## \$200,000 BOND FOR KIDNAP SUSPECTS

### House Resolution Opposes Federal Oil Supervision

#### ASSERTS THAT INDUSTRY WILL ADJUST SELF

AUSTIN, May 8 — The Texas house of representatives today adopted a resolution opposing appointment of a federal oil dictator and ordered it sent to President Roosevelt.

#### MAGNOLIA CUTS OIL PRICES

DALLAS, May 8 — Crude oil prices in Texas areas were reduced today by the Magnolia Petroleum company to the price level, or below, the east Texas postings.

#### SENATE GROUP OKES PRODUCTION LAW 'TEETH'

AUSTIN, May 8 — The senate committee on criminal jurisprudence by unanimous vote today adopted a favorable report on a house bill making it a criminal offense to violate railroad commission oil production orders.

#### Doctors Fearful as Gandhi Starts Fast

POONA, India, May 8 — With the future of 60,000,000 "untouchables" and "the most precious life in India" at stake, Mahatma Gandhi began today a 21-day fast.

#### THREE GUESSES

WHO IS THIS MAN? NAME THE THOUSAND ISLANDS? WHERE ARE THE CAPITALS OF SWITZERLAND? ANSWERS ON PAGE THREE

#### Accomplishments of Roosevelt During First Two Months Of His Term Show Aggressive Speed of Chief Executive

By JOHN M. GLEISSNER, NEA Service Writer  
WASHINGTON, May 8 — On May 4 President Roosevelt completed the first two months of his administration.

His program rapidly has taken shape during that time, and a complete overhauling of the economic and social life of the country has been started.

A survey of the first two months shows numerous definite accomplishments, with a start toward inflation and farm relief, bringing an upturn in prices and an apparent improvement in business.

#### SPENCERS BACK AFTER TRIP TO NAT'L CAPITOL

Mr. and Mrs. J. E. Spencer returned last night from a two-weeks vacation spent in the north and east during which they attended the national convention of the American Red Cross at Washington, D. C.

#### Woman Dies in Burning Home

DALLAS, May 8 — Funeral services were to be held here today for Mrs. Richard Meriwether, daughter of a prominent east Texas family, who died in a fire that swept the palatial family home early Sunday.

President Roosevelt looks over the pictorial record of a few of his accomplishments in his first two months in office.

Other measures of far-reaching importance soon will be effective.

The president has moved with almost bewildering speed attempting to revive business and industry, get 15,000,000 idle back to work, and raise farm prices.

Inflation legislation empowers but does not direct the president to reduce the gold content of the dollar up to half, and to authorize the free coinage of silver and fix its ratio to gold.

#### Lindberghs Forced Down in Texas

COLUMBUS, O., May 8 — Col. and Mrs. Charles A. Lindbergh were to leave this afternoon for Washington, completing a leisurely transcontinental flight marked by a night landing in the Texas panhandle in a severe sandstorm.

#### EX-RANGER IS FOUND SLAIN AT FT. WORTH

FORT WORTH, May 8 — A verdict of suicide was returned today in the death of Ted Lewis, 45, former sheriff of Denton county and ex-Ranger, found dead in a washroom of the Continental National bank here.

#### Farm Bill Action Blocked by Ruling

WASHINGTON, May 8 — Final consideration of the administration's farm bill was blocked today in the house when Speaker Rainey ruled the senate and house conferees, in adjusting differences on the bill, had "exceeded their authority."

history has been given such broad dictatorial and discretionary powers in matters basically affecting the life of every person.

Here, in brief, are the president's accomplishments and his program:

**Inflation**  
Inflation legislation empowers but does not direct the president to reduce the gold content of the dollar up to half, and to authorize the free coinage of silver and fix its ratio to gold.

It authorizes agreement with the Federal Reserve banks for purchase of \$3,000,000,000 of federal securities against which currency may be issued, and if necessary the issuance of \$3,000,000,000 in treasury notes.

#### AGED NEGRO DIED

SAVANNAH, Ga., May 8 — Andrew Denson, well known negro here, died the other day of old age. He was reputed to have been born 108 years ago.

#### PUBLICITY FOR TRADES DAY IS PREPARED

A double-page advertisement in the Thursday, May 18, issue of the Cisco Daily News and 5,000 circulars distributed among neighboring towns and over the Cisco trade territory will advertise the Trades Day to be held in Cisco coincident with the opening of the 17th district of the American Legion.

