## Funeral for Mrs. R. Q. Lee Will Be Held Today at 4:30

### BURIAL TO BE BESIDE BODY OF HUSBAND

Mrs. R. Q. Lee, well-known Cisco church and women's club leader and widow of the late Cong. R. Q. Lee, died at her home here Saturday morning about 11 o'clock following a long illness.

Funeral services will be held this afternoon at 4:30 from the First Baptist church with the Rev. E. S. James, pastor, officiating, assisted by the Rev. Acker C. Miller, Belton, a former pastor of the church.

A union choir will furnish music for the service. Mrs. Leon Maner is in charge.

Burial will be in Oakwood cemetery beside the body of her husband who died in 1930 in Washington while serving as congressman from the 17th Texas district. Green Funeral home is in charge of arrangements.

At 1:30 this afternoon the body will be removed from the funeral home to the church where it will lie in state until 4:30 o'clock, the hour for the funeral services to begin.

Active pall-bearers will be: A. Spears, Guy Dabney, J. E. Spencer, E. P. Crawford, F. D. Wright, of Cisco, and Marshall Cook, Strawn.

Survivors include two sons, Edward and Quincy, both of Cisco; three step-children, R. S. Lee and Mrs. Leonard Simon, Fort Worth; and Mrs. Ada Oehler, of Houston, Texas. A sister, Mrs. Carradine, of Memphis, Tenn., also survives.

Mrs. Lee was born in Wall Hill, Mississippi, April 15, 1883, the daughter of William Edward Lee and Claudia Rodgers Lee. She was educated in the public schools of Memphis, Tenn., and at Blue Mountain Female college, Blue Mountain, Miss. She moved to Texas in 1902 as the bride of R. Q. Lee, the family making their home at Caddo, Stephens county, until 1913 when they moved to Cisco, the family home continuously since.

Mrs. Lee was active in both the Baptist church and in women's club work. She served not only as local president of the Women's Misionary society, but as district president and Claudia Rodgers Lee. She was the Texas Baptist general convention.

For two years she was treasurer of the Texas Federation of Women's Clubs and parliamentarian for an equal period. She also served as vice-chairman of the resolutions committee of the general federation.

**Active With Husband.**

Both while Mr. Lee was president of the West Texas chamber of commerce and a member of congress she was actively associated with him in his work. During his WTCC days she travelled 10,000 miles with him in his campaign for diversified farming in west Texas. Similarly she accompanied him on his campaign for congress and served as his personal secretary during his service in the house at Washington.

A woman with strong qualities of leadership, she was extremely energetic and, although the last two years had seen her poor in health, she continued active almost to her death. She even took part in civic movements from her bed, and nowhere more than during the last few months of her life was the indomitable will for which she was noted more marked.

**BIRTH ANNOUNCEMENT**

Mr. and Mrs. J. T. Waddell, Jr., D. Avenue, are the parents of a son, born Friday at 3:35. The baby weighed nine pounds.

**Pinchot Sends  
Troops to Mines**

HARRISBURG, Pa., July 29—Martial law was proclaimed formerly in Fayette county today by Gov. Gifford Pinchot.

He issued a proclamation from the executive offices here, following the ordering of 300 national guardsmen into the bituminous coal mining areas to preserve order.

The governor's decision to take over Fayette county followed refusal on the part of Sheriff Hackney to withdraw his deputy sheriffs and allow state police to patrol the strike districts where numerous disorders have been reported.

**WARS ON CHARITY RACKET**

HARRISBURG, Pa., July 29—An increase from 113 to 125 in the number of permits issued this year for charity solicitors has led to an announcement by the state welfare department of an investigation to prevent "charity racketeering" by unscrupulous persons.

### COMM'N NAMES COMMITTEE TO PLAN PROJECTS

The city commission yesterday appointed a committee to be known as the self liquidating projects committee for the purpose of presenting or suggesting feasible projects, of a self liquidating nature, which would bring a permanent payroll to Cisco.

The committee was instructed to map out projects which could be begun with money borrowed from the Federal Emergency Administration of Public Works and which would be self liquidating to the extent of 70 per cent from the net revenues, as required by the self liquidating projects bill. The committee is required to report to the city commission within 30 days.

Following are the names of those on the committee: Mrs. C. H. Fee, chairman, Mrs. A. J. Olson, Mrs. William Reagan, W. H. LaRoque, J. A. Bearman, J. J. Collins, and E. H. Varnell.

In commenting upon the appointment, the city commission said, "The committee is chosen because we believe they will work for Cisco and her interests in an effort to bring better conditions and restore normalcy to our town and surrounding territory."

### Liberty Bond Theft May Involve Banker

SAN ANTONIO, July 29—Texas rangers, United States treasury agents and insurance company detectives were reported today to be closing a Liberty bond theft investigation which may involve a prominent south Texas banker.

The bonds were stolen from the Continental Bank and Trust company. Reported value of the theft ranges from \$200,000 to \$400,000.

Information from the agents was that the bonds were sold here at \$45 with the receiver of the stolen property retailing them at par.

ANSWERS ON PAGE THREE

### BUCK BARROW SUCCUMBS TO HIS WOUNDS

PERRY, Ia., July 29—Marvin Buck Barrow, one of the Texas outlaw gang, died in a hospital here today of bullet wounds inflicted by possemen in a gun battle last Monday.

The desperado, who in his 30-year career was implicated in at least four murders in Texas, Oklahoma and Missouri, was wounded in affairs with officers at Platte City, Missouri, and again at Dexter, Ia.

The old neighbors, as Mr. Roosevelt affectionately terms them, were out in force to bid him welcome.

Search for his brother, Clyde, and Jack Sherman and Bonnie Parker, other members of the gang, continued in Iowa despite a report they were believed hiding in foothills of the Rocky mountains in Wyoming.

Mr. Roosevelt will remain away from the white house a month with the exception of a brief interlude when he was expected to return to Washington to speed the administration of the national recovery act.

Although the president planned to take things easy friends believed a number of important conferences on both domestic and international problems would be held here.

### FINAL LETTERS ON F.F.A. CAMP ARE SENT OUT

Fifth literature on the fifth annual Future Farmers encampment to be held at Lake Cisco Aug. 7, 8, and 9, was being mailed yesterday according to E. H. Varnell, Cisco vocational teacher and sponsor of the local F. F. A. chapters.

Replies to the letters are expected to begin coming in about Monday, Mr. Varnell said, telling how many boys are coming from each chapter of the organization.

"We expect to have more than the 170 boys who attended the encampment last year," Mr. Varnell said. "Last year there was an encampment at Fort Worth and one or two on the plains. I understand that these are not going to be operated this year. That leaves only three, of which the two at Mount Pleasant and Huntsville are across the state. That leaves us a larger territory to draw from."

When asked for the approximate number of boys expected, Mr. Varnell said, "Probably 250 or 300, maybe more than that."

In addition to the encampment, the annual vocational teachers conference will be held at Cisco on the same dates, it was said. In previous years this conference has been held at Abilene. The fact that it will be here at the same time as the F. F. A. encampment will likely bring a larger number of boys than would otherwise come, it is believed.

**NEWS CHEERS HUNTERS**

HARRISBURG, Pa., July 29—Cheering news for big game hunters has been received here in reports that unusually large numbers of bears have been seen in Pennsylvania forests this summer. One group of men reported seeing nine bears in a single day in Bedford county.

The law takes effect September 1.

### MERCHANTS IN AGREEMENT ON HOUR LIMITS

Retail merchants of Cisco, representing the grocery and dry goods stores of the city have reached an agreement on opening and closing hours and the number of hours a week an employee may work, in compliance with President Roosevelt's national industrial recovery administration, it was learned yesterday.

Plans were made for a meeting of retail merchants of Eastland and Stephens counties on the court house lawn in Eastland Tuesday evening for the purpose of forming an Oil Belt association. An important item to be discussed at that time will be uniform working hours throughout the district. The meeting was set for 8:15.

The agreements made at that time will go into effect Wednesday, it was said. A committee of three grocers to be appointed by the Chairman Asa Skiles will represent the Cisco grocers association. All dry goods merchants from here are expected to attend, as are hardware and furniture dealers.

