#### LOBOES WILL INVADE SPA CITY TONIGHT IN FIRST CONFERENCE GAME; VICTORY WITH TEAM WORK

"On to Mineral Wells," is the battle cry of Cisco football fans today as preparations are being made for the first conference game of the season for Cisco.

The Lobo band, under the leadership of Leonard King, has been diligent in its marching practice this week. The band is ready to do its full part.

The pep squad had a lively rally last night and the pep pot is said to be boiling over with enthusiasm and determination to defeat the Mountaineers and chalk up victory for Cisco as Ciscoans tap out the three dots and a dash as their theme code.

Many Cisco fans are making preparations to attend the game, which is to be called on the spa city field at 8 o'clock tonight.

Coach Murphy reports the team in fair condition. Paul Moseley, fighting quarterback, will begin the game. Blocking Back Dunaway will be at his usual place and is expected to add fresh scalps to his already loaded belt. Lawrence Johnson will probably displace Jack Garrett at left end and Jack will find work at some other place in the ranks.

Otherwise, the lineup will be about the same as the starters at Eastland two weeks ago. Blackstock, who played quarter in the absence of Moseley, will be shifted wherever he may be most needed.

The team has been showing up well in practice and should wage a mighty battle tonight. Coaches Murphy and McCasland expect it. The student body expects it, the band squad expects it and the fans of the town are eagerly looking forward to a victory—not because the Mountaineers are thought to be "easy," but because the Loboers are expected to play with a fighting spirit that, if at its height, always wins if teams are anyways equal.

#### EASTLAND CO. SINGERS MEET AT WEEK END

Stanley Webb, president of the Eastland County Singing association, asks that all interested persons keep in mind the annual meeting of the association—Saturday night and Sunday, in the Church of God at Eastland.

This association, probably one of the oldest in Eastland county, has had an interesting life as well as a lengthy one. The membership has included many of the county's leading citizens.

Judge R. L. Rust, of Eastland, a former president, was one of the original members. Among the former vice presidents are A. E. LeClaire and C. K. Smith, both of Eastland.

Mangum was the birthplace of the organization.

The general public is invited to attend the Eastland meeting.

#### \$27,256 PARITY CHECKS MAILED CO. FARMERS

WASHINGTON, Oct. 10.—Parity payments to farmers for the 1940 program amounted to \$205,834,623, the agriculture department reported today.

Of the \$29,803,684 mailed to farmers of Texas counties, \$27,256.01 are mailed to parity participants of Eastland county. Other neighboring counties of Eastland received parity checks as follows: Brown, \$67,404.97; Callahan, \$51,577.03; Coleman, \$166,043.53; Comanche, \$61,242.88; Erath, \$59,136.37; Haskell, \$301,566.92; Shackelford, \$23,471.61; Stephens, \$17,651.08; Throckmorton, \$39,981.96.

Administrative costs brought the aggregate of payments up to \$210,003,151, the department said. Producers of corn, cotton, wheat and rice who participated in the 1940 agricultural adjustment program shared in the payments.

The program was financed with a \$225,000,000 appropriation, but approximately \$7,100,000 was used to complete 1939 price adjustment program payments. Parity payments are made to adjust the difference between actual and parity prices.

Farmers in 42 states and Hawaii shared in the distribution of funds. No payments were reported in the six New England states.

PANAMA CITY, Oct. 10.—President De La Guardia today predicted that the new government of Panama soon would repeal the ban on arming foreign-owned ships of Panamanian registry.

### CISCO PASTORS WILL DEDICATE SERMON TO MEN OF THE UNITED STATES NAVY, SUNDAY, OCT. 26

Pastors of all churches in this district will be asked to cooperate in national observance of Navy day, Oct. 27, by dedicating a sermon on Sunday, Oct. 26, to the men from their congregations now serving in the United States navy, or to relatives and friends of such men.

American Legion officials of Cisco are cooperating with the churches and will furnish all pastors with data on which a special navy day sermon may be based.

All Legionnaires and other ex-service men will be urged to attend the church of their choice on Sunday, Oct. 26, Haywood Cabaness, service officer of the local post of the American Legion, said today.