The Cisco Legion is cooperating by this Trades program and all merchants of the city will be asked to cooperate in offering special attractions and merchandise bargains.

#### REVIVAL HERE ENTERS SECOND WEEK SUNDAY

"Of all the people in the world, I despise a quitter," declared Evangelist John M. Neal at the First Methodist church last night in a service that marked the midway point of the revival now in progress there.

The largest congregation of the meeting filled the large auditorium for the service. J. T. Elliott led the song service and there was a special number by Mrs. W. B. Statham and Lory Boyd.

#### Residence Badly Damaged by Fire

A residence owned by J. C. Mayhew, at 408 West Ninth street, was almost totally destroyed by a fire which broke out early Sunday morning.

#### Cotton Loses Dollar Bale on Reaction

NEW YORK, May 8 — The cotton market lost about a dollar a bale today when traders began taking profits on the theory that market prices were due for a reaction.

#### Quake Recorded At Washington

WASHINGTON, May 8 — The Georgetown university seismograph recorded an earthquake today centering about 2,100 miles southwest of Washington. Intensity of the quake was described as "five or six times as strong as the Long Beach, Calif., earthquake."

#### General Rules Iowa Riot Zone

With several counties under military control, Gen. Matt Tinley, center, above, is virtual ruler of the farm riot zone. He is shown in conference with State agent M. E. Stevens and Sheriff Hugo Willey of Crawford county.

#### Professionals Kept in Background as Wets and Drys Plan Beer Campaigns

By SAM D. HALES, United Press Staff Correspondent  
DALLAS, May 8 — Wet organizations and the political and professional drys are being left out of the directing groups of beer and anti-beer forces as both sides prepare for the campaigns preceding the statewide prohibition referendum August 26.

The battle lines are forming without the presence and evidently without the counsel of many of the old warriors. It is a matter of conjecture whether even the preponderantly wet personnel of the state democratic executive committee will take a hand as a body.

The campaign for legalization of beer is directed by a central group of business and professional men rather than by wet organizations that have been agitating for prohibition changes. The brewery interests are reported to be remaining out of the fight, even financially.

The chief dry organization long since has announced its campaign: will proceed without the assistance of persons who are ultra-dry but who have been active politically in the past in such ways they might arouse harmful antagonism against the cause now.

Through the closely-knit "United Forces for Prohibition" the drys have launched a well-organized campaign among college students, Sunday school attendants and members of church young people's social unions. The forces are headed by prominent church and university men. William Nehemiah Wiggins, veteran Sunday school worker-organizer, is in active charge.

Dr. W. R. White, prominent non-political Baptist pastor of Fort Worth, is executive secretary of the forces.

The wet campaign will be directed by a committee on organization, with State Senator W. K. Hopkins, Gonzales, and Sam Sayers, Fort Worth, actively in charge. The committee will coordinate activities of the beer-desiring and temperance groups and will guide efforts of the business men who are expected to agree to speak for the beer amendment.

The newly announced personnel of the wet central committee includes such men as C. L. Wakefield, Dallas, ice manufacturer and president of the Dallas Public Library association; E. L. Kurth, Lufkin, president of the East Texas Chamber of Commerce; S. M. Nixon, Corpus Christi, hotel man; Luz Lincoln, Waco, attorney and American Legion leader.

Veteran drys like Thomas B. Love and veteran wets like John Henry Kirby have no evident connection with the campaign yet but they may be behind-the-scenes advisers and strategists.

#### PLEAS OF NOT GUILTY MADE BY BROTHERS

PROVINCETOWN, Mass., May 8 — Two Harwich brothers who allegedly were involved in the kidnaping and ransom of 10-year-old Peggy McMath, today were ordered held on bond totalling \$300,000 for hearing May 22.

District Judge Robert A. Welsh set bail at \$100,000 each for Kenneth Buck, 28, jobless chauffeur, and his brother, Cyril Buck, 41, garage proprietor; when they were arraigned before him.

#### INFORMATION DAY PLANNED BY SCHOOLS

Information Day will be sponsored by the Cisco public schools Friday of this week, according to Supt. R. N. Cluck.

