SALARY CUTS PUT UP TO GOVERNOR

Unofficial County Results Unchanged by Tabulation

STERLING IS FAVORED BY 6 MAJORITY

Tabulation of the vote in Eastland county during the primary by the county ex-committee at Eastland yesterday produced no changes from that of the unofficial count. Sterling carried the county by a majority of 336 votes over Miriam A. Ferguson, the count being 3,385 for Sterling and 3,049 for Mrs. Ferguson. A total of 6,434 ballots were cast for the primary.

Wesley O. Thompson, candidate for the four-year unexpired term of county clerk, received a substantial majority over his opponent, W. R. Hatcher, but C. V. Terrell, candidate for the six-year term on commission, fell behind his west-side opponent, Lee Satterwhite, by a narrow margin.

Frank Parrish, Joe Bailey, Jr., and Ed P. Strong were favored by Eastland county voters for the three-year terms of justice on the highest-total of votes was cast for the county tax assessor's office, which 6,588 votes were cast, according to the official tabulation.

Official counts were announced by the county committee as follows:

ARMSTRONG TO SPEAK HERE AT 4:30 ON MONDAY

Judge Geo. W. Armstrong, Fort Worth, independent candidate for governor, will speak in Cisco at the city hall at 4:30 Monday afternoon, Labor Day.

Armstrong is beginning his campaign for election next November with a dash through this section of the state. Loud speaking equipment will be installed to enable the audience to hear the candidate easily, it is understood.

Armstrong entered the democratic primary race this year but withdrew prior to the first primary to run as an independent candidate.

SWIFT NINE WILL OPPOSE SOX TODAY

This afternoon at 3:30 the Cisco Red Sox will meet the Swift company nine of Fort Worth in the first game of a three game series, there will be a double-header Monday afternoon starting at 7:30. The Swift company will probably bring the strongest club that has been in action here this season due to the fact the Major City league has closed and they will have a wealth of material to pick from. The Packers were runners-up in the City League which is the strongest semi-pro league in the state.

Skinner Connelley has not decided who he will send against the locals in the first game but will probably do the hurling himself, leaving Mecty, Sweet, Blanton and Hargrave for Monday's fair bill. Blanton and Hargrave are Fort Worth's outstanding south paw hurlers.

Manager Perry has the strongest lineup he has had this season. Hook Stone former Cisco first baseman, and the "Art Sires" of the American association, is again in the local roster. The pitching staff will be strengthened by the return of Satch Hinson who will start one of the games. Chuck Abbott, formerly of the Texas League will do the receiving while Harris, Phippen and Coleman will patrol the outfield. Bryan, Cisco's outstanding chucker will start the initial game out of twenty four games pitched this season he has lost only two, one of these to the Swift nine.

NEW WORLD'S RECORD MADE BY DOOLITTLE

CLEVELAND, O., Sept. 3.—Major James G. Doolittle, of St. Louis, officially set a new world's record for land planes today when he shot his white Gee-Bee sportster four times over a three kilometer course at an average speed of 296,287 miles an hour.

The record flight was a part of the National Air races in progress here today.

The former record of 278.45 miles an hour had been held by Warrant Officer Bonnet, of France, since 1924.

Breck Comm'r Loses Left Arm

BRECKENRIDGE, Sept. 3.—E. L. Russell, grain dealer and city police and fire commissioner, lost his left arm below the elbow last night as the result of a wound sustained when his gun discharged while he was shooting doves.

The arm was so badly mangled that amputation was necessary.

CISCO CASE HEARING DUE TOMORROW

Hearing of the Cisco Independent School district's suit to restore the Cisco high school football team to interscholastic league competition this fall is due to begin in 91st district court at Eastland tomorrow morning.

The case is styled Cisco Independent School District versus L. E. Dudley, et al. Dudley, principal of Abilene high school, is chairman of the oil belt district committee of the league—the committee which initiated the ouster proceedings against the Lobos by recommending that the state committee exclude the team from football for the duration of the season now beginning.

Purpose of Suit.
Purpose of the suit is to compel restoration of the Lobos to the league by the state committee, to enjoin the oil belt district committee from playing any schedule in which the Lobos are not included, and to recover damages such as may accrue by reason of Cisco's exclusion from competitive league football this year.

Attorneys for the plaintiff have been taking depositions of members of the district committee during the past week and these depositions will be introduced in evidence at the trial Monday.