**Subscribed to Code**

Both the grocery and dry goods dealers of Cisco have subscribed to the blanket code, but still do not know just what provisions their own codes will have when adopted, it was said. The blanket code calls for a maximum of 40 working hours a week for employees and a minimum of 52 business hours, except for drug stores. It will require a minimum wage scale of \$14 a week.

The retail grocers, in a meeting Friday afternoon, adopted a schedule whereby they will open at 7 a.m. and close at 6 p.m. six days out of the week and will do no work on Sunday. This plan in general was approved by all at the meeting.

A schedule whereby the stores would remain open until later on Saturdays and necessitating the employment of more men, or of later hours for both opening and closing hours, it was said.

**Closing at 6**

This new schedule will necessitate the stopping of all work promptly at 6 p.m., it was said. A customer will not be allowed to enter the store before that time and make his purchases after the doors are closed.

Dry goods merchants yesterday agreed to open at 8:30 a.m. and close at 5:30 p.m. except on Saturdays, when they will open at the same hour and close at 8 p.m.

Asa Skiles was named chairman of the permanent organization of the Cisco Retail Grocers association. Dry goods men did not organize a formal body but agreed to work together in the interest of the NRA.

The public has been invited to attend the meeting. The following sermons, all in the evening except that of this morning, have been announced for this week:

Sunday morning, "Lest Thou Marry More Than These?"; Sunday evening, "I Am Tormented in This Flame"; Monday, "But He Was a Lepre"; Tuesday, "Why Speak Ye Not a Word of Bringing Back the King?"; Wednesday, "The Lord's Prayer"; Thursday, "If My People, Which Are Called By My Name"; Friday, "The Prodigal Son"; Saturday, "Who Is Your Neighbor?"; Sunday evening, "Trust Ye in the Lord."

**Fundamentalist  
Church Organized**

A Fundamentalist Baptist church was organized here Friday evening with ten charter members. The organization came as a result of a revival meeting being conducted by the Rev. W. W. Hill at the corner of E avenue and West Thirteenth street in the evenings and at the city hall auditorium in the mornings.

Following are the names of the members of the new church: Thomas Lee, C. R. Duncan, Mrs. M. E. Duncan, J. W. Anderson, Mr. and Mrs. C. L. Gilmore, Mr. and Mrs. W. W. Hill, Lenis Conway, and J. W. Wroton.

The public has been invited to attend the meeting. The following sermons, all in the evening except that of this morning, have been announced for this week:

Sunday morning, "Lest Thou Marry More Than These?"; Sunday evening, "I Am Tormented in This Flame"; Monday, "But He Was a Lepre"; Tuesday, "Why Speak Ye Not a Word of Bringing Back the King?"; Wednesday, "The Lord's Prayer"; Thursday, "If My People, Which Are Called By My Name"; Friday, "The Prodigal Son"; Saturday, "Who Is Your Neighbor?"; Sunday evening, "Trust Ye in the Lord."

**Texas Given New  
Emergency Grant**

WASHINGTON, July 29—Federal emergency relief grants aggregating \$1,788,982 were made to Florida, Texas, Kentucky, Oklahoma and North Dakota today by relief Administrator Hopkins.

This brought total grants to \$49,535. Texas was given \$477,928.

### Schofield to Head Racing Comm'n

AUSTIN, July 29—Gov. Miriam A. Ferguson today announced that she will appoint Frank Schofield, of Hillsboro, chairman of the state's racing commission created by act of the last legislature.

Other members of the commission are H. P. Edwards, Dallas, state tax commissioner, and State Agricultural Commissioner C. C. McDonald.

The Rebakahs lodge will have a bridge and 49 tournament on the Laguna hotel roof garden Thursday evening, it has been announced. The public is invited to attend. The tournament is due to begin at 8 o'clock.

**Rebekahs To Hold  
Bridge Tournament**

The Rebakahs lodge will have a bridge and 49 tournament on the Laguna hotel roof garden Thursday evening, it has been announced. The public is invited to attend. The tournament is due to begin at 8 o'clock.

**BOOST HOG CROP**

HARRISBURG, Pa., July 29—Farmers in Pennsylvania, heartened by the increases in hog prices, have increased this year's pig crop about four per cent over last year. The department of agriculture has announced.

**More Money Circulating**

It is regarded probable that the code will mean that at least 100 more people will find jobs in Cisco than before while the increases in wages will put considerably more money in circulation.

The merchants and other employers will be able to meet the increased expenses by price increases commensurate with higher wages. The code

### GET THE KEY MEN!

Chicago, New York, Kansas City and other large centers of population have their organized crime, an element so strongly entrenched in the "no man's land" of legal technicalities between clear criminal responsibility and honest citizenship and it is extremely difficult to blast them out.

Cisco has its own problem, on a lesser plane, perhaps, but as serious to Cisco as Chicago's problem is to Chicago.

Cisco's crime organization stoops to thievery. It pilfers with a persistence that has cost honest people thousands of dollars in lost goods during the past two years. At Lake Cisco alone theft of outboard motors and boats is estimated to have represented losses aggregating \$2,500 or more. Each motor stolen is worth between \$100 and \$300. Seven taken in one night recently were valued at a replacement cost of more than \$1,000.

Theft of oil field goods has always been a scourge. Only the other night one local oil man lost a \$200 pump to thieves from his rig near Cisco.

Resentment among many property owners here has grown to such proportions that there has been open talk of organizing a vigilante committee to deal in summary fashion with these thieves who are able to keep their identities hidden behind legal technicalities whenever a charge is filed.

There are far too few convictions for these thefts. And there are far too few of the guilty persons apprehended.

Burglaries of homes has fortunately not been serious here. Hold-ups have been comparatively few. There have been a few instances in which business houses have been entered.

But the genius of the local thieving ring has been to operate in less spectacular but more lucrative fashion, preying upon unguarded property on outlying leases, upon property at the lake and at other isolated points. Even when the identities of those responsible for these thefts are known they have been able to elude deserved punishment by subterfuges.

It is a cowardly business. One has more respect for the hi-jacker who risks his life than for the sneak who slinks around in darkness, spotting property that isn't his and making off with it when the opportunity arises.

In some cases they have been caught with the goods. Arrests have been made and the responsibility is upon the prosecuting authorities and the juries.

There is little doubt but that one or two "key men" are responsible for the epidemic. Get these men and there will be a different story to tell. Every official resource and the energies of every law-abiding citizen

## MRS. R. Q. LEE.

Mrs. R. Q. Lee is dead. Hers was a heroic life, and the last chapter was the most heroic of all. Hers was the spirit of the indomitable, hers the will to carry on even when illness made life what to others would have been a burden. It was not Mrs. Lee's high qualities of leadership and intelligence, so significantly revealed during her great service to the causes she espoused, that should mark her memory with distinction so much as it is that singular and courageous force of mind that obstacles could not dismay. Mrs. Lee accomplished much during her lifetime, but if she had left no other legacy, the courage and determination with which she faced life, her compelling interest in it and her energy in service would be value enough. She has left behind a great inspiration.

O  
ALLRED DEMANDS ACTION.

Att'y.-Gen James V. Allred is on the firing line in the city of Washington. He made a very emphatic request that a trade practice code for the oil industry "prohibit discrimination between fields for oil of equal quality." He not only made it but he told it before the industrial recovery administration.

He had his facts and his figures marshalled. He set forth the buyers of petroleum in West Texas had been paying 40 per cent less since 1926 for that oil than for oil of like quality and quantity from other pools. He explained to the administration that oil from the West Texas field, a large share of which comes from state lands and goes to the state public school fund and to the University of Texas was of higher quality than east Texas oil but posted prices were much lower. Moreover, he said the difference was too great to be justified on the grounds of increased transportation costs to market. Well, all taxpayers are interested.

All friends of the public schools and the university are interested. Allred intimated that oil owners had lost at least \$14,000,000 in the last 10 years and that this did not take into account losses to independent producers with a total production in the field in 10 years of 568,000,000 barrels.

