

ADVANTAGES OF THE PUBLIC SCHOOLS TO BE NAMED TO PUBLIC

Chamber of Commerce and Production Reach All the Citizens in the Surrounding Counties With Circular Letters — Excellent Meeting Held Last Night.

While attention was given to many subjects at the meeting of the Chamber of Commerce and Production last night, the chief effort was directed to the schools. The body is busy engaged in preparation of data to be placed before the citizens of the surrounding counties, calling their attention to the extraordinary educational advantages offered by the schools of this city.

A circular is being prepared, setting forth these advantages in detail, the circular carrying a number of cuts illustrating the school buildings and the equipment with which the schools are so amply provided.

Special stress will be laid upon the course of study, commercial, domestic, science, manual training, elementary music, kindergarten and with a special athletic director.

The desirability of Cisco as a place of residence, with its schools and churches, its fine climate, excellent water and healthful conditions, will be emphasized.

The directors and members of the Chamber of Commerce and Production realize that with the influx of people now coming to settle in Cisco and the added probable large number who will come by the opening of the school year, it is necessary to improve housing conditions. There must be more houses, they say, if the city is to keep going forward in its rapid growth.

Mineral Wells Boosters.

The Mineral Wells boosters are expected to arrive here early tomorrow morning. This was discussed at the meeting last night, and arrangements undertaken for their reception and entertainment while they are in the city. A band will be engaged and at the meeting last night a reception committee was appointed, as follows: Stuart L. Williams, chairman; G. C. Richardson, W. L. Wilson and C. V. Rominger.

These gentlemen were instructed to fill the committee by naming other citizens, and today the following were added: Mayor J. M. Williamson, A. J. Olson, Dr. J. D. Leslie, E. P. Crawford, F. A. Blankenbiller, J. O. Sue, J. W. Wray, C. H. Fleming, W. E. Spencer, F. D. Wright, W. J. Barnes, E. S. Huey, John Reagan, J. J. Butts, R. Q. Lee, John Garner, A. L. Mayhew, Frank Harrell, Alex. Spears, Morris Simon, J. E. McCord, P. W. Campbell, E. T. Gunther, John Kelly, Crigger Paschall.

All these gentlemen and as many other citizens as can possibly do so are expected to be at the city hall at 5 o'clock tomorrow morning with cars to go and meet the visitors and escort them to the city.

Miscellaneous Matters.

A committee to revise the constitution and by-laws was appointed, as follows: F. D. Wright, chairman; W. J. Barnes, Dr. J. D. Leslie and Claud C. Will.

Stuart L. Williams was appointed to assist the acting secretary and to act as publicity agent.

There were sixteen members and two visitors present at the meeting last night. The visitors were both brick men, one representing a company now making preparations to manufacture brick near the city and another with samples of brick made from sand, under great pressure. The samples he had indicated a most substantial brick.

JEWISH PEOPLE MAY USE BUT CANNOT SELL LAND IN JERUSALEM

Associated Press. NEW YORK, July 14.—While the Jewish people will be permitted to develop and reap the harvest from land purchased in Palestine by the Jewish National Fund and also be privileged to leave it to their children, they can never sell it. This is in accordance with the plan of the fund to nationalize the land in Palestine and eliminate land speculation as announced here by Dr. Boer Epstein, the fund's commissioner, who has just arrived from England.

The fund, he said, will spend \$1,250,000 during the next year for the purchase of barren land which must be reclaimed and made fit for settlement by Jewish renters.

More than 7,000,000 French francs, Dr. Epstein added, have already been spent in buying and cultivating 6,000 acres of what now is fertile Palestine land and in developing six agricultural colonies and a dozen individual farms.

"The fund not only has purchased land for farming," he said, "but it has made extensive purchases in Jerusalem, Tiberias, Haifa, Jaffa, Safed and other principal cities of Palestine. This city land is used exclusively for public buildings."

FRENCH TRI-COLOR IS TODAY FLOATING OVER CITY OF WASHINGTON

Associated Press. WASHINGTON, July 14.—The French Tri-Color floated today from government buildings alongside of the American flag, as Washington paid honor to France in commemoration of the day.

The French flag was also widely displayed on business houses and residences. Secretary Baker placed wreaths on the graves of French soldiers in Arlington National cemetery.

