Cisco Wins Honors At Ranger Meet

In the Interscholastic meet at Ranger Friday and Saturday Cisco had only five men entered in the athletic contests taking part in six of the events, and of that number they won four places.

In the 880 yard run B. Miley took first in a time of two minutes, eight and two-fifths seconds. In the 220-yard dash, G. Miley made a time of 23 seconds in the pole vault. Little made a vault of 10 feet and ten inches. Relay, first Massengale, Jeter, B. Miley and G. Miley.) 100-yard dash. G. Miley second.

Wolfe of Stephenville broke the record on discus throwing, throwing it for 130 feet and four inches. Pope of Mineral Wells tied the high jump record with a jump of 6 feet and two inches.

Barke of Eastland was high point with ten and one-half. Stephens of Ranger was second with ten points, and third of nine and one-third points went to G. Miley of Cisco.

In the tract and field events first honors went to Eastland with 40 points, second to Ranger with 28 points, and third to Cisco with 23 points.

Due to the 50 "premium" points allowed for having students entered Breckenridge took first honors of the meet.

The Cisco Boys debate team took first place winning over Stephenville and Strawn. The team which consists of Haywood Kinsey and Billy Murray will represent the district in the state meet to be held at Austin in which they will compete with fifteen other teams. Sterling Drumwright captured first honors in the senior boys declamations, and will also represent the district in the state meet.

The Jinx seems to be trying to follow our friend Harry Schaefer lately. Early Monday ment by a specialist there.

The newly papered, and also newly furnished home, which he was intending to occupy caught fire and burned. Later a message was received here that he and his mother and others had been seriously injured in an automobile wreck in Oklahoma, and were in the hospital at Guthrie. It later developed, however, that his mother was the only one of the party who was very seriously injured. Beside Harry and his mother there were in the car Mrs. Mellette and Thelma Mellette.

MRS. PULLEY HOSTESS TO WHILE-AWAY BRIDGE

Bluebonnets in profusion adorned the rooms at the home of Mrs. Grace Pulley Wednesday afternoon when she was hostess to the While-Away Bridge Club. High score went to Mrs. Fannie Pulley and Mrs. H. B. Hackleman made high cut. A lovely salad course was served to members and guests.

H. Brandon, principal of High School, and Coach W. B. Chapman were in Odessa Tuesday to visit Paul Cole who was seriously injured in a wreck. A truck in which he was riding overturned last week between Odessa and McCamey. He was badly bruised and cut in the accident, and suffered some bad internal injuries, and for a time his life was thought in danger, but doctors now say that he has good chances to recover. Cole is a member of last year's Lobo football team and is an all-district tackle.

F. F. T. Boys Win Judging Honors

In the state F. F. T. meet held at Austin last Monday the Cisco boys carried off special honors in the grain and in the dairy judging contests. The grain judging team won the sorghum grain and the all round grain judging contests, and received the cups awarded the winners. The members of the team are: Ben Camp, Bobbie Thurman and Avery Holt, Camp being high point man. About forty teams were competing in this contest. The dairy judging team won first place in the Guernsey division, and was awarded a very pretty bronze trophy. Three banners were also given the Cisco teams. The boys were accompanied on the trip by E. H. Varnell, vocational instructor. They returned home Tuesday.

Cisco Boy Making Records In Racing

Wilbur Westerfeldt, son of Mr. and Mrs. H. O. Westerfeldt of this place is making some splendid records as a runner. He is now in his finishing year at the State University, and is captain of the track team, and has won some very strenuous races lately. Last Saturday he was an entrant with his team in the big races in Lawrence Kansas, as representatives of the Texas University, and competed there with fast teams from all over the country. In this race he won the one mile relay with a time of 3 minutes 20.0 seconds. He won a \$65 watch as a reward for his efforts. The A. C. C. of Abilene won the 2-mile relay. In a race at Austin Wednesday between the Rice Institute Owls and the University Longhorns Westerfeldt carried off first in the 440 yard dash with a time of 49.4, and in the mile relay with a time of 3 minutes 24.5 seconds.

DELPHIAN CLUB MEETS IN REGULAR SESSION

The Delphian Club met in regular session Monday morning at 9:30. Response to roll call was made with current events.