The program for the day will be divided into three distinct parts, he said. These will be the exhibit of the school work in the business section of town continuing through Saturday, the visiting day plan in all the schools of the city, and the concluding community program of the year in the high school auditorium Friday evening.

Speaking of the exhibit, Supt. Cluck said that it will not be an effort to show to an advantage the work of any particular teacher or set of teachers. Rather, he said, it will be an effort to present to the parents of the school and the citizens of Cisco a cross-section of the work done in all the schools during the year. This effort to show to the public an integrated curriculum through the correlated results of the work done will be in keeping with the idea of informing the public as to the aims and efforts of the school system.

#### Three Fugitives Are Taken by Officers

CENTER, Tex., May 8 — Roland Haley, wanted in Missouri as a bank robber suspect, and two other fugitives from the Palestine jail were captured today near here.

The men were routed from their hideout yesterday by a posse of 30 officers who fired 80 rounds of machine ammunition at them. They escaped on foot under a hail of lead.

#### WEATHER

West Texas — Generally fair tonight and Tuesday. Cooler north portion Tuesday. East Texas — Partly cloudy tonight and Tuesday.

### GROSS INCOME OF FARMERS.

According to an annual estimate of the federal department of agriculture the gross income of farmers declined \$6,775,000,000, or 57 per cent, from 1929 through 1932 to \$5,143,000,000 in the latter year while their cash income after deducting various production expenditures declined about \$3,400,000,000 or 72 per cent. More startling than this, the 1932 gross income of farmers was the lowest gross income in any year on the records of the agriculture department which go back to 1909. A reminder for the Texas lawmakers that the farmers have a real grievance and when they call for drastic reduction in the cost of government they expect favorable consideration.

### COTTON ACREAGE HIKE IN OKLAHOMA.

Oklahoma is a cotton producing state. A. E. Kobs of Oklahoma City is the manager of the Oklahoma Cotton Growers' association. He is predicting an increase in cotton acreage of 20 to 30 per cent in the Texas Panhandle and Western Oklahoma as a result of wheat acreage abandonment. Hundreds of acres of wheat were ruined by the recent winds and dust storms, and the viewpoint of Mgr. Kobs is: "The farmer has been forced to plant cotton." Another bumper crop of 16,000,000 bales may play havoc with the lean wallet of the cotton growers.

### WALKER D. HINES GOES TO FOREIGN LANDS.

Walker D. Hines is one of the famous rail lawyers of America. He has been named to head a group of American advisers designated at the request of the Turkish government "to assist restoration of prosperity in that nation." Hines is one of the outstanding rail lawyers and economists of the country. He is well known in Texas. He directed American railroads during the war and in 1925 investigated Rhine and Danube river navigation for the league of nations. Incidentally, the group of committee is to draw a broad economic program for recovery of Turkey. Washington correspondents had Hines slated for rail czar of America under the proposed new deal plan of the administration. It is said he declined. He is a man of wealth. He has visited nearly every country on earth, and his Texas friends are confident that he will be happy in his new mission of business and adventure to the land of the Turk.

### MURRAY VOTES TAX EXTENSION.

Gov. William H. Murray of Oklahoma has vetoed a legislative resolution to extend until September the time for paying taxes. Alfalfa William has his weak spots. His mental makeup is not without defects, but he has the courage of his convictions. This was his reason for swinging the veto ax: "You cannot operate a government unless taxes are paid." Well, he told the truth. For instance there are thousands of school teachers in the city of Chicago. They were given a cash payment last December. It covered a month's service. It is said that the neat little sum of twenty million dollars is due these teachers for services rendered. Now Chicago is one of the wealthiest of the world's cities. Chicago was ruled by Big Bill Thompson for 12 years. His henchmen exhausted the credit, speaking of the public school credit of this second American city. Taxpayers' leagues were organized. Signers or members of the leagues refused to pay taxes. They declared the assessments were of a confiscatory nature. Big Bill and his bunch were thrown out. The unfortu-

