**STATE CAPITAL**

*Highlights AND Sidelights*

by Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—Gov. Dolph Briscoe says he will recommend no additional across-the-board statewide salary increases for school teachers in 1977. Briscoe has proposed \$850 million in additional state aid to public education over the next two years. He wants local boards to do what they please with the additional funds. "My proposals would give local districts more authority than they have

had in the past to decide how their money is to be spent," Briscoe said. The Texas State Teachers Association contends Gov. Briscoe is trying to pit teachers against taxpayers by leaving the decision on pay raises to local school boards.

Callie W. Smith, executive secretary of TSTA, said the teachers organization will continue to push in the legislature for the nationwide average salary of about \$14,000 per year. This is \$2,400 above the Texas average.

**Tax Code Hearings**

The Property Tax Study Committee of the Texas Legislative Council will hold public hearings in major cities throughout Texas to seek suggestions and support for a new property tax code.

The first hearing is scheduled for Austin on Dec. 13 and will be followed in Arlington, Midland, San Antonio and Victoria on Dec. 14; in Amarillo, Corpus Christi, El Paso, Longview and Lubbock on Dec. 15; and in Harlingen, Houston and Lufkin on Dec. 16.

The committee is a joint creation of Lt. Gov. Bill Hobby and House Speaker Bill Clayton, the chairman and vice-chairman of the Texas Legislative Council.

In initiating appointment of the committee early this year, Hobby and Clayton said, "We strongly feel that the time has come for legislative reform of our antiquated property tax system. Current property tax laws are unfair, unintelligible, and not uniformly applied around the state."

**High Local Taxes**

Texans are paying the lowest gasoline taxes (five cents a gallon) in the country but Comptroller Bob Bullock says an analysis by his office shows that the percentage of highway funds coming from local property taxes in Texas is more than double the national average.

Texas' local property tax percentage of 13 per cent is also greater than the burden in such states as New York and Illinois. Bullock revealed his

findings in his monthly financial statement while eyeing a study of the Texas Department of Highways and Public Transportation conducted by McKinsey and Co., Inc. That study predicted severe financial problems in the future for the department unless changes are made in the funding structure.

**Welfare Savings Panel**

The State Welfare Board has created a special task force to search for ways of reducing the \$700 million a year it pays doctors, hospitals and nursing homes for health care.

The "blue ribbon task force," which will be appointed later, will be directed to issue its report in March.

Gov. Dolph Briscoe, Lt. Gov. Bill Hobby and House Speaker Bill Clayton will be invited to name members of the group.

**Walker Quits TABC**

Rayford Walker, public information director of the Texas Alcoholic Beverage Commission since 1968, has resigned to become personnel director of the State Banking Department.

Walker, 42, was a public information specialist for the Department of Public Safety for 10 years before joining the ABC.

**Tower Won't Seek Post**

Sen. John Tower says he will not seek the post of Senate minority leader, or the prestigious job as party whip. Instead, Tower said he would seek re-election as chairman of the Senate Republican Party Committee.

Although making no endorsement, Tower's decision is interpreted as an assist to Michigan's Sen. Robert P. Griffin, former minority whip and considered the heir apparent to the job of minority leader. Insiders contend Griffin may be challenged by Sen. Howard Baker of Tennessee.

**Gammage Wins Recount**

The recount of votes cast in the general election race for U. S. House District 22 did not change Democrat's Bob Gammage's narrow victory over Republican Ron Paul, the incumbent.

The final recount in the four-county district showed Gammage still leading Paul by a margin of 267 votes. The final tally gave Gammage 96,543 votes to Paul's 96,276.

**AG Opinions**

Atty. Gen. John Hill has ruled that livestock and poultry are not "farm products" under article 8, section 19 of the Texas Constitution and thus are not exempt from taxation.

In other recent opinions, Hill concluded:

The estate of a deceased state employe may not be paid for the employe's unused compensatory time.

The Department of Labor and Standards are not authorized to conduct "shop surveys" of boiler manufacturers and to charge a fee for the service.

The Board of Nurse Examiners is authorized to accredit specialty programs in nursing offered by colleges and universities.

Information contained in bank examination reports are exempted from required public disclosures under the Open Records Act.

Calhoun County may contract with an individual to prepare a plan for the economic development of the county in order to qualify the county and private agencies for federal assistance under the Public Works and Economic Development Act of 1965.

