L. H. FLEWELLEN HEADS RANGER TAX LEAGUE

Enthusiastic Meeting Of Taxpayers Held Saturday Afternoon

Carrying out is program of rotating the fortnightly George L. Davenport, present enmeetings the Eastland County Taxpayers association met at Ranger Saturday, June 25, with about one hundred Reared voting taxpayers in attendance.

Much enthusiasm was manifested by those interested the University of Texas in 1904, in the movement for those reforms which the association Judge Dabney first began the prac-At the conclusion of the proceedings a committee was named to form a local unit of the association at Ranger, and L. H. Flewellen, J. B. Ames, Rip Galloway, Judge Roland and L. R. Pearson were named by the chair as this committee.

Several of the candidates for county and precinct offices were present who made announcements in ten minute talks after the business of the session was concluded. L. H. Flewellen acted as time-keeper for the speakers.

Will Meet at Gorman

Further carrying out the program the association voted to hold its next meeting at Gorman, July 9. This was in recognition of that city being the home of the association, for it was in Gorman that the idea of a county organization was conceived, but the local idea was really born in Cisco where the Cisco Taxpayers League first came into existence over two years ago, and is still a militant functioning organization, whose membership is constantly in-

After Chairman D. J. Neil had called the body to order delegates to the state meeting at Waco were called upon for a report. J. T. Denton who was a delegate, was called upon, who stated he was unable to attend, but had received from the secretary of the state association the proceedings of that meeting, which he read to the audience present.

G. M. Meglasson, who with J. B. Tate of Carbon, attended as accredited delegtes, coroborated the reports read ed to have been committed while ity did not cease when he finishby Mr. Denton. Mr. Meglasson stated that spendid re- he was in office. The court of in- ed his duties as prosecuting attorports from the county affiliates were made, which showed quiry resulted in reducing the ex- ney, for it was none other than that all county county organizations were carrying on the pense of prosecution, for by this Allen D. Dabney who took the lead The matter of endorsing one of the candidates for method all complaints were inves- in the fight against official corgovernor was discussed, Mr. Meglasson said, but the convention took no action. However, most of the delegates didates for the state and senate house of representatives. gave an expression of their choice for governor, and this expression was practically unanimous for Tom F. Hunter of Witchita Falls.

Favored Election Supervisors

The association went on record as favoring the appointment of election supervisors at the three major voting boxes, at least. J. M. Parker, J. H. Flewellen and Eugene Lankford were named as a committee to make the association's desires known to the Democratic executive committee

Judge Eugene Lankford deplored the silence of candidates for congress at large as to their policies of govern-right Sunday afternoon when he ment, and favored a separate questionaire be prepared and tossed the apple over the homestead presented to the candidates for congress and governor. for a shut-out game between the These to be mailed to their home address, and presented to Cisco Red Sox and the peppy Magthose who may attend the Fourth of July celebration here, nolia nine of Fort Worth. with a request each answer "yes" or "no," but have the privilege to qualify their endorsement or rejection in such read a manner they thought best, Alos, it was decided to bare a drestionnaire to be bare a drestionnaire to pare a drestionnaire to pare a drestionnaire to persented to each of the can-Judge Eugene Lankford, L. H. Flewellen and J. T. Denton down, both Henson for Cisco and were named on this committee. Judge Lankford presented a questionnaire for the legislative candidates, which was favored by the association. The association instructed Chairman Neil to present these questionnaires to the candidates when they speak in Cisco July Fourth.

