# CHS Homecoming Preparing For Albany Friday

Cisco High School at 4 p.m. on East 7th Street Homecoming activities were between Sears and Olney underway here this week in preparation for the bonfire and pep rally scheduled at 7:30 p.m. Thursday, October 10, at the Chesley Field park-

A downtown pep rally will be held Friday, October 11, Savings, followed by the homecoming football game between the Cisco High School Lobo varsity and the Albany Lions, at 7:30 p.m. in

Chesley Field. Homecoming Queen will be introduced at half-time of

students cast their ballots this week in the queen contest, but the winner's identity will not be revealed until the presentation ceremony, according to Principal Jim Puryear.

Seven high school girls have been nominated for the

the football game. CHS Homecoming Queen and they are as follows: Frances Chamness, Mary Ann Jaramillo, Vickilea Morton, Robin Ritchie, Tami Roberts, Kay Scott, and Sampty Sipe.

> In the Friday night football game, the CHS Loboes will be hosting the Lions of Albany in a District 11-AA contest. Cisco and Albany are both 2-3 for the season and 1-1 in district play. Cisco Head Coach Doyle Walker said the game films show Albany to be a "pretty good team" this year. In their game last week against Coleman, Albany held the Bluecats to 19 points until the

fourth quarter.

Coach Walker said the game films show Albany to be pretty well-balanced. He said they "don't do anything fancy. They just line up and run right at you, making three or four yards a run." Starting center for the Loboes, Dale Page, a junior, suffered a knee injury in last week's game against Ranger. Coach Walker said Page was to see a doctor early in the week, but there was a possibility he might be out for awhile.

Coach Walker stated that he was pleased with Cisco's defense in last week's game, which was won by Cisco 9-to-7, since they showed good improvement over their past games. He said both the offense and defense made some mistakes, but overall they showed an improvement.

In last week's game, the Cisco defense got a safety in the first quarter and the offense scored a touchdown in the third quarter. Ranger scored in the second quarter and led at half-time 7-to-2.

Cisco's Steve Abbott trapped Ranger quarterback Billy Grumbles in the end zone with 6:32 left in the first quarter to put the first points

on the scoreboard for either team. The safety gave the Loboes a 2-to-0 lead.

At the beginning of the second quarter, Ranger started a drive from their own 11-yard line. On the first play, QB Grumbles completed a pass to Rocky Massegee who carried it to Cisco's five-yard line before being tackled.

Three plays later, from the three-yard line, QB Grumbles hit Massegee again with a pass completion for the touchdown. The extra point kick by James Casey was good, giving Ranger a 7-to-2 half-time lead with 10:40 left in the first half.

In the second half of play, Cisco's Shelby Nixon recovered a Ranger fumble at the Bulldog's 27-yard line. Nine plays later, with the ball resting on Ranger's oneyard line, Cisco quarterback Shelby Nixon handed off to Kevin Kirk for the touchdown. The extra point kick by James Deadman the lead with 7:28 left in the third quarter.

Ranger threatened to score again in the third quarter after they recovered a Cisco fumble at the Loboes 39-yard line. Four plays later, with the ball on Cisco's 19-yard line, Cisco's Brian Wagnon intercepted a Bulldog pass to kill the drive.

Cisco had 109 yards rushing in the first half and 0 yards passing for a total of 109 yards. In the second half, they had 84 yards rushing and 14 yards passing for a total of 98 yards.

Ranger had 10 yards rushing and 110 yards passing for a first half total of 120 yards. In the second half, they had 44 yards rushing and 16 yards passing for a total of 60 yards.

Cisco's offense was led by Kevin Kirk with 20 carries for 103 yards. He was followed by Steve Abbott with 10 carries for 58 yards, Shelby Nixon with 14 carries for 32 yards, Brian Wagnon with 1 carry for 0 yards, and Ronnie Scheuren with 1 carry for 0 yards.

The Ranger offense was led by Andy Marusak with 12 carries for 42 yards. Other rushers were Bubba Davlin, 4 carries for 12 yards; Ruben Gomez, 1 carry for 5 yards; Bill Ford, 5 carries for 1 yard; Mario Avila, 4 carries (-1) yards; and Billy Grumbles, 10 carries for (-5)

In the quarterback battle, Cisco's Shelby Nixon completed 1 of 5 attempts for 14 yards, while Ranger's Billy Grumbles completed 6 of 17 attempts for 126 yards.

