TWO DEAD IN PISTOL DUEL

THE DAILY NEWS LOCATES BOOTH DESCENDANTS

BRADY MAN GIVES 42-ACRE PARK SITE TO CITY
BRADY, April 21.—F. M. Richards, banker and cattleman of this city, this week deeded to the city and county Richards park, comprising 42 acres of land in a tract which adjoins the city limits on the west. The city council and the county commissioners met in joint session Wednesday and formally accepted Mr. Richards' gift. And each is to share the expense equally in putting the site in shape and making the permanent improvements. It lies along Brady creek, and has a beautiful setting of pecan and elm groves. The program of improvement will cover a period of several years.

RAISING FUNDS TO PROSECUTE FORMER DRAGON

INDIANAPOLIS, April 21.—David Stephenson, once Indiana's greatest political general, was accustoming himself to the routine of the Marion county jail today, following his failure to obtain freedom on bond yesterday on the charge of first degree murder of Miss Madge Oberholzer, who swallowed poison recently. Funds are being raised by women's organizations to insure he is prosecuted with his two lieutenants to the full extent of the law.

CISCO ELKS PLAN BUILD A NEW HOME

Cisco Elks No. 1379 met in regular session last night, with Exalted Ruler D. J. Moss in the chair. Other officers present were Messrs. Luther McCrean, Ray Vaughan, D. S. Floyd, Charles Fleming, Ed. Keough, B. S. Huey, Jesse Stevenson, Hoyt Agnew and F. J. Huey.
A motion was made and unanimously carried that the lodge meet only twice a month during the summer season.
The resignation of Jesse Stevenson as secretary was accepted and the exalted ruler and officers were authorized to negotiate for a part-time secretary and report with recommendations.
A special committee with N. F. Payne as chairman was named to look after visiting Elks and their wives during the firemen's convention.
The question of a modern new home for Cisco Elks was brought up and discussed generally and at length. The consensus of opinion was that the trustees should secure data and plans for a building that would cost approximately \$13,000 and report to the lodge with recommendations.
One speaker seemed to voice the judgment of a very large majority when he said: "The Cisco lodge owes nobody and is in good shape, but our present quarters are inadequate if we are to grow. I think we should erect a modest but modern home and equip it in an attractive manner, with the idea of pleasing the better class of business men, both young and middle-aged. Cisco will easily support an up-to-date club home."

Chief Figures in News Spotlight

CHARLES M. SCHWAB & JAMES E. WALTERS. JACKIE COOGAN & PRINCE HENRY.

Five corporations directed by Charles M. Schwab, multi-millionaire New Yorker, including the Bethlehem Steel Corporation, have been sued by the United States for approximately \$12,500,000, alleged overcharges on war contracts awarded while Schwab was with the U. S. Fleet Corporation. James E. Walters, Boston's "Lone Wolf Bandit," has begun serving a life term for burglarizing a house while armed. Jackie Coogan, boy film star, having reached the ripe old age of eleven, will soon subside into the obscurity of the little red schoolhouse, according to his Chicago representative, Prince Henry, who virtually represents King George of England during his father's vacation in the Mediterranean, narrowly escaped serious injury during a hunt near West Grinstead when his mount collided with another horse and he was thrown. The horse had to be killed. The Prince was uninjured, though badly shaken up.

JOINT SESSION OF GOOD ROADS MEET UNDER WAY

HOUSTON, April 21.—The annual joint session of the United States Good Roads association and the Bankhead National Highway association were ready to board a channel boat this morning for a trip down the ship canal to the San Jacinto battleground, where the annual celebration will be held. Governor Ferguson last night formally opened the session.

JAPANESE CREW SAVED JUST AS SHIP WENT DOWN

BOSTON, April 21.—The race against time and death won today when the steamer Homeric reached the side of the Japanese steamer Kaikufu Maru, and rescued thirty officers and members of her crew just before she sank. The Homeric was one of a dozen ships that raced to the distressed Jap vessel. A radio message, "ship sunk, crew saved," reached here this afternoon from the Homeric.

NEW YORK, April 21.—Definite radio dispatches from the steamer Homeric this afternoon declared 48 men had lost their lives when the Japanese steamer Kaikufu Maru was sunk six hundred miles east of New York this afternoon, none of whom were saved.

BOSTON, April 21.—The Japanese steamer Kaikufu Maru sent out S. O. S. calls this morning from about 600 miles east of New York. The first call said "We are in danger, will need assistance." Later came another call, saying "In great danger, hurry." The last message said, "Can't last long, hurry." Four steamers are rushing to the assistance of the distressed craft.

NEW YORK, April 21.—The steamer Homeric was this morning steaming at full speed to aid the disabled Japanese steamer Kaikufu Maru, and was reported to be only 70 miles distant from the vessel.

BROADCASTING RADIO STATION IS SUGGESTED

One of Cisco's observing and patriotic citizens remarked to the Daily News reporter last night that it would be a good idea for the business men to establish a radio broadcasting station in Cisco. "I think the publicity the city would gain would be worth the cost of establishment and maintenance. Cisco merchants are not bothered with solicitors for public affairs and begging petitions, so common in the average city, and can afford to do something of this kind. The absence of begging petitions was recalled to me by John Fanning, speaking on this subject at the last meeting of the directors of the Cisco chamber of commerce. Mr. Fanning has only lived here a little over a year, but being thoroughly identified with the public affairs of Cisco, observed this fact, and stated that he had never lived in a town where there are so few begging petitions being circulated among the business men. This saving from this source, it seems to me it would be a good idea for the business people to establish a broadcasting station. The advertisement Cisco would get and the number of people who would be brought here by this institution, it seems to me would be a paying investment. Let's boost a little more and I know of nothing that would put Cisco more permanently on the map than a radio broadcasting station."

