

Copeland Retires After 35 Years In Classroom

A career of 35 years in the teaching profession has come to the end for Gilbert P. Copeland, vocational agriculture instructor at Cisco High School for the past 15 years. Mr. Copeland retirement was approved last Monday night by the board of trustees of the school system.

GILBERT COPELAND

"I have enjoyed working with young people over the years, but it is time to quit and I am looking forward to retirement," Mr. Copeland reported.

A native of Taylor County, Mr. Copeland graduated from high school at Lawn and studied at Tarleton and Texas A&MU before going to Sam Houston State University where he received BS and ME degrees. He spent two years in the U.S. Coast Guard during WWII.

After the war, Mr. Copeland taught in a veterans program for two years at Haskell where, he was later informed, he taught the first integrated class of agriculture students. He taught two years at Atterment and then went to Olden for 16 years before moving to Cisco 15 years ago.

Mr. Copeland is proud of the fact that 25 agriculture students from his classes have earned the honorary Lone Star Farmer degree. He has had one student earn the coveted American Farmer degree. These

awards are given for outstanding work as agriculture students.

Mr. Copeland is active in community affairs. He is president of the local AARP Chapter, and he and Mrs. Copeland are active members of the First Baptist Church. They own their home at 706 West 6th Street and plan to remain in Cisco.

The Copelands, who were married in 1948, are the parents of two children. Their son, Gary, lives at Phoenix where he is commander of the U.S. Public Health Service. He has degrees in pharmacy and hospital administration. Their daughter Nancy Stacy is a registered nurse and resides and works in Mineral Wells. The Copelands have three grandchildren.

Special Prosecutor Appointed By Court

Five Charged In Garcia Case

Five sealed indictments were returned June 27th by a special Eastland County grand jury after an investigation of some four months by Bill Hart of Eastland serving as a special prosecutor in the Debra Garcia Murder case.

This information was released Thursday after news of the new indictments had been leaked at the courthouse, according to Mr. Hart.

Named in the new indictments were Richard Edward Hinton, 51, of Rising Star and Austin; Joe Thomas Perry, sometimes known as Joe

Perry Sr., 45, Address unknown; Brenda Gail Perry Andrews, 23, of Austin; Pat Dwayne Starr, also known as Pat Ingram, 22, of Cisco; and, Elizabeth Ann Perry Peacock, 18, of Cisco.

The five persons named in the indictments were charged with (1) capital murder; (2) murder; (3) aggravated kidnapping; and, (4) robbery, Mr. Hart told this newspaper.

Two of the group have been arrested, the prosecutor said. They are Pat Starr, still in jail Thursday, and Elizabeth Ann Perry

Peacock, who was in jail on an unrelated matter and who has made bond.

Mr. Hart said he was in Austin last Tuesday and arranged with the Travis County sheriff's office to assist in apprehending Hinton and Mrs. Andrews, who had Austin addresses. The whereabouts of Joe Perry were not known, the prosecutor said.

Mr. Hart said that the grand jury investigation showed that those named in the indictments acted in conjunction with Charles A. LeFlore and Thomas

LeFlore, both in prison for the murder. Mrs. Garcia was found murdered on Nov. 29, 1981, near Cisco, after being missing several days following her kidnapping from her job as a convenience store clerk.

Charles LeFlore, age 20 at the time, was first arrested. He was sentenced to serve 65 years in the state prison when he entered a guilty plea in 91st District Court in July, 1982.

Thomas LeFlore, arrested later, was sentenced to 50 years in prison on June 15, 1983, nearly a year after his

brother's sentencing.

Last March, District Attorney Emory Walton told the Eastland County Commissioners' Court that the Garcia case needed more investigation than he had time to give it. The court authorized District Judge Jim Wright to name a special prosecutor and ordered a grand jury to serve for 90 days. Mr. Hart was retained.

Any further investigation will have to be done with a new grand jury, Mr. Hart said, as the law permits a grand jury to serve for only 90 days.

Mr. Hart said that he has asked for a special investigator to help him in further work on the case. His request is being studied, he added.

The five people indicted were known in 1982, Mr. Hart said, as the confession of Thomas LeFlore named them.

The investigation was carried out under the organized criminal activity article of the state penal code, Mr. Hart said.