James Berry was Cisco's lone receiver with 1 reception for 14 yards. Rocky Massegee led the Bulldogs with 4 receptions for 110 yards. Other Bulldog receivers were Mario Avila,

The Cisco squad came through the Henderson game without injuries, the coach Costume Parade said.

"I can't say enough good things about our defense," Mr. Frazier said. "They held Henderson to less than 100 net yards on the ground and put up two goal line stands that would make any coaching staff proud."

The Wrangler offense moved the ball well, running up 252 yards on the ground and 146 in the air. Their opponents had 96 yards rushing and completed 19 of 51 passes for 261 yards.

Penalties continued to bother Cisco as they were flagged 14 times for 107 yards. Each team had four quarterback sacks. IF YOU WERE at the Cisco-Ranger football game Friday night in Ranger, you might have wondered about the penalty which gave Ranger a first down and only one yard needed for another on their first possession.

I asked Cisco Head Coach Doyle Walker about the call and he said both Cisco and Ranger had personal fouls called against them, making off-setting penalties. Since the fouls were dead ball fouls and it was Cisco's fourth down and the ball was going over to Ranger, the chains were set before the penalties

# DRIVE LIKE SCHOOL CHILDREN'S

HVES DEPEND ON TO HOMESTEAD "HINTS ... O Good Ideas from the Past by Donald J. Berg

Living Fence Posts From THE AMERICAN AGRICULTURIST, 1867

To make rail fences comparatively permanent, you must have self-supporting stakes, that is, stakes that will firmly support themselves, and also the weight of the fence and waters. To make a stake self-supporting, it must have roots to enable it to retain a firm hold of the earth. The willow, white, or yellow, is for this purpose about as near being "the right thing in the right place," as any tree we can find. It grows without trouble, and is a natural denizen of wet, marshy grounds; therefore it is well adapted for stakes through bottom lands. The stakes may be cut from three to ten feet in length, and from three inches to a foot in diameter. They may be set in holes made with a post auger. about two feet deep, firmly ramming the earth around them; or they may be pointed, and driven into the ground. In one season they will be well rooted, thrifty trees, well able to resist, and hold the fence against, the impetuosity of the rushing water.

The willow grows easily from cuttings, and when properly pruned, makes a beautiful tree. From its rapid growth it is rendered valuable as a shade tree for pasture lands. It grows almost as well on the hill top as in the valley, unless the former be very dry or rocky.

RANGER

The whole town is making preparations for a great "Roaring Ranger Days" celebration Oct. 12, with many things to see and do all around Main Street. The Lions Club invites you to start the day right with a Cowboy Cookout Breakfast beginning at 7 a.m. Tickets are on sale for \$3.50 and are available from any Lion. Menu will include eggs, bacon, pancakes, biscuits, coffee and juice, all prepared while you wait in the great outdoors. That ought to put you in the mood for a Parade at 10 a.m., and booths and entertainment for a whole day. Some of you may even make it to the dance ending the festivities.

Ranger General Hospital, along with others in Texas, is celebrating Medical Records Week Oct. 6-12. The Director of Medical Records for RGH is Debbie Dunson, ART. She is also serving as District V1-A Director for the Texas Medical Records Association. Nicki Miller assists in the Medical Records Department. The Hospital is holding an Open House on Wednesday, Oct. 9 from 9-12 with refreshments being served in the lobby. There will be a "guess the number of pages in the medical record" contest, with a prize to the winner. The public is invited to attend.

Lewis Tackett, owner and operator of the Ranger Fix-It Shop, 126 South Austin, has designed and is manufacturing the Mini-Lew Trailer. This is a 4x6 ft. trailer with a tail-gate that becomes a ramp when unlatched. Each trailer comes with tail lights, directional signals, license plate holders, safety chains and a hitch. The trailers can be special ordered, and are available in a rainbow of colors. One is now on display at the front entrance of the shop.

