labelled Cisco.

DINNER STORIES

A certain glen in Scotland had the reputation of having a splendid echo. An English gentleman visited the place, and asked his guide about the echo.

"Just shout 'two bottles of whiskey,'" said the guide. The gentleman did as requested, and after waiting for several minutes, he turned to the Scot, and said:

"But I do not hear any echo." "Maybe no," chuckled the Scot, "but here's the lassie comin' wi' the whiskey."

A couple of the many tourists passing through Georgia on their way to Florida came across a road of whose destination they were uncertain. Seeing an old woman rocking on a nearby porch, they called to her, "Auntie, can you tell us where this road goes?"

"Well, honey," she said, "hit just goes fust one place and then another."

Frank A. Vanderlip said, in an argument about the oil scandals, at a dinner in New York: "We don't know the whole truth yet, and from half truths optimistic and pessimistic conclusions can with equal justice be drawn."

"Marriage," said the optimistic clubman, "is a preventive of suicide."

"And suicide," said the pessimistic clubman, "is a preventive of marriage."

CHURCHES

First Baptist Order of service today: Bible school at 9:45 a. m. Sermon by pastor, 11 a. m. Junior B. Y. P. U., 4:00 p. m. Intermediate and Senior B. Y. P. U. 6:30 p. m. Sermon by pastor, 7:30 p. m. A cordial welcome to the public.—C. G. Howard, Pastor.

First Christian E. H. Holmes, pastor. Bible school, 9:45 a. m. Preaching, 11 a. m., and 7:15 p. m. Morning subject: "The True Vine and Its Branches." All strangers and visitors cordially received.

Presbyterian Services Sunday include Bible school at 9:45 a. m.; preaching at 11 a. m., and 7 p. m. Please note

that all night services from now till March begin at 7 o'clock. Special music, and a cordial invitation to all.—Gaines B. Hall.

League Program By Young Men's Class of the First Methodist church, 6:15 Sunday afternoon. "Subject: 'Home and School.'" Scripture lesson by five members of the class. Vocal solo, Marion Chambliss. Leader's talk, J. J. Godbey. The home, T. B. Smith. Education, H. G. Bailey. General discussion. Song. League benediction. Special music by orchestra.

LAYING PIPE LINE TO OIL BELT POWER COMPANY PLANT EASTLAND, Nov. 1.—John W. Moore, Eastland contractor, has a crew of men engaged in laying an eight-inch pipe line from the Chestnut Smith gasoline plant, about 3 miles northwest of Eastland, to the plant of the Oil Belt Power company, four miles southeast of Eastland. Mr. Moore states that it will probably require 60 days to complete the laying of this line, which is intended to carry gas for fuel to the power plant.

FOR SALE—\$140 Columbia Phonograph for \$60 cash. The Gables House. Phone 622. c-ff.

ROTARIANS AND LIONS TO CLASH IN GOLF MATCH

Everything is setting pretty for the match game of golf between Cisco Rotarians and Cisco Lions, next Wednesday afternoon at the Country club. The Lions are the challengers and are pepped up for a decisive victory, but the Rotarians know some of the finer points of the game themselves and see no reason why they shouldn't tie a troublesome knot in the Lion's tail.

Eight men will participate on each side, as follows:

Lions—Paul Butler, captain; N. F. Elenberg, W. H. Morse, Chapman Williamson, C. A. Whitfield, A. D. Anderson, G. C. Richardson and W. B. Chapman.

Rotarians—G. Wayne Griswold, captain; Carl Patton, J. M. Williamson, Paul Woods, A. B. O'Flaherty, P. W. Campbell, B. S. Huey and Minter Womack.

There will be no admission fee, and all members of the Country Club are invited to witness the first golf match ever staged in Cisco.

CISCO BAND IS PRACTICING 3 TIMES A WEEK

Every city needs a band, and realizing this, former members of Cisco's musical organization have gathered together twenty or twenty-five local musicians under the leadership of Harry Schaefer, one of the most talented musicians in the state, and are practicing three times a week. The first public performance was when this band accompanied the Lobos to Breckenridge on the occasion of the Lobo-Breckenridge game, and while they were without any previous practice, they acquitted themselves fairly well. But in Schaefer's combination are several musicians of talent, and with a little practice will soon be able to make the best of music for all public occasions.

BISHOP MOORE BEGINS WEEK'S SERVICE TODAY

The coming of Bishop Harry T. Moore of Dallas to this section will be of interest to many others than those affiliated with that religious denomination. The Bishop will preach this morning in St. Mary's church at Ranger, and many from Cisco will likely be in attendance. The Bishop will also celebrate the sacrament of the Holy communion at this morning's service.

The first service of the mission, a series of services, which Bishop Moore has come to Eastland county to preach, will be held in the new Episcopal church, St. John's, at Eastland, on Sunday evening at 7:30 o'clock. The church is located on Lamar street in the 50 block, immediately opposite the C. U. Connelley home and these services will be held every night during the coming week, the mission closing with confirmation service the Sunday morning following, Nov. 7.

It is announced that these services are being held with the Eastland church for the reason it is most accessible to the other churches in the oil belt, as Eastland is within easy driving distance of Cisco, Ranger, Breckenridge, and other nearby towns where there may reside members of this church. But the services are open to all and the public is cordially invited to attend each and every service during the week.

AT THE BROADWAY

America is made up of millions of "Babbitts." They are the backbone of this country; the practical schemers of commercial progress and civic development. But—in spite of their materialism, their souls crave the beauty and romance their lives have no place for.

