NUMBER 39

Clyde Thompson Granted Reprieve

Clyde Thompson, who has been twice convicted of murder and sentenced to death in the electric chair for the killing of Lucian Shook, Tuesday was granted a 90-day reprieve by Governor Ross Sterling. Mr. Sterling said he did not want to see Thompson go to the chair in this case until after the outcome of the trial of Thomas Davis, charged with the murder of Leon Shook, a brother of Lucian, who met death at the same time of the other killing. The trial of Davis is set to come up in the 88th District Court at Eastland during the first part of June.

In commenting on the case, Governor Sterling said:

"I would not be satisfied to permit Clyde Thompson at this time to be electrocuted for his participation in the transaction out of which the pending case of Thomas Davis grew, until the disposal of Thomas' case by the courts of our state.

"In order to give the courts time in which to dispose of the Thomas Davis case now pending, I feel that I should grant a stay of execution to Clyde Thompson, and in this way I can then have before me the full and complete court records pertaining to all of those charged with a part in the murder of the Shook brothers."

MUSIC CLUB HOLDS FINAL MEETING OF THE YEAR

The Music Club met in regular session Monday afternoon. This being the last meeting of the year, and because of the program to be given Friday evening, this was strictly a business session, the program being dispensed with. The treasurers report was had, and all outstanding committees gave their reports.

In observance of the National Music Week the club is sponsoring a program to be given in the auditorium of the First Baptist Church this evening, and the public is cordially invited. The program arranged follows:

1. "Blue Danube Waltz," Grauss, sung by Mesdames Ben McClinton, A. E. Jamison, W. W. Wallace, Miss Boyd, and Messrs. Boyd, Boney, Duncan, and Patterson.

2. Xylophone Solo, selected, Julian Ely.

3. "Marguerite," C. A. White, Mrs. Wallace, and Mrs. P. L. Ulom.

4. (a) Serenade, (b) Spirit Swallow, Miss Marion Chambliss.

5. Reading, selected, Mrs. Zelia Blanche McClinton Moore.

6. (a) Love's Confession. (b) Call of the Maytime, Madeline Ely, winner of the voice scholarship at the Simmons University.

7. "Breezes of Dawn," Curran, Mesdames Leon Maner, W. B. Statham and Miss Chambliss.

8. "Senorita Clementi," Jack Moates and Thurman Morrison. These two boys are Abilene pupils about 12 years of age, and winners in the state duo-piano, class C contest.

Mayor J. T. Berry is in Stanton on business this week. Commissioner Geo. D. Fee is Mayor Pro Tem during Mr. Berry's absence.

Geo. Ruppert and family, Newt Waddell and Otto Magee are in Galveston this week attending the Bakers' Convention in session there.

Telegraph Operator Held Up and Robbed

E. H. Parker, night telegraph operator, was held up and robbed Sunday night by two negroes, who took \$37 from his pocketbook. Mr. Parker was enroute home from work at about 11:30 o'clock. As he approached the concrete viaduct on A avenue between eighth and ninth streets, a car drew up, containing two negroes who asked him the way to Eastland. Mr. Parker pointed the direction asked, and as he did so, one of the negroes stepped from the car and told him to "stick 'em up." His bill fold was taken from his pocket, the money removed and the fold returned to the pocket. The negroes then told him to move on, and they drove away.

Mr. Parker was not able to tell much about the colored robbers in the darkness.

Gila Monster On Display

The show window of the City Garage and Battery Co. has drawn quite a bit of attention the past week. There has been on display there a Gila Monster which was brought from Arizona by Mr. and Mrs. Ed Smith, of Douglas, who are visiting in this city. The Gila Monster in appearance, is an overgrown lizard, and is found on the Gila river in Arizona. His skin somewhat resembles that of a mountain lizard, and something like a rattle snake. He has fangs something like those of the rattle snake, and his bite is very deadly poisonous. He is an interesting, but dangerous pet, which must be "handled with care." It is a sight worth while to drop by and look him over.

DELPHIAN CLUB MEETS AT CLUB HOUSE MONDAY

The Delphian Club met Monday morning at the club house, Mrs. A. J. Olson presiding. At the business session it was definitely decided that the dates for the Quilt Show will be May 14, 15, and 16, and would be held in the Holcomb building on Ave. D at Sixth street.