Brenda Andrews, one of the quintet, was tried on a charge related to the case and given a probated sentence, Mr. Hart said. He did not believe the lesser charge on which she was convicted would prevent prosecution on the new charges.

The special prosecutor said that the five persons would be tried together at a date to be set when all apprehended.

Agruments In Lundstrom Case Heard

An oral argument in efforts to overturn the life sentence verdict given Loyal Lundstrom in the shooting death of his wife here in March, 1983, was presented by Defense Attorney Bill Hart at a hearing of the Court of Criminal Appeals in Austin last Wednesday.

Mr. Hart argued that Lundstrom's case should not have been tried in Eastland County due to the publicity it received. His appeal for a change in venue was turned down prior to the trial.

Lundstrom, in his early 60s, has been in prison at Huntsville since his conviction.

In petitioning for a new trial, Attorney Hart also alleged that the 91st District Court erred in not granting a motion that there was insufficient evidence to warrant conviction and in admitting into evidence a letter written by the defendant to his pastor.

District Attorney Emory Walton filed a brief to support the verdict. A brief also was filed by the state attorney general office in Austin.

\$7,674 Paid In Fines

A total of 173 persons paid \$7,674 in fines in City Corporation Court during the second quarter (April, May, June), according to a report submitted by Douglas Fry, judge of the court, to the City Council at their meeting Tuesday night.

During the quarter, 192 traffic tickets were issued by police and DPS troopers in the city limits.

In addition, complaints were filed by police in city court as follows: public intoxication 14, assault 5, disorderly conduct 5, consuming alcohol in a public place 2, possession of drug paraphernalia 5, animal control ordinance violation 2, salvage yard fencing ordinance violation 2, and reckless damage 1.

Seventeen cases were dismissed by the judge. There were 19 defensive driving dismissals and three cases transferred to 91st District Court. Twenty-two warrants were issued of which 13 were outstanding.

Of the \$7,674 in total revenue, the sum of \$6,115.50 was paid to the City of Cisco and \$1,558.50 to the State of Texas.

Roof Garden Presents Comedy

By Wanda Hallmark
Cisco's Roof Garden Dinner Theatre presented another successful play here Thursday night, July 11, with a performance of "Greater Tuna" by Jaston Williams, Joe Sears and Ed Howard.

Professional actors Steven Vincent and William Carter play a total of twenty characters who live in a small rural town of Tuna, Texas. They are able to masterfully go from disc jockeys to children, little old ladies to dogs, and from preachers back to disc jockeys. The comedy will keep the audience laughing from beginning to end.

The audience will also appreciate the quick costume changes that Mr. Vincent and Mr. Carter make during the play, and how they are able to keep a straight face and remember their lines while the audience is laughing so hard at the latest character.

"Greater Tuna" is presented through a special arrangement with Samuel French, Inc. and is an educational project of the Cisco Junior College Fine Arts Department. Wyley Peebles, Chairperson.

The menu for the evening consists of summer fruit salad, Tenderloin Brochette, Potatoes Au Gratin, mixed beans with parsley sauce, scalloped tomatoes, dinner rolls, carrot cake and iced tea or coffee. The meal is catered by ARA Services, Inc., John Rehak, Director.

The other performances for Greater Tuna are sold out, but it is not too late to make reservations for the next play, The Robber Bridegroom a musical by

Alfred Uhry and Robert Waldman. The dates are August 1-3, and August 5-10. Call 817-442-2589, to make sure you have your reservation. Tickets are \$12.50 for dinner and the show. Dinner is set at 7 p.m.

The production staff for Greater Tuna is made up of the following: Charles Hukill, director/set designer; Melanie Taylor, costume designer; Dianna Lovelace, stage manager/sound operator; Gina James, assistant director; Joe Searcy, light designer/board operator; Joe Searcy, Wes Wynn, Betty Hukill, Brian Rhodes and Tony Cox, set and property crew; Melanie Taylor, Christi Terrell, Claudia Waite, costume crew; Christi Terrell, wardrobe mistress; Brian Rhodes, Christi Terrell, dressers; Fred Mullinax, box office/house manager; Brad Hawari and Joe Searcy, publicity.

Teenage Teams In Tournament

Two Cisco teenage league baseball teams were playing in the Ranger Invitation Baseball tournament this weekend. The Panthers had won two games and were scheduled to play Ranger at 8 a.m. Saturday. The Cats had lost their opener to Ranger, 11 to 1, and were scheduled to play the Eastland Rice Sox Friday night.