## BEHIND THE SCENES IN WASHINGTON WITH RODNEY DUTCHER

BY RODNEY DUTCHER  
NEA Service Writer  
WASHINGTON — M. Edouard Herriot of France either performed the surprising intellectual feat of learning the English language overnight or else all of us were being kidded. The ex-premier came here and operated through interpreters. President Roosevelt talked to him in French. Everyone was given to understand that Herriot and our language were unacquainted. (Someone asked him what he thought of Roosevelt's French and he shrugged with what seemed to be the French exclamatory equivalent of "Huh!") Then it began to be noticed that M. Herriot was paying close attention to all utterances in English before they were translated to him by the interpreter. Usually he seemed to have the answers ready before the interpreter finished. THE climax to local suspicions came as the visiting statesman stood on his train's observation platform the day he left, to deliver a farewell message of love and affection to everybody, with Ambassador Laborlaye translating. The ambassador was saying "steps toward—" when he faltered. "Restoration!" broke in M. Herriot. And a moment later he chimed in, using perfect English, on the translation of his last few words. Then he grinned at the reporters and they grinned back. MRS. ELEANOR ROOSEVELT, the spontaneous First Lady,

## The Wrong Way to Raise a Mortgage

nate Cermak came in. He had the confidence of the people. An assassin's bullet terminated his career. Today more than two hundred million dollars in back taxes is due the schools of the city of Chicago—and other agencies of municipal government. There is a way out of it. Cut out all wasteful activities in state and municipality as well as in the nation at large. Cut to the bone. It is impossible for the taxpayers of America to carry the load that has been placed on their backs by those who played credit to the skies in other years and through the reckless expenditure of tax money piled up mountains of debt for the people to pay. Texans, lawmakers and laymen are reminded that there is a job to be done here at home.

### UNDER THE DOME AT AUSTIN

By GORDON K. SHEARER  
United Press Staff Correspondent  
AUSTIN, May 8 — Present Texas congressmen have no cause for complaint of the new redistricting bill. A study of the new districts shows that every congressman's home town has been left in his old district and that a new district is carved around the home town of one of the three congressmen-at-large. Dallas has two of the three congressmen-at-large in addition to its old district congressman so it was impossible to put each of them in a separate district. With that exception the new redistricting places no two present congressmen in the same district. George E. Terrell, the third congressman-at-large, has a new district placed about his home town, Alto, in Cherokee county. Congressmen Hattin W. Summers of the old Fifth district and Congressmen-at-large Joe W. Bailey Jr., and Sterling J. Strong all live in Dallas. Dallas county is made a district to itself in the new congressional map. Rockwall and Ellis counties, both formerly grouped with Dallas, are transferred to the Fourth and Sixth districts, respectively. The fact that Dallas has three of the 21 congressmen was one of the arguments for redistricting. Bexar county, which has been a part of Congressman Richard Kleberg's district, now becomes a separate district. Approximately 25 prospective candidates to represent it are already being mentioned. Bexar county represents in the state legislature; John K. Weber, Henry Hirschberg, Henry Diehlmann, Maury Maverick and Former State Senator W. A. Williamson are mentioned as possible candidates. Many of the counties in the new Fourteenth district consider themselves aggrieved by the arrangement. Rep. J. D. Young, Curoe, said representatives from each county moved out of Congressman Mansfield's old district into new ones, objected. Ross S. Sterling, former governor recently referred to in the house of representatives as "only a sad memory", paid a visit to Austin May 2. He did not visit the capitol merely remaining at a downtown hotel. He was not here on any mission but accompanied Mrs. Sterling who was attending a club function. Gov. Miriam A. Ferguson's signing of the 3.2 beer bill is to be made an "event". Leading advocates of the bill have asked that the formal signing be postponed until arrangements can be made for sound and motion pictures. Rep. Harry Graves, Georgetown, says he has letters from farmers in Williamson county, reporting that the federal employment camps are making farm labor scarce. He cited letters in which farmers said men offered employment as cotton choppers replied that they preferred to enter the "forest army." State Labor Commissioner Jack Flynn has prepared a list of labor measures that have been placed before the 43rd legislature. His list includes: Amendment to the present law limiting labor of women workers to

### NATIONAL AID FOR INSURANCE COMPANIES.

The senate has passed and sent to the house the Fletcher bill to permit the Reconstruction Finance corporation to increase its borrowing power by \$50,000,000 to purchase or lend on preferred stock of insurance companies. Loans to any corporation paying salaries in excess of \$17,500 are barred. This measure was recommended by the R. F. C. to strengthen the taxable structures of weakened insurance companies and the benefiting companies would be required to furnish new capital equal to that for which application is made to the corporation. It is significant that the salary feature was extended to all corporations under an amendment by Sen. David I. Walsh, democrat of Massachusetts. The senate likewise adopted a resolution calling for an investigation of the activities and loans of the R. F. C. Why an investigation?