In the business session it was decided to hold the Bridge and 42 tournament Saturday the 25th, beginning at 3:00 p. m. on the roof garden of the Laguna Hotel. The quilt show for which all clubs are cooperating with Delphians will be held May 14th, 15th and 16th in the building formerly occupied by the Chevrolet company.

A short program was given, the subject being, "History of Greece." "Progress of Early Sports" was discussed by Mrs. H. I. Stock, "Athens," by Mrs. A. J. Olson, "From Age of Solon to Persian Age," Mrs. J. V. Heyser.

The Ranger Country Club will hold its first annual invitation golf tournament Friday, Saturday and Sunday, May 29, 30 and 31, Over \$250 in prizes will be awarded. In each flight the runner-up will receive prizes and a consolation prize will be awarded in each flight. The course is situated on the bank of the Hagaman lake, and is a beautiful place. It is expected to make it a very large affair.

A. J. Olson made a business trip to Brownwood the latter part of the week.

The Law and the People

(An Editorial)

The law provides that the people of any city in Texas shall hold elections on the first Tuesday in April of each year for the purpose of electing officers of their choice to manage the affairs of the city.

The law also provides that when the people have expressed their choice by ballot, the officers of the election shall immediately cast up the votes and certify the results to the city council or commission. The law also provides that the city council shall immediately open the returns and declare the results. The law further declares that the "newly elected officers may enter upon their duties on the fifth day thereafter."

We quote from Art. 983 of our statutes as follows:

"The city council elect shall meet at the usual place of meeting on the fifth day. Sundays excepted, after their election, or as soon thereafter as possible, and be installed under the provisions of this title."

This is the general state law governing elections of officers of all cities, and our city charter provides in Sec. 1 of Art. V that the general election laws governs the election of the officers of Cisco.

The law is clear on this matter. The will of the people has been expressed at the polls. We are very well satisfied with the results. But just as an humble private citizen, we cannot help but wonder just WHAT IS THE COMMISSION WAITING ON to install the new officials? Of course, it may not be any of our particular business, but we cannot help but notice that the new commission at Eastland, and many other towns have already entered upon their duties. We do not say it is a persistent act on the part of the old commission to thwart the will of the people, but our curiosity bump is bothering us again, about what is the cause of this DELAY. Are the weather signs not right, or is the moon in the wrong stage, or has the old commission joined the Quakers and are waiting for the "spirit to move them?" Don't get us wrong, now, bud. We're not criticising. Just wonderin'. That's all.

Just wonderin'. That's all.

Walton Baby Contest Proves Great Success

Mr. Walton of the Walton Studios announces that his baby contest which closed Saturday night was a most pleasing success, especially so in face of the present conditions of business generally. There were numerous entries from all parts of this and surrounding territory, and he and his force were kept very busy taking care of all of them. The judging will take place at the studios and the prizes will be awarded at 3:00 o'clock next Tuesday afternoon. Judges will be selected from traveling people at some of the local hotels, who are utter strangers to the entries; the pictures will be judged by number only, thus insuring a fair and impartial selection of the winners. Nine beautiful prizes in all will be awarded, three in each class in the contest. The prizes are beautiful oil paintings, ranging in size according to class. Pictures of the entrants will be displayed in the windows at the studios Saturday night.

Happy Thimble Club

Meets With Mrs. Crosby

The Happy Thimble Club was entertained by Mrs. H. A. Crosby Thursday afternoon. The rooms were decorated with beautiful pot plants. A delicious repast consisting of potato salad, cheese wafers, plum pudding, topped with whipped cream and cocoa was served to Mesdames Roy Haley, C. E. Hickman, Ed Huestis, C. H. Parrish, Aubrey Hall, Dewey Moore, Rudolph Schaefer and Miss Allen of Waco.

The old Schaefer home located at Eleventh street and D avenue was almost totally destroyed by fire early Monday morning. It had just recently been remodeled inside, and new furnishings put in by Harry Schaefer who was to return soon with his bride to occupy it. Insurance of \$600 was carried on the house by Mrs. Emily Schaefer, the owner. Both Mrs. Schaefer and Harry had been

UNEMPLOYMENT RELIEF

The unemployment situation has been a very serious problem all over the country, and it has been felt more keenly in many places than in this section—hard as that may be for some to believe. At such times as this one may hear a lot of croakers "cussing" the government for all the prevailing depressive conditions. All of which may have some foundation for grievance.