The Panthers scored victories over the Eastland Blue Sox and the Eastland Greenbacks. They won the latter game 12-4 Thursday night.

Commodities To Be Distributed

The commodities will be distributed in Cisco on Tuesday, July 16, from 8 a.m. to 1 p.m. at the Gaslight Apts lobby on Conrad Hilton Ave.

All-Stars Win Opener At Breckenridge

Clint West pitched a four-hitter and doubled home the winning run as the Cisco All-Stars scored a 2-to-1 victory over the Breckenridge All-Stars in the area Little League tournament Thursday night at Breckenridge.

The Cisco team was to meet the Albany All-Stars in the second game of the tournament at Breckenridge Friday night.

The local team scored in the second inning and held a 1-0 lead until Breckenridge scored in the 5th. The first Cisco score came when Brian Callarman singled to open the inning. He was forced out at second by Curtis Stanley who took second a passed ball. Stanley scored when Tim Abila doubled to center. Abila was out trying to stretch the hit to a triple.

Breckenridge got two of their four hits in the 5th and

an error enabled them to put their one run on the scoreboard.

In the final inning, Chris Begley singled and scored when West doubled to left. There were two outs and two strikes when Begley connected with a high fly ball that fell just inside the left foul line.

Seeing action for Cisco were Kelly Cozart and Russ Abbott at 2nd base, Brad Goosen and Ken Rock at 3rd base, Brian Callarman and Curtis Lacy at shortstop, Chris Begley at 1st base, Ryan Duncan and Brad Fleming in right field, Tim Abila in center field, Junior Baker and Jeremy Davies in left field, Curtis Stanley at catcher and West on the mound.

A good crowd of Cisco fans attended the game.

Services Planned For New Lutheran Pastor

The Rev. Otto Urban, new minister of Redeemer Lutheran Church, will be installed in the pulpit in a public ceremony at 4:30 p.m. Sunday, July 14, according to an announcement.

The Rev. Dell Crockett, who resigned as the local Lutheran minister some 11 months ago to become the church's counselor for the Abilene region, will be here to direct the installation service. Rev. Urban and his family will be honored at a reception at the Lutheran Parish Hall following the church service.

Rev. Urban and his wife Vonda spent the past few days moving into the church parsonage at 1610 Hilton Ave. They are the parents of six children, including one daughter, Natalie, who is a college student and a son, Nathan, who will be a high school senior this fall. Four other children no longer live at home.

The Urbans moved to Cisco from Colstrip, Montana, where he served the Lutheran church for eight and a half years. He is a native of Houston and served churches in California, Oklahoma and Plainview.

REV. OTTO URBAN

Texas, before going to St. Paul's College, Concordia, Mo., where he was a member of the faculty for 10 and a half years. He has been in the ministry for 28 years and studied at the seminary at St. Louis, Mo.

In past years, Rev. Urban has been a member of the Lions Club and of the Optimists Club. He said that "we are looking forward to living in Cisco and serving the Lutheran congregation of this area."

The public was invited to attend the Sunday afternoon installation service.

Lions Given 4th Report

A report on July the Fourth activities at City Park was made by Chairman Ivan Webb and President Jerry McBeth at the weekly luncheon of the Cisco Lions Club at the Colony Restaurant last Wednesday. Mr. Webb said the day's program and carnival were a good success with large turnouts. Mr. McBeth reported that the club's gross receipts amounted to approximately \$2,000. Expense items have not been audited but the profit picture will be good, he added.

Mr. Webb expressed appreciation to the area Dr. Pepper Distributor for donating the large bottles of their drinks that were sold and distributed in a carnival game.

Mr. McBeth gave a brief talk on Lionism, noting that "we as a club are ever mindful that our motto is 'we serve.'"

Experience the Joy of Faith

DR. McCULLOUGH, left and LOUIS PITCOCK

Officers Installed At Rotary Club Meeting

Dr. Henry E. McCullough, president of Cisco Junior College, was installed as president of the Cisco Rotary Club for the year beginning July 1 in ceremonies last Thursday noon at the Colony Restaurant. The club did not meet July 4th and the Thursday luncheon was the first of the new club year.