GOVERNMENT WITNESSES' TESTIMONY ATTACKED
GREAT FALLS, Mont., April 21.—The defense of Burton K. Wheeler, Montana senator, launched an attempt to break down the testimony of two government star witnesses. Several surprise witnesses are expected.

Will R. Deering and Wife Dead and Patrolman Shot When Battle Raged Behind Parked Cars in Fort Worth

FORT WORTH, April 21.—The celebration of Texas' independence day was jarred by a fatal street duel staged on Main street here, resulting in the death of Will R. Deering and his wife, and the wounding of Patrolman A. C. McClain this morning shortly after 11 o'clock. Deering shot McClain and accidentally killed his wife, and was killed himself by the officer. The trouble is alleged to have started when Mrs. Deering was arrested for attacking McClain yesterday. She had her husband renewed the feud with the officer this morning, and Deering and McClain staged a fierce gun battle from behind parked cars in the street.

CISCO GOLFERS STEADILY GROW AS TO NUMBERS

Cisco golfers continue to increase in numbers and the general interest is excellent. Since the weather has warmed up a bit, many of the enthusiasts have formed the habit of putting in an hour at the game early in the morning, rather than in the afternoon, which would seem to be a good idea.
One of the most persistent devotees of the sport is George B. Kelley, who seldom lets a day go by without circling the fairways once or twice. And, Kelly is becoming proficient, too. His average is around 45 or 46, with an occasional 39 or 40. He is probably the most consistent of the Cisco players, although Carl Patton holds the low score, 38.
Rev. A. C. Miller, pastor of the First Baptist church, is one of the latest additions to local golf ranks. Mr. Miller, who is an exceptionally fine gentleman, and democratic to the core, wields a wicked driver and thoroughly enjoys this healthful exercise.
Other new addicts are Oscar Clett, Dr. C. C. Jones, Dr. Charles Hale and Dr. D. Ball. Alex Spears, J. T. Berry, R. Q. Lee and William Reagan are threatening to "break into the game," but have so far failed to get their courage to the sticking point.

ICE COMPANY'S COLD STORAGE NEARLY READY

The Cisco Ice Co. is rushing the completion of the cold storage vaults to be ready for the reception of eggs from the Bankhead Marketing association and other produce that will require refrigeration, in time for the warm weather. The storage period usually begins about May 1, and by that time the vaults will be ready, and produce can be kept sweet and fresh at a nominal cost. The adding of the cold storage plant to Cisco's facilities to care for the products of the country is very commendable of the ice company, and there is hardly a possibility that any of the space will go begging. Probably the entire capacity will be in demand just as soon as the vaults are finished. In fact it is hardly probable that the present capacity will suffice, but the company has other space that can be quickly converted into storage. Once the matter has been started the demand for storage space will increase. This storage has only partially been contracted for by the marketing association and space will be available for anyone having produce to be kept.

C. H. DENT SOME BETTER
The attending physician stated this morning that the condition of C. H. Dent was somewhat improved since his recent attack, but yet quite ill. About three weeks ago Mr. Dent was able to be out and seemed to be improving rapidly and he was congratulated by many friends but another attack placed him in bed again. His ultimate recovery is devoutly hoped for.

Airplane Wrecked in West Cisco as It Came in Contact With the Home of R. S. Glenn; Mrs. Glenn Shocked

Flying over Cisco this afternoon an airplane was wrecked in the western part of the city when it came in contact with the home of R. S. Glenn at 1608 H avenue. The plane is standing on its nose in the Glenn yard. Mrs. Glenn suffered a rather severe nervous shock when the plane came in contact with her home, but no serious results followed. The plane was said to be a government machine, in charge of two young men who were visiting here. The accident occurred at 3 o'clock this afternoon, and is said to have been caused by a bad start from the field, the plane not taking the air as it was expected, but scraped the Glenn residence which was slightly damaged.
Lieut. L. C. Craigie and Sergt. Ben Dorcy were in the plane, which was from Kelly Field, San Antonio. No one was hurt.

NINTH STREET SHOWS MARKED IMPROVEMENT

"There has been quite a transformation in the appearance of the homes along west Ninth street since that thoroughfare has been paved in brick," said an observing citizen to the News man this morning. "It seems the paving of this street has been an inspiration for the property owners to improve their homes. The parkways have been leveled, shrubbery set, new sidewalks laid, and numerous unsightly rocks and other scars on the landscape, have been removed and hauled away. Nearly every home on that street shows some improvements, and at the rate the property owners are beautifying their premises Ninth will equal or excel Seventh street in attractive homes, lawns and gardens in a short while. Seventh street being one of the resident streets earliest to have brick pavement, has been considered the most attractive in Cisco, but Ninth is not far behind at this time. One who has not been over Ninth street since it was paved will hardly recognize it as the same street."

ROY LANE EXHONORATED
EASTLAND, April 21.—Roy Lane, 20, who makes his home at Eastland and Vernon and who was arrested in Cisco a few days ago and taken to Vernon on information furnished by Wilbarger officials that he was wanted on theft and forgery charges, was in Eastland yesterday, the charges against him having been dismissed after an investigation in which evidence against him was not found. Lane has many friends in Eastland who will be glad to learn that he was not guilty of the charges made against him.

GOBBLER KILLS BABY CHICKS

A. G. Boggs, living out on the road to Lake Cisco, was in this morning and reported the loss of 42 baby chicks last night. The chicks were badly mangled, heads picked, and some of them mashed. He did not witness this "slaughter of the innocents," but is of the impression the havoc wrought among his future poultry supply was caused by a big gobbler. "I am not quite sure," Boggs said, "if I was, I would dispatch this turkey without delay."