Some discussion arose when the state truck law came up for criticism. Meglasson stated that he had been informed that the new regulations would compel the owners of trucks to charge more than double their present prices for the same class of hauling charged previous to the enforcement of the new law, according to information given him by a truck man. Mr. Parker rather favored the law, as he said truck operators would be paid the same as that which is now charged by the railroads. Others pointed out that such charges were excessive, and more than the traffic heretofore charged, which was one of the objections of the

Mr. Flewelllen, in one of his characteristic speeches, opposed the truck law, and pointed out some of its inequalities as well as some of the unreasonable features of the measure that required an owner of a truck to procure a special permit for any nature of freight desired to be transported. "I favor regulation of trucks," Flewellen said, but I want them regulated sanely. Recently I saw traffic with the assurance that the fly officers hold up a truck laden with an oil tank for several hours just because he had no permit to haul tanks. While the truck owner was held I saw numerous oil company tank trucks pass along the highway unmolested. should be required to procure a permit, but this permit retiring the side. should allow them to haul anything they wished to haul. I want to vote for men to go to Austin who has sense enough the game might go either way, but Fourth celebration planned by the ing the band or the chamber of to repeal just such fool laws," he said.

The association, after setting the machinery in motion sixth, and the Sox began to return charge will be 25c to all comers for instituting a local unit at Ranger, turned the hall over his pitches with skinners, high heretofore ladies have been admit- West stated. to the candidates and adjourned to meet at Gorman July 9. flies and liners. Cisco Red Sox Plays Live Magnolia Nine Five Nothing Score

"Suitcase" Henson was about score being 5 to 0.

The first score came in the second inning-up to this time it was one, two, three up, and as many Jeffries for the visitors showing good form. The tally was made through errors on the part of the 'Mag." fielders.

The next two scores were brought in by C. Bryant, when there were two on and two down, and Bryant hit a pop-up over first base, the keeper of this post was blinded by the sun and let the pill hit the ground by his side, two of the run-

A line drive over center field by Alford netted the two additional and final scores, making the ending score 5 to 0.

The feature of the game was a spectacular run by the Mag center fielder to the extreme right field to take Henson's long drive with his mit hand. Jack Pippen, who was on first, advanced to second would fall wild. As fast as "Pip" is, he was too slow to beat the ball back to first, thus the visitors made

Sanderson Teacher, Granddaughter Max Elser, Praises Band

The following is taken from the Abilene News of a previous date, over. the local significance being the writer, Miss Barbara Hardy, is a granddaughter of Max Elser, well known oil man, who makes his home in Cisco. Aside from the local relationship the story is well written, and reflects credit on the author. The Abilene paper says:

The Cowboy Band of Simmons university receives high praise in a letter received by the Morning News from Miss Barbara Hardy, a teacher in the high school at Sanderson the past year.

An except from the letter follows:

"The most wonderful entertainment of many held during the school season at Sanderson was a band concert, given by musicians who have played before kings and queens, the president of the United States and other notables. The band is known all over the United States, and in many other parts of the world, and is none other than the Cowboy band of Simmons university, at Abilene. They gave us some fine music, which was enjoyed very much."

ed his control throughout the game. The Sox are scheduled to meet the Fort Worth All-Stars here on next Sunday afternoon in a doubleheader, the first bout to start at the future of the band, and thought Trucks a double out, averting a score and 2:30. Another game Monday, the it would be continued at all hazfourth, by the same teams will be ards. TO BE DOWN TOWN NOW City Commission Decides Elimination of Band Not Desired by Local People

Though the status of Cisco's know whether the commission band was not definitely determined had named a committee to attend by the city commission at its regu- the conference of Oil Belt cities at lar session Tuesday night, as the Abilene Wednesday to consider the matter was passed for the time gas rate situation, and if so that strated that there was not a chance for the band to be eliminated.

Rest easy, you kids, the band is a permanent institution.

Those who heard the commissioners express themselves upon the matter could reach no other conclusion than they regarded the band and the vocational agricultural departments of the chamber of commerce of greater import than the chamber itself. In fact, members of the commission frankly stated if either had to go they would prefer the elimination of the sult from this conference, and he entire chamber of commerce.

"Mr. Butler, I hope you will give the same publicity to the assurance of the maintenance of the band as you did to its elimination," said bill would likely be drawn for in-Commissioner Henderson.

