METHODIST CHURCH

Last Sunday was a great day in our Sunday School. The enrollment and attendance went away beyond all expectation. Let us keep it going, all, who possibly can, be back next Sunday promptly at 10 a. m., then remain with us for the church service, Special subject 11 a. m. "A man and his money"

This will be a sermon on the power of money. I would like for you to hear it.

Subject at the evening hour, beginning at 7:30. "Am I my brothers keeper"

You are always welcome and welcomed in our services.

S. L. Culwell.

MORE HOTEL ROOM

Those who keep up with the oil movement inform us that Baird should have more hotel room. The prediction is made that if the oil boom increases, as it has every appearance that it will, that within three months. Baird cannot feed and lodge the transient public with our present limited facilities. Many strangers are here daily and the number seems to be increasing. Every town east of us experienced difficulty in accommodating visitors and Baird should make provision to entertain visitors.

One man who is not a visionary or daffy over the situation, told us a few days ago that, in all probability, within three months or less time people would be begging for beds in Baird.

Let our wide awake business men consider this matter in time, and not wait, like other towns east of us, until overwhelmed by visitors, before making any preparation to meet the increased demand for lodging and board.

Everything indicates that a boom is coming, some how we do not like the word boom as it savors of hot air, but let us put it, this way everything indicates greater activity in oil development near Baird. We see this on every hand. Real estate has made a greater advance in price in Baird in the last thirty days than ever known here, if recent sales count for anything. We could give instances, so rumor has it, of offers for business houses being refused that the owner would have gladly sold for half the amount a year ago, of a business house selling for \$3000.00 on main street and the purchaser refusing to sell at \$5000.00. One man bought a vacant lot near the Court House for \$100.00 a year ago and recently refused an offer of \$1700.00. This is straight goods as the man told us this.

We know of parties refusing \$2500.00 for property in a remote part of town, which they offered to sell for \$1600.00 less than four months ago. Merely a few evidences of the advance in price of realty in town caused mainly if not entirely by the belief that drilling for oil is to start next around Baird soon. We have known for several months that parties have been quietly buying residence property anticipating a raise in property values this year.

OIL NEWS.

Jao, Dawkins and Associates have made a location near West Caddo Peak for a shallow test, same being on the E. S. Heath Survey. Drilling will commence as soon as material can be shipped.

The Cathey well near Putnam, drilled by R. O. Harvey is closed down, presumably for storage.

The Prairie Oil & Gas Company has made a location on the Geo. Brown farm, about one mile East of Putnam.

The Texas Company has made a location on the Kelley Peek land, which will be an offset to the Cathey well.

Cordwint No. 1, drilling at 960 feet.

Hart No. 1, drilling at 2300 feet. Roxana Hart No. 1, rigging up. Childs No. 1, drilling at 1800 feet.

Albin No. 1, drilling at 1400 feet.

Andy Urbis, of Abilene, expects to make a location on his large block of leases, two miles South West of Clyde.

The Clyde-Callahan County Oil Company expects to make a location about three miles North East of Clyde. This well will probably be located on Survey 81, B. B. B. & C. R. R. Co.

It is reported that Litzinger has made a location for a deep test two miles North of Cross Plains.

Callahan County leases and royalties are in demand, many newcomers are arriving daily. Also several real estate dealers are in the city, trying to secure options and purchase Baird property. Baird is at least on the map, and if the wells drilling proves to be as good as the Cathey No. 1, Baird will make a large City.

Baird needs a first class Hotel, together with a sewer system, paved streets and more water. These matters will be attended to, but they should be given consideration now.

Putnam property is also in demand, a number of tracts have been closed there during the past few days. Parties who have moved from the County to other towns, and who have not paid their taxes on property here for several years,

are now paying their back taxes, and clearing the titles to their property.

The County Clerk's office is a busy place now, in fact the office is inadequate for the purpose now. The Abstracters have been forced to move to another room in the Court House.

There has been some talk of the County erecting an annex to be used as the Clerk's office.

T. W. Hearren has sold the Driskill home in North Baird to W. K. Boatwright.

C. D. Russell has sold his home place to C. B. Holmes.

Mrs. Faust has sold her place to W. P. Ramsey.

W. J. Frichard is erecting a nice bungalow on his lot in North East part of town.

Several new homes are to be erected here during the next month.

RALLY DAY AT METHODIST CHURCH

Last Sunday was "Rally Day" at the Methodist church South, Baird.

An interesting program was rendered, consisting of songs, by the smaller children and recitations. A piano solo by Master Harold Wristen who is noted as a fine musician, though young in years.

No preaching services, but the exercises was closed by a short talk by the Pastor, Rev. S. L. Culwell to the small children, urging them to shun evil and evil associations.

The enrollment in the Sunday School is 212 and the attendance Sunday was 175.

Considering conditions, so much sickness in town this winter, the Rally was regarded as a splendid success. Baird has four Sunday Schools and the people of Baird should appreciate them more than they do. Methodist, Baptist, Christian and Presbyterian all have Sunday School every Sunday, rain or shine, hot or cold.

PAYMENT OF THE \$60 BONUS TO DISCHARGED MEN OF ARMY

War Department Statement Outlining Those Who Are Entitled to the Payment

The War Department authorizes the following statement from the Director of Finance:

Section 1406 of the revenue act approved February 24, 1919, authorizes the payment of a bonus of \$60 to officers, soldiers, field clerks, and nurses of the Army upon honorable separation, from active service by discharge, resignation, or otherwise. This bonus is not payable to the heirs or representatives of any deceased soldier.

Those who are discharged hereafter will receive this bonus on the same roll or voucher upon which they are paid their final pay.

Those who have been discharged and have received their final pay without the \$60 bonus, should write a letter to the Zone Finance Officer, Lemon Building, Washington, D. C., stating their service since April 6, 1917, the date of last discharge, and their present address to which they desire their bonus checks to be sent and inclosing with this letter their discharge certificate or military order for discharge or both, if both were issued.

Upon the receipt by the Zone Finance Officer, Washington, D. C., of this information and the soldier's discharge certificate, this officer will cause checks to be drawn and mailed to the claimants in the order in which their claims were received by him. The discharge certificate will be returned to the soldier with the check.

It is estimated that at least one million and a quarter persons have been discharged from the service who are entitled to the benefits of this act, and while payments will be made as expeditiously as practicable, it will manifestly take considerable time to write and mail this many checks.

BLACK-DRAUGHT A FAMILY MEDICINE

Some Kind of Stomach Trouble With Cramps and Terrible Pains Made This Oklahoma Man's Life Miserable Until Black-Draught Relieved Him.

Chikasha, Okla.—Mrs. J. W. Walker recently said this: "We use Black-Draught as a family medicine and think it is the only liver medicine made. My husband makes it up and uses it as a tonic as well as a laxative. I use it for headache, sour stomach, a full heavy feeling after meals, which I suppose is indigestion, and it certainly does me a lot of good."

My husband had some kind of stomach trouble—we don't know just what. It would strike him just any time in the day and cramp or pain him just terribly bad. Someone told him how to make a tea of the Black-Draught, which he did. It did him so much good, it removed the cause and cured him. Since then we have praised the Black-Draught to our friends, and gladly do so."

Seventy years of successful use has made Theford's Black-Draught a standard, household remedy. Every member of the family at times needs the help that Black-Draught can give in cleansing the system and preventing or relieving the troubles that come from constipation, indigestion, lazy liver, etc.

Try Black-Draught. Sold by all drug-gists.—Adv.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowdays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.—Adv.

Catarrhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of Deafness are caused by Catarrh, which, in an inflamed condition of the Mucous Surfaces.

\$4,000,000 IS VOTED FOR PUBLIC SCHOOLS

HOUSE PASSES TO THIRD READING SENATE BILL MAKING APPROPRIATIONS.

Senate

Austin, Texas.—The Senate Committee on Criminal Jurisprudence has reported favorably the following bills: The bill to punish those who overdrive horses and otherwise wantonly mistreat them with a fine of not more than \$200.

The bill providing that one who testifies in a liquor selling case shall not be deemed as an accomplice.

The bill providing for closing picture shows on Sunday by permitting the attorney general to file charges either in Travis county or in the county in which the offense is committed.

A joint resolution was introduced in the senate proposing a constitutional amendment to increase the salary of the secretary of state from \$2,000 to \$4,000 and the salaries of state treasurer, comptroller and land commissioner from \$2,500 to \$4,000.

Austin, Texas.—A bill has been introduced in the senate which seeks to prevent picture shows, theaters and dancing halls, circuses and other similar shows from operating on Sunday.

The bill to permit married women to become officers, stockholders, subscribers and directors of corporations has been finally passed.

A concurrent resolution prescribes that faculties and regents of Texas university and A. & M. college be recommended to grant diplomas to soldiers, sailors and women Red Cross nurses, who were former students, who completed three-fourths of their courses before entering the service. The resolution was adopted.

A concurrent resolution introduced in the senate indorsed a joint resolution adopted by the legislature of the state of Alabama to lift the embargo on cotton now that the war is over was adopted.