The home of a "Babbitt" is the middle-class home half our presidents, judges, artists and literati have come from, and it is no less a photoplay than the Warner Bros.' latest picture, "Babbitt," as adapted from the great Sinclair Lewis novel of the same name, that will be shown at the Broadway Theater to day and tomorrow. The role of "Babbitt," as portrayed by Willard Louis on the screen, is a living picture of the problem common to all of us. Babbitt is a hustling, prosperous real estate broker and a worthy citizen of Zenith, Ohio. A dutiful husband and father, he chafes under the ever-growing din of continuous quarrel and recrimination in his home, and longs to be free to taste the joys he dreams of in his heart. In addition to Willard Louis, Mary Alden and Carmel Myers, popular screen favorites, to cast embrace such names as Raymond McKee, Maxine Elliott Hicks, Robert Randell, Cissy Fitzgerald, Gertrude Olmstead, Dale Fuller and others.

FOR AMENDMENT of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been a resident of this state since January 1, 1910.

AGAINST AMENDMENT of Section 51, Article 3, of the Constitution authorizing the Legislature to grant aid to Confederate soldiers and their widows.

THEY ARE STILL FLOWING FOR H. & S. COMPANY

Lady Luck is still riding in the same boat with the H. & S. Oil Co., composed of Cisco and El Paso parties, who are drilling in the shallow field west of Cisco. The H. & S. people report the bringing in of their tenth well this week. This well was drilled in on the R. D. Williams tract, and the pay was struck at 328 feet, in an entirely new and different sand from other wells in that tract, and makes the third well brought in on their second leasehold. The well had not been put on the guage when last heard from but its production is indicated to be similar to that of the other nine producers of this company, and gives them an approximate production of 100 barrels of high gravity oil every 24 hours. Out of eleven wells drilled the H. & S. have brought in only one dry hole.

WANTS TO LIVE HIS NAME

CAPE GIRARDEAU, Mo., Nov. 1.—Frank Batchelor, married 10 years, has decided that he wants his name to mean exactly what it says. He filed a suit for divorce this week charging his wife had become infatuated with another man.

WANTED—A real cook, at the Gables House. Salary according to ability. Phone 622. c-tf.

DUCAL ESTATES PASSING INTO NEWER OWNERS

LONDON, Nov. 1.—The aristocratic ownership of the ancestral and ducal mansions in London will soon be a thing of the past. Since the Duke of Devonshire sold Devonshire House in Piccadilly, there has been a move on the part of descendants of aristocrats to give up their family mansions and migrate to new pastures.

Recently the Duke of Westminster leased Grosvenor House to one of the new peerage and now the town house of the Duke of Norfolk, one of the oldest peerages in the country, is for sale. The dukes of Norfolk have lived in Norfolk house in St. James' Square for generations, and the changing of ownership in connection with such an ancient property so full of traditions is considered in some quarters to be the commencement of another social wave which, at times in London affairs, has moved the center of wealth and fashion. The latest of such moves was from Bloomsbury to Mayfair and Belgravia. Society, however, is pretty firmly established in these neighborhoods despite the fact that many nearby squares, once exclusively aristocratic, are being invaded by blocks of modern office buildings flats, and clubs.

Rotarians—G. Wayne Griswold, captain; Carl Patton, J. M. Williamson, Paul Woods, A. B. O'Flaherty, P. W. Campbell, B. S. Huey and Minter Womack.

There will be no admission fee, and all members of the Country Club are invited to witness the first golf match ever staged in Cisco.

FOR SALE—\$140 Columbia Phonograph for \$60 cash. The Gables House. Phone 622. c-tf.

THEY TRADED EVEN ANADARKO, Okla., Nov. 1.—Here is a story to rival the one the salesman selling ice cream freezers in Alaska. A blind man selling hosiery entered the jewelry shop of G. W. Austin here. He became infuriated when a trade of a pair of spectacles was offered. "I've got as much use for your sox as you have for my spectacles," Austin retorted. Then he explained that he had lost his legs under a train twenty years ago. They traded even.

HIGH SCHOOL GIRL SLIGHTLY BURNED BY EXPLODING GAS

Willie Clark, high school student of Ranger high school, was slightly burned on the arm and her hair was badly singed when a gas oven exploded at the home of S. E. McCaskell of Hill avenue. The flames were extinguished by prompt action on the part of members of the household.

FLIERS TO REST IN MUSKOGEE ON ARRIVAL MONDAY

MUSKOGEE, Okla., Nov. 1.—America's three round-the-world fliers are due to rest here a day next Monday or Tuesday enroute east from the Pacific coast, Capt. Chas. B. Oldfield of the 95th division air service announced today. The fliers passed through here and landed on their way west several weeks ago while completing the last stage of their epochal flight.

TURNED DOWN A CHECK FOR TEN MILLION

PONCA CITY, Okla., Nov. 1.—Waite Phillips shook his head and Walter C. Teagle, president of the Standard Oil company of New Jersey, disappointedly tore up a \$10,000,000 check tendered Phillips for his half interest in the Rainbow pool of southern Kansas.

This story of another oil "deal" that failed to materialize was related by men here today. The Rainbow pool covers 4,000 acres and is regarded as one of the "coming" pools of the Mid-Continent field.

FOR SALE or TRADE—Residence, vacant lots and brick business property on Main street. Will trade for revenue bearing property or farm. Day phone 16; night phone 691. c-tf

KANSAS MAY PENSION SPANISH WAR VETERANS

KANSAS CITY, Kas., Nov. 1.—Printed stickers reminding Kansas voters next Tuesday not to forget the referendum giving a \$1 a day bonus to veterans of the war with Spain were distributed by national headquarters of the Veterans of Foreign Wars here today throughout Kansas. The stickers read: "Two years ago you showed your approval of the deeds of veterans of the world war by adjusting their compensation. Are the deeds of the men of '98 less worthy?"

