

THE CISCO WEEKLY CITIZEN

VOLUME THREE

CISCO, TEXAS, THURSDAY, JUNE 1, 1933

NUMBER 39

Dr. J. A. Hill Will Address Seniors Of Cisco High School

In preparation for the graduating exercises of the Cisco High School Monday night this has been a busy week with the officers, teachers and senior class. The school will graduate the largest class in the history of the school, when 75 will be awarded diplomas.

An excellent selection this year in the minister to deliver the baccalaureate sermon was made by the school officials when Rev. E. S. James, pastor of the First Baptist Church, was designated to deliver this annual sermon. This divine is one of the most spiritual ministers in this section, and a pleasing pulpit orator, and those who avail themselves of the opportunity to attend these services at the high school auditorium Sunday morning will not only be spiritually refreshed but will hear the scriptures expounded in a pleasing, earnest manner that will be a veritable spiritual inspiration.

This evening will be honor night for the entire school system when honor students will be awarded certificates of merit. Of the high school Miss Pauline McClinton, the valedictorian, and Miss Betty Fee Spears, salutatorian, have general averages of 95.9975 and 95.7825 respectively, and Miss Pauline Dungan, third honor student, with a general average of 91.375. The honor boys are Ira Hooker, 91.77; Max Powell, 88.75, and Joe Bob Winston, 88.7.

The general averages of the grammar school honor students were Norma King, 95.416; Margaret Hageman, 95.342, and Jimmie Rominger, 92.6675.

The graduating address to the seniors will be delivered by Dr. J. A. Hill, president of the Canyon Teachers College Monday evening. The members of the senior class are as follows:

Graduates

Frank Aycock, Pearl Ayers, Frances Bacon, Lucille Bacon, Newton Baker, Novel Barnhill, Verda Beene, Melvin Bowles, Eugene Campbell, L. B. Campbell, Jr., Rex Carter, J. L. Cearley, Charles Clark, Faye Clark, Joe Ed Coldwell, Lillian Coldwell, Agnes Collins, J. W. Cook, Neva Dean Dill, Van Dowda, Pauline Dungan, Daisy Evans, Lucile Flaherty, Maxine Fowler, Bernice Garrett, Roy Lee Garrett, Grenville Groce, Josie Hall Beasley Hannaford, Alyce Hazel, Lorene Hicks, Ruby Fay Hock, Fay Holder, Avery Holt, Aubrey Holt, Ira Hooker, Roy Kinard, Hartman McCall, Durward McClelland, Pauline McClinton, Hagen McMahon, Stroud McMurry, Hazel Martin, James Matthews, Frances Metcalf, Gero Miley, John Miley, Zona Miller, Mary Jane Morehart, Tom J. Nabors, Autalee Notgrass, Helen Page, Max Powell, Opal Proctor, Lois Pulley, Clemo Ray, Forrest Ray, Raymond Richardson, Alwilda Shackelford, Leon Sherrod, Betty Fee Spears, Annette Stephens, Helen Stokes, Wendell Surlles, Hazel Swink, Bobby Thurman, R. L. Tucker, Pierce Thomason, Charles A. Van Horn, Christeen Walters, Coleman Williams, Thelma Webb, Finley Winston, Joe Bob Winston.

GRAND JURY CALLED TO CONVENE NEXT MONDAY

The following named persons compose the grand jury summoned serve for the 91st district court for the June term which convenes the first Monday in June:

W. J. Donovan, Cisco; J. D. Lauderdale, Cisco; G. C. Kimbrell, Eastland; D. C. Hazelwood, Rising Star; A. L. McDonald, Rising Star; R. E. Sikes, Eastland; W. T. Creager, Gorman; W. A. Sutton, Gorman; W. R. Ussery, Carbon; Harry Hall, Carbon; Walter Harwell, Ranger; R. S. Balch, Ranger; E. C. Satterwhite, Eastland; A. H. Gage, Nimrod; N. D. Gallagher, Desdemona; N. C. Crawley, Staff.

FOR TRADE—Federal Electric Washing Machine in good order. Want Icy Ball ice box.—W. E. Crawford, Route 2, Cisco.

AIR COOLED COACHES ADD COMFORT TO SUN SHINE T. & P. SPECIAL

Air cooled lounge cars with such modern conveniences as valet service, soda fountains, radio entertainment and shower baths for men and women will be placed in service on the Texas and Pacific's internationally famous train "The Sunshine Special," between El Paso and St. Louis beginning Thursday, June 1. In explaining this new service, Frank Jensen, General Passenger Agent, said: "It is our endeavor to make travel on this internationally famous train a luxurious vacation and these cars are going into service just in time for use to the Century of Progress Exposition, Chicago and to California.

"Already famous as the finest lounge cars in America these cars have been made still finer through the installation of air cooling and air conditioning equipment that maintains a temperature of 70 degrees inside the cars and extracts all dust and impurities from the air."

Christian Science Church Service

"God the Only Cause and Creator" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientists, Sunday, June 4, including Eastland First Church.