The program was in charge of Mrs. H. I. Stock, the subject being "The Story of Greece." The following numbers constituted the program: "Persian and Grecian Wars," Mrs. O. T. Maxwell; "Story of Athens," Mrs. A. J. Olson; "History of Sparta," Mrs. H. I. Stock.

Those responding to roll call with current events were: Mrs. O. T. Maxwell, Mrs. H. I. Stock, Mrs. A. J. Olson, Mrs. S. E. Hittson, Mrs. J. E. Spencer, Mrs. Chas. Sandler.

IDEAL 42 CLUB MEETS AT E. C. McCLELLAND HOME

A very unique as well as pretty color scheme was used by Mrs. E. C. McClelland when the Ideal 42 Club met at the McClelland home on West 7th Street, Thursday evening. Wild flowers of every shade and hue were used for decorations, and featuring the same scope of colors each tally card and score pad was different. Candies in all shades were served throughout the evening. H. C. Henderson won high score for men and Mrs. Parks high for women. Those present were: Messrs. and Mesdames L. R. Adams, S. B. Parks, Henry Hennington, H. O. Henderson, Mrs. Burl Daniels, and Ed Green, and the host and hostess.

Cisco Hotel Is Lost By Fire

The Cisco Hotel, a two-story frame building of oil boom days situated on East Sixth street, near the M., K. & T. Ry., was totally destroyed by fire shortly after midnight Monday night. The property was owned by Mrs. Ella Kennedy, and the furnishings by Mrs. Ada Stewart, who was occupying the building. The building was said to have \$5,000 insurance on it, and the furnishings \$1,000. About fifteen people were in the building at the time of the fire, and all escaped without injury, although one man, "Uncle Dan" Thompson, was cut off by the flames, and was carried down a ladder by one of the firemen, Allen Farley.

In the tennis tournament at West Texas State Teachers' College at Canyon City Saturday the Randolph College team came off with some high honors. They won first place in the doubles and reached the semi-finals in the single championship plays. The doubles team was Dick West and J. B. Farmer, defeating the Teachers' College team. They won three sets out of five. About thirty schools from various places had their representatives there to take part in the tournament. Dick West put Randolph in the semi-finals, and after a hard fight was defeated by an Oklahoma state champion.

WHILE-AWAY BRIDGE WITH MRS. HUGH WHITE

Blue-bonnets added a pretty contrast to the pink and white note used by Mrs. Hugh White Wednesday afternoon when she was hostess to the While-Away Bridge Club. Snap dragons in pink and white and gift packages featured these colors.

Mrs. Crownover won high score in games, and Mrs. Grace Pulley made high cut.

Sandwiches, salad and ice cream were served to Mesdames E. O. Elliott, R. C. Fain, H. B. Hackleman, Guy Austin, Fannie Pulley, E. L. Walker, Jack Pippen, Lloyd Surlis, Winfield Gallagher, Grace Pulley and Miss Clark.

Attend League Meet

High school entries in the state Interscholastic League at Austin, left yesterday morning for that place. They are: Debate team, Billy Murray and Haywood Kinsey; Ben Miley, who will compete in the track meet, and Sterling Drumwright, senior boys' declaimer. Billy's parents, Mr. and Mrs. W. J. Murray, also Supt. and Mrs. R. N. Cluck, are among others attending the meet.

B. B. Brummett, coach, together with ten of the Scranton high school boys, left Thursday morning for Denton to take part in the first state Class A track and field meet. This team won the county Class B championship for the past two years. The team consists of Woodrow Sawyer, high point man of the county Class B meet; Sambo Morgan, miler; Cecil Black, high jumper; O. B. Brown, discus; W. P. Ledbetter, O. Edwards and A. Holder, hurdlers; G. Moore, javelin; J. H. Shrader Jr., relay; G. Wells, half mile.

Rev. E. S. James of the First Baptist church has been appointed a director on the board of Howard Payne College, of Brownwood.

Allotment Made Highway Topping

In a list of allotments made Monday by the Highway Commission at Austin, one is of particular interest to Cisco. That is the amount of \$25,877 appropriated for the topping of the highway 23 from Cisco connecting with the pavement on that highway in Callahan county. It is expected that actual work on this project will begin in the not distant future, and will give pavement to the lake on to the northwest. It will also put pavement much nearer to Randolph College.