President Wilson sent a message to the French president, personally, and on behalf of the American soldiers who fought in France, to Marshal Foch at London.

BOTH REPUBLICANS AND DEMOCRATS ARE SCORED BY W. J. BRYAN

Associated Press. BOISE, July 14.—Wm. J. Bryan, in an address here last night, severely censured both the democrats and republicans for the nomination of alleged wet candidates and their failure to make recognition in their platforms of America's fight for prohibition or the adoption of dry planks and uncertainty and ambiguity of both parties on the league of nations.

HEALTH OFFICERS TO CONFER ON BUBONIC PLAGUE QUARANTINE

Associated Press. AUSTIN, July 14.—State Health Officer Goddard left today for Beaumont to confer with J. P. White, of the United States public health service on definite arrangements to extend the bubonic plague survey, now nearing completion in Jefferson county, to other sections of the Texas coast in the quarantine area.

EVERYBODY AND THE COOK ON STRIKE ON PORT ARTHUR TUGS

Associated Press. PORT ARTHUR, July 14.—All Port Arthur tugmen are tied up by a strike of firemen, deck hands and cooks who demand increased pay, a six day week, with full pay.

MAN DROPS DEAD WHEN TOLD PRICE OF POTATOES

International News Service. MINNEAPOLIS, Minn., July 14.—The high price of potatoes was too much for the weak heart of F. E. Lagrave the other day. Lagrave walked into the city market and inquired as to the cost of a bushel of "spuds" when told the price at which they were selling he dropped dead.

IOWA MAN ELECTED COMMANDER OF THE RAINBOW DIVISION

Special to The News. BIRMINGHAM, July 14.—Colonel Matthew A. Tintin of Council Bluffs, Iowa, commander of the 15th Iowa regiment, was elected president of the Rainbow Veterans' Association at the first annual reunion here. Cleveland was selected as the next convention city.

CALIFORNIANS MAY BRING TROUBLE OVER JAPANESE QUESTION

Circulating Petitions Asking for Law Farther Restricting the Japs in Holding Real Estate by Lease — Children Are Hidden From Committee.

Associated Press. WASHINGTON, July 14.—Unofficial changes are alleged in the situation in California, caused by the circulation of a petition looking to the amendment of the state law to further limit the rights of Japanese and other Orientals to hold real property under leases.

The success of the petition is said to have led to the belief in official circles that there soon must be negotiations of a formal nature between the United States and Japan to clear the difficulty growing out of the steady increase of Japanese on the Pacific coast.

Hiding the Children.

Associated Press. SACRAMENTO, Calif., July 14.—John Rees, the only American merchant in Florida, California, told the house committee investigating Japanese conditions in California that word was passed to keep Japanese children out of sight while the committee was in that section of the state.

COTTON GROWERS IN CONFERENCE ABOUT THE PINK BOLL WORM

Associated Press. WASHINGTON, July 14.—Cotton growers, representing half a dozen states are here today in a conference called by the federal horticultural board to discuss federal control of the cotton plant in the pink boll worm infested areas of Texas and Louisiana.

Both Texas and Louisiana enacted new laws dealing with the eradication of the pest. It is said the action of these states may have some effect on several contiguous states in putting in effect the quarantine mandates established in the non-cotton zones.

Chairman Mariett said the conference is expected to develop an agreement between the cotton states and the federal government of a uniform plan of enforcing both state and federal restrictions on cotton planting to prevent the spread of the pest.

Boisheviki Advancing.

Associated Press. London, July 14.—A further advance by the bolsheviki in the campaign against the Poles was reported Tuesday in an official communique from Moscow by wireless today.

GAMBLING IN WHEAT WILL COMMENCE IN CHICAGO TOMORROW

Associated Press. CHICAGO, July 14.—Plans for the resumption of trading in wheat futures commencing tomorrow morning, was announced today by the directors of the board of trade. The probable opening price of December wheat varies from \$2.50 to \$2.75, in the opinion of traders. Deliveries will be quoted for December and March. Members were notified that as the Lever act continues in force until the termination of a state of war with Germany, war-time supervision of contracts for future delivery, in store, by grade alone, will be continued, as applied to trading. The directors authorized executive officers to exercise such supervision under strict secrecy with full power to order curtailments or adjustments.

