Loboes Will Host Coleman Friday

The Lobo Varsity of Cisco High school will be opening their District 11-AA play here Friday night when they host the Coleman Bluecats. Kick-off will be at 7:30 p.m.

CHS's Junior Varsity and the 7th and 8th grade teams of Cisco Junior High will travel to Coleman Thursday night and play their first district games there. The 7th grade game will begin at 5 p.m., followed by the 8th and J.V. The J.V. game is expected to begin about 7:30 p.m.

The Varsity squad is 1-2 for the season, following their loss to Mart last Friday night by the score of 54-to-6. The Loboes also lost to DeLeon this year and they defeated Rotan.

Coleman is 2-1 for the season with victories over Comanche (36-to-7) and Ballinger (20-to-12). They lost to Breckenridge by a score of 21-to-14.

The Bluecats have been picked to win the district championship this year. They have good, fast, speedy backs, as well as a big line which averages 197 pounds. Cisco Head Coach Doyle Walker said the smallest man in Coleman's offensive line is the center who only weighs 182 pounds.

Coach Walker stated Coleman can run just about any offense available. He said they will not run the same formation twice in a row. They do a good job running and do not make many

mistakes, according to Walker.

Cisco is going into District play "all bunged up" since five starters are doubtful to start this week. They were all injured in last week's game in Mart.

Those on the injured list are: Roy Boykin, sophomore running back and linebacker, who has a hurt back and will not play this week; Steve Abbott, junior fullback, has a hurt shoulder and is doubtful to play this week; James Berry, senior split end and safety, has a deep thigh bruise and is doubtful to play this week; Kevin Kirk, sophomore running back and linebacker, has bruised ribs and is doubtful to play this week;

and Dale Page, junior center and end; has a fracture in his wrist and has problems with his fingers and is doubtful to play this week.

Coach Walker said Cisco has a lot of work to do this week to get prepared for the Coleman Bluecats.

He said last week Cisco just "got an old-fashioned whipping" by Mart. "We were out-gunned at every position. They have two of the best running backs in the state of Texas in class AA, in my opinion." He was referring to Hansel Wise and Terrell Pride.

Cisco did not play a very good defensive ball game against Mart, according to Coach Walker. However, he said the offense played their best game of the season as far as yardage gained.

There were some "cheap shots" made by Mart players, according to Coach Walker, and the officials did "one of the poorest jobs I have seen, but the game of-

ficials did not beat us. Don't take anything away from Mart, because they are a good team."

KEEPING IN line with Chamber of Commerce officials and others in the town who are encouraging everyone to take a positive attitude about the town and its future, the following article printed in the First United Methodist Church newsletter makes some fine reading.

The article, as printed in the newsletter, was referring to the church's Lord's Acre Harvest Festival, but it can also pertain to our town. Please read it carefully and reflect on what it is saying. The article is as follows:

LIMITED VISION

Colonial Americans knew that New York City would certainly grow. Its magnificent harbor and industrious people assured growth so they planned for it.

The oldest map in the city archives reflects a grand vision for the greatest city in the new world. Broad arteries of commerce were projected clear across the ci-

ty and named in logical sequence.

They began with First Street and continued counting deep into the unsettled countryside. How far? When they got to Nineteenth Street, reality set in.

No city could ever grow that far. Since they had allowed plenty of open space inside the planned zone, the surveyors drove some final stakes and completed the map.

Just to be certain everyone understood the western boundary so far out in the wilderness, they marked off a last trail. It was named Boundary Avenue.

How did their vision measure with history? You be the judge. Boundary Avenue is now part of New York's inner city while the original numbering system has been expanded to 284th Street!

Their vision was too small. But that's typical in life. God promises us the stars and much more, but we can't see beyond a few acres of earthy wilderness.

Beware of being too practical! Robert Browning reminds us: "Ah, but a man's reach should exceed his grasp, Or what's a heaven for?"

When faith becomes practical or realistic, it ceases to be faith. If we refuse to dream the impossible dream, to dare the difficult, then we settle into a dull and limited life.

If you have already met your goals and accomplished much, don't stop. Dream new dreams. Look ahead. Press on.

Everyone needs the challenge of great deeds bigger even than life. Why suffer from limited vision?

This will be the bands' major moneymaking project for this year. Wayne White, band director, will coordinate the sales.

Everyone is urged to help with this project. They may renew any subscription, no matter what date their subscription runs out, or subscribe to any magazine on the list provided by the students.

Students will be contacting the people in the community beginning Thursday.

The bands will receive 40 percent of the money from each renewal or new subscription. If anyone renews or subscribes through the magazine itself, the magazine keeps all the money.

Both the high school and junior high bands will appreciate your support.

All Cisco High School Lobo fans are invited to attend a pep rally set this Friday at 6:55 p.m. at the football field. Cisco will be hosting the Coleman Bluecats in the District 11-AA season opener at 7:30 p.m.

Was This YOU Last Winter?

Be Ready for Cold Weather This Year with an Electric Heat Pump.

Don't wait for cold weather to set in again to start shopping for a new heating system. Start shopping today, and start with an electric heat pump.

The electric heat pump is the most efficient system for heating and cooling your home. One of the main reasons it is so efficient is because it MOVES heat rather than producing it.

There's heat in the air all the time . . . even in the winter! The electric heat pump pulls heat from the outside air in the winter and pumps it into your home. In the sum-

mer, it reverses the process and pulls the heat OUT of your home, so you get even comfort year round.

You'll not only save money in home energy bills with an electric heat pump, but WTU WILL PAY YOU A CASH BONUS FOR INSTALLING ENERGY EFFICIENT EQUIPMENT that meets the E.S.P. requirements in your home.

For more information on the electric heat pump or the Energy Savings Plan, call your local WTU office or any factory-trained electric heat pump dealer today.

Cisco, Ranger Schedule Book Fairs

New teachers at Cisco's Intermediary School for the 85-86 school year include Peggy Anderson. Peggy and husband, Bill, have had a home here for several years. Bill retired from coaching at WTSU in Canyon, stayed out a year, and Howard Payne University in Brownwood lured him back to coaching. Peggy, a registered nurse, decided to exchange the

sickroom for the classroom and has a fourth grade now. Jenny Lawrence, a sixth grade teacher, is married to Chuck Lawrence, a coach at Cisco Junior College.