Louis Pitcock of Graham, immediate past district governor and the new district leader's representative, was the installing officer.

Other Rotary officers for the coming year are: Joe Cooper, vice president; Bill Reynolds, secretary; James Cotton, treasurer; and Dr. Tim Boersma, Burl Chambers, Jerry Morgan and Ron Scheuren, directors.

The club was informed that the district governor's theme for 1985-86 is "Your Are the Key." He explained that keys are worthless unless they are used.

Man Taken To State Hospital

A Louisiana man was taken to the state hospital in Wichita Falls late Thursday night after he attacked his wife and kicked a police officer who sought to place him in custody.

Police Chief Billy Rains took the man to Wichita Falls, leaving after midnight. Officer Chris Key was treated in the emergency room at E.L. Graham Memorial Hospital.

The man's wife, it was understood, had cuts and bruises and was treated by a local doctor. The couple had arrived here earlier in the day, authorities said.

'Please Call Police' Week Is Proclaimed

"There are keys to club service, vocational service, community service and international service," he said. "Each member of the club plays a part in the success of the keys, which represent doors to opportunity that must be opened."

Mr. Pitcock reminded the club that "yours is one of older organizations and one of some 22,000 in 159 countries of the world." He said the new district governor

has scheduled an official visit to Cisco next November.

Secretary Reynolds reported that the club had an attendance of 81.8 per cent during June. Dr. McCullough announced that the board of directors will meet at 7 a.m. Thursday at the Colony.

The Rev. Otto Urban, pastor of Redeemer Lutheran Church, was a guest at the meeting.

Little League Plans Party

The little League will have a swim party and picnic on July 18, at the City Park with swimming from 6:00 p.m. to 7:00 p.m. and hot dogs served at 7 p.m.

This is for all Little League players, coaches board of directors and all of their families.

There will also be a board of directors meeting at the park.

'Stop' Signs Ordered For City Streets by Council

An ordinance declaring that 12 streets crossing Avenue E and one crossing Avenue N be "two-way stop intersections" and Avenue N at West 13th Street be a "four-way stop intersection" was approved by the City Council at the regular semi-monthly meeting Tuesday.

The ordinance will be prepared by the city attorney and published with an early effective date of enforcement, the Council decided.

The ordinance will cover Avenue E from West 3rd Street to West 17th Street, excepting West 8th Street

which is already covered by two-way stop signs and West 15th Street, which does not cross Avenue E.

On Avenue N, the present "yield" signs at West 14th street will be replaced by two-way stop signs and at West 13th Street by four-way stop signs.

Purpose of the ordinance is for better control of traffic. Numerous accidents have occurred on Avenue E at the intersections where yield signs are presently located. The two streets intersecting Avenue N also are presently regulated by yield signs.

In other action, the Council approved on second and final reading an ordinance providing that Olson Street for one-half block north and south of East 10th Street (between Lots 7 and 8 and Lots 21 and 22, Block 1, Olson Addition) be vacated and closed. This was requested by owners of property in the area.

The Council reviewed city voluntary water conservation ordinances and agreed that efforts should be inaugurated to enforce them. The city manager was asked to prepare a statement for publication.

An ordinance establishing a speed limit of 20 MPH on Royal Lane, from Front Street to the dead-end at the baseball park, was approved on first reading. The street is located in front of the swimming pool and the city park and ends at the baseball field.

Action on a request by Thrift Mart, local super market, to re-route water and sewer lines on their property was delayed because three council members were unable to attend the meeting. Councilmen present, however, expressed enthusiasm for the plans for expansion contemplated by

and other traditional instruments. The soundtrack includes everything from foot-stomping swing music to soulful gospel tunes. An array of palate-pleasing foods await enthusiasts of the Festival's multi-cultural theater. The playbill features Scottish haggis and Lebanese kibbe (meat loaf), which can be followed with a command performance of Wendish noodles and Ukrainian varaneke (potato-stuffed dumpling).

Dancing is yet another highlight of the Festival program of activities. Performers clad in colorful costumes present the folk dances of Chile, Norway, Mexico, Poland and many others. Audience members are offered the chance to perform center stage in the celebrated Filipino tinikling dance.