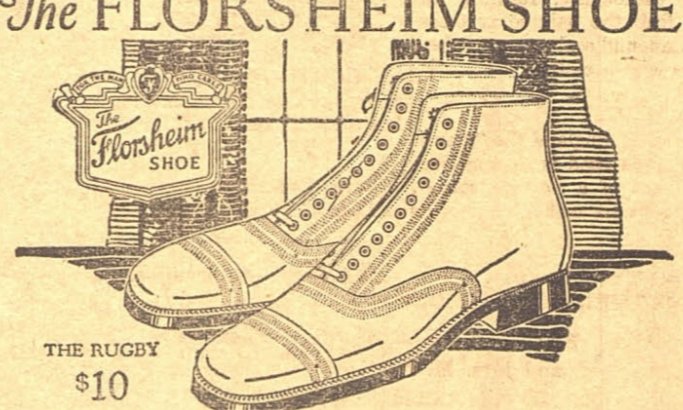

NOTICE OF STOCKHOLDERS' MEETING

A regular annual meeting of the stockholders of the Cisco & North-eastern Railway Company will be held at its office in the City of Cisco, at eight o'clock P. M. on the second day of December, 1924, for the election of officers and for the transaction of such other business as may come before the meeting. Immediately upon adjournment of the stockholders' meeting, a meeting of the directors of the company will be held at its office.

A. SPEARS, Secretary.

Service and Appreciation

PLAY GROUNDS AND PARKS OF 6TH DISTRICT

"Considerable friendly rivalry, and much enthusiasm has been engendered among the different districts of the Texas Federation of Women's clubs," said Mrs. Wm. Reagan, president of the Sixth district, yesterday. "A beautiful silver cup will be presented to the district securing the greatest results in the play ground and park movement, which is sweeping over Texas. The chairman of parks and play grounds of the Sixth district, Mrs. F. F. Gray of Big Spring, is wide awake and constantly on the job, and is exerting every effort to win the cup for her district which embraces the most beautiful part of west Texas, with its most wonderful chain of state parks instituted by Gov. Neff, has lent a strong impetus to the interest of our people in these public pleasure resorts.

"Many towns in the Sixth district are sending in glowing reports of beauty spots already in operation as city parks, and sites given to the state which will in time become parks of great beauty and note, and will be valuable assets to the towns donating them. Among the towns already heard from are El Paso, Bal-morhea, Big Spring, Cisco, San An-telo, Eastland, Abilene and others. The chairman is most desirous of hearing from every town in the district.

"The Sixth district, the grandest part of 'grand old Texas,' must win this cup. Let the park and play-ground movement grow and ever grow, till the green prairies and rocky hills are one big picture of beauty, for the people to feast their eyes upon and to rejoice in forever," Mrs. Reagan concluded.

KIDS OF SCOTTS BLUFF IN MOURNING FOR PAT
SCOTTS BLUFF, Neb., Nov. 1.—For years, "Pat," a mongrel owned by A. M. Ginn, had successfully dodged automobiles, cats and the other perils of canine life. When an air plane landed here, however, Pat lost his sense of discretion and got too close to the whirling propeller. A few minutes later a policeman's revolver shot put him out of his misery. The juvenile population of Scotts Bluff has gone into mourning as a result of the tragedy.

TECH COLLEGE CORNER STONE ARMISTICE DAY

LUBBOCK, Nov. 1. — Senator Guinn Williams of Decatur, deputy master of the Blue Lodge of Texas Masonry, will be in charge of the laying of the corner stone of the Texas Technological College here Armistice day. He will be assisted by more than 1,000 Masons, including the officers and representatives of practically every Masonic lodge on the plains. Judge E. R. Ryan of Midland, will act with Senator Williams in the formal work of placing the stone.

Governor Pat M. Neff will deliver the principal address of the day, with Col. Ernest O. Thompson of Amarillo, to represent the American Legion in honor of Armistice day. The national guard and ex-service men will participate in a formal military program to conclude the ceremonies. Plans are being made to take care of 30,000 people on that day. At least five bands have signified their intention of being in the grand parade that will precede the opening ceremony. More than twenty plains towns will officially take part in this parade which will be headed by Masonic bodies, speakers of the day, visiting officials of neighboring towns of West Texas, the board of regents, state and school officials from over Texas and adjoining states, and will include, in addition to at least 5,000 automobiles, more than 3,000 school children on foot—each carrying a Texas flag.

The Allen Brothers post of the American legion, are planning a huge army feed and ex-service man's party for the evening following the ceremonies at the Tech site. More than 1,500 ex-service men are expected to attend, and a program of army fun is being arranged that will knock the spots off of all former parties of the buddies, and finally determine that discussed question of "Who Won the War?"

Daddy Dickinson and Bennie Hilburn, a pair of shavetails on whose shoulders are placed the "dirty work" promise a hard boiled program, full of thrills—even for the ex-m. p's, and field clerks.

KANSAS DEMOCRATS CAMPAIGN IN SONG
EMPORIA, Nov. 1.—If the Democratic county ticket in Chase county doesn't win Tuesday, they can blame it on the lack of musical appreciation by Kansas voters. Instead of a torrent of words, the candidates under the leadership of John Dunkin, county chairman, have formed a glee club. Candidates who can't sing, hum the tunes.

WANTED!
To buy good safe. Give inside measurements and approximate weight. Walker-Smith Company, Brownwood, Texas. c-136.