SENT THOUSANDS OF COUNTERFEITERS TO JAIL AND RESIGNED

Associated Press. LOUISVILLE, Ky., July 14.—Having sent almost 3,000 counterfeiters to federal prisons since he entered the U. S. secret service in 1886, Capt. Schuyler A. Donnelly, "Grand Old Man" of the customs house here, believes he has done his "bit" and has resigned, effective August 20. He is 73 years old.

Among the many counterfeiting cliques that Captain Donnelly helped to break up was that led by John Roberts, said to have manufactured \$1,000,000 in fake notes; the Montgomery gang in Butler county, Pennsylvania, 23 of whose members were convicted; and the McCarty gang of Omaha. He trailed the McCarty crowd for two years. Donnelly arrested Jacobs, maker of a Monroe \$1,000 bill, who had passed 50 of them before they were detected, and helped to bring Miles Ogie, a Cincinnati, to book.

The veteran secret service man had many narrow escapes. He was shot in the ear at Dayton, O., by a man named Guydon, a member of the Driggs-Guydon gang of paper money makers, which he rounded up.

Captain Donnelly came here in 1899. Before that he had served as a detective in Pittsburgh, Cincinnati, Cleveland and Atlanta. His reputation for fearlessness, gained while chief of police at Huntington, W. Va., won him his appointment to the secret service.

DEPUTIES IN MANY OFFICES WILL GET AN INCREASE OF SALARY

Associated Press. AUSTIN, July 14.—Failure of the enrolling clerk to insert the enacting clause in the bill providing for an increase of twenty-five dollars per month to deputy county officials, does not invalidate the bill, according to the attorney general.

Immense Peach Crop.

D. M. Sawyer, 1006 West Sixth street, will leave tomorrow for Athens, to assist his sister, Mrs. J. W. Johnson, in caring for her peach crop. Mrs. Johnson has an orchard of thirty-eight acres of Elberta peach trees.

THIRD PARTY SPLIT BEFORE ORGANIZED AS THE TAXERS QUIT

They Withdrew and Made their Own Nomination for the Presidency — Labor Platform Too Strenuous for the Forty-Eighters.

Associated Press. CHICAGO, July 14.—Hopes for survival of the new fusion party is at a low ebb, as after all-night conferences the new body's resolutions committee continued today its efforts to get together on a platform suitable to Senator La Follette.

The 48'ers are bitterly opposed to the more socialistic ideas of the radical labor faction. In this stand, they have the support of La Follette and several minor organizations subscribing to the combine.

The first evidence of a possible breaking up of the new party came when the single taxers withdrew, adopted a one-plank platform and nominated Robert C. McCaulley, of Philadelphia, for president.

Little progress during the first two hours of the new fusion party convention was made. An undercurrent of dissatisfaction was in evidence throughout the meeting.

MINERAL WELLS WILL SEND MANY BOOSTERS ARRIVING IN MORNING

The Mineral Wells Index says: "The Mineral Wells booster trip will occupy Wednesday and Thursday of this week. The advertising souvenirs ordered by the Chamber of Commerce and a number of business men, for distribution along the route, have come. The Fords which will take the men there and bring them back, are being put in shape and everything is about in readiness for a great trip.

MEXICAN ARMY WILL BE REORGANIZED ON CHILEAN PLAN, IS SAID

Associated Press. WASHINGTON, July 14.—Reorganization of the Mexican army of the Chien plan has been entrusted to a board appointed by Provisional President de la Huerta, said a dispatch received today by the new government's representatives here.

The board is instructed to report as soon as possible. The dispatch declared the generals of General Guana and General Guajardo, in Coahuila, are no menace to the new regime. It denied that Pablo Gonzalez was involved in a revolution.

SUGAR BOWLS WITH FIRELESS COOKERS CAUSE PENNY DEARTH

International News Service. CINCINNATI, Ohio, July 14.—Even the fireless cooker has been utilized as a hiding place for pennies here.

The cooker, together with vases on the parlor mantel, the unused cracker jar on the sideboard and old Mason jars in the pantry, are held partly responsible for the penny famine existing here in the federal sub-treasury office.

