VOL. 9. BAIRD, CALLAHAN CO., TEX. SATURDAY, NOV. 21, 1896. NO. 50

BAIRD'S GREATEST STORE.

Now invites you to its Magnificent Spread of Interesting Values for the fall and winter season. A wonderful exposition of genuine bargain surprises for the maiden and matron, the laborer and capitalist, a thousand articles the winter demand for both sexes, all ages and conditions. The old saying that "money talks" is superceded now. Its goods that we have for sale talk—that tell you of their worth, beauty, durability and style, that speak to you of their fitness for home use or winter comfort. They urge you to examine them, they exhort you to buy them, and we have made their prices so low, that few can refuse to listen to their mute but masterly appeals. It's a story of money-saving you'll be glad to hear.

The Dollar of our Fathers is the Dime of To-day.

DRY GOODS.

The very time when goods can be bought of the manufacturer for the least money is when merchants are taking their summer sleep; that's the time we always keep both eyes open and ears pricked. That's the time we secured at 5c, cotton prices everything staple we could see a chance of selling this fall. To-day they are worth 20 to 25 per cent. more than we paid. We could ask you the advance and then sell you goods as cheap, but as usual we give our customers the benefit of our business freight and push prices down to the lowest point possible.

MEN'S FURNISHINGS.

Our prices are made to fit small purses. We make a dollar carry a bigger load than ever before. You can't go amiss by trading with us you are liable to lose if you don't.

BLANKETS AND COMFORTS.

A fortune of cold weather has been given us; better prepare now for that which is soon to come. Assortment large, prices small.

BOYDSTUN'S BARBERS.

NOTIONS.

We make it a positive pleasure to spend money in our store, because we always have what you want at less than you expect to pay.

SHOES AND HATS.

We are here to serve you faithfully. We want this store to be pointed out and spoken of as the place where all classes may come and feel that they are being dealt with in absolute fairness. Plain, clean, honest methods are what the public tie to.

MILLINERY.

This department is all aglow with the latest thoughts in fashionable headwear. We have at the helm an adept in the art of fashioning the hat to the head. By patronizing us you can't go astray in the purchase of this important item.

MEN'S AND BOY'S CLOTHING.

For forty miles around the fame of Boydston's Store and its wonderful selling has spread, drawing customers as the magnet draws the needle. Surely there is no "pull" like the "pull" of right goods at the right prices.

B. L. Boydston. BAIRD, TEXAS.

SOME ELECTION FRAUDS.

It seems to be little doubt that frauds of one kind or another have been practiced in different States. In Kentucky, California and Tennessee. We have the word of Hon. John L. Fellows of New York and John H. Hays of Tennessee. Perhaps further evidence would be desirable in this case. The opinion of a leading stump speaker from California regarding a purely local affair in Tennessee is hardly to be regarded as a trifle. Mr. Fellows is in earnest, in every little cock-parrow way, his allegation may be worth looking into.

For the frauds in Kentucky and California, they are certified by un-biased witnesses on both sides. Usually the newspaper correspondents on a majority of the election in California admit that some of the votes have been deliberately taken away from Bryan by the leading officers of certain localities. He insisted upon counting the popular vote in one column and the demagogues in another, thus dividing Bryan vote and giving a plus to McKinley. If by two tickets differed in anything but the symbol at the top, their division in the court would have been perfectly legitimate. There was no difference, however. The tickets differed exactly the same names. In Bryan and Sewall tickets, which should have been set down in democratic column. If the act of dividing the Bryan vote on this subject is not fraud, we confess we do not know the meaning of fraud.

Kentucky the electors is more than made and more determined. If we may believe apparently reports, somewhat opaquely used by appearances, the returns

A CHRISTMAS TRIP.

The thousands of Texans who came from the south Atlantic states find much pleasure in reverting to the happy days of long ago when they were children, and often they awake at night to recall those scenes of yore which gave to life a charm, and which now come in later years as visions of joy. There is a tender spot in every heart for the old home and the memories which cluster about the dear old spot are soles in the weary, weary struggle we make day by day to build our new Eldorado a home to which our children in the future time will turn, as we now turn to the old place where our loved ones in the evening of life await the final summons.