What the World Is Doing

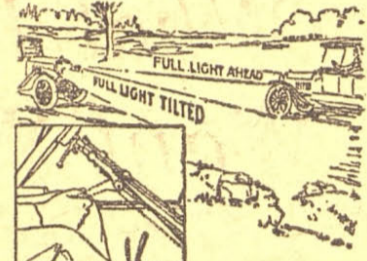

As Seen by Popular Mechanics Magazine

Passing the Plate by Radio

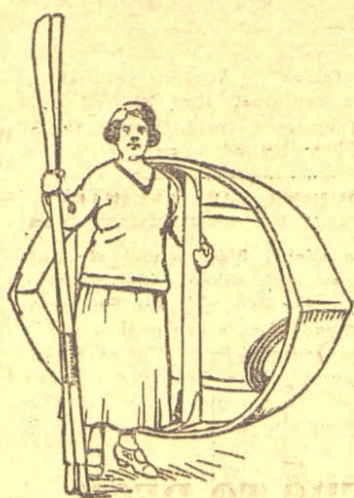

Pessimists say radio broadcasting can not continue indefinitely because there is no way to collect the cost from the ultimate consumer—the listener-in. The Sunday Evening Club, of Chicago, has disproved the assertion by successfully passing the plate to the radio fans when the weekly religious services of the club are broadcast each Sunday night from October to May. The club has never asked the radio enthusiasts to contribute, but each week gets a flood of letters containing donations. "I heard the plate being passed, and here is my donation," is a typical letter. The contributions range from a few cents to as high as \$25, and the appreciation of the audiences was proved by the fact that the total amount of their gifts during the eight months of the 1923-24 season was between \$1,200 and \$1,300.

Tilts Auto Lights, Ending Glare without Dimming

To eliminate the necessity of dimming automobile headlights when passing other cars, a device has been made with which they may be tilted

toward the road by touching a lever on the steering post. In this way a daylight view of the road is given when meeting other motorists without blinding approaching drivers. By dropping the lights while driving in fog or over rough or muddy places where it is necessary to pick the way, all details of the road immediately ahead of the car become clearly visible.

Light Lifeboats for Seaplanes to Save Wrecked Flyers

To aid in saving lives of aviators who might be wrecked while flying over large areas of water, lifeboats so light they can be easily carried on seaplanes have been designed. Strongly built and equipped with oars and rope, the boat is said to add but little to the burden of aircraft. In case forced landings in the sea are necessary, when planes become damaged, it can be easily unshipped from its moorings and navigated by one man. Constructed with a wide beam, the lifeboat can safely negotiate ordinary rough seas.

Cleaning Paint on Engines

A compound with which engines or other oily machinery can be cleaned thoroughly is made as follows: To 1 gal. of water add 1/4 pt. of lard oil. Mix them thoroughly, forming an emulsion. Rub the painted surfaces with the compound and remove it before it dries with a cloth.

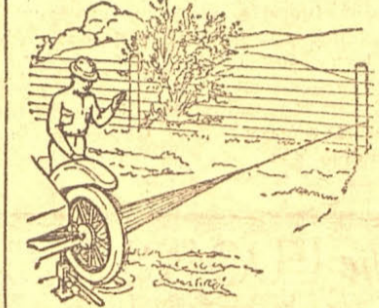

(In the Bank of England the "grand balance" or scale used is so sensitive that the weight of a postage stamp moves the index six inches.

Cementing Leather to Iron

To cement leather to an iron surface, paint the iron with a mixture of white lead and lampblack in oil. Then cover with a cement made of the best glue soaked in water until soft, and dissolved in vinegar. This is thoroughly mixed with one-third of its bulk of white-pine turpentine, and thinned with vinegar until it can be spread with a brush. The cement should be applied to the iron hot and the leather put on and quickly pressed into place; the parts should be held tightly in a clamp while drying.

Making Stranded-Wire Cables

Having had considerable difficulty in obtaining good seven-stranded cable for guy wires, a mechanic hit upon the following method of making it himself: He jacked up one of the rear wheels of his car and fastened one end of a coil of galvanized-iron wire to one of the spokes, brought the wire around a fencepost, directly in line with the wheel, and attached it to the opposite spoke of the wheel, cutting it from the coil at this point. Two other lengths of wire were run in the same way and also a single length from the wheel to the post. He then started the engine and put it in gear, which caused the rear wheel to revolve

and twist the wires as desired, making a strong cable. With this method he has made cables 150 ft. long.

(Pure glycerin will remove coffee and tea stains on silks and wools.)

ELKS MASK BALL FRIDAY EVENING WAS A SUCCESS

While not as well attended as expected, the Elks masquerade ball at Labor Temple Hallow'en night was first class and an altogether pleasurable affair. The Elks put on but few dances during the year—usually at Hallow'en, during Thanksgiving week and New Year's night—but are bent on establishing a high standard for all functions of this and similar nature given under their auspices. The entertainment committee has adopted an iron-clad rule that all dancers who do not comport themselves befitting the most refined ladies and gentlemen shall be requested—courteously but firmly—to leave the hall. This rule will be religiously adhered to and is certain to levitate the local dancing morale.

Some thirty couples participated in the enjoyable hallow'en event, Gus Coleman's six-piece orchestra furnishing the music.