Austin, Texas.—The senate bill to sell the mineral rights or lease land supposed to contain oil, gas, coal and lignite, belonging to schools, the university or asylum, now unsoled or which may hereafter revert, and land of islands, salt water lakes, fresh water lakes, bays, inlets, marshes, reefs, river beds and channels, was considered in the senate Thursday, but failed of engrossment.

The bill providing for the appointment of county school superintendents by county school boards "instead of being selected by the people as heretofore," was finally passed.

A stubborn fight was waged in the senate on the bill to create a woman's bureau of the department of labor, with a woman in charge, at a salary of \$2,000 a year, to look after the welfare of women and children wage-earners throughout the state. The bill was passed finally.

The industrial welfare commission bill has been finally passed by the senate after being materially amended. The committee substitute for the original bill, which was accepted, provides for the creation of the commission composed of the head of the bureau of labor statistics, who shall be chairman, the chairman of the industrial accident board and the superintendent of public instruction.

Austin, Texas.—The senate bill providing for the election of county school superintendents by the county boards of school trustees instead of by the people's vote, as at present, was sent to engrossment after a prolonged debate, by the vote of 14 to 16.

The bill providing for an increase of the salary of a probation officer to \$2,400 in counties of 100,000 population or over containing a city of over 70,000 was finally passed.

The bill providing an appropriation of \$25,000 for the Live Stock Sanitary Commission to inspect and destroy cattle afflicted with tuberculosis and reimburse the owners of such cattle was finally passed.

The bill providing for clothing the county and district courts of Travis county with concurrent jurisdiction, in cases involving violations of the election laws in other counties of the state failed of passage in the senate after a prolonged debate.

The senate has adopted a concurrent resolution commending the work of the federal employment service in bringing employes and employers together and recommending its continuance.

The senate bill providing for the employment of special traffic officers to enforce the traffic laws in counties and for their payment by the county commissioners out of funds derived from the sale of motor licenses before the money is forwarded to the state highway fund, was finally passed.

Appointed Judge of Appellate Court. Austin, Texas.—Judge T. D. Cobbs of San Antonio has been appointed by Governor Hobby as associate justice of the fourth court of civil appeals at San Antonio.

Bill Provides for Discharged Men. Washington.—The house has adopted the conference report on the bill permitting soldiers, sailors and marines to retain their uniforms when discharged and allowing them 5 cents a mile for traveling expenses home.

House Austin, Texas.—The house has passed to third reading the senate bill appropriating \$4,000,000 for the public schools of Texas. Two efforts to reduce the amount failed. The final vote was 107 to 9.

Before engrossing the game protection bill the house amended the measure that a hunter will not have to pay a license in his home county. This is the measure prepared by the state game and fish commissioner.

Other bills engrossed include one to fix units of weights and measures, one defining public weighers and one fixing standards of weights, all proposed by the state warehouse and marketing department.

A bill has been introduced in the house to prevent state, district, county or city officials from appointing or supporting relatives for appointive public places. It is known as the nepotism bill. It would prevent such support on the part of an official of a relative within the second degree of affinity or the third degree of consanguinity.

Before a constitutional convention is called in Texas the people must express a desire for it. That is the substance of the concurrent resolution as it has been amended and adopted in the house.

Austin, Texas.—Modification of the anti-trust laws is contained in a house bill just introduced. It would limit to four years the time for bringing action for alleged violations of the law.

Increased pay for judges of Texas was finally provided in the house. The bill now goes back to the senate with amendments.

A joint resolution seeking to amend the constitution that the profits of the prison system may be divided between the state and its prisoners or their dependents, has been introduced in the house.

The house has passed to a third reading the senate bill to remove the restrictions on the size of oil pipe lines and place them under the direction of the railroad commission as common carriers.

The house has refused to pass the bill which provided for the repeal of the Ferguson land tenant law. The vote was 95 to 31.

A house bill has been introduced to prevent any judge from granting an injunction to restrain surface drilling on the petition of an adjacent landowner, unless the landowner can show that the individual or concern offering to drill is not financially able to pay losses that may occur to the mineral of adjacent lands.

On the eve of the consideration of the ranger bill in the house efforts are being made to harmonize the differences between those supporting that measure, those advocating the bill which was drawn in the adjutant general's department, and the independent element, which is not committed to either proposition.

By a vote of 108 to 19 the house adopted the resolution submitting an amendment to the constitution to empower the legislature to issue road bonds against the state automobile license funds.

The house adopted the report of the fee conference committee on the senate bill to amend the method of granting law licenses in Texas.

The House Committee on Corporations has reported favorably on the senate public utilities bill.

The bill providing a fine of from \$10 to \$100 for any one who takes and uses the horse or dumb animal of another without consent of the owner was finally passed.

A bill to make the English language the official language of Texas has been introduced in the house. It was presented at the request of the Council of Defense of Travis county. It provides that all official business in Texas shall be transacted in the English language.

The bill to clarify the statute against candidates for office paying the poll tax of another was finally passed. It provides that any person who pays or procures another to pay the poll of any citizen of this state except as permitted by law shall be guilty of an offense and punished.

The bill to repeal the appropriation for state normals at Kingsville and Nacogdoches has been defeated in the house by a vote of 59 to 67. The normals will be constructed.

A joint resolution has been introduced in the house seeking to combine the offices of tax collector and tax assessor in the counties of Texas. The measure would let the people vote on such a constitutional amendment Nov. 4.

A bill to require all ginners to charge for ginning on the amount of lint obtained was introduced in the house.

The house engrossed the bill to allow the regents of the university of Texas to issue bonds on lands now held by the institution.

The free textbook bill was finally passed in the house. It is a senate bill and goes to the governor for signature.

County to Vote on Road Bonds. Dallas.—A road bond issue of \$1,400,000 to be submitted to the voters April 1, has been approved by a majority of the Dallas county commissioners' court.

Hobby Signs Important Bill. Austin, Texas.—The bill which permits foreign corporations ousted from the state for the violation of the anti-trust laws to return to Texas, and the free-textbook bill have been signed by Governor Hobby.

HOSTILE AGREEMENT IS SIGNED BY 37

THEY ARE WILLING TO TAKE UP SUBJECT OF LEAGUE AFTER PEACE IS SIGNED.

REPUBLICANS NOT UNITED

Senator McCumber Comes Out Flat for an Agreement to Preserve Peace of the World.

Washington.—Senator Lodge of Massachusetts, the republican leader, has introduced a resolution proposing that the senate go on record as opposing the approval of the constitution of the league of nations as now drawn and favoring the immediate conclusion of peace with Germany without awaiting the workout of the league.

Senator Lodge requested unanimous consent for immediate consideration of the resolution, but Senator Martin, democratic leader, and Senator Swanson, both of Virginia, joined in simultaneously and the resolution went over under the rules.

Unable to secure consideration of his measure, Senator Lodge read the names of thirty-seven members of the next senate, which will consider the peace treaty, who, the minority leader said, would favor his resolution.

On the list read by Mr. Lodge were the names of several republican senators-elect. The total of thirty-seven is more than one-third of the membership or enough to defeat the ratification of the peace treaty.

While opposing the proposed constitution, the resolution would express the desire of the senate "that the nations of the world should unite to promote peace and general disarmament."

It also said the proposal for a league "to insure the permanent peace of the world should be taken up for careful and serious consideration" after the peace treaty had been concluded.

Several republican senators refused to sign the list, it was said, some because they did not believe the resolution went far enough.

Supports Move for World Peace.

Washington.—After Senator Sherman of Illinois, republican, had delivered an address in the senate sharply attacking the league of nations and President Wilson, Senator McCumber of North Dakota, a republican member of the Foreign Relations Committee, urged that the United States become a party to a league for preserving world peace.

Debts in Excess of Appropriations.

Austin, Texas.—In an opinion given certain members of the house the attorney general's department, through Assistant Attorney General C. W. Taylor, held that where appropriations made for the support and maintenance of state departments and institutions are exhausted, the officials in charge of those departments and institutions have no authority to contract debts in excess of such appropriations, and that such acts, in his opinion, constitute a misdemeanor.

Ruling on Pool Table Operation.

Austin, Texas.—It would be a violation of the anti-pool statute enacted at the present session of the legislature for a canteen of a company of the United States marine corps to operate pool tables which are bought and paid for by the funds of the company and for the use of which a small fee is charged to the soldiers, which fee goes for the purpose of providing comforts and amusement for the soldiers of the company, according to an opinion given by the attorney general's department.

Mann for Plan to Keep Peace.

Washington.—Without specifically endorsing the league of nations plans, Republican Leader Mann, speaking in the house, declared that the war would have been fought in vain if something was not done to prevent future wars. Democratic members of the house vigorously applauded this statement.

Investigation Ordered at Great Lakes.

Washington.—Secretary Daniels instructed the commandant of the Great Lakes naval training station to investigate reports that a number of men there had been involved in irregularities similar to those recently disclosed in the New York district.

No War Time Prohibition Now.

Washington.—Agreement has been reached by the Senate Judiciary Committee to take no action on legislation to enforce wartime prohibition which becomes effective July 1.