The matter of letting the garbage contract not later than August liott, who explained that he did so sioners, yet it seems to the Citiit was explained, was that it would thrown in the discard, as they only Meglasson, it was stated, desired to further despoil the people. We given the contract for 1933, and if last of this year, or the first of rates. next, it would not give him time to secure a desirable farm for cultie commissioners stated they wish

Band Status Discussed

G. W. Collum, director-instructor of the local band, appeared before the commission and made a brief the commission in perpetuating its activities. He stated that his salary as instructor was his only source of revenue, and he desired to know his status with the band. as well as what the future held in store for the band itself. Commissioner Clements stated that the where conditions are similar. commission was waiting to see what action the chamber of commerce would take in the matter, prices to the distributing company but as a telephone inquiry revealed no quorum present at the director's meeting of the chamber of com- reasonable rate, secure their gas merce, definite action on the perpetuation of the band was passed business. There is no reason why till the next regular or a called any distributing company should meeting of the commission. In the meantime, Mr. Clements said, some holy alliance that would force it to plan would be worked out for the resort to legal banditry to fill the support of the band with Mr. Col- coffers of those owning controlling lum continuing in his present capacity, and he might regard the band panies and the concern that furas one of the fixed institutions of nishes gas to the consumers. the city.

C. R. West, speaking in the interest of the band, said there was considerable anxiety among practically all Cisco people regarding discontinuance of the latter, Mr.

being that a disposition might be Judge Eugene Lankford be added worked out for the local musical to the committee, as Lankford aggregation, it was clearly demon- would be in Abilene on other matters. Lankford, Mr. Daniels stated, had made an exhaustive study of the gas situation, and had already prepared a bill that would prove effective in protecting the interests of gas consumers. On motion of Commissioner Burnett, Lankford was made a member of the committee, which is composed of commissioners Clements and Elliott and City attorney Grantham.

> Mr. Grantham stated that he anticipated no definite action to rewould not be bound by what the conferees might do. He stated that the city attorneys' association would meet in December when a

BIBLE THOUGHT FOR TODAY

In God is my glory: the rock of my strength, and my refuge, is in God. Trust in him at all times; ye people, pour out your heart before him: God is a refuge for us.-Ps. 62:7, 8.

> As dew at morning's dawning Shall thy word distil, Give hope and fresh endeavor To obey thy will. I would ask a gentler patience In the daily round, That thy word's pure undestanding In my heart abound. -Beatrice Furniss.

The roots of happiness run much deeper than the mere surface of life. Happiness is not a transitory experience which changes from day to day. It is a permanent condition, and it can only be enjoyed by those who have that stable equilibroum, which comes from a childlike and unfaltering trust in the love and care of the heavenly Father. -Bishop of Chelmsford.

ARE TEXANS FREEMEN OR PEONS?

While believing in attempting to bring the Lone Star and Community Natural Gas companies to reason in the demands of this dual utility monopoly by a fair and open discussion of the gas rates now being charged and the proposed rates threatened to be put into effect in the communities served by this monopoly, Mayor H. S. Schwartz, of Baird, said during the conference at Abilene recently:

"My advice would be that we respectfully plead with the gas company to cease its agitation for higher rates and relieve the people from further obligations at a time when they cannot meet those already contracted. I believe if proper representations are made to the company, it may consider the consequences that would follow its proposal for higher rates. We must tell them, and show them we mean it, that the American people can be led, but they cannot be forced into anything."