Will Re-Marry

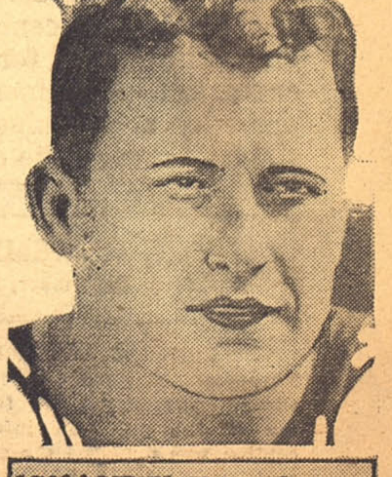

MRS. JOHN F. DODGE & A. G. WILSON

Mrs. John F. Dodge, of Detroit, Mich., widow of the late automobile magnate, has confirmed reports of her forthcoming marriage to Alfred G. Wilson, wealthy lumberman. Mrs. Dodge is one of the six members of the Dodge family to inherit the greater part of the Dodge Brothers' vast fortune.

ENTERTAINMENT COMMITTEE OF LEGION FAILS

The social features of the regular meeting of the local legion post was not up to the standard last night on account of the absence of the entertainment committee from the meeting. Just why this committee, which has been so efficient in the past, failed to function on this occasion was not stated. However, a splendid business meeting was held, with a goodly number of ex-service men in attendance. It was stated by the committee for May, Dr. K. J. Scott and J. T. Maddux, that a splendid program is being arranged for the next meeting, which will include a performance by a prize winning "old fiddler." The high school orchestra may also appear at the next meeting, which will be a real attraction.
At the business meeting a committee was appointed to plan the erection of an athletic stadium on the Maxwell lot in front of the Elks club. Permission has been granted by the city commission to build an amphitheater, where will be staged wrestling matches, boxing bouts and other events.

Heiress to Wed

MISS MURIEL VANDERBILT & FREDERICK CHURCH, JR.

The engagement of Muriel Vanderbilt, daughter of Mr. and Mrs. William K. Vanderbilt, New York society leaders, to Frederick Cameron Church, Jr., of Boston, has been announced, the wedding to occur in July. Miss Vanderbilt is said to have met her fiancé at a party on the Vanderbilt yacht, off Miami, Fla., last winter.

THE SLAUGHTER OF ROOSTERS IS NOW UNDER WAY

One of the best sights to the average poultry man is to see the slaughter of the roosters begin. With the functioning of the Bankhead Marketing association this is now under way in Eastland county. The first load of roosters destined for the slaughter was brought in last night by Sales Manager Jarrett on his second day out this week. There were 50 of these non-producers, and others will be gathered as fast as possible from the members of the marketing association, which means infertile eggs marketed by association members henceforth, and those patrons of this organization will be insured fresh pure eggs in the future. A picture was made of this load of roosters today before Jarrett started out on his trip. Jarrett is seen on top of the truck handling the roosters to County Agent Bush, who in turn is handing them to Butcher Key, seen with cleaver raised ready to decapitate the birds.

PLOT TO ASSASSINATE JAP PREMIER JUST UNEARTHED

TOKIO, April 21.—A plot to assassinate Premier Kato was unearthed here today with the arrest of a rebel leader, who was carrying plans for a complete rebellion.

EXECUTIONS ARE DENIED

SOFIA, April 21.—The Bulgarian government today officially denied the story of wholesale executions following bombings of the cathedral last week, declaring there were no rebellious outbreaks justifying such action.

THROWING OFF THE SHACKLES

Senator Borah complains of the centralization of bureaucratic power in Washington. The New York World, taking a different slant at existing conditions and facts, points out that the nation's economic and political power, formerly centralized in the east, are becoming deconcentrated.

"Great industries, like oil and coal and the railroads," says the World, "and banking power itself, are throwing off eastern control. Powerful industrial centers have arisen in the west and are rising in the south, which are increasingly independent of New York and Pennsylvania and Massachusetts."

This is the truth, as anyone can learn by following the news from day to day. It began with the Federal Reserve system, which decentralized the financial control in Wall street and spread it around the country. Industrial development in recent years has increased the tendency.

"It is no tragedy for the east," remarks the World. "On the contrary, the decentralization of economic power is desirable and necessary in a country as vast as the United States. The people of the east will gain from a more evenly balanced national life. A monopoly of control and prestige is in the long run no good to its possessors."

This is a sporting comment, and is also a true one. It might well be accepted in every section of the country as expressing the spirit of a new and more wholesome development. The country is growing. Come to Texas!

It is reported that half the girls at Vassar College smoke. Where there's smoke there's fire; but nobody seems to be fired for all that smoke.

LATEST AIRPLANE CARRIER

America is not altogether asleep at the hangar, obvious of what perils may come by air. There has just been launched at Camden, N. J., for the United States navy, the fastest and biggest airplane-carrier in the world.

The Saratoga is 888 feet long, 105 feet wide, displacing 35,000 tons, with 180,000 horsepower and an estimated speed of 38 miles an hour. It will be equipped to carry 72 airplanes, which is quite a fleet in itself.

Such a craft may be the most important factor in any future naval engagement. It will accompany battleships, cruisers and submarines and the planes will be speared forth to locate and sink an enemy before he can attack.

But the uneasy thought arises that possibly Uncle Sam hasn't got 72 airplanes of the proper type, in A-1 condition, to stock the Saratoga's capacious inside. If so, it is time to get busy in the airplane factory, and keep busy until such time as the powers agree to limit their air armaments.

UNFAMILIAR HOME TOWNS

Students of the Tulane College of Commerce in New Orleans are making a survey of the manufacturers and manufactured products of that city. The purpose is to discover the city's industrial resources and to encourage the home consumption of locally manufactured goods.

The whole city, through this work, will learn a good many hitherto unconsidered facts about New Orleans. In almost any community, great or small, there are important activities of which a great many citizens are wholly ignorant.