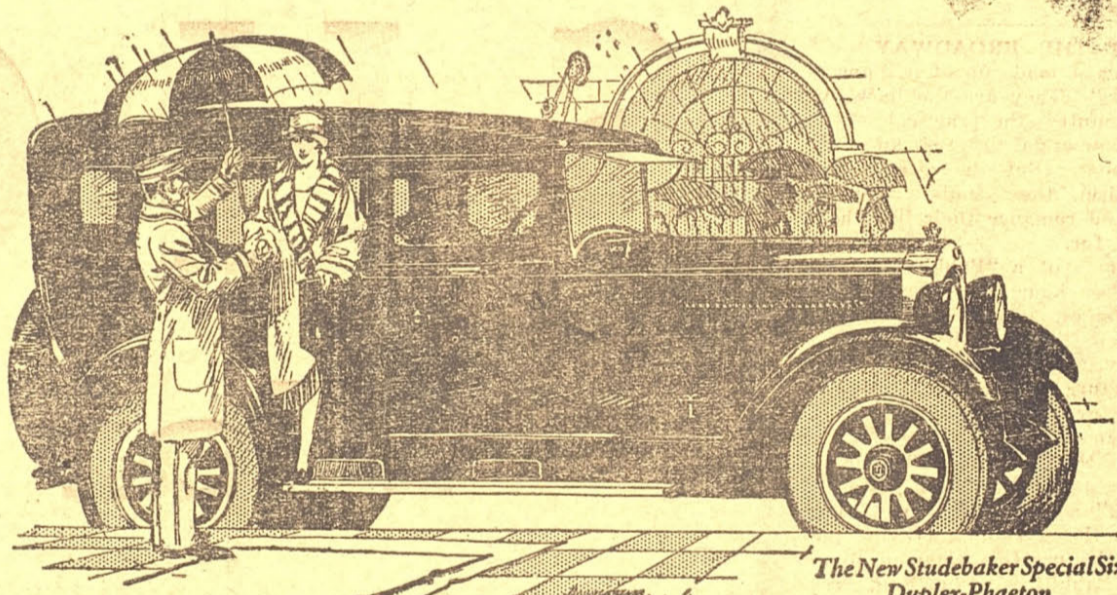

JEWELRY IS RETURNED AND NO QUESTIONS ASKED

RANGER, Nov. 1.—The two diamond rings, platinum wedding ring and diamond bar pin belonging to Mrs. Joe Driskell, alleged to have been lost or stolen from her coupe Wednesday evening, have been recovered. The purse and jewelry were returned by a party whose name was withheld and the \$100 reward offered was paid and no questions asked, it was said.

JEAN VAL JEAN II. NEBRASKA CITY, Nov. 1.—Police here are wondering what fate will befall the thief who, like the

Victor Hugo character, entered Christ church here and stole two brass candlesticks from the high altar. In Hugo's book, the thief, repented, and the candlesticks were restored. His local imitator, however, has shown no signs of repentance.

The very smart line of the latest in pattern hats are at Mrs. Kennon's Style Shop. c-185

Open car when you want it —an enclosed car in 30 seconds

WITH the new-type Studebaker Duplex you may take your choice—ride in an open car if you like—enjoy the cool, fresh air and healthful sunshine. Then in 30 seconds—without even leaving your seat—it can be changed to a deeply cushioned, richly appointed, fully protected enclosed car. It's no fuss or bother at all—simply lower the roller enclosures—it's so easy a child can do it. No more hurried efforts to put up curtains in the wind and rain. No more hunting for the right one while the storm beats in. No more exposure through holes torn in them while trying to obtain for the emergency the protection given by a closed car. For in the Duplex the side enclosures are instantly accessible—yet rolled up safely out of the way when not in use. If this two-fold utility were the only feature of the new Studebaker cars they would still be a sensational value—but there are many others. New body lines—new beauty—more powerful engines—new ease of gear shifting—genuine balloon tires—and the easiest steering car you ever drove. In justice to yourself—see this car today.

B. & H. Motor Co. STUDEBAKER DUPLEX THIS IS A STUDEBAKER YEAR

Because--

BY MEFO. And has anything happened in that time to warrant Mefo's rapid-fire switch from good government to support of a man whom he describes as having an appeal mainly to "ignorance, prejudice and the spirit of hate and revenge?"—The Post-Dispatch, Houston.

Yes. Because in four years we have learned that there are evils of the present far greater than Ferguson mistakes of the past.

Because a Democratic legislature and two Democratic campaigns have vindicated Jim Ferguson. Because James E. Ferguson came to the rescue of the state when papers like the Houston Post-Dispatch and men like Tom Love and Zeke Marvin were striving to deliver the Democratic party to the Ku Klux Klan.

Because the Democratic legislature of Texas passed an Act providing for the placing of Jim Ferguson's picture in the Hall of Fame by the side of all the great governors who have honored the state.

Because Jim Ferguson has risen higher in the estimation of The Chronicle during the past four years than those who continue to persecute him.

Because Jim Ferguson has evidenced a courage that has never been shown by papers of the Post-Dispatch class; he has fought for the law and the constitution; he has fought for the liberties of the people; he has fought against the mask, the strap and the tar bucket.

Because while the Houston Post was openly aiding the klan, while the Houston Dispatch was silent as the grave on the subject, and while the consolidated Post-Dispatch was espousing the cause of Felix Robertson, a notorious klansman, Jim Ferguson was fighting the evil that threatened to destroy the Democratic party and to make a mockery of all religious and political freedom in this state.

Because Mrs. Miriam Ferguson, wife of James E. Ferguson, won her title to the governorship of Texas in two Democratic primaries, and by two court decisions.

Because Mrs. Ferguson asked that the stigma which had been cast upon her family name be removed by a vote of confidence; it was.

Because 350,000 Democrats went to the polls last August and settled the question of Fergusonism in this state for all time; call it forgiveness, or vindication, or whatever you prefer—it was the decree of Democracy by over 100,000 majority.