Mr. Cabaness added that he had contacted all the pastors of the city and that each had gladly agreed to dedicate one of the sermons on Sunday the 26th to the men now serving in the United States navy.

Pressure for swift British and Japanese military intervention in the Russian war mounted as German and Soviet armies fought a bloody but still undecided battle for Moscow.

The Red army, denying Berlin's claim of encirclement, reported that with the aid of reserves it is fighting strongly to prevent closing of the German trap.

Russian dispatches said the offensive is being held in furious fighting.

Germans stated the mopping up of millions of Russians allegedly encircled is continuing, and a 300-mile sector on the Eastern front had "collapsed."

The crisis spurred demands in Britain for immediate counter-action to relieve the Nazi pressure on Russia.

There is not the slightest hint, however, that the British are planning to strike in the west at this time.

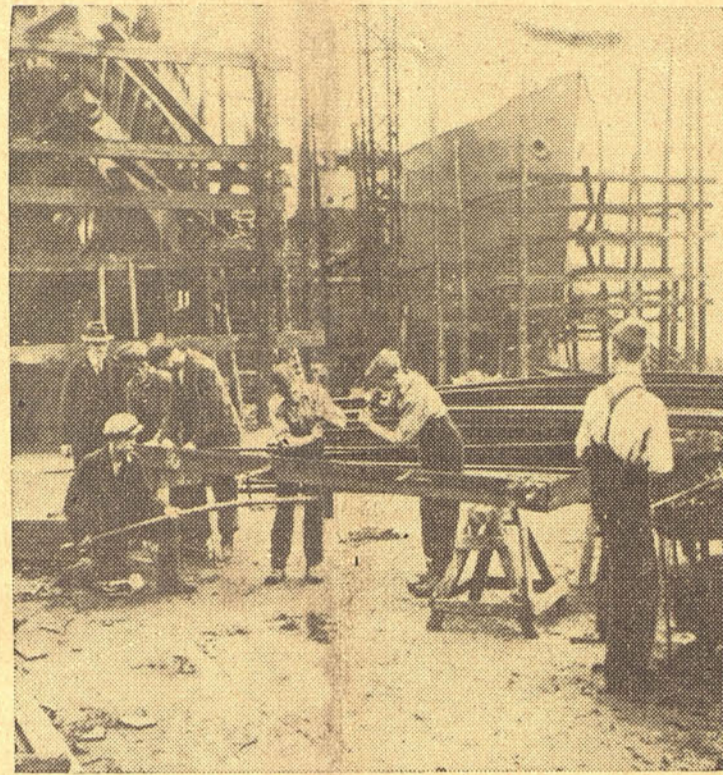

Sutton Crofts is transacting business in Post City today.

#### Ranger Police Get Burglar in the Act

RANGER, Oct. 10.—Patrolmen "Blackie" Ricker, Boyd and Britt early Thursday morning arrested a burglar while in the act of crashing vending machines in the Porky Pig cafe, on highway 80. The yegg was attempting to crash a cigarette machine in the cafe when apprehended by the officers. He had just broken open a peanut machine, from which he had extracted about \$8 in pennies, which he had deposited in a paper sack, when arrested.

No charges had been filed this morning, but the man was held pending instructions from the district attorney.

Miss Marie Winston of Abilene is expected to spend the weekend in Cisco with her parents, Mr. and Mrs. W. R. Winston.

BOYS IN "BATTLE OF BRITAIN"—Shipbuilding, among the most important wartime industries in Great Britain in the "Battle of Britain," is taught youthful apprentices in Coast town.

### REV. JUDSON PRINCE OF CISCO NAMED MODERATOR OF BAPTIST ASSOCIATION AT 58TH SESSION

Rev. Judson Prince, pastor of the First Baptist church of Cisco, was elected moderator for the Cisco Baptist association at its 58th annual session last night at Eastland, following the annual sermon preached by Rev. Finis Williams, Moran pastor.

Rev. B. F. Clement, of Gorman was made vice-moderator, Miss Louise Baker association clerk and Rev. H. D. Blair, who has served the association for the past 15 years or more, was re-elected missionary.