There are times when a plain citizen feels that surveys have been greatly overdone and that they never mean much nor accomplish what they are supposed to accomplish. This is probably because they are summarized and published in unnecessarily technical terms. Rightly handled and put before the public, surveys on almost any local conditions might have a genuine interest, educational value and stimulating effect on civic affairs.

BUYING A FARM BULLETIN

The Department of Agriculture is an effective institution, as governmental departments go. So is the postoffice department. Nevertheless—

A citizen wants to get hold of a certain farm bulletin. He writes to the Department of Agriculture asking for it. He gets a reply in a couple of weeks explaining that the supply of that bulletin is "exhausted," but adding that the inquirer may possibly obtain it from the superintendent of documents, government printing office, Washington, D. C., at five cents per copy, and that the purchase must be accompanied by postal money order, express order or New York draft.

So the seeker of that bulletin must go to a dollar's worth of trouble, and additional expense, to get and mail the "postal money order, express order or New York draft," instead of following the simple, obvious procedure of enclosing five cents in stamps, printed by the same government and paid for by him in his good cash. And all because, as a government official once explained, there is no provision at Washington for the exchange of postage stamps between the departments concerned.

DO YOU REMEMBER?

Roundup, September, 1914.

The Industrial Arts club met on Thursday afternoon with Mrs. A. J. Olson. This being the first meeting of the year, an informal reception was tendered the guests and members present. On entering, the ladies were served with punch by little Misses Iantha d'Spain and Lottie Roe Green. After a very enthusiastic business session and a number of talks by the new members, the guests were invited into the dining room, where the hostess assisted by Mrs. J. E. Griffin, served delicious refreshments, consisting of ice cream and cake to the following members and visitors: Mesdames Geo. D. Fee, A. J. Olson,

John Elkins, L. L. Griffin, J. E. Griffin, Callie W. McAfee, Bob Winston, J. M. Williamson, Joe Wilson, R. D. Green, G. C. Davis and Misses Moore, Howard and Dillon. The ladies' aid society of the First Presbyterian church met at the home of the president, Mrs. Newcomb, Tuesday afternoon. Much business was transacted, and social features planned for the approaching season. Committees have been appointed to solicit articles for the bazaar that will be given at a future date. Committees were appointed to arrange for a reception to be given the teachers of the Cisco public school and the Britton training school Friday night, Sept. 25, place to be selected by the entertainment committee. The officers of the society are: President, Mrs. S. A. Newcomb; vice president,

Mrs. F. C. LeVeaux; secretary, Mrs. C. H. Pee; treasurer, Mrs. J. D. Alexander. After the business had been transacted, Mrs. Newcomb, assisted by Mrs. Reynolds, of Albany, served delightful iced punch with angel food cake.

Cisco was represented in the county cotton meeting at Eastland Thursday by the following: G. B. Kelly, J. W. Hartman, H. Bulbrook, W. W. Moore, Corridor Rominger, G. Flisk, C. Owen, W. E. Fairless, W. P. Pulley, W. S. Michael, J. W. Watson, T. J. Dean, R. F. Davis, Dr. J. A. Fussell, Geo. D. Fee, R. C. Pass, R. A. St. John, C. A. Gray and probably others.

Mrs. J. B. Mashburn and little daughter returned Saturday from Thaurber, where they have been visiting with relatives.

Mr. and Mrs. G. D. Ward went to Brokenbridge Sunday. Mr. Ward returned home and Mrs. Ward will visit relatives for a few days.

Fielding Lee who has been spending the summer with his uncle at Planton, N. M., arrived home last week to enter school.

The women's missionary society of the First Methodist church will meet at the home of Mrs. J. W. Hartman next Tuesday, Sept. 22, at 3 o'clock. All ladies of the church and members of the society are urged to attend and bring needle, thimble or crochet needle and make bazaar articles. "As this is the last month in this quarter and the treasurer must send in her report before October 1, all members who have not paid dues, the 25c conference expense fund and extra \$1, please come prepared to pay at this time and save the treasurer considerable worry."

Little Miss Sarah Maud Benham entertained at the home of her parents, Mr. and Mrs. Henry Benham on Saturday evening, when games and other interesting features on the lawn formed the program of entertainment. Mrs. Benham, mother of the small hostess, served punch and ice cream cones during the evening to about 40 young people.

The Twentieth Century club will meet with Mrs. J. J. Butts this afternoon at 4 o'clock to begin its annual work. On last Friday evening, little Miss Juanita St. John gave a party at the home of her parents, Mr. and Mrs. R. A. St. John. Games and music furnished amusement for the large number of children present. During the evening Misses Ethel and Velma St. John served refreshing lunch from a bowl embedded in flowers and vines.

DINNER STORIES

She was giving an order to the grocer.

"And I require some cheese," she said.

"Yes, miss," replied the grocer, smiling amiably; "I have some lovely cheese."

"You should not say 'lovely cheese!' said the customer severely.

"But why not, miss? It is lovely cheese!"

"Because"—she tried to combine maidenly modesty with an air of learning—"because lovely should be used to qualify something that is alive."

The grocer's smile broadened as he glanced at the Gorgonzola.

"Well, miss," he said, "I'll stick to lovely!"

Young Jack had just returned from a painful interview with the minister, to whom he had said, in reply to a question, that there were

100 commandments. Upon meeting another lad on his way to the minister's, he said:

"An' if he asks you how many commandments there are, what will ye say?"

"Say?" queried the other lad.

"Why, ten, o' course."

"Ten?" reiterated the first youth in scorn. "Ten? Ye will try him w' ten? I tried him w' a hundred and he wasn't satisfied."

A FRIEND

Lives there one who, knowing you, Sees in everything you do Something worthy to commend? Rest assured he is a friend.

One who seeing you each day, When at work or at your play, Always seems to comprehend; Stick to him, he is your friend.