Marquita Dickinson, a first-year teacher, graduated from Howard Simmons University where her husband is currently a senior student. Marquita is the new music teacher.

Siebert P-TO Fund Raisers

Siebert PTO's first fund-raiser for the year was the Book Fair, but the proceeds from it chiefly enrich the library.

The Halloween Carnival, scheduled this year for October 26, is also sponsored by the PTO. Whatever it adds to the treasury is welcomed, but the primary object of the Carnival is to provide supervised recreation for the children at Halloween.

Anticipated as the major source of income this year is the sale of cookie tins and Christmas tree ornaments. This type sale, featuring cocoa and soap, grossed over five thousand dollars for the PTO. This year's price range is from \$2.50 through \$9.00.

Siebert's PTO meets every third Tuesday at 3:45 p.m. in

the cafetorium. Only the Open House meeting is held at night. Everyone is welcome to come.

Ranger P-TO, Police Sponsor Safety Program

Kathy Glidewell, president of the Ranger Elementary School's Parent-Teacher Organization, urged bikers to turn out for the Safety Program sponsored by the P-TO and the Ranger Police Department. Time: 9:00 a.m. Saturday (9/20) morning. Place: parking lot at the football stadium.

Siebert P-TO

Kicks Off 85-86

Siebert's annual Book Fair, sponsored by the Parent-Teachers Organization, opened in conjunction with the first PTO meeting and Open House at the school Tuesday night (9/17).

Superintendent Ray Pruitt presided at the school board meeting, as well as interested parents, attended the open house which included brief visits to classrooms for a preview of the year's work.

On display were the two TV's, two stands, two VCR's, and twelve tape players the PTO was able to purchase for school use because of last year's successful fund raising.

The Book Fair, according to Nanette Keith, finance chairperson, is the first of the group's projects for the current year.

The books, which have a wide range of interest and pick-your-own reading levels, are popular with the students. The method of display affords parents a chance to see what they are paying for—which is not always the case when books are ordered through clubs.

The PTO's share of the proceeds is forty per cent, and they take their percentage in books for the library.

Siebert's Book Fair is always held in the cafetorium. PTO members arrange the set-up and sales and help the children with their book selections.

Book Fairs generate student-parent interest with wide ranges of material.

Cisco Intermediate's New Teachers

Cisco Intermediate School's Book Fair opened Friday (9/20) and runs through Friday (9/27), according to Bob Lindsey, principal.

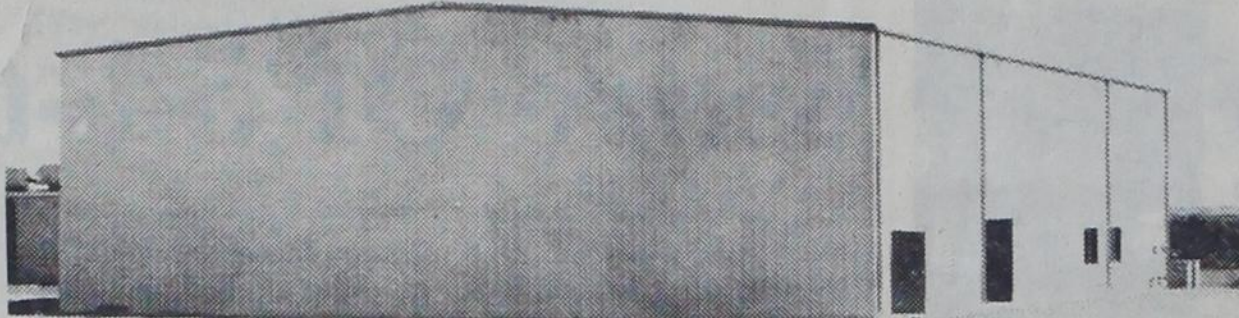

This is a fund raiser, and

most of the profit goes into the library for books and upkeep.

Ranger's Elementary School's Book Fair opens for three days, Wednesday through Friday (25-27). It

operates on the same principles and for the same purposes as the other Book Fairs in bringing a service to children and parents.

Facilities Added

ELEMENTARY CONSTRUCTION continues with workmen having completed the exterior of the new addition, now tackling the interior. The new building will house 4 classrooms, restrooms and a gymnasium.

TEACHER'S FEATURES

Cindi Barr, Ranger elementary vocal music teacher, begins the year with a strong beat.

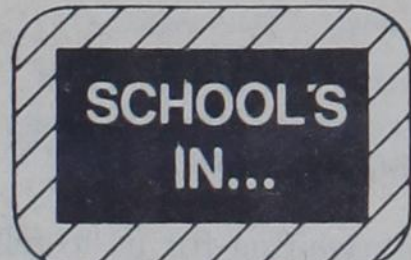

Baze Scholars

Receivers of scholarships from the fund set up by the Siebert PTO to honor retired principal R.O. Baze are John Carter, Karen Ritter and David Luna from the 1984 EHS graduates.

Part of the proceeds from each fund-raiser go into the Scholarship Fund so it will not be depleted. The PTO will accept contributions for this on-going project at any time.

Watch the Birdie!

School Pictures for Ranger Elementary School are scheduled to be snapped Thursday (9/26) beginning at 9:00 a.m. according to Principal Paul Orlinger.

ALASKAN WANTS TO GREET THAI REBEL WITH SMOKING PISTOL, IF GIVEN ASYLUM IN U.S.

By Mary Latch Carey
On Monday, Sept. 9, I was watching the "TODAY" show when I saw my nephew, William Latch, shot down in cold blood while he was waving a white flag and calling for help for Neil Davis, chief of the Bangkok NBC Television news, with whom he was working as sound engineer at the time. The voice of Latch was quite audible as he pleaded for help for cameraman Davis who was filming the conflict between the Thai Royalist and the Thai Rebels.