The Golden Text is from Revelations 15: Great and marvelous are thy works, Lord God Almighty; just and true are thy ways, thou King of saints."

Among the passages to be read from the Bible will be the following from Malichi 2: "Have we not all one father? hath not one God created us? why do we deal treachously every man against his brother, by profaning the covenant of our fathers?"

The Lesson-Sermon will also include from the Christian Science textbook by Mary Baker Eddy, "Science and Health with Key to the Scriptures," citations, one of which will be as follows (p. 262): "Divine Mind is the only cause or Principle of existence. Cause does not exist in matter, in mortal mind, or in physical forms. Mortals are egotists. They believe themselves to be independent workers, personal authors, and even privileged originators of something which Deity would not or could not create. The creations of mortal mind are material. Immortal, spiritual man alone represents the truth of creation."

FORT WORTH OFFICERS SEIZE SLOT MACHINES

War has been declared on slot machines by Fort Worth and Tarrant county officers, and lottery charges filed against 13 persons operating these devices to gather in the nickels of the sportively inclined individual, following a raid by police Saturday after Federal Judge Wilson had denied an injunction sought by the makers of these machines. Now the district attorney is seeking a court order to destroy these devices.

It seems the gambling instinct is strong in certain people, and even this mild form of wagering proves attractive to those who wish to take a chance.

Up to the present local officers have made no move to stop the operation of slot machines in Cisco.

High School Freshmen Are 51 Sent From The Cisco Grammar School

The 1933-34 freshmen of the high school will be composed of 51 graduates of the Grammar School, who were awarded diplomas Thursday night when the graduating exercises were held at the high school auditorium. The address was delivered by Rev. C. Q. Smith, Methodist presiding elder of this district, and the diplomas were presented members of the class by Supt. R. N. Cluck. An appropriate program had been arranged and carried out.

Norma King was valedictorian of the class, and Margaret Hageman salutatorian.

Those who will compose the high school freshmen next session, having finished their studies under the direction of O. L. Stamey, principal of the Grammar School, are as follows:

Ruby Arnold, Idella Barnhill, Evelyn Clements, Lena Culbert, Marguerite Eppler, Margaret Hageman, Lucile Harper, Norma King, Loretta Litchfield, Aline McCleskey, Mickey Lee Mercer, Joy Miller, Matria Pinkston, Grace Pollard, Paulette Ruppert, Nellie Sanders, Catherine Slatton, Ethel Shelley, Louise Stehenson, Dorothy Sterling, Gladys Tickner, Velma Lee Tickner, Dorothy Tucker, Dorothy Jean Walker, Ina Mae Weathers, Velma Wood.

Wilfred Boatman, Horace Cameron, Glenn Cloud, Jack Courtney, Bill Donohoe, Cecil Edwards, Cyril Falkner, Julian Flaherty, Paul Gregory, Keith Huey, Crandall Jones, Martin Linebarger, Mackie McGowen, John Pearce, Luther Ponsler, Royce Rainbolt, Buford Richardson, Jimmie Rominger, Harold Ruppert, Joe Slicker, Billy Wallace, James Waters, Robert Waters, Daniel Yarbrough and Frank Yarger.

HOUSE VOTES TO KILL 88TH COURT

A bill abolishing the 88th district court was passed in the house of representatives according to report received in Eastland. This bill was reported favorably from the committee on judicial districts a week ago and was passed finally by the house Thursday.

Information from a member of the house Thursday night was to the effect that the bill was amended, after reaching the house, so as to make the law effective on January 1, 1937. This would be at the expiration of Judge B. W. Patterson's term of office. The bill has not been considered by the senate.

Representative Chastain is chairman of the committee on judicial districts, and the Citizen is informed that his daughter is stenographer of the 91st court.

NEW CASES PENDING IN DISTRICT COURT

88th District Court: Robert Rucker Turner vs. Eetna Life Insurance Co., suit on group insurance policy.

W. G. Williamson vs. Eastland Building & Loan association, to collect 10 shares of investment stock and interest to date.

Jack Tindall vs. Bessie Tindall Crawford. Appointment for receivership, etc.

Lewis Kenny Adeaholt vs. Aetna Life Insurance Co. et al. To collect Insurance policy.

91st District Court: Mrs. Virgie Lee Luttrell vs. Lewis Luttrell, divorce.

Pauline Gibson vs. W. E. Gibson. Divorce and custody of children.

Mrs. Lillie Burns vs. Robert B. Burns, divorce.

In re: liquidation, Texas State bank, Eastland, to approve April expense account.

In re: liquidation, Texas State bank, Eastland, to approve April building expense

Wooten's Beer Was Returned By Police After Recent Raid

City police raided the home of B. N. Wooten, during his absence last Saturday, when 53 bottles of home brew was carted away and Wooten notified to report at the city hall. He did, but he told the Citizen that he went for the purpose of having his beer returned where the officers found it.

When he arrived at the city hall he informed the police that he wanted them to return the brew, but they gave him the horse laugh, Wooten said, who was told "we never take it back."