The Cisco association is composed of 37 churches with a total membership of 8,000 members in the three counties of Eastland, Stephens and Shackelford, which comprise its boundaries.

Mr. Prince is one of the youngest pastors in the association, if not in the state, at least for a church the size of Cisco's. He is just finishing his fourth year in Cisco and his fourteenth year as a minister.

He was educated at Howard-Payne college, Brownwood, and came to Cisco from a two-year pastorate of Hamilton church. Under his ministry here the church membership has made remarkable growth, spiritually and in numbers.

The finances were never easier, the bonded indebtedness against the fine church building having been satisfactorily settled on a basis that the church handles from month to month with ease, and a larger budget has just been voted by the board of deacons.

At the business session last night, Mrs. Pat Crawford of Olden was re-elected president of WMU work.

Another Ciscoan on the program was F. E. Shepard, senior deacon for the Cisco church, who brought the report of laymen's work of the association.

Sessions end today.

### COUNTY COURT JURY CALLED FOR FIFTH WEEK

Following is the jury summoned for service in the county court for the fifth week of the September term, with instructions to report Wednesday, Oct. 15:

Bill Childers, T. T. Horn, O. W. Hampton, N. D. Gallagher, W. V. Gardenhire, Frank Bond, James Harvey, Cisco; Dick Wood, R. S. Echols, Gorman; A. H. Powell, T. E. Bankston, Ranger; J. J. Sparkman, Desdemona; Roy D. Pierce, W. A. Robertson, Carbon; A. O. Harris, Eastland; C. C. Erwin, Tom Butler, N. C. Larkin, Rising Star.

### 50 PCT. YOUTHS UNFIT

WASHINGTON, Roosevelt today severely criticized the nation for permitting conditions which have left 50 per cent of its youth unfit—mentally and physically—for army service.

The president will inaugurate a program to salvage 200,000 of the 1,000,000 youths who have been rejected.

#### Heavy Rain Falls In Dan Horn Area

T. T. Horn, living in the Dan Horn community, was in Cisco this morning and reported a heavy rain in that section last night. He did not estimate the amount of the precipitation.

Mr. Horn said the rain caused the roads to be quite slippery and muddy, to the extent that a car, driving ahead of him into Cisco, slipped off the road into a ditch, but sustained no serious damage either to the car or the occupants. He did not learn the names of the persons in the car.

### CATTLE MARKET SLOW

The Ft. Worth market price on most classes of cattle and calves was slow Friday with bids and sales on a steady to unevenly lower basis.

Hogs were steady on all classes and weights with the day's top at \$10.75.

Hogs were steady on all classes and weights with the day's top at \$10.75.

Most of the sheep arrived late. Early sales of feeder lambs were steady.

Six loads of fed steers averaging 1,315 pounds sold at \$10.80. A small lot of strictly choice steer yearlings brought \$12. Other steers and yearlings were mostly common to medium kinds that cashed at \$6 to \$9.50.

Fat cows ranged from \$7 to \$8; butcher cows from \$6.50 to \$7, and canners and cutters from \$3.75 to \$6.

Bull prices ranged from \$6 to \$7.75.

Good fat calves brought \$9 to \$10.25. Plain and medium butcher calves cashed at \$7 to \$9. Culls brought \$6 to \$6.50.

Good to choice stocker steer calves ranged from \$9 to \$11.50 with stocker heifer calves generally 50 cents to \$1 below prices paid for the steers. Common to medium stocker calves went out at \$6.50 to \$9. Stocker cattle were scarce.

In the sheep yards a few feeder lambs were steady at \$8.75 down. Other supplies were mostly yearlings and wethers that arrived late and were unsold at 10:30 o'clock.

Hogs were steady with most good and choice 180 to 280-pound butchers at \$10.65 or \$10.75 and good 145 to 175-pound averages at \$10 to \$10.60. Packing sows sold mostly at \$9.25 to \$9.50, with a few at \$9.75. Pigs brought \$8.50 to \$9.75, latter price being paid for weighty butcher pigs.

Mrs. Robert Russell left Thursday for Victoria, where she will join Mr. Russell in their new residence. Mrs. Russell is the former Miss Marie Litchfield.