If he knows your every mood, Happy, scrappy, when you brood, Yet stands ready to defend; Then, at last, you've found the friend.

Wealth or pow'r will not suffice. For this "Pearl of greatest price." He is richest in the end Who has found a faithful friend.

ELEVEN BURNED MONDAY IN GAS LINE EXPLOSION

RANGER, April 21.—Eleven men, employees of Chestnut & Smith corporation of Ranger, were burned more or less seriously about the face and arms and shoulders when a gas line that was being repaired at the Oil Belt Power company power plant at Lake Leon burst and the gas ignited. Two of the injured men were rushed to a sanitarium in Eastland and the other nine were taken to the City-County hospital at Ranger. The two men in Eastland, brothers, were working was the main used for carrying gas from Chestnut & Smith plant to the Oil Belt Power company plant at the lake. According to some of the men, they were repairing the flange gates and had loosened the bolts preparatory to taking them out. One of the bottom bolts stuck and in prying up the gate the explosion occurred as the gas ignited. Cause of the ignition of the gas has not been de-

termined and probably never will, according to Chestnut & Smith officials.

The men injured will probably be under treatment for several days, depending on how their burns heal, Dr. H. A. Logsdon said. Some of the men were burned more seriously than others although none are in a critical condition.

J. S. Drown, Curtis C. Cash, W. T. Smith, J. L. Shields, B. R. Christmas and Tom Neveille are in the City-County hospital. L. L. Lemely, P. N. Peterson and Tom Fox were treated and their burns dressed at the hospital after which they left. G. F. and J. E. Craig were at the Eastland sanitarium.

HIGH LINE TAKES ANOTHER SAN ANTONIO, April 21.—

Falling across a live wire carrying 2,300

Gland Patient In Running Race Amazes Audience

Breasting the tape with a final burst of almost super-human speed, with the sparkle of victory glinting in his eye, a man 73 years of age hurtled across the line a triumphant victor in a 50-yard race in the amazing time of 6 seconds. Onlookers were amazed to see this aged runner, who had his waning strength revived by glandular treatment, almost equal the world's running record for 50 yards. This almost unbelievable incident occurred at the annual field meet at one of California's state institutions.

It was another victory for science, proving again that youthful vigor, stamina, ambition and power may be restored by reviving the vital glands of the body.

Glandogen, the new scientific gland tonic, which is prepared in convenient tablet form, for men and for women, provides a simple method of taking glandular treatment. Accept no substitutes. Insist on genuine Glandogen, the original gland tonic. Corner Drug Store will supply you.

volts of electricity, W. A. Kingdom, 25 years old, was fatally burned at 9 o'clock Monday morning. For thirty minutes city firemen applied artificial respiration with a new Red Cross device, and then the injured man was taken to a hospital, where he died shortly afterwards.

Nerves All Unstrung?

Cisco Folks Should Find the Cause and Correct It

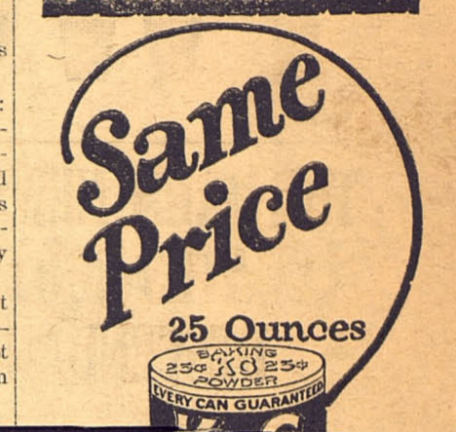

Are you all worn out? Feel tired, nervous, half sick? Do you have a constant headache; sharp twinges of pain, too, with dizzy spells and annoying urinary disorders? Then there's cause for worry and more cause to give your weakened kidneys prompt help. Use Doan's Pills—a stimulant diuretic to the kidneys.

Cisco folks recommend Doan's for just such troubles.

Mrs. E. M. Paschall, Cisco, says: "The worst symptom of kidney complaint in my case was extreme nervousness and a depressed, languid feeling. I took about four boxes of Doan's Pills and all the symptoms of my complaint were greatly lessened."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Paschall had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

People Don't Excuse Pimples—Get Rid of Them
Black and White Ointment and Soap, are doing almost miraculous things for people who had tried many things in desperation trying to get rid of pimples, blotches, bumps, eczema, "breaking out." That more than two million packages are being used a year just proves its wide use and tremendous popularity with the people whose skin it has cleared up.
Any dealer can supply you with both the Ointment and the Soap. So there is no excuse to keep being bothered with your skin troubles. The 50c size Ointment contains three times as much as the 25c size.

WELLS WANTS DAMAGES FOR FALSE ARREST

EASTLAND, April 21.—R. H. Wells of Ranger, has filed suit in the 88th district court at Eastland against R. W. Edwards, sheriff of Eastland county; Leonard Davenport, assistant chief of police of Ranger, and E. E. Wood, deputy sheriff of Eastland county, for alleged damages in the sum of \$20,000—\$10,000 actual and \$10,000 exemplary. Wells, who was taken into custody and held for investigation following the killing of Policeman Jimmy Daniels of Ranger on the morning of Feb. 1, alleges that the officers arresting him did so without any warrant or legal authority, or if they did have a warrant, it was not issued by a magistrate having authority to issue one and that he was arrested for the purpose of harassing and injuring him.

Wells' petition alleges among other things that on the night of Feb. 22, 1925, about 12 o'clock, that the defendants came to his home and arrested him falsely and maliciously imprisoned him; that defendant Davenport spirited him away from Ranger by way of back alleys and back streets to a place on a dark and deserted road about two miles from the city of Ranger near the highway leading from Eastland county to Thurber and there delivered him to E. E. Wood, who was waiting for him and who handcuffed him to another party and carried him to Weatherford where he was placed in jail and that after being kept there for some time was carried to Stephenville and placed in jail.