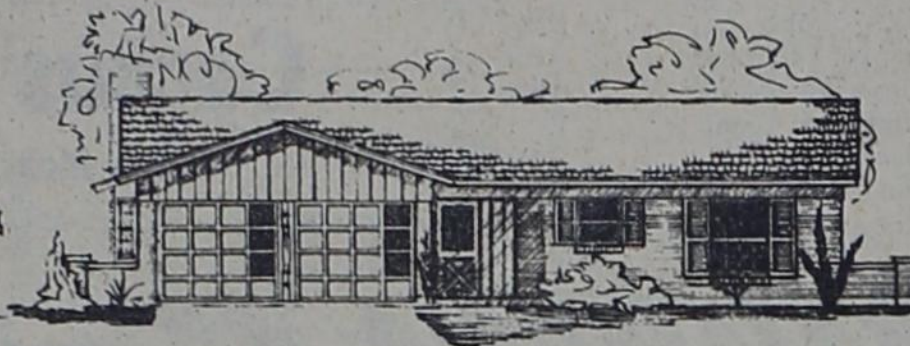

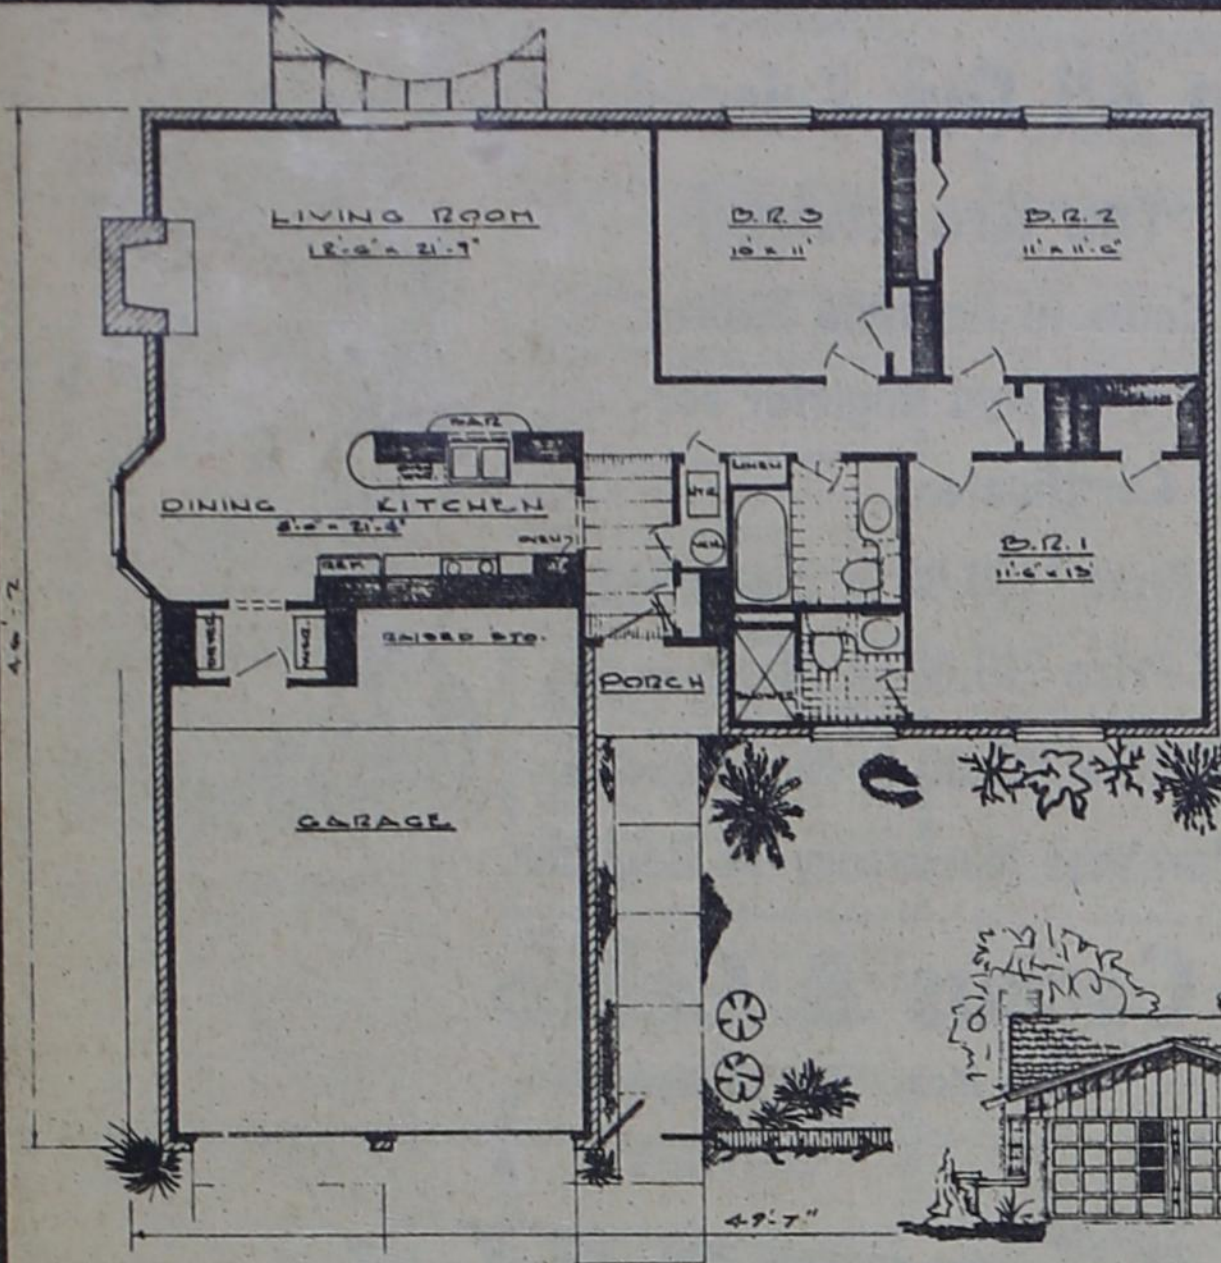

The Industrial Accident Board should stop requiring payments into the Second Injury Fund when the amount of the fund, exclusive of reserves for known or anticipated liabilities, exceeds \$250,000.

**Short Snorts**

A racially mixed, six-member jury has ruled that the probable cause of death of black civil rights leader Frank Robinson of Palestine was suicide.

Former House member Kay Bailey of Houston, National Transportation Safety Board Vice Chairman, was named one of the 10 outstanding young women in America for 1976.

## Juniors Plan For Dec. 16 Coronation

By Kyle Wallace

The coronation is coming up and this year's junior class is working hard to put on a coronation which promise to do all past performances. This year the theme of the 45th coronation is "The Tonight Show" and the skits and music are being diligently prepared by the junior class and members of the C.H.S. music department. The coronation is being put together by seven committees all of which are working very hard. These committees and their chairpersons are the following: Flower and Representative Committee, chairperson Cheri Ward; Decorations Committee, chairman Jon Cermin; Advertising Committee, Chairperson Jill Perry; Ticket Committee, Chairperson Amy Philpott; Script Committee, Chairman Jimmy Myers; Finance Committee, chairperson Sheila Ivison; and the Program Committee, chairperson Eileen Shurtliff.

Brad Wilcoxon is a school sports figure, and is involved in a college welding class.