Pending outcome of the suit Coach Wilson Elkins is negotiating an independent schedule for the Lobos, the first game to be played Friday, September 16, with the Decatur Baptist college eleven here, contingent upon the verdict of the suit for readmission.

Prize Pilots of Air Derby

Proud winners of the Cord Cup race—a transcontinental handicap air derby—were the four pilots who are pictured here after they had landed at Cleveland's Municipal Airport. Roy Hunt (second from right), stunt flyer of Norman, Okla., roared to victory in the Grand Sweepstakes, and Stanley C. Huffman (extreme right), Cincinnati derbyist in the Atlantic wing of the race, earned the Junior Sweepstakes trophy. Mrs. Gladys O'Donnell (extreme left) of Long Beach, Cal., led the feminine flyers in the western division of the derby, and Helen McGloskey (second from left) of Pittsburgh led the women in the eastern division.

HOUSE JOINS REQUEST TO OPEN TOPIC

AUSTIN, Sept. 3.—State salary reduction at this special session of the legislature was put to Gov. Ross S. Sterling today when the house of representatives agreed to the senate's proposal to ask the governor to submit the topic.

The topic was included by the governor in his first public announcement of a prospective session. Later it was dropped.

Rep. J. R. Donnell, of Hillsboro, in the house, declared that if the governor had called a special session for salary reduction before the July primary as requested many of the members who were defeated for re-election might be coming back. He intimated that the change of attitude might have been due to fear of the result on the run-off primary election.

County Limit Defeated.
An effort to limit reductions to county salaries leaving state salaries to be handled by the next regular session, was voted down. Rep. Harry Graves, of Williamson county, said that the house efficiency committee will not have its report ready for action at this session, but will be ready to report at the next regular session. Donnell reminded him that when a special session was first discussed he had said a report should be ready for the special session.

Applause met an announcement in the house that the senate had accepted a conference report on legislative pay under which they will get \$10 a day. The house had proposed eight dollars and the senate free services. Why it was raised to \$10 was not announced.

A proposal by Rep. P. L. Anderson to fix final adjournment for September 10 was tabled. He gave notice he will call it up for action on Monday. A similar senate proposal is pending. Both branches must agree on a date to make it effective.

WELFARE ASS'N TO MEET AT 9 A. M. MONDAY

The executive board of the Cisco Charity and Welfare association will meet at 9 o'clock Monday morning at the chamber of commerce offices. This meeting is important because of the fact officers for the next season will be elected and other matters of business are to be discussed.

The association announced that its funds are at present so short that it will not be able to buy the goods for the relief of one family which recently lost its entire household possessions in a fire. Bedding, clothing, dishes and everything necessary to housekeeping are needed. Those who wish to contribute such articles may bring them to the building across the street from the West Texas Utilities company which will be kept open from 5 to 6 on Monday and Tuesday afternoons.

OPERATED 71 YEARS

MOVE FAILS

GREEN BAY, Wis., Sept. 3.—A movement to abolish radio broadcasts of football games received no backing from the Green Bay Packers, professional football team, whose games will be described over the air again this fall, officials said today.

WEATHER

West Texas—Generally fair Sunday.
East Texas—Mostly cloudy. Probably local showers Sunday.

Crashed Plane

SAN ANTONIO, Sept. 3.—Joe Thompson burned to death today when his plane crashed in making a forced landing near Seguin on a San Antonio-Shreveport flight.

He was flying a large cabin monoplane owned by E. R. Thomas, pilot man, and was identified several hours later by a belt buckle.

Limiting in City

Guns popping in the outskirts of the city since the opening of the new season September 1 prompted Chief of Police Daniels to issue a warning Saturday that shooting of firearms in the city limits is prohibited.

He asked that citizens addicted to the sport of hunting take notice of this ordinance and warned that fines will be imposed where convictions of its violation occur.

Library to Be Closed Tomorrow

The Public Library will be closed tomorrow in observance of Labor Day, it was announced.

33 New Books Added to Library

A report from the Cisco Public Library, which is sponsored by the Twentieth Century club, stated Saturday that \$25.20 was collected from rentals during the month of August. It was also reported that 23 books of fiction and 10 reference books have been or will be added to the collection in the near future.