Because when a man and a woman have had the courage to meet all the onslaught of evil and overcome them, we are willing to forget the past and look hopefully to the future.

Because Jim Ferguson came to the state's rescue in its hour of need, and we are not willing to desert him just after he has helped to gain for the people a victory for which we also fought—the elimination of a secret organization that has sneered at and defied all law.

Because he is being opposed by a Republican candidate who dares not defend his own party and who tries to gain office by reviving all the old hates and dissensions in this state.

Because The Chronicle has never yet espoused the cause of a Republican against a Democratic nominee.

Because to break faith with the Democratic party in this instance is to betray a good woman, and to set the seal of disapproval on the national and state suffrage amendments.

Because Dr. Butte offers not one thought or suggestion for the good of Texas, while Mrs. Ferguson's platform, endorsed by the people and approved by the State Democratic Convention, is one of reform and advancement.

Because Dr. Butte's main support comes from those who are willing to disrupt the Democratic party in order to obey the dictates of an invisible empire.

Because all worthwhile Democrats in Texas—the men and women who have served us in the past in high official positions—are for the election of Mrs. Ferguson.

Because Mrs. Ferguson was advocated in the last primary in the most remarkable campaign this state has ever known and by the greatest number of Democrats of national reputation Texas has ever seen on the stump.

Because not one new charge has been made against Jim Ferguson, and because all the charges now made were known in the last primary, and despite this and the vile calumnies sown broadcast, Jim Ferguson was vindicated and Mrs. Ferguson was nominated.

Because we don't desert those who have fought for the people, especially when that desertion means an attempt to deliver the state to the Republican party.

Because a traitor to Democracy in this hour is doing far more than desert the party—he is helping to enthrone a secret and insidious order.—Houston Chronicle.

THE MEN OF CISCO SHOULD HELP BUILD LIBRARY

"A public library is an essential to any intellectual city," stated one of Cisco's public-spirited citizens recently, "and many are glad to see the Daily News getting behind the movement. I believe nearly every person will do all they can to help build a suitable home for the library, and make it one of the institutions of Cisco that we can point to with pride. Certainly many families should buy one or more memberships in the library. Right here is an opportunity to do a good deed. Many men can afford to buy memberships in the library and present them to worthy people as a present."

The Daily News has not found a single person who does not endorse the idea of a suitable building, for the Cisco public library, and its materialization, we believe, is certain. Once Cisco folk have given the idea proper thought, the building will be erected. The Twentieth Century club has ever had in mind the building and equipping of a library in Cisco, and have worked with this one objective since the club was organized in 1897, and it seems that it is about time for the rest of the population to cooperate with this patriotic woman's club and put the proposition over. Cooperation will do it. The persistence of the Twentieth Century club should be an inspiration to all. These ladies have made many sacrifices to keep the library functioning, and have sorely taxed themselves to maintain it. They now have a number of valuable volumes, and their membership is slowly increasing all the time, though no organized effort has ever been made for members.

To get some definite idea of the progress that has been made a News representative obtained an interview with Mrs. William Reagan, one of the most enthusiastic members of the Twentieth Century club, and one of the members who first conceived the idea of building a library. Mrs. Reagan says:

"The Twentieth Century club is a chartered institution, secured for the purpose of building a library, which has been the dream of the club since it was first organized. We feel that we have made considerable progress, but will not cease our efforts until we see a suitable building on the beautiful site that is being reserved for the library, and since the Daily News has been so kind to come to our rescue with a campaign of publicity, the club feels we are nearing our goal. We have a building committee of which I am chairman, composed of the following additional ladies: Mesdames C. H. Fee, J. Winston, G. B. Kelly, R. Q. Lee and J. J. Butts. Owing to the meeting of the State Federation of Women's clubs, which convenes in

Amarillo, November 11, I will be unable to call the committee together until about the middle of the month, as I have numerous matters pertaining to the Federated clubs to attend to, but it is the intention of the members of this committee to get to work in earnest soon after my return from Amarillo. Some definite plan for reaching our objective will be outlined, but first we think we will attempt to get the Carnegie Library organization to take the proposition over, though we have raised in the past to interest these people. However, conditions may be different now, and we may meet with a better reception. Should the Carnegie people turn us down, we must find some other way.

"We believe Cisco people really want to see an adequate building erected to house the library, and when they have become interested we know the building will go up. We have over \$1000 in the building fund, and two ideal lots on which to erect the building. These lots and the building fund will be converted to the erection of the library as soon as definite plans are perfected.

"While the maintenance of the library is imposing quite a burden on the Twentieth Century club members, yet we have determined to keep the present library functioning until it is housed in its permanent home. We have placed the matter of maintaining the library before the city commission, but that body convinced us that this was impossible unless it was owned by the city. However, if we cannot interest the Carnegie organization in the library we feel that with the cooperation of the city commission we can formulate some plan that will meet with the approval of the entire citizenship."

When asked the attitude of the city commission toward the building of the library Mayor William Reagan stated:

"The city commission is very much interested in establishing a public library in Cisco. Such an institution would be almost as desirable as another school, for it is intellectual in its nature, and therefore educational. I think the commission would heartily endorse a plan to build a home for the Cisco library, but if it was not illegal it would be unwise for the commission to set a precedent by appropriating any funds to the assistance or maintenance of this institution unless it was owned by the city.