"This will be one time that you will take it back," Wooten said he told the officer with whom he was talking.

Failing to make any impression with the patrolman he placed the matter before Mayor Berry, to whom he showed a certificate from a physician stating that Wooten required beer as a medicine, being afflicted with pellagra. However, the mayor wanted further proof that the confiscated beer was for medicinal rather than sale purposes. This was supplied, Wooten stated, when the physician went with him to the city hall where he told the mayor he had prescribed beer for Wooten. The mayor then ordered the beer returned, and now Wooten takes "prescription" according to directions—not less than two pints a day.

WALTON'S BABY CONTEST EXTENDED TILL JUNE 10

According to the request of several mothers in Cisco who wished to enter their babies, O. R. Walton of Walton's Studio, announces that the fifteenth annual baby contest, advertised to close Saturday, has been extended another week, till June 10. So it is yet time to bring in your babies, mothers, as the contest will not be extended further than the 10th inst. This extension was requested on account of some sickness among the children, and will give all who desire to enter their babies and opportunity to get in.

CISCO GIRL GRADUATES FROM MASONIC SCHOOL

Miss Beulah Mae Taylor, daughter of Mrs. J. V. Graham, was a member of the 1932-33 graduating class of the Masonic Home and School at Fort Worth when the commencement exercises were held at the school last Sunday and Monday. Relatives of this young lady who attended the commencement exercises there included Mrs. Graham, Mrs. Bob McCrary, Mr. and Mrs. Homer Doyle, and Mrs. Norton Evans, the latter being a sister of Miss Taylor.

Miss Taylor returned home with the party Monday, and will remain here, having finished in both her academic and business courses of the school.

Miss Taylor is now ready to take up her profession of stenography as soon as she finds employment, as this is the line she qualified for.

The Cisco party are loud in their praise of the management of the Masonic Home and School, and the wonderful work they are doing in making useful men and women of the children of the deceased Masons.

FREE SWIM FEATURED OPENING OF SEASON

The swimming season opened Thursday at Lake Cisco, when Manager Harden placed the largest artificial swimming pool in the world at the disposal of those who like swimming and outdoor bathing. No charge was made on opening day, and hundreds availed themselves of the privilege of this famous swimming pool through the courtesy of Lake Cisco Amusement Co.

VISITING IN LOS ANGELES

Mrs. D. R. Harper and daughter, Lucile, Mrs. Lee Burkett and daughter, Maxine, will leave tomorrow for Los Angeles where they will visit Mrs. Harper's brother, Clinton Bolinger.

Dr. John W. Tyndall Elected President Randolph College

The staff of officers and teachers of Randolph College, as announced after a recent meeting of the board of trustees, will be headed by Dr. John W. Tyndall, president; Dr. Lee Clark, vice president. The announcement of the trustees carries the statement that this organization program has the approval of Dr. Clark, who has headed the college as president for the past two years, the most successful in the history of this junior college. This change was somewhat a surprise to the local friends of the school. Dr. Tyndall has been dean of the Bible college for the past three years.

E. Buford Isaacks was elected dean and business manager of the college. Other members of the faculty re-elected were H. R. Garrett, mathematics and physical instructor; W. F. Bruce, English; Miss Nina Watts, modern languages; Miss Effie King, science; James Dacus, business administration; Mrs. Lee Clark, music; Miss Mary Wilson, secretary and college bookkeeper, and Miss Buby Russell, librarian.

The 1933-34 session of the college will begin September 11. This and other plans of the school will be announced in the catalogue planned to be issued this summer.

Trustees Announce Names Of Teachers For School System

Those who have been elected by the board of school trustees to compose the faculty of the Cisco public school system are as follows:

High school: H. Brandon, principal; Miss Ella Andres, Miss Juanita Bounds, Miss Marian Chambliss, Miss Elizabeth Dial, Dexter Shelley, W. C. Hodges, Mrs. Lucretia Irby, Miss Lucile Robinson, E. H. Varnell, Miss Travis Watson.

Grammar School: O. L. Stamey, principal; Mrs. Edward Lee, Miss Esther Bradshaw, Miss Fannie Stevens, Mrs. James Moore.

West Ward: Howard Goss, principal; Mrs. H. B. Allen, Miss Byrd Bacon, Mrs. George Boyd, Mrs. Graham Connally, Mrs. R. E. Grantham, Mrs. Irene Hallmark, Mrs. T. C. Williams, Mrs. C. W. McAfee, Miss Lucile Spruill, Miss Attie Stevens, Miss Ruby Swift.

East Ward School: T. C. Williams, principal; Miss Mamie Estes, Miss Lucy Kttrell.

DEAD BANK ROBBERS ON BARGAIN COUNTER

Dead bank robbers are cheaper now. Oklahoma bankers are only paying \$300 for dead yeggs, as this commodity has been marked down from \$500. However, the old price is being paid in Texas.

Good used lumber for sale. Maynew Trading Co.