### MAYOR MITCHAM THINKS CITY AND COUNTY SHOULD TURN OUT STRONG TO HONOR NATIVE SON

Mayor G. P. Mitcham of Cisco is in receipt of a letter from Mayor Woodall Rogers of Dallas in which an urgent invitation is extended to the mayor and all Ciscoans to visit the Dallas fair Sunday and join in a giant rally in honor of Hon. Tom Connally, U. S. senator, who speaks in the cotton bowl at 3 o'clock Sunday afternoon.

Mayor Mitcham said today he thought a large delegation of Cisco and Eastland county people should be present and join in welcoming Senator Connally. He suggested a canvass of the business district for that purpose.

"Texans should jam the cotton bowl in honor of Tom Connally," Mr. Mitcham continued. "I regard him as one of the greatest statesmen of this age and ever and always a true-blue Texan."

Excerpt From Letter.

Among other things, the Dallas mayor said:

"Senator Connally, one of the top orators of the nation and a great patriot, will deliver the prin-

### PARTY HONORS MISS HUESTIS IN TUTTLE HOME

Mr. and Mrs. A. G. Tuttle were hosts at a well-appointed party given in their home Thursday evening honoring Miss Nadeene Huestis, bookkeeper of the J. C. Penney company store here. Only employees of the company and their families and C. Blake Stephens, fiancee of Miss Huestis, were present.

House decorations were of fall flowers with varied hues, which were placed in artistic arrangement about the rooms. The dining table, laid with a beautiful lace cloth, held as a centerpiece a pretty arrangement of zinnias.

A number of interesting games and contests entertained the group and at the close the winners gave their prizes to the honoree. An attractive white floor lamp was presented to Miss Huestis from the hosts and party attendants. Individual gifts also were given. Accordion numbers played by Hope Starr were much enjoyed.

Hot chocolate and a delicious sandwich plate with potato chips, olives and cookies was passed to the guests by the hostess.

Those present were Miss Nadeene Huestis, C. Blake Stephens, Mrs. Vida Stephens, Mr. and Mrs. John Penn, Mr. and Mrs. J. W. Hammond, Mrs. Lewis Starr and daughter, Hope Starr, Miss Eula Howell, Mrs. John Bailey and the hosts, Mr. and Mrs. Tuttle.

cial address with the theme of service and devotion to our country and its defenses in this critical period.

"Thousands of troops from our own 36th division and other camps, together with veteran organizations, military and civilian bands, and a great outpouring of citizens, will join together to make this the greatest patriotic rally ever held in the state of Texas."

"We invite you, and through you, all citizens of your city and community to join with us on this occasion to rekindle the fires of devotion to our country and its defense, and to rededicate our efforts and our service to its cause."

#### Mrs. J. S. Reese Died In Munday Today

Mrs. J. S. Reese, a former resident of Eastland county, died in her home in Munday this morning. The body will be brought to Carbon tomorrow, where funeral and burial rites will be held at 2:30, with interment in the Carbon cemetery.

Deceased is the grandmother of Mrs. Bruce Campbell and Bobby Poe of this city.

#### POSTOFFICE JOB OPEN.

WASHINGTON, Oct. 10.—The Civil Service Commission announced Friday it would receive applications until the close of business Oct. 28 for the postmaster position at Brownwood, Texas. Names of the applicants will be announced later, probably on Oct. 30.

#### MRS. STEVENSON BETTER.

AUSTIN, Oct. 10.—After another blood transfusion, the fourth in a week, Mrs. Coke R. Stevenson, wife of the governor, was reported resting well in a local hospital Friday. Attending physicians said they hoped to remove Mrs. Stevenson to the governor's mansion next week.

### MURDERERS OF GOLF STAR IN HANDS OF LAW

FT. WORTH, Oct. 10.—After telephonic check of the fingerprints of two suspects held here in connection with the brutal murder of Marion Miley, 27, woman golf star, and her mother, Kentucky officers wired: "They are the men we want."

The murders were committed at Lexington, Ky.

City Detectives T. E. Brooks and Ed Smith arrested the suspects Wednesday night at Fourteenth and N. Main streets on the "hunch" that they might have staged the \$5,000 J. C. Penney company robbery here Sept. 10.