Rep. T. H. McGregor, speaking for Gov. Miriam A. Ferguson, pledged Texas cooperation to all the national administration proposals and promised not only full but hearty cooperation "to put over the national recovery plan and all other plans." Speaking for the state railroad commission, Ernest O. Thompson also promised to lend every aid to the national administration in solving the problems of the petroleum industry. Thompson threw down the gauntlet as to the proposal that drilling be by permit at Washington under presidential regulation. He planted this nugget in the proceedings of the day: "We do not want our people in Texas to be compelled to come to Washington to get a permit to drill a well. We make it hard enough to get one in Austin."

In the long ago E. L. Doheny of California was prospecting for oil in Mexico. He brought in a rich field. He made millions. He had a rocky road to travel all the time. He had to deal with high Mexican officials, minor Mexican officials as well as all newcomers from other countries. He let loose a yell one day and this was his finish: "Wherever there is oil there is hell." His famous saying should be revised or amended: "Wherever there is oil there are remarkable copy makers for the press; barristers taking down rich fees; lawmakers agitated; and those who believe in the elimination of criminal waste of natural wealth clamoring at the tops of their voices for conservation laws and conservation methods."

Hon. Harold Ickes, czar of the department of the interior and many other departments, has a tough nut to crack. Speaking for the public schools and University of Texas all the coin that is justly coming to their treasures should be collected regardless of fear or favor. Just a square deal and that's all.

O  
RELIEF WAGE 30 CENTS PER HOUR.

Federal Relief Administrator Harry L. Hopkins has made an important announcement:

Orders fixing wages for persons engaged on relief projects at 30 cents an hour minimum and limiting their hours of work have been transmitted to the state relief directors.

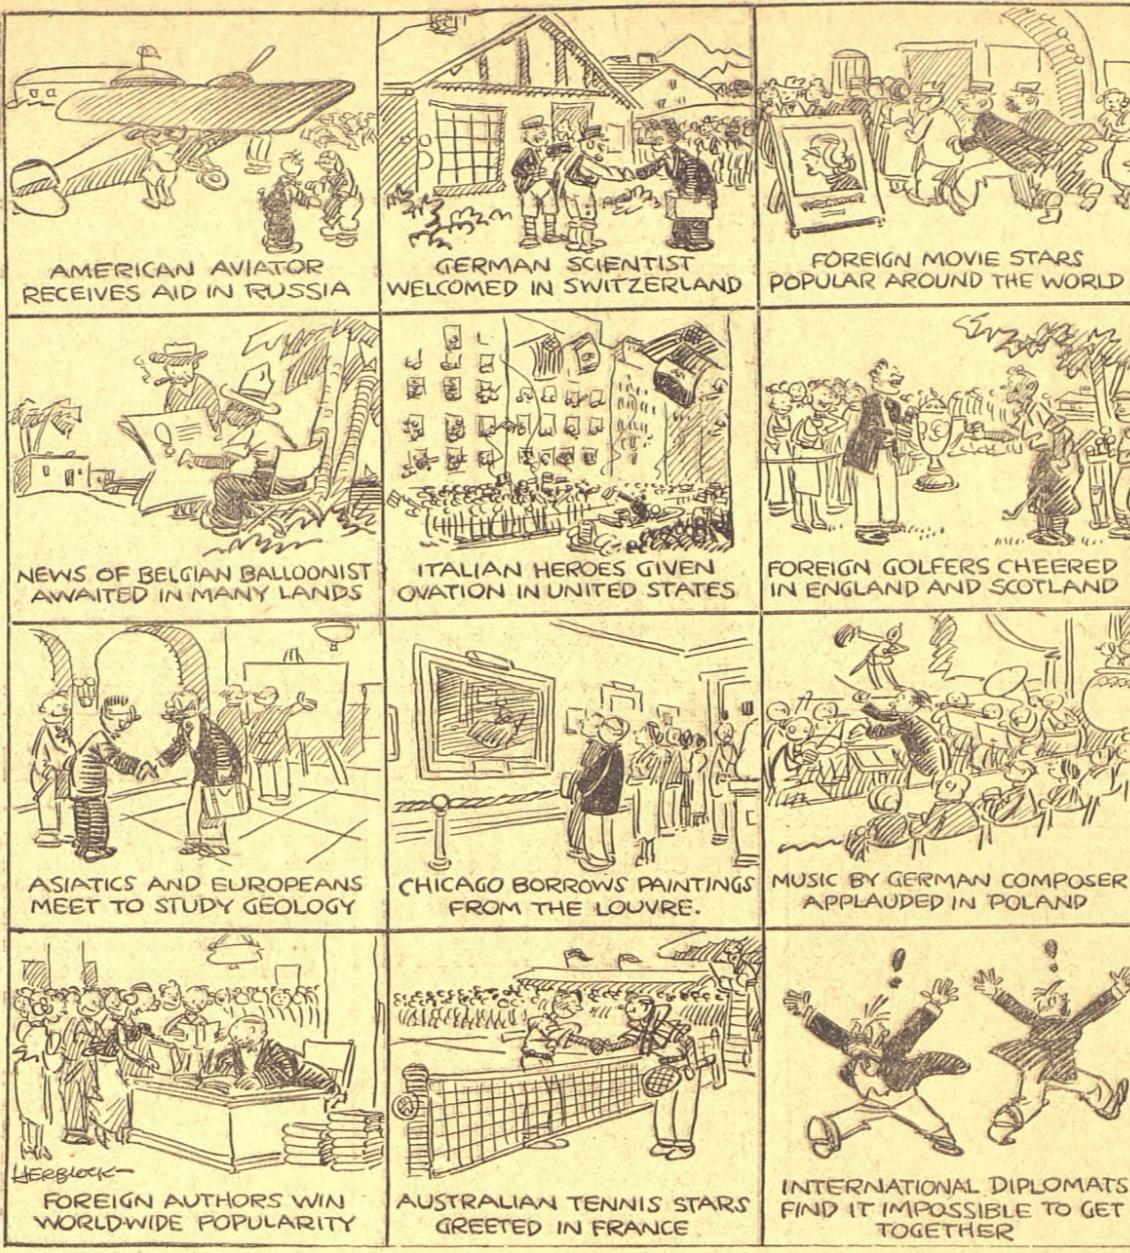

This order will be effective Aug. 1 and provides that no person receiving work relief shall be permitted to work more than 40 hours a week, and if the person has an income shall be allowed to work only enough to reach his budget requirements. Thousands of persons in certain sections who have been carried through the winter and spring months by federal and local relief aid are going to the cotton patches of the commonwealth. A fair wage is better than a dole.

Mussolini had the correct plan. All able bodied persons should be provided with work, if possible, in order that they earn their bread "in the sweat of the face." Government is not a charitable institution, but those who need relief and are idle through no fault of their own should be carried by the relief agencies until prosperity comes again to provide jobs for all those who are out of employment.

O  
SLUMP REPORTED IN CANADIAN CROP.

Just now the Bluenoses who are grain growers are said to be in the dumps. Electrified by authoritative reports that Canada's 1933 wheat yield "had been dwarfed almost half by crop damage," bread grains jumped 6 and 7 cents a bushel July 27 at the Chicago grain pit. Really, it is said official Canadian advice told of three crops blighted irreparably over a widespread territory. Weather prophets predict a cold winter and bread prices seeking higher, not frozen levels.

## Maybe We'd Better Forget the Conference Idea

## Big Nationwide Parade to Recovery Quicken Stride

By HUGH NUGENT FITZGERALD

With the nationwide big parade on with the rapid stride of the marchers. Flying sparks from the wire pass on through the press the marvelous or sensational or dreary happenings of a day.

President Roosevelt has appointed 10 men for 48 states to advise his public works administration on the expenditure of federal money to give employment. Each of the 10 will serve as direct representative of the public works administration in a region consisting of several states. There will be state boards of three. Secy. Ickes, public works administrator will have the last word.

All local governments seeking aid

from the public works administration are commanded "to present only projects qualified under the announced policy of the federal administration." Mark you, non-federal projects are to be presented through the state advisory board.