"The man who gets pennies in change on the street car or at the restaurant is banked to turn them over to the children's banks when he changes his clothing to go out in the evenings," declared David Reese, cashier at the local sub-treasury, pointing out the existence of a penny-saving wave sweeping the country.

"It seems so easy to save pennies that they are just tossed into some receptacle and forgotten.

MEDICAL MEN WILL TREAT DEAF AND DUMB CHILDREN EVERYWHERE

Associated Press. WASHINGTON, July 14.—Medical associations of the United States have inaugurated a nation-wide campaign for the treatment and education of children who are deaf or dumb, or both. A joint committee, including members from each organization has been appointed to draw up plans.

Assistance of state medical societies, state boards of health and from congress will be sought in order that the campaign may be made quickly effective. It is planned to list all children suffering from defective oral or auditory organs, to establish day schools throughout the country for the instruction of these special pupils and finally, to standardize the course of instruction, according to the most modern methods.

LOYD GEORGE TELLS GERMANS THE ALLIES ARE NOT BLUFFING

Associated Press. SPA, July 14.—No disposition is shown by German representatives this morning to yield to the allied demands for coal deliveries. "The German delegation regrets the conference may be disclosed without further agreement, but we have done as much as we could," said Minister Simons.

In an effort to compose the differences over coal deliveries a series of informal conferences, between the allies and the Germans were arranged for this afternoon.

The allied ministers appear equally firm in their decision that Germany shall deliver two million tons of coal monthly.

THROCKMORTON BUILDS CHURCH COMPLETE IN JUST SEVENTEEN DAYS

Special to The News. THROCKMORTON, July 14.—The Brush Knob Baptist church, built and furnished in 17 days from the time the first hammer was struck in February, was dedicated Sunday a week ago by Rev. Warren Cunningham, 34 years a pastor in Texas. Dinner was served on the ground.

CLAIMS OVERTHROW OF THE BOLSHEVIKI

Associated Press. SANTIAGO, Chile, June 14.—Confirmation of reports of the overthrow of the bolshevik government was received by the Chilean foreign office today.

W. F. WALKER NAMED COMMISSIONER FOR AN UNEXPIRED TERM

Was Also Named As Mayor Pro Tem and Assigned to Head of the Fire and Police Department — Erection of New Fire Station Being Considered

At a recess meeting of the mayor and city commissioners last night, W. F. Walker was elected commissioner to fill the vacancy caused by the resignation of Commissioner Claude Wild. Mayor Williamson made the appointment and it was unanimously confirmed. Mr. Walker appeared shortly and the oath of office was administered to him by the mayor, when he took his place on the commission.

The next in order being the election of a mayor pro tem, Commissioner Walker was nominated, a motion made that nominations close, and he was unanimously elected.

Mayor Williamson said the places on the commission were now all filled and they were ready for work. He said he had worked with Commissioner Walker for a long time and he knew he would act in harmony with the other commissioners. He said he thought it would be well for Commissioner Walker to assume the place left vacant by Mr. Wild, that of police and fire commissioner, for the present, but that within the coming two weeks he expected the commission to be reorganized; that it would be well for the commissioner to confer among themselves and with him that they might work out a plan whereby each commissioner should find the place best suited him and where he thought he could be of the greatest service to the city.

Following this statement, the mayor said there was a subject which he desired to call to the attention of the commissioners and that was the erection of a fire station and the remodeling of the city hall. He said when the city hall was built about five years ago the people wondered why they wanted such an immense building, and what they were going to do with it. Times have so changed, he said, that now they must have still more room; that the city engineer and city secretary are without quarters; that the police department is hampered for want of room, and that the fire apparatus is very badly situated. He said he wanted the commissioners to consider this, as they must soon take it up for action.

The mayor told the commissioners that yesterday he had a letter from the brick manufacturing company at Thurber, saying all its kilns were now in operation and that it was ready to ship brick, the only difficulty being in securing cars. The mayor said he had gotten in touch with the railroad authorities and had made a plea for five cars daily. He said if they succeeded in getting only three cars each day they would soon be enabled to close up the paving work.

The mayor also told the commissioners that the filtration plant was working well at present and that they were getting plenty of clear water. He said they were pumping about 1,000,000 gallons per day, sometimes more.

Commissioner Britz reported that he had secured 1,000 yards of gravel which could be used to cover four blocks on Avenue E, from Tenth to Fourteenth street, and the remainder on other streets.

