## Cisco to Be Host to Legionnaires of 17th District

### CONVENTION TO BE HELD SAT., SUNDAY

Cisco will entertain several hundred ex-service men Saturday and Sunday when the convention of the 17th district of the department of Texas is held here. The Cisco convention is significant in that officers for the ensuing year will be elected at the business session to be held Sunday afternoon at 2:30 on the roof garden of the Laguna hotel.

Coincident with the Legion meeting the district Auxiliary will hold a business session in the club dining room of the hotel at the same hour.

Five hundred or more visitors are expected to register for the session. With the local post of the Legion taking the leadership and merchants of the city cooperating, a generous welcome has been prepared for the visitors.

**Trades Day.** Merchants of the city are sponsoring a trades day to be held Saturday, the opening day of the session.

Special bargains, announced in advertising broadcast over the Cisco area and in today's issue of the Daily News and American and Round-up, will be offered. A special entertainment feature will be presented in the form of a daring wire-walking exhibition by Bunny Dryden who is to perform twice Saturday and once Sunday afternoon on a fault wire stretched over D avenue.

Streets of the city have been decorated by the Oil Belt Decorating company.

The first day of the convention will be devoted principally to entertainment. Registration begins at 10 a. m. at the hotel. At 1 p. m. there will be golf and fishing at the Country club and at Lake Cisco. A donkey polo game, between teams from Ranger and Gorman, will begin at 2 o'clock at the Cisco ball park. This amusing attraction is somewhat of a novelty and has been widely advertised.

The championship of the oil belt is at stake. At 6 p. m. the Legion will entertain its guests with a smoker at the Legion hut and at 9 o'clock there will be a dance on the Laguna roof garden.

**Sunday's Program.** Sunday's program will begin with golf at 9 a. m. at the Country club. At 9:30 there will be a band concert at the hotel. In addition to the Cisco Lobo band, two visiting bands and two drum and bugle corps are expected to be here for the convention.

At 10:30 church assembly will be called and at 11 there will be a special service at the First Presbyterian church.

At 12:30 p. m. lunch will be served on the roof garden to be followed by a business meeting at 2 o'clock. Speakers on this program will include: Address of welcome, by W. H. LaRoque with response by visiting Legionnaire; Carl B. Nesbit, state commander of the Legion; A. C. Williamson, of Sweetwater, and V. Earl Earp, former state commander and now assistant attorney-general of Texas. Distinguished visitors to be introduced include Reed Johnson, manager of the Dallas office of the Veterans' Bureau; Roy A. Webb, Pampa, commander of the fifth division of Texas; Dr. W. M. Dickens, of Greenville, commander of the first division; Miller Ainsworth, Tellico, commander of the fourth division, and Van Perkins, of Cameron.

M. J. Benefield, 17th district committeeman, will preside. The session will be opened with a prayer by the Rev. Mr. Harris, of Stamford. Officers will be elected at this meeting.

The Auxiliary business meeting program, also beginning at 2 o'clock, will be:

**Auxiliary Program.** Prayer, Sing, "America," by assembly. Pledge to flag. Welcome address, by Mrs. Crigler Paschall, president of the Cisco auxiliary. Response, Mrs. P. C. Maddox, of Whiners, assistant district chairman. Address on child welfare, Mrs. J. W. Strapp, professor of education at Daniel Baker College, Brownwood. Brief address, Mrs. E. H. Roach, Taylor, state president. Introduction of other guests. Unit reports. Report of the district chairman, Mrs. M. J. Benefield, Brady. Unit awards.

### "Red" Mural Drew Wrath

Here is the mural which brought the censure of the Rockefellerers down upon Diego Rivera, noted Mexican painter, and caused his dismissal from

his scaffold in the giant RCA Building in Rockefeller Center, New York. Rivera refused to alter the fresco which depicts Lenin joining hands of a soldier, white and Negro worker.

## CRAZED BOMB WELDER SLAIN BY OKLAHOMA CITY OFFICERS

### Gas Rate Hearing to Be Resumed May 29

FORT WORTH, May 18. — The fight of Texas cities for lower gas rates will near an end here May 29 when the Texas railroad commission meets in what may be the last session of its inquiry into the fairness of gas rates charged by the Lone Star Gas company.

While attorneys for the utility and state studied volumes of testimony, the United States supreme court unexpectedly announced a decision that may have far-reaching consequences for the householder who burns gas in his home next winter.

The high court approved the California railroad commission's ruling which cut \$30,000,000 from the Los Angeles Gas and Electric corporation's rate base.

The rate base reductions ordered by the California commission and those sought by the Texas commission are strikingly similar.

The California commission cut off charges of \$9,228,677 for "going concern value" of development of business; \$2,500,000 for promoters' remuneration; and \$5,921,470 for financing by a holding company.

In an effort to secure lower gas rates for the bricklayer and banker, and all other consumers, Texas seeks to prove the Lone Star's rate base should be reduced \$7,499,077 for "going concern," \$4,496,935 for preliminary organization and development (promotion), and approximately \$3,000,000 for financing and management charges by the Lone Star Gas corporation, the parent concern.

Attorney for the Utility will cross-examine state witnesses when the railroad commission resumes the inquiry here May 29.

### Cluck to Address Desdemona Seniors

Supt. R. N. Cluck of Cisco will deliver the commencement address at Desdemona high school tonight, according to an announcement. He was selected by members of the senior class some time ago, it was learned.

Supt. Cluck has announced that his address will be on "The Highway of Life."

### 13 Summoned to Reforestation Army

Lawrence Westbrook, chairman of the Texas Relief commission, has notified J. E. Spencer, chairman of the Eastland county committee, to report 13 applicants for President Roosevelt's reforestation army to Fort Worth immediately. Applicants will be required to present themselves at area headquarters in Fort Worth by noon tomorrow. Selection of appointments is being done this afternoon.

## TWO RANGERS CAPTURED BY BANDITS, FREE

ALPINE, May 18.—Protected by Mexican authorities, C. L. Hannold and John Rollins, American ranchers seized by bandits, were en route today from Ocampo to Boquillas, a border town, according to advices received here.

The Americans were captured by C. Baiza, bandit leader, when they rode into Mexico May 9 in search of horses which were stolen from their Hannold ranch in the Big Bend of Texas.

The bandit leader delivered the ranchers to Mexican authorities at Ocampo.

Feeling had been running high in the Big Bend country as a result of the kidnapping.

American ranchers had threatened to organize a posse and ride into Mexico in an attempt to release the prisoners if nothing was heard from the captives by tonight.

## EXHIBIT TO BE SHOWN AGAIN THIS WEEK-END

The Cisco school exhibit which was on display at the old Statham Drug company building last weekend, has been held over until Saturday by request, according to Supt. R. N. Cluck this morning. The building will be open Friday afternoon and all day Saturday until 10 o'clock Saturday night, he said. Admission is free and the school authorities urge everyone who can possibly do so to attend.

Holding the exhibit over for another week will offer another free attraction in connection with the American Legion convention and the trades day program on Saturday at the same time giving more people an opportunity to see what the Cisco schools are doing, Supt. Cluck said.

The school exhibit last week was in connection with the Information Day program, which was given in order to acquaint the patrons with the purposes and the work of the Cisco schools and to create feeling of mutual cooperation. More than 1,000 registered at the exhibit entrance and many more, including all school children who saw it, made the inspection tour of the building without registering.

The exhibit includes results of the work that actually takes place daily in the school system, and is grouped by grades rather than by rooms. The high school display is by departments. Much of the practical side of education is stressed in the exhibit.

The parent-visitors day program, another phase of Information Day last Friday, brought out 625 visitors. Of this number more than 575 were adults interested in the work of the school.

"It was the most successful day of the kind in the Cisco schools in three years," Supt. Cluck said.

The Eastland teachers were invited to visit the exhibit.

### Piano and Reading Numbers for Rotary

The Cisco Rotary club was entertained today noon by Miss Betty Lou Powell and Miss Martha Jo Pass. Miss Pass presented two piano numbers and Miss Powell two readings. Their numbers were appreciatively received by the club.

Both of the young women, Miss Pass, who is 11 years of age, and Miss Powell, who is 10, appeared in long dresses for the program.

In the absence of President J. J. Collins, who has been attending a convention in Corpus Christi this week, Vice-president E. H. Varnell presided.

## WEATHER

West Texas—Generally fair tonight and Friday.  
East Texas—Partly cloudy tonight and Friday.

## Local Post Is True To Ideals of Legion

By FRANK LANGSTON.

"One hundred per cent Americanism has been the prime objective of the American Legion since its founding in Paris during the world war," according to Crigler Paschall, former commander of the John William Butts post here. As the Legion has grown, it has cooperated with civic organizations throughout the country to promote good government and carry out the ideals for which its members served in the great war.

The aims of the Legion are expressed in the preamble of its constitution:

"For God and country, we associate ourselves together for the following purposes: To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred per cent Americanism; to preserve the memories and incidents of our association in the great war; to inculcate a sense of individual obligation to the community, state and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness."

Chooses Objectives. Each Legion post chooses the objectives it will work toward during the year to carry out the general aims of the organization, Paschall said. At the same time, he said, every post has as one of its objectives giving assistance to disabled veterans, aiding the families of such men and those who lost their lives in the war, and providing for the education of ex-service men's children who would not otherwise have an equal opportunity in life.