While we have little confidence in any plea the people might make to such soulless corporations as the Lone Star and Community Natural (hijackers) gas companies have proven to be, yet there is something in what Mayor Schwartz says that is akin to the declaration of a free peo-

"We must tell them, and show them we mean it, that the American people can be led, but they cannot be forced

That better than fawning at the feet of polluted monopoly—grown arrogant under the fostering care of laws that made its existence possible. The mere suggestion that the commissions of the cities served by this conscienceless monopoly that they be given permission to increase its al- an active part in county affairs, ready exhorbitant rates over 100 per cent when the people and a keen interest in both county are struggling for a mere existence, is too absurd for any reasonable man to entertain. Nor would such a proposition ever be contemplated if another gas company were operating in competition with the Lone Star and its ill-gotten offspring-conceived in conspiracy and spewed from the Satterwhite had never been a canwomb of corruption.

There is a statute in the laws of Texas which gives the entered the present race for tax commissions of the cities of Texas the authority to regulate collector. But he is waging a vigutility rates, but the traitorous corporation legislators saw to it that this statute contained a joker, for there is a proviso which reads: "Provided the rate shall not be reduced below such a sum that will prevent the utility companies from earning an income on the invested capital of less than 10 per cent net." (Quoted from memory.)

That's the joker, and the soulless monopolies are relying on this "proviso" as the weapon with which they propose to rob the people—rob is used advisedly, for the rates this district, has issued a statement proposed under this infamous "proviso" is nothing short of robbery, regardless of the legal authority to do so.

Other communities situated similarly that of to Cisco, are enjoying rates much lower than we are now paying. Amarillo has a rate of 27 cents; Pampa has a rate of 30 cents, and we are threatened to be legally filched by having to pay \$1.60 net.

We watched the expression on the face of Mr. Chester May, who holds the title of vice president of the Community Natural (hijackers), while he was delivering his ultimatum to the Cisco commission. We could not disassociate Hopkins said. it with what we would compare to one who was about to relieve his victim of his purse at the point of a six-gun. He knew such an act was only legalized banditry, for he could not look the mayor and commissioners in the face. His on any items affected by the proeyes sought the ceiling all the while he was, parrot like, visions of the 1932 act which were voicing his threats to despoil a helpless people

But there will be another day. The people will have 21, 1932." an inning, and we predict it will be at no distant day, when the joker "proviso" will be repealed, probably during the next session of the legislature. The people are already aroused through its Taxpayers association, as well as individually, and efforts will be made to elect a majority of the legislature that will legislate in the interest of the people instead of the corporations.

With the repeal of the "proviso" each city comission will be invested with the authority to say to these grasping monopolies that the rule of reason must and shall prevail

No community wants the Lone Star and its illegal The Best Cooking at Depresspawn to earn less than a reasonable return on its investment, but when they come to us with unclean hands by representing they are losing money when they are buying COOL AND CLEAN their gas from a company that is disassociated with the distributing company only in name, it is nothing short of banditry, though in so doing it is despoiling the people under the guise of law.

If they persist in this hijacking program there is dan-

direction should the people take the matter into their own hands. In such an eventuality we can only cry "God help the grasping monopolies, their Mr. Chester Mays and Mr. Chases." If they will not read the handwriting of fate the consequences must rest upon their heads.

"We will tell them and show them that the American people can be led, but cannot be forced," and we will show them that we mean it.

CONFIDING IN THE TAX PAYERS

T. E. Powell, of Baird, is a candidate for county judge of Callahan county. If I lived in Callahan I would vote for Powell. I have met the gentleman and know he is qualified. But that is a secondary reason why I would cast my vote for him. His opponent, I presume, is also qualified. But the reason I favor Powell is the fact that he believes in "taking the taxpayers into his confidence;" believes in letting them know how much money the county government is costing the people; how much taxes they have collected; how much and for what purpose the public funds are being paid. And Powell does not believe in writing these statements out and pasting them on barn doors, like much of the county publicity is being made. He believes in publishing a "full statement of the public funds every ninety days-four times a year." He opposes any additional bond issues.

Another plank in Powell's platform is to call the taxpayers into a county conference and formulate a budget with a view of stopping the issuance of script, quit spending money the county does not own, and live within the county's income.