I. W. W. TO HAVE NEW SECRETARY, FORMER ONES BEING IN JAIL

Associated Press. CHICAGO, Ill., July 14.—The I. W. W. will have a new general secretary, treasurer, its chief executive officer, in August, so Peter Whitehead, general secretary of the I. W. W. reports at general headquarters here.

Whitehead did not stand for re-election at the recent I. W. W. convention. Three candidates for the office were nominated. Balloting will close around July 25, and the votes will be counted about the first of August.

George Hardy an Englishman, tried and convicted with W. D. Haywood before Judge Landis in 1918; John Grady, secretary of the Spokane district defense committee, and A. S. Embree, former secretary of the I. W. W. miners' union, are the men being balloted on. Hardy served his term of a year and has been out for some time.

Between 30 and 40 I. W. W.'s sent to Leavenworth at the same time are still there and efforts are being made to organize a blanket bond of \$50,000 for them. I. W. W. headquarters reports for them. I. W. W. headquarters reports for them. I. W. W. headquarters reports for them.

Scenes in a Union Station.

A side-splitting play, all fun and laughter, will be staged at the City Hall Friday evening, July 16, by local talent. 45 characters in cast under the direction of Miss Cora Harris. Benefit of Civic League. Admission 50 cents.

SUBSCRIPTION RATES. In City by Carrier—One week, 26c...

THE "THIRD DEGREE" The words, "third degree" sound, perhaps, to the honest American citizen, more repulsive than do any others in the vocabulary.

It is also repulsive to them because it is a method used by officers, those having power over prisoners, to extort from them a confession and there are hundreds of cases where such prisoner has admitted the commission of a crime of which he was innocent, doing so to stop torture which had become unendurable.

It is always a case of the strong dominating the weak, something to which the American citizen cannot subscribe.

Just now there is a case before the people of the state which is attracting much attention because of having occurred in the capital city, within the shadow of the state house.

A petition is being circulated for the recall of the mayor and commissioners of Austin. And why? Because a 16-year old boy was placed in jail and while there confined, the chief of police and the jailer allowed three men to enter the boy's cell and apply to

him the "third degree," in an effort to make him confess a crime which it is claimed he never committed.

So brutally was the boy treated that his life is despaired of and the punishment meted out to the chief of police and the jailer was a suspension for thirty days without pay.

To the credit of the citizens of Austin be it said, they could not accept this as reparation for the great wrong done the boy and they have risen up in their right as citizens and are demanding the recall of the mayor and the entire city commission.

If the heads of a city government are not capable of selecting for subordinate positions under their administration men who can conduct their work without resorting to the "third degree," they should be recalled and Austin, with the fine reputation it has always enjoyed as a city of the best citizenship and with the great institutions of learning, its many fine churches, its refinement, with the greatest touch of the old south of any city in the state, will certainly take such action as will be a guaranty against a repetition of the scenes enacted in the city jail when the 16-year old boy was abused and all decency outraged.

NOTICE TO FARMERS.

A wrong impression is said to have been created in the minds of the farmers of the county relative to the sale of their products in Cisco. They have been told, some of them at least, that it is necessary for them to procure a license to sell their commodities on the streets of the city. Others have been informed that they are not allowed to sell them from their wagons under any circumstances.

How such rumors start is always a mystery. They harm the people of the city and the farmer. The farmers have something to sell and the people in the city desire to purchase it. Referring to this subject at a recent meeting of the city com-

mission, the mayor said he wanted this wrong impression removed; that the farmers were invited to bring their products to the city and that they could sell anything they produced, any place in the city, at any time, without let or hindrance; that there was no license required of them in any case.

The merchants of the city appreciate the farmers' trade, are always striving to secure it and the people want the farmers' products. This is an agricultural country. The farmers are its mainstay. When the farmers fail the country and the city fail and when the farmers are prosperous then is the time of the greatest prosperity for those living in the towns and cities.

Cisco wants the farmers to bring their produce, all their commodities, to the city for sale and instead of anything being placed in their way, all possible to aid them will be done.