FIRST INDUSTRIAL ARTS MEETS WITH MRS. OLSON

The Home of Mrs. A. J. Olson was beautifully decorated with spring flowers when the First Industrial Arts Club met Thursday afternoon, Mesdames H. Brandon, A. E. Jamison, N. A. Brown, and E. L. Miley being hostesses. Honoring motherhood, each member had been requested to bring a mother as guest, and members responded to roll call with a tribute to mother, and introduced to the club the mother who accompanied her. Mrs. R. E. Grantham presided at the session, and Mrs. B. E. Morehart was leader of the program, the subject being, "Mother and Home."

J. W. Bettis in a most pleasing manner gave a most wonderful tribute to mother. A reading by Miss Elsie Glenn, a poem by Edgar A. Guest, "Takes a Heap of Living in a House to Make a Home," was enjoyed very much. A paper, "Pioneer Texas Homes," was read by Mrs. B. E. Glenn. Mrs. W. W. Wallace gave a very vivid description of homes, home additions and ranch homes, beginning in El Paso, going east, then south to San Antonio, then through the Panhandle, and then to Cisco. Mrs. W. J. Leach gave a talk on "What's Wrong with Texas Homes Today." "Home, Sweet Home," was sung in unison, Mrs. Wallace playing the accompaniment. Brick ice cream and cake were served, and bluebonnets used as favors to members and guests.

REDUCED RATES—On very nice 3-room apartment, well furnished, Pleasant, \$15. Apply 612 West 4th St. C. M. Nichols

PRESBYTERIAN AUXILIARY HAS ITS BIRTHDAY PARTY

The Presbyterian Auxiliary had its birthday party at the church Tuesday afternoon. The program had been arranged by Mrs. Homer Slicker and L. Y. Siddall. The subject of the program was, "Needs of Africa," and the birthday gifts, which was an offering from the members, was for the use of girls' schools in Africa. A very interesting program was carried out, the following numbers being given: Paper, "Birthday Offerings," Mrs. L. Y. Siddalls; Romans, 12th chapter was read by Mrs. B. C. Boney; Prayer, Mrs. leVeaux; "Education of African Women," Mrs. E. P. Crawford; Solo, "Love Came Calling," Miss Dorothy McDonald; Pageant, "Voices From the Waste Basket," was sponsored by Mrs. Slicker, and was very much enjoyed. Mrs. W. W. Wallace, who had just returned from the Presbytery held in Ft. Worth, gave a wonderful report of the meeting, and so vivid was her account that each member felt that she had attended the session in person. The meeting was closed with prayer by Mrs. F. D. Pierce.

City Commission Begins Its Work

The City Commission met on last Friday afternoon, at which time a petition was presented, with quite a number of signatures, asking for the appointment of W. J. Armstrong as successor to J. T. Berry as commissioner. The Commission, after some discussion, proceeded to elect W. J. Donovan for that place. They then proceeded to organization. Geo. D. Fee being made Mayor Pro Tem. The following designations were made as commissioners: J. R. Burnett, finance commissioner; Geo. D. Fee, water commissioner; Joe Clements, street commissioner; W. J. Donovan, police commissioner; J. T. Elliott, health and sanitary commissioner.

On motion by Joe Clements and seconded by J. R. Burnett, the Commission voted to abolish the convict camp at Lake Cisco.

On motion made by Joe Clements and seconded by J. R. Burnett, the office of City Engineer was voted abolished.

The Commission adjourned to meet Saturday afternoon.

Saturday afternoon the Commission met, all commissioners present.

J. B. Cate was elected City Secretary for the ensuing year. Joe Clements made a motion that the salary be fixed at \$175 per month. The motion was lost for want of a second. J. T. Elliott then moved that the salary be set at \$150 per month. Burnett seconded this motion. Put to a vote Geo. D. Fee, W. J. Donovan and Joe Clements voted against it, and the motion was lost. Joe Clements then made a motion that the salary be \$175 per month, and the motion was carried when Burnett, Clements and Elliott voted for it. For Assistant Secretary, W. J. Donovan nominated Mrs. W. B. Statham, J. R. Burnett nominated J. H. Chambliss, and Joe Clements nominated Mrs. Ida Bell. They voted: Fee, Elliott and Donovan for Mrs. Statham; Burnett for J. H. Chambliss and Clements for Mrs. Bell. Mrs. Statham being declared elected.

For City Attorney Joe Clements nominated B. W. Patterson and the motion was seconded by J. R. Burnett. Geo. D. Fee nominated F. D. Wright. When the vote was taken Fee, Donovan and Elliott voted for Wright, thus giving him the majority and electing him.