#### RISING STAR

Don't forget the 29th Annual Homecoming at the School on Saturday, Oct. 12. Activities will begin at 8 a.m. in the School, followed by an assembly and business meeting at 9 a.m. Guest Speaker will be Doyle Edmiston, a 1955 graduate of the school. Many activities will continue during the day, including the Ten Year Class Reunion of the graduating class of 1975. This will be held at the home of Mr. and Mrs. Frank Winchester immediately following the Pep Rally.

The Senior Class is planning a Halloween Carnival Oct. 26 at the school. The Senirs would appreciate any donations of toys and novelty items for this annual affair. Class Sponsors are Mrs. Byrd and Mr. Ford.

#### **EASTLAND**

The Eastland County Fair is reported as a huge success, with a large crowd in town for the whole day Oct. 5. The Parade was impressive, and many colorful booths circled the Square. The Eastland Music Study Club sold out all the gifts at their Silent Auction, and other booths did likewise. By 6 p.m. fiddle players were tuning up on the Courthouse lawn, artists were picking up the last of some beautiful paintings in the Courthouse lobby, and young folk dancers filled Commerce Street. Roy Thackerson entertained at the beginning

of the Fiddler's Contest, which brought out top-notch players. The Fair closed with a street dance to music by Roy Underwood and band.

The clipping service for the American Cancer Society has rated the Eastland County Newspapers NUMBER ONE, HIGHEST IN THE STATE, on the amount of publicity and information printed last year on this subject. There were a total of 829 pieces published by these newspapers. That makes the local newspaper volunteers in the fight against cancer too.

County Judge Scott Bailey has declared this week, Oct. 6-12, as Fire Prevention Week in Eastland County. The 1985 observance has the theme "Fire Drills Save Lives!" Suggestions are that everyone should sketch a floor plan and know two ways out of every room in the home. A fire drill should be conducted periodically, with details worked out to help it run smoothly.

#### CISCO

A number of things are underway concerning the old Hilton-Mobley Hotel. The building has been literally "gutted", and a concrete floor will be poured within a few days. After the floor cement sets, work will begin on framing for a new roof and walls. The Conrad N. Hilton Memorial Park and Community Center has been presented the original sign which stood atop the Mobley Hotel. It was outlined in lights and visible for several blocks. The sign was taken down several years ago and was acquired by the late George Fee as a souvenir. The sign was donated to the Mobley group by Mr. George Fee.

Mrs. Rebecca Walker of Cisco has been named as "Artist of the Month" for October, and her paintings are now on display at the bank. The collection includes seascapes, landscapes, and still life. Mrs. Walker and her husband, Emmett, lived in San Marcos and Houston for 20 years before moving to Cisco three years ago. The Walker paintings have been ex-

hibited in numerous places in the southwest, and some are in private collections in the U.S.A. and England. The public is invited to come to the First National Bank and view these beautiful paintings.

Members of the Cisco Service Club are working on plans for the Cisco Halloween Carnival which will be held at the High School Gym Oct. 26. Hours will be 6:30 to 9:00 a.m. A Costume Parade will be held in the Auditorium at 6 p.m., before the Carnival begins, There will also be a hay ride for children and adults during the evening. All area students and adults are encouraged to attend this annual Carnival.

The Annual Homecoming Fish Fry will be held by the Lions Club from 5 to 8 p.m. Friday, Oct. 11, as part of the program activities for the football game between Cisco and Albany High Schools. The fish Fry will be at the High School Cafeteria, and tickets (\$3.50 advance, \$4.00 at the door) are being sold by Lions Club members. They can also be obtained at The Cisco Press and Chamber of Commerce offices. Lion Ivan Webb is in charge of arrangements.

YOU AUTO **KNOW** 

Two seconds' distance between cars may not be enough to avoid accidents, a German study foundd. It takes as much as another 2/3 of a second or more to react when you're behind the wheel.

Never use leaded fuel in a car designed for unleaded fuel only. That's likely to ruin your catalytic converter.

If your auto air conditioner isn't putting out the cold you need, the problem's likely to be a refrigerant leak, most probably at fittings where lines are joined or where they meet another component.