"There is no doubt of the fact that Cisco should have a public library. When the members of the Twentieth Century club mature their plans for the building the commission will be glad to confer with their library committee, and I am confident some feasible plan can be worked out for putting on a drive to secure such a sum of money, which supplemented by the

funds the club has on hand and the lots, would justify the commission in taking over the proposition and erecting the building and maintaining the library in perpetuity. In fact the library should be owned by the city, and could be open to the public. It is too great an undertaking for any individual club to undertake. Personally I favor the city owning the library, and believe this opinion is shared by the other members of the administration."

The first thing a young man or woman ought to learn is to think carefully and accurately.

FORTY THOUSAND WILL SEE PARADE ARMISTICE DAY

"Everybody who can possibly afford to do so should have a decorated car or float in the Armistice day parade Nov. 11," said Secretary Richardson of the chamber of commerce Saturday. "This will be one of the best boosts for Cisco that can be put over, and as Cisco's fame for

putting on the best Armistice parades has been heralded far and wide, we should not fall down on this occasion.

"The new feature of taking the parade over the Bankhead highway through Eastland and Olden, and to the ball park at Ranger, where the Lobos play Ranger team, will be one of the biggest stunts that Cisco could put on. It is my opinion that at least 40,000 people will see the pageant on its parade, to and from Ranger."

tary Frank Robertson of the chamber of commerce, is in receipt of a letter from County Agent R. H. Bush stating that he will be here Nov. 6 and 7th for the purpose of culling chickens. Those interested are requested to notify the chamber of commerce and demonstrations will be arranged for each community, as it will be impossible to cull individual flocks during the two days time allotted.

\$10,000 TO INVEST—Will invest up to ten thousand dollars for half interest in any good business, idea for a business or patent that can be put on a paying basis with that amount. Outline proposition briefly in first letter. The Walker Plan, 500 Fifth Ave., New York, N. Y. c-175.

The seat of our government is always being kicked out.

CISCO TOURIST CAMP'S FAME IS KNOWN ABROAD

Mr. and Mrs. S. A. Owens returned Friday evening from Fort Worth where Mr. Owens went on business. On their return they had occasion to stop for auto supplies at a filling station on the highway, and during a conversation with the proprietor, who ascertained that Owens was from Cisco, he exclaimed: "Cisco is where they have that splendid tourist park. I made a trip to California the past summer, and stopped at most of the tourist parks on this trip, and I never saw a camp that could compare with the Cisco tourist camp. It is certainly the nicest camp I have ever seen, and there are more conveniences than any camp I know. Next summer many people will route their itinerary through Cisco for the conveniences your camp affords."

Mrs. Fred Cook Honored
The Bridge and 42 party given Friday afternoon by Mrs. Will St. John, honoring Mrs. Fred Cook of Tenryeta, Okla., was quite an artistically appointed hospitality. Innumerable flower receptacles filled with chrysanthemums were placed throughout the spacious rooms with wall decorations of vithes, cats and skeletons. At the close of a series of interesting games the honoree was presented with a beautiful opalescent vase. The bridge prize, a desk set, went to Mrs. L. A. Harrison, while Mrs. D. Ball was awarded the "42" prize, which was a wall luster vase. Refreshments consisting of a salad course, pumpkin pie with whipped cream and coffee were served. The plate favors were unique crepe paper skeletons. The guest list included Mesdames Fred Cook, C. C. Jones, J. E. Spencer, Fleet Shepard, Frank Harell, Belle Stamps, R. L. Bettis, John Winston, G. B. Kelly, Paul Butler, E. C. Hitchcock, Raby Miller, Alex Spears, H. N. Pardee, L. H. McCrea, L. A. Harrison, Everett Davis, John Neel, Carl Patton, E. H. Switzer, H. S. Drumwright, D. Ball, W. W. Moore, Jim Collins, R. Q. Lee, G. W. Atkins, Alex Ward, Guy Dabney, E. J. Barnes, Walter Hayden, W. E. Spencer, and Misses Juanita St. John, Alma Jones, Daisy Dees and Incover Leighton.

Honoring Seventieth Birthday.
A committee representing the South circle of the Methodist Missionary society, called at the home of Mrs. W. M. Morehart at 402 West Eighteenth street Saturday morning and presented her with a beautiful birthday cake decorated with seventy candles, honoring her seventieth birthday anniversary. Mrs. Morehart was formerly a member of the South circle, but for the past six weeks has been confined to her home on account of illness.

1920 Bridge Club.
Mrs. D. O. Bayless was hostess

to the 1920 Bridge club Thursday afternoon. Party tables bearing Halloween motifs were passed to the game of bridge and four tables were arranged for this pleasant pastime. Terminating the games, in which Mrs. Charley Trammel made high score, the hostess served a salad course. Those sharing in the afternoon's pleasures were Mesdames L. H. McCrea, Charley Williams, Charley Trammel, A. D. Anderson, K. H. Pittard, Fleet Shepard, J. H. Brice, Belle Stamps, J. A. Blankenbecker, Leon Maner, Will Copeland, C. L. Mount, D. J. Moss, Willig, W. E. Spencer and Miss Mable Daniels.

Thursday 42 Club.
The members of the Thursday 42 club had a very pleasant meeting Thursday afternoon at the home of Mrs. J. T. Berry. The house was decorated in roses and colors suggestive of halloween. The score cards showed attractive figures in the halloween colors. A delicious salad was served to the following: Mesdames Henry Benham, Connie Davis, L. A. Harrison, T. J. Dean, R. Q. Lee, J. W. Mancill, Ben McClin-ton, Wm. Reagan, Charley Fee, B. W. Patterson, G. B. Kelly and Miss Geneva Davis.