FLOODS MENACE LOWER VALLEY OF RIO GRANDE

MALLEN, Sept. 3.—Lowland residents in the lower Rio Grande valley today were leaving their homes after receiving warning from the Brownsville weather bureau office that approaching floods might be a repetition of the 1922 flood.

The bureau advised that the Rio Grande's crest would reach the Eagle Pass was due to reach Rio Grande City tomorrow night and already the river is rising there, advice received here indicated.

22,000 RETURN TO HOMES

EAGLE PASS, Sept. 3.—Twenty-two thousand persons, many of them now shelterless, went back to their homes here and at Piedras Negras today as the Rio Grande receded here after the worst flood in history.

Authorities believed the 50-foot rise had passed into the lower valley without casualties. The crest of the Rio Grande flood was scheduled to meet another crest from the swollen Mexican San Juan river at McAllen.

Two Daring Explorers Motorboating Down Dangerous Patricio Canyon of Rio Grande

SAN ANTONIO, Sept. 3.—If fortune has favored them, two explorers now are motor-boating down the uncharted and dangerous Patricio canyon of the Rio Grande.

Should they have met with misfortune, their boat wrecked, they may now be blotting their rations so that they may last until the adventurers can free themselves from the two-walled prison, from which escape by scaling the walls is believed impossible.

Claude S. Young, engineer and naval reserve officer, and Prof. Joseph D. McGoldrick of Columbia university, left here last week (Aug. 25) for the mouth of the Maravillas canyon in Brewster county where they will begin their exploration of the Patricio canyon and later the Long canyon.

So far as is known no boat has ever traversed the canyons. In 1918 an army aviator wrecked his ship in the Big Bend and piloted a raft down the Patricio canyon. He was rescued, exhausted, by ranchmen. The aviator, however, made no explorations and his feat was considered a miracle.

Careful Preparations.
Young has made careful preparations for the expedition. He is one of the best known authorities on the Big Bend country. He flew over the Patricio and Long canyons in 1930 and then made an inspection by land, traveling on foot and on donkey.

Should the boat be wrecked, however his knowledge of the country would be of little avail, he said before leaving here, unless the wreck be near one of the few breaks in the walls where creeks enter from Texas.

The Patricio canyon is 48 miles long and Long canyon 89. The walls are from 1500 to 2000 feet high and in only a few places, if any, could a person climb to the rim, Young said. It also would be difficult to make the way by foot to either outlet, he said.

In view of the danger of a wreck, Young and McGoldrick carried large supplies of food, water, fishing tackle, rifles, oil and gasoline for emergency.

The purpose of their journey, in addition to the adventure, is to gather data on water power sites and mineral resources. Both still and motion picture cameras are being taken along to record the geological features.

They are making the trip under the auspices of the National Geographic society and will travel in a flat-bed outboard motorboat, the "Pat 2," carry all of a half dozen cruises by Young through the Santa Molenas, Mariscal and Boquillas canyons.

RUBIO QUILTS PRESIDENCY OF MEXICO

MEXICO CITY, Sept. 3.—President Pascual Ortiz Rubio, of Mexico, has resigned, the department of interior announced today.

The resignation was believed due to differences with Gen. Plutarco Elias Calles, "strong man of Mexico."

The present secretary of war, Gen. Alabrado Rodriguez was believed most likely to succeed to the presidency, if the Mexican congress decided to accept Ortiz Rubio's resignation.

The official announcement followed a dramatic cabinet meeting last night when the president is said to have told the cabinet of his intentions. His explanation was that since he had been unable to carry out his high duties in a manner satisfactory to himself he saw no further way out.

Rubio plans to entrain Sunday for Hot Springs, Ark., for a vacation and rest.

NATIONAL LEADERS STRONG FOR ROOSEVELT.

Gov. Franklin D. Roosevelt faced the largest audience in the history of any candidate for office at Seagert, N. J. It was a state-wide rally planned by Mayor Frank Hague of Jersey City and Gov. Arthur Harry Moore and the minor leaders of the Jersey democracy. It was a huge crowd to say the least. Gov. Moore said that more than 300,000 greeted the national standard-bearer and gave vociferous approval to his opening speech of the campaign. Mayor Hague has ever been the loyal supporter of Alfred E. Smith but he is a regular and always espouses the cause of the standard-bearers of the party and the platform on which they stand. All the Jersey leaders predicted a tremendous majority for Roosevelt and Garner on the part of the Jersey voters in November.