Can you beat it? Every proposition Democratically sound and in line with the demands of the Taxpayers League movement that is now functioning in over 100 counties

A platform like this, and a man like Powell behind it, who has the determination to put it in force, should be endorsed by 100 per cent of the voters of Callahan county.

It has always been a law for the county commissioners to publish these statements, but because there is no penalty for failing to do so, they never—or rarely are—published. The tax payer has a right to know for what purpose his public servants are spending his money. Every business firm, corporation or institution demands statements from their employes, and why not the tax payers, who employ their county officials?

The lack of a penalty is often the reason why these statements are not published, but more often the officials would just a little prefer the tax payers be kept ignorant of

how funds are being disbursed.

Powell is right. The public should be taken into the confidence of their officials. Let's turn on the light. Let the people know what you are doing with their money, and they should not be compelled to go to the court house and examine the records.

A law should be passed assessing a penalty against the county judge and each commissioner failing to publish these

ger of the pendulum swinging dangerously in the opposite statements. It will cost something, but if commissioners knew that every item would be scrutinized by the people they would consider well every dollar spent, and the saving

would be many times more than the cost of publication.

As the Cisco Citizen sees it, a vote for Powell is a vote for an economical administration in Callahan county.

• THE RAILROADS CANNOT SUBSIST ON LOW GRADE TRAFFIC ALONE.

TEXAS RAILROADS

RAIL TRANSPORTATION IS EFFICIENT AND **ECONOMICAL**

• THE RAILROAD is the most efficient and the most economical transportation agency the human mind has ever devised.

The ability of commercial trucks to operate with various charges for their services has been because they are not required to carry all kinds and classes of freight. The truck can choose its freight and is privileged to reject that which it cannot handle, either because it is not equipped for such heavy service or the rates are too low to be profitable. The railroad CANNOT DISCRIMI-NATE but must accept all freight offered it.

In 1930 the shippers of Texas paid the railroads \$225,223,142 in freight charges. If the same volume and character of traffic had been carried by trucks it would have cost the shippers, according to the best available data on trucking costs, \$900,000,000, or four times as much.

What will be the effect on the shippers of Texas if only the traffic which the trucks cannot handle is left to the railroads? If traffic paying the higher rate is taken from the railroads by the trucks, it will be necessary for the rail carriers to increase their rates on the low grade traffic or go out of business. The total transportation bill will be greatly increased.

The railroad rate structure is a composite designed for the purpose of enabling the free movement of ALL ARTICLES OF COMMERCE, making it possible to bring even the cheapest commodities into general use and distribution. Were it not for the low rates made available by the railroads on many low grade commodities and raw materials, their distribution and use would be impossible and all commerce and industry would be seriously affected.

Relative Position Of All Candidates For State Offices

Below will be found the position of the candidates for state and dis- Land Office-J. H. Walker of Hill trict offices, as drawn by the County Democratic executive committee at its meeting in Eastland Monday, June 20. The county ticket was published is last week's issue of the Cisco Citizen but space was not available for the entire ticket.

Here is the position each candidate will occupy on the official ballot to be voted on July 23, for state and district offices:

For Governor-C. A. Drakes of Jefferson County, M. H. Wolfe of Dallas county, Miriam A. Ferguson of Travis county, J. Ed. Glenn of Bosque county, R. S. Sterling of Harris county, Tom F. Hunter of Harris county, Geo. W. Armstrong lis county. of Tarrant county, Roger Q. Evans of Bexar county.

Increased Postal Rates Be Charged

Postal Rates of First Class Matter and Air Mail Begins Next Wed-

One of the relief measures the present congress enacted, when the people were crying for bread, was the hike in the postal rates. Postmaster W. H. Craddock requests the Citizen to give notice of this hike in postal rates, which will go into effect next Wednesday.

Of course the raise in postage rates of 33 1-3 per cent on first class mail matter is a small thing, but small increases in any extra expense is a burden to the people during these times.