For the office of Janitor, Mr. Lamb and J. D. Mann was nominated. Voted: Burnett, Clements and Elliott for Mann, giving him a majority, electing him.

On vote of the Commission, the fishing permit rates were reduced from \$5 to \$2 per family per season.

The Commission adjourned, the filling of places of Chief of Police and Water Commissioner being carried over to a future meeting.

Sandwich Shop Robbed

The Best Sandwich Shop, on the Eastland highway, in the edge of Cisco, operated by J. J. Litchfield, was robbed Tuesday night of about \$40 worth of groceries. Entrance was made by removing the glass from a show case which formed a part of a front window. The robbers had evidently tried to gain entrance by the front door where they had removed two glass panels in the effort to unlock the door. According to Mr. Litchfield, this makes the third time his place has been robbed this year.

Entered as second class matter July 24, 1930, at the Post Office at Cisco, Texas, under the act of March 3, 1879.

The Cisco Citizen is an independent Democratic newspaper, supporting what it believes to be right, and opposing what it believes to be wrong. Regardless of party politics, publishing the news fairly and impartially at all times.

The Way They Do Things.
On Gas Rates in Amarillo

The policy of Mayor Ernest O. Thompson, the live-wire city head of Amarillo, is that when you want something done for the betterment of city conditions is to just go ahead and do it. He has been very busy for some time on the matter of obtaining cheaper gas for his town. Some time ago he demanded and got a substantial cut in the rates there, then later, concluding that still lower rates were justified, the local company not agreeing, he proceeded toward the municipal gas plan, and a contract was signed with a company for the

delivery of gas to the city limits for 5 cents a thousand, and steps were made toward this end. Then a top price of 22 1-2 cents and a low rate of 7 cents was announced for users. The Amarillo Gas company then, realizing that that particular mayor meant business, came forth with another slash in rates, which ranged down to 8 cents for big commercial users.

Faced with this cut last week Mayor Thompson's only remark was, "If the city of Amarillo wants cheap gas all they've got to do is stand by the city commission." He did not elaborate on this statement, but he added that bids for constructing the municipal system would be received at once.

THE OFFICE CAT SEZ:

The first thing that the New City Commission went and did was to get 'em a good 1931 model Eliminator, and they started it to work Eliminating sum expenses around here what we would be better off without. Mark that down to their credit. In making our bet through sum of these here back alleys we sometimes see things which shore out to be run thru that machine. Keep the old Eliminator purcolatin, "Dads," there's lots of good work for it to do.

A Complete Reply

An exchange prints a little story, clipped from an unknown source, which may be old, but it is good, and worth repeating.

It concerns an Omaha wholesaler and a customer merchant in an Iowa cross-roads town. A shipment of goods received by the customer was rejected as unsatisfactory.

The wholesaler prepared to institute suit for collection, and he wrote to the railroad agent at the village for information about the arrival of the merchandise; to the president of the bank for information concerning the financial standing of their customer; to the mayor of the city asking him to recommend a good lawyer to handle the case; and to the merchant himself threatening suit, if he did not make payment at once. This reply was received:

"I received your letter telling me I had better pay up.

"I am the railroad agent here and received the letter you wrote about the shipment.

"I am the president and sole owner of the local bank and can assure you as to my financial standing.

"As the mayor of the city I hesitate to refer you to a lawyer, since I am the only member of the bar in this vicinity.

"If I were not the pastor of the only church here I would tell you to go to hell!"

A Dangerous Practice

There is a practice among some people of using a penny or other small piece of metal back of a light fuse when it blows out instead of replacing with a new fuse. This is a very dangerous practice, which will most easily cause a fire. It is uncalled for, as new fuses may be had for a few cents. It is a very good plan to keep a few extra fuses on hand, and thus be prepared for emergency.

The fuse is put there for the protection of the wiring. If there should be a short in the wiring somewhere it blows out the fuse, and no harm is done. But if a penny or some such makeshift is used back of the fuse and there is a weak spot in the wiring, a fire is often the result. This unthought practice has caused many nice homes to be burned, and much serious fire damage.

Good News For The Motorist

The State Highway Commission is committed to the idea of getting rid of the "dips" that have been a constant menace and

hazard. At one sitting of the Commission recently appropriations were made for the elimination of no fewer than 145 of such "dips" on different highways, and their replacement with

concrete culverts or with wooden bridges.

Here's more good news: Federal aid and highway contracts let during March by the Commission totaled \$5,208,691.