From Texas Exchanges

Not in Cisco. Here's a bit of constructive criticism that is applicable to most mayors and other city officials: "The best of them are so desirous of establishing a record for doing wrong that they seldom do anything right. They are watching holes in the pavement and measuring them in terms of the tax rate, instead of lifting their eyes and looking around for additions and improvements which will automatically reduce the tax rate and all the holes." A successful Baltimore banker said it last winter.—Brownwood Bulletin.

"Hath No Greater Love," Etc. Real courage that scouts pain was shown by the Chicago physician who cut twelve inches of skin from his own right leg with a sharp razor and as each strip was removed calmly grafted it on his wife's ankle to save her leg from amputation after a motor car accident. He took no anaesthetic, it is reported, and while his face showed he was suffering pain, he calmly consoled his wife by telling her it would soon be over and at the same time explained the grafting process to the hospital internes.—Fort Worth Record.

Can't Beat a Texan. The Texans were found to hop on the band wagon. During the entire convention they stuck to McAdoo voting their entire strength of forty votes to the former secretary of the treasury on every ballot, but when the nomination of the Ohioan became imminent they immediately organized a Cox parade and led the procession.—Wichita Falls Record-News.

Went Hunting Trouble. It is but natural that Mr. Bryan should not be entirely pleased with the work of the San Francisco convention. But he should remember that nobody invited him to go out there and start a scrap.—May Messenger.

Too Much Government. Too many boards. Too many bureaus. Too many commissions. Too many departments. Too many institutions. Who pays? "Jones, he pays the freight."—Waco Times-Herald.

It Beats Politics. Well, now, just keep your shirt on, and don't get excited too much about this political fracas, and ever keep it in mind, that we must have something to eat, clothes to wear, pay our grocery bills and save a portion for taxes, public charity and the preacher.—Albany News.

OIL FRAUDS.

The Federal Department of Justice has started a round-up of fraudulent oil companies. Fourteen indictments were brought the other day in New York and the allegations contained in them are illuminating. The oil companies themselves, their officers and salesmen and the brokers handling their certificates are charged with having made gross misrepresentations and using the mails to defraud. In all of the cases, it is alleged, there was very little of substantial property or possible production of oil to back their promises. In some, the stock seems to have been issued on a basis of pure imagination.

Purchasers of that sort of stock may be interested in learning that the shares in one company, sold to investors as a great bargain at \$2.25 a share in Chicago and \$3.00 a share in New York, cost the brokers 7 1/2 cents a share. One brokerage firm is charged with selling one million shares at more than one dollar a share, after paying 20 cents a share for it.

Such enterprises have cost the American people enormous sums during the last couple of years. The money thrown away in fraudulent stock investments last year alone has been estimated as high as half a billion dollars. Fortunately, the public of late is becoming a little more wary.

The patronizing of wildcat schemes like these not only results in loss to the duped investors, but deprives legitimate enterprises of the money they need, and throws suspicion on stock investment in general. It is particularly unfortunate that so many of the frauds have been perpetrated in the oil industry, for the result is to discredit all oil promotion at a time when the country sorely needs new oil development and increased production, and when there are doubtless many honest oil concerns at work.—Santa Rosa (Calif.) Press.

Tax Exemption For Liberty Bonds and Why Provision Made

International News Service. WASHINGTON, July 14.—The Treasury Department has explained the tax exemption limits on 4 and 4 1/4 per cent Liberty Bonds. The total possible exemptions from Federal income surtaxes and profits taxes is \$160,000.

The following summary of tax exemptions limits was given: Five thousand dollars in the aggregate of first and second 4s and 4 1/4s, third and fourth 4 1/4s, Treasury and war saving certificates.

Thirty thousand dollars of first and second 4 1/4s and fourth 4 1/4s until two years after expiration of war as fixed by Presidential proclamation.

Thirty thousand dollars in aggregate of first and second 4 1/4s, third and fourth 4 1/4s as to interest received after January 1, 1919, until five years after termination of war.

Forty-five thousand dollars in aggregate of first and second 4s and 4 1/4s and third 4 1/4s, as to interest received after January 1, 1918, until two years after termination of war; this exemption conditional upon original subscription to and holding on date of tax return of two-thirds as many bonds of the Fourth Liberty Loan.

Twenty thousand dollars in aggregate of first and second 4s and 4 1/4s, and third and fourth 4 1/4s as to interest received after January 1, 1919, conditional upon original subscription to and holding at date of tax return of one-third as many bonds of Victory Loan.