But the "budget must be balanced," though whatever may befall. future and work of each commit-Congressmen must not have the franking privilege abridged to balance the budget, which, if discontinued would increase the revenues sufficiently to cure the postoffice deficit. Instead those (mis)representatives must increase postal rates 33 1-3 per cent.

Letters and other first class mat ter, including that for local delivery at letter-carrier offices and that for delivery or collection by rural or star-route carriers at all fraction of an ounce.

Air mail, eight cents for the first ounce of fraction of an ounce, and or fraction of an ounce.

No change in the rate on postal cards, private mailing or post cards nor on letters for local delivery at offices not having letter carrier service.

Postmaster W. H. Craddock also states the local postoffice has in stock for sale a limited amount of the new Olympic stamps in three and five cent denominations.

CISCOANS VISIT MORAN

The Moran News tells of the following Cisco folk visiting in Moran during the past week: "Luther McCrea and Mrs. Roy Chandler and son were guests of Mrs. Zelma Pope. Mrs. O. K. Linder and Miss Leota Pettus were guests of their parents, Mr. and Mrs. T. F. Pettus.

Eastland County Next Wednesday Fair To Be Held September 21-24

J. C. Patterson, county agent, announces dates for holding the Eastland county fair have been fixed for September 21, 22, 23 and 24. Fixing the dates this early, Mr. Patterson said, was for the purpose of allowing the managers of the fifteen communities to arrange their fairs prior to that date.

No committees have been named as yet, Mr. Patterson said, as the setting of dates was necessary first in order that other arrangements could be made. The committees will be selected in the near tee outlined.

The Eastland county fair is, in reality, divided into three sections, one being the livestock show at Cisco, one the poultry show in Ranger, usually held in the late fall and the other the agricultural fair held in Eastland during the latter part of the summer.

No dates have as yet been set for the livestock and poultry exhibits at Cisco and Ranger, the poultry exhibit being planned after the close of the fair at Eastland.

It is predicted that the exhibits at all fairs will be larger this year than ever before because of the 13 cents for each additional ounce renewed interest in agriculture

and the large amount of farm produce that is expected to be raised throughout the county.

Attendance at all branches of the county fair last year was larger than usual and it is expected that this year will find the crowds increased over the attendance of last

DEMOCRATS NOT STRADDLING THE PROHI. ISSUE

Democrats Adopt Repeal Plank But Against Saloons

Democrats at Chicago late Wednesday night adopted the majority report on the prohibition issue. which declared for repeal of the Eighteenth amendment and the Volstead act. But the action offered no comfort to those who visioned a return of the saloons, as the platform, just as strongly, declares against the return of the saloons to engage in the liquor traf-The incorporation of the plank in the party platform means the issue has been put squarely up to the people. The Republican platform is looked upon as a straddle and an evasion of the question.

Pending action upon the adoption of repeal by the states the Democrats recommend that congress enact a law modifying the Volstead act to legalize the manufacture and "sale of beer and other beverages of such alcoholic content as is permissible under the constitution, and to provide therefrom a proper and needed revenue."

In commenting on the prohibition plank Senator George Norris told newspaper men Wednesday that he favored a modification of the Volstead act, saying "it may be that modification of the Volstead act will be a necessary experiment that we will have to try, which I think we can do under the consti-

Text of the Repeal Plank Following is the text of the majority liquor report adopted by the Democratic platform committee to-

"We favor the repeal of the 18th amendment.

"To effect such repeal, we demand that the congress immediately propose a constitutional amendment to truly representative conventions of the states called to act solely on this proposal.

"We urge the enactment of such measures by the several states as will actually promote temperance, into the open under complete supervision and control by the states.

'We demand that the federal government effectively exercise its power to enable the states to ef- highway to go to his home, just term in office-January 1, 1929. fectively protect themselves against north of Cisco. importation of intoxicating liquors in violation of their laws.