Check tire pressure periodically. Too-low pressure increases rolling resistance, with two bad results: tread wear is increased, and gas milease is DEcreased.

It's smart to have windshield wiper blades changed every 6 to 12 months. Don't wait for streaks that interfere with vision.

**New-Used Cars** 

It's smart to choose a smooth-riding new (or late-model used) car at Jim Caldwell Motors, 314 W. Main, Eastland. Texas 76448. 629-2636. You'll get a good deal on a super car.

**Auto Repairs** 

It's smart to have your car serviced where the expert mechanics are: at Jim Caldwell Motors, 314 W. Main, Eastland, Texas 76448. 629-2636.

**Body Shops** 

It's smart to schedule auto body works with the experts at Jim Caldwell Motors, 314 W. Main, Eastland, Texas 76448. 629-2636. Just ask your insurance agent about our work.

**Good Thru October 25th** ACE IS THE PLACE FOR WHILE SUPPLIES LAST

You got it from your father, 'twas the best he had to give.

And right glady he bestowed it. It's your, the while you live.

You may lose the watch he gave you and another you may claim,

But remember, when you're tempted, to be careful of his name.

It was fair the day you got it, and a worthy name to bear.

When he took it from his father, there was no dishonor there.

Through the years he proudly wore it, to his father he was true.

And that name was clean and spotless when he passed it on to you.

Oh, there's much that he has given that he values not all all. He has watched you break your playthings in

the days when you were small. You have lost the knife he gave you and you've

scattered many a game, But you'll never hurt your father if you're

careful with his name. It is yours to wear forever, yours to wear the

while you live, Yours, perhaps, some distant morning,

another boy to give. And you'll smile as did your father - with a smile that all can share.

If a clean name and a good name you are giving him to wear.

AUSTIN-The Railroad Commission has allowed new gas rates for the customers of Lone Star Gas Co. in the unincorporated areas (environs) surrounding 39 Texas cities. FAIR DAY: re-play! There were no losers in the Easltand County's first-in-along-time downtown Fair Saturday. Not everybody won trophies and ribbons that should have, but it's a fact that everybody who

There was something for everyone all day long, and it's a shame that every entrant couldn't be named tops, because they were.

came and had fun, were win-

The parade was a classic with more interesting things to watch than ever before. It moved a little fast, and some of us had trouble keeping up with all the good entries. But never let it be said that there isn't something for everyone

in the parade. We're always glad to help bring the Six White Horses and the Cowboy Band to town. Everybody seems to enjoy them, and the young folks certainly enjoy coming to this county event. It's a fun day for them and they work hard to put on a good show. There are so many people who deserve thanks for a lot of hard work in making it happen. If we started naming workers, we'd run out of room in a minute.

Suffice it to say, that Cindy If you missed it, shame on Carlton certainly deserves a you. big thank you from all of us. She almost single-handily kept things moving in a swift and pleasing manner. Folks found out that they can have a lot of fun together doing their own thing.

And yes, we, like so many, ate too much from the food booths and naturally, we added some "can't do-without"

lection. (Even was able to pick up another Willie Butler original which we'll treasure).

And with our own offsprings off at school and unable to attend as much as they'd have like to, GayNell and I were free to spend the whole day helping host the visiting college kids and doing the

Entertainment was good all day: band concert, pageant, displays, fashion show, gospel singing, and pretty little girls by the zillions tumbling, dancing, strutting, and generally providing picture opportunities that should keep Kodak going for years.

And would you believe that we saw our first old-time fiddlers' contest from beginning to end - and enjoyed every minute of it. We were struck by the competitive, but inselfish bearing of the very talented musicians who came here. (We understand that we had the best in country.) To have Bryant Houston do "Listen to the Mocking Bird" on his magic fiddle one more time, and to hear all the fiddles team up to do Bob Wells' "Faded 'Love" was worth all the day's hard work and effort.

And for the first time, we got to hear one of our favorite people, R.D. (Robert, Bob) Weeks play his fiddle. We knew he played but hadn't heard him even though we've admired his decorating skills and him as a person for years. We don't know how fiddling's judged, but we'd have given him tops for his consistant control. And the color photograph the Reporter-News ran of him Sunday (from a Saturday contest in Abilene) is an absolute thing

The crowd was good. The facilities (sound, lights, stage, etc.) could have been better and maybe will be some day in a community center. An out-of-towner asked us where the rides were; and maybe in the future we need to think of more things for littlier folks.