Then Latch himself was shot down. He was clearly visible as he crawled from the line of fire and was dragged away by two members of

the NBC News team who risked their own lives to save him.

News chief Davis died when filming the scene. Latch underwent what was seemingly a successful operation in a Bangkok hospital; but died suddenly some five hours later. There are many questions that this reporter would like answered.

It's hard to watch someone you love shot down on the T.V. screen, to hear him calling for help and realizing that he is in Thailand and you are in Alaska. Whether it is right or wrong to see loved ones dying on the screen is debatable. Practically all William "Bill" Latch's family seemed watching at the time. Bill's nearest kin live in Colorado. Two of his aunt, an uncle and other kin and

loved ones who live in Texas were watching. I, an aunt with whom Bill lived one summer in Alaska while helping me homestead, was watching. We all know Bill Latch died nobly, while trying to aid a wounded comrade. We SAW the action! But why did Bill Latch and Neil Davis die? And of greater concern yet, why is the United States considering political asylum for the leaders of this Rebel group?

Why was this pre-dawn, 10-hour siege called a bloodless coup when 59 persons were injured, one soldier and two newsmen were killed? Does it not seem strange that these two newsmen were hunted down and shot, not where the main battle took place; but at the television station. The main battle was fought and lost by the Rebels in downtown Bangkok, at the Supreme Command headquarters. The Rebels left 18 tanks they had commandeered sitting in downtown Bangkok's Royal

Plaza. Some 400 Rebels surrendered.

Then why the assassination at the broadcasting station? It was long past daylight. William Latch could be seen plainly as he waved a white flag and called for help for the slain Neil Davis. Why were these two men shot?

Without a doubt the Rebel leaders, Manoon Rupekachorn and his brother, Manet, knew Davis and Latch quite well. They all played a role in the Vietnamese conflict. Manoon was trained as a battalion commander at Fort Knox.

According to a Loyalist spokesman; "Col. Manoon Rupekachorn, 50, a former tank and regiment commander, was dismissed from the army after engineering an abortive coup against the Thai government in April of 1981. Manoon, who served in the Thai forces in Vietnam, was cashiered from the army along with 37 other of-

ficers, receiving no further punishment." This information was taken from a story in The Washington Post and carried in the Anchorage Daily News Sept. 10.

Then, on Sept. 12 comes the news that Manoon and two other Rebel leaders escaped to Singapore, on, of all things, a Thai air force plane. Worse yet, comes the report that they are seeking political asylum in the United States.

According to a New York Times story by Barbara Crossette: "State Department spokesman, Bernard Kalb, said the Reagan administration was reviewing their applications. Kalb said he was unable to identify the three."

Does it not seem strange that Kalb could not identify these men? Identities of Manoon and his brother Manet were published in both the New York Times and The Washington Post on Tuesday, following the coup that failed.

Why did our State Department deny knowing these men? Why did the American Embassy in Bangkok not

respond to questions about Manoon? The writer of this story believes that Neil Davis and William Latch were singled out and shot down because they knew too much.

Both Davis and Latch were in Vietnam during that conflict. Davis received world-wide recognition for his filming off the front lines in action. Both Davis and Latch remained in Thailand after the conflict. Both Davis and Latch had a family living in the area. Bill Latch was an English instructor in the University of Thailand. Latch married the daughter of a Taiwanese Ambassador to the United States. It is very likely that both newsman knew too much about what was going on behind the scenes.

According to the New York Times the escape of Manoon and his rebel leaders was arranged through negotiations sanctioned by King Phumiphon Aduldet, always a strong, but silent, power behind political developments in Thailand.

The plot thickens. One fact remains quite evident, it will never be explained by Davis nor Latch. Bill Latch, Senior, father of William Latch, refused N.B.C.'s kind offer to send him Bangkok because he was afraid he might start his own war. Bill Latch, Sr., was in Pearl Harbor serving with the U.S. Marines when his ship, the U.S.S. Helena took a direct hit. He was in the Solomon Island area when the Helena sunk in three pieces in Kula Gulf. Bill Latch, Sr. was reported "missing in action"; but he

managed to swim to Vella La Vella Island from which he was later rescued.

There is no second chance, no rescue for either Bill Latch, Jr. nor the great cameraman Neil Davis, who filmed their own demise.

Both Latch and Davis served their countries during the Vietnamese conflict. They were both still serving as "eyes and ears" for the world while in Thailand. Yet many questions remain unanswered.

Will the United States grant political asylum to these assassians who tried to overthrow the Republic of Thailand? If so this reporter would like to welcome them in a predetermined manner.

To paraphrase Longfellow in one of Bill Latch's favorite poems:

"It matters now how straight the gate,

How charged with punishment the scroll,

I'd like to meet Bill's assassians face to face;

When they enter this land of stripes and stars

....It's forever!

COMMUNICATION: PROBLEMS OF

The problem of communication has enough parts without further complicating it by misuse of terms or by misnomers.

This came up recently when I designated a lady as a supervisor of a lunchroom. I did not name her the supervisor of the lunchrooms, but it was read that way. I hold no brief for the vagaries of the English language, but I readily apologize for misusing it.

This problem of words has a long history. It was ancient when Oliver Goldsmith created Mrs. Malaprop and the Reverend Mr. Spooner gave birth to "Spoonerisms."

The English language wasn't helped along exactly when Lewis Carroll's slithy toves did gyre and gimble in the wabes, nor when he advised his audience to behold the fearsome jabberwock.

My mother undoubtedly was bitten by the fearsome jabberwock. She could mangle phrases and mutilate words right along with Spooner and Carroll. She would have had a cozy chat with Mrs. Malaprop, and both ladies would have been convinced they had enjoyed an enlightening conversation.

In time I accepted—never exactly understood; just accepted—that "the flag of San Saba" referred to Papa's shirt tail. It was always waving.

I wasn't far behind her in knowing a good year had left the "corn full of crib," but I failed in the logic of offering

a "dam hamwich" to a passing cowhand. She just threw away the "s?" Maybe.