CHIEF OF POLICE SOON

While the Citizen is obligated not to reveal the source of information, we have it from a well authenticated source, that H. C. Henderson, city police commissioner, contemplates taking over the duties of chief of police of Cisco.

A rumor has been going the rounds of the city for the past ten days to this effect, but not until it came from what we deem authentic authority have we considered it

In the event Mr. Henderson takes over the duties of police chief this will give four out of five city commissioners a salaried job on full time, leaving only Commissioner Burnett unprovided for on full time. But Burnett is candidate for county judge, and if elected he will be tak-

JOE JONES AND BLANTON DRAWING CARD JULY 4th

The big political attraction at Lake Cisco July Fourth will have no greater drawing card than the announced joint debate between Joe Joes, Eastland, and Congressman Blanton, of Abilene. Jones is opposing the re-election of Blanton, here. The fight he made then and this will be their first meet- demonstrated his leadership for ing. Several state candidates are also expected to be here, including Tom F. Hunter, candidate for governor, who is advertised to speak at 1:30 o'clock. The Jones-Blanton debate will begin at 3 o'clock. district court that tribunal will be County and district candidates will make short announcements.

Other attractions have been arranged for those who wish to enjoy the water sports at Lake Cisco.

Mass Meeting For Road Bond Relief Called for July 5th

The Citizen is authorized to announce that County Judge Clyde pose of passing suitable resolutions importuning Governor Sterling to convene the legislature in special session to give the counties of Texas relief from the burdens of applications. road bonds. If this special session is called and the proper legislation enacted, it would give the counties

All county judges of Texas are calling similar meetings, Judge Garrett said, and resolutions will be passed by the citizens of practically every county in the state.

Locally, if relieved of road bond burdens, the taxes in Eastland county could be reduced from \$1.86 permit, and hope to meet most of to 60 cents. Judge Garrett said

ALLEN D. DABNEY-

(Continued from Page One)

clean living and honest officials. The result is too well known to the voter to need reiteration here. But it justifies the presumption that as the presiding judge of the 91st administered economically and litigation will be transacted with all due dispatch.

"I have heard it said often that one of the courts of Eastland county should be abolished, as they were doing no business," Judge Dabney CRASH ON LAKE HIGHWAY said. "The record shows this to be true. I unhesitatingly state that I could have disposed of every case overworked.

> "But let's look at the record pointed when the 91st district court was created in 1920. He has had Upon examination I have found that the record reflects a deplorable state of affairs.

> What the Record Reveals "Following is the record that has been made, and is open for any man to inspect:

" There has been returned by trict court approximately 600 true been disposed of as follows: Dismissals, 115; pleas of guilty, 160; trials on pleas of not guilty, 25 quittals and 15 convictions. Dur criminal cases transferred to the 88th district court and 61 cases ments remaining on the docket of

"There has not been any criminal cases tried during the present only three cases set for trial, two of which were continued and one plea of guilty disposed of.

'The civil docket is likewise sluggish-loaded down with untried nah is a former Cisco boy, having cases. If I am elected judge of the been reared here. 91st court I will set about im-South Carolina, 18 votes—18 no. mediately to relieve the docket of these untried cases-clean it up and keep it clean—conduct an econ-Tennessee, 24 votes-6 aye, 18 no. nomical administration, deal justice to all men before the court, expedite business, dispose of litigation as it arises and let the witnesses

and jurors go home. 200 Habeas Corpus Cases

'Since the present encumbent went into his third term of office January 1, 1929, the records show there have been granted over 200 habaes corpus applications. The writ of habaes corpus is an extreme and extraordinarily legal procedure, and intended to apply only when the applicant contends he has been unjustly deprived of his liberty. I have found that habaes corpus applications have been granted in each case where the parties

have been indicted for more than PERSHING'S EXPEDITION one offense, and a separate writ granted in each case-one where 11 separate writs were granted, another in five, and others for more than one.