MARRIAGE LICENSE ISSUED

C. H. Stuard and Miss Jessie Lee White, Ranger, route 4.

Udell Duvall and Miss Pauline Randolph, Ranger.

Clyde Hogan and Miss Geneva Jones, Gorman, route 1.

T. E. Little and Mrs. Mary Bryne, Cisco.

Enoch Courtney and Miss Hazel Bowles, Cisco.

John Chilton Webb and Miss Bettie Mae Jackson, Eastland.

Truman Powers and Miss Madeline Underwood, Gorman.

T. R. Linder and Miss Louise Gray, Cisco.

Elgie Crisp and Miss Maxine Grisham, Okra.

The Constitutional Amendments Awarded The Cisco Citizen

The Cisco Citizen is publishing the four amendments to the state constitution which will be submitted to the voters of the entire state for ratification or rejection at an election to be held August 26.

There are four amendments which are being submitted to the people, the full text of which are published on the third page of the Citizen, once a week for four consecutive weeks. Those desiring to familiarize themselves with the provisions of these amendments, that they may vote intelligently when they go to the polls, are advised to read each and every word, for should they be adopted they will be self-enacting, and become a part of the constitution of the state.

The first is senate joint resolution No. 3, known as the County Home Rule Charter amendment, which provides for the reorganization of the county governments of the state, to be administered according to local conditions existing in each county, and not according to the general laws, with specified exceptions.

The second is house joint resolution No. 43, and provides for the repeal of certain parts of the Dean law, in so far as it prohibits the manufacture and sale of vinous and malt liquors of not over 3.2% alcoholic content by weight, and known as the Beer Referendum.

The third amendment is senate joint resolution No. 30, known as the \$20,000,000 state bond amendment, providing for the issuance of bonds for this sum, the proceeds of which to be used to match federal relief funds to relieve distress in the state.

The fourth is senate joint resolution No. 32, which affects only those counties on the Gulf coast where state taxes have been remitted by the legislature. Counties in this class were excluded from the homestead tax exemption voted in the November election, and this amendment, if adopted, will permit those living in counties affected to enjoy this exemption when the authorities have certified that the necessity for former remissions no longer exists. Only to make the homestead exemptions uniform all over the state, and to permit home owners in those Gulf counties to enjoy the same provisions of having their homes exempt from state taxes, are we concerned.

But the fact that these amendments were ordered published in the only locally owned newspaper in Cisco is a compliment to the Citizen, as these amendments are to be published in only one newspaper in each county. The state administration nominated the Citizen as the medium through which to submit these amendments to the people of Eastland county. This act was quite different from the course pursued by our own city administration when it selected the syndicate-owned daily as the official city newspaper after requiring both the local and string newspapers to file bids. The fact that the Citizen's bid was the lowest meant nothing to the commission.

Good used lumber for sale. Maynew Trading Co.

MINIATURE REFINERIES GOING UP EVERYWHERE

In many parts of the United States, small gasoline plants have been put in operation by farmers and others. They buy the crude and, with a simple inexpensive still, refine their own gasoline and lubricants. These products are often sold in competition with taxed gasoline. These one-man refineries have become so numerous in Montana that the big companies are howling their heads off. We say, "Hurray for the Farmer, or any other little guy who wants to homebrew his own gasoline, lubricants, kerosene, or anything else!" If they haven't got oil wells on their land they can buy crude cheap from Independent operators.—Oil News.

A charge of assault to murder against W. J. Cook was dismissed in the 88th District Court Monday, May 22, at the instance of Criminal District Attorney Grady Owen when it was learned that the defendant had been adjudged insane by a jury in the county court recently.

DAMAGE SUIT SETTLED WITHOUT AID OF COURT

The case of A. J. Johnson vs. the Texas & Pacific Railway Co. was called for trial in the 88th District Court Monday, May 22, with a jury panel waiting. However the attorneys announced that they had reached an agreement allowing Johnson \$1500 in his suit for damages. As there was no other case set for the day the jury was excused until Wednesday morning at 9 o'clock, when the case of R. G. Burnette vs. the Texas Employers Insurance Association was called for trial.

STATE COMPTROLLER DEFINES HOMESTEAD FOR TAX-ASSESSOR

Tax Assessor T. J. Haley is in recent receipt of a communication from George H. Sheppard, state comptroller of public accounts, in which he defines what constitutes a homestead. The Citizen believes that every home owner will be interested in this definition, as all are more or less affected in dollars and cents. The homestead, up to a valuation of \$3,000, will be exempt from state taxes in the future, and all will want to know how the comptroller's ruling affects them.

Here is what the comptroller says constitutes a homestead, and who may claim its immunities:

"What Property May Constitute a Homestead: A rural homestead may consist of one or more parcels of land not to exceed 200 acres, all of which must be used as a home. Article 3833 of the Revised Civil Statutes of 1925. An urban homestead may consist of one or more lots in a city, town or village, all of which must be occupied and used as a home. See reference above.