School faculties had become "facilities" long before I ever became a teacher. I could grasp a weird sort of reasoning there: if a facility is a means to an end, a faculty could be so regarded. But Mamma did not reason; she opened her mouth and let her tongue idle...and she knew it.

None of her cows ever had a normal birth. She didn't go as far as rose bushes and cabbage patches, but her cows "found" calves. One summer she remarked that she was, "so glad Betty found her calf last night." David, eight or nine at the time, gave her a puzzled look: "Mimi, don't you think she knew where it was?"

Of course, some of these quirks of the English language can be laid to the ear of the hearer. Why else would Mandi like to watch "Bosom Bodies?" Why else would the little boy assure his Sunday School teacher that his picture of a grossly fat man certainly was "Round John Virgin?"

No one ever uses the rollopp desk we have, but "The Monster," so christened because it is such a monster to move, sits in his

corner and serves us well. As far as I know our "mail order desk" never has been near a mail order; we picked it up at Goodwill.

And why should I guide Mandi to the prosaic use of "disappear" when I much prefer her diagnosis of "misappear?"

My relationship with the English language is ambivalent at best. I would like to be "comfortable" in Spanish and French, but at the growth rate of our language, I can't keep up with it—nor master words we've already begged, borrowed or stolen from other languages.

Too, delivery and reception may be a world apart. As The Virginian told Trampas, "When you call me that, smile."

Fishing Outdoors

Tournament Benefits
We have looked at the benefits the contestants receive from competitive fishing, but there are many underlying benefits we often don't realize.

When an event that draws 185 participants takes place a host of our area merchants prosper. Almost two thirds of Sundays entries were from out of town. Some visited our motels, some stayed in trailer parks. But man cannot live by sleep and fishing alone. A number of our eating establishments noticed an increase in customers. As did stores carrying fishing supplies. And of course let us not forget our convenience stores where contestants stock up on snacks, ice and beverages.

So the tournament held Sunday on Lake Leon helped bring alot of new business to our local communities of Ranger and Eastland.

But even hidden deeper into the plus side of this tournament there is improving fishing at Lake Leon. That's right folks. By having fish brought form every end of the lake and then released in a new area, we feel this will increase the strength of bloodline in our bass. This will be done by different spawns being brought together thus reducing the risk of back breeding. And perhaps increasing odds of our stronger lines being able to come together and produce even stronger healthier and larger fish.

Tournaments slated are North Texas Sportsman Association Sept. 21st and 22nd, Lake Granbury. Brownwood Chamber of Commerce Oct. 5th and 6th, Lake Brownwood.

Keep what you can catch and release the rest, it will pay off in the future.

Putnam News

By Mrs. R.B. Taylor

Beautiful, fall weather continues to dominate here at Putnam. We did have wonderful rains last week but have had no rain this week. The farmers have most grain fields plowed and I'm sure the peanut farmers welcomed the nice rains. From all reports there is going to be a bumper pecan crop which we all need, since there was not many pecans last year.

We are sorry to report that Bud Fleming was moved to a rest home at Clyde last week and at last report is not doing very well. You are really missed at Putnam, Bud, and we hope it won't be long until you are able to come back.

We are also sorry to report that Mrs. Myrtle George who has taught China Painting at Putnam for a long time is a patient at Ranger General Hospital. She will not be able to resume her classes for some time. We have enjoyed the painting classes and will really miss Myrtle.

What Can I Do?

"But what can I do?" That's the question most often asked by good citizens when they are asked to join the war on illegal drugs locally.

Here is the answer - There is something very definite and very important, that anyone who wants to work for a drug-free environment can do. And there's no limitation: young parents can do it, retirees can do it and even senior citizens can do it. All that is required is a dedication to doing what needs to be done.

Right now there is an all-out effort to strengthen and broaden the County Court Watchers Committee which serves such an important part of the anti-drug problem.

Everyone interested in participating is invited and urged to attend an orientation meeting on Tuesday, Oct. 1, at 10 a.m. at the Texas Electric Reddy Room in Eastland.

And existing Court Watchers and prospective Court Watchers will be given the inside information on how the program works and what can be accomplished through the program.

Marilyn Golightly of Texans' War on Drugs, (no stranger in Eastland County), members of the People Against Dangerous Drugs and law enforcement officers will be speakers for the program and they'll be sharing the information which is so important to the efforts here.

Great strides have been made in the past locally as well as throughout the state, and more can be accomplished through the strengthening and broadening of the anti-drug work.

Court Watchers have been proven to be a vital weapon - and YOU are invited to join in the effort. Court Watchers are an anonymous, closely-knit group, rewarded by knowing that what they are doing is very important.

Cisco AARP Members Return To Classroom Atmosphere Sept. 19

BY LELA LATCH LLOYD
With "Apples for the Teacher" on each table, desks covered with well-worn text books, charts, globes, and school pictures, some eighty members and visitors of Cisco's AARP returned to a classroom atmosphere on September 19 at the Senior Center.

Mable Thetford, Johnny Jeffcoat, and Ruth Cartee provided the school decor. Oren and Rowena Speegle, Ima Thompson, Velma Joyner, Nina Copeland, Ethel Mae McClelland, and Blantye Copeland added to the joviality of the occasion by wearing attire befitting junior high children.

Sue Davis told of a county wide campaign to establish an Outreach Center in Eastland for needy transients. The move is sponsored by the Word of Life Church in Eastland with Randy Housh, pastor, as director.

Mrs. Davis said in part, "We are using a building that belongs to our church - a large building which we want to convert into a camp-like barracks with rooms for families. We need nails, lumber, and sheetrock for partitioning. We need food of all kinds, especially staples. We do not ask for new things but how about some of your used linens, towels, sheets, and pillow cases? We have constant calls for clothes - all sizes for men and women, boys and girls. If you have any of these things that you want to share, call me at 442-4712."

Lela Lloyd requested permission for signers to a petition to be sent to Vice-President George Bush requesting that the assassins who slew NBC newsmen Bill Latch and Neal Davis be denied political asylum in the U.S. Every person present signed.