"We may blame it on the war," Paschall went on. "There are a great many men who are restless and who wander over the country, broken in mind, in body, and almost every other way, often taking their families with them. Many of them are looking for a government hospital that is not already full. They go to one and hear that there is another one somewhere that has some vacancies, and start for it. The regular charitable organizations don't touch these cases, because they consider them transients, and maybe they are. But they did their duty in the war, and when one of them comes to us, we always give him what assistance he needs, food, clothes, money, or gasoline, and help him get on a little farther."

Cooperation. The local post has cooperated with other city organizations to help promote good government and a sense of patriotism in Cisco, Paschall said. It has aided in education by cooperating with the schools to teach the proper respect to the flag and the nation for which it stands. In this connection, he mentioned that the Legion has presented American flags to each school in the Cisco trade territory and each year has sponsored essay contests on patriotic subjects.

Shortly after the organization of the local post conditions in Cisco were deplorable with the oil boom and the aftermath of the war. There were many fires and other elements undesirable in a progressive city. With such a situation facing the town, Paschall said, the young American Legion post began cooperating with the city government and aided it in freeing Cisco of the bad conditions and in cleaning up the town generally.

Each year since then it has helped in whatever way appeared best. This year it sponsored a drive for payment of school taxes in order that the schools of the city might not be embarrassed for lack of funds. It also organized the American Legion Novelty orchestra and promoted a campaign to bring trade to Cisco by taking the orchestra to communities in the trade territory and presenting programs. The orchestra is still active and plays for American Legion functions.

Owens Hunt. The Legion post here owns a hut built of native stone and fully equipped with clubroom furnishings. Each member of the Legion carries his own keys to the building and the gate and may enter at any time and take his friends with him, the only requirement being that he may not lend his key to anyone outside the local organization. The local post also has its arsenal at the Legion

## "42" Tournament This Evening

"42" and "84" tournament, for the benefit of the Cisco Eastern Star chapter, will be held this evening beginning at 8 o'clock on the roof garden of the Laguna hotel. Although tickets for the tournament are on sale the admission price may be paid at the door by those who have not procured the tickets, it was announced.

The proceeds of the tournament will be used to pay dues of members who have been unable to meet the assessments this year. Use of the roof garden for the tournament was donated by Manager Don Burger of the hotel.

Organized in 1920. The local John William Butts post number 123 was organized in 1920 with Dean Sherry as commander. It had a charter membership of 100, of which only 16 now live in Cisco.

The Cisco post has been a thriving organization ever since its first days, never losing its standing with the national organization. It now has approximately 100 members, although at one time during the boom days it had some 300 enrolled. At present W. C. McDaniel is post commander and E. L. Smith is adjutant.

The Legion organization is patterned somewhat after that of the government. It is divided into districts, each with its district committee who represents the various posts in the state administration. At the state conventions, though, the various posts vote by membership.

This district is composed of approximately the same territory as the seventeenth congressional district, and includes Brady, Mineral Wells, Lampasas, Brownwood, Sweetwater, Coleman, Moran, Albany, Throckmorton, Breckenridge, Graham, Cisco, Eastland and Ranger. The district committeeman is M. J. Benefield, of Brady.

The Legion expects to have 500 ex-service men here for the convention Saturday and Sunday of this week, besides their families. The town has already been decorated in preparation for the meet.

There will be at least four bands and two drum and bugle corps here, it was announced. These will include the official state Legion band from Sweetwater, the Lone Star band of Ranger, the Albany high school band, the Lobo band, and the drum and bugle corps from Mineral Wells and Brownwood. Although arrangements have not yet been thoroughly worked out, the officials hope to have a massed band concert some time during the convention.

Director G. W. Collum of the Cisco Lobo band will have charge of the bands, it was announced.

## EASTLAND IS DEFENDANT IN BOND ACTION

ABILENE, May 18.—The city of Eastland is named defendant in an action on file in federal court here today and brought by the Security Benefit association, a bond holding corporation of Kansas.

The plaintiff names \$3,000 as the amount of controversy exclusive of interest and costs. The sum is for bonds issued by the city.

The Kansas company sets forth in its complaint that the city of Eastland has issued bonds totalling more than \$1,000,000 now in the hands of many persons.

K. K. Kinnard, mayor of Eastland, Guy Parker, as secretary-treasurer, and the First National bank, of Eastland, are named in the suit. Judge James C. Wilson signed a federal court order requiring all persons claiming to have an interest in or to have any part of the monies on hand in the interest and sinking fund of Eastland to file claims before August 15. The Eastland sinking fund is reported to aggregate \$20,000.

BOISE, Idaho, May 18.—Trapping deadly desert rattlesnakes is lots of fun, according to Jack Seetin and Jimmy Moncar, Boise youths. They bagged eight big fellows during a recent afternoon. The boys used a forked stick, placing the fork over the snake's head and then seizing it and tossing it in a basket.

## 'RIDER' GIVEN APPROVAL BY SENATE TODAY

AUSTIN, May 18.— Betting on horse races in Texas was given final legislative sanction today when the senate adopted a conference report on the departmental appropriation bill carrying a "rider" for that purpose.

The vote was 19 to 9 with one pair. The bill now goes to the governor for signature.

Earlier the senate had voted 18 to 11 against ordering the "rider" stricken from the conference report on the appropriation bill.

The house adopted the report late yesterday 80 to 41.

The test vote in the senate today indicated its final passage.

The vote came on a motion to table a move by Sen. George Purl, Dallas, to reject the conference report and appoint a new conference instructed specifically to strike out the horse racing feature.

Among those who voted to table Purl's motion was Senator Martin, of Hillsboro.

Among the senators against tabling were Senators Woodruff, of Decatur, and Collier, of Eastland.

## COUNTY RELIEF OFFICER WILL BE APPOINTED

Written applications for a county relief officer to be appointed by the Eastland County RFC Relief committee with the approval of the Texas Relief commission, will be received by County Chairman J. E. Spencer, Cisco, or W. E. Tyler, Rising Star, secretary-treasurer of the county committee, it was announced today. These applications must be in the hands of either of these two officers by Monday noon, May 22, Mr. Spencer, who made the announcement, said.

His statement said: "The Eastland County Relief committee has been requested to elect, subject to the approval of the Texas Relief commission, a county relief officer to serve Eastland county, who will work with and under the direction of the county relief committee.

"The duties of a county relief officer, according to our understanding, are chiefly the general supervision of the relief activities of the various relief committees of the county, of which there are seven in number, to wit: Cisco, Ranger, Eastland, Rising Star, Gorman and Desdemona; to direct and assist the committees in administering relief in accordance with the purpose and spirit of the law providing relief funds; to assist the secretaries and other committee officers in preparing and furnishing to the county paying officer proper reports concerning the expenditure of funds, number of families and individuals aided, etc., and such other services as may be required and found necessary in properly and effectively administering relief to the destitute and deserving families of the county.

"His activities will be subject only to the orders of the Texas Relief commission and the county committees. Full time of the officer elected will be required to be devoted to the work; car transportation over the county to be furnished by himself, for which reasonable compensation will be allowed, as well as reasonable compensation for the service rendered. Qualifications and fitness for this important position will be the points considered by the committee in making their selection and recommendation to the Texas Relief commission. Written application only will be considered by the committee and without personal interview which applications should be filed with J. E. Spencer, county chairman, Cisco, Texas, or W. E. Tyler, county secretary-treasurer, Rising Star, Texas, on or by noon, Monday, May 22, 1933.

## Stabilization Plan Is Operators' Goal

TULSA, May 18.—Development of a definite program for stabilizing the oil industry backed by both independent and major operators was the goal of the country's petroleum leaders today as they attended the opening session of the American Petroleum Institute mid-year meeting. Warned by the committee on refinery statistics that there would be a 2.5 per cent decrease in the demand for crude oil during the six months ending September 30, the oil men were agreed that the huge flood of crude would have to be curtailed.

Total crude oil demand during that time will be 431,020,000 barrels daily, it was estimated. Production should be held 100,000 barrels under this figure, the committee recommended, to allow for storage withdrawals.

## HEARINGS FOR FIVE SUSPECTS NEXT MONDAY

LOS ANGELES, May 18.— Wanted in Texas as suspects in bank robberies, five men arrested here last week will be given preliminary hearings in Long Beach municipal court next Monday.

The men, Wanda Stewart, 27; George Cecil, 27; Edward Scaedel, 29; Budd Fletcher, 30, and Raymond Gregg, 29, have been specifically charged with robbing stores in Glendale and Inglewood.

They also assertedly have been identified in connection with robberies in Long Beach, and holdups in three other towns.

The quintet has been identified by Dallas, Texas, police as participants in packing house robbery in that city last February. Extradition proceedings have been postponed, however, pending outcome of the charges here.

## RANGERS PLAN TO QUESTION INQUIRY

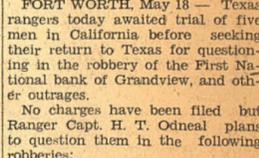

FORT WORTH, May 18.— Texas rangers today awaited trial of five men in California before seeking their return to Texas for questioning in the robbery of the First National bank of Grandview, and other outrages.