The suspects and another man and a woman were in a car similar to the one used by the Penney robbers.

The suspicions of the detectives were strengthened by the fact that the car license was out-of-state. Officers investigating the Penney robbery have held the theory that the robbery was staged by "visitors" to the city.

#### Unproduced Oil Allowables Gain

AUSTIN, Oct. 10.—Assigned but unproduced oil allowables in Texas during August amounted to 1,769,322 barrels or 4 per cent of the total allowed yield, a railroad commission report showed Thursday.

The underproduction compared with 3.62 per cent the previous month.

Indicated total yield for August was listed at 42,442,181 barrels as compared with an allowed production of 44,211,503 barrels.

Runs by pipe lines aggregated 41,909,677 barrels and lease storage increased from 4,307,553 to 4,414,586 barrels.

Reported production was greater than pipe line runs and other disposals by 118,536 barrels out of total turnover of 42,263,425.

**HOUSE MAINTENANCE.**

It is always a good idea to take intelligent care of a house. Small repairs and replacements made when their need first appears save hundreds of dollars in the swift depreciation which is bound to ensue if they are neglected. An expert suggests several points which should be looked to before the onslaught of the winds and rains of winter make it harder to take care of them.

Chimney flashings should be tight. Caulk if necessary. Gutters and downspouts should be cleaned and perhaps painted.

Some painters prefer to work in the autumn when there are fewer bugs to encrust themselves in the finished work. Others prefer spring. But bad spots should be gone over now for protection. A coat on the porch floor is a fine idea. Wet feet tramping up to the door are hard on the surface.

Windows should have a thin coat of white lead and oil or housepaint over old putty, making sure all joints are sealed. Window sills can now be painted to good advantage, scraping the old paint off first. Leaded glass is apt to need caulking.

If you need storm windows,

order them soon. They do cut heating costs.

See that there's a grade in soil of about one in nine to make water run away from the house instead of standing against basement walls. Clean and check drains in light-wells. Repair cracks in concrete drives.

Then settle down in your easy chair with a sense of duty nobly done.

**DO YOU REMEMBER?**

(From Files of Cisco Daily News, January, 1929.)

The prospect of a long ocean voyage of several thousand miles has no qualms for Mrs. Alice "Grandma" Robertson, of Cisco, in spite of her 100 years. Mrs. Robertson, who reached a century of existence on the earth on May 6, 1928, was a pleasant caller at the office of the Cisco American and Roundup recently. She said that her sister and brother-in-law, of London, England, have invited her to England for a visit and that she intends to make the trip across the ocean, her fourth, by the first of next June. Still able to walk about and engage herself as actively as a woman many years her junior, "Grandma" Robertson is proud of her vitality and emphatically declared that she has made arrangements to celebrate her 125th birthday with a dinner in the new Cisco hotel. Mrs. Robertson is a staunch Democrat, and let it be known that one reason she intends going to England is to escape living under a Republican administration.

One of Cisco's oldest physicians in point of service and one of its most respected citizens is Dr. John E. Griffin. Since 1913, the year in which Dr. Griffin located here, he has been prescribing for the physical ills of Cisco people, and during that time it has been his privilege to see his home town grow from a village to a splendid and thriving young city. Dr. Griffin first located at Scranton. At one time he practiced at Cottonwood, but while there that section was visited by the drouth that caused a general crop failure. This was about the year 1903. After practicing at Scranton a short while, he joined his brother, Dr. L. L. Griffin, in the practice of medicine here, and has continuously

 O smoke, draw cleanly up the flue—  
 My lady chose your every brick  
 And set her eager heart on you.

 Nor white bread turn to crispy toast  
 Until the spell be made complete

occupied offices in the Dean building since the removal of his brother to Beeville. At Waco, Texas, Sept. 16, 1901, the marriage of Dr. J. E. Griffin and Miss Marian Dunklin, of that city, was solemnized. This couple have spent 28 years of happy married life together, residing at their present home at 305 W. Sixth street, most of the time since their coming here sixteen years ago.