Appointed Alien Property Custodian.

Washington.—Francis P. Garvin of New York City has been appointed by President Wilson as alien property custodian to succeed A. Mitchell Palmer, who becomes attorney general.

Dallas to Become Recruiting Center.

Dallas.—With the resumption of army recruiting Dallas will become the central point in this respect, with jurisdiction over more than 100 counties, according to G. M. Grimes of the army recruiting service, now in this city. Thus far Colonel Grimes has been unable to obtain offices for recruiting purposes. As soon as office space is obtained here, according to Colonel Grimes, the army will address itself to an intensive campaign of advertisement.

The state department of education announced this week an apportionment of \$1 per scholastic for the public schools of the state, bringing the total apportioned so far this fiscal year up to \$5.50. The total amount per scholastic to be apportioned during the fiscal year is \$7.50.

West Texas is rapidly overcoming the drought, which abated at the end of the year 1918. The elements responsible for this are: First, the seasons now in the ground resulting from the winter snows and rains; second, the extent of the oil development, and, third, the indomitable spirit that obtains in the west.

A very enthusiastic meeting of farmers and business men of Tyler County was held at Woodville Saturday for the purpose of arranging ways to reduce the cotton acreage, according to the movement under way over the state. By a unanimous vote it was decided to plant not over two-thirds of the 1918 acreage in the county.

The attorney general's department this week approved the following bond issues: Limestone County Road District No. 11, \$100,000, 30-10s, 5 1/2 per cent; Ellis County Road District No. 11, \$3,500, 40-10s, 5 per cent; Robertson County Common School District No. 1, \$1,000, 10-5s, 5 per cent; Childress County special road bonds, \$35,000, 30-10s, 5 per cent.

Every farmer in Harris County and adjacent territory of adjoining counties who desires to may have a silo in which to conserve the hundreds of dollars worth of feed that goes to waste on the farm, according to arrangements which have been agreed upon by members of the Houston Dairy Fund Association, who are engaging in a special campaign to place as many silos as is possible during the present year.

Texas is one of the thirty-six states actively co-operating in the back-to-school drive which is being conducted by the children's bureau of the United States department of labor. In Texas attention is being called to the children's need for education by a large banner in patriotic colors. It was first shown at the state conference of the Texas Congress of Mothers, and since then has been displayed at meetings all over the State. It has also been filmed extensively.

The joint executive committee of the Texas Chamber of Commerce, in session at Dallas a few days ago, selected James Z. George of Houston as general manager. The state was divided into nine divisions, a headquarters city and director being named for each, as follows: Wichita Falls, Frank Kell; El Paso, R. E. DuCley; Fort Worth, John P. King; Tyler, J. B. Mayfield; Houston, J. S. Cullinan; San Antonio, Fred W. Cook; San Angelo, C. C. Walsh; Beaumont, C. E. Walden.

A complete survey of the Lower Rio Grande Valley of Texas to determine the feasibility of irrigating by gravity flow 1,000,000 acres of agricultural land located in Starr, Hidalgo and Cameron counties, and generally known as the Rio Grande delta, will take place within a few weeks by engineers of the United States reclamation service under supervision of Director Arthur P. Davis, acting for Secretary Franklin K. Lane of the department of the interior. The sum of \$30,000, equally contributed by the reclamation service and by citizens of the Lower Rio Grande Valley, has been set aside for the survey.

The lower Rio Grande Valley of Texas is awaiting with interest the passage of a bill recently introduced in the United States senate which will make Point Isabel, Texas, a landlocked, deep water seaport by the construction of a ship channel eighteen feet deep and 400 feet wide through Pass Brazos de Santiago and connecting Laguna Madre with the Gulf of Mexico. The project has been recommended to congress for passage by the United States board of army engineers after having been found to be practical and reasonable in cost.

What is the Cause of Backache?

BY DOCTOR CORNELL

Backache is perhaps the most common ailment from which women suffer. Rarely do you find anybody free from it. Sometimes the cause is obscure, but Dr. Pierce, of Buffalo, N. Y., a high medical authority, says the cause is very often a form of catarrh that settles in the delicate membranes of the feminine organs. When these organs are inflamed, the first symptom is backache, accompanied by bearing down sensations, weakness, unhealthy discharges, irregularity, painful periods, irritation, headache and a general run-down condition. Any woman in this condition is to be pitied, but pity does not cure. The trouble calls for Dr. Pierce's Favorite Prescription, which is a separate and distinct medicine for women. It is made of roots and herbs put up without alcohol or opiate of any kind, for Dr. Pierce uses nothing else in his prescription. Favorite Prescription is a natural remedy for women, for the vegetable growths of which it is made seem to have been intended by Nature for that very purpose. Thousands of girls and women, young and old, have taken it, and thousands have written grateful letters to Dr. Pierce saying it made them well. In taking Favorite Prescription, it is reassuring to know that it goes straight to the cause of the trouble. There is but one way to overcome sickness, and that is to overcome the cause. That is precisely what Favorite Prescription is intended to do.

Practice Patience.

Impatience can never wait until things are right. It lights the fuse before the mine is properly laid. Wants to start building before the foundation is constructed. It wants to try issues with the world before it has learned its problems. It explodes upon its best friend before it learns the reasons for his actions. The whole business is folly, but it's only human nature. Patience is apt to err on the side of caution, but it never sacrifices its interests to passion. It never repels its loved ones by demanding the unreasonable. It just waits for the facts and then spares what can't be helped. Those who don't understand it often regard it as a mark of weakness, but that's because they do not know life. Patience is the very essence of the best that is in the gods and it brings the best into human life. Only big souls have it.

SKIN ERUPTIONS ON THE FACE

are unsightly and mar the appearance of many a woman whose face would be otherwise attractive. There is no need for this. Just get a box of Tetterine and use it regularly and you will be surprised how quickly pimples, blotches, itchy patches, etc., disappear and how soft and clear the skin becomes. Nothing better for eczema and other skin troubles than Tetterine. Sold by druggists or mailed for 50c by Scluptrine Co., Savannah, Ga.—Adv.

It is easy for a man to love his neighbor as himself, provided she is young and pretty.

It's all right to pray for the things you want, but it's a good idea to work for the things you actually need.

HERE'S RELIEF FROM THOSE TERRIBLE HEADACHES. Illustration of a woman holding her head.

HUNT'S LIGHTNING OIL. These terrible headaches are relieved almost instantly. One lady says: "I have been subject to severe headaches for about seven years. My head would ache so badly at times that I could scarcely stand it. Doctors seemed to be unable to give me relief, though I tried several of them, and used many kinds of headache medicines and rubbers. I was told that I should use Hunt's Lightning Oil, and I did so. I had only used a few bottles, and I was cured. I feel like a new woman now, and I can do my work as usual. I have never had a headache since." A Wonderful Remedy for Rheumatism. Beware of cheap imitations. Buy only the genuine. Hunt's Lightning Oil is sold by all druggists and grocers. A. B. Deane, Buffalo, N. Y., Sole Mfrs.

A CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

LOOK, MOTHER! SEE IF TONGUE IS COATED, BREATH HOT OR STOMACH SOUR.

"CALIFORNIA SYRUP OF FIGS" CAN'T HARM TENDER STOMACH, LIVER, BOWELS.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative...

When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels...

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child to-morrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle.

"No," replied the disgusted orator. "I was out of breath. With a crowd like that I'd have to crack their craniums first."—Birmingham Age-Herald.

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them.

By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Adv.

GREEN'S AUGUST FLOWER

Has been used for all ailments that are caused by a disordered stomach and inactive liver, such as sick headache, constipation, sour stomach, nervous indigestion, fermentation of food, palpitation of the heart caused by gases in the stomach. August Flower is a gentle laxative, regulates digestion both in stomach and intestines, cleans and sweetens the stomach and alimentary canal, stimulates the liver to secrete the bile and impurities from the blood. Sold in all civilized countries. Give it a trial.—Adv.

Short and to the Point.