And we understand (from the younger folks) that the late, late street dance was a booming success with a tremendous crowd.

## Fiddler's Contest Brings

### In Finest Players

"The finest players anywhere!"

This was the description of the musicians who performed in a two-hour Fiddler's Contest at the Eastland County Fair Saturday night. Around 400 people gathered on Commerce Street to watch eight players in two age divisions display their intricate tunes.

Chester Derrick of Odessa was name winner in the "Over 60" group, with

his 15 yr. old son, Shane, played off a sizzling tie to place first for the ather and second for Shane in the "Under 60" Division. Bonnie Workman, an LVN from Rule, came in third place.

The first place winners were awarded \$75, with seconds \$50 and \$25 for third place. Chester Derrick and the Keys had also been first place winners earlier in the day at the Mall of Abilene, with Championships in the Senior, Middle-age and Youth Divisions.

Ranger, Al Anderson of Cisco, Marvin Payne of Cisco, and Gale Wright of Gorman.

Master of Ceremonies for the Contest was Davis Jones of Stamford, who has been involved with this type of entertainment for a number of years. Viola Payne was Director, with Davine Jeffocat Assistant.

Roy Thackerson entertained just before the Contest, drawing the crowd right in with his amazing fiddling techniques. He gave a number of sweet-toned, fastpaced numbers, finishing with "Orange Blossom Special". Tim Webb of Carbon, Rose Webb of Strawn and Sharlett Webb Bailey sang appealing traditional numbers while Judges decided Contest winners.

Several fiddle players gave extra numbers beyond those required for the Contest. Bryant Houston, a legend among other artists, played "Listen to the Mockingbird", complete with all the trills and bird calls.

The audience, which consisted of persons of all ages, appeared captivated by the music. The players brought out various styles, but all received big rounds of applause.

Chester Derrick played his composition "Derrick's Breakdown", with driving energy. A great performer, he caught the imagination of the audience. "Green Valey Waltz" and "Sally Goodin" completed his offering.

R.D. Weeks of Eastland gave an effortless and lyrical performance of "Cripple Creek", "Over The Waves", and "Twinkle, Twinkle Little Star". A fine player with a violistic touch. Bryant Houston, who had come from a Nursing Home to perform gave his all-time favorites of "Lime Rock", "Grey Eagle" and "Kelly Waltz". Those first two

"Lime Rock" is probably one of the few native Eastland County (or West Texas, some say) fiddle tunes, and "Grey Eagle" is a monumental old Scottish

number. "Tom and Jerry" an old Irish piece, was splendidly done by W.D. Bailey of Gorman. Most of the other numbers in the Contest, including those of the younger players, also had ethnic roots in Ireland or the British Isles. Bonnie Workman and David Skains, age 18, had beautiful tones, and the Keys gave stirring performances.

It was interesting to note the reaction of the young people, who have grown up in an electronic age, to this acoustic music.

Some said: "I never heard anything this good in my life!" And other - "I didn't know a violin, or guitar either, could sound like

that!" But perhaps one of the other spectators best summed up the results of the Contest. "The audience was the big winner tonight," he said.

(Editor's Note: The following is a copy of a letter which was written to the Abilene Reporter-News following the Cisco-Ranger game football story printed in Saturday's edition of the Reporter-News. Cecil Deadman, who keeps statistics for all the Lobo varsity football games and makes them available to The Press for use in articles, gave us permission to reprint the letter in our newspaper.)

Dear Mr. Hart.

have meant to write before about what appears to be a decided bias on behalf of the REPORTER-NEWS against the Cisco Football program. I was a newcomer to Cisco two years ago when the team made it to the State Quarter-finals and I saw then as I see now an attitude that maligns the program. The article by Steve Katz in this morning's edition is all I can handle. It is to a large degree inaccurate and without question biased. I do not know when or why the folks at the REPORTER-NEWS got down on Cisco but I feel it is terribly unfair for the same old attitude to keep coming through.