But in this connection it might be well to mention the fact that according to announcement from

Washington, thirty-eight states have provided for the expenditure, this year, of more than \$650,000,000.00 on highway construction, "from funds now available;" and that additional road improvements in these states, if authorized by the legislatures, will bring the total to \$875,000,000.00.

"The work which these activities will bring to eagerly waiting men," says the Atlanta Journal, "the hope that they will kindle in well-nigh despairing hearts, the new life that they will pour into many veins of business, the impetus they will give to economic recovery, all will be worth incalculably more to the common country and to each of the states concerned than the hundreds of millions thus to be spent."

Continuing the Journal says: "Not a dollar of these funds, it should be noted, will be in the nature of a dole. The public works for which they provide are basic necessities and will serve all the people. Good roads there must be, if agriculture is to market its products to advantage and if industry and commerce are to go forward. Fur-

ther a dollar will buy more in road building today than for many years gone by, and probably more than for years to come, so that it is sound economy, as well as socially useful enterprise for government to concentrate on such activities just at this juncture."

"The Bloomin Gas Bill"

—By Oldtimer—

I can't see why gas is so high,
 For all around this place
 We have a field with heavy yield,
 And much of it goes to waste.
 We have our wells here standing by,
 Around us everywhere,
 Why should we buy that gas so high?
 It's foolish I dec are!
 We have some mighty gassers here,
 Right on our business street,
 Just lift the lid and will appear
 A million cubic feet.
 We hear it sizzle, pop and fry,
 Explode and blow away,
 Why should we have this stuff to buy,
 With rates so high to pay?
 Doesn't look like we should buy the stuff
 With rates so high to pay,
 When all around us is enough
 To blow this world away.
 The time is ripe for us to pipe,
 And get our own supply;
 This mighty stuff is just a graft
 With rates so bloomin' high.
 Let's follow Amarillo's lead,
 And get a cheaper rate;
 Why can't we buy all the gas we need
 Right at our city's gate?

Terrible Faux Pas

Arriving home from the party, Friend Wife took her hat and slammed it on the floor. "I'll never take you to another party as long as I live," she said.

"Why?" asked Hubby, amazed. "You asked Mrs. Jones how her husband was standing the heat."

"Well, what of that?" "Why, her husband has been dead two months."—Oil Weekly.

"Mr. Cohen," phoned the cashier, "our accounts show that you owe us \$50. You have overdrawn your account to that extent."

"Is dat so?" remarked Cohen. "Vell I vant you to do me a favor. Go into your books and see how vested in January."

Two minutes later the cashier phoned, "Mr. Cohen, your account shows that in January the bank owed you \$2,000."

Cohen's reply came triumphantly over the wire: "Vell, did I call you up about it in January?"—Motor Coach.

It seems that hot contests prevailed all over West Texas in the city elections April 7. Abilene made a clean sweep of old governmental heads, electing a new mayor and four new commissioners. Eastland elected three new commissioners on the citizen's ticket pledged to lower gas rates. The gas fight showed itself conspicuously in several other towns in this territory. Cross Plains voted 72 to 45 for ownership and operation of gas facilities, and will build a \$20,000 plant. By a vote of 86 to 10 Rising Star expressed its preference for a municipally owned gas system, besides giving a full term as mayor to W. E. Tyler who has been filling an unexpired term. At Merkel two men, running for aldermen, A. T. Sheppard and L. L. Murray, found their vote a tie, and will probably have to run it off in a special election.

At Clyde M. P. Paylor defeated M. W. Caperton by one vote in the race for city marshal.

In the race for mayor at Hillsboro Dr. C. W. Maier defeated W. M. Browning by only 7 votes. In the alderman race at Brownwood one of the winners came out with a two-vote margin.

Ralph Kennedy Bradford, world's celebrated deaf mute globe trotter, was a visitor in Cisco last week on his 13th transcontinental tour enroute from Los Angeles to New York. He makes claim to 35,000 miles of hiking in which he has visited every state in the union and many foreign countries, and sells history cards of his travels to make expenses. This champion hiker has been mentioned by Ripley in his well-known "Believe it or Not" column.