To the Sheriff or any Constable of Callahan County, Greeting: You are hereby commanded, that you summon, by making Publication of this Citation in some newspaper published in the County of Callahan, Texas, for four consecutive weeks previous to the return day hereof, Geo. H. Boleau, E. F. Hoffacker, I. W. Semon and Harold W. Semon, who are non-residents, to be and appear before the Honorable District Court at the next regular term thereof, to be held in the County of Callahan, at the Courthouse thereof, in the City of Baird, on the 21st day of March, 1919, then and there to answer a petition filed in said court on the 12th day of February, A. D. 1919, in a suit numbered on the docket of said court No. 1825, wherein E. F. Hoffacker and his wife, Mervilla Mitchell, are plaintiffs, and said Geo. H. Boleau, I. W. Semon and Harold W. Semon are defendants. The nature of the plaintiffs demand being as follows, to-wit: Suit for the cancellation of a lease executed by Defendant B. F. Hoffacker, dated the 15th day of February, 1917, on a tract of land in said lease described as being 100 acres out of the R. A. Pennell survey in Callahan County, Texas, of the value of \$100 per acre, and for the following reasons: That said lease is wanting in mutuality and is void; that same is a naked agreement; same promises to convey an interest in the future, and to be developed in the future; money to be paid in the future to extend said lease, the same is not a lease on real land or minerals; same is for the sale or purchase of an option to explore mineral resources on said land; defendants do not bind themselves to exercise such option; there is no unconditional obligation on said defendants. Object of plaintiff being to have mineral developed, and that defendants had no intention to develop such; they failed to commence to develop said minerals; they refused to pay annual quarterly money; does not show when said lease shall terminate or when said defendants are bound to perform same; that there is no consideration; that defendants on terminate said lease at their option; there is no description of the land by which it can be identified; said lease is vague and uncertain; defendants are in possession of said lease and any assignments thereunder and sub-leases and assignments thereof; that there is no ordinary evidence will be used, there was no permission to sub-lease; that plaintiffs are all acting together, and claim under said lease. Plaintiff prays for cancellation of said lease and costs. Herein fail not, and have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same. Given under my hand and seal of said court at office in Baird, Texas, this 12th day of February, A. D. 1919. ROY D. WILLIAMS, Clerk District Court, Callahan Co., Tex.

D. 1919, in a suit numbered on the docket of said court No. 1827, wherein George T. Beaum, his wife, E. V. Beaum, are plaintiffs, and C. H. Boleau, E. F. Hoffacker, I. W. Semon and Harold W. Semon are defendants. The nature of the plaintiffs demand being as follows, to-wit: Suit to cancel a lease dated January 2, 1917, executed by plaintiffs to Geo. H. Boleau, defendant, on a tract of land in Callahan County, Texas, containing 656 acres, of the value of \$100 per acre, and out of Victoria school lands, for reasons: That the defendants fraudulently agreed to develop the minerals; that they failed to commence to develop the minerals; that they failed to pay said plaintiff said annual quarterly sum of money; said lease is wanting in mutuality, and is void; that there is no time for termination of same; defendants alone have power to terminate same; they failed to commence operations to develop said minerals within a year from date of lease; that defendants can terminate lease at their option, and perpetuate same indefinitely without developing such minerals; there is no legal consideration; same is vague and uncertain, and a naked agreement with promise to convey an interest, to pay money in the future to extend same; defendants do not bind themselves to perform same, but retain power to terminate or perpetuate same at their option; same is no lease of land or minerals; is only for sale or purchase of an option in same no unconditional obligation is set out; there is no description of the land that would enable same to be identified; that there is no permission of plaintiff to assign lease; that all defendants are acting together, and claim under said lease. Defendants are notified to have in court on the trial hereof, the original lease and any assignments or sub-leases or secondary evidence thereof will be introduced in plaintiff's behalf. Plaintiff prays for cancellation of said lease and costs. Semon and John Hambree are defendants. The nature of the plaintiffs demand being as follows, to-wit: Suit to cancel a lease executed by plaintiffs to Defendant Geo. H. Boleau, on the 12th day of

November, 1917, wherein said plaintiffs leased to said Boleau 125 acres out of Morgan L. Smith survey No. 716 in Callahan and Eastland counties, Texas, for five years from date, for the purpose among other things, to mine, and operate for oil and gas, in consideration of \$24.50; to deliver to the credit of lessors of all oil produced and saved from this land, if no well be commenced on said land on or before November 20, 1918, lease terminates unless lease on or before that date shall pay or tender to lessor or credit \$24.50, which shall defer the commencement of said well for 12 months from said date, and further deferred for like periods successively; plaintiffs allege all said defendants are asserting some rights under said contract and have been and are now acting together; that said land is of the value of \$100 per acre; that \$24.50 is not a valuable or adequate consideration; that defendants breached said contract in this, they refused in any way to commence said well at any time; that they have refused to pay, on or before November 20, 1918, or pay to lessors of the credit a well, whereby the \$24.50 to defer the commencement of said well, that said contract is unnatural and void in that defendants have reserved to themselves only their right to continue the commencement of said well for five years from date of said contract; that defendants fraudulently induced plaintiffs to execute said contract and promised to commence said well, which they had no intention of doing; that plaintiffs would not have executed said lease without said promise; that if it had been assigned such well without the will of plaintiffs; that said contract is a naked agreement with a promise to convey an interest in said land or a part of the minerals therein to be developed in the future; that same is not a lease of land or minerals, only a contract for the sale of an option to develop the minerals; the land is not sufficiently described to be located on the ground. The defendants are in possession of said lease, all assignments thereof and sub-leases, and they are notified to have in court on the trial hereof, or secondary evidence thereof will be used in plaintiffs favor. Plaintiffs pray to have said lease cancelled and for costs. Semon and John Hambree are defendants. The nature of the plaintiffs demand being as follows, to-wit: Suit to cancel a lease executed by plaintiffs to Geo. B. Boleau, trustee, on the 20th day of November, 1917, wherein plaintiffs leased to said Boleau 86 acres out of the W. L. Smith survey in Callahan County, Texas, and 40 acres out of the W. L. Smith survey by Eastland County, Texas, 110 acres out of the Thomas survey in Eastland County, Texas, for five years from date of contract, for the purpose, among other things, of mining and operating for oil and gas, in consideration of \$1.25; to deliver to lessors one-eighth of all oil produced and saved from this land, if no well be commenced on said land on or before November 20, 1918, lease terminates, unless lease on or before said date shall pay or tender to lessors \$1.25, which shall defer the commencement of said well for twelve months from said date, and further deferred by like payments for like successive periods; plaintiffs allege that said defendants are asserting some rights under said contract, and have been and are now acting together; said land is of the value of \$100 per acre; that \$1.25 is not a valuable or adequate consideration; defendants breached said contract in this, they refused in any way to commence said well at any time; that they have refused to pay, on or before November 20, 1918, to lessors, or to the credit, a well, whereby the \$1.25 to defer the commencement of said well; that said contract is unilateral and void; in that defendants have reserved to themselves only the right to commence said well, which they had no intention of doing; that plaintiffs would not have executed said lease without such promise; that if said contract is assigned, it was without plaintiffs consent; that said contract is a naked agreement with a promise to convey an interest in said lands or a part of the minerals therein to be developed in the future; that same is not a lease of land or minerals; is only a contract for the sale of an option to develop the minerals; that the land is not sufficiently described so same may be located in any way. The defendants are in possession of said lease, and assignments thereof and sub-leases, and they are notified to produce the same in court on the trial hereof, or secondary evidence thereof will be used in plaintiffs favor. Plaintiffs pray to have said lease cancelled and for costs. Herein fail not, and have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same. Editor and Proprietor.

This is a good old world and is going to be a better one when things get straightened out in Europe.

It is astonishing what a change the rains and discovery of oil in West Texas has made in conditions.

The cotton embargo against Germany will stand until peace is made, but it is hoped that the peace treaty will be signed this month.

President Wilson has started back to Europe to speed up the peace work. Too much time has already been wasted but the delegates from this country are not to blame.

Better raise all the food stuff possible and go light on cotton. The world is hungry, starving in many places, for want of food, and food stuff is bound to command high prices for a long time. People can wear their old clothes, but they must have food. See the point?

Eastland County was never considered in North but in West Texas until oil was discovered at Ranger. Now North Texas papers refer to the Ranger field as in North Texas. They even intend to organize a "West Texas Chamber of Commerce" with counties mostly east of the Brazos River.

One of the results of the war that now seems inevitable is that Palestine and Armenia will be released from the rule of the murderous Turks. One of the most appalling horrors of this war was the outrageous murder of a million or more of Armenians by the Turks and reducing the balance to starvation. Germany never lifted her hand to prevent these outrages, that will stand as a curse for all time against the Kaiser and his infamous pact with the hateful Turk.

Japan is trying to have the nations forming a League of Nations insert a clause acknowledging the equality of the Japs with the white race. This country will never enforce a treaty with such a provision in it. The Saturday Review, London says that if Japan is left out and they should form a league with Germany and Russia would reduce the League of Nations to an absurdity. Perhaps the London paper is opposed to a League of Nations is why it says this. The United States can come as near taking care of itself without any alliances as any nation on earth and Great Britain and other nations know it. If we have to have Jap and Chinese immigration forced upon us we are flatfooted. I opposed to it.

A plot was discovered to assassinate President Wilson on his return from Europe. Strange to say the plotters were Spaniards and none of them had been in this country over a year and a half and cannot speak the language of the people whose hospitality they abused by plotting treason against the nation. This is the strongest argument possible to close the doors of our country to all foreign emigrants for a term of years while we clean out a lot of anarchists at home. Self-preservation demands drastic measures against all plotters against the government. A plot against the head of the nation is a plot against the nation itself and the offenders deserve no mercy. The American people have been too liberal towards foreigners, but the war has opened the eyes of the people

and no longer will they tolerate these men whose sole object is murder and plunder.