"These habaes corpus hearings Garrett has called a mass meeting have largely grown out of true bills of the citizenship of Eastland coun- found by grand juries of the 91st ty to convene in the 91st court court, which have resulted in unroom July 5 at 2 p. m. for the pur- called for and unnecessary expense

> "If I am elected this kind of procedure will be discontinued, and only permitted on meritorious

> "So, I am not surprised at the public clamoring for the abolishment of one of the district courts of the county, when the dockets reveal such a state of affairs and lack of attention to the duties of

"I shall make as close campaign of the county as the time intervening between now and July 23 will I fail to meet some, I wish herewith to solicit the support of every man who favors an economical administration of our courts as well as other county affairs. If you employ a man to do a piece of work. you want him to put in his time and finish the job, and you are not interested in his social standing and splendid character, but the efficient service he renders. I promise to finish the job if chosen judge of the 91st court," Judge Dabney concluded.

SAVOY CAFE RUNNING AD IN CISCO CITIZEN

Cafe advertisement appearing in a week's visit with Mr. and Mrs. J. one of the ears on the title page of | C. McAfee. the Cisco Citizen. The Savoy is the oldest restaurant under one continuous management in Cisco, being operated by Nick Nicklas and Sam Draganis, who have been managing the Savoy ever since the days of the oil boom. Of course others have come and gone as associates, but Sam and Nick, as they are both familiarly known, have been on the job at all times. Both have the confidence and esteem of the entire citizenship of Cisco, as they have always been identified with every civic movement that has been promoted. In short, both have been useful citizens ever since their residence in Cisco.

The Savoy is and ever has been famous for its splendid cusine, served in the highest gastronomic form, and suroundings of perfect sanitation. But withall, prices have been kept abreast with the times. and today the Savoy is serving an elegant plate lunch at less than pre-war prices, as one can secure a good feed for the small sum of 25 cents. Go around and try one of the Savov's famous plate lunches -and you'll go back again ...

RABBIT BREEDERS' CLUB CONVENES AT EASTLAND

The Eastland County Rabbit Breeders' Club will meet in the from the 88th to the 91st court, county agent's office in the court leaving approximately 300 indict- house at Eastland this evening, July 1. at 8 o'clock. All interested in here soon. They are now visiting the 91st district court still untried. the breeding of these animals are cordially invited to attend.

CULLEN THOMAS OUT RACE FOR CONGRESS

The Citizen is informed from Democratic executive committee headquarters that the name of Cullen F. Thomas will not appear on the official ballot in the Democratic primaries, as Mr. Thomas has notified Chairman Ed T. Cox that he has withdrawn from the race for congressman at large, place No.

CHRISTIAN SCIENCE CHURCH SERVICES

The lesson-sermon subject is "GOD" in all Churches of Christ, Scientist, Sunday, July 3.

The golden text is from Exodus 20:2-3. "I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage. Thou shalt have no other gods before me."

Included in the passages to be read from the Scriptures is the following from Deuteronomy 6:4: "Hear, O Israel: The Lord our God is one Lord."

The service also embraces the following citation from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy (p. 340):

"One infinite God, good, unifies men and nations; constitutes the brotherhood of man; ends wars; fulfills the Scripture, 'Love thy neighbor as theyself;' annihilates pagan and Christian idolatry, whatever is wrong in social, civil, criminal, political, and religious codes; equalizes the sexes; annuls the curse on man, and leaves nothing that can sin, suffer, be punished or destroyed."

FOR SALE-One Dangles gas range and several gas heaters, in first class condition. Will sell for one-third of original cost. See Dr. W. I. Ghormley, 1503 Avenue D, Cisco, Texas. 45-tf

A. M. Moore of the Moore Drug Co., and L. B. Campbell, manager of the Gude Hotel, made a nice catch of blue-gill bream at Lake Cisco Monday afternoon. That is, Mr. Campbell makes this claim.