When segregated tracts of land are claimed as a homestead only such tracts as are actually used for homestead purposes are exempt.

Where city lots are claimed as a homestead only such lots as are actually used for homestead purposes are exempt.

Persons Who Are Entitled To Homestead Exemption—Husband, wife and heirs. Husband as head of family can designate homestead. Where homestead rights are once acquired by husband and wife they are never lost except by the voluntary act of the person acquiring such rights. Single persons, as a general rule, are not entitled to homestead rights, but there are exceptions to the rule. Where a single man or woman is supporting some member of his or her family, who is dependent on him for support, then such persons are entitled to the homestead exemptions. While a divorced husband can not acquire a homestead right acquired during married life as head of the family. An unmarried daughter has a homestead right in the homestead of her deceased parents.

A homestead right is not impaired by using premises as an hotel, rooming house, or apartment.

Parties are not entitled to homestead exemption on property they have never occupied and used as a home. Neither can they claim two homesteads. A homestead may consist of undivided interests.

Thinking that the above citations would be of assistance to you and the commissioners' court in determining just how the homestead exemption should be applied, I am submitting them to you for your convenience and consideration."

CITATION BY PUBLICATION

THE STATE OF TEXAS: TO THE SHERIFF OR ANY CONSTABLE OF EASTLAND COUNTY—GREETING:

You are hereby commanded to summon S. A. Hopkins by making publication of this Citation once in each week for four consecutive weeks previous to the return date hereof, in some newspaper published in your county, to appear at the next regular term of the county court of Eastland County, Texas, to be held at the Court House thereof, in Eastland, on the second Monday in July A. D. 1933, the same being the 10th day of July A. D. 1933, then and there to answer a petition filed in said court on the 23rd day of August A. D. 1932, in a suit numbered on the docket of said court, No. 5262, wherein W. H. Davis is plaintiff and S. A. Hopkins and T. H. Gordon are defendants and the cause of action being alleged as follows:

Plaintiff alleges that on or about

September 3rd, 1930, the defendant S. A. Hopkins, through his agent, T. H. Gordon, entered into a contract with plaintiff under the terms of which this plaintiff was employed as watchman and roustabout on the S. A. Davis lease, located in Section 54, Block 4, H&TC Ry. Co. survey in Eastland County, Texas, at a salary of \$100.00 per month. That said contract and salary was in force until May 1, 1931, when it was modified and the salary reduced to \$75.00 per month. That said modified contract remained in full force from May 1, 1931 to May 31, 1932. That under said contract plaintiff earned the sum of \$1203.96, of which the sum of \$270.28 has been paid, leaving a balance of \$933.68 due this plaintiff. That S. A. Hopkins and T. H. Gordon are partners in the operation of said lease, and were such on the date of said contract of employment with plaintiff and are joint owners of the property described in the Laborers' and Materialman's lien filed by plaintiff. That if T. H. Gordon is not a partner, he is claiming some interest in said property, the exact nature of which is not known to plaintiff. That plaintiff has filed his statutory Laborers' and Materialman's lien and thereby fixed his lien upon the personal property located on said lease, and waives the lien upon the personal property located on said lease. Plaintiff claims his statutory and constitutional lien upon said personal property. That an additional sum of \$323.00 has been paid plaintiff, and a balance of \$610.68 is due thereon. That plaintiff continued his employment with defendants during March and April, 1932 at \$75.00 per month, which has not been paid, and that there is now due this plaintiff by defendants the sum of \$760.68, which amount defendants has failed and refused to pay. That said sum is due for labor performed and demand has been made more than 30 days upon defendants and plaintiff is entitled to a reasonable attorney's fees.

Wherefore plaintiff prays that defendant S. A. Hopkin be cited to ap-

pear and answer herein. That S. A. Hopkins is not a resident of the State of Texas. That plaintiff have judgment for his debt together with interest from January 31, 1932 until paid at the rate of six per cent annum, for a foreclosure of his constitutional and statutory lien and for such other and further relief, general and special, to which he may be entitled.

Heren fail not, but have you before said court, on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Eastland, Texas, this 24th day of May, A. D. 1933.

TO WASHINGTON AND NEW YORK ON CITY BUSINESS

Mayor J. T. Berry and Commissioner J. R. Burnett are now en route to Washington and New York City, where they will look after matters in connection with the city's bonded indebtedness. Last week's Citizen gave a short interview with Mayor Berry in which he stated that there had been a bill introduced in congress purported to be offering some relief to distressed cities and towns, though he did not know its provisions, or whether it would require cities invoking its provisions, if enacted, to surrender all of its assets, including its utilities. While in Washington these gentlemen will investigate this proposed bill, which it is understood is an amendment to the new bankrupt act.

They will continue their trip to New York where they will confer with H. W. Pitkin and others regarding our bonded indebtedness with a view to arriving at some basis of settlement.

There is no question about the necessity of making some kind of settlement of our bonded debts, but it must be on a basis that the city can meet, which the Citizen has urged for the past twelve months, and it is gratifying that the officials are making an effort to this end. However, it seems that these gentlemen would be better equipped had they procured a copy of the alleged amendment before leaving home.