The main thing the Texas Legislature seems to be most interested in is in creating more offices and more schemes to wring more tax money from the people. The population of the state has increased about 50 per cent in 25 years and the cost of the State government has increased more than two hundred per cent during that time judging by the appropriation bills spoken of at Austin. Twenty-four years ago if any man had spent as much as five thousand dollars to be elected governor of Texas the people would have looked upon him with suspicion, and if the Legislature had spent five millions of dollars a year they would perhaps have mobbed us when we arrived home. The writer was one of them at the time. Last year Gov. Hobby and his friends spent between eighty and ninety thousand dollars in the primary election and now they talk of 15 to 16 million dollars a year to run the State government and the people accept without much protest. We did not have a reform legislature in 1895 nor a reform governor, at least they made no claim as such before or after election. Extravagance has crept into every branch of the government and how to spend the most money seems to be the ambition of each succeeding state government. The tax-rate is gradually climbing and if the people do not do something to arrest extravagance the tax-rate will be so great as to be unbearable to many.

We had some misgivings, at first as to the advisability of the United States joining a league of nations, but now we are thoroughly convinced that an agreement among the great powers along the line advocated by President Wilson is the only hope of world peace. The league may fail to bring about the desired end, but we believe it will succeed. At any rate it cannot work less or worse than the old grab game methods that was directly responsible for this last war. In the name of humanity let us all aid every effort to secure a permanent peace and forever avert a war like the last. It is pitiful to see the petty partisan spirit in Congress by those who oppose the league of nations. The opposition seems to be made up of two classes, Republicans who are trying to make political capital out of it, and Democrats who have a personal dislike for President Wilson. What a blight upon the boasted statesmanship of this country, that such petty motives actuate members of congress who consider themselves great men!

They raise futile objections and oppose the methods of those who are trying to prevent another war. It is worse than criminal to raise petty objections to the plan of the League while the world is in mourning for millions of dead, and billions of wealth destroyed and the untold misery that the war has brought upon the world.

The people of the United States should rise in their might and demand that these piddling Republicans and Democrats in Congress either obey the voice of mankind to make a peace that will stand some show of averting war in the future, or resign.

All this talk of surrendering a part or all of our sovereignty is pure rot. No treaty was ever made with a foreign power in which we did not, to some extent, surrender our sovereignty.

All this talk about avoiding entangling alliances with European nations sounds well, because President Washington warned us against it and the advice was good for that time, but conditions have changed and against our intentions and desires we became entangled in the worst European war in all history and we are a set of chumps if we do not seek to prevent another such a war. President Wilson in our humble judgment is seeking to have the only plan adopted that will prevent a worse "entanglement" with Europe than we are in this war.

The United States is a world power, greatest on earth, and we can never again isolate ourselves from world

politics as we have in the past. President Wilson was among the first to realize this, but at first refused to act but events forced him to, and with the nation behind him we entered the war and gave material aid in smashing the old order of things that has made the world a battlefield and the flower of the manhood of the nations cannon fodder to boost every redhanded murdering ruler who wanted to rob his neighbor. A League of nations will cure this as the war has unhorsed most of the hereditary rulers of Europe. A new order and a new day, with new and higher ideals, is here but the stand patters do not see it and will not see it until they are put out of business.

THE HOME GOING OF WENDELL H. RUSSELL

We are still reaping heart aches and sorrows of the deepest dye as a result of this awful war. We are still losing some of the best of our young men. Some in the homeland and others on the foreign soil. But at whatever place and time the sacrifice is being made it is in a heroic spirit. Whether these men are called by the hard hand of disease or the sword they are equally ready and prepared for it and accept their lot in the most manly way of any set of men in the world.

Never was there a nobler and braver group of young men that went out from any county than the ones that went away from Callahan County during 1917 and 1918. When the country entered into the struggle for right against wrong, these men did not hesitate to come to its assistance. Many of them offered their services before the draft bill went into effect one of these was the subject of this sketch, Wendell Holmes Russell, the son of Mr. and Mrs. B. L. Russell of Baird.

Wendell was born October 19, 1894. He was converted and joined the Baptist Church when at the age of seventeen years. He volunteered his services and went away early in the conflict. He was finally sent to San Domingo where he was at the time of his death. Like so many of our dear boys his death was a result of the influenza.

Wendell was ready to go to meet God. This was evidenced in every letter he wrote home. He was free to discuss those things and did so. He was loved by all of those who knew him and stood at the top among his fellows in the navy. He received the very best of attention during his illness, but to no avail, for he had to go. This seemed to be God's will and it is only left to us to submit to it and not to question it. This was his attitude toward death.

He shall be greatly missed in his home and in the entire life of the town. The grief was universally felt there upon the news of his death. Every heart was wrenched. All of us shall miss his return. But we are to allow God to have his way. He knows best. "Blessed are the dead who die in the Lord." Thus is Wendell blessed today. May the parents and loved ones have the sustained grace of God to enable them to see, some day, his wisdom and goodness even in those things that cost us most dearly. May Wendell's associates who have known him all these years be as ready when the summons comes as he was. May we all allow his going to draw us nearer God.

By one who loved him,
R. A. Scranton.

Editor W. A. Holford of the Garland News, paid THE STAR a pleasant visit a few days ago. Editor Holford recently sold the Abilene Times to Lloyd Thomas. Mr. Holford is interested in some oil lands near Putnam.

"Daddy" Ham, who has been suffering for sometime from blood poison in his foot, is reported doing fairly well. We learn that the physicians did not cut off his foot as reported last week, but only his toes. We all hope our old time friend will soon be up and about again.

Frank Frazier was discharged out of the army at Camp Travis and arrived home the first of the week. Frank got mixed up in some lively fighting on the French front last summer and fell with a machine gun while advancing against the Huns and hurt his knee, which delayed his discharge.

DANDRUFF MAKES HAIR FALL OUT

A small bottle of "Danderine" keeps hair thick, strong, beautiful.

Girls! Try this! Doubles beauty of your hair in a few moments.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine for a few cents at any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

NOTED OFFICIAL PRAISES THE NEW STOMACH RELIEF

Hon. C. P. Grandfield's Testimonial Endorsing EATONIC as Evidence of Its Real Worth

Not often does a Postal Service Official get himself on record in this way. And that too in a language that is as plain as the first Assistant Postmaster under Taft, is the man who testified to the value of EATONIC and its beneficial results, please EATONIC above, the ordinary so-called stomach cures and indicates that here, at last, is something that will relieve all forms of stomach misery—indigestion, flatulence, heartburn, sour, acid or gassy stomach. The letter, devoid of all unnecessary words, is printed below. It hits the nail squarely on the head. Every sufferer from stomach misery should read what he tells them.

Washington, D. C.
"Too much praise cannot be given EATONIC. Its beneficial results are unequalled."
Very truly yours,
C. P. GRANDFIELD.

Here's the secret: EATONIC takes up the excess acidity, drives the gas out of the body—and the food goes with it. It is guaranteed to bring relief or you get your money back! Costs only a cent or two a day to use it. Get a box today from your druggist.

The River of Life

Say what you will of whatever part of the human anatomy you please, the river of life is the BLOOD. It is either the swift running stream of health or the germ-laden channel of disease, one or the other.

The new remedy for the blood is

RICH-TONE, The Famous Tonic

the kind that freshens and quickens the circulation, energizes the good corpuscles that fight the battles of life for the sick.

The Famous Tonic, is unlike any other known remedy. It works differently, it reaches in and through and down till it penetrates to the seat of the disease and springs at the very throat of the cause of it.

It's the only remedy that does this. And doing this it gets results and effects cures that no other can.

Mr. Wimsatt says: "I bought two bottles of Rich-Tone for my mother. She thinks it is the finest tonic. She has used many other kinds, but nothing has helped her like Rich-Tone."

Tell your druggist this is the kind you want and that you won't have any other. He'll get it for you. Only \$1.00 per bottle.

FILIBUSTER TACTICS FAIL IN THE SENATE

"VICTORY LOAN" BILL IS GIVEN FINAL PASSAGE SHORTLY BEFORE 7 A. M. SUNDAY.

Washington.—The senate remained in session all Saturday night to pass the loan bill, the keystone measure of the calendar, adjourning shortly before 7 o'clock Sunday morning, while the house held a business session, disposing of the conference report on the hospital bill.

Passage of the loan bill without a record vote and in the identical form in which it came from the house definitely marked the course of future legislation and gave assurance that President Wilson would not find it necessary to change his plan of deferring a call of the new congress until after his return from France, probably in June. Most republicans favored an earlier extra session, but after republican senators at a recent conference failed to reach any decision as to the advisability of obstructing the loan bill, no filibuster was undertaken.

Although many important bills, including the \$720,000,000 navy appropriation measure with its authorization of a new three-year building program, and the \$1,215,000,000 army bill, apparently are doomed to certain failure, administration leaders believe that none is of sufficient importance to require an earlier call of congress.

Final action by the house on the \$1,000,000,000 wheat price guarantee bill will be taken and will go to the president. Another important bill now regarded as certain of enactment is the general deficiency appropriation measure, carrying \$750,000,000 additional for the railroad administration.