Festival curtain times are 5-11 p.m. Friday, Aug. 1; noon to 11 p.m. Saturday and Sunday, Aug. 2 and 3; and noon to 10 p.m. Sunday, Aug. 4. Admission is \$5 for adults, \$1 for children ages 6-12, and free for children under 6. For more information, or to order tickets, call (512) 226-7651.

Library Plans Week's Closing

The Cisco Public Library will be closed the entire week beginning Monday July 15. It will re-open for the regular summer schedule Monday July 22.

Thrift Mart. Re-routing water lines would facilitate the expansion program. Councilman Linton Batteas, mayor pro tem, presided in the absence of Mayor Eris Ritchie, who was out-of-

town. Also out-of-town were Councilmen Brad Kinbrough and Bill Roberts. Present were Councilmen Batteas, Bobby Ingram and Joe Besselaar, City Manager Mike Moore, City Secretary Ginger Johnson and City Attorney Bill Wright.

Letters to the Editor

Dear Editor,
July 11, 1985 must have been one of the most rewarding days in my life. The reward being that maybe I saved one small boy from one day ruining his life and ending up in prison.

You see on this day the young man was caught lifting something from one of the local stores. I don't know who caught him and I don't care. What I do care about is that someone cared enough to bring him to the county jail and give him a first hand look at what his future held should he continue this path.

The head trustees' informed me that they were bringing the young man back to my cell block and that they would like for me to give him a brief taste of the hard life. Well I put on my meanest look and adjusted to my roughest voice.

When Mr. Russell, the jail administrator, brought the boy back I really went at him. I could tell by the look in his eyes when I finished

that, that young man will never be back here.

My reward was the thanks I received and the self satisfaction knowing I could help. Maybe if my mom or dad had taken me on such a trip when I was young and doing wrong I might not be here today.

Thank you Gene Russell for caring and letting me help.

Inmate Michael Reynolds
Eastland Co. Jail

Probably the smallest of our presidents, James Madison, at five feet four inches, never weighed more than 100 pounds.

Debra LaNell Cline And Andy Hawari United In Marriage

Marital vows were pledged by Debra LaNell Cline and Andy Hawari in a ceremony conducted at First United Methodist Church in Canyon Saturday evening, June 8, with the pastor, Bob Ford, officiating.

The double ring service was read in a candlelight setting with mixed orchid arrangements and fresh greenery accenting decor. Candlelighter was Osama Hawari, brother of the bridegroom.

Registering guests was Sue Mason with ushers including Steve Burleson and Devin Miller, the bride's cousin. Selections for the service included "Wind Beneath My Wings," "Wedding Song" and "That's The Way" with Mrs. Pat Owens of Cisco as vocalist and Randy Lackey, Amarillo, providing piano accompanist.

Flower girl was Tanjia Cheshire, the bridegroom's cousin, and ring bearer was Omar Hawari, the bridegroom's brother.

Michele Pride of Deer Park was maid of honor and bridesmaids were Donna Gaiton of Canyon, Marica Miller of Tulsa, Okla., Susan Wynn of Follett, Leila Hawari of Cisco, Susan O'Conner of Dodge City, Kansas, Elizabeth Burleson of Midland and Kathy Leeper of San Marcos. They wore orchid matte taffeta gowns in an off-the-shoulder style with sweetheart necklines, edged in lace, and carried bouquets of cymbidium orchids.

The bridegroom's brother, Kenneth Hawari of Dallas, served as best man. Groomsmen were Brad Hawari, Craig Kent, Tim Cheshire, Tracy Owens, Buddy Ramirez and Roger Davis, all of Cisco, and Devin Miller, the bride's cousin of Tulsa, Okla. They wore pearl gray full dress tuxedos with lavender ties and cummerbunds accented with lavender rose boutonniere.

A white full dress tuxedo,

accented with lavender tie and cummerbund, and complemented with a boutonniere of two lavender roses was worn by the bridegroom. The bride's gown was chiffon and satin featuring Venise and Schiffli embroidered laces. The fitted bodice was covered with lace and swirls of pearls and the Queen Anne neckline was edged with lace. The bodice was styled with an English net yoke, covered with laces, and the bishop sleeves were fitted with long slender cuffs. Lace medallions accented the cuffs and the full upper sleeve was embellished with Schiffli laces. Heavily covered in lace medallions, the wedding skirt had a satin circular flounce edged with scalloped Schiffli lace at the hemline and tracing the full cathedral train. Bridal seed pearls accented her three-quarter width bridal cap which held illusion veiling with scalloped re-embroidered Schiffli lace tracing the veil's bottom layer. Her bouquet was mixed lavender flowers and several varieties of orchids arranged in a cascade with fresh floral accents. The bride was escorted and presented in marriage by her brother, Jerry Cline.