No charges have been filed but Ranger Capt. H. T. O'Neal plans to question them in the following robberies:

The Grandview bank, March 6; a bank at Knox City, March 30; the Farmers and Merchants bank, of Priddy, March 31; and in the hold-up here of two railway postal clerks who lost six sacks of registered mail.

Loot obtained in the bank robberies approximated \$28,000. The robbers' methods in each were similar. A gun abandoned by robbers at Priddy was similar to one stolen at Long Beach.

### CISCO INVITES YOU.

Cisco will entertain several hundred veterans of the American intervention in the World war Saturday and Sunday of this week, as those of you who read the news columns of this issue of the Daily News may see. Through the local post of the American Legion, with the help of the chamber of commerce and the merchants and citizens in general, Cisco will endeavor to perform the functions of a model host during those two days. The welcome prepared for the Legion boys, however, is not exclusive. The invitation is as broad as it is generous. Frankly enough, there is a selfish motive behind this, a motive selfish to the extent that Cisco would like to make itself popular and prosperous. It is wise enough to realize that the only prosperity that is worth being selfish about is a prosperity that is unselfish in its mutual benefits. Shoppers who visit the city during Saturday, coincident with the opening of the Legion convention, will be able to interpret that reasoning in the offerings of Cisco merchants.

Incidental attractions have been arranged, it is true, but the prime reality awaiting visitors to Cisco is the fact that Cisco is the mighty good town to come to. Some of us, here in Cisco, do not realize that fact until we are forced to leave. The species of nostalgia afflicting those who are counted as former Ciscoans is ample evidence of this.

Cisco invites you as its guest Saturday.

### SALES TAX KNOCKED OUT!

A three per cent sales tax enacted by the democratic legislature of Illinois and signed by democratic Gov. Henry Horner, has been rejected as unconstitutional by the supreme court of the commonwealth.

It creates a very awkward situation for the democratic administration, as the ruling prevents the Horner government from going ahead with its program of raising an estimated \$60,000,000 a year for unemployment relief and school funds by taxes on retail sales.

Anton J. Cermak, the victim of an assassin's bullet while mayor of the city of Chicago, backed the sales tax proposal to the limit. There are thousands of school teachers in the city of Chicago, and the county of Cook and taxpayers owe these teachers millions of dollars.

Now an appeal will be taken to the supreme court of the United States and that court will say the last word as to sales taxes on retail sales.

### HEAVY PENALTIES FOR "HOT OIL" RUNNERS.

Lawmakers should be credited, or rather praised, when they enacted good bills, and they should be doubly praised when they slaughter bad bills that work harm to the people and to economic interests of the people.

The American world at large has heard or read a lot about "hot oil" runners and gasoline tax evaders. The Texas senate enacted the house bill to strengthen the enforcement of oil proration by subjecting persistent violators to prison sentences. The vote was overwhelming. Then the bill was sent back to the house for concurrence in minor senate amendments.

There is a double row of shark teeth in the statute. It would make the violation of proration a misdemeanor, punishable by heavy fine or jail sentence. Subsequent offenses on the part of the same individual or individuals would be felony, punishable by prison sentence from two to four years.

## BEHIND THE SCENES IN WASHINGTON WITH RODNEY DUTCHER

BY RODNEY DUTCHER

NEA Service Writer

WASHINGTON—After the war the question was often asked: "Well, what won't women be doing next?"

The answer, as given by the 1930 census, is that the situation thus far remains unchanged.

Women hold a larger share of the jobs in 1930 than in 1920, an analysis by the federal Women's Bureau shows. There were 2,202,000 more of them at work.

But in all that 10 years they hadn't crept in on any of the pursuits previously held exclusively by men. They even gave up a few in post-war days. There were only 23 occupations not followed by any woman the census takers could find in 1920, and there were 30 of them in 1930. These are some of the jobs no woman has ever held in so far as the government knows:

Bollemaker, puddler, structural ironworker, brakeman, locomotive engineer or fireman, railroad conductor, fireman in a fire department, soldier, sailor or marine. Nor in 1930 were there any women working as bus conductors, hostlers or stable hands, baggage men or railroad yardmen—though some had such jobs 10 years before.

Somewhere in the country, however, are 188 women lumbermen, raftsmen and woodchoppers, 606 mine operatives, eight blacksmiths, seven brick masons, 1456 paper-hangers, three plasterers, 3083 blast furnace and steel mill workers, 17 motormen, 289 switchmen and flagmen, 1129 mail carriers, 13,603 postmistresses as compared with 20,818 postmasters, 274 sheriffs, 62 marshals and constables, 19,290 actresses as compared with only

18,703 actors, 37 bootblacks, 57 cemetery keepers, 87 hunters, trappers and guides, and 1940 undertakers.

Here are some more facts and figures about working women as of April, 1930:

There were 38,000,000 men gainfully occupied and 10,750,000 women, which means only 354 men to every 100 women instead of 387 10 years previously.

The male population over 16 years old increased by 18 per cent, while the females increased by 20 1/2 per cent. Working women gained 25 per cent in numbers while working men gained only 15 per cent.

Twenty-two per cent of women over 10 years were working. The larger groups included 1,634,000 servants—800,000 more than in 1920, 1,458,000 factory operatives, 854,000 school teachers, 775,000 stenographers and typists, 706,000 saleswomen and clerks in stores, 707,000 other clerks, 646,000 farm laborers, 466,000 bookkeepers and cashiers, 356,000 home laundresses, 288,000 trained nurses, 262,000 farmers, 236,000 housekeepers, 235,000 telephone operators and 232,000 waitresses.

The number of employed girls between 10 and 15 years dropped 40 per cent.

Women outnumbered men in the clothing industries, silk mills, knitting mills, cigar and tobacco factories and candy factories.

Men gained in territory once held by women as compositors, linotype operators, textile operatives, musicians and music teachers. But women increased their rate of invasion as college preceptors and professors, real estate agents, automobile factory workers, telegraph operators, barbers, hairdressers and manicurists.

### THAT SETTLES IT!

There has been a strenuous demand for the enactment of the statute. It has been boldly charged by personages who should know that "hot oil" runners and evaders of the gasoline tax are taking from the state treasury \$4,000,000 a year. The schools need the money. Highway construction needs the money. Idle labor needs jobs. And the people who pay the taxes are entitled to some relief.

### Employment Bill Is Challenge to States And Communities to Aid Their Citizens

By HUGH NUGENT FITZGERALD

Onward in the channel, deep and wide, sails the ship of state. President Roosevelt signed the \$500,000,000 unemployment relief bill. What did he say in his explanatory note: "The bill in effect is a challenge to governors, legislatures, and local officials to stimulate their own efforts to provide for their own citizens in need. I want to make it very clear to citizens in every community that the bill does not absolve states and local communities of their responsibility to see that the necessities of life are assured their citizens who are in destitute circumstances. . . . The giving of life's necessities by the government should lead to the giving of generous contributions to community chests and welfare organizations throughout the country. . . . First obligation is on the locality. If it is absolutely clear that the locality has done its utmost but that more must be done then the state must do its utmost only then can the federal government add its contribution to those of a locality and a state." Texas lawmakers accepted the challenge. Both branches of the legislature voted to submit a proposed \$20,000,000 bond issue for unemployment relief purposes to the electorate Aug. 26. In its construction the amendment made certain provisions. First, that no tax ever should be levied against real or personal property to retire the bonds. Under the constitution as it exists a state bond issue cannot be ordered. In the coming month of August the qualified voters of Texas have it in their power, through the agency of a free ballot to adopt or reject the relief bond issue proposal calling for the issuance (if necessary) of \$20,000,000 relief funds.

son is expected to give the plan a more thorough test.

#### A Warning to Borrowers.

He warned cotton growers that they have a carry-over more than twice the carry-over of the earlier periods; that if acreage of the next few years ranges between 35,000,000 and 45,000,000, as it has for the past few years, an annual crop of 13 to 15 million bales may be expected; that less than 13 million bales of American cotton has been consumed annually in recent years and even with the increase in consumption which may be expected with reviving trade, it is possible that an average crop of more than 13,000,000 bales might perpetuate the present carryover or even increase it. A

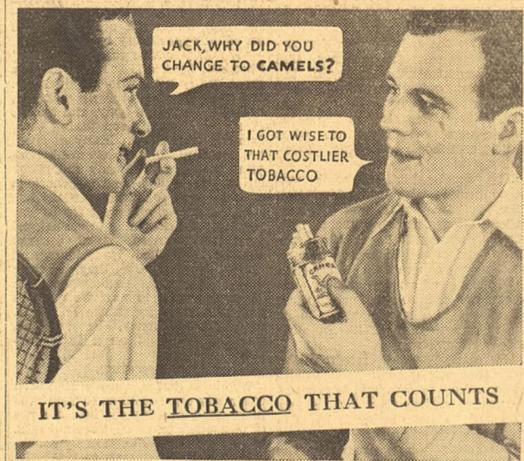

brighter side of the price picture, he admitted, was presented by the fact that stocks of cotton goods from the mill to the retailer are materially reduced, and the increase in consumption of cotton might be phenomenally great coincident with a business revival. In conclusion, the vice president of the co-ops declared for the revaluation of the dollar to reduce its gold content. All of which is a reminder that a bumper crop of cotton this year may play havoc with price levels.