Of other important bills remaining, leaders have planned to pass the diplomatic, hospital construction and military academy appropriation measures and that repealing the war revenue law's tax of 10 per cent on semi-luxuries.

Besides the army and navy bills, legislation which seemed certain to fail included the \$350,000,000 sundry civil bill, which contains \$660,000,000 for the shipping board, and the oil and mineral land leasing, and the water power measures. Disposition of the agricultural appropriation bill containing the senate rider amendment proposing repeal of the daylight saving law and many other measures, still was regarded in doubt.

Suffrage leaders admit that there is no possibility of congress acting upon the compromise equal franchise constitutional amendment resolution at this session.

Work Against Cotton Embargo.

Washington.—Representatives from the cotton-producing states do not feel that their movement for removal of the embargo against free shipment of cotton to European countries is closed, according to recent statements made. It is understood that the American delegates have represented to the French that raw cotton might be permitted to enter Germany and Austria under restrictions as a means of making it possible for those countries to pay the war indemnities.

Denies He Was Offered Bribe.

Austin, Texas.—Land Commissioner J. T. Robison says that he had at no time charged anyone with attempting to bribe him. This statement is made as a result of the introduction in the house of a resolution calling for an investigation of the general land office, particularly with reference to the alleged charge by Mr. Robison that he had been offered a bribe.

Austin, Texas.—Governor Hobby

has authorized the statement that he would not call an extra session of the legislature immediately after the adjournment of the regular session, but would wait until the middle of June, probably the 15th or 17th.

Special May Be Called Soon.

Austin, Texas.—Governor Hobby will not insist on postponing the called session of the legislature until next June, as he previously announced, if a majority of the members want it to follow the present session.

Would End Federal Wire Control.

Washington.—The Senate Committee has reported favorably the resolution of Chairman Bankhead providing for termination of federal control of telegraph, telephone and other wire utilities Dec. 31.

Postmasters to Meet at Mineral Wells

Ennis, Texas.—A. H. Buie, president of the Texas Postmasters' association, announces the annual meeting of that organization at Mineral Wells, May 27, 28 and 29.

Victory Loan Bill Recommended.

Washington.—The Victory loan bill providing for a \$6,000,000,000 short-term note issue has been favorably reported by the senate committee.

Italy Removes Import Embargo.

Washington.—The War Trade Board announces that Italy has removed its import embargo on shoes and leather. American exporters, however, must obtain an Italian import license before shipping these commodities.

THE KITCHEN CABINET

Not what happened but the way we take what happened, determines our experience.

Not what we have, but do, makes our sum of joy or sorrow.

Most of us can if we choose make this world a palace or a prison.

HURRY-UP DISHES.

The housekeeper who keeps a list of dishes that may be quickly prepared for a sudden emergency is one who is never flurried or fussed by an unexpected company and the welcome is so much more genuine if in the back of the head a possible menu is stored. The food to be served will depend upon the time of day. If it is dinner a more elaborate menu will be needed than for a luncheon or supper.

Try not to use dishes for these occasions for the daily menus, but keep them just for the emergency. Provided you are sure of proper results, it is fatal to one's peace of mind to experiment on an unusual dish. Keep in your closet or on the emergency shelf such foods as shredded codfish, sardines, canned salmon, tuna, crab and clams, canned tomatoes, soup, grated cheese, salad dressing, preserves, dates, nuts and marshmallows. This list could be enlarged indefinitely and other attractive things may be added.

An omelet is a dish generally well liked; it may be preceded by a cream of tomato soup, which is soon prepared and followed by a potato salad if one is fortunate enough to have a few cold potatoes on hand. If not, cook a few, cut in dice and serve in a cream sauce. A cup of tea with a cookie or piece of cake and a dish of preserves for dessert will make a most satisfying meal.

The canned soup, of course, if quickly reheated and saves preparing one dish; a salad of the solid part of the can of tomatoes with a bit of pineapple with marshmallows and whipped cream with a tablespoonful or two of salad dressing makes a most delicious sweet salad, which may be served with wafers, a cup of cocoa or coffee as a dessert.

A pretty table, with a few well-cooked dishes and a hearty welcome will make a feast for any guest.

"Business without optimism must fail. No pessimist can succeed in any enterprise. The man who believes in his vocation, who lives for it, who works for it, who knows it can and should be successful, is the man who has hope in his heart for the future, not only for himself and his own business in a selfish way, but for his entire country; that man or woman is a good citizen and an asset to his country."

VARIETY OF PIE.

To prepare chicken pie cut a well cleaned chicken into pieces, and place

in a saucepan, adding the neck, giblets and the skinned feet. To prepare the filling, wash well, then plunge them into boiling water then dip in cold water, when the outside skin will be easily removed. Add one cupful of finely diced celery, one large carrot cut in dice, two large chopped onions, cook all together until the chicken is tender. Remove the breast to cool and remove the meat. Place the wings, legs and thighs in a glass casserole and add the meat from the breast, the other vegetables and six quartered and parboiled potatoes. Thicken the gravy with flour mixed with cream or rich milk, cover with baking powder biscuit dough after seasoning well and bake until brown.

Fruit Mince Pie.—Take one pound each of raisins, dried peaches, one-half pound of dried apricots, one pound of prunes, one-half pound of candied citron, orange and lemon peel shredded fine; two quarts of cranberries. Put all through the meat chopper using the coarsest knife. Place in a preserving kettle and add two and one-half pounds of brown sugar and a cupful of any canned fruit juice or water. Cook slowly and carefully for one hour, then cool and add five pounds of chopped apple with the peeling left on. Add one pound of suet chopped fine, one pound of the seedless raisins, four tablespoonfuls of cinnamon, one of ginger, one of cloves, one of allspice and one-half of nutmeg and one of salt. Cover with one quart of cider boiled ten minutes. Mix thoroughly and can boiling hot.

Mince From Preserves.—Take one glass of spice grape jam, one pint jar of cherries, free from juice, one pint jar of peaches, sliced and strained, one pint of plums, pits removed and strained from the juice; one glassful of quince preserves, one glassful of apple butter, four quarts of chopped apple, one cupful of chopped suet, one pound of raisins, four ounces each of candied lemon, citron and orange peel shredded fine, two tablespoonfuls of cinnamon, one tablespoonful of nutmeg, one-half tablespoonful each of cloves, allspice and ginger.

Raisin Pie.—Wash one cupful of raisins add one cupful of honey and one cupful of water, the juice and

of one large lemon, cook for fifteen minutes and add two tablespoonfuls of cold water mixed with three of corn starch; cook two minutes, add cinnamon and vanilla. Bake with two crusts.

Let your standard be high—and although you may not reach it you can hardly fail to rise higher than if you aimed at some inferior excellence—John Hawes.

THRIFTY IDEAS FOR THE HOUSEWIFE.

It is the accepted custom these days to have as fancy a bread board as one can afford and use it on the table, cutting the bread as it is needed. Serve smaller portions; a whole slice is often taken when half is all that is eaten. In spite of care there will always be leftovers, but not one crumb should be wasted. For the crumbs and pieces which cannot be served again if mixed with other food, keep a small paper box and scrape in all these bits for the birds; there are many days in winter when the seeds and all food are covered with snow and a well-swept board for a dining table for the birds, sprinkled with the waste which cannot be eaten by the family, will make a feast for the little feathered friends.

Tea Bread.—Take one cupful each of milk and well-dried and rolled bread crumbs, one egg, one-half cupful of corn syrup, one and one-fourth cupfuls of flour, three-fourths of a cup of barley flour, four teaspoonfuls of baking powder well sifted with the flour, two teaspoonfuls of salt, three tablespoonfuls of fat and one cupful of raisins. Soften the crumbs in the milk, add the beaten egg and syrup. Sift together the flour, salt and baking powder, add the raisins, then mix all together and beat well. Turn into a well-greased pan and allow it to rise for twenty minutes. Bake in a moderate oven one-half hour. Nuts may be substituted for half of the raisins. This recipe makes two small loaves.

Bread Crumb Bread.—Take two-thirds of a cup of lukewarm water, one cup of milk, one tablespoonful of sugar, one and one-half teaspoonfuls of salt, one and one-half cupfuls of fat, one yeast cake, one and two-thirds cupfuls of bread crumbs and two and three-fourths cupfuls of flour. Pour the scalded milk over the fat, salt and sugar, add crumbs and water, and soft yeast when cool enough. Add flour gradually and knead ten minutes. Let rise until double in bulk, then shape into a large loaf and let rise again. Bake one hour.

There are three kinds of people in the world, the wills, the won'ts and the can'ts. The first accomplish everything, the second oppose everything, and the third fail in everything. Davidson.

TASTY DISHES.

Soup in various forms is an economy not to be overlooked. A dish of hot soup, though not containing much nutriment, will be a good beginning for a light dinner, making with a good dessert a satisfying meal. A salad is always a welcome dish, though not a necessity. When simple and inexpensive a salad adds to any meal, while a most elaborate and expensive combination may be served if the cost is not to be considered.