THE TEXAS & PACIFIC RAILWAY CO.

again offers you the opportunity to go back to the old home. Round trip excursion tickets will be on sale from all points on the system on Dec. 21st, 22nd, 1896, to all points in the southeastern states, at one fare for the round trip, tickets good 30 days from date of sale. See your nearest ticket agent for further information, and do not fail to send eight cents postage to the undersigned for a copy of the finest publication on Texas ever issued, to show to your friends at home.

CROSS PLAINS CULLINGS.

ED STARS—I notice a communication in the Prodigal last week written by my friend, F. D. Norton of Cottonwood, who seems to be encouraging the Baird people for a change lately made in our mail route by the government from Baird to the place. And as it is common for a fellow to blab when he is spared I can't help but notice his write up as far as our own little town goes, and while we have had every respect for our friend and would gladly see him have all his wants (if he didn't want too much) but when it comes to a change being made in our great mail lines for the satisfaction of a few ner heads that threaten the kindling of a spark that might consume our county site is a little too hard and I would be glad that he looks well to the matter before he makes such threats again.

Cross Plains will take care of herself and if the mail cart can't carry our goods we will put a delivery and see that our customers still get their goods up that way.

As to the change we do not favor it and have so sent up our petition. We oppose it from a past experience as my friend well knows the time when we got our mail from Putnam the rider leaving there nine times out of ten before the train had arrived consequently leaving our mail there until the next trip. And again we believe our line should connect with Baird where every man has or should have an interest, regardless of packages, threats or anything else.

and it says, irrespective of price, I offer you the best flour procurable. Critical examination and exhaustive tests prove it to be the finest that skill can produce, the best that money can buy. A trial will convince the most exacting that this is the "Ideal" flour. Your money back if it doesn't.

NOTICE.

The subscription price of THE STAR is one dollar if paid in advance. We do not mind waiting on any subscriber a reasonable length of time when a man is hard up, but we think it a little odd to wait on a subscriber year after year when said subscriber owes dollars whereas we own dimes as we have to do in lots of cases. We publish a paper to make a living and we have no other source of income. It costs us a certain amount of money each week to get out a paper no matter how short collections may be. We know if our delinquent subscribers could realize what a scuffle we have to make sometimes to raise six or seven dollars that some of them at least would pay us that little amount they owe the first time they saw THE STAR office.

A CARD.

Who have favored me
in patronage, I now express
my thanks. I have served
you faithfully, and I trust satisfactorily,
withstanding the hardness of the
times. I have been more lenient in col-
lecting accounts than my financial cir-
cumstances would justify. And, now
that you have not paid me for ser-
vices I now appeal. Please come at
once and settle up so that I can settle
with the merchants who have so kind-
ly indulged me for supplies and also
enable me to make paying for my
home.

Hoping this appeal will meet with a
hearty response, I am faithfully
yours,
E. R. SORON.

Boy (Crying)—Confound Julius

gave me more than I can get home in

A proposition backed by the cash.
A great deal can be said about flour,
but standing the test—few flours
stand it. I advise you to make your
own test, appoint you your own judge
and guarantee every pound of "Our
Full Patent," the equal of any and su-
perpassed by none. Try it and if it does
not give entire satisfaction, it costs
you nothing. Julius Norton. 49c

AT LAST.

A perfectly clean and chemically
pure process of preparing sage for the
use of husbandry has at last been dis-
covered by that eminent chemist—Mr.
Eddy—where by the full strength and
original flavor of this pleasant herb is
fully retained and Wriston & Co. have
the product. Eddy's Sage is ab-
solutely pure, finest flavor on earth,
and approaches and unapproachable.
Don't forget the place—Wriston &
Co. 47f

EVERY ONE KNOWS

That to secure the best results in
bread and cake it is not only pure but
absolutely necessary that best ingre-
dients be used.
In the selection of flour, great care
should be exercised, and nothing but
select, soft water, wheat flour should
be used.
There are but few flours that meet
this demand, but in the "Magnolia,"
we have it all of its strength and
purity.
This popular brand is manufactured
in the heart of the finest wheat grow-
ing on Earth (Hanshal, Mo.) from soft
soft winter wheat. Dr. W. W. Wriston
& Co. are sole agents for the terri-
torially fine flour, in Baird, and they
guarantee every pound, to give en-
tire satisfaction.