John Shepard and sister, Miss Jessica Jane, of Lubbock, are visiting in the home of Mr. and Mrs. F. E. Shepard. These young folk are former Cisco people, children of T. L. Shepard, former well known Cisco druggist.

John Shepard, of Lubbock, and J. W. Shepard are visiting in Fort Worth today.

SPEED GLASSIC WON ON FIRESONE RUBBER

WHEN the starter gives the green flag at Indianapolis Motor Speedway for the 500-Mile International Sweepstakes May 30, one of the champions pictured above may again cross the tape the winner. Fred Frame, who broke the track record last year, will again drive one of Harry Hartz' powerful cars. Louis Schneider, the 1931 winner, will again drive his own car. Billy Arnold, great champion of 1930, has not made his plans known, but the speed demon is likely to be in the race. Louis Meyer, 1929 winner, is always a strong contestant. Loren Corum, a co-winner in 1924 with Joe Boyer, is a fine driver and veteran

strategist. But these champions will be up against great competitors, such as "Wild Bill" Cummings, who is said to have hit 170 miles an hour on the "back stretch" during one of his recent tryouts, Ernie Triplett, Pacific Coast Champion who established a two-man car lap record of 120 miles an hour at Indianapolis last week, and Lou Moore, fastest qualifier last year. With such speeds, hour after hour, tires are the important factor in safety. All of these noted racing drivers—and the winners for the last 13 years, chose Firestone Tires to bring them through the terrific grind to victory.

**PEOPLE'S MUTUAL ADDS
140 NEW MEMBERS FOR
MONTH OF JANUARY, '33**

An enviable record of expansion is presented by the Peoples Mutual Life Insurance Company, organized here in 1928, with Ernest W. Wilson as president and secretary.

"We now have over two thousand policy holders," Judge Wilson said, "comprising members in over fifteen states. One hundred and forty new policies were written during the month of January. The Peoples Mutual Life Insurance Company has had a truly remarkable growth and is now in sounder financial condition than at any time in its history."

During the recent bank holiday members were extended the courtesy of Judge Wilson's moratorium on payments which fell due during that period. The Peoples Mutual by that move further evinced their established policy to protect and help their policy holders.

The organization has recently established a branch collecting office in Cisco, marking another step in the company's growth. Since its start in 1928 four groups have been taken over. They were: The Shanks Mutual Life Insurance Company, The Senior Group of the Protective Mutual Aid Association, and the Citizens Mutual Aid Association of Cisco.

A special feature of this company is the Child's and Young People's group, issuing a five hundred dollar policy. No one over thirty-nine years of age is admitted.

"There have only been three deaths in five years in that group," Judge Wilson said, "and it is building a cash reserve. Last year our Accident Group did not have a single claim, which is a remarkable record."

Incorporated under the insurance laws of Texas, under the direct supervision of the Board of Insurance Commissioners of Texas, the company is bonded in the Great American Indemnity Company. C. R. Pennington of Abilene is vice-president of the company. Dr. B. F. Rhodes is medical director, and Orene Norris is office manager. Members of the Board of Directors are: D. K. Scott, Cisco; J. R. Black, Baird; C. R. West, Cisco; S. H. Davidson, Winters; and R. D. Green, W. R. Ely, E. L. Finley, C. R. Pennington, Orene Norris, Dr. B. F. Rhodes, Bert E. Low, Ernest W. Wilson, Joe E. Childers, and L. B. Richards, of Abilene.---Abilene Reporter.

**CISCO CANNERY REOPENS
FOR ITS SECOND SEASON**

With Mrs. E. M. Oney again in charge, the Cisco cannery reopened May 22 in the Telephone building. For the present the cannery will only be open for business on Tuesdays, and last Tuesday was its second business day since the reopening. Later the cannery will remain open as long as receipts of truck justifies. This industry proved its worth to the people of the Cisco country in the products preserved last season, which has doubtless been the means of furnishing many tables whose menu would have otherwise been meager.

**Exemplification of
Juvenile Woodcraft
Floor Work Edifies**

The program rendered on the occasion of the exemplification of the floor work of juvenile Woodcraft, given at the Odd Fellows hall Tuesday evening, was replete with interesting features and was edifying in the highest degree to those witnessing the entertainment and watching the maneuvers of the youngsters who participated in the work.

The members of the local adult Camp and the audience witnessing this unique entertainment are indebted to Mrs. S. T. Donohoe, national director of the juvenile department of the fraternal order of Woodmen of the World, who visited Cisco at the direction of R. E. Miller, state manager of the order, and the request of the local Camp. Mrs. Donohoe soon had enrolled a group of more than 50 children whom she drilled in the floor work, and so thoroughly did she perform her work that the youngsters went through the maneuvers like a squad of regular army soldiers—more perfect than the uniform rank of their seniors. This marvelous training was the result of only five days' drilling, which bespeaks an aptness of Mrs. Donohoe in her work. Those participating in this floor work ranged in ages from 6 to 16.