Beverly Preston, a basketball stand-out and popular personage, also works for the Student Council.

John Ferguson, an all-around good student, is noted for his love of firearms.

## Tourney Action

After a Thanksgiving break and games against Albany and Early, the Fighting Lobos spent the first part of this week preparing for the Stephenville Tournament. The Stephenville Tournament is the first of three tournaments for the Lobos this year. The Lobos opening game of the tourney is Thursday, Dec. 2nd at 2:30 against Huckaby. Huckaby has been a long-time basketball power in this area, having traveled to the state tournament for a victory in the first game of this tournament. Coach Thomas stated that he was well pleased with the progress of the team so far this year. He said the hustle showed by the younger team really impressed him. The Stephenville tournament runs Thursday, Friday, and Saturday, December 2, 3, and 4. Come out and support the FIGHTING LOBOES!

## Nerdology

It was decided by the Nerdology committee that a runoff between the previous "Nerds of the Week" would be held to determine a Semester Nerd. The student body and faculty of C.H.S. voted on the contestants. Cheri Ward received the most votes to obtain the honor of Semester Nerd because of her lovable and unpredictable qualities. The other contestants were Amy Philpott (second Place); Jon Carroll and Eddie Green (Third Place); Jon Cermin close behind in fourth place; and Jimmy Myers took fifth with Randy Agnew in sixth.