Date Custard Pie.—Rinse half a pound of dates in cold water to cover and remove the pits. Cut in quarters and press through a puree sieve, add the pulp to one pint of scalded milk with two lightly beaten eggs and a pinch of salt. Fill a deep plate lined with pastry, dust with grated nutmeg and bake as for custard pie.

Caneel of Beef.—Take two pounds of uncooked meat chopped fine. Meat from the shoulder or chuck may be used. Add two tablespoonfuls of sweet fat, two egg yolks or one egg; one-fourth of a cup of bread crumbs; two teaspoonfuls of parsley and nutmeg to taste. Mix all the ingredients and form into a roll, place it wrapped in oiled paper on a rack in a baking pan. Roast in a hot oven for thirty minutes. When done remove the paper, season well with salt and pepper and place on a hot platter. Serve with brown sauce.

Rice and Pineapple Dessert.—With a small amount of cooked rice and a cupful or less of pineapple, if shredded or crushed all the better, a most dainty dessert may be prepared. Mix the rice, pineapple and sugar or honey to sweeten, then fold in as much whipped sweetened and flavored whipped cream as the amount of rice will warrant. Serve in sherbet glasses with a cherry for garnish. Dates, apricots, pears or bananas may be used in place of the pineapple.

A tablespoonful or two of cottage cheese may be added to a salad dressing, or to the salad itself, improving either.

Relieved of Catarrh Due to La Grippe, Thanks to

PERUNA

Mrs. Laura Berberick, 69 years old, of 1205 Willow Ave., Hoboken, N. J., writes:

"Four years ago I had a severe attack of La-Grippe. After my sickness I was troubled with hoarseness and a pain in the head and throat, and was told I had Catarrh. I took some medicine but without much benefit. Every winter for four years, I have had La-Grippe (last winter three times). The Catarrh grew worse. I could not lie down or sleep at night. Was always troubled with a pain in my back and a terrible headache every morning, when I woke up, and had no blood. I got a Peruna calendar in Danish, my native language, and I read it through, every testimony, and then I bought a bottle of Peruna. To-day I can truthfully testify that Peruna has been a great benefit to me. It has given me blood and strength. I can lie down and sleep without being troubled. I have no pain, headache, or noise in my head. I have gained in weight three pounds, which I think is good for my age. I will be sixty-nine years old next summer. I have used Peruna since I started in February, and I use it yet. I feel cheerful and happy, thanks to Peruna. It will always be in my home and I recommend it to those who need it."

"BUILD A BARN" FARMERS URGED

Erection of Needed Buildings to Promote Prosperity.

DESIGN FOR THE SMALL FARM

Illustration Shows Plan for Combination Horse and Dairy Barn, Divided by Solid Wall.

By WILLIAM A. RADFORD.

Mr. William A. Radford will answer questions and give advice FREE OF CHARGE on all subjects pertaining to the subject of building work on the farm, for the readers of this paper. On account of his wide experience as Editor, Author and Manufacturer, he is, without doubt, the highest authority on all these subjects. Address all inquiries to William A. Radford, No. 1827 Prairie Avenue, Chicago, Ill., and only inclose three-cent stamp for reply.

"Build a barn!"

This advice is being urged on the farmers by the United States government.

There are two reasons why farm building should be resumed at once. One is the need of farm buildings to house the increased crop production and the live stock; the other is that the building trades and the building industry of this country must be em-

ever, put a different complexion on the situation. War industries halted. The millions of men and women employed by them at high wages were suddenly thrown out of employment. The factories had been transformed into munitions plants. Time is necessary to re-transform them into condition to produce the things needed in peace time.

February 1 it was estimated that there were 10,000,000 persons, men and women, out of employment in the United States. From being earners of large wages and capable of buying food at high prices, they suddenly were deprived of their wages and have become consumers, without the means of buying things they consume.

Quickest Solution is Building.

The government, in considering the possibilities of employing this labor, looked upon building as the thing that would provide the quickest solution of the problem. Building, that is, the erection of buildings, homes in the cities and towns, office buildings, factories, municipal buildings and school-houses, public improvements, and buildings on the farms, had been halted because of the need of both labor and materials in the production of war-time needs. Therefore, it was reasoned, there is need of building and building can start at once.

"Build a building!" That is the thing that the government is urging. Every farmer wants a modern building on his farm.

There has been great progress in the construction of barns during the last few years. State laws have made some features of barn construction obligatory to protect the milk and butter from contamination. Lack of labor

played if the farmers are to continue to enjoy the prosperity that has come to them during the last four years.

The need of buildings is known to every farmer, whose place is not properly supplied with housing facilities for his crops and his live stock. Both are too valuable nowadays to be housed in anything but the most modern building. The old-fashioned barn, where it cost 90 cents in labor to produce \$1 in milk has given way to the modern barn, equipped with labor-saving devices—devices that promote greater milk production. Scarcity of labor makes such a barn a requirement for the profitable conduct of the farming industry.

That his own prosperity depends on the prosperity of labor, not the labor of his own community, but on the labor of the country, probably has not occurred to the average farmer. To bring this fact home, let us consider the broad subject of labor and its employment.

War Work Brought Prosperity.

During the four or five years previous to November 11 when the armistice was signed, bringing to a halt all of those industries that had been employed in furnishing war materials, labor had been 100 per cent employed. Wages were the highest known to this country, or any other country, for that matter. The wage earners were prosperous and that prosperity was reflected in every other branch of our commercial, industrial and agricultural activity.

Prices of food were high, the highest known since the Civil war. Farmers were getting 200 and 300 per cent more for their crops, live stock and dairy products than they had received in former times. The reason for this

has made other features necessary because they save labor.

Barn for Small Farm.

A combination horse and dairy barn is shown in an accompanying illustration. This is a design for a small farm, where a dozen cows and four or five horses are kept. Here these animals may be safely housed, the work can be done easily and the winter's supply of feed for horses and cows may be stored.

As the ground floor plan shows, the horse barn and cow stable are separated by a solid wall. This prevents the ammonia fumes from the horse barn penetrating the cow stable, a feature of barn construction demanded by the laws of some of the states.

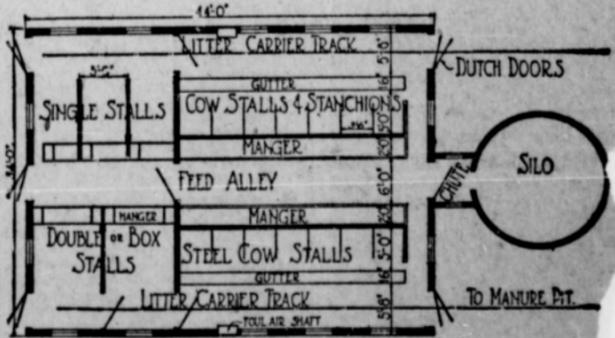

Three single and two double or box stalls are provided in the horse barn. Stalls for 12 cows are provided in the cattle barn.

The floor of the barn is concrete, the feed alley being through the center. The litter alleys are along the side walls. The feed alley runs through the building and is connected at the rear with the silo by a covered chute, which provides a feed room. Over each of the litter alleys is a carrier track, so that the manure may be transported out of the building to the pits on either side of the silo, where the winter feed of the cows is stored.

The hay mow on the second floor is connected with the horse barn by a trap door, near the door that divides the horse and cow sections of the barn. Hay for both animals is thrown down and is convenient to the managers of both.

Ventilation is Provided.

The barn is of wooden construction, with gambrel roofs and a system of ventilation, without which the modern

Ground Floor Plan of Horse and Cow Barn.

increase was that the demand was there, and the wage earners had the money to buy. Farm costs of production increased considerably. It is true, but the fact that no class of workers in the United States has been more prosperous or was a larger buyer of government bonds than the agricultural workers, shows that there was a good profit in farming.

The signing of the armistice, how-

ever, put a different complexion on the situation. War industries halted. The millions of men and women employed by them at high wages were suddenly thrown out of employment. The factories had been transformed into munitions plants. Time is necessary to re-transform them into condition to produce the things needed in peace time.

"Build a building!" It is a patriotic duty to employ the labor and it will help keep the country and every one in it prosperous.

Just Once! Try Dodson's Liver Tone! Take No Calomel! Listen To Me!

If bilious, constipated, headachy or sick, I guarantee relief without taking dangerous calomel which sickens and salivates.

Stop using calomel! It makes you sick. Don't lose a day's work. If you feel lazy, sluggish, bilious or constipated, listen to me!

Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel, when it comes into contact with sour bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are "all knocked out" if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful tonight, and if it doesn't

straighten you right up and make you feel fine and vigorous by morning, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep the entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste. —Adv.

ITCH!

A WAR-TIME ILL THAT'S SPREADING HUNT'S SALVE CURES IT!

BRED in the war trenches of Europe, a wave of ordinary ITCH is spreading over the country. This skin disease, history shows, has always prevailed, following wars and the concentration of armies. It was common during the Civil War and following that conflict. There was an epidemic of the Itch after the Spanish-American War. Now history is repeating itself after the great European struggle.