Before leaving Cisco Mrs. Donohoe appointed Miss Eileen Wilson as a field deputy, to be assisted by Mrs. Lela Latch Mason. These two ladies will organize a juvenile Camp and continue the training of the degree team. Those interested in becoming members of this junior Camp of Woodcraft, should communicate with one or both of the ladies named above.

A feature of the entertainment when the floor work was exemplified was the musical and literary program rendered, which was classy and wholesome in the highest degree. This consisted of a reading by Doris Jeane Starling; song, "All Around the Bright Camp Fire," by the drill team; Violin solo, Rosa Lee Kirschner; song, "Girls from West Ward school"; reading "I'm a Junior," drill team; piano solo, Dorothy Kirschner; song, "Eyes of Texas," all boys; reading, Helen Louise Lawson; song, Grammar school girls; saxophone solo, J. C. Kirschner; junior Woodmen song; Junior yell; whistling solo, Robert R. Turner; song, "W. O. W. Protection," all juniors; trio, Rosa Lee Kirschner, Morene Tanner and Evelyn Allen; explanation of juvenile ritual and program, Mrs. S. T. Donohoe; retiring of juniors as they sang "Good-night, Sovereigns."

The team will meet again tomorrow (Saturday) morning at ten o'clock under the direction of Miss Wilson and Mrs. Mason. All children interested in this work are invited to attend. The meeting will be in the hall.

**COMMITTEES FOR
THE COLONY FAIR**

Committees appointed for the Colony community fair, to be held Sept. 11, 1933:

- G. W. Moore, general superintendent.
- Mrs. D. Anderson, superintendent of women's department.

- Poultry Committee—Lee Ames, Paul Coetharp, Kenneth Kirk.
- Livestock Committee—W. J. Davis, Marray Poiner, Clarence Stuart.
- Canning Committee—Mrs. O. C. Bow-

**DISPELS MYSTERY
OF BANK BUSINESS**

Country Banker Gives Simplified Picture of How a Bank Works to Help Other People's Business

A COUNTRY banker recently prepared the following simplified statement for his neighbors on just how a bank goes about helping them: "It is the most important part of a bank's business to lend money. Of all the money deposited in a bank, the law requires that a certain percentage be kept on hand as a reserve to meet the demands of depositors. It is the business of its officers to lend the balance conservatively and safely.

"The loans of a properly managed bank are invariably made to those it believes are able to repay, and always on condition that they be repaid at a stipulated time.

"The promise of an individual to repay a loan to a bank on a certain date is as sacredly inviolable as the promise of a bank to repay its depositors on demand, or, in the case of a certificate of deposit, on the date it falls due. When it comes to be known of an individual that he 'always pays,' his credit is established and his bank is always glad to extend him needed accommodations.

"A well managed bank never capitalizes industries. That is, it does not place its loans in fixed form, but puts them where they are to be used for temporary requirements, and where they will be taken up at the time specified.

How a Bank Lends
"It is not the function of a bank to become a partner in industries, nor could it be legitimately done with the money of depositors. Its loans must be kept in 'liquid' form,—that is, repayable in cash at stated intervals.

"A bank must use the greatest discrimination in making loans. A stranger cannot expect accommodations. It is customary for the borrower to make a statement of his financial affairs, which is kept in the bank's records. It is a punishable offense to make a false statement for the purpose of borrowing funds.

"Naturally, in their dealing with the regular depositors of the bank, its officers become well acquainted with their characters and their resources and are thus in a position to determine how large a line of credit each one is entitled to. That is one of the great advantages of being a bank depositor.

"The man who knows how to get into debt wisely, that is, who borrows money with which to make more money through legitimate enterprise, is the borrower whom the bank is looking for. By the frank interchange of opinion and a free discussion of various projects, the borrower is often guided and helped by his banker.

"In order to procure a line of credit at a bank three things are important:

- "1. A statement of assets showing a basis of credit in the way of invested capital, or collateral of sufficient value to cover amount of loan, or
- "2. An endorser whose credit is established at the bank; and
- "3. Average deposits of a sufficient amount to justify the extension of the desired accommodation."

TO VISIT WORLD'S FAIR

Mr. and Mrs. W. H. Mayhew departed this morning for Chicago to visit the great world's fair. They will be joined at Longview by their daughter, Mrs. H. C. Wilkins, who will make the trip with them. They expect to be gone till June 15, and during their absence the Mayhew Trading Co. will be in charge of Charley Mayhew and I. W. Robinson.

Will St. John, 17th district committeeman, is in Washington, having accompanied State Chairman Maury Hughes, of Dallas, on a trip there the first of the week, where they will confer with Democratic chieftians on partisan policies, etc.

BIBLE THOUGHT FOR TODAY

Beloved, let us love one another: for love is of God; and everyone that loveth is born of God, and knoweth God.---I John 4:7.