Bob Beavers, instructor in the "55 Alive" driving course, reported that 12 received certificates in the course just completed. Rose Knowlden, treasurer, said, "I'm wearing two hats tonight as I substitute for secretary Beryle Estes and make my own treasurer's report."

Walt Knowlden, income tax counselor for the county, asked for more volunteers and Idellah Taylor and Ms. Neagle answered his S.O.S. Jack Roberson, membership chairman said, "We now have 250 paid members and we're going for 300. We have nine new members present tonight: Mr. and Mrs. Charles Davis; Mr. and Mrs. Billy Joe Taylor; Mr. and

Mrs. Thurlin Reay; Mr. and Mrs. Nelson Giest; and Mabel Owings."

Mrs. Johnnie Jeffcoat who spent three months with her son in Germany last summer, highlighted the program with a slide-lecture presentation. Her son, Jerry Jeffcoat, teaches mountain climbing in a German school. His mother had pictures of some of the snow-capped mountains that he and his students climbed in Germany and Austria. Her slides were so vivid that members were saying, "You gave us a \$5,000.00 European tour gratis."

John White gave the opening invocation and Tony White led the Pledge of Allegiance to the flag.

President Gilbert Copeland adjourned the meeting at 8:30.

Cisco Writers Club Presents 1985 Awards

The Texas Room at Maner Learning Center, Cisco Junior College, made an impressive setting for the 1985 Awards Presentation of the Cisco Writers Club on Sept. 10. Around 50 persons from Cisco, Eastland, Ranger and Abilene attended the annual

Officers Are Elected For STAND Group

Officers have been elected by the Eastland Chapter of STAND (Students of Texas Against Narcotics and Drinking) Organization. All are students at Eastland High School, and have a number of exciting plans underway.

The first social will be a dance at the Corral Room, Old Laguna Hotel, 400 Conrad Hilton Ave., Saturday, Sept. 28, from 8 p.m. - 12 p.m. The cost will be \$2 per person, and a Disc Jockey from KEAS Radio will furnish music.

Any High School student interested in participating in STAND is invited to come to the dance. The hope is to expand this organization all across Eastland County.

Other plans are for the Eastland group to have a float in the Parade Oct. 5, and a booth the same day during the Fair.

T-shirts with the STAND logo will be for sale at the booth, and money raised will benefit projects of the organization. These are to educate young people on the dangers of drugs and alcohol, and offer an alternate, enjoyable life-style to them.

John Collins, President, and other members of the Eastland group wish to thank Cisco Junior College for furnishing a place for the Saturday night dance; to KEAS for furnishing the Disc Jockey; to Coco Cola for drinks, and Great West Graphics for T-shirts. The support and involvement of the P.A.D.D. Organization, Kiwanis Club and various parents is also greatly appreciated.

Commissioners Hear Land Claim

After lying dormant for several meetings, the controversy over a right-of-way to land claimed by the state surfaced in County Commissioners Court Monday.

The land is a 284.5 tract on the Stephens County line north of Ranger. It is surrounded by the Hagaman Ranch, which is owned by a number of heirs. The state claims ownership of the land, and has leased the mineral rights to Tarrant Oil Company.

Robert L. Siebert, Assistant State Attorney General, was present at Commissioners Court to uphold the position of the state.

"This land has been carried on the state rolls since 1917," he said.

Attorney Jimmie Browning was again in Court to present a petition for Tarrant Oil and ask for a Jury of View to set up a right-of-way to the land. The ranch foreman recently stopped members of the Company with a pistol, according to the Attorney.

Views differing from his on ownership, mineral rights and need for access were expressed by Attorneys John Oxley and George Adams, who represented various members of the Hagaman family. Whitt Hagaman of Madisonville and Kathy Hagaman Stannater of Dallas were among the interested parties present.

Attorneys for the heirs stated that a lawsuit filed to determine surface title to the disputed land is pending in District Court, and must be settled before minerals can be developed.

They also declared that the petition for access has been filed in the wrong county, because much of the acreage lies in Stephens County, not Eastland County.

During the afternoon meeting District Attorney Emory Walton, legal advisor to the Commissioners, sent

event. Voy Wilks Contest Director, led out with the program, assisted by Christine Reich, Vice President, and Viola Payne, Publicity Chairman. Cash prizes and Award Certificates were

given to various winners.

The officers told of their appreciation to the D/FW Writer's Workshop, which had judged the contest after it closed in August. This group of writers and teachers evaluated each en-

try by a system of scores, and had a critique for each manuscript.

Sympathy was expressed to Lela Latch Lloyd, Club President, on the death of her nephew, N.B.C. Correspondent Bill Latch, in

Each of these Officers also won Awards in the competition.

People n Things

JUST BEFORE the bell was due to ring to end the class period for one of Mr. Delbert Schaefer's 7th grade groups the other day, the popular teacher was interrupted in the middle of a lecture sentence as the door opened. In marched all of the other members of the 160-student class.

After the group had assembled and before Mr. Schaefer could ask "What's up?" the group started singing the Happy Birthday Day song. Mr. Schaefer smiled from ear to ear as the students applauded and left to resume their normal routine.

Mr. Schaefer is a hometown boy who has made good in his home town. He is in his 20th year as a member of the public school faculty, teaching junior high mathematics. He was the quarterback when he was in high school during the Zac Henderson years and the Lobos won district and bi-district honors.

Delbert is a near scratch golfer. Active in community and church affairs, he is currently serving a Sunday School superintendent at First Baptist Church. He and his wife Joyce are the parents of two children.

THE REV. Mart Agnew, retired minister who is still active in ranching, forgot to tell his missus that he wouldn't join her at church last Sunday as usual. So it wasn't surprising that she became uneasy when her husband didn't show up at First Baptist Church.

A couple of men went out to check on Mr. Agnew and weren't successful in locating him. It turned out just fine, however, as Mr. Agnew had accepted an invitation to attend the First Christian Church and thought he had mentioned it.

THE MEN FOLKS of the First Christian Church, by the way, are resuming their program of holding monthly Saturday morning breakfast meetings after the summer vacation. Mr. Don Reynolds, retired WTUC employee, is president of the group.