Shaded purple mints, napkins and a purple punch were served at the reception following in fellowship hall. A white lace cloth covered the table with a nine-tiered wedding cake being served. Three tiers of the cake topped a fountain flowing with lavender water. A stair arrangement traced the cake's edge with three heart-shaped tiers at each side. Fresh lavender roses and baby's breath decorated tiers and topped the wedding cake which was topped with gum paste miniature figurines of a bride and groom. Serving at the wedding reception were Puff Piehl, Timma Gruhky and Roxie Miller, the bride's cousin.

A 1981 graduate of Canyon

High School, the bride is the daughter of Mrs. Martha Nell Cline of Canyon. She is a 1985 graduate of Southwest Texas State University at San Marcos earning her degree in social work. This summer, she has been employed with Amarillo Regional Mental Health-Mental Retardation Center.

The son of Mr. and Mrs. Tarek Hawari of Cisco, the bridegroom is a 1981 graduate of Cisco Junior College and 1984 graduate of University of Texas in Austin. He is employed with Texas State Optical in Amarillo and plans to attend the University of Missouri College of Optometry at St. Louis, Mo.

After a wedding trip to Kingcancun, Mexico, the couple is living in St. Louis, Mo.

The Holt Reunion was held July 6 & 7. Saturday night the reunion was at the home of Carroll and Leona Ruth Stansell. Sunday it was in the Corral Room.

Those present were Willie Maie Ziehr, Joe D., Mary Ann & Kevin Ziehr of Cisco; Lois Holt of Cisco; Darrell & Scott Holt of Lockhart, Texas; Oliver & Lucille Harrellson of Cisco; Clyde & Louise Stansell of Eastland; Carroll, Lena, Ruth Stansell of Cisco; Alvin Elaine, Jan & Kay Krause of Copperas Cove; Charlie Evaleana Parks and Mavene, Kathryn, Paula & Anita Mann all of Roscoe; Rodney, Diane, Mitchell, Delorah, & Laura Harrellson of Calif; Billy & Will Holt of Breckenridge; Jaren & Justin White of Okla; Carrie & April Sturden of San Antonio; Linda Marlo & Shanon Allen of Mansfield; Bill, Lana, Traci, Lance, Barclay of Aledo; Carline, Loren, Mark, Wedzerk of Dayton; Mr. and Mrs. Jim McCanlies of Cisco and Ernest & Christine Reich of Cisco.

Holt Family Reunion Held

Pioneers busy working on the frontier occasionally found themselves miles from the kitchen at mealtime. Using a little pioneer ingenuity, they cooked cornmeal cakes over an open fire on the blade of a hoe. Members of the Cisco Civic League will demonstrate how these hoecakes are made, and offer samples to visitors.

The talented Cisco group will also demonstrate the art of making clay pots from Texas clay.

Sponsored by the University of Texas Institute of Texan Cultures in San Antonio, the Festival is an annual extravaganza dramatizing the state's ethnic diversity and pioneer heritage. A cast of nearly 6,000 participants from counties throughout the state, including Eastland, share the folkways of their ancestors for an audience composed of more than 100,000 visitors. During the Festival's four-day run, the Institute's grounds are transformed into a 15-acre

Cisco Civic League To Participate In Texas

Folklife Festival Aug. 1-4

Outdoor theater featuring scenes of pioneer Texas, culinary delights from the many ethnic groups who settled and developed the state, and 10 stages of continuous entertainment.

Headlining the event is the "Back 40" area, backdrop for the Festival's frontier craftsmen. The Festival's log kitchen is the stage for lye soap making demonstrations, while stage left wheelwrights and blacksmiths ply their trade. Others are cast as quilters and roof thatchers, sheep shearers and goose pluckers. Impromptu audience participation is encouraged.

Providing the sound mix are musicians playing an accompanying score with bagpipes, zithers, dulcimers, flamenco guitars

Fishing Outdoors

Torry L. Wilson

The San Angelo Bass Club recently held their first annual open tournament on Lake Spence. This event took place June 30th. There were a total of 205 persons on hand for what was some hard fishing.