### Skiles Heads Little Theater at Baylor

WACO, May 18 — Elwin Skiles of Cisco who has been quite active in dramatic work in Baylor university, the past year has been elected president of the Baylor Little theatre for next year. Skiles is likewise active in the work of the Baptist Student union which heads all the religious activities of the campus.

Young Skiles is the son of Mr. and Mrs. Asa Skiles of Cisco.

Daily News and American and Roundup want ads are a good investment—Phone 80

"Where America Drinks Its Way to Health"

### Through the Editor's Spectacles

By GEORGE

If you want a mid-winter chill on the hottest day in the calendar just contrive to run upon a thick, sleazy water-moccasin in a mess of dripping weeds. I did that yesterday, Golly! For two minutes what back bone I have was as limp as a rag. The gooseflesh prickled all over me and every nerve in my body snivered and hummed like high tension wires.

That snake was going places and he had expected to meet up with me no blunder than I had expected to blunder into his affairs. I have marvelled ever since what providential instinct arrested my foot just as I was bringing it down within two inches of his slim, pointed head. There's a hint of the significance of the sub-conscious mind. Some warning shot into my thoughts: "Don't put it down! Don't put it down!" I hadn't seen the creature, but of a sudden there I was, one foot hanging in air like a Rube Goldberg comic, and staring down at that snake who was staring up at me, and we both stared at each other.

Well, sir, I snuck back, one foot after the other, as cautiously as if I were treading on glass while that snake lay there as motionless as plaster. I picked up a couple of rocks and fired them at the up-lifted, listening head and it didn't move. But when I reached for another the head curved down and nosed under the weeds and the thick, polished body flowed after it as smoothly as you pour cake batter from a mixing bowl. He had concluded it wasn't healthy there and I was mighty glad he thought so.

The Cisco Garden club and the Cisco Lions club will dedicate Fiesta park this evening at 8 o'clock in a ceremony in the park itself. The ceremony will include the dedication of a marker established there to keep green a recognition of the civic-spiritiveness which created the park. The two organizations are to be praised for this splendid contribution to Cisco's community values.

Decoration of the business streets for the convention of the American Legion here Saturday and Sunday is almost complete. The decoration is being done by James Haynie, proprietor of the Oil Belt Decorating company.

This is a Cisco concern. It is one of the most popular decorating agencies in West Texas. Haynie tells me he is booked solid for practically all summer. Another indication of returning prosperity. Decorations, like "glad rags" suffer in hard times. They are among the first things to be restored when people get to feeling better.

## CISCO DAILY NEWS

DESDEMONA

The W. M. U. of the Baptist church met at the parsonage Thursday afternoon with Mrs. Z. C. Chambless as hostess assisted by Mrs. Ellis Rouse and Miss Bonnie Wayne Daniel. The following program in anticipation of Mother's Day was well rendered. The opening prayer was offered by Mrs. Clarence Jones, after which all joined in singing "When the Saints Go Marching In" Rev. Chambless then read the scripture lesson and gave the exposition of it. Mrs. Chambless then read a paper on Mother's Day and Mrs. R. N. Watts read a poem suited to the subject. Mrs. Ellis Rouse and Miss Bonnie Wayne Daniels then sang a duet "Mother and Home." "A Tribute to Mother" was given by Mrs. Mattie Henry and Mrs. Clarence Jones talked on "My Mother." Closing prayer was offered by Mrs. R. N. Watts. The hostess and her assistants served delicious refreshments to quite a large number of members and visitors.

A very profitable and interesting meeting of the P. T. A. was held at the High school auditorium Monday afternoon when Mrs. Reynolds of Ranger conducted a school of instruction for the officers and members of the organization. Mrs. Robert Weir the retiring president and Mrs. Mattie Henry the incoming president are both enthusiastic and capable leaders and it is safe to predict that the coming year's work of the P. T. A. will be as successful as the past one has been.

The monthly family party was held Friday night at the club house of the Wednesday Afternoon club. Games of Bridge formed the main entertainment. Hostesses for the party were Mrs. Aaron Henslee and Miss Dorace Roe. Pink and green formed the color scheme which was carried out in the decorations pink and green vases and pink roses, tallies and favors of pink and green confections. Refreshments of cheese-nut sandwiches, potato chips ice-tea, pineapple Bavarian, ice cream and angel food cake were served to the following members and visitors: Mr. and Mrs. Joe Merrill and son, Joe, Jr., Mr. and Mrs. Plummer Ashburn, Mr. and Mrs. Charlie Richardson, Mr. and Mrs. W. H. Davis, Mr. and Mrs. John Mendenhall, Mr. and Mrs. Obed Henslee, Barbara Henslee, Mr. and Mrs. Aaron Henslee, Mr. and Mrs. Hugh Roe, Misses Dorace Roe, Bernice Roe, Orpha Wilson, Jimmie Elaine, Nora Robert, Mrs. Mattie Henry, and Messrs. Otto Koutz and Weldon Rushing.

Mr. and Mrs. W. M. Ford and daughter, Oleta of Mt. Vernon, Texas, arrived Thursday and are visiting her mother, Mrs. S. E. Browning and family.

Mr. and Mrs. A. T. Wilhite and children left Friday for their home at Pecos after visiting relatives here the past week.

Born—On Monday, 2:30 a. m. May 15, 1933 to Mr. and Mrs. Roy Kenneth Ashburn a 10 pound son who will bear the name of Kenneth after his father.

Mr. and Mrs. R. F. Middleton, of Gidon and their daughter, Mrs. Fete Eastman and baby of San Antonio, spent Monday with his sister, Mrs. Z. L. Howell and family.

Mrs. Bill McKain and little son Billy left Sunday for Kilgore to make their home as Mr. McKain is working there. They were taken to Ranger by her brother, Guy Bruce and took the train from there.

Rev. and Mrs. Z. L. Howell and daughter, Lois, Mrs. W. E. Barron and Mrs. W. R. McGowan went to Rising Star Tuesday to attend the meeting of the District Methodist churches. William Howell, son of Rev. and Mrs. Howell was to meet them there and to be licensed to preach by the conference. He is just finishing his course at S. M. U. at Dallas.

Mrs. D. E. Hoover entertained very delightfully Wednesday afternoon in honor of the 8th birthday of her son, Calvin. After games were played, home made strawberry ice-cream and cake were served to the following: Billy Joe Mathis, Ralph Lindley, Earl Parks, Billy Jack Barron, Paul Stanley, Arnold, Robert Abel, Charles Richardson, Revele Daniels, Gaynell Parks, Iris June Reid, Marjorie Brown, Lois Moore, Anita Ashburn, Wanda Berylle Weir, Chastene Lindley, Uarda Maltby Cleveland Jean Bratton, Bobbie Jean Lane Peggy Jean Gallagher.

Mr. and Mrs. J. W. Griffin and daughter, May spent the weekend at Blinnwood with their daughter Mrs. Thas Ice and family.

Mr. and Mrs. Charlie Richardson drove down to Comanche Monday to take her mother, Mrs. J. N. Bowen to her home.

Mr. and Mrs. Plummer Ashburn

Mr. and Mrs. E. G. Hines, Mr. and Mrs. O. D. Hines and baby of Mineral Wells were guests in the Yates home during the weekend.

Mr. and Mrs. Roscoe Abbott went fishing Tuesday morning. They reported a nice catch.

Mrs. G. Pollard spent Saturday with her sister Mrs. B. B. Gregory of Cisco.

Almis Fannin visited in the Walters home Tuesday evening.

Mrs. F. O. Schafer spent Friday afternoon with Mrs. Fannin.

Mr. and Mrs. Van Swinson spent the weekend with her mother, Mrs. L. B. Reeves of Cisco.

Mr. and Mrs. Roscoe Abbott visited Mr. and Mrs. Jim Dillon Saturday evening.

Bert McRealth and daughter Clara Fay were business visitors in Cisco Tuesday morning.

Mrs. Yates was a school visitor Tuesday morning.

Our school closes Friday the program begins at 10 a. m. Basket picnic at noon singing and ball games in afternoon. Everybody come out and show your interest in the school and community affairs.

Sunday school Sunday at 10 o'clock, singing at 2:30 o'clock.

Everybody is delighted over the fine rain of last Sunday.

Mr. and Mrs. J. A. Trigg, and daughter, Anna Belle, have just returned from a visit with relatives near Slaton.

Mr. and Mrs. Grady Harrelson and son, Jo Edgar of Bisbee, Arizona, were the guests of Mr. and Mrs. A. E. Harrelson, the past week. Mr. Harrelson has leased a farm

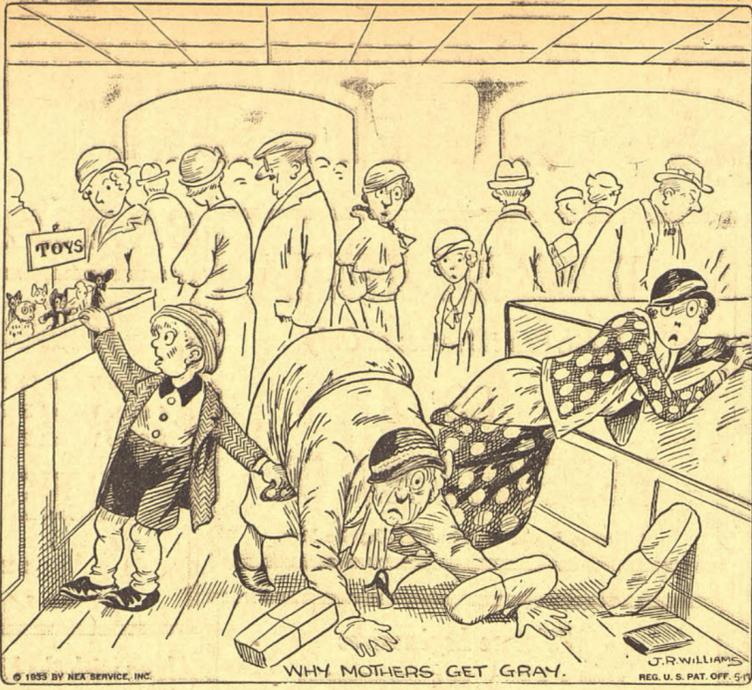

near Rising Star, where he expects to grow a crop this year.