nine hours a day and 54 hours a week. The law was changed to insert penalties that had been omitted and amended to include employees of roadside lunch stands and beauty shops. Repeal of the Emigrant Agency law passed when farm labor was scarce in Texas. Extension of semi-monthly pay-day law to include all employees. The law is not effective now against a person or firm with less than ten employees. Raising ban on child labor from 15 to 16 years. Providing a \$12 minimum weekly wage for women. Licensing automobile and airplane mechanics. Amending plumbers law. State law to forbid intrastate shipments that are prohibited across state lines by the national 30-hour week law. Licensing electricians. State law to duplicate national law against enforcement of "yellow dog" labor contracts which bind employees not to join unions. Requiring bidders on state road work to specify what wages will be paid.

### Soviet Returns to Uniforms for Pupils

MOSCOW, May 8 — All school-children in the Soviet Union will be put into uniforms next September, according to the commissariat of education. The decision merely revives a system traditionally in vogue in Russia until the revolution. The distinctive school outfit at that time set the wearer apart from the mass of children who had no schooling. In abolishing uniforms the Soviet regime at that time in fact sought to obliterate class distinctions. Now that elementary education almost is universal here, it is felt that the uniforms can be reintroduced. Until the revolution Russia was perhaps the world's most thoroughly uniformed country. Practically every trade and social station had its distinctive clothes, usually obligatory. A man's costume was an accurate indication of his calling and his social station.

BUREAU FINDS IMPROVEMENT IN PAYROLLS

AUSTIN, May 8 — Twenty-five different lines of industry and commerce affecting 43,000 workers found it necessary to add more men to their payrolls during the month ending April 15, according to the report on employment just issued by the bureau of business research of The University of Texas, in cooperation with the United States bureau of labor statistics. Furthermore, in fourteen of these groups, increased wages accompanied the increases of forces. An increase in the number of workers from March to April is not to be expected on the basis of purely seasonal factors.

Unusually Good
Furthermore, the showing as compared with the corresponding month a year ago is unusually good. Last year in April, 64,105 workers were on the payrolls of the reporting firms. The decline in the number of workers on April 15 as compared with the corresponding date in 1932 was only 2.9 per cent. During April last year, the decline was 17.6 per cent from April, 1931, and the total for April, 1931, was 12.1 per cent smaller than that for April, 1930.

Average weekly wages per worker dropped from \$21.18 for March to \$20.81 for April, or 1.7 per cent, but because of the increase in the number of workers, average weekly total income to all workers increased by 1.3 per cent, or from \$1,278,149 in March to \$1,295,069 in April.

In Austin, Beaumont, Houston, and Wichita Falls, more workers were on payrolls on April 15 than on the corresponding date a year ago while Beaumont, Dallas, El Paso, Fort Worth, Port Arthur, San Angelo, San Antonio, Waco, Wichita Falls, and the towns in the 'miscellaneous' group all showed increases as compared with March 15.

Increased Wages
The fourteen lines of industry in which increases in workers were accompanied by increases in wages were: Auto and body works, confectioneries, ice factories, laundries and dry cleaning plants, men's clothing manufacturers, brick factories, structural iron works, electric railway car shops, saw mills, furniture manufacturers, cotton textile mills, cement plants, newspaper publishers, and hotels. Increases in workers but decline in wages were experienced in ice cream factories, beverage plants, flour mills, meat packing and slaughtering plants, women's clothing manufacturers, petroleum refineries, commercial printers, quarries, public utilities, retail stores and wholesale stores. In only three groups were wages cut and staffs reduced. Pure food products manufacturers, cotton oil mills and foundries and machine shops. Increases in wages but declines in workers were reported at bakeries, cotton compresses, railroad car shops, lumber mills, paper box manufacturing plants, and the miscellaneous groups.

This report does not include any of the workers employed on Reconstruction Finance Corporation projects, the bureau officials said.

Roosevelt Speed--

backed by a 4 per cent annual redemption fund.
Also \$200,000,000 in silver could be accepted in payment of war debts, to serve as a basis for more currency.