## \* \* \*

LEADERS NAMED  
FOR 10 DISTRICTS

Cutting leaders have been named for the 10 regional districts. They are: Ralph L. Cooper of Baltimore, Md.; Edward J. Flynn of New York; Daniel J. Tobin of Indianapolis, Ind.; Frank Murphy of Minnesota; Marshall M. Dorn of Oregon; Justice S. Wardell of San Francisco; Clifford Jones of Spur, Tex.; Vincent M. Miles of Fort Smith, Ark.; Monroe Johnson of Marion, S.C.; George L. Radcliffe of Baltimore, Md.

Secy. Ickes, as has been said, is to be the last word. State boards of three will represent Ickes and the administration.

Federal Industrial Administrator Hugh S. Johnson, from his perch in the city of Washington, predicts the employment of between 5,000,000 and 6,000,000 workmen between now and Labor day. He made this official estimate and by customers who agree to patronize merchants actively endorsing the code arrived Saturday morning at the local post office. Postmaster Craddock immediately began dispensing the emblems.

Here and there over the business district the "blue eagle" began making its appearance. Merchants pasted it in their shop windows on doors and even upon their cars. None of them received it without they had signed the pledge slip that they had obtained at the post office.

But the slips were being signed at such a rate that by 11 o'clock Postmaster Craddock had 50 signatures. He predicted at least 75 would have been signed by evening.

Little can be accurately forecast of what the effect will be upon the Cisco employment situation. But it can be said that many men and women now without jobs will be put to work and that wages of many other will be raised.

It does not seem to be the intention of the N. R. A. program to reduce the number of hours that a business is open, as many businesses appear to be doing. On the contrary the purpose seems to be to keep the place of business open as long as formerly but to split up the hours worked by individual employees to require employment of more people. More men to work at better wages is the spirit of the campaign. Indeed, the agreement provides specifically that "store or service operation shall not be reduced below 52 hours in any one week except in cases where such hours were less than 52 before July 1, 1933, and in that case they shall not be reduced at all."

A signer of the agreement will have to go along step by step with its provisions. He can't shirk performance of the requirements and keep the "blue eagle" in front of his business. Paragraph 8 of the agreement says this plain thing: "Not to use any subterfuge to frustrate the spirit and intent of this agreement, etc."

There has been some uncertainty as to relationships between the N. R. A. program and the codes of fair competition drawn under the national industrial recovery act. The agreement explains that the N. R. A. agreement will apply until a code of fair competition has been adopted. When an industry adopts such a code it will then operate under the terms of that code instead of the N. R. A. agreement.

er Houston newspaper man and political enthusiast.

Former Governor Dan Moody, Attorney General James V. Allred and many others drop in on Gibler for hunting at intervals, and practically all the Austin correspondents have been there this summer.

Allred was there just before leaving for the Washington oil conferences. He was out for bear. Instead he got into poison ivy and hurried back to Austin. He will be glad to learn he left just a few days ago. There is now salt-drying on a large frame at Gibler's hacienda the very brown bear Allred was pursuing.

Former Governor Dan Moody says that Former Governor James E. Ferguson is all wrong about him being in Washington to block the Ferguson administration.

"I was there on business," said Moody. "The only ones I talked about Ferguson to were those who asked."

"A great many inquiries were

made," added Moody with twinkling blue eyes. "In answer, I said about him just what I have said in many Texas speeches."

Former Governor Moody will return to Washington the end of this week. He said the trip would be purely one of professional business and would have no political connection.

News Want Ads Bring Results,

Franks-Cardiel Go  
Is Mat Headliner

RANGER, July 29 — Speedy Franks and Pete Cardiel, Mexican grappler, will be the headliners for the Elks club wrestling and boxing show here Monday night. The two boys, who have met here twice before without deciding their differences, are brought back by popular demand. The other wrestling match will be between Bill Angus of Ranger and Bob Philpot, Capitan, New Mexico.

The big fight of the evening will be between Spider Barbee of Dublin and Mathew Mills of Breckenridge, two newcomers. Both boys are strong punchers. The Polka Dot Kid from Ranger and Pat Anderson are down for a four round match.

## BARGAIN BRIDE

by KATHARINE HAVILAND-TAYLOR  
© 1933 NEA SERVICE, INC.

BEGIN HERE TODAY

ELINOR STAFFORD, 20, falls in love with BARRETT COLVIN, 35, but her jealous, scheming mother, LIDA STAFFORD, breaks up the romance by convincing Barrett that Elinor is a heartless flirt.

When Elinor's aunt, wealthy MISS ELLA SEXTON, dies she leaves her fortune to Barrett. Then drunken VANCE CARTER shoots BENTWELL STAFFORD, Elinor's father. Barrett tells Elinor that if she will marry him and live in his home as a guest for a year he will give her the entire Sexton fortune to divide among her relatives. Knowing the money may save her father's life, Elinor agrees.

"I didn't expect you down," he said. "I was afraid you hadn't slept well."

"I didn't. You didn't sleep well either, did you?"

"No, dear," Higgins was gone now so that the "dear" was not a pretense.

She saw that he could not eat and the mere thought of food nauseated her.

"What will we do?" she asked. "It's horrible for both of us!"

"Good knows!" he answered hopefully.

"Barrett, I want to talk to you when you have the time—"

"Any time you say," he answered.

"After breakfast then. In the library?"

"If you like," he agreed. But what he wondered, was there to be said? He pushed aside his plate and rose as she was rising.

HE dropped his face to his hands, groaned and then sat erect, shifting uneasily in his chair. Then again, forearms on his knees, he sat forward but did not meet her eyes. Instead he looked down at the rug at his feet. If he looked at her he knew he might easily blurt out the whole story.

"I wish you could believe," he said slowly and miserably, "that things are not always as they seem—dear—that I love you truly and as you should be loved, that I would never hurt you willingly. It's—it's killing me not to explain!"

"And yet you can't because of some woman?" she questioned.

He drew a deep breath that did nothing to aerate his sodden lungs. "No," he answered flatly.

They sat for some moments, he looking down at the rug and she at him. She had been so certain, so pitifully and youthfully certain, that she had reached Utopia, that she was learning that the man she had been so proud to call her husband, was of the same mold as the rest.

"Please go!" she said. "I'd rather be alone. I want to think it all through—"

Of course there was no thinking it through. She could only tell herself that she had been a fool to expect more. What had she seen in life but the same story, written with varying degrees of sordidness over and over again?

One thing she knew, growing hot from resentment, and that was this child had a right to have a place near his father, to have all he would have had with a different birth. Her thoughts veered. For a while she forgot the boy—Barrett's boy. How she had loved Barrett and how frankly she had let him know it! Doubtless (she trembled at the thought), he had compared her caresses with others.

HIGGINS tapped on the door and she opened it to take a note. Barrett had written, "Dear, please eat some dinner. You could have it in your room. Don't make me more unhappy than I must be. Please keep well—B."

"I'll have dinner here in my room, Higgins," she said. "I have a slight headache—"

"Yes, Mrs. Colvin. I'm sorry about the headache," Higgins answered and tiptoed away.

The night seemed endless. Street noises thinned and for a short space were almost gone. Then trucks began to rumble and milk bottles to elbow one another, rattling. Someone passed whistling and a coarse broom rustled on the pavement.

Her heart seemed to shrink, to grow small and become cold. "If you want to," she responded.

UNDER THE  
DOME AT  
AUSTIN

By GORDON K. SHEARER  
United Press Staff Correspondent  
AUSTIN, July 29—Northern Mexico with its cool mountain country and other attractions has come to be a popular summer resort for Texas officials and others who toil under the capital dome.