All Liberty Bonds and Victory notes are exempt in hands of foreign holders. Liberty 3 1/2s and Victory 3 2/4s are

ESSEX MOTOR CARS HUEY MOTOR CO.

exempt from Federal, State and local taxation except estate or inheritance taxes, and 4 and 4 1/4 per cent Victories are exempt from State, local and normal Federal income tax.

SAYS MOUNTAIN LION STEAK WORLD'S FINEST

International News Service. DENVER, July 14.—A healthy wallop at the high cost of food will be delivered, and the meat supply in the Rocky Mountain region materially increased if Dr. Walter H. Bailey's recent announcement is heeded.

Following a state-wide campaign to annihilate the predatory mountain lion that has been so destructive to domestic animals during the past winter, comes the epicurean advice of the physician that the flesh of the mountain lion makes the "finest eating in the world." Mountain lion steak, Dr. Bailey declares, is a feast fit for a king, and he also recommends muskrat and bobcat meat as highly palatable and nutritious.

The Rainbow Comedy of Life that shows old age mellowing with the blessed happiness of childhood. Judia Theatre today. 131

The largest industrial eating place in the world, capable of feeding 3100 people at one time, is operated at the West-ingham plant, in Pittsburgh.

**SLAUGHTER WAS THE WORD TELLING WHAT STRUCK THE EAGLES**

**By the Score of 13 to 4 Cisco Took the Last of the Series From Abilene, Making It Two Out of Three—Home Runs the Feature.**

John King, erstwhile center fielder of the Scouts, stepped into the Babe Ruth class for a couple of innings yesterday with two of the prettiest home runs ever peled out on the local field. In the first with one down and one on, John rapped out a terrible crack to right center field for a complete circuit. One inning later, with two down and three on, he duplicated the performance in a most satisfactory style. This gave Cisco a lead which the Eagles were never able to overcome, and which increased rapidly through the game, until a 13 to 4 victory was achieved.

Beard broke into the limelight with a home in the sixth with men on first and second.

Griesenbeck celebrated his return to the game with a single, a double and a triple in four trips to the plate. Gaines was relieved in the sixth after Beard's home run.

"Bugs" Young was chased from the park for the second time during the series.

**How the Scores Were Made.**

Medina singled to left. Young was safe when the ball was not fielded. Medina pulled a delayed steal to third. Kizzlar hit to right field, Johnson dropping the ball. Medina scored. Segrist hit through second base, scoring Young. Milan sacrificed Kizzlar and Segrist to second and third. Kizzlar was run down between second and third, and Segrist was out trying to make third on the play. Three hits, two runs, one error.

Beard struck out. Flagg singled to left, and stole the next station. With three and one on King, Gaines laid one down his alley, and what John did to it—Robinson can tell you. He retrieved it. When the dust settled, Flagg and King were both on the bench. Johnson was out, Gaines to Kizzlar. Thrash hit a hot one through short. Big Tim came up, receiving a big ovation. He went to first when Gaines hit him. Ernie was safe on fielder's choice, forcing Tim at second.

In the second inning, the Eagles went out in rapid order, Schaffer singling to left field and being left on first.

In our half, Chapman took first on four wide ones. Josh laid down a perfect bunt, sacrificing Chap to second. Beard doubled to center, and Flagg was safe on Medina's error. With the bases drunk, King hit one so far over Boggy's head that when the ball got back to the diamond everything was sober, except the grandstand. Johnson and Thrash popped to Gaines, ending his misery for that inning.

In the fifth Abilene scored one on White's double, and Segrist's single. King kept up his hitting with a single to center, but was doubled out when Johnson lined one to the pitcher. Thrash was safe on Medina's bad throw, and scored on Tim's three-ply blow to the right garden. Ernie was out, Medina to Kizzlar.

The sixth was the mean inning that broke Mr. Gaines' heart. In their half Beard made a wonderful one-handed catch of Boggy's drive. Robinson was out to Tim, unassisted. Thrash made a thrilling catch of Schaffer's foul, going to the left field fence for it.