One of the neaviest winter rains that has visited Cisco in several years was that which fell in the Cisco Country Friday afternoon. All streets in the downtown districts were flooded. The rain began falling promptly at 2 o'clock, and lasted about two hours, forty-five minutes of which time the precipitation was a downpour. The rain gauge at the city hall registered one and one-fifth inches. Mayor Williamson stated after visiting Lake Cisco Saturday that the rise in the lake was approximately one foot, or a fraction over. The water in the lake, Mayor Williamson said, was again within one foot of all previous high water marks. So far as reported no damage has resulted in any section. Farmers report plenty of rain, especially north and west of Cisco, January 4.

Tom Hardin and Silliman Evans, officials of the Texas Air Transport who were visiting here yesterday, were guests yesterday noon at a luncheon at the Green Lantern Inn. Local business men attending the luncheon were W. W. Wallace, W. J. Armstrong, Luther McCrea, J. M. Williamson and Guy Dabney. Mayor Williamson and Luther McCrea returned to Ft. Worth by airplane yesterday afternoon, returning to Cisco by bus. Mrs. Evans, a daughter of Mrs. L. H. McCrea, accompanied her husband to Cisco on this trip. The mayor was so much impressed with his first air jaunt that he is said to be negotiating a deal whereby he hopes to turn in

his automobile as first payment on an airship of his own.

A permit was issued this morning for the G. P. Mitcham No. 1 Theresa Weddington, which will be drilled just west of the city limits of Cisco by G. P. Mitcham, local oil man. Tools have been moved in from Brown county onto the lease, where Mr. Mitcham and associates have a number of shallow wells. The Theresa Weddington No. 1 will likely be spudded in Wednesday, and drilling will be rushed to completion. Should this well come in a producer, it will open up a large area that will likely be developed at once, right at the door of Cisco. Mr. Mitcham stated that the lease has been thoroughly geologized by a competent geologist, one whose work has been highly successful. He stated that he has great faith in securing a producer, as other shallow tests found production in commercial quantities in this vicinity. This was the first filing for the new year.

Almost every profession is represented in Cisco. That of osteopathic medicine and surgery is represented by Dr. Gilham M. Stephenson, who is a graduate of the College of Osteopathy and Surgery of Kirksville, Mo., receiving his degree after a two-years' course in osteopathic surgery. Previous to receiving his degree he had practiced here, being associated with Dr. John L. Henry, whose practice he later took over. At that time he was located in the offices in the Huey building which he now occupies. After practicing for a few years, he took the two-year course of study at the Kirksville college necessary to win his degree, in 1923. Dr. Stephenson is a native of Arkansas, but leaving that state when a small child, and having spent most of his life in Texas, he claims the Lone Star state as his native state. He was born in DeQueen, Ark., August 21, 1889. Soon after his

birth he was taken to the old Indian Territory, where his father was United States marshal until the family removed to San Angelo in 1894, where he lived until 18 years of age. He graduated from the high school at that place and John Tarleton agricultural college, and later attended the Missouri State Teachers' college. He first came to Cisco March 11, 1917, the day of his marriage to Miss Lillian Hittson, daughter of the late W. T. Hittson. Dr. and Mrs. Stephenson are the parents of two children, a son, 10 years of age, and an eight-year-old daughter. He and his accomplished wife are both popular in professional and social circles. Mrs. Stephenson is a talented musician and vocalist.

Cisco Commandery No. 47, Knights Templar, will install the newly-elected officers for the ensuing year Thursday night. The installation ceremonies will begin at 7 o'clock, when the following officers will be inducted into their respective stations: I. Nicholson, commander; George Boyd, generalissimo; Jack Boman, captain of the guard; K. P. Hart, senior warden; L. E. Cotula, junior warden; E. E. Kean, prelate; John F. Patterson, recorder; L. D. Wilson, treasurer; D. J. Gorman, standard bearer; W. G. Jones, sword bearer; Victor B. Gilbert, warden; W. J. Britain, sentinel.