Farm Relief
Provision is made for leasing lands by the federal government and withdrawing them from production.
Licensing of food processors and handlers and imposition of a processing tax is authorized, proceeds to go to farmers as rentals and bounties. The law aims to raise farm prices to the 1909-14 level.
Farm mortgages are to be refinanced through land banks with a \$2,000,000,000 bond issue with 4 per cent interest guaranteed by the federal government.

MOM'N POP.

# CISCO GOLFERS TAKE REVENGE ON BRADY CREW

The Cisco golf team took ample revenge upon a visiting Brady team yesterday, downing the visitors 20 to 8 in retaliation for a similar defeat suffered by the locals at the outset of the season at Brady. The difference between sand greens at Cisco and cottonseed hull greens at Brady was the main factor in the standing of the two-game series of the teams.

Most of the visiting team's wins were placed in the lower bracket of the ladder, Brady taking only two of the first 15 matches. D. A. Harkrider, former Ranger ace, now top man of the Brady club, took one of them by defeating Bill McMahon, Cisco's young ace 4 and 2. Harkrider held an advantage over his mates due to the fact that he is more at home on the sand greens of the oil belt than upon hull greens. The other Brady win in the upper bracket was taken by L. Y. Callahan over Forbes Wallace, Cisco, a bitterly fought match that went to the 20th hole.

### Matches

- The following were the individual results:
- D. A. Harkrider, Brady, defeated Bill McMahon, Cisco, 4 and 2;
  - O. V. Cunningham, Cisco, defeated D. A. Chaplin, Brady, 8 and 6;
  - Charles Shepard, Cisco, defeated Sheridan Newman, Brady, 3 and 1;
  - L. Y. Callahan, Brady, defeated Forbes Wallace, Cisco, 1 up 20 holes;
  - O. L. Stamey, Cisco, defeated J. B. Whiteman, Brady, 4 and 3;
  - R. L. Ponsler, Cisco, defeated G. Samuelson, Brady, 5 and 4;
  - Sentell Caffrey, Cisco, defeated W. H. Ballou, Brady, 2 and 1;
  - Wendell Russell, Cisco, defeated Clyde Hall, Brady, 1 up;
  - Homer Slicker, Cisco, defeated H. L. Wood, Brady, 3 and 2;
  - F. D. McMahon, Cisco, defeated B. L. Malone, Brady, 5 and 4;
  - F. L. Cagle, Cisco, defeated D. W. Jordan, Brady, 1 up;
  - J. A. Robinson, Cisco, defeated James Fleck, Brady, 7 and 6;
  - Rex Carrouthers, Cisco, defeated S. A. McCullum, Brady, 5 and 3;
  - A. E. Willig, Cisco, defeated H. W. Lindley, Brady, 4 and 2;
  - A. L. Filler, Cisco, defeated Pete Linkle, Brady, 3 and 1;
  - F. R. Wulff, Brady, defeated W. R. Smith, Cisco, 2 and 1;
  - G. B. Kelly, Cisco, defeated O. L. Whitefield, Brady, 7 and 6;
  - A. E. Caudle, Cisco, defeated J. S. Wall, Brady, 5 and 4;
  - J. S. Anderson, Brady, defeated Rex Fage, Cisco, 2 and 1;
  - L. B. Smith, Brady, defeated R. B. Gustafson, Cisco, 1 up 19 holes;
  - Lee Jones, Brady, defeated P. L. Ullom, Cisco, 1 up;
  - Dr. Paul Woods, Cisco, defeated Griffin, Jr., Brady, 1 up 19 holes;

**WIVES OF BRADY GOLFERS ENTERTAINED AT LAKE CISCO.**

Women of the Cisco Country club entertained the wives of the visiting golfers from Brady yesterday with bridge, boating and fishing at Lake Cisco. There were about 25 women from Brady in attendance, with about 12 women from Cisco acting as hostesses. Members of the Brady golf team, which played the Cisco team on the local course Sunday, had brought their families for a day's outing at Lake Cisco.

### Lions Invited to WTCC Convention

**BIG SPRING, May 8 —** The Big Spring Lions club is going to spring a big All-West Texas Lions club meeting on Friday noon, May 12, during the West Texas chamber of commerce convention.

Sam Braswell, Clarendon, a director of Lions International, will be toastmaster of the program arranged by Dr. W. B. Hardy.