The FCC men met last Saturday morning and enjoyed a breakfast of sausage and eggs with biscuits and gravy. And there were biscuits and home-made jams and jellies for dessert.

IF YOU READ your program at the CJC-Howard Payne JV football game here last Thursday night, you probably noticed that the HP coaches were named Bill Anderson and Bobby Anderson. And you may know that Bobby is Bill's son and both are former CJC coaches.

Bill, the father, coached here several years before moving on to senior colleges. His son, Bobby, was a member of the coaching staff at CJC for several years until moving this fall to Howard Payne to join his dad. They have a respectable team, indeed.

The two boys you see at Wrangler games helping the referees keep dry and clean footballs for each down are sons of CJC coaches. One is Jason Hoffman, son of Offensive Coordinator Rick Hoffman, and the other is Kevin Hearne, whose dad, Ronnie, is the CJC girls basketball coach.

The invocation at the game was given by the Rev. Pepper Puryear, Hurst Baptist minister and CHS and HPC graduate. Pepper was here visiting his parents, the Jim Puryeras, and seeing his old team play... The big 106-man CJC football squad serves as a pep squad for the football team. They join together for supportive yells during the game.

MR. CHARLES Preston, local painting contractor, reports that they have a policewoman in their family now. Their daughter, Jane Mierl of Fort Worth, recently completed a course in police work and has joined the FW Police Department.

Kenneth Preston, son of the Prestons, is currently enrolled in the Abilene Police Academy that the Council of Government operates. When he finishes school, he hopes to work for some police agency in Eastland County, Charles reports.

The other Preston daughter, Beverly, is the wife of Kenneth Hawari and he is a lawyer in Dallas, having finished law school a year or so ago at UoT. Beverly taught school in Austin while her husband, son of the Tarek Hawaris of Cisco, attended law school. Beverly now works for Merchants National Bank in Big D. And both she and Ken are doing nicely and recently moved into a new home there.

YOU'LL WANT TO put it on your calendar and be reminded to attend the showing of a movie about the Statue of Liberty and Ellis Island, New York, at Lutheran Parish Hall at 8 p.m. Sunday, Sept. 29th... The Rev. Frank Williams, Methodist minister, bit into an apple the other day and a tooth broke off. He was seeing his dentist this week.

Mr. Charles Clark, retired CPA and gentleman rancher, was due to check in with doctors at Scott and White Hospital, Temple, this week to see about a health problem... Billy Joe Taylor, retired mail man, has Post Office Box No. 1 at the local office and has had for years... Our scouts report seeing a nice picture story about Mr. Victor Cornelius, Eastland printing plant owner and civic leader, last week on an Abilene television station.

DON'T BE surprised if Robbie and Flo Robinson, Ruth Heidenheimer, and Dorothy Farnsworth start playing par golf at the Cisco Country Club. They saw all the professionals in action last week over at Abilene's Fairway Oaks Country Club.

Robbie and Flo worked Thursday and Friday as volunteers, and Ruth and Dorothy worked several days during the week long program.

It was an interesting tournament and impressive to see the nation's top golfer, Robbie told us. We went over Saturday and spent the afternoon following and watching at the greens.

MRS. LOUISE Anderson, who lives out on West 14th Street, tells us that the

beautiful flowers you may be noticing these late afternoons are named Four O'Clocks. They got their name because they bloom at 4 p.m. during their season.

Right now, the Four O'Clocks are blooming at 3 p.m. Why? They don't observe Daylight Saving Time, explains Mrs. LA.

Annual Book Fair Nets \$566 For Auxiliary

The E.L. Graham Memorial Hospital Auxiliary netted some \$566.10 at their annual Book Fair last Friday and Saturday at the Laguna Hotel, according to a report by Chairman Jo Montgomery.

Proceeds from the event are used by the Auxiliary to purchase items that add to the facilities of the hospital. Committee workers spent Monday placing left-over books in boxes for storage.

Senior Class Elects Officers At High School

The Senior Class officers were elected at Cisco High School for the year 1985-86. They are, President, Jeff Kinser; Vice President, Randy Hastings; Secretary-Treasurer, Brenda Ayala; and Reporter, Mary Ann Jaramillo.

Support Teams

Each week The Cisco Press will feature stories about businesses in Cisco who sponsor the football page. If any business would like to be listed on the football page, call 442-2244 during business hours.

This week the featured businesses of Cisco are Cisco Junior College, Western Auto, Oak Motel and Quickway Grocery. These businesses support the Cisco High School Lobos, the Cisco Junior College Wranglers and the seventh and eighth grade football

EASIER WAYS WITH MICROWAVES

Looking for the perfect dessert to enhance your summer feast? Here's a delightful recipe from a Whippool microwave oven cookbook for Four-Way Vanilla Cream Pudding - a quick, delicious dessert that can be adjusted to suit everyone's taste. From vanilla coconut, butterscotch and mocha to good 'ole chocolate cream - it's certainly summer's best way to top off a great day.

HOMESTEAD HINTS

Good Ideas from the Past - by Donald J. Berg

TO START A FIRE IN DAMP, STILL WEATHER - Light a few bits of shavings or paper placed upon the top of grate; thus by the heated air's forcing itself into the chimney and establishing there an upward current, the room is kept free from the gas and smoke which is so apt to fill it, and the fire can then be lighted from below with good success.

TO REMOVE RUST FROM A STOVEPIPE - Rub with linseed oil (a little goes a great way); build a slow fire till it is dry. Oil in the Spring to prevent it from rusting.

COAL FIRE - If your coal fire is low, throw on a tablespoon of salt and it will help it very much.

TIME TO CUT TIMBER - Hard wood for timber or fire-wood should be cut in August, September or October. Hoop-poles should be cut before frost comes; cut at other times, there is danger of worms.

WHEN A CHIMNEY TAKES FIRE - throw salt on the fire, and shut off the draught as much as possible, and it will burn out slowly.

Assembly Of God Welcomes Rev. Christopher Gornold-Smith As Speaker

"The door is wide open for a new and vital kind of missionary work—missions in media," states Reverend Christopher Gornold-Smith, Assemblies of God missionary to Belgium.