M. A. Fields, aged 75 years, died Saturday morning at 5:15 at the home of his daughter, Mrs. Zella Dungan, 306 E. Ninth street. The body was prepared for burial at the Green Funeral home, and services will be held at 3 o'clock this afternoon at the Dungan residence, conducted by Rev. P. T. Stanford, pastor of the Ranger Methodist church. Interment will be in Oakwood cemetery. Mr. Fields is survived by three sons and three daughters, but only Mrs. Dungan and Tom Fields were with their father when he passed away.

J. A. Bearman and J. V. Heyser were hosts Monday evening to members of the city commission and a few other invited guests at dinner. There were fifteen at the festive board. The personnel of the party included Mayor J. M. Williamson, L. A. White, Crigler Paschall, R. W. Mancill and J. V. Heyser, city commissioners; Hugh S. White, Carl Lowery, B. S. Huey, H. C. Wipern, Hoyt Agnew, J. A. Bearman, C. H. Fleming, C. O. Pass, J. O. Sue and W. M. Miller. Commissioner Mayhew was absent on account of illness. Mr. Mayhew was host at noon Monday to Mayor Williamson and the other members of the commission at a luncheon.

**Danzig Under German Rule for Third Time**

DANZIG, that beautiful city at the mouth of the Vistula river in the old Polish Corridor, has had a stormy history.

Three times it has fallen under German rule. On Sept. 1, 1939, Nazi legions pushed into Poland, made Danzig a part of the Reich. This stamp, one of the winter help series of 1935, shows the Danzig stock exchange building. Under the Treaty of Versailles, Danzig became a free city, flew its own flag, made its own laws, maintained an army and issued its own money and stamps. All that ended when Germany took over.

The city was founded by Germans at the beginning of the 13th century. Polish Pomeranian dukes ruled until 1308. The Teutonic knights assumed control and governed until 1454.

From 1454 to 1793 the city was associated in a personal union with the kings of Poland.

In 1807, Danzig became a free city for the first time under French sponsorship. With the collapse of the Napoleonic regime, Danzig returned to Prussia, thus remaining until the Treaty of Versailles.

**NIMROD**

Sunday school and church services were well attended Sunday. Rev. Mart Agnew of Cisco delivered an inspiring message to the congregation.

Mrs. Mae Dillard of Rising Star spent Thursday with her parents, Mr. and Mrs. L. D. Stanford.

Miss Vena and Claud McBeth of Cisco spent the week-end with their parents, Mr. and Mrs. A. N. McBeth.

L. D. Stanford, Jr., was a business visitor in Cross Plains Friday.

Mr. and Mrs. Cecil McBeth and children, Maud Jo and Wilbert of Abilene, visited in this community Sunday.

Mrs. P. D. Richardson celebrated her birthday Sunday in the home of her daughter, Mrs. A. N. McBeth. Several of her children and grandchildren attended the joyous event.

Mr. and Mrs. Oliver Harrelson, who have been visiting in the home of Mr. and Mrs. Stansell, returned to their home last week.

Mr. and Mrs. Garland Williams

C. H. ANDERSON HERE.

A visitor in Cisco this week was Charles H. Anderson, former president of the City Chevrolet company of Cisco. Mr. Anderson is remembered as a wide-awake, energetic business man and the automobile dealer, who gave a new Chevrolet sedan to Elks Lodge No. 1376 for their charity fund. He is reported to have sold his interest in a Shackelford county oil lease for approximately \$28,000 on his trip to this section.

AIR CORPS BOARD TO INTERVIEW APPLICANTS FOR PILOT TRAINING AT BRECKENRIDGE, OCT. 20

The army air corps will take another step forward in its program to "Keep 'Em Flying," when an aviation cadet examining board gives physical examinations to applicants for pilot training at the Burch hotel in Breckenridge during the week beginning Oct. 20.

Lieut. J. T. Carroll, accompanied by Sgts. H. W. Stein and J. R. Wilson, all from the army recruiting office at Dallas, will set up headquarters in the Burch hotel, Oct. 20. They will take applications and furnish information about the army's plan for training officer-pilots.

Applicants will be able to take their physical examination without leaving home. A flight examining board from Randolph Field will give the regular flight examination without any expense to the applicants.

All men with half enough college work to gain a degree are exempt from all educational examinations. However, under the army's new plan, exemption is granted from examination in any course in which the applicant has a college credit. In this way many men with only one year in college are exempt from the mental examination.