Gov. Joseph B. Ely of Massachusetts, another of the outstanding Smith leaders, in his opening speech pledged the electoral votes of Massachusetts in November to the democratic standard-bearer while other leaders predicted that Connecticut and Rhode Island and New Hampshire would land in the democratic column. As for the happy warrior, he is a magazine editor now and as the director general of the Outlook he is ambitious to make it a power the nation over as the mouthpiece of conservative action and in molding legislation in state and nation. Four years ago William Gibbs McAdoo maintained his silence until the day before election and then declared he was "going to vote a straight democratic ticket." Alfred E. Smith declared in advance that he is a democrat and would give his support to the national standard-bearers and the platform. He did not wait to declare himself until the campaign was over and then on the eve of the most important election make the announcement that he was a regular and would vote the straight ticket on the morning.

Roy Miller has been named as the state manager of the Roosevelt-Garner forces in Texas. Sen. Margie Neal will direct the organization of the Roosevelt-Garner women voters of Texas. She was a newspaper woman before she became a politician. She was a delegate-at-large to the San Francisco convention where the McAdoo flag went down. She is the only woman ever elected to the state senate. She is a native Texan and she knows Texas and Texans. In addition to all this she knows politics and she has ever been a regular. State Chmn. Miller is for a precinct organization and precinct clubs the state over. He favors beginning in the precincts and then marching to the top. For years and years he was a very successful newspaper publisher and editor, and he has been on the sidelines in Texas and under the big dome at Washington in recent years and knows politics as only a seasoned campaigner is able to know the political game. Now he is preparing for a real organization of the said democracy.

LEGIONNAIRES PLEDGED TO DEMAND BONUS.

Cong. Wright Patman of Texas continues in the picture. A generous two-thirds of the voting strength of the American Legion's national convention is shown by Washington headquarters records to be pledged for cash payment of the soldiers' bonus. Thirty-five state and territorial organizations have instructed their delegates to vote for cash payment at the Portland, Ore., convention scheduled for Sept. 12. This was a reversal of the instructions given by 21 state and territorial organizations a year ago. A majority will govern and Washington predicts that the national convention will change its stand of a year ago opposing cash payment. Texas is one of the 35 state units that have instructed delegates to demand cash payment. It is a matter of history that following in the wake of the war between the states those who wore the blue captured the republican organization of the North, dictated the politics and the legislation of the republican party and this continued for many years. As for the Southland after reconstruction days were over, those who wore the gray dominated the Southern wing of the democratic party. They dominated the politics of the Southland and they filled the major and minor offices for years and years. Will war history repeat itself?

Through the Editor's Spectacles

Page Mr. Ripley.

A year ago Edgar Johnson, Cisco, spent a quarter for a watermelon in Weatherford. The coin bore the date 1854 and had a mark under the date.

Monday a woman gave Mr. Johnson that same quarter in payment for a dozen eggs.

A more coin, Johnson believes that it is worth a pretty premium.

The other day all that one jobless Cisco family possessed was

destroyed by fire. The Cisco Welfare association is without funds to supply the rehabilitation needs of this family. Generous neighbors have supplied some of the wants, but bedding, clothing, dishes—anything, in fact, that is necessary to housekeeping—will be welcomed by the association to give to the family.