"When earth seems weary and wan and sad,

Just scatter seeds of love;
Some one is waiting to be made glad;
Go scatter the seed of love."

God has proved his goodness and care. He did it yesterday, he did it today, and will continue to do it tomorrow. Let the battle rage, let the enemies assail, but "if God be with us, who can be against us?"---Edward N. Spierer.

ROOSEVELT INFLATION

The pendulum never swings so far in one direction that its rebound will not carry it just as far in its opposite course. This is an old adage, but as yet none have successfully challenged its accuracy. It was verified in the years of high prices and when there was a plethora of the circulating medium, days when money was the cheapest commodity in the market and the easiest to obtain. All are familiar with the aftermath, for the years of depression have told the whole story.

Now, the nation is headed by a courageous gentlemen who is not afraid to steer the ship of state over uncharted seas, and he is entitled to credit for at least attempting to relieve the woe, and want, and misery with which the present capitalistic system has afflicted the country. In his endeavor to bring order out of the present chaotic condition the president is entitled to and should have the support of all loyal citizens in his laudable undertakings.

His inflation program through which the president hopes to restore prosperity to the country embraces the advanced thought of the Populists, the optimistic forecast of the Greenbacker, and the promises of the bimetalists.

After putting an embargo on the yellow metal and calling in all the hoarded gold of the nation, the president now demands the repeal of the gold standard law, and by statute proclaim all legally issued or coined money legal tender for all debts, public and private. That the president is justified in advocating such a drastic policy to bring the country back to normalcy is apparent by the bankrupt condition of the contry, due to the contracting of obligations on inflated values which must be paid from the proceeds of deflated commodities, in gold or its equivalent, unless there is legislative relief such as demanded in the Roosevelt program.

But we may expect strong opposition from the captalistic class to

the repeal of the gold standard, for the greed of predatory wealth knows no satiation. Already we hear the cry against the abridgement of the "sacred right of contract," but not a voice was raised in behalf of the debtor who was being called upon to pay his obligations in 200 cent dollars.

That there was need of a larger volume of currency is admitted, but President Roosevelt is going far a field from the principles of Democracy with his inflation program. We know the country needs drastic remedies, and perhaps the strongest medicine is necessary to cure our financial ills, but we believe a dose of bimetalism, to be followed by a treatment of federal bond redemption and repeal of tax exemption of government securities purgative would have been a simpler and safer treatment, fraught with less danger of relapse of the patient.

This course of treatment, if adopted, might be supplemented with the issuance of federal treasury currency, in conservative doses, to enable the convalescent patient to regain normal strength and restored industrial health.

If both gold and silver were re-established as a basis for the nation's currency—a Democratic fundamental—there would be less danger of a financial panic due to the fluctuation of either metal, which would hold our currency on a more even keel, and be a guarantee of sound money.

Redemption of federal bonds and the repeal of the law exempting government securities from taxation would go far toward restoring prosperity by reason of capital seeking investment in the industrial channels, thus stimulating the markets and giving employment to labor.

In urging repeal of the gold standard the president is silent regarding what disposition he will make of his authority to order the free coinage of silver, which, to our mind, is one of the essentials of permanent prosperity.

THE HOUSE OF MORGAN

The house that Morgan built is being undermined by the pick ax of government investigation, but there is hardly a possibility of its fall. It is too firmly founded on the political influence of the leading men in the nation who have been beneficiaries of predatory wealth, whose reciprocal favors have enabled the house of Morgan to amass huge fortunes for its "partners" by preying upon the public.

However, the investigation will not be without wholesome results, even though these higher-ups should escape merited punishment. Such

men as Woodin, secretary of the federal treasury; Calvin Coolidge, the steel-cold Vermonter, ultra moralist prohibitionist and erstwhile president of the United States; William G. McAdoo, ex-secretary of the treasury and federal senator from the sovereign state of California and ardent dry; Norman H. Davis, Roosevelt's economic and disarmament ambassador to Europe, are caught in the meshes of the Morgan investigation. The offenses of either of these gentlemen would pale into insignificance the acts of the late Joseph Weldon Bailey, and yet the country crucified Bailey, but will probably exonerate these offenders.

Verily, capital works in devious ways to prostitute our public men, and it seems some measure of punishment to serve as an example to those to come after should be inaugurated.

WOMAN FREED FROM COMMON LAW MATE

Alleging that she was not his wife and that she was being forced to live with him, Thelma Bryant brought a suit against Jim Garner in the 91st district court in Eastland and in a habeas court hearing before Judge George L. Davenport was granted the custody of her child, 2-year, old Bettie Yvonne Bryant, after obtaining custody of the child the plaintiff left with her mother, Mrs. Eula Kirkpatrick of Fort Worth.

Garner denied all allegations made against him and claimed the couple were legally married and that Bettie Yvonne was his child.

The jury in the 88th district court returned a verdict in favor of the plaintiff Friday morning in case of R. G. Burnette vs. the Texas Employers' Insurance association. All issues were answered in favor of Burnette which gives him the compensation claimed in his suit.