J. E. Stanch, T. L. and Roy Lasater were among those who went to Eastland Monday.

Mrs. Minnie Hill, and son, Bennie have moved to their home near Cisco since the closing of our school. We miss them greatly.

Mrs. W. N. Compton is confined to her bed suffering from an attack of rheumatism.

OUT OUR WAY

WHY MOTHERS GET GRAY.

went over to Gorman Monday and Mr. Ashburn had his back treated at the Blackwell sanitarium. He had been injured a few days before while working on a well on the Anderson tract.

Mrs. Barnes of Burk Burnett is visiting her daughter and son-in-law, Mr. and Mrs. Ralph Ludwick and their infant son who was born on May 1st.

The following seniors presented the play "Jimmy Be Careful" at the high school Saturday night to an appreciative crowd; Edna Parks, Nell Robert, Latrell McGuire, Ruth Crenshaw, Bartene Moore, Travis Hilliard, Raymond Stark, W. E. Moore and Hazel Sparkman.

On Sunday morning at the high school the Baccalaureate sermon was preached by Rev. Phillips, pastor of the Baptist church at DeLeon.

The service opened with the procession with Mrs. D. E. Hoover at the piano. The choir then sang "Living For Jesus," followed by the invocation after which Rev. Phillips delivered an impressive sermon taking as his subject "The Making of a Life" "Holy, Holy, Holy" was sung by the choir and Rev. Phillips pronounced the benediction. While here the visiting preacher was guest of Mr. and Mrs. J. H. Rushing and their son, Weldon.

In our report last week of the funeral of T. N. Prater we failed to mention that the sermon was delivered by his life-long friend, Rev. Wells, pastor of the Lamesa Baptist church. While here Rev. Wells visited his grandson, J. H. Rushing, Jr., Mrs. Grace Bray, mother of Mr. Rushing was also here to attend Mr. Prater's funeral and to visit her son and family. We did not get the name of all who came from other towns but will mention the following: Chas. Rushing and family, Gerry Grace and family, Mr. and Mrs. Mrs. Robert Parmer, Mrs. S. K. Shuler and Mrs. Bobbie Terry all of Stephenville, Millard Rushing and family, Abilene, Joel Herrington and family, Lorenzo, Mr. and Mrs. Walter Thorton, and son Grady of Haskell, Mr. and Mrs. Grady O'Reer and Tinkle O'Rear of Lorenzo, Judge Clyde Garrett, Mr. and Mrs. Ernest Wood, Mr. and Mrs. Jonathon Jones of Eastland, Mr. and Mrs. C. E. May of Ranger, Mr. and Mrs. Jack Blackwell of Ranger, Mr. and Mrs. E. Dabney of DeLeon, and Mrs. Minnie McCain who recently returned from Yuma, Arizona to live in DeLeon.

The community was entertained with a lunch at the Cottonwood school house Friday. After lunch a program was given by the school pupils.

Fayten Parmer is spending a few days with Mr. and Mrs. Van Parmer and family.

Mrs. Rube Callaway, Mrs. Van Parmer and Oleta Huestis spent Monday with Mr. and Mrs. I. J. Pence.

Miss Oleta Boatman spent Saturday and Sunday night with Miss Florine Yeager.

Mrs. R. J. Calloway is spending a few days with her parents, Mr. and Mrs. Van Parmer.

Mrs. I. J. Pence spent a few hours with Mrs. Jessie Hitchings Friday afternoon.

Lavada Pence spent a few days with Miss Ila Parmer and Oleta Huestis.

Recent visitors to our community were: Mrs. Hoyt Brown and daughter, Lonita of Leander, Texas; Mr. and Mrs. Granville Black, Austin; Mr. and Mrs. Chester Brown and Mrs. R. S. Walker of Winchell, Texas; Miss Christine Cunningham, Cross Plains, Mrs. Key of San Antonio.

R. A. Balderee and family have moved to the farm of Paul Mitchell.

Mrs. W. N. Black, and family visited her uncle, Jim Brown, at Sabanao last Saturday. Mr. Brown has been very ill.

The Rev. Mr. Williams, traveling educational extension director for the M. E. Church lectured at the local M. E. church last Tuesday night, May 9th.

Big rains fell here Saturday, Sunday and Monday. There was no church service Sunday.

Rev. Claude Rughian, of Putnam, will preach at the school building Saturday night and Sunday morning at 11 o'clock. All are invited.

Mr. and Mrs. Robert Douglas, Paul McCulloch and Dick Avery spent the week-end with Mr. and Mrs. R. C. Speegle and family at Dothan.

Brice Starr was the Saturday night guest of the Abbott boys.

Alfred Parks was the Monday dinner guest of Walter King.

Mr. and Mrs. Jinks Dugan are the proud parents of a fine boy. Mother and baby doing fine.

Doll Perdue and family spent Saturday night with A. H. Perdue and family.

Grandfather Perdue of Cisco spent Wednesday and Thursday night with Doll Perdue and family.

Mr. and Mrs. Bron Hunginton are visiting Mr. and Mrs. L. M. Barron.

Miss Ina Green returned home Saturday from California.

J. L. King and Mary Edna motored to Cisco last Tuesday.

Mr. Allen and Mrs. H. W. Perdue and Carrie Bell, spent Monday in the Doll Perdue home.

SCRANTON

Greetings to American Readers. We had three inches of rain here last Sunday which will be beneficial to crop growing.

June planted cotton may be as good as last year when some of it produced almost a bale per acre.

Farmers seem to have more confidence than was manifested a year ago. A disposition to help themselves is more evident this year.

Farmers are straightening up faces, feeling and fences and are going ahead with faith in the future. There is still a little money left in rural districts as was evidenced here recently when our people paid nearly 50 dollars to see, "Three Nights in a Bar Room," presented by our high school graduating class.

This class consisted of the following eleven persons: O. C. Brown, Haddosah Boland, Howard Jackson, Gordon Abbott, Elsie Deal, Lucile Stancell, Willie Gee Compton, Cecil McBeth, Clifton Barron Pauline and Henry Pittman.

The baccalaureate sermon was preached by the Rev. Graves Darby of Cross Plains, Rev. C. A. Smith of Cisco addressed the graduation class and J. D. Pittman president of our school board presented the diplomas.

Prof. Joe Burnam and wife of Simmons university were weekend visitors in the home of W. E. Paires.

Prof. Burnam was reared at Scranton and has been a member of Simmons faculty for more than twenty years. Mrs. Burnam, formerly Miss Opah Jobe was born and reared near Scranton and is a prominent leader in religious educational work in Abilene. The Burnams were accompanied to Scranton by Rev. E. U. Scott of Abilene, who filled his regular appointment as pastor of the Scranton Baptist church.

Recent visitors to our community were: Mrs. Hoyt Brown and daughter, Lonita of Leander, Texas; Mr. and Mrs. Granville Black, Austin; Mr. and Mrs. Chester Brown and Mrs. R. S. Walker of Winchell, Texas; Miss Christine Cunningham, Cross Plains, Mrs. Key of San Antonio.

R. A. Balderee and family have moved to the farm of Paul Mitchell.

Mrs. W. N. Black, and family visited her uncle, Jim Brown, at Sabanao last Saturday. Mr. Brown has been very ill.

The Rev. Mr. Williams, traveling educational extension director for the M. E. Church lectured at the local M. E. church last Tuesday night, May 9th.

Big rains fell here Saturday, Sunday and Monday. There was no church service Sunday.

Rev. Claude Rughian, of Putnam, will preach at the school building Saturday night and Sunday morning at 11 o'clock. All are invited.

Mr. and Mrs. Robert Douglas, Paul McCulloch and Dick Avery spent the week-end with Mr. and Mrs. R. C. Speegle and family at Dothan.

Brice Starr was the Saturday night guest of the Abbott boys.

Alfred Parks was the Monday dinner guest of Walter King.

Mr. and Mrs. Jinks Dugan are the proud parents of a fine boy. Mother and baby doing fine.

Doll Perdue and family spent Saturday night with A. H. Perdue and family.

Grandfather Perdue of Cisco spent Wednesday and Thursday night with Doll Perdue and family.

Mr. and Mrs. Bron Hunginton are visiting Mr. and Mrs. L. M. Barron.

Miss Ina Green returned home Saturday from California.

J. L. King and Mary Edna motored to Cisco last Tuesday.

Mr. Allen and Mrs. H. W. Perdue and Carrie Bell, spent Monday in the Doll Perdue home.