The petition further alleges that during the time plaintiff was in the custody of the officers he was carried into the presence of many people, which caused him great humiliation; that he was refused the privilege of conferring with counsel and friends; that the defendants had conspired to kidnap him, etc.

SIPE SPRINGS CENTENNARIAN HAS BIRTHDAY

SIPE SPRINGS, April 21.—Citizens of Eastland and Comanche counties, sons, daughters, grandchildren and great-grandchildren of I. L. Morris, were present when he celebrated the 100th anniversary of his birth at the old homestead Friday. All of the living children were present as follows: George L. Morris, Comanche; Enoch Morris, Corpus Christi; James Morris, Colorado; Mrs. Sam Williams, New Mexico; Mrs. Martha Dawson, Greenwood, Ark.; Mrs. Lon Trail, Fayetteville, Ark.; Mrs. Mary Basham, Carbon; Mrs. Fannie Brazzel, Rising Star, and Mrs. Glennie House, Okra.

The day was spent in one grand family reunion together with a big picnic dinner. In the afternoon photographs were made by the staff photographers of newspapers which sent special representatives to the scene for the purpose of getting the pictures and a write-up of the occasion.

SAYS BROWNWOOD ROAD MUST CONTINUE OPERATE
WASHINGTON, April 21.—Though the Brownwood, North and South railroad has lost an average of \$11,000 per annum during recent years, examiners for the interstate commerce commission today recommended that the railroad's application for permission to abandon its lines and cease operation be refused. The investigation into the road's condition had shown that the St. Louis-San Francisco railroad had hitherto met the deficit. That railroad should be obliged to show, it was held, that the earnings from the long haul on traffic developed by the Brownwood line were inadequate before the petition could be granted.

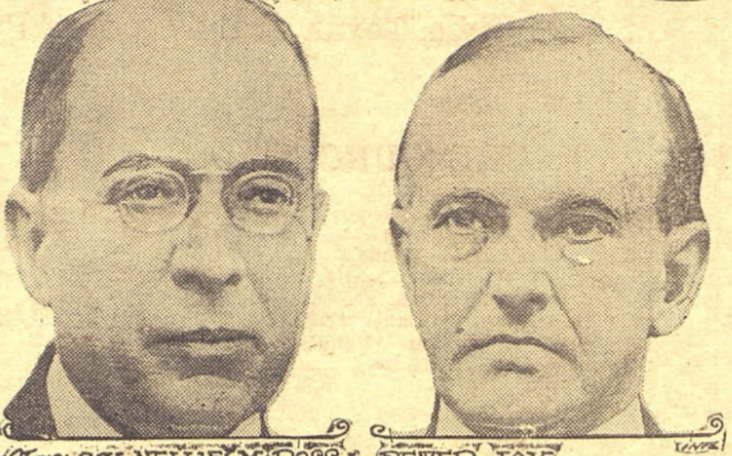

Composer Back

JOSEPH REDDING

Joseph Redding, California attorney and musician, who is the first American opera composer to have his work produced abroad, has returned to this country. Redding's opera, "Fay-Yen-Fah," was presented by the Monte Carlo Opera Company, where Redding was the guest of the Prince of Monaco.

Men and Women in News Spotlight

The mysterious guard maintained for several days around the Cheyenne, Wyo., mansion of Governor Nellie T. Ross, by the State Law Enforcement Commissioner, has been just as mysteriously removed. United States Minister Peter Jay, at Bucharest, has pressed the Rumanian Government to open debt funding negotiations with the American Government, to which it owes about \$45,000,000 in principal and interest. If the President must wait for the "advice and consent" of the Senate before removing from office men who no longer have his confidence, a "to let" sign might as well be hung on the White House. Solicitor-General James M. Beck told the United States Supreme Court, in arguing on the dismissal of Frank S. Myers, former Postmaster at Portland, Ore., removed by President Wilson. Plans to cut down the noonday crowds that are allowed to shake hands with President Coolidge, went by the board when the President declared he did not think it an ordeal, but, on the other hand, liked it.

HOUSE BURNED IN WHICH LAY WOMAN CORPSE

CLEBURNE, April 21.—Fire that destroyed 11 Cleburne homes Monday afternoon caused more than \$30,000 in property damage and temporarily threatened destruction of the great Santa Fe shops. The high board fence surrounding the shops became ignited, but strenuous efforts of the fire department and volunteer fire fighters saved the shop buildings. An exploded oil stove was the origin of the blaze. The blaze broke out shortly before 3 o'clock and fanned by a strong south wind soon gained headway in northeast Cleburne. So high was the wind that at one point the sparks were carried a distance of nearly two blocks. Occupants of destroyed homes were chiefly Santa Fe employees. The railway's emergency fire force was summoned to assist Cleburne firemen.

The body of Mrs. W. F. Williams, who died here early yesterday, was in one of the buildings which the fire attacked. Rescuers carried the body to safety. A large portion of the destroyed property was not covered by insurance.

EASTLAND MAN GETS CONDITIONAL PARDON

AUSTIN, April 21.—Conditional pardon for J. E. Brunson of Eastland county, given five years for robbery with firearms, was granted today by Governor Miriam A. Ferguson. The pardon was given on recommendation of the trial judge and some of the jurors that convicted him.

EASTLAND OIL SUPERVISOR TO RETIRE JUNE 1

EASTLAND, April 21.—L. G. Graves, deputy supervisor of the oil and gas department of the railroad commission, has just been advised that his services with the department, will cease, June the first, which comes as a distinct shock to his friends and co-workers. Mr. Graves has been in service five years, and has been located at Eastland two years, where he, with his family have made many warm friends who will sorely regret to hear of his probable departure from their midst.