Every Lions club in West Texas has been sent a special invitation to the luncheon by Buel Cardwell, president of the Big Spring club. Every Lion in West Texas is invited and asked to bring their wives.

The meeting will be held in the Settles hotel and the club will have a booth in each hotel at Big Spring where visiting Lions will register for the luncheon.

The San Angelo Lions club Cowboy orchestra will appear on the program. The Big Spring Mexican Boy Scout drum and bugle corp will also entertain the visitors. Prominent Lions from West Texas will speak.

Sam Braswell recently invited all Lions clubs to attend the West Texas chamber of commerce convention telling them Lions clubs had been cited by the regional chamber as having advanced chamber of commerce work in a large number of cities in West Texas where no local commercial organization is maintained.

### ABANDONED SAFE

SAVANNAH, Ga., May 8 — A gang of white yeggs, who described as "not so smart" by the citizens thereabouts, stole a 300-pound iron safe from Coca Cola bottling plant here and started off with it on the running board of an automobile. A policeman saw the strange conveyance and gave chase whereupon the thieves dropped the safe off on the pavement. Now, the fact was the safe contained no money, nor anything negotiable.

### TEXAS DEMOS RESPONDING TO DEFICIT DRIVE

AUSTIN, May 8.—Definite results are beginning to be obtained in the campaign to raise Texas' share of the deficit of the democratic national campaign in 1932. \$75,000, or nearly 10 per cent of the national committee's deficit was assigned to the Texas organization headed by Roy Miller and Senator Margie Neal, and for which Frank Scofield is director of finance.

The best showing to date has been made in the sixteenth congressional district, which is represented by Representative Ewing Thomas. W. F. Boggess, committee members from Del Rio, has remitted the quota in full for Val Verde, his home county, and the counties of Kenedy, Edwards and Jeff Davis. The amounts allotted to each county were on the basis of a dime for every democratic vote cast in each county.

Navarro county, for which A. A. Allison is finance chairman, is the first of the larger counties to have its quota guaranteed. The democratic organization there was given a quota of \$800, of which more than \$700 has been raised and the balance pledged. Hood county was the first county in the 12th district to complete its quota, represented by Representative Fritz Lanham. In the 11th district, Bosque county has practically completed its quota, and the chairman of several other counties in the district say that the amount expected of them is in sight.

Some 70 counties in all have notified Scofield that they are nearing the completion of their task. Results in Dallas, Harris, and other of the counties having the largest population, have not been as satisfactory. Scofield stated, but with the improvement in business conditions the state headquarters believe that the campaign will be successful.

County Chairmen are being urged to remit all sums raised by them by May 15th, at which time a substantial amount from Texas has been promised to Chairman Farley.

## OUT OUR WAY

### Col. Fitzmaurice Quits Free State

LONDON, May 8 — Colonel James Fitzmaurice, the famous Irish airman, is applying to the British home office for British citizenship papers in order to renounce his Irish Free State passport.

"I am taking this step", Colonel Fitzmaurice said, "because I learn that Eamon De Valera with his new power, has eliminated the name of the Governor General of the Irish Free State from the new passports which are about to be issued. Although I was born in Ireland, I am a Britisher, and the new passport would deprive me of my Empire citizenship."

"I served in the war as an officer in His Majesty's forces and have fought consistently for the Anglo-Irish treaty. I have no alternative now but to renounce my Irish citizenship and adopt the course of applying for British citizenship papers. I frankly do not like De Valera."

It will be recalled that Fitzmaurice partnered the German aviators Huenefeld and Koehl when they made the first east to west Atlantic flight from Ireland to Labrador in April, 1928.

### IDENTIFICATION DISCUSSED

PARIS, May 8 — The issuance of an international identity card for students belonging to the International Institute of Intellectual Cooperation was discussed at the annual world student body meeting held recently in Paris. Representatives of

### PATROLMAN DISMISSED

FRESNO, Cal., May 8. — Former Patrolman W. A. Willis was freed today to sleep as much as he desired. He was dismissed from the police force on charges he was found asleep in his automobile, away from his beat, while he was supposed to be on duty.