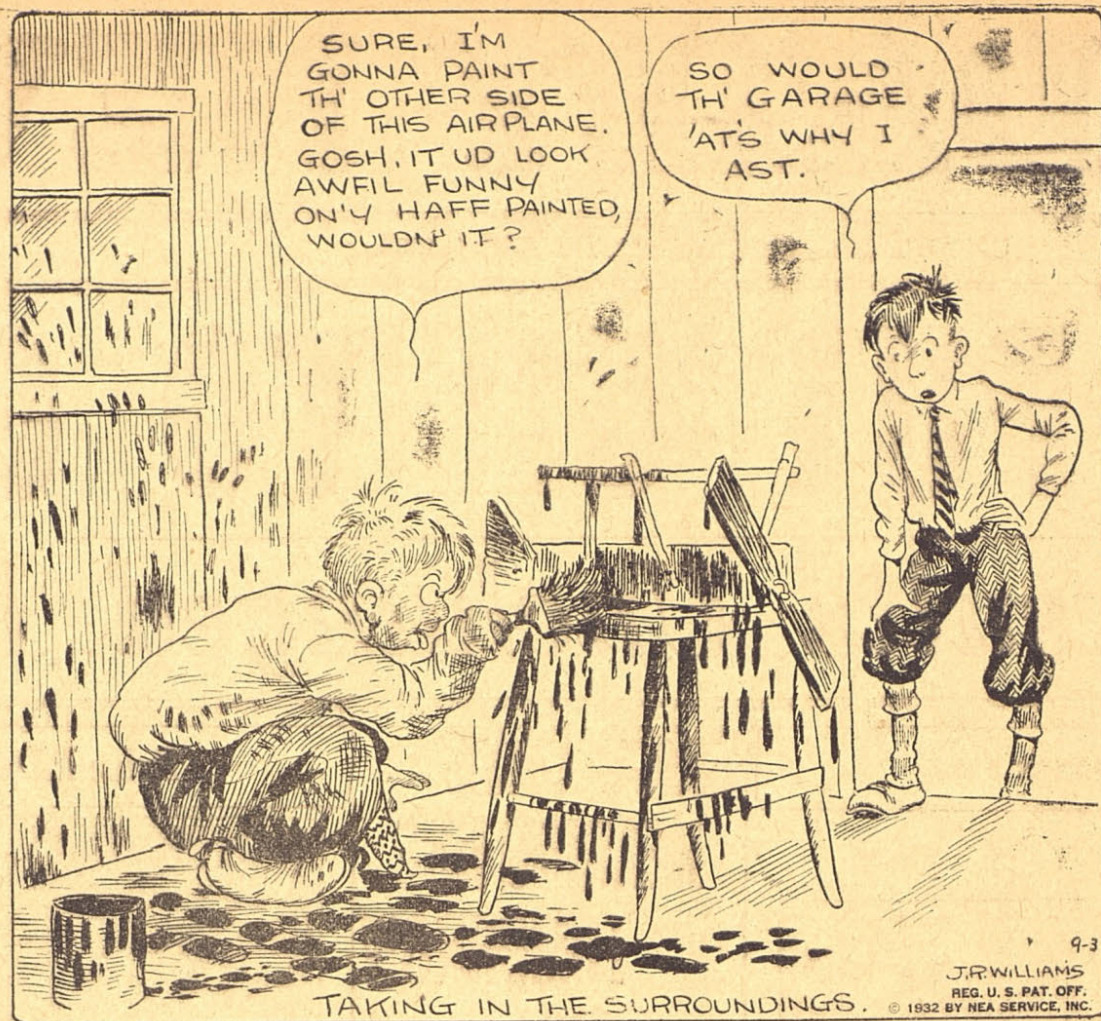

Canned goods put up by the family during the summer and clothing made for two small boys to wear to school were burned.

The association will open its building across the street from the West Texas Utilities from 5 to 6 p. m. on Monday and Tuesday afterwards to receive contributions of articles for the relief of this family.

Let's show the old Cisco spirit and lend a helping hand.

Time for fall gardens. Through the courtesy of J. F. Rosborough, horticulturist with the extension department of A. and M. college, here is some information. A man with a name that important should know a lot.

There are three tables, listed according to planting time and ability of the vegetables to withstand frost. Table No. 1 should be planted between Aug. 15 and October 30. Table No. 2 can stand light frost and table No. 3 can take a lot of it.

No. 1
Pinto beans, Irish potatoes, cabbage, radish, cauliflower, carrots, bush beans, beets, Swiss chard, spinach, Rutabaga, turnips, white radishes, kale, lettuce, mustard, parsley and onions.

No. 2
Carrots, cabbage, cauliflower, English peas, beets, kohlrabi, lettuce, mustard, onions, radishes, Swiss chard, turnips and broccoli.

No. 3
Collards, kale, parsnips, rape, rutabaga, salsify, spinach, shallots and onions.

Cisco's football suit opens in 91st district court at Eastland Monday morning according to the docket. Plaintiff's attorneys have been taking depositions from various witnesses to be used in the hearing. Chances are that the hearing will become pretty warm in spots.

It probably has not occurred to any great number of Eastland and Callahan county citizens that they have no representative in the legislature at Austin now—excluding the senate where Oliver Cunningham sits for the 24th district. This is a circumstance peculiarly unfortunate in view of the great interest which this county has in this special county bond relief session.