I'm not sure who provided the statistics for the Cisco-Ranger game but they were inadequate and inaccurate. I am enclosing a copy of the final stats taken on the side line. This has been my job for the past two seasons. I am also enclosing the game work sheets so that perhaps you can see why I am complaining.

In reading the article in this morning's edition the impression is that Cisco played a dirty football game. It is unfortunate that a writer would choose to draw this conclusion from an obviously emotional and distraught Ranger player who had just finished his poorest performance of the season. It is much easier to lay blame than to give credit. The fact is that Cisco had one of their finest defensive showings of the year.

If there was any "LA Raider" play the shoe was on the opposite foot. Ranger was flagged six times! Of those six only one was a procedure call. Three were clipping calls which ultimately resulted in Cisco trapping Grumbles for a Safety. They

#### Three Arrested For Burglary Here Last Week ing the past few days. They

Three men were arrested in burglary cases and three were taken in custody on drug related charges by Cisco police during the past week, Chief Billy Rains reported Friday.

At 11:15 p.m. Thursday, Police Sergeant Larry Jernigan and Officer Risa Livingston arrested three men traveling west on I-20 after being notified by County Dispatch that they were suspected of driving while intoxicated.

Arrested near Cisco were Timothy Darrow, 31, of Plano, who was charged with driving with a suspended license and possession of marjuana and drug paraphernalia. In the car with him and also placed in custody were Norman Sloan, 22, of Farmers Branch and Billy G. Gram, 33, of Irving, who were charged with possession of drug parapher-

The three men were placed in the county jail and their car was impounded.

Edward Lee Chriesman, Jr., 31, was arrested Wednesday by Officers Jernigan and Livingston and charged with the theft of a lawnmower and rotary tiller from Henry Schaefer here last July 29th. He was in the county jail and his bond was set at \$10,000 by R.G. Lyerla, Eastland Justice of the Peace.

Arrested Thursday by Officer R.D. Kirkland was Carroll Perry, 18, of Cisco on charges of burglary in a White Auto Store breakin here last July 29th. Cameron Light, 19, also of Cisco, was arrested in the same case

earlier in the week. Chief Rains said bonds for the two men were set at \$15,000 by the Eastland JP. Charges were filed by District Attorney Emory Walton.

MR. DOUG FRY's coffee drinking buddies had a lot more respect for the Cisco city judge Monday when they learned that he was the chief judge of the old fiddler's contest over at the county fair in Eastland last Saturday.

"What do you know about music?" one man inquired.

Doug explained that he didn't know a single note of music but that he has been a fiddle player for mnay, many years. As a young fellow, he played for country dances throughout the region. and he was a judge at the Cisco Folk Life Festival fiddler's contest last spring. Assisting Doug at

Eastland were Pam Jackson, local music teacher, and Mrs. Viola Payne, Cisco violinist.

Judges of the Eastland Fiddle Contest were as good as the judges at an old fiddler's contest over in Abilene earlier. The same two men who won first and second place at Abilene came on to Cisco and placed first and second in the same order.

LAST SATURDAY night was a good evening for football with cool, crisp still air and our CJC Wranglers did a fine job of winning their 5th game in five starts at Chesley Field. And the Wrangler Band and Belles staged an outstanding halftime show... The pre-game invocation was given by Mr. Gary Adams of the Church of Christ Bible Chair at CJC... Rev. Buddy Sipe was at the public address mike to describe the game. What is more, he gave periodic reports on the several Southwest Conference football games being played over the state at the same time... Jackie Williams of the CJC maintenance staff runs the scoreboard of the college games.

COACH DAN Montgomery's CJC basketball team was one of a dozen junior and senior college teams invited over at H-SU in Abilene last Friday and Saturday for a scrimmage program. It wasn't a real tournament bu the various teams engaged in controlled scrimmages. Coach Montgomery was well pleased with the showing of his new team... Mrs. Wm. E. Austin and Mrs. Steve Austin went to Big D last Friday to buy furniture for Austin's Furniture Co. of our town... Mr. and Mrs. Jim Sitton and daughters of Longview visited home folks here last weekend.