## STEADY BUYING RUSHES MARKET TO NEAR HIGHS

In its weekly review of business and financial conditions The Wall Street Journal says:

The upward march of security and commodity prices continued in American markets during the past week, with only temporary and minor breathing spells interrupting. The news background, both from Washington and on general business conditions, furnishes an eminently satisfying setting for the further advance in prices. While profit-taking swept through the markets time and again, heavy new buying came in on every set-back. The persistent buying pushed the market, as measured by the Dow-Jones averages, up to near the highs set in the rally last fall, difficult points to negotiate.

The stock market drew its chief nourishment from the immediate business developments, with the administration's activities relegated to a secondary role as a factor on the market. April sales figures from department stores, mail order houses and motor companies attested to the sharp upturn in business in their lines; utility output figures and railroad loadings served to show the betterment in general industry. Business news, in the coming weeks, will be studied closely to determine whether the upturn is continuing.

The president's utterances clearly indicate that the administration's industrial program, will stress cooperation by the government with industry, to give industry a thorough chance to put its own house in order, rather than direct government control over all industry. The administration's railroad measure, as finally offered, was far more conservative in tenor than many of the early reports had forecast.

Steel operations continued to rise beyond normal seasonal proportions. In the week ended May 1 the rate for the industry was estimated at 28 1/2 per cent of capacity, or 4 per cent higher than the preceding week. Several mills stepped up their operations further as the week progressed and by the close of the week the rate probably was around 30 per cent better.

Operations continued to be supported mainly by excellent automotive requirements, and by orders from miscellaneous manufacturers of refrigerators, roofing materials,

stove makers and other consumers of steel who may not take much tonnage individually, but whose business in the aggregate is important. Can makers also continue active buyers.

The week's range of the Dow-Jones averages follows:

- 30 Industrials—High \$79.78; low, \$77.29; last, \$79.78.
- 20 Railroads — High, \$35.78; low, \$32.37; last, \$35.78.
- 20 Utilities — High — \$27.05; low, \$25.09; last, \$27.05.
- 40 Bonds — High \$78.72; low, \$76.56; last, \$78.72.

Week ended May 5, 1933.

### PALACE PROPOSED

PARIS, May 8 — A crystal palace in the middle of the Seine as an exhibit for the 1937 exposition in Paris, has been proposed by M. Aime Berthod, former Minister, who is now Commissioner General. If plans for the exposition advance in the future with the same enthusiasm with which they have begun, new sections of land at Issy-les-Moulineaux will be used and by the time of the fair it is expected that the Metro will go to Versailles. Special boats will take visitors to the fair and they will have a stop-off at the Ile des Cygnes—"Island of the Swans"—in the Grenelle section, where an exposition of maritime life will be held.

## IT'S FUN TO BE FOOLED... TODAY'S SHOW CUT ROPE MADE WHOLE AGAIN

**EVER BEEN INTERESTED IN MAGIC?**

FUNNY YOU SHOULD MENTION IT. I SAW A WONDERFUL MAGIC STUNT LAST NIGHT. LAST IS, I TOOK PART IN IT.

**THE FAMOUS ROPE TRICK**

YOU NOW SEE, GENTLEMEN, THAT I HAVE CUT THE ROPE IN TWO.

OK. IT'S CUT.

**ROPE RESTORED**

YOU SEE THAT IT'S LENGTH IS THE SAME AS BEFORE I CUT IT.

**THE CUT ROPE FOOLER**

I NEVER DID FIGURE OUT HOW HE DID IT. HE SURE FOOLED ME!

IT'S SIMPLE IF YOU KNOW THE TRICK.

MAGICIAN SHOWS HAND EMPTY —

THIS IS THE LOOP THAT HE CUTS.

HOW ABOUT A SMOKE, DOC? NOT ONE OF THOSE. I LIKE MY VOICE

**AREN'T THEY THE MILDST CIGARETTES?** NO...JUST THE FLATTEST. CAMELS ARE MILD, AND THEY TASTE GOOD, TOO. I PRESCRIBE A CAMEL FOR YOU.

**YOU'RE THE DOCTOR.**

M-M-M, WHAT A SMOKE! IT'S ME FOR CAMELS FROM NOW ON.

*It's more fun to know*

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. They are milder, easy on the throat... a better smoke. It's the tobacco that counts.

**CAMEL**  
A DOMESTIC BLEND OF CHOICE TOBACCOES  
A MATCHLESS BLEND

## NO TRICKS IN CAMELS — JUST COSTLIER TOBACCOS