Mr. Gornold-Smith will be guest speaker Sunday, Sept. 29, 6 p.m. at the Eastland Assembly of God, 1608 W. Commerce the Reverend Frank Saylor, pastor, has announced.

Mr. Gornold-Smith has traveled internationally as a Bible teacher throughout Europe, from Scandinavia to Yugoslavia, from Ireland to Germany, also in southern Africa, Israel and Canada. He served on the governing board of the Pentecostal Jewish Mission in Jerusalem. For 18 years he taught Bible and World Religion at Elim Bible College, England. He worked with Julia Kershaw Trust to build bridges of understanding between Christians and Jews.

For the past three years Mr. Gornold-Smith has worked at the headquarters of the International Correspondence Institute (ICI), located in Brussels, Belgium. ICI, sponsored by the Assemblies of God Division of Foreign Missions, is a world-wide correspondence Bible school with the purpose of evangelizing, teaching and training people by extension methods. In the past 17 years, ICI has distributed 17 million pieces of literature, with materials now in 72 languages and students in 164 countries. For ICI Mr. Gornold-Smith has helped create lavishly illustrated video programs on the Bible in which every detail of Eastern costume and custom are reproduced, and has applied spiritual

truth from these dramatic Bible scenes to modern life. As recently appointed Assemblies of God missionaries, Mr. Gornold-Smith and his wife Ragna will continue to work with ICI, helping to expand and develop the video and audio studios which already provide evangelism and teaching programs in a number of languages. At this special missions service, Mr. Gornold-Smith will share his missionary vision. The public is invited to attend. Christopher was born April 5, 1941, right in the middle of the World War blitz on London, England. His first few nights were spent in a protected base-

ment while the battle raged in the skies overhead and buildings crumbled. In 1947 the family moved to Belfast, Ireland, where he felt the call of God deepen in his life. He later left for London to attend Elim Bible College as a student. He pastored for several years in England but returned to the college to teach Bible and World Religions. He has traveled internationally as a Bible teacher throughout Europe, from Scandinavia to Yugoslavia, from Ireland to Germany, also in southern Africa, Israel and Canada. He became a member of the Anglo-Israel Archaeological Society and of the Palestine Exploration Fund. The study of ar-

chaeology and eastern customs to interpret the Bible "through an eastern window" became the consuming interest. He worked with Julia Kershaw Trust to build a bridge of understanding between Christians and Jews. Christopher met his wife, Ragna, at Elim Bible College. She had come from Sweden to learn English. Before coming to England, Ragna studied nursing and midwifery in Stockholm.

Various Matters Are Discussed At County Commissioners Meeting

Although a major portion of the day was spent on a land issue during County Commissioners Court meeting Sept. 23, other topics were discussed and decisions made.

Commissioners present at the meeting were Richard Robinson, Pct. 1, L.T. Owen, Pct. 3, and C.B. Dill, Pct. 4. County Judge Scott Bailey presided.

Joe Housson, Chief Probation Officer, requested a standby contract be signed with Taylor County to house Eastland County Juvenile of-

fenders. This is in order to comply with a new law, which is expected to take effect Jan. 1, 1986.

The cost will be \$50 per day for each child, with no front money required. Housson stated that \$1500 had already been budgeted toward the cost, and this would assist. The Commissioners authorized the contract.

Another item on the agenda was a request for taxing units of the Eastland County Appraisal District to provide for a Board of Directors with staggered terms. The Commissioners adopted a resolu-

tion authorizing this plan.

Several pipeline crossings were requested, and some were routine in nature. Approval was granted to a road crossing by E.P. Operating co. with a 12-inch line 1 1/2 mi. west of Ranger. Circle Exploration was permitted to cross a county road near Lake Leon with a pipeline.

When Ben Paxton appeared for D.B.A. Investments, however - requesting three crossings in Pct. 2 between Desdemona and Gorman - a discussion erupted.

L.T. Owens, Pct. 3,

described what he had seen of the operations of this Company in the Okra community. Among other things, he stated that bar ditches had been blocked, and a line laid on a public road.

Permission for the new crossings in Pct. 2 were granted only after Paxton agreed to have Bill Riddle, Road Maintenance man for Comm. Jack Blackwell, on hand to inspect the crossings when they were made.

The next Commissioners Court meeting was set for Tuesday, Oct. 15, following the Columbus Day Holiday.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature either to enact a statute or to attach a rider to the General Ap-

propriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. From the constitution and permit the legislature to promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment.

The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district as county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for:

- (1) the abolition of the office of county treasurer in Andrews County and El Paso County;
- (2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

Area News Briefs

CISCO

The "Beautification and Cleanup of Cisco" began this week, and will continue through Saturday, Oct. 19. Don Shepherd, Manager of the Chamber of Commerce, encourages all businesses to clean up the streets and sidewalks of the town. Homeowners are also requested to clean up their homes and property, and give the town a real facelift. "The citizens of Cisco are the ones who sell Cisco to future businesses, not the Chamber of Commerce or the bank president," he stated. He explained that the Chamber invites businesses to look over the town, but a lot of people visit unannounced with citizens to see what their attitude is.

The annual cross-county rivalry between Ranger and Cisco Junior Colleges will be observed Saturday night, Sept. 28, when the schools tangle in the Lions Benefit Football Game at Buckaroo Stadium in Breckenridge. Game time will be 7:30 p.m. This will be the 7th year when the game will be sponsored by the Lions Club of Region 1, District 2E1. Tickets are being sold by Lions throughout the region. Proceeds will benefit the Lions Club Crippled Children's Camp in Kerrville and local charities of the Clubs. Advance sale prices are \$3 and \$2, with children under 12 admitted free.

A film will be shown in the Rosemeier Lutheran Church Parish Hall Sunday, Sept. 29 at 8 p.m. The 20 minute film will be about the restoration of the Statue of Liberty, and will have a brief history of Ellis Island, the Statue, and different ethnic groups which contributed to the Statue. The public is invited to attend. A free-will offering will be taken to go toward the restoration project.