From the same source we learn that Omar Burkett, a local resident, has been appointed to fill a position like that which Mr. Graves is leaving, but it is not known whether he will be chosen to succeed Mr. Graves, or be changed to another division.

REAGAN COUNTY TO VOTE ON COUNTY SEAT CHANGE

SAN ANGELO, April 21.—Reagan county voters will decide at the polls on Saturday, May 23, whether or not the county seat shall be moved from Stiles to Big Lake. The county commissioners recently called the election upon the petition of 107 citizens. The voting strength of Reagan

county is around 850, with the preponderance in the oil field towns of Big Lake, Kemper, Best Santa Rita and Texon along the Orient railroad in the southern part of the county. Stiles is about twenty miles due north of Big Lake in the north central part of the county, but off the railroad. Owing to the development of the oil field and the convenience that will accrue to the majority by reason of establishing the county seat at Big Lake, it is generally believed that the election will carry. Big Lake alone now has more voters than there were in all Reagan county five years ago when a proposal to move the county seat from Stiles to Big Lake was defeated. Big Lake continues to grow steadily. A new pump to be operated by electric power is now

being installed at the wells that supply Big Lake and the water mains are to be extended. Greater fire protection will be one result. The water works system at Big Lake is municipally owned.

SCOTT ORDERED TO PAY WIFE \$800 PER MONTH

FORT WORTH, April 21.—Judge R. E. L. Roy of the 17th district court demonstrated what he thought of the validity of the decree of divorce granted Winfield Scott by the court of Yucatan, Mexico, when he ordered young Scott to pay \$800 monthly alimony to Mrs. Josephine Scott, his pretty estranged wife. The increase of \$400 a month was ordered by Judge Roy after a hearing on Mrs. Scott's plea to have

the allowance increased from \$400 to \$1,250 a month. It was the opinion of certain legal authorities that Judge Roy's decision likewise "broke" to which young Scott repaired after he had transferred all of his property to his mother, Mrs. Winfield Scott, sr.

CASH For Old Gold, Platinum, Silver, Diamonds, magneto points, false teeth, jewelry, any valuables. Mail today. Cash by return mail. Hoke S. & R. Co., Otsego, Mich.

Half the world is half asleep

It is terrible to feel all dragged out—to live from one day to the next in a constant state of weariness. Yet thousands do, because constipation is destroying their energy—even their interest in life. Only Kellogg's ALL-BRAN brings sure and safe relief from this disease.

Fired because he was always tired

"Drowsy Bill," they called him—a lifeless, eternally tired, old young man. He tried hard enough, but his energies always sagged before the job was done. One day Bill was missing . . . fired.

In every walk of life you'll find men and women who are fighting constipation—the dread disease which robs the body of its energy and strength. But thank goodness, there is pleasant, safe, permanent relief from constipation—Kellogg's ALL-BRAN.

Kellogg's ALL-BRAN is what doctors call a bulk food. As it journeys through the body, its fiber remains unchanged. Therefore, it can sweep the intestine clean. ALL-BRAN also absorbs and carries moisture through the intestinal tract, thus stimulating regular, healthy action. ALL-BRAN urges nature to act normally—something that habit-forming pills and drugs can never do.

Serve Kellogg's ALL-BRAN with milk or cream, sprinkled over other cereals or cooked with hot cereals. Delicious with fruit. Also use the many recipes given on every package. If eaten regularly, Kellogg's ALL-BRAN is guaranteed to bring permanent relief or the grocer returns the purchase price. Eat two tablespoons daily—in chronic cases, with every meal.

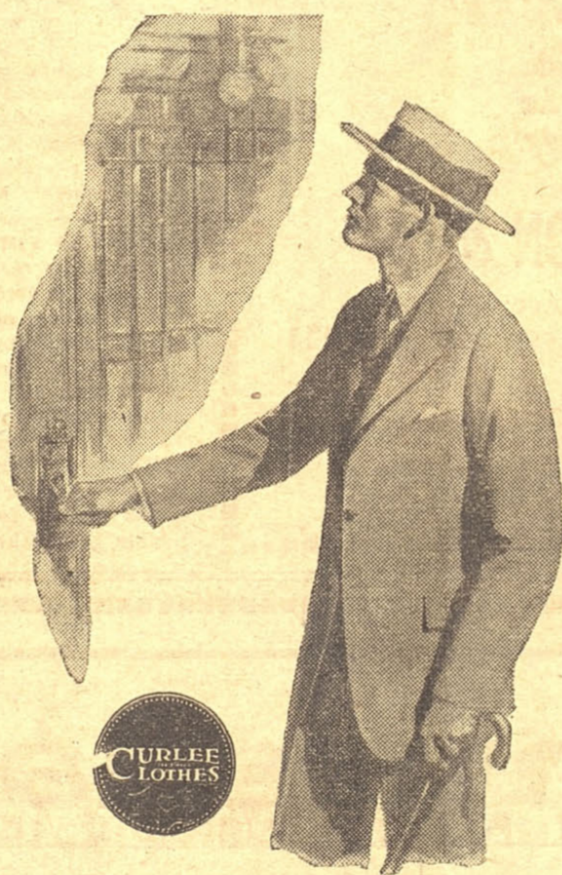

Be careful! Only ALL-BRAN brings sure results. Be sure to get Kellogg's ALL-BRAN. A part-bran product is only partially effective—maybe not at all. Kellogg's is the original and only ALL-BRAN. All grocers sell it. Served in leading hotels and restaurants. Buy a package today.