Miss McClinton Entertains.
Miss Pauline McClinton entertained about thirty of her little friends Friday with a lawn party, celebrating her eighth birthday. During the afternoon the usual outdoor games were played on the lawn. Misses Maxine Smith and Annie Sewell assisted the hostess in providing amusements for the guests. At the close of the games, the little tots assembled in the dining room, where the beautiful birthday cake was cut and served with punch. Dainty rose baskets filled with candy were the favors for the

girls, while the boys were given chewing gum and mints.

Halloween Party.
Spooks, clowns, goblins and witches all gathered at the home of Miss Annie Mavis Holmes Friday night, when she entertained with a Halloween party. Games and stunts of a Halloween nature furnished much merriment. Each guest was afforded a glimpse into the future when they drew prize candy from a box, the candy having their fortune and future name attached. Apples, nuts and cold drinks were served following the games. Those attending were Margaret Sue, Lucile Clements, Wanda Kenedy, Elizabeth Stamps, Emma Lee Godbey, Julia Lee Simon, Olive, Dick Otto, Harriett Angus, Maurine Kelly, Le-la Mae White, Maurine Fowler, Roubie Triplitt, P. L. Kelly, Rupert Triplitt, Charley Sherman and Buddy Riddle.

Humbletown Bridge Club
Mrs. Tom Hanrahan entertained the members of the Humbletown Bridge club Wednesday afternoon with a Halloween bridge party. Jack 'o lanterns, witches, and black cats and a variety of flowers featured the decorations. Concluding the games, attractive lunch cloths were spread on the tables and an appetizing salad course with pumpkin pie, date roll and coffee was served. Small black paper cats were given as favors. High score was won by Mrs. E. C. Hitchcock. Those present were Mesdames Ted Mullinix, G. Simpson, H. N. Pardee, E. C. Hitchcock, H. J. McClelland, Griggs, W. J. Armstrong, C. C. Morse, R. Henderson, Ann Bolmes of Houston, Jake Almond, and Miss Mammie Davis.

Business Girls' Club
The Business Girls' club entertained with a Halloween party Friday night. The guests, all in costumes, met at the home of Misses Loma and Lucile Bedford, where a number of games and a fortune tell-

ing furnished amusements for about an hour. Following this the guests unmasked and went to the American cafe and enjoyed a delicious turkey dinner. During the dinner, sealed envelopes were passed by John Fanning, who was one of the guests. Mr. Fanning explained that in each envelope was a number and that the one with number 13 would win the prize. Miss Elizabeth Lineberger proved to be the lucky one and was presented with a handsome bottle of Rudnut's perfume. About thirty members and guests were present.

Kindergarten Party
One of the prettiest observances of Halloween was held by the kindergarten class of Mrs. E. H. Whitehead Friday morning. The entire class was present except one child, who was ill. In addition a number of the parents of the little tots were present. A happy hour of games was held, after which the children hopped apples. Willis Howard was the spook and performed to the merriment of the audience. Each child and visitor was served with lolly pops as a halloween souvenir, and all left declaring they had spent a merry morning. Besides the class and teacher there were present: Mrs. Frank Huey, Mrs. J. J. Baker, Mrs. G. M. Stephenson, Mrs. W. T. Hittson, Mrs. T. H. Purvis, Mrs. C. B. Steele, Rev. and Mrs. C. G. Howard and little Maurice Howard, Little Misses Lucille Stephenson and Elizabeth Whitehead completed the happy party.

Business Girls' Club
The Business Girls' club met Wednesday night in a business meeting at the West Texas Utilities company office. Mrs. P. Pettit met with the club and they decided to file application for membership in the state federation. The application will be taken to Amarillo by Mrs. Wm. Reagan when the federation meets there November 10 and 11.

Tri-K Club
The Tri-K club held its first meet-

He Is a Successful Man

Not alone the fact that he has an automobile, or that he is well dressed, marks him as a success, but the fact that he has money in the bank, which enables him to enjoy things of life, that is the thing that marks him as a success.

Don't envy success—save and be successful yourself.

First Guaranty State Bank

CISCO, TEXAS
This is the Bank that Service is Building

ing of the season Thursday afternoon at the home of Miss Esther Hale. A variety of cut flowers furnished the decorations. After a number of interesting games, a salad course was served to the following: Misses Theresa Lee, Beryl Huey, Helen Williamson, Gussie Newcomb, Ruth Maxwell, Mary Fee and Mrs. Frank Logan.

The Episcopal Guild of Eastland invites the Episcopal Guild of Cisco to meet Bishop Moore Tuesday evening, November 4, at the home of Mrs. Schreck, 515 South Mulberry, Eastland.

Mrs. Ray Vaughan returned last evening from a pleasant visit in Fort Worth and Dallas.

Coach Chapman, Ed. Brown and Phil Berry left Friday night for Waco to attend the Baylor-A. & M. game.

Mrs. Ann Bolmes has returned to her home in Houston after a visit with Mrs. Jake Almond of Humbletown.

Mrs. Ruby Dingman of Abilene has

accepted a position with E. J. Barnes & Company.

Miss Jewel Kyle left this morning for Ferris, where she will spend the winter with Mr. and Mrs. Mace McCall.

Mrs. F. O. Rosenquest of Eastland spent Saturday in Cisco with Mrs. N. J. Rosenquest.

Mrs. Rennie McGuire of Carbon was in Cisco on business Saturday.

Chas. Brown of Cisco Steam Laundry and brother, Paul, of Eastland, are hunting in the mountains near Midland this week.

W. A. Harris of Dallas was in Cisco Friday on business.

Miss Pauline McClinton, little daughter of Mr. and Mrs. Ben McClinton, is confined to her home today following a tonsil operation yesterday. Her many friends hope for a speedy recovery.