Victor B. Gilbert, erstwhile floral representative from this and Callahan counties, resigned several months ago to accept a position as assistant director of the motor bus division of the Texas Railroad com-

mission, and Tom Cunningham, it is said on reliable authority has also resigned to accept a position as court reporter at Corpus Christi.

Consequently, neither of these men can sit in the house of representatives with a vote for their districts. If I am wrong correct me.

However, the two counties have a friend at court. Gilbert, while he has no vote in the legislature, is doing his part to insure consideration of the county's needs. He has obtained from County Judge Garrett and County Auditor Michael a tabulation of Eastland county's indebtedness showing the condition and history of the road bond obligation and is seeing that it is given proper hearing.

"I am intent," he wrote Garrett, "upon securing this relief if possible and it may be necessary for me to ask you and the court to appear before the committee before the bill is reported out."

Negroes Push Farm Movement

WATER VALLEY, Miss., Sept. 3. —How to get the negro back to the farm will be the principal business before the annual session of the National Rural Religious and Industrial association, Inc. here Oct. 12.

Dr. J. M. Williamson, negro leader and president of the association, believes his people will thrive best when they are on a little farm of their own, working for themselves and away from the city.

"The trend of civilization always is back to the farm after an urban movement and now the best place is back on the farm," he said.

His association has for many years been interested in educational, religious and industrial work over the south for negroes.

But the back to the farm movement is not confined to the negroes of the south. Already, hundreds of unemployed in the cities of the north among the negroes have applied to this association as to how to return to the land.

Local experiment stations will be established in every country in this section to help the people, teach them how to farm, live at home, protect their premises, and have sanitary surroundings.

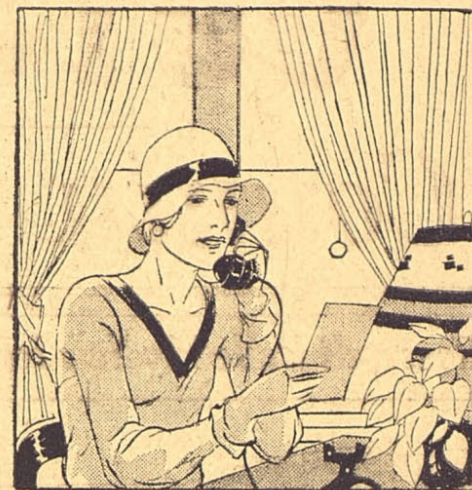

More than 500 families from the north already are planning to return to farms as soon as arrangements can be completed with railroads and land-owners.

To the Voters and My Friends:

I take this opportunity to express my appreciation for the support given me in the last two primaries. I shall endeavor to conduct the office to which I have been nominated with the best of my ability and in all ways to merit the confidence which has been expressed in the majority I received.

COMIC SCRAP BOOK

Of course you remember little Patricia—Patsy, for short. And she is rather short, isn't she? When we asked her to pose for a picture, she tried to be funny. And, maybe it does look funny. Anyway, cut the sketch out and paste it in your Comic Scrapbook. Then watch for more pictures of your favorite comic characters.

MAGIC CORNER

PLACE TWENTY FIVE MATCHES ON A TABLE AND TELL YOUR FRIEND THAT YOU CAN MAKE HIM PICK UP THE LAST MATCH... YOU ARRANGE TO TAKE TURNS IN PICKING THEM UP, BUT NEITHER OF YOU MUST TAKE MORE THAN THREE AT A TIME... ASK YOUR FRIEND TO BEGIN PICKING UP ANY NUMBER FROM ONE TO THREE... FOR EXAMPLE, WE WILL SUPPOSE HE TAKES TWO... YOUR TURN IS NEXT, AND YOU TAKE TWO... YOU HAVE TO MAKE THE NUMBER UP TO FOUR EACH TIME... IF HE TAKES THREE YOU TAKE ONE—IF HE TAKES ONE, YOU TAKE THREE... YOU WILL FIND AT THE END THERE IS ONE MATCH FOR YOUR FRIEND TO PICK UP.....

WOULD YOU LIKE TO KNOW HOW TO REALLY TURN A GLASS OF WATER UPSIDE DOWN WITHOUT SPILLING IT? THEN WATCH FOR IT IN THE MAGIC CORNER NEXT WEEK!!