Mrs. J. R. Poplin spent Monday afternoon with Mrs. L. M. Barron.

Lena Luttrell spent Sunday with her sister, Mrs. Bob Blackwell,

Mrs. Emma Brown, of Stamps, Ark., is visiting her son, G. A. Brown and family.

Cleatus Munn, has recovered completely from the measles.

Miss Alma Townsend and Mr. and Leonard Chambles of Cook were among the crowd at the B. Y. P. U. social Saturday night.

Several from this community attended the closing exercises of the Cook school Friday night.

T. L. Lasater, Jr., went to Pleasant Hill Tuesday afternoon.

The B. Y. P. U. social, Saturday night was attended by a good sized crowd every one present seemed to enjoy the occasion very much especially the ice cream and cake.

COTTONWOOD

The community was entertained with a lunch at the Cottonwood school house Friday. After lunch a program was given by the school pupils.

Fayten Parmer is spending a few days with Mr. and Mrs. Van Parmer and family.

Mrs. Rube Callaway, Mrs. Van Parmer and Oleta Huestis spent Monday with Mr. and Mrs. I. J. Pence.

Miss Oleta Boatman spent Saturday and Sunday night with Miss Florine Yeager.

Mrs. R. J. Calloway is spending a few days with her parents, Mr. and Mrs. Van Parmer.

Mrs. I. J. Pence spent a few hours with Mrs. Jessie Hitchings Friday afternoon.

Lavada Pence spent a few days with Miss Ila Parmer and Oleta Huestis.

Recent visitors to our community were: Mrs. Hoyt Brown and daughter, Lonita of Leander, Texas; Mr. and Mrs. Granville Black, Austin; Mr. and Mrs. Chester Brown and Mrs. R. S. Walker of Winchell, Texas; Miss Christine Cunningham, Cross Plains, Mrs. Key of San Antonio.

R. A. Balderee and family have moved to the farm of Paul Mitchell.

Mrs. W. N. Black, and family visited her uncle, Jim Brown, at Sabanao last Saturday. Mr. Brown has been very ill.

The B. Y. P. U. social, Saturday night was attended by a good sized crowd every one present seemed to enjoy the occasion very much especially the ice cream and cake.

Henry Ford Dearborn, Mich.

May 15, 1933

Time and again I am told—by my own organization and by others—that I penalize myself by quality.

Friendly critics protest our putting into the Ford V-8 what they call "twenty-year steel." They say such quality is not necessary; the public does not expect it; and that the public does not know the difference anyway.

But I know the difference.

I know that the car a man sees is not the car he drives—he drives the car which the engineer sees. The car which is seen, comprises beauty of design, color and attractive accessories,—all desirable, of course. The best evidence that we think so is that they are all found on the Ford V-8.

But these are not the car. The car proper, which is the basis of all the rest, is the type of engine and its reliability; the structure of chassis and body, ruggedly durable; the long thought and experiment given to safety factors; the steady development of comfort, convenience and economy. These make the car.

A car can be built that will last two or three years. But we have never built one. We want the basic material of our car to be as dependable the day it is discarded as the day it is bought. Ford cars built 15 years ago are still on the road. It costs more to build a durable car—but two items we do not skimp are cost and conscience. A great many things could "get by"—the public would never know the difference. But we would know.

The new Ford V-8 is a car that I endorse without any hesitancy. I know what is in it. I trust our whole thirty years' reputation with it. It is even better than our previous V-8. It is larger, more rugged and mechanically a better job all round.

I readily say this in an advertisement because I know the car will back it up.

Henry Ford

The modern kitchen is an ALL-GAS kitchen

AUTOMATIC GAS SERVANTS

Is your kitchen missing the new gas inventions?

The modern gas range has a new control in broiling steak, for instance. The porcelain broiler g-l-i-d-e-s, and adjusts automatically by lever.

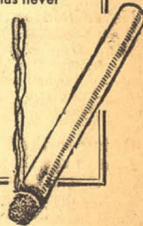

Inspect the new improvements in automatic gas Water Heaters, for thrifty operation... they turn out steaming water for 14 morning shaves on a penny's worth of gas.

Investigate! Inspect these improved gas appliances, priced to fit your own budget.

How little does your gas service cost?

The price of a cigarette will buy enough gas service to cook a good dinner for three people.

This spotless heat has never been high-priced. It has STAYED LOW ever since we piped the first natural gas to your home.

TO HUSBANDS:

She sets the dial for the CORRECT heat to bake your blackberry pie, if she has a modern Gas Range. No guesswork; no burning. Is your kitchen up-to-the-minute with an automatic Gas Range? If not, invite your wife to go shopping with you. Show her the new insulated models that keep the heat out of the kitchen.

Then buy one for her!

ANSWERS

BARNEY OLDFIELD was the first to travel over a MILE A MINUTE in an automobile. The monster shown is a PTERODACTYL. Abstemious means SPARINGLY USED, WITH TEMPERANCE OR MODERATION.

RUPTURE

SHOULD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Laguna Hotel, Cisco, Friday only, May 19, from 9 a. m. to 5 p. m.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increase the circulation, strengthens the weakened parts, thereby closes the opening in ten days on the average case, regardless of heavy lifting, straining of any portion the body may assume no matter the size or location. A nationally known scientific method. No under strains or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge or fit them if desired. Add 6605 N. TALMAN AVE., CHICAGO.

For 15 years assistant to F. H. Seeley, famous rupture expert of Chicago.—Adv.

### NO DOUBT

The consumer thinks that the prices on feed stuffs have advanced enormously. We agree with him, but we believe that they are going even higher. Eggs in our opinion are too cheap and we believe we will soon see 25c eggs. That being the case would it be a good investment to buy a month's supply now and save the advance.

We have just unloaded a car of fresh feeds and can give you some good prices. Bran and shorts are out of reason, but other feeds are very reasonable. Our mashers are made daily and kept fresh. A good advantage to feed fresh feeds, keeps the chicks healthy, saving you considerable trouble and expense for poultry medicines. We deliver all orders over \$1.50. All feeds will be cash on delivery. We think you for your patronage and hope we can continue to serve you. Our feeds are guaranteed to please or money refunded.

We invite you to watch us mix our feeds.

### EXTENSION OF POLL TAX IS ASKED BY GOV.

AUSTIN, May 18. — Gov. Miriam A. Ferguson Monday requested the Texas legislature to permit persons who have not paid poll taxes to vote in 1933 elections on payment of registration fees.

With her message she submitted a bill providing permission to vote on payment of \$1.75 registration fee by July 25.

A similar measure, written by Rep. W. E. Pope, of Corpus Christi, has failed three times to obtain the necessary vote for its introduction.

### Plane Carried French Protest

PARIS, May 18.—An unusual "ultimatum" was sent to the chamber of deputies by airplane recently from 3,000 colonists of Tunisia, who asked revision of French tariff barriers.

The protest against excessive protectionism asked for relief from measures which "make it almost impossible for us to make a living" and contained startling revolutionary threats.

The colonists declared the measures of protection taken in France make impossible the sale of Tunisian products and produce in the French market and charged they were being discriminated against.

The major farm products of Tunisia are wheat, wine and grapes, olives and olive oil. These are so highly protected in France, the colonists allege that they are faced with the loss of their chief natural market.

### DUDE RANCH OUTLOOK LIVINGSTON, Mont., May 18

Depression tired city residents will seek rest and recreation in great numbers at western dude ranches this year, according to preliminary reservations and orders received by ranch proprietors.

Al H. Croonquist secretary of the Dude Ranchers' association, said trade indications had encouraged many ranchers to spend thousands of dollars improving their establishments for the coming season.

Sen. Walter Woodul at once wired Washington that the governor had signed the measure so that the information would be available at a meeting of the Reconstruction Finance corporation when it was expected, continued federal aid for Texas would be ordered.

Federal relief funds have been withheld by the RFC for May and June pending legislative action on the resolution.

Col. Lawrence Westbrook, state relief director, told the United Press he now anticipates an early release of RFC funds for Texas.

Sen. Walter Woodul at once wired Washington that the governor had signed the measure so that the information would be available at a meeting of the Reconstruction Finance corporation when it was expected, continued federal aid for Texas would be ordered.

Federal relief funds have been withheld by the RFC for May and June pending legislative action on the resolution.

### The Week in News

News events selected from the columns of issues of The Daily News during the past week appear on this page.

### Say Beer Better Drink Than Coffee

FORT WORTH, May 18.—Beer of the 3.2 variety is a better beverage any day than coffee in the opinion of at least two physicians who attended the state medical convention here.

Coffee-drinking and over-eating will do more harm to this nation than drinking 3.2 beer, even to excess, declared Dr. W. D. Russ, a surgeon, and former president of the state medical association.

Dr. C. C. Cody, Houston, gives a bottle of 3.2 brew the tonic properties of a dose of bitters. Dr. Russ believes it may become "Depression's tonic."

"If 3.2 beer can do anything to make people adopt a more cheerful and happy attitude, and give them some freedom from the domination of fanatics—who believe that the world is merely a place in which to suffer and be sad in preparation for the next—it will have accomplished wonders," he said.

"It will take many years to overcome the damage wrought by the 18th amendment and for the people to regain their self-respect after having been submitted to the domination of men and women who can think of no better means for making people good than by use of force," Dr. Russ declared.