The original ALL-BRAN—ready-to-eat

Kellogg's ALL-BRAN

West Ward P. T. A.
The West Ward P. T. A. met at the school house Monday afternoon. Mrs. J. L. Kennedy made a report on the recent P. T. A. convention at Denton. A splendid program was rendered by the low second grade. The low sixth grade won the flag for having the largest attendance. The ladies decided to indefinitely postpone the "Spelling Bee," which was scheduled for tonight, on account of the art exhibit, which is scheduled for today. Following the business discussion, refreshments were served.

Mr. and Mrs. Bob Bettis and Miss Pearl Barker left yesterday for Fort Worth, for a several days' visit.

Mr. and Mrs. J. M. Hooks and children of Abilene, spent Sunday in Cisco with Mr. and Mrs. F. M. Hooks.

Mrs. D. Mohon, Mrs. Tom Cochran and Miss Gladys Carnes, off of

De Leon, spent today in Cisco to attend the funeral of Dr. W. R. DeWitt.

Mr. and Mrs. Charley Farquhar, Mrs. C. W. Guthrie and son and Miss Letha Eager spent Sunday in Abilene with relatives.

Mrs. C. F. Hardy is spending a few days in Dallas.

Mr. and Mrs. F. W. Murphy and son, Gerald, returned yesterday from Austin. Gerald Murphy has been attending the St. Edwards University, but on account of a nervous breakdown has found it necessary to discontinue his studies for a while.

Dr. D. Ball left this morning for Abilene to attend a meeting of the medical association.

R. A. St. John is in Abilene today.

Mr. and Mrs. G. C. Rosenthal of Humboldt, have returned from an extended stay in San Angelo.

Several members of the Lions club left this morning for Brownwood to attend the district convention.

Cecil Eager and bride, formerly Miss Lucile Howard, both of Abilene, who were married in that city Saturday, spent Sunday in Cisco as the guests of Mrs. G. P. Rainbolt.

Tom Bliss of Breckenridge spent yesterday in Cisco with friends.

Mrs. J. C. Oliver is spending a few days in Abilene with relatives.

D. P. McAlpine of Dallas, was a business visitor in the city yesterday.

Miss Winfred Crowell and John and Raymond Crowell have returned

to their home in Breckenridge after a short visit with Dr. and Mrs. J. W. Howell.

Mrs. E. G. Pierce of Breckenridge, is the guest of her mother, Mrs. T. P. Cochran.

G. A. Tucker of Dallas, formerly of Cisco, is spending this week in Cisco on business. Mr. Tucker and E. P. Crawford spent yesterday in Cross Plains.

H. F. Kors, a recent newcomer to Cisco, is confined to his home on account of illness.

Grady Pruett of Putnam, transacted business in Cisco Monday.

Edward Mancill left yesterday for College Station to resume his studies at A. & M., after a week-end visit in Cisco with his parents, Mr. and Mrs. J. W. Mancill.

Osher Goldsmith of the Humble company has returned from an extended stay in San Angelo.

COLORADO TO VOTE ON MUNICIPAL BONDS

COLORADO, April 21.—An election will be held in Colorado Wednesday, April 22, to vote on a bond issue of \$40,000 with which to construct a new municipal building. The old city hall has become inadequate for the city government offices and fire department.

Critically Ill

CHARLES H. EBBETS

Charles H. Ebbets, president and chief owner of the Brooklyn Club of the National League, is seriously ill at his apartment in the Hotel Waldorf-Astoria in New York City.

Pleasant Dealings—A Feature We Like to Advertise

BANK OF MINERAL WELLS CLOSES DOORS

MINERAL WELLS, April 21.—The Bank of Mineral Wells failed to open its doors for business here today. Officers did not explain the nature of the trouble. The institution was a private banking corporation, which had been in business here for 35 years.

R. C. PASS' CONDITION GRAVE

News from the bedside of R. C. Pass this morning is far from encouraging, and grave fears are entertained regarding his recovery. It is stated that he takes very little nourishment, and continues to grow weaker.

BROWNWOOD LEGION CAMPAIGN STARTED

BROWNWOOD, April 21.—The quota of Isham A. Smith post, American legion, for raising \$5,000,000 endowment fund for orphans of men killed in the world war is \$1,200, according to announcement made today. The Isham A. Smith post is now busy in the endeavor to raise this quota as quickly as possible.

ARRESTED FOR AUTO THEFT

Cisco police recently picked up a man here wanted by the department of justice of the federal government, according to reports made to the Daily News. L. V. Long was arrested and delivered to Abilene officers, who requested his arrest. He was employed by Buck Myrick when taken into custody. The telegram for his arrest stated he was wanted for auto theft, presumably in another state.

WILL REINACT THE OPENING OF INDIAN LAND

OKLAHOMA CITY, April 21.—Fifty thousand visitors are expected here for the celebration tomorrow of the opening of the Indian lands for white settlers, April 22, 1889. Today opens celebration and tomorrow a reproduction of the famous run is to be made only on horses and horse-drawn vehicles allowed.

AUTOMOBILE KILLS SAN ANGELO CHILD

BROWNWOOD, April 21.—Virginia May Cawyer, 4 years old, daughter of Mr. and Mrs. William Frank Cawyer of San Angelo, who was struck by an automobile at Mercury late Saturday evening, died here Sunday. The father of the child stated that she started to run across the street to him when suddenly a car, driven by an unknown party, presumably a small girl, dashed around the corner and ran over the child. It was stated by the father that the car never stopped.

ST. PAUL, April 21.—Mrs. Delia Sorenson, 28, who yesterday confessed she poisoned seven persons, three members of her own family, between 1918 and 1923, was today committed to an asylum for the insane here. She declared she poisoned the children of

another family because she wanted "revenge" on the mother for gossip.

MRS. ALLISTER RECOVERING
Mrs. J. B. Allister, daughter of A. Grist, is reported this morning greatly improved after her recent operation at a local sanitarium for appendicitis. For several days her condition was real serious, but it was stated this morning that her recovery would be rapid.