Chapman and Billings both singled to right. Beard's home run to left center brought in three more scores. Gaines gave up the ghost, Kizzlar taking the mound, Boggy going to first and Harrell to center. Flagg walked. King sacrificed him to second. Johnson swung at three. Thrash doubled to center, scoring Flagg, and was brought home on Tim's third hit, a double down the third base line. Earnshaw was out, Segrist to Boggy.

Abilene's last counter, made in the seventh, was the result of hits by Kizzlar and Milan, and Segrist's free passage to first.

Cisco made one more in the eighth. Flagg singled, and King sacrificed him to second. Johnson was alive at first on Medina's error. Flagg scoring. Thrash forced Johnson at second. Tim flew out to left.

The score:

Abilene	AB	R	H	P	O	A	E
Medina, ss.	5	1	2	3	1	3	
Young, 3b.	1	1	1	0	0	0

**Eastland 7, Ranger 1.**

RANGER, July 14.—Two National League scouts, Jack Doyle of the Cubs and B. H. Chambers of the Reds, watched Eastland take a 7 to 1 game from Ranger Tuesday.

Cheves and Hudspeth duelled nicely until the eighth, when Cheves broke down.

Score by innings—

R	H	E				
Eastland	100	100	032—	7	7	2
Ranger	000	000	001—	1	5	4

Batteries: Cheves and Lewis; Hudspeth and Penn.

**Student Wins Pole Vault.**

Associated Press.

AUSTIN, July 14.—Theron H. Browne, University pole vaulter who cleared the bar at eleven feet nine inches and won preliminary Olympic tryouts at New Orleans, set the Southwestern Intercollegiate Conference record of twelve feet, according to university athletic authorities who declared Browne won the competition at New Orleans with only one week's training. He is expected to go to twelve feet nine inches in final tryouts for the Olympic team at New York, they assert.

Katherine MacDonald and Milton Sills in  
**"The Woman Thou Gavest Me"**  
Paramount-Artcraft Special  
**Wife in Name Only**  
Married! The record signed. The words at the altar spoken. The world informed that this man and this woman were one till their lives should end. And it was all a ghastly lie! He, a wastrel, traded his name for a wife, and money to spend on his paramour. She, a sweet and innocent girl, was sold like a slave to feed her father's lust for power. Sold to a man she loathed! Yet she was glowing with youth, thirsting for love and life. Then came the inevitable—another man, finer, nobler than any she had known. Was she wrong? See "The Woman Thou Gavest Me." See Hal Caine's startling romance of a woman's soul. As a novel, it stirred two continents and has been translated into every civilized tongue. As a picture, it is Hugh Ford's masterpiece of direction—a stupendous Paramount-Artcraft Special; pulsing with emotion; vivid with action; filled with sensational scenes in England, India, Africa and the Polar regions of the South. Played by a brilliant cast, including Katherine MacDonald, Theodore Roberts, Milton Sills, Fritz Brunette and Jack Holt. If you have read the book you'll surely see the picture. If you haven't read the book—you must see the picture. Come! COMING TOMORROW **DOUGLAS FAIRBANKS** IN **"DOWN TO EARTH"**

Proposition for An Advance In Cotton Rates Will Be Heard

Associated Press. AUSTIN, July 14.—The proposition of an advance in rates on cotton linters has been set for hearing on Tuesday, July 20, by the Texas railroad commission, an application of the Texas railroads.

Southwestern Roads Seek to Advance the Freight Rate on Coal

Special to The News. FORT WORTH, July 14.—Advances in coal freight rates from 25 cents to \$1.50 per ton from points in Oklahoma and Colorado to Texas, contemplated by interstate carriers, will be rigorously fought by all interests of West Texas and Fort Worth, according to Ed P. Byars, traffic manager of the West Texas Chamber of Commerce.

History of America's Cup Contenders Trying For It

Associated Press. NEW YORK, July 14.—The first race in 17 years for the America's cup will start Thursday off Sandy Hook, the contesting boats being the cup defender Resolute, and the challenger Sir Thomas S. Lipton's Shamrock IV. It may be interesting at this time both to yachtsmen and to a great many who are not acquainted with this form of sport to read a few facts in connection with this historic yachting trophy.

Notice to Voters. All voters who are to be absent from the county on July 24, primary election day will have the privilege of voting in Eastland at the county clerk's office, from July 15 to 21, inclusive.