Many physicians here informally said the new brew possesses certain food values. Few, if any, believed 3.2 beer ever will cause husbands to come home drunk and beat up their wives.

Dr. T. J. McCamant, who comes from El Paso where the beer runs "six and seven", believes the 3.2 variety should be rightfully classified as non-alcoholic.

### LEGISLATURE PASSES RELIEF BOND MEASURE

AUSTIN, May 18.—A resolution to submit a \$20,000,000 proposed state bond relief issue to statewide vote on August 26 was given final legislative sanction Monday.

Sen. Walter Woodul at once wired Washington that the governor had signed the measure so that the information would be available at a meeting of the Reconstruction Finance corporation when it was expected, continued federal aid for Texas would be ordered.

Federal relief funds have been withheld by the RFC for May and June pending legislative action on the resolution.

Col. Lawrence Westbrook, state relief director, told the United Press he now anticipates an early release of RFC funds for Texas.

### ROOSEVELT MAY URGE SPEED ON REPEAL ACTION

WASHINGTON, May 18.—President Roosevelt is considering appealing to the states to speed repeal of prohibition, it was reported this week.

Convinced that national sentiment favors repeal, Mr. Roosevelt is said to feel that the process of removing the 18th amendment from the constitution should be hastened as much as possible.

Five states so far have ratified the repeal amendment or elected veto conventions which will ratify. Thirty one more ratifications are necessary.

The large amount of revenue which would accrue to the federal government from the licensed sale of liquor is a leading reason why the administration would welcome the fastest possible action on repeal.

"Receipts from the sale legalized beer are exceeding the estimated rate of \$150,000,000 dollars a year. Advocates of repeal believe liquor taxes would bring in about \$800,000,000 annually."

### FEDERAL FUNDS SOUGHT FOR TEXAS ROADS

HOUSTON, May 18.—In the interest of securing allotments of federal funds for Texas highway construction as part of this state's portion of the president's public works program, Col. Ike Ashburn, executive manager of the Texas Good Roads association, left Texas for Washington Friday.

The road executive took with him a summary of the appeals from many Texas organizations to national officials, pointing out the fact that Texas, having no large federal public lands, can derive only scattering benefits from the general unemployment program unless highways, the greatest and most urgent need—are included among the improvements.

"We are not objecting to reforestation, flood control and soil erosion work," Colonel Ashburn said. "We merely argue that in the interest of justice this money should be distributed as evenly as possible among the states, in the way that will help the most people and have the greatest reconstructive effect."

"Living in Texas, we are more acutely aware of the magnitude of her road-building task. Texas has the largest highway system in America, yet three-fourths of the states are ahead of her in proportionate highway development."

"At the same time road-building employs more people than any other public activity of the same scope. Road work can begin immediately, any place. The machinery to get it under way is ready and waiting. There is no waste of time or money. Road work puts the laborer to work at a wage sufficient to sustain his family right where he is. The job seeks the man, rather than the man traveling to the job. Men go to work on the highway, in the quarry, in the bagging factory, in the sand and gravel pits, in the cement plant, in the steel mill, in the sawmill, on the railroads."

"As soon as the road is finished, it stands as available asset helping all business immediately. And the miracle of it is that it is self-liquidating in principle, earning revenue at once through the gas tax."

### Texas World Fair Booklet Issued

AUSTIN, May 18.—The first edition of 10,000 copies of the Texas World Fair commission booklet, "Texas Under Six Flags," has been distributed, L. E. Snaveley, chairman of the commission announced here today.

A second edition of 200,000 copies of the booklet, sale of which is expected to finance the Texas exhibit at the Century of Progress exhibition in Chicago, is on the presses, Snaveley added.

The booklets are to be sold through schools of the state, their distribution being directed by district chairmen, with the approval of L. A. Woods, superintendent of education. They also will be sold at the Texas exhibit in Chicago during the period of the fair, June 1 to November 1.

Van Camp of Fort Worth, author of the booklet, released his copyright to the commission without cost. He and J. L. Duncan of Dallas, are joint chairmen of the booklet sales division of the commission.

The Texas exhibit before the more than 50 million persons expected at the fair will depict 100 years of the state's progress in education, agriculture and industry. It will be presented in a fashion suggesting the opportunities the state offers to new settlers and to new investments.

Prof. W. T. Rolfe, University of Texas, and Ivan H. Riley, architect of Harlingen, Texas, and Chicago, are supervising preparation of the exhibit which they will forward to Chicago soon, Snaveley said.

### Sister of Cisco Woman Succumbs

Mrs. Tom Bruce, of Cross Plains, a sister of Mrs. E. O. Hendricks, of this city, died here late Tuesday night. Mrs. Bruce was brought here Tuesday for emergency treatment. She died at 11:30 last night.

### Lotief Says "Special Interests" Must Be Controlled If Relief Is Obtained

In a letter to the Daily News Wednesday Cecil A. Lotief, representing the 107th legislative district which includes Eastland and Callahan counties, asserted that "as long as we permit these special interests to be uncontrolled and unregulated to the people will never get any relief."

A resolution requiring that all lobbyists at Austin register and state their employment and the pay they are receiving was recently put through the house by Lotief.

"I grant you," Lotief wrote, "that the big interests have rights as any other citizens and should be heard on all bills pertaining to their interest, but they have no right to tell us how to run this government or how anyone must vote."

His letter:

In recent weeks I have received many letters from the people of my district and from other sections of the state. Most of these come in regard to activities of the paid lobbyists of this state. These lobbyists were here before I reached Austin, and are still here. Most of these men are smart, highly educated, intelligent and well trained men. Free hearted and good sports, they are not here for the interest of the masses, but for special interest and that only. They are here to look after their own interest and defeat the will of the people, and I think it is nothing but right that they should be made to register and tell the lawmakers and representatives of Texas who they are and what they are here for and how much money they are getting to stay here, etc.

I am proud to say to the people of Texas that I am the only representative who ever put such a resolution through the house. Of course, I had my good friend Mr. Adamson to help and assist me, for which I am grateful. I want to say this to the people of Texas, as long as we permit these special interests to be uncontrolled and unregulated, the people will never get any relief. I grant you, that the big interests

### WIRE WALKER WILL PERFORM IN CISCO DURING CONVENTION

Buny Dryden, "The Great Lafayette," well known wire walker, will perform on a high cable stretched between the Jno. H. Garner building and the I. O. O. F. building during the American Legion convention and the trades day sponsored here. His program calls for performances at 10 a. m. and 6 p. m. on Saturday and at 5 p. m. Sunday.

Dryden has been chosen as one of the 60 originals in Ripley's "Believe It Or Not" exhibit at the World Fair in Chicago this summer. Members of the group were selected from 2,000 applicants whose feats have attracted the cartoonist's attention. He leaves for Chicago June 1.

Dryden, who does amazing stunts on high wires and feats of strength as well, has been featured in Ripley's oddities cartoons. He can burst an auto inertant with his lungs, bends large nails with his hands, and has set a record in the broad jump. Ripley himself it is said, has seen some of Dryden's broad jumps, saying that he would not believe it until he saw it.

No Difference When informed that there would have to be a big drop in altitude between the two ends of his wire here, Dryden said, "That won't make any difference at all."

In addition to walking the wire, he will probably do some other stunts, such as balancing himself while lying on his back on the wire. Or standing on his head in a chair balanced on the edge of a building. In a number of places where he has performed, the spectator's have rushed from under the wire, thinking he was about to fall. "I can't fall," he says, and explains why.

The average person, according to Dryden, cannot perform the feats he does, "without training for them as I have". Although only 21 years old, Dryden has had 13 years of circus and vaudeville experience. He began training for his acts at the age of 7 years. He has performed in most of the big cities of the east and in Europe.

The Great Lafayette hails from Rising Star, and has given performances in his home town as well as in the larger cities. He recently walked a wire stretched six stories above the street in Brownwood and performed a number of seemingly impossible feats in Eastland.

### RAINS BRING END TO LONG DRY SEASON

Rains, beginning Saturday night and continuing steadily through Sunday, signalled an end to the spring drouth which has retarded crops and ranges over this section of the state.

The gauge at the city hall Monday morning revealed that 2.3 inches have fallen since Friday. City officials reported that the level of Lake Cisco had risen 2 feet and eight inches to above 80 feet in that period.

The rain was the first precipitation of any consequence that has fallen here since the winter. Crops had suffered considerably and there ranges. Both cattlemen and farmers were jubilant today.

West of Cisco rains were reported general but lighter.

### WARMER WEATHER IS FORECAST

FORT WORTH, May 18.—Warmer weather was forecast Monday after heavy rains in north and west Texas over the week-end had driven temperatures downward.

The heaviest rains in three months ended a drouth that wilted young crops in sections of northwest Texas. The showers helped grazing lands, grain and cotton crops.

Heaviest precipitation reported to the weather bureau here was 2.4 inches at Abilene. Dallas received 2.3 inches that flooded city streets.

Good showers were reported west to Big Spring and north to Wichita Falls and Vernon. Rainfall also was reported at San Angelo, Breckenridge, Sweetwater, Menard, Brownwood, Stamford and Olney.

High winds had damaged property in the vicinity of Sherman, breaking communication lines and wrecking a gin and lumber yard at Dorchester, 10 miles south of Sherman.