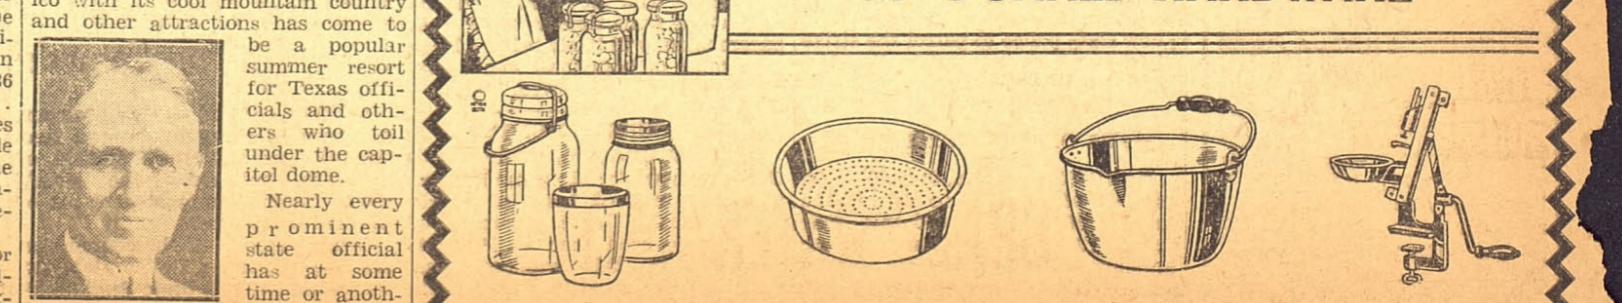

Nearly every prominent state official has at some time or another been a visitor at Horsetail Falls on the huge ranch leased by Frank Gibler, form-

## Do You Have Utensils for Canning?

PHILIP PETTIT, President, J. E. SPENCER, Secretary.

Lions club meets every Wednesday at Laguna Hotel Coffee Shop at 12:15. J. A. BEARMAN, president, W. H. La ROQUE, secretary.

## RANDOLPH NEWS

H. R. Garrett and Bob Stewart spent Tuesday in Ibex, where Mr. Garrett was working in the interest of the college.

Dr. John W. Tyndall returned Friday evening from Dallas.

Mr. and Mrs. H. R. Garrett and family spent Friday in Trent with Miss Fama Johnson, who was formerly a student of Randolph college. While there, Prof. Garrett attended to some business in the interest of the school. On Wednesday, Mr. Garrett and Ocie Chism spent the day in Moran in the interest of the college, and on Thursday Mr. Garrett spent the day in Carbon in the interest of the school.

Lynn Faires, ex-student of Randolph, was a welcome visitor at the college this week. He has just returned from his vacation which he spent in Hillsboro.

Dr. John W. Tyndall will preach at the First Christian church in Breckenridge today.

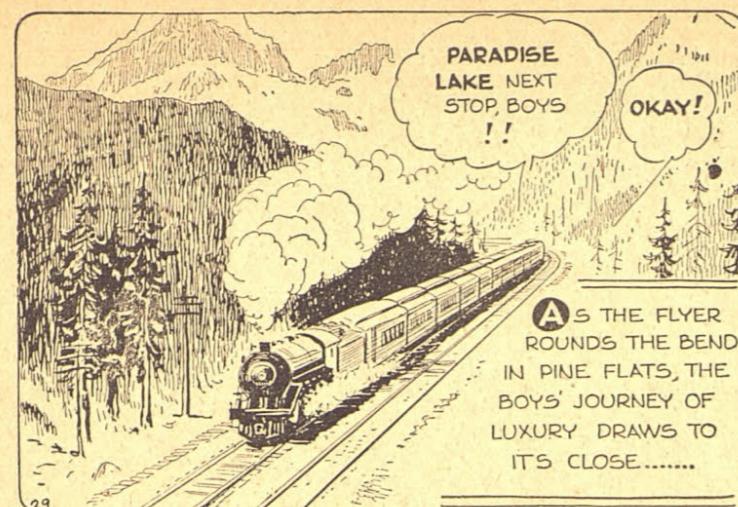

Mr. and Mrs. David Tyndall and daughter, Hortez, and Floyd Hardison arrived this week from Savannah Georgia for a visit with Dr. and Mrs. Tyndall and Mr. and Mrs. C. W. Lipssey of Eastland. Mr. Tyndall is the brother of Dr. J. W. Tyndall, and Mr. Hardison is the brother of Mrs. Lipssey.

**SCHOOL DAY LOVE**  
WARRENSBURG, Mo., July 29.—Homer C. Talley and Nettie Campbell were schoolroom sweethearts. They married separately and reared families. Death took the respective mates of each. They met again recently, revived the former love and married.

## A CRAZY VACATION IS A SANE VACATION

Year after year thousands of persons come to the Crazy Water Hotel to rest, to relax, to drink Crazy Mineral Water, and to take the mineral baths. That's a vacation that restores and rebuilds the health and vigor you have neglected for a year. Come to the home of Crazy Water—and in a week or two, go back to the job with your system cleansed of toxic poisons, a robust appetite, digestion good, and proper habits of elimination. Go home with that "I can whip a Mountain lion" feeling that you need more than ever, now.

At the home of Crazy Water you have a comfortable, well furnished, outside room with ceiling fan, circulating ice water, and private bath, as well as delicious meals, stimulating mineral baths, all the Crazy Water you can drink, in your room or at the Crazy Bar; in fact; every service of the modern hotel for less than the cost of a room alone in any large city.

A postal card will bring the information you want to know. Just address it as below.

### SABANO

The Baptist church is now in the second week of a revival meeting. The Rev. J. H. Greenwood, pastor of a church on the north plains, is doing the preaching. There has been nine conversions. The Rev. L. Bryon of Cross Plains is the pastor of the church here.

Misses Alma and Vida Armstrong were the Sunday guests of Misses Loretta and Juanita Vestal.

Sunday guests of Mr. and Mrs. J. L. King were Mr. and Mrs. L. C. Hill of Downey, California, A. L. Gattis of Scranton; Mrs. B. B. Huntington and family, from Cross Plains; Misses Loretta and Juanita Vestal of Cross Plains; Misses Alma and Vida Armstrong; Mr. and Mrs. C. C. Webb and family; Mr. and Mrs. L. M. Barron and family; Mr. and Mrs. C. L. Webb and son, Charles Lindell, Clinton Barron and Chois Webb.

Mr. and Mrs. L. C. Hill of Downey, Cal., left for Snyder Monday after a several day visit with relatives here and at Scranton, Cisco and Cross Plains. They will visit Mrs. Hill's aunt, Mrs. W. R. Shultz in Snyder before leaving for their home in California.

Miss Alma Goleanor was the guest of Miss Pauline Wood Tuesday.

Miss Jessie King returned Friday from Stephenville where she has been attending John Tarleton college.

It takes better business to build a city.

Better business and prosperity go hand in hand.

A city will grow only as its business concerns grow.

A city is known by the reputation of its retail concerns.

One live business will bring some business to a city.

Many live concerns will bring much business to a city.

When all the business concerns of a city are alive and on the job, when they work together to hold their present trade, attract new trade and time to such an extent that people

will be attracted to a live city in ever increasing numbers.

Cities that are awake are reaching out into new fields and securing business they never had a chance at before.

Business worth having is worth going after. If it is not gone after by your city, some other city will get it!

Miller-Lauderdale  
"The Man's Store"

Henry Ford  
Dearborn, Mich.

When customers write in, as many are doing these days, stating that they have found the Ford V-8 better than we said it was, that is how we prefer it to be.

I say this for the benefit of a Ford dealer who chides me for not claiming all that might be claimed in favor of our car.

If the people who use our cars every day are not praising them, it matters little what we may say. The last word must be spoken by the car itself, and the owner who tells his next door neighbor how his car behaves in actual service is the only effective advertiser.

That is why we do not stress "talking points" in our car. The Ford V-8 is built on principles, not on "points." Most of the "talking points" in motor cars are of little or no importance to the performance or value of the car.

Take weight, for example. It is not just a "talking point" with us; it is a basic principle which we keep constantly in mind when we design a car.

Weight has much to do with the cost of the car. It costs us money to remove excess weight. It costs you money if we leave it in.

When people talk about the cost of running a car—or, to put it in advertising language, "economy of operation"—why do they not give more thought to weight?

The more dead weight a car drags around, the more it costs to run.

To carry passengers costs very little. It is car weight that runs up the gas bills. If we design an economical engine, and then waste the economy in moving a mass of unnecessary car weight, what has been gained?