GUESS YOU could say it's moving time for the David Callarmans. The Callarmans moved their household, including three children, two dogs and two cats, from Front Street to Country Club Ridge overlooking Lake Cisco golf course last weekend. They purchased the home in which Mr. and Mrs. Wallace Johnston lived for some ten years before moving to Oak

Apartments in town. This coming weekend, the David Callarman Insurance Agency will move from 707 Hilton Avenue across the street to the old First National Bank Building - now the First National Indemnity Company Building at 708 Hilton Avenue. In the new location, the Callarman agency will have the quarters formerly used by the bank president. They'll use the same entrance as Joe Cooper CPA and others in the building.

And in a couple of weeks, the English Department where Mrs. Callarman works at CJC will be moving across the campus to new quarters.

YOU MAY HAVE seen the nice spread with their pictures in the Abilene newspaper the other day about the group of folks who are putting together a special book of poetry for the Texas Sesquicentennial next year. The group includes Dr. Ken Hammes, head of the English Department at CJC. You'll be hearing more about the book... The bus brought Mr. Jim Graham home to Cisco from Houston late Sunday night. He rode down to visit son Randy and family for a few days while his wife was attending a gathering over in East Texas. And riding the bus home was an experience to remember, he reports. He got home in time to see the last quarter of the Cowboy-Giant football game.

THE ED Bradshaws of Cisco were travel trailering over in Virginia and the Carolinas while Hurricane Gloria was threatening that country recently. But, he told us, they watched the weather reports and stayed west of the storm paths.

The Bradshaws spent a week or so around Washington, D.C., seeing the capitol city with all of its sights. And they're glad to be back home, he added.

SUPERINTENDENT Ray Saunders and Principals Jim Puryear and Bob Lindsey of the Cisco Public Schools attended an "in-service" workshop for administrators of this region in Eastland

Monday. In fact, they'll be going there once a week for some time for the workshops which were organized to comply with HB-72 regulations... Visiting in town the other day, Mrs. Anna Brazell of Desdemona reports that she and Husband George are busy as ever. "Just because we retired from teaching jobs at CJC doesn't mean we're idle," she said. "We seem to be as busy as we

ever were."

MANAGER BOB Bennie of the Cisco Country Club golf course has planted the No. 6 green in rye in preparation for winter play. The green was ruined by some kind of blight that necessitated the replanting. Bob still has Armadillo problems... Mr. Stanley Sharpe, Houston oil man, visited home folks last weekend... Our scouts report that Bill Wright and Rick Whatley of Cisco and Bill Hoffman, Jr., of Eastland enjoyed an Elk Hunt out Mertzon way last weekend... The CJC Band and Belles and the CHS cheerleaders were in the Eastland Fair Parade last

SOME TIME AGO Mrs. Joe Wheatley of Cisco had an attractive quilt made from silk scraps on display. She has been making quilts for a firm in New York City that send her the scraps, as you probably remember from reading an article in The Press about it.

Saturday.

The October issue of Vogue Magazine, a national publication, has an article with pictures about a ladies coat made from the Wheatley quilts. And the coat carries a \$3,095 price

#### Three Fined For Possession In City Court

Three men from the Dallas area who were arrested by Cisco Police on I-20 on Thursday, Oct. 3, were fined \$119 each in city corporation court on charges of possession of drug paraphernalia, according to reports at the city hall Monday.

Timothy Lee Darrow, 31, of Plano, driver of the car, was charged with possession of marijuana, driving with a suspended license and possession of drug paraphernalia, was still in the county jail Tuesday. He was fined \$119 in city court and the other two charges were filed by the district attorney.

Billy Gran, 32, Irving, and Norman Sloan, 22, Farmers Branch, charged only with possession of drug paraphernalia, were fined \$119 in city court. Sloan paid his fine and was released. Gran was still in the county jail Tuesday.

Their car was stopped after motorists notified authorities that the driver apparently was drunk. The county dispatch radioed Cisco police who stopped the car and made the arrest.

Cisco police arrested two men Saturday night in separate wife beating cases. Each paid a \$210 fine in city court after appearing before Judge Douglas Fry Monday.