The earthquake in Mexico caused little damage in Torreon, where a dozen or so Ciscoans have made trips for special missionary projects and work. That's the report of Bruce Stovall, a coordinator of the trips and a long-time worker in Mexico on special projects. Stovall telephoned a missionary friend in Torreon after the quake and was told that damage was slight there.

EASTLAND

Property values will be reappraised for taxation purposes in all cities and counties of Texas during the year 1986, says Steve Thomas of the Eastland County Tax Appraisal Office. The state tax code, which became effective in 1982, calls for a reappraisal every four years, Thomas says. The district, which is composed of all taxing units in the County, has hired the firm of McMorries and Co. of Hereford to do the work. This is the same firm which handled the initial appraisal in 1982, Thomas said.

The Eastland County Art Show will be held in conjunction with the County Fair Oct. 5. Paintings will be hung in the lobby of the Courthouse. These should be registered between 10 a.m. and 2 p.m. Friday, Oct. 4, and judging will be at 3 p.m. The show will be open to the public at 9 a.m. Saturday. Entry fee will be \$1 per painting, with a maximum of three paintings per artist. Chairmen of the show are Millie Sayre and Delores Tankersley.

Roy Thackerson, nationally known fiddle player, will entertain during the Fiddler's Contest at the Fair Oct. 5. The Contest will begin at 7 p.m., and a number of area musicians are expected to participate. Thackerson will demonstrate his own special style and appealing tone. He has appeared on nationwide television, and has out several record albums.

The Eastland County Farm Bureau annual meeting will be

Monday, Sept. 30 at 7 p.m. at the Siebert Elementary School Cafeteria. A fish fry with all the trimmings will precede this meeting. This meal is free for members of the Farm Bureau, and door prizes will be given away. Guest speaker will be TFB President S.M. True of Plainview, Texas, who was elected as State President in 1982. The main purpose of this County meeting is to adopt policies for the coming year and elect directors and voting delegates.

RANGER

Ron McGuffin, western artist, will paint a mural in Ranger on the side of the Joseph Building during Roaring Ranger Days week, beginning Oct. 7. McGuffin will complete the work on Saturday, Oct. 12 during the Roaring Ranger Festival. The mural, which will highlight the history of the Ranger Oil Boom of the 1917 era, is being sponsored by the Ranger Chamber of Commerce. McGuffin's murals, statues and paintings can be found in cities throughout Texas and in various other places. The public is invited to observe his work in progress.

The Ranger School Board has voted to use the services of the Drug and Alcohol Underdetection Services of Waco. This company specializes in drug and alcohol detection canines. Monthly, on unannounced visits, the company will bring dogs to the school campus to sniff out possible drugs, alcoholic beverages, and fire arms. The primary purpose is to keep drugs off the school campus.

RISING STAR

Rising Star Cap Co. recently expanded its manufacture of caps to include embroidery work on cap fronts which is done locally. Arlie Bibby, who operates the business, his son Jackie, and worker Robert Wooten attended a computer school in Ft. Worth to learn how to operate the new machine. With this computerized embroidery machine comes the ability to make a single personalized cap at an affordable price. From T shirt material to terry cloth and vinyl, any fabric can be embroidered by the machine. Two stitching heads can stitch up to five colors at a time.

Kenton Joyce and his wife, Anja, are giving up the operation of Kenton's Exxon on Highway 183 and moving to Indiana, where Kenton will be in the Army-Air Force Exchange Service. Toby White, with the help of his wife, Kristie, will take over operations of the station. Full service gas, auto, truck and tractor flat repair and many other things will be offered, the new owner says. The public is invited to stop by.

Dr. Carpenter's office will be closed the first week in October. It will be closed at noon Friday, Sept. 27, and open at 9 a.m. Monday, Oct. 8.

"Trails West", the popular store for quality western wear, is re-opening in Rising Star, after being closed for several months. It's grand Re-opening Sale will continue through Oct. 12. Merchandise will be 10 to 50 percent off, with a number of prizes on display.

EDITOR'S NOTE: we would like to congratulate Maverick quarterback Jason Rattan for being named Class AA Player of the Week by the *Arlene Reporter News*...

CJC and RJC Will Battle In Annual Benefit Bowl

The 1985 conference season will open for the football teams of Cisco and Ranger Junior Colleges as they tangle at 7:30 p.m. Saturday at Buckaroo Stadium in Breckenridge in the annual Lions Benefit Bowl. It will be the 7th annual contest between the two teams at Breckenridge.

Tickets for the contest - \$3 for adults and \$2 for students - are on sale by members of all Lions Clubs in this region. The tickets will cost \$1 more if purchased at the gate. Children six and under will be admitted free.

The Wrangler Band and Belles of Cisco Junior College will be presented at half-time at the game.

Coach Rick Frazier's Wranglers and the Ranger JC Rangers have identical 3-0 records for the new season. Cisco won 31-20 over Howard Payne JV last week while Ranger was scoring a 40-11 triumph over Tarleton State JV at Weatherford.

The Wranglers had won previously over North Texas JV and Panhandle State JV teams, while the Rangers won a forfeit from Bishop College and then defeated Sul Ross JV, 16-7. Both teams feature big lines with speedy backfields.

CJC's offense features the passing of QB Mark Pilling and the running of David Smith and James Dixon. Ranger's quarterback is a sophomore named James Roberts who is a good passer and Robert Mergerson and Devin Bednarz, running threats.

Ranger has won the past four Benefit Bowl encounters by narrow margins - by one point last year, two points in 1983 and three points in 1982.

LEON SIGN VANDALISM

Cost for replacing the vandalised highway signs in the Lake Leon area could exceed \$1,000.00 according to Texas Highway Department Official Bill Claborn. Damages were done a couple of weekends ago, and the rebuilding of the signs will probably exceed \$500.00 and the labor necessary to re-install correct signing will probably be excess of another \$500.00 he said. Investigation is continuing into the persons responsible for doing the damages which costs taxpayers dollars. Persons having information should notify the county sheriff's department or they may use the Crime Hot Line Numbers without identifying themselves: 629-3161 or 629-3182.