Returned soldiers and those with whom they come in contact will find a recognized remedy for the Itch in Hunt's Salve, commonly known as "Hunt's Itch Cure." Many a veteran of the late '90's will testify to its merits. If directions are followed HUNT'S SALVE will prove a never failing cure for all forms of the Itch, and your druggist will tell you so. He sells HUNT'S SALVE under a strict guarantee to refund the purchase price to any dissatisfied user.

A Medford, Oklahoma man, among thousands who praise HUNT'S SALVE, says: "Some people dislike to call it the Itch, but candidly compels me to admit I had it badly. Your Hunt's Salve, however, cured me after many other remedies had totally failed. One box completed the cure—the first application afforded wonderful relief. My advice to those who have to scratch, is to use Hunt's Salve."

Hunt's Salve is especially compounded for the treatment of Itch, Eczema, Ringworm, Tetter and other itching skin diseases and is sold on our guarantee by all reliable drug stores, or it will be sent direct by mail if your local druggist cannot supply. Price 75c per box. A. B. RICHARDS MEDICINE COMPANY, INC., SHERMAN, TEXAS.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy count, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GLOW'S TARTARIC ACID TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or displace the worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

**PURINA
COW CHOW FEED**
MAKES A FULL BAG

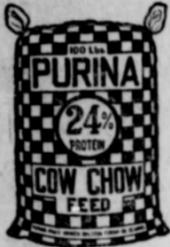

Two or three pounds more milk in every cow's bag every day means a big extra profit at present milk prices.

This increase is possible by the use of *Purina Cow Chow Feed*, which costs only about a cent a cow more per day than the average ration.

The reason *Purina Cow Chow Feed* produces such heavy increase is that it contains 20% digestible protein (24% crude), the maximum amount a cow can assimilate and keep in the best condition.

Every ingredient used in *Purina Cow Chow* is a feed of recognized value. There is no cheap filler. Every pound yields more milk in the pail.

Try a ton and you will understand why dairymen insist on *Purina Cow Chow*.

THE STATE OF TEXAS
In the District Court, March Term A. D. 1919
To the Sheriff or any Constable of Callahan County—Greeting:

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Callahan, if there be a newspaper published in said county, but if not, then in the nearest county where a newspaper is published, for four consecutive weeks previous to the return day hereof, you summon John Sayers and the unknown heirs of John Sayers deceased, and the unknown heirs of the unknown heirs of John Sayers deceased, Nancy Duncan and Elizabeth Duncan, and the unknown heirs of the said Nancy Duncan and Elizabeth Duncan, deceased, and the unknown heirs of the unknown heirs of the said Nancy Duncan and Elizabeth Duncan, deceased, Solomon Turpin, Senior, and the unknown heirs of Solomon Turpin, deceased, and the unknown heirs of Solomon Turpin, deceased, James F. Turpin and the unknown heirs of the said James F. Turpin, deceased, Geo. W. Meador, Elizabeth W. Turpin and the unknown heirs of the said Elizabeth W. Turpin, the residences of all of whom are unknown, and who are hereinafter styled defendants of unknown county, to be and appear before the District Court, to be held for the County of Callahan, at the Court House thereof in Baird on the 24th day of March 1919, File Number being 1886, then and there to answer the petition of S. B. Snow and C. Z. Fine filed in said Court on the 20th day of February, A. D. 1919, against the said John Sayers and the unknown heirs of John Sayers deceased, and the unknown heirs of the unknown heirs of John Sayers deceased, Nancy Duncan and Elizabeth Duncan deceased, and the unknown heirs of Nancy Duncan and Elizabeth Duncan deceased, and the unknown heirs of the unknown heirs of the said Nancy Duncan and Elizabeth Duncan, deceased, Solomon Turpin, Senior, and the unknown heirs of Solomon Turpin, deceased, and the unknown heirs of Solomon Turpin, deceased, James F. Turpin and the unknown heirs of the said James F. Turpin, Geo. W. Meador and the unknown heirs of the said Geo. W. Meador, Elizabeth W. Turpin and the unknown heirs of the said Elizabeth W. Turpin.

In the District Court of Callahan County, Texas March Term A. D. 1919

To the Honorable Judge of said Court.

Now comes S. B. Snow and C. Z. Fine, who reside in Callahan County, Texas, hereinafter called plaintiffs and complaining of John Sayers and the unknown heirs of John Sayers deceased, and the unknown heirs of the unknown heirs of John Sayers deceased, Nancy Duncan and Elizabeth Duncan, and the unknown heirs of Nancy Duncan and Elizabeth Duncan, deceased, and the unknown heirs of the unknown heirs of the said Nancy Duncan and Elizabeth Duncan, deceased, Solomon Turpin, Senior, and the unknown heirs of Solomon Turpin, deceased, and the unknown heirs of Solomon Turpin, deceased, James F. Turpin and the unknown heirs of the said James F. Turpin, Geo. W. Meador and the unknown heirs of the said Geo. W. Meador, Elizabeth W. Turpin and the unknown heirs of the said Elizabeth W. Turpin, the residences of all of whom are unknown and who are hereinafter styled defendants and for cause of action plaintiff represents to the court:

That heretofore to-wit, on the 1st day of Dec. 1901 the plaintiff S. B. Snow acquired title to the hereinafter described tract of land from B. T. and M. A. Snow and by warranty deed from the various and all the heirs of B. T. Snow and M. A. Snow deceased, all the land deeds duly executed and placed of record in the office of the County Clerk of Callahan County, Texas, in Vol 61, page 15.

That the plaintiff C. Z. Fine acquired title and possession to the hereinafter described tract of land from W. L. Edmondson and wife, Ada Edmondson and Walter Bryant and wife Lena Bryant on April 3rd 1917, which deed was duly executed and placed of record in the office of the County Clerk of Callahan County, Texas, in Vol 61, page 15.

That the said plaintiffs above named held in separately the tracts of land hereinafter set out and being part of the John Sayers Survey in Callahan County, Texas head right certificate No. 28, and that each of said plaintiffs have so held and owned said land for more than ten years having the same fenced and paying taxes thereon, cultivating, using and enjoying the same and holding it in adverse possession in private of estate with their predecessors in title.

That defendants are now making some claim or claims, to said lands the nature of which are unknown to plaintiffs, but which is founded neither in law or equity and have long since been barred by limitation, but which casts a cloud on plaintiffs' land, the said land above referred to being described as follows, to-wit:

THE S. B. SNOW TRACT
One Hundred and Forty-six acres of land out of a 216 acre tract out of the John Sayers Survey, described as follows: Beginning at the S W Cor of League of Labor Sur No 11 a stake from which a P O B S 89 E 16 1/2 vrs do hrs N 26 W 29 vrs. Thence W 147 6-10 hrs to a stake from which a P O S 30 1-2 E 11 vrs.; do hrs N 40 1-2 E 11 vrs. Thence N 98 1-10 vrs to stake for cor. from which a P O B S 30 E 1 vrs do hrs S 49 1-2 E 12 vrs. Thence S. 308 1-10 vrs to the place of beginning, less a tract of 100 acres sold off the above described land by B. T. Snow and wife, M. A. Snow to Mary E. Roberts July 25, 1906, containing 146 acres more or less.

THE C. Z. FINE TRACT
All that certain tract of land situated in Callahan County, State of Texas, described as follows: The S 1-2 of a 100 acre tract out of the John Sayers Survey of 1876 as per the above named survey action on April 3rd 1917, which deed was duly executed and placed of record in the office of the County Clerk of Callahan County, Texas, in Vol 61, page 15.

Wherefore plaintiffs pray judgment of the court that defendants be cited to appear and answer this petition, and that plaintiffs, each have judgment for the possession of and title to their respective tracts of land herein described and that the title to said possession of said tracts of land be divested out of defendants and be vested in the respective plaintiffs in fee simple forever, and plaintiffs title to the respective tracts they severally claim be forever quieted, that the costs be ad-

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

She writes further: "I am in splendid health . . . Can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

Prof. G. A. Rylee died at his home, Denton community January 17, 1919.

Not only have five children lost a faithful and affectionate father, and the wife a princely companion, but the state has lost one of its very best primary teachers.

Prof. Rylee has taught school more than eighteen years. He was a man of force, tact and agreeable personality. A man whose presence commanded respect, and whose words carried conviction. Prof. Rylee was a man full of sympathy pains taking and a source of inspiration to his pupils. He always had the time, and was never tired to give each pupil, who ask of him, personal help. The writer having been his student apart of four years can not express in words his true value.

When that solemn question was ask by his sister, "George are you ready to go?" He calmly replied, "I am, but I want to stay." Ah! we are all mighty human. He had so much for which to live. Why Colds are Dangerous.

You are often told to "beware of a cold," but why? We will tell you: Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer a cold hangs on, the greater the danger, especially from the germ diseases, as a cold prepares the system for the reception and development of the germs of consumption, diptheria, scarlet fever and whooping cough. The quicker you get rid of your cold, the less the danger of contracting one of these diseases. Chamberlain's Cough Remedy has a great reputation as a cure for colds and can be depended upon. It is pleasant to take. For sale by all druggists.