### FOUR LIVES LOST IN ARKANSAS

LITTLE ROCK, Ark., May 18.—Torrential rains and a tornado in Arkansas over the weekend took a toll of at least four lives and caused heavy property damage.

### FRESH FLOODS AT CINCINNATI

CINCINNATI, O., May 18.—Scuriously recovered from the disastrous March flood, hundreds of families were forced to move from their homes again Monday as the Ohio river overflowed its banks.

The swollen river was fed by torrential rains which, since Sunday, have caused two deaths and more than \$250,000 damage.

### Methodists Will Bar Beer Sellers

HOUSTON, May 18.—If and when 3.2 beer becomes legal in Texas any Methodist who persists in selling it will be excluded from membership in the church, Bishop H. A. Boaz announced Monday.

### DIED IN FIRE

HOESINGTON, Kan., May 18.—"Tige," a respected watchdog here, went to his death in disgrace. The bulldog was sleeping in the chicken house when it caught fire. He slept through the blaze, and he and 500 chickens were burned to death.

### Sacks Become Women's Gowns

BATON ROUGE, La., May 18.—Women have a new game in this country — making dresses from sacks.

The idea isn't exactly new, but it was not until the depression reached its worst that the project was undertaken in earnest. It has gained popularity in recent weeks, stimulated by a contest conducted by Miss Iris Davenport, clothing specialist for the extension division of Louisiana State University.

Flour, sugar, feed, seed and even fertilizer and burlap bags are used. Stitches are pulled and the bags ripped open. Stencils are removed by allowing the bag to stand in lard overnight. Bleaching and dyeing processes follow. Then it is up to the individuality of the dressmaker.

Bags that came in through the kitchen door now are seen swaggering out the front entrance as the best street frocks of the lady of the house. It has become a fad, especially in rural sections. When the state annual short course is held at the university this summer, the smartest sack dress in the whole state will be selected, and a blue ribbon pinned to it.

### RELIEF PLAN SENT CONGRESS BY PRESIDENT

WASHINGTON, May 18.—President Roosevelt sent to congress Wednesday a two-fold unemployment relief program operating through a \$3,300,000,000 public works plan and a "great cooperative movement throughout all industry in order to obtain wide reemployment."

For his cooperative program of industrial planning Mr. Roosevelt proposed:

- 1.—A shorter work week.
- 2.—A "decent" wage for the short-week.
- 3.—Prevention of unfair competition and disastrous overproduction.
- 4.—Limitation of the operation of anti-trust laws.

### SERVES SENTENCE

SALT LAKE CITY, Utah, May 18.—A plea that going to jail five days would cause him to lose his job resulted in Judge James H. Wolfe ordering Joseph Snydergaard to serve the sentence in weekend installments which he did. The sentence was for contempt of court, due to failure to pay alimony.

### SPEAKERS FOR LEGION MEET ARE ANNOUNCED

Speakers for the 17th district American Legion convention here Saturday and Sunday will include a number of men prominent in the Legion work in Texas. M. J. Benefield, 17th district committeeman, will preside. His home is at Brady.

Carl E. Nesbitt, state commander, will appear first on the program which begins at 2:30 Sunday afternoon on the roof garden of the Laguna hotel. Following Mr. Nesbitt A. C. Williamson, of Sweetwater, will address the convention on "Boy Scouting" and V. Earl Earp, assistant attorney-general, of Texas, and past state commander of the Legion will speak.

Distinguished guests will then be introduced and each of them will make a short talk. They will include Reed Johnson, manager of the Veterans bureau at Dallas, Texas; Roy A. Webb, Pampa, fifth division commander; Dr. W. M. Dickens, of Greenville, first division commander; Miller Ainsworth, Luling, fourth division commander; and Van Perkins, of Cameron.

The meeting will be opened with a prayer by the Rev. Mr. Harris, of Stamford.

It will conclude with the election of new officers for the district and the selection of a convention city.

### ZONOLITE MINES

LIBBY, Mont., May 18.—New uses for zonolite have resulted in extensive development of mines containing the ore in this district, according to a report by the Zonolite company. Extensive utilization of the material is being made in manufacture of insulating materials for cold storage rooms, water heaters buildings and automobile mufflers, it was said. Zonolite also is being used in the manufacture of a high temperature insulating cement.

### HEARING is believing

Kellogg's Rice Krispies are irresistible when you pour on milk or cream. They crackle with crispness.

Children love Rice Krispies. Give them all they want. They're nourishing and easy to digest. Quality guaranteed. Made by Kellogg in Battle Creek.

### AUTOMOBILE REGISTRATION SHOWS DECLINE

AUSTIN, May 18.—Nearly 125,000 Texas motor cars will be taken out of service and not replaced in 1933 unless there is a marked and rapid upturn in business, the Texas Good Roads association figured today on the basis of highway department totals just released for the first four months of the year.

Up to May 1, registrations total 911,904, the department announced. Last year at the same time they exceeded 1,011,000 and in May, 1931 the figure was 1,107,000. An average of 82½ of the car owners register by May 1. Thus it is estimated that total registrations this year will be 1,105,339 cars.

"The figures mean that during 1932 and 1933, a total of 229,450 Texas motor cars will have been put out of commission," the road association statement said.

"The 104,689 cars retired last year

represent a loss of \$3,957,244 in public revenue from motor vehicle licenses and gasoline tax. That loss will be repeated this year, and to it will be added the loss on retirement of 124,769 more cars, aggregating \$8,673,512—a total for the two years of more than \$12,500,000."

But into this gloomy picture W. O. Huggins, president of the association injected a decided note of optimism.

"While our road-revenues have been seriously reduced," he said, "it must be remembered that improved conditions can increase them just as rapidly. There is just one large condition attached to such a statement. That condition is that the roads are maintained, and even improved wherever possible. We must not take any more funds which rightfully belong to roads and spend it on other things."

"We must remember that the quarter of a million former motorists who have given up their cars represent a huge potential market for new machines, once their earning power is restored. To take advantage of it, we must keep our road system ready."

### Service Station Officials Pleased

J. M. Gregory, superintendent of service stations of the Dallas district for the Texaco organization, visited A. V. Clark, Edward Lee and R. B. Gustafson Wednesday on business for his company. He was accompanied by Supt. McCann also of Dallas, who has charge of Firestone sales in this district.

The officials were both high in their praises of the sales outlook for the Cisco district and greatly pleased with gains already made by the service stations operated under their supervision.

It will be remembered that Clark's Service station has just won the Honor Plaque for the Dallas district of the Texaco organization.

### Two Convicts Die Suddenly on Farm

HOUSTON, May 18.—Lee Simmons, general manager of the Texas prison system, reported today that two convicts died while at work in the fields at Retrieve state penal farm.

The dead men were Lester Smith, convicted in Bowie county, and Edwin Hera, of Bosque county. They became ill in a cotton field late yesterday and died before medical aid could reach them, Simmons reported.

Circle No. 2 of the First Baptist Church will have a bake sale at Norvell-Miller Grocery, Saturday, May 20.

### SIMPLY WORN OUT?

Take Lydia E. Pinkham's Vegetable Compound

Can anything be more wearing for women than the ceaseless round of household duties? You have no time to be sick... you are tired... ailing... yet cannot stop. There comes a time when something snaps and you find yourself simply worn out.

Lydia E. Pinkham's Vegetable Compound will help you. Its tonic action will give you renewed strength, and will make your daily tasks seem easier to you.

98 out of every 100 women who report to us say that they are benefited by this medicine. Buy a bottle from your druggist today... and watch the results.

Mrs. M. B. Curtis returned yesterday from a three week's visit in Overton and Longview. She was accompanied home by Mr. and Mrs. D. E. McBeth and children of Overton. Mrs. McBeth is Mrs. Curtis' daughter.

### Did You Ever Stop to Think?

By EDSON R. WAITE Shawnee, Oklahoma.

A definite change is coming over public thinking on the related subjects of trade and unemployment. There is a tendency to emphasize the importance of the purchasing power of the public as a means of stimulating trade and creating more employment.

Connected with this is an uneasy feeling that the economies effected in government—national, state and city—have caused additional contractions in business and more slump in buying power. However, congress, in its wisdom, is working out and talking over additional schemes to solve the many problems with which the farmer and city man are oppressed.

The main problem is how can the

farmer and industrialist shake off their debts by disposing of their products, labor and skill at a price big enough to give them a decent living as well as a little profit to spend?

Until that is done we cannot definitely and surely head out of the depression. Hot air gets us nowhere; extreme economy gets us nowhere, but increased buying power will get us somewhere.

No irritation with purest face powder known. Buy delightfully fragrant MELLO-GLO today. 50c and \$1.00. Tax Free Moore Drug Co.—Adv.

# For Chesterfields to Satisfy

It takes barrels of money — put away for 30 months

THEY ARE MILD and yet they Satisfy

Four miles of warehouses are used to store our tobaccos. The crops now in storage are worth about \$70,000,000... most of it for Chesterfield Cigarettes.

The Domestic kinds are packed away in wooden hogsheads that weigh 1,000 pounds and stand as high as a man's head.

Like fine wine, tobacco improves with age. So after our buyers select, from the various markets, the right kind of tobacco for Chesterfield, we put it away for 30 months or more to become mellow and sweet.

This ageing process is expensive, but there is no short-cut to make tobaccos milder—to make them taste better. It just takes money and time to make Chesterfields.