## H.E.C.E.

### Yard Sale

The 1976-1977 H.E.C.E. (Home Economics Cooperative Education) class under direction of Mrs. Hellen Hathaway is sponsoring a yard sale from 8:30 to 5:00 Saturday, December 4, at the Northwest side of Cisco High School, weather permitting. If the weather is unfavorable, the sale will be held in the Homemaking Lab. It will consist of clothing, odds and ends, and much, much more. The H.E.C.E. class has worked hard and has had a great deal of fun getting ready for the sale. We hope the public will attend our sale and purchase what we have collected. There will be signs all over town and near the school directing you to the sale, so come on out and join us in some great bargains. We would appreciate your support! Proceeds from the sale will be used to sponsor the annual H.E.C.E. Employer-Employee banquet.

### Library Chatter

A considerable change in the appearance of the library is taking place this week as the library staff busily decorates it with bright Christmas decorations. ## News From The Center

BY LYNELLE PERRYMAN

Here's hoping you had a good "turkey day". The staff and residents at the Center saw "turkeys" in their sleep for a couple of days, but really enjoyed the holiday. Several persons who have been on diets to lose weight suddenly found added pounds due to the appetite and good food that accompanies Thanksgiving. Several members of the staff read a poem by Mark Twain that appeared on the bulletin board and decided to eat all their hearts desired. The poem was this:

Cholesterol is poison, so Never Never eat it;  
 Sugar too may murder you, there is no way to beat it.  
 Fatty foods may do you in, be certain to avoid it...  
 Some foods was rich in vitamins, but cooking destroyed it;  
 So let your life be ordered by each documented fact,  
 And die of malnutrition, with arteries in tact...

The only way to keep your health Is to EAT what you don't want,  
 Drink what you don't like  
 And do what you'd rather not!!!

We wish to thank that Acts from the First Baptist Church for contributing candy cups to our residents during Thanksgiving. We appreciate it so much!

We also wish to thank the many visitors who came to add a ray of sunshine to the residents' day of Thanksgiving. It does so much good to visit residents

## Thoughts From The Living Bible

Some think that Christians should observe the Jewish holidays as special days to worship God, but others say it is wrong and foolish to go to all that trouble, for every day alike belongs to God. On questions of this kind everyone must decide for himself. If you have special days for worshipping the Lord, you are trying to honor him; you are doing a good thing. So is the person that eats meat that has been offered to idols; he is thankful to the Lord for it; he is doing right.

## Eastland County Senior Adults Hold All Day Film Forum

The Eastland County Senior Adults met in local groups to participate in an all day film forum. Many Senior Adults throughout the 19-county council of governments area did likewise.

The film forum, a Human Conditioning Program was a special program enabling senior adults to gather to ask questions, talk with community leaders, view films and give expert advice about the rights and feelings of persons over 60 years of age.

George Brazell and Roy V. Cartee served as moderators, respectively, for Cisco and Rising Star. The program was made possible through the Texas Committee for Humanities.

The Senior Adults viewed films "at 99" and "Maple Sugar Farmer" over Channel 12. After viewing the films each

member entered the discussion of the films.

Many Senior Adults live alone so this enabled them to spend a day in fellowship.

JWS

**A NEW HUNTING** season began in our county on November 1st-quail season. And the crop seems pretty good, according to reports from all directions. This season will run into February.

J.V. Heyser, the trucker of cattle, will miss the opening of the season. An ardent quail hunter, he put business before pleasure and climbed aboard one of his big trucks early Wednesday and headed out for Canada on a hauling job. He'll be gone at least one week.

**DEER HUNTING** has been hampered somewhat by the cold weather but hunters are bringing home the bucks. Mr. Rudolph Schaefer bagged one the other day but not in time for the Thanksgiving Day dinner table at his house.

The Schaefer children and families, who gathered here, had to be content to eat a dinner of home killed beef, home grown vegetables, home-made bread, and desserts. And we'll bet there was a lot of contentment in eating the fine meal.

**IF YOU THOUGHT** it was pretty cool last Sunday morning, you were absolutely right. Thermometers in Cisco dropped to around 15 degrees. Heard of readings of around 10 and 12 degrees out at Lake Cisco.