High school graduates can make themselves eligible for pilot training in the army air corps by passing an examination which covers high school courses. Anyone having completed any college work may find out how much of the mental examination he will be exempt from by contacting Lieutenant Carroll on Monday, Oct. 20. Applicants who pass the "physical" examination and who will require any or all of the mental examination, will have until November to prepare for it. Another advantage in taking the physical examination in Breckenridge is that if an applicant has some temporarily disqualifying defect he will have an opportunity to remedy it before time for the mental examination.

To be eligible for aviation cadet training, an applicant must be a male citizen of the United States between 20 and 27 years of age, single and of sound health and good moral character. During the 31 weeks of training, an aviation cadet receives \$75 per month in cash, uniforms, medical attention and board and room. At the time of his appointment, the government carries a \$10,000 life

air corps reserve. He is also given \$150 in cash with which to purchase his officer's uniform.

As long as funds are available, these reserve officers will be ordered to active duty at the same rate of pay as regular army officers of their rank, \$245.50 per month where they are not furnished quarters by the government and \$205.50 where they are.

Upon return to 'civil life' these reserve officers are given a cash bonus of \$500 for each year they have spent on active duty, in addition to all pay and allowances. In the meantime they have qualified themselves to fill numerous positions.

# Honoring Two Famous Pan-Americans

Statue of Simon Bolivar in Central Park, New York City.

Statue of Henry Clay in Caracas, Venezuela.

We will publish additional authentic feature articles dealing with the significant personalities and fundamental institutions of Latin American countries whose newspaper publishers are cooperating with Publishers' Reciprocal Program (Inter-American) by printing in their newspapers feature articles background and interpretative of our 'way of life' in the United States.—Enron.

By EDWARD C. JOHNSTON

A few years ago there was unveiled in Caracas, the capital of the South American republic of Venezuela, a statue of a great Pan-American. The inscription on it, written in Spanish, reads: "Henry Clay, 1777-1852, Apostle of fraternity between the countries of America and valiant defender of their independence. The United States of America presents to the United States of Venezuela this statue of its illustrious statesman, speaker of the House of Representatives, Senator and Secretary of State."

The statue, given in return for one of General Simon Bolivar, the South American champion of independence and Pan-Americanism which was unveiled in Central park in New York city in 1921, was formally dedicated by a distinguished delegation from the United States and the statue was received by the President of the Republic of Venezuela.

This ceremony, which honored the man who, in the United States, has been called "the First Pan-American" and "the Father of Pan-Americanism," was a significant one in the history of the nations of the New World. It was a gesture of friendship on the part of the most powerful of those nations to a smaller nation which has reason to feel grateful to an older sister in the Pan-American family. For the Venezuelans the statue, erected in the square in their capital to which they have given the name of Plaza Henry Clay, means more than a mere memento of a great man. To them Henry Clay was a friend, not only a friend in words, but a friend in deeds as well and the monument will be a constant reminder of that fact and of the international good will which prompted the presentation of it to their country.

not in the first list of countries, but at Clay's suggestion this country later was included. The invitation gave Clay an opportunity to prepare instructions to the United States delegation, which in every feature seems to accord with the principles which have governed the Pan-American movement and the Good Neighbor policy of recent years.

One of the facts about Clay's influence upon the international policy of the United States which is not commonly known to most North Americans is in regard to the so-called "Monroe Doctrine." The principles enunciated in that famous document Clay forecast in July, 1821. He had been pleading the cause of the South American patriots with brilliance and fervor in Congress, which was more or less indifferent to it. Slowly, however, public opinion was won over and when finally in 1822 the purchase of Florida was ratified, President Monroe began to recognize the new republics. The next year the President uttered the words which have become famous as the "Monroe Doctrine," although they might more justly be called the "Clay Doctrine," for had not Henry Clay prepared the way for them and contributed ideas to the formulation of the doctrine, they might never have been uttered. Clay's last great Pan-American work, as Secretary of State in 1825, was to organize European influence, particularly that of Russia, to prevail upon Spain to discontinue the war against her former colonies.