By keeping weight where it belongs—as trainers do with a race-horse or an athlete—the horse-power per pound of car remains high. To get the most miles and most power out of a gallon of gas, a car should not be over-heavy for its purpose. A quick, responsive pick-up and reserve speed—which means reserve power—requires careful attention to car-weight and strength.

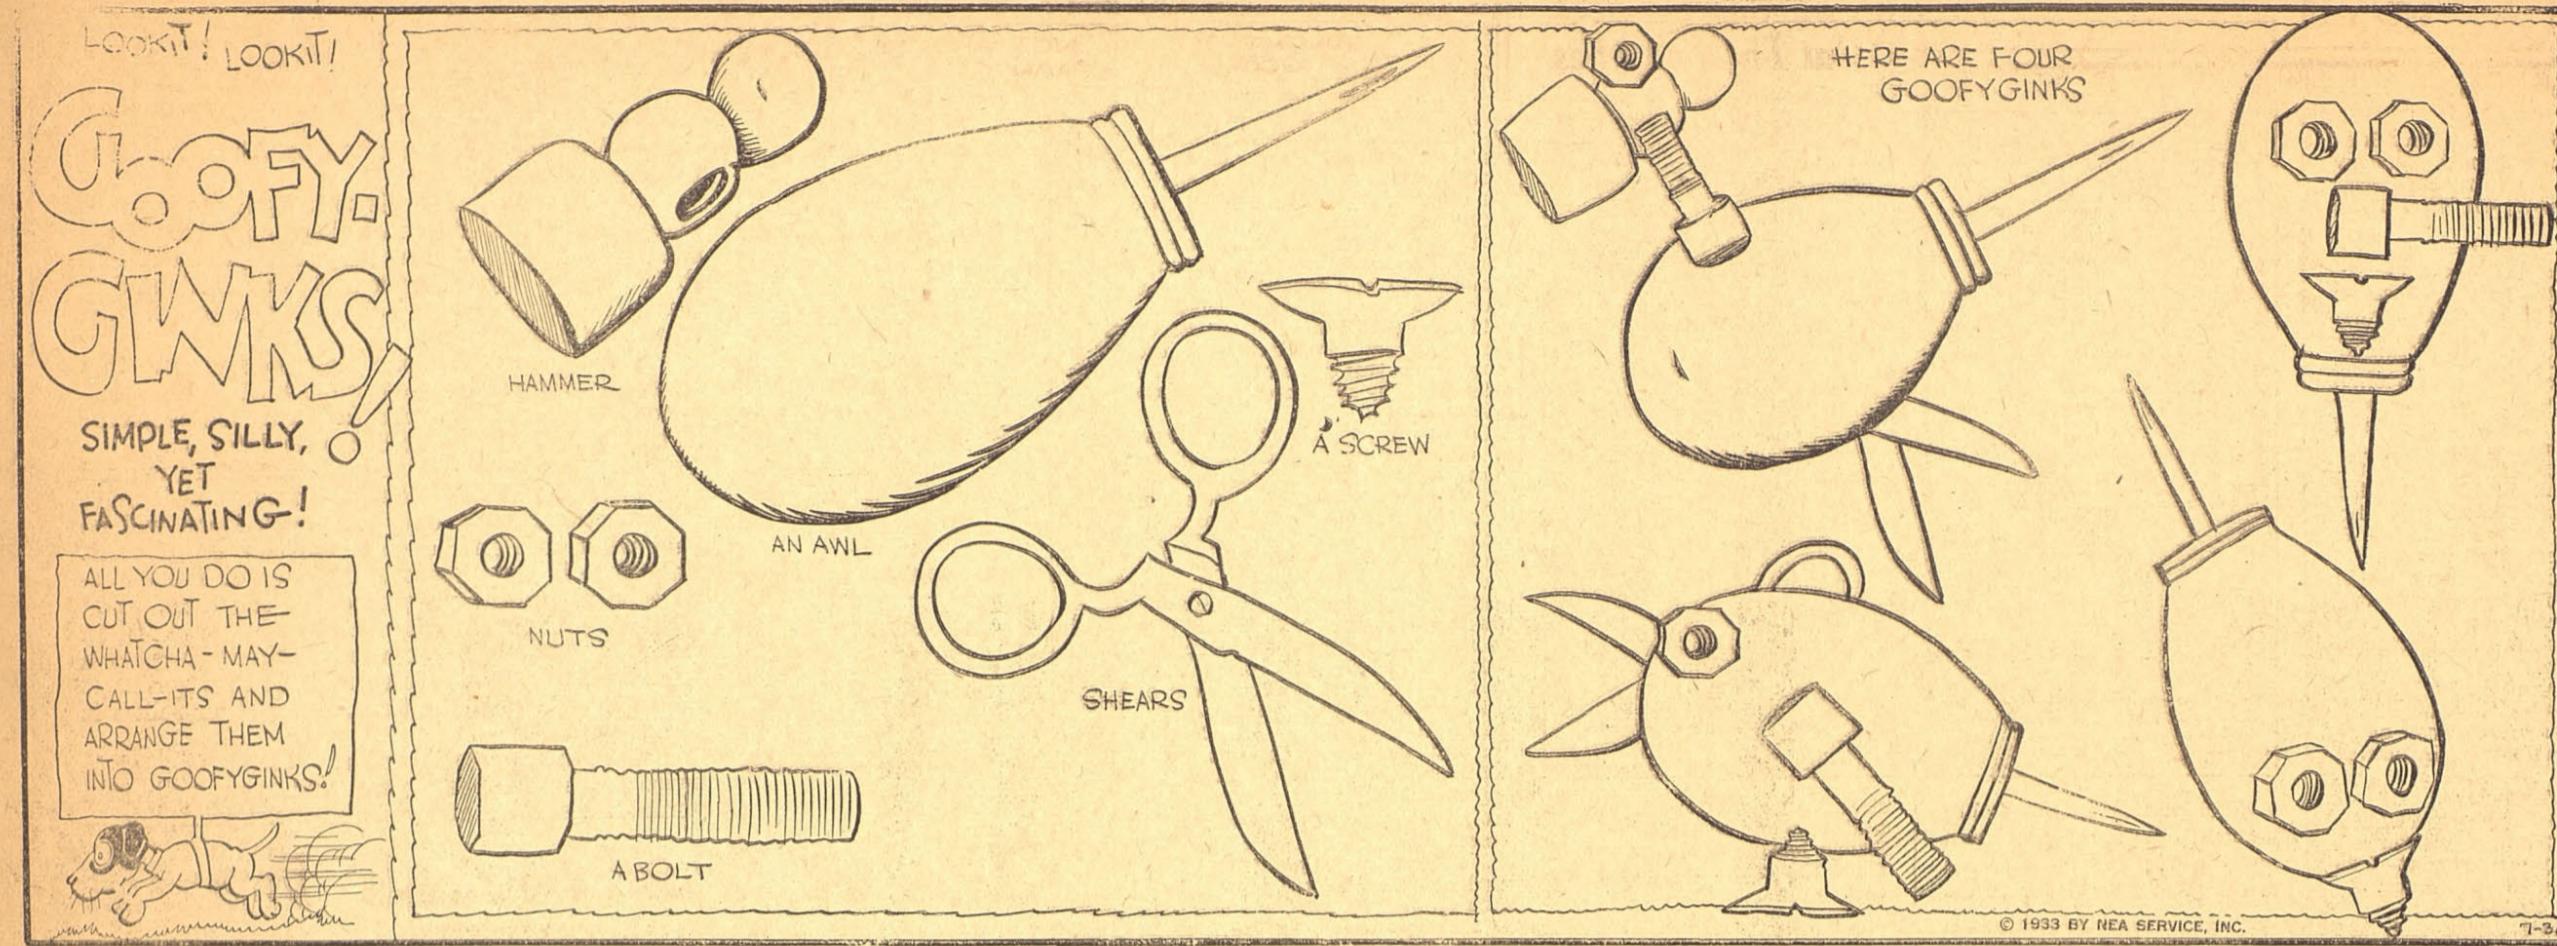

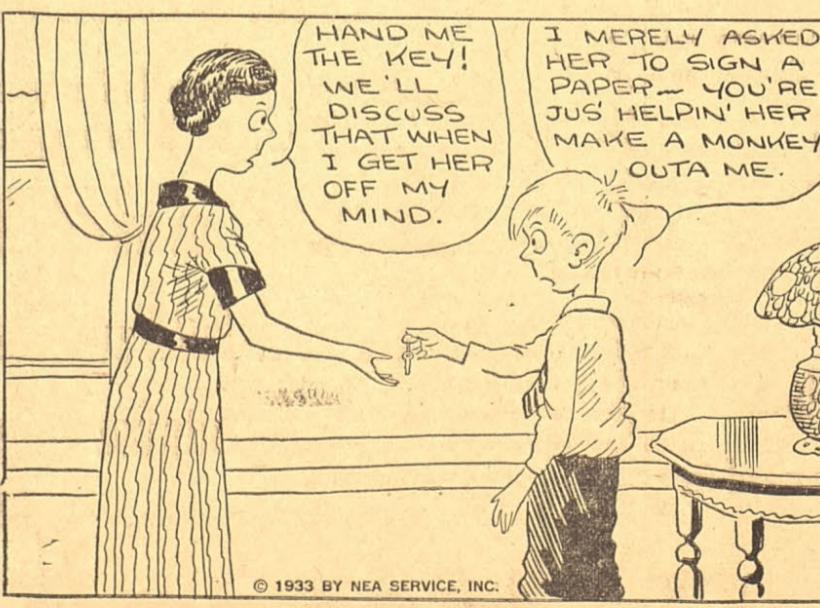

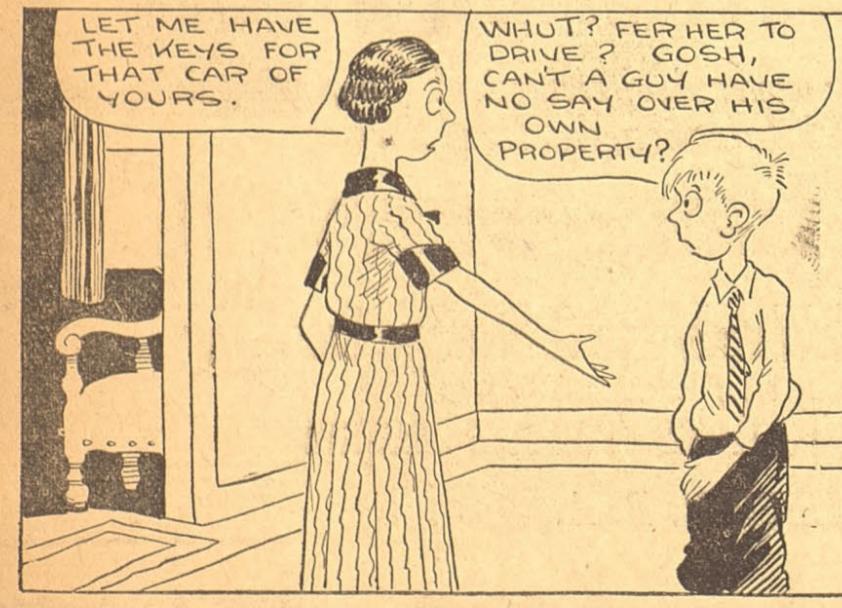

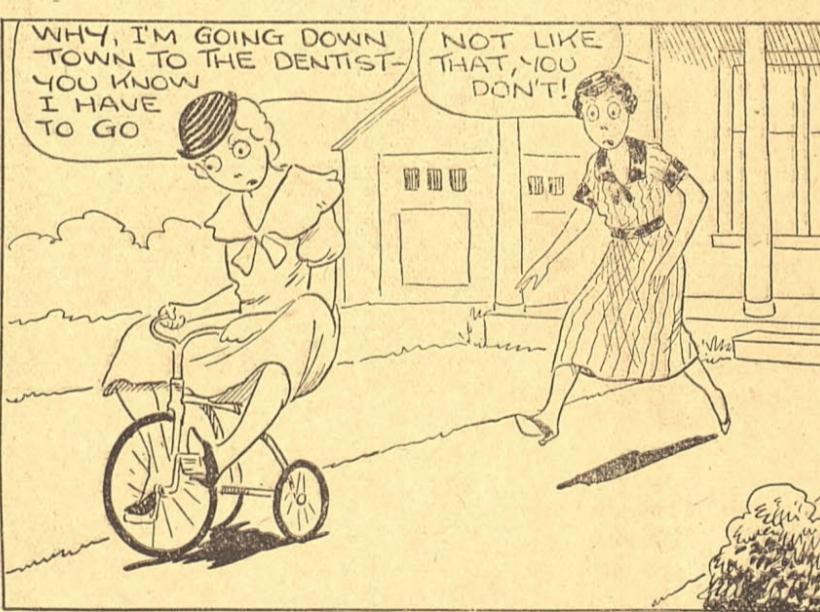

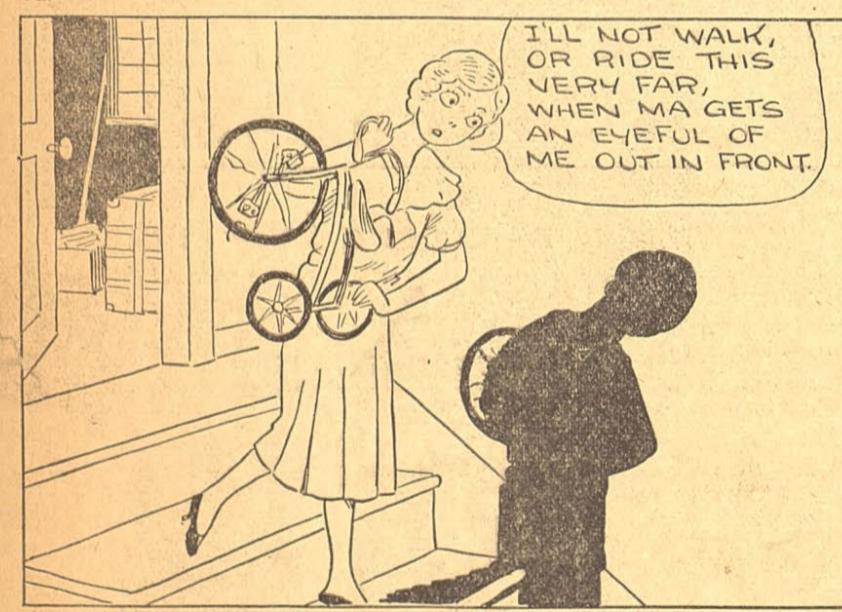

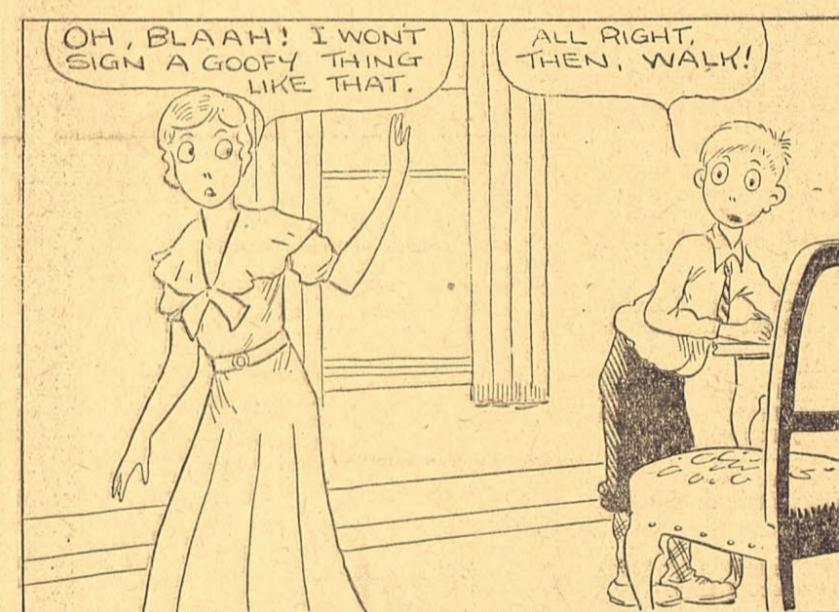

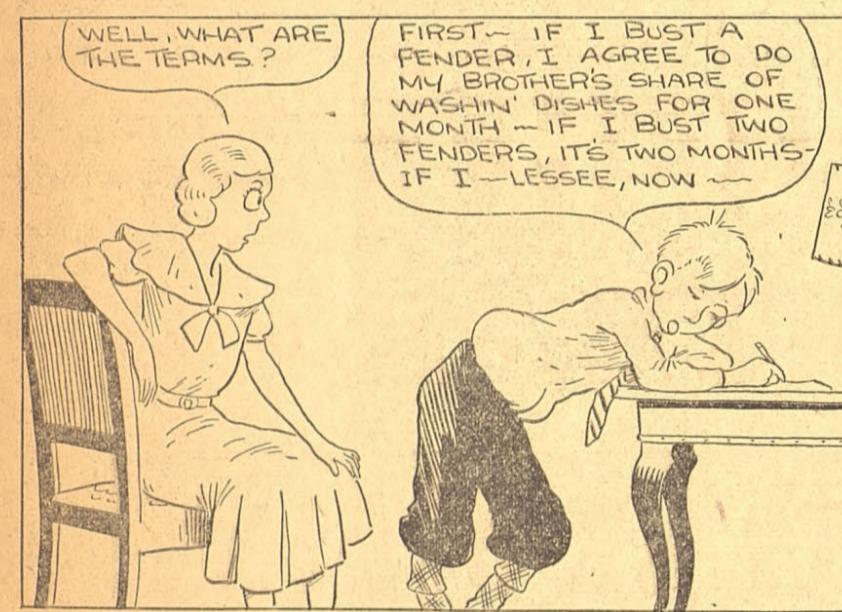

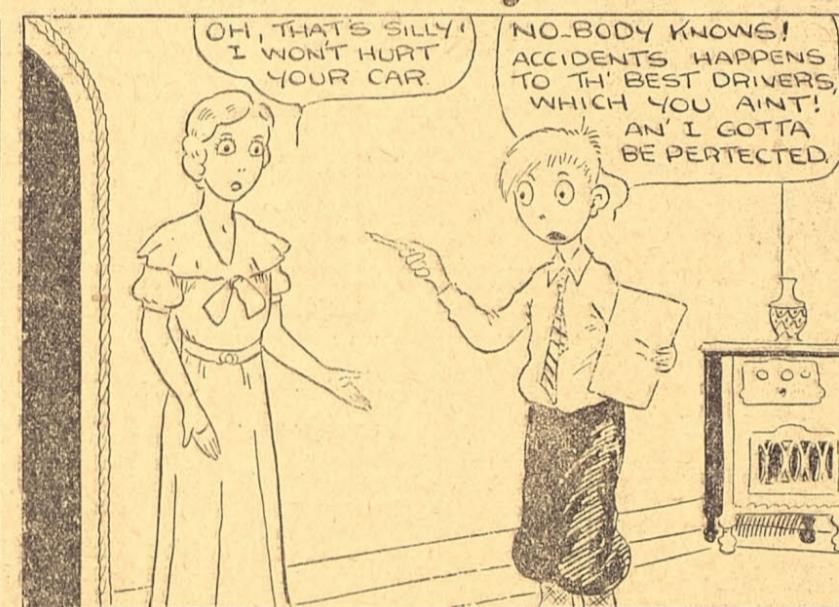

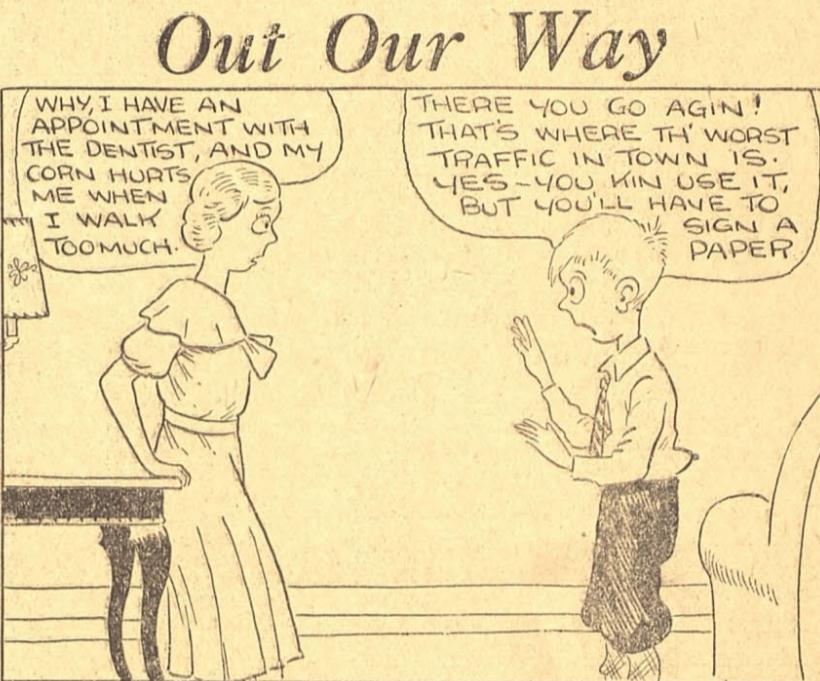