The long range weather forecasts published Tuesday indicate exceptionally cold weather for the southern states—from New Mexico east through Florida... Somebody said that cold weather usually comes when there a Democratic president, installed, pointing to the extreme weather when the late President Kennedy took office.

There were 53 hours of continuous freezing temperatures this past weekend.

IT WAS COLD in Austin last

Thursday night that Chris and Del Mellette of Cisco watched the UofT Aggie football game on television. Their brother Danny, a student there, got tickets for them. And when they got to Austin, they decided it was too cold to go to the game... Rupert Brown, chiropractic college student in Houston, spent Thanksgiving here with his dad, Dr. Chief Brown... Dave Lorange of Scranton shot a deer last Saturday. He was hunting south of that community.

**CHRISTMAS** Trees are turning up here and there. Peggy McDaniel spent much of Monday decorating a pretty tree at the First National Bank... They've put up a tree out at Jammie's Restaurant. Guess Della Carlile and Ruby Owens of the restaurant staff will begin singing carols any day now... The Stanley Pirtles went to Houston for Thanksgiving with their daughter and family... Wonder why Ray Green, the Putnam philosopher who sometimes writes clever things for his wife column of Putnam news, doesn't write anymore?

**AN UNUSUAL** thing happened at a local motel the other night. A man checked in and it was discovered the next morning that he had used a BB gun to shoot more than a thousand times at the pictures on the walls, the mirrors and the like. There was considerable damage.

Understand the man was arrested and jailed pending an investigation as to the amount of the damages and so forth.

**MET UP WITH** Mary Carey of Alaska the other day. She's here for a few week's visit with her sisters, Mrs. Lela Lloyd and Mrs. R.V. Rendall. Mrs. Carey's book, ALASKA—No Place for a Woman—has been selling well, and she's busy with

another. The story of Jane Long, wife of the first president of the Republic of Texas, is occupying Mrs. Carey's attention at this time. Too little has been written about Mrs. Long, and Mrs. Carey hopes to right that wrong. She has other writing obligations awaiting her typewriter, too.

Mrs. Carey was out at CJC Monday and they had her autograph her Alaska book. She recently closed her lodge north of Anchorage for the winter and has just enjoyed a Caribbean cruise. She and Mrs. Lloyd went to San Antonio for a visit Tuesday... Mrs. Lloyd, by the way, is doing nicely after eye surgery a month ago.

**YOU KNOW**, of course, that Isaac Curtis of the Cincinnati pro football team, used to be a star footballer at CJC... Mrs. Gerald Parks and Mrs. John Huffmyer are spending a week or so visiting in Mrs. JH's old home country around Santa Fe, New Mexico... The First Baptist Church library has 3,200 books... Dizzy Dean spent Sunday and Monday in Waco attending Masonic Lodge conferences.

**THE SUTTON** Crofts spent the Thanksgiving holidays with their daughter and family, Mr. and Mrs. (Dot) Mittel in their brand new home in the suburbs of Arlington. The Crofts helped the Mittels complete the job of moving in.

On Sunday, Nov. 21st, the whole family attended a concert by Seals and Crofts at SMU's Moody Coliseum. Afterwards, they visited with the Crofts' son, Dash. It was the final concert of a month's tour for the nationally known duo through the southern states.

# Can You Really Retire On An IRA Savings Account?

**You'd better believe it.** Anything you do right now to set some cash aside on a regular basis, is bound to pay off for you down the line. The more you set aside, the better it pays off, naturally. **And the more painless it is to save, the more saving you're likely to do. Right?**

The money you save is tax deferrable, up to \$1,500 or 15% of your income, whichever is less. So, if you earn, say, \$20,000 during the year, and set aside \$1,500 on the IRA Account, you'll only pay income tax on \$18,500 — less whatever other deductions you can come up with. There are other things you should know about IRA but it's not at all complicated. Please come in now, to get started. As it is, even if you're saving money, you're saving money that's already been taxed. So, time isn't all that's wasting.

**When 8.88 gets you a 2-part pantsuit of easy-care polyester knit, you know it's a special buy.**

Pant and jacket twosomes, done up in patterned polyester knits. Lots of patterns to wear almost all year round. Cardigan jackets and elastic-waist pants for misses' sizes 10 to 20.