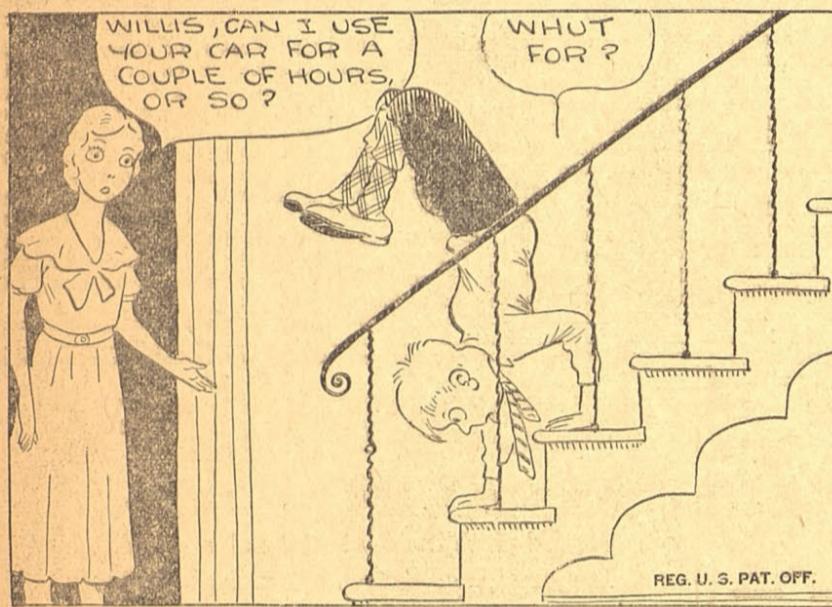

The Ford V-8 is not a light car—it is as heavy as its design requires, and much stronger than it need be for safety. But it has no useless weight. Strength has been obtained without dead heavy bulk.

What we offer is a car, built to do certain things, and sure to do them.

## Are You Thinking of Asking for a Loan Or Renewing Your Note?

Before doing either of these things keep the following in mind:

Our first obligation is to safeguard the funds placed in our custody and to keep ourselves in position at all times to meet all possible demands for their return. Every other aim is subordinate to this. The banker who has not recognized this truth has disappeared.

The funds which one may borrow at this time only represent the surplus that another has deposited. It follows therefore that the depositor at this time may be the borrower later on.

That the security tendered for a loan is good and sufficient is not enough. In addition it must be collectable when due. All such loans will be paid when due and leave a surplus on deposit.

The funds which one may borrow at this time only represent the surplus that another has deposited. It follows therefore that the depositor at this time may be the borrower later on.

That the security tendered for a loan is good and sufficient is not enough. In addition it must be collectable when due. All such loans will be paid when due and leave a surplus on deposit.