Most anglers reported limited success, but a few did enjoy some excellent success. Results were as follows. J.T. Stracner Abilene 8.60 3rd. Jr. Powell, San Angelo 6.38 5th. Lee Kingley Abilene 5.97 6th. Willie Abalos Jr. Hobbs, N.M. 5.44 7th. Phillip Pool Lubbock 5.37 8th. Eddie Moore San Angelo 5.10 9th. Mark Shaw Abilene 4.19 10th. Terry Wilson Eastland 3.93 Big Bass was won by Wallace Langley with a beautiful fish weighing 6.35 lbs. Worms and spinner baits accounted for most of the fish taken. Spence is holding at approximately 15 feet low, and fishing overall is slow.

Fishing on our area lakes may be somewhat slow, but for Paul and Mike Williams of Orlando, Fla., fishing couldn't be better.

While fishing on Lake Pose in West Orlando, Paul hooked and landed an 18 pound 8 ounce largemouth with Mike's help on the net. This was the heaviest black bass captured in the state in 23 years, according to Florida DNR officials.

Paul was using a No. 11 4/8 (inch) jointed Flating Rapala, silver-black in color on a 10 pound test monofilament. The fish was 28 inches long and 25 inches in girth.

One interesting item, official scales were not available immediately. Only after 11 hours and a drive were scales found at a distant bass tournament.

There is some speculation that had the bass been weighed promptly it may have exceeded the current Florida largemouth record of 20 pounds 2 ounces established in 1923.

Area lake reports are as follows. Brownwood, bass good to 4 pounds catfish fair, crappie poor. Leon bass improving to 3 pound on spinner and worms, crappie excellent stringers to 30, catfish good to 19 1/2 pounds, strippers poor. Spence all species slow, a few good bass to 3 pounds. Daniels bass fair, catfish excellent, crappie slow, water rising slightly. Hubbard Creek bass fair to 2 pounds, crappie slow, catfish excellent on trotlines. Proctor bass good to 6 pounds on jigs, crappie fair, stringers to 15 numbers, hybrid strippers slow. Sam Rayburn bass good on top water early, and worms, Sand bass excellent with stringers of 75 reported. Murrell bass good to 5 pounds, top-water and crankbaits.

Tournaments ahead. Stephenville Bass Club, Lake Granbury August 4th, Eastland County Bass Club Invitational Lake Leon \$1,800,000 guaranteed. September 15th.

Only you can prevent game theft! Report any violators at once.

Spotlights and Sidelights

by Julia Worthy

"No pass-no play" is here to stay, so rules our Texas Supreme Court.

That's all right with me, but I am not unsympathetic toward those who did not cut their teeth on a dictionary.

School. I keep telling everyone who will listen, is not for everyone.

This opinion is by way of being heresy from someone who has spent more time in classrooms than out of them.

"Readin', ritin' n' rithmetic," whether taught to the tune of the hickory stick or not, should be part of each individual's survival technique, but is it news to you that everyone who goes to school does not emerge able to "read rite n' figger"?

My guess is that most of the youngsters confronted with "No pass-no play" will pass on their own abilities if they can't play.

One article on the subject that is startling idea that diplomas and degrees should be earned proposed to phase in over several years the requirements for passing

work. Reason? The current crop of "students" didn't have to cope with this dreadful demand to pass, so they should be eased into it. The idea parallels docking a dog's tail an inch at a time so it won't hurt so much.

My experience from both sides of a classroom desk makes me think youngsters are often sold short on their abilities. People of any ages tend to perform according to expectations. If a youngster is evaluated as a "dumb jock," why should s/he push to be anything else?

Sports usually catch the most flack on suspicious grades, but this may be because athletes are more highly visible than the participants in other extracurricular areas. A band director can get just as demented about a flute player as a coach can about a quarterback!

Though I enjoy watching my favorite team winning a football game, I can life comfortably if I never see another one. I would hate to give up my "Scrabble"

board, but I could.

If participation in extracurricular activities is important enough to a youngster, I have faith enough to believe s/he will pass on ability. Unfortunately, I am cynical enough to believe there will always be some instances where ability is not the decisive factor.

Perhaps this no pass-no play may evolve into the open-ended school with achievement levels where it's "Go or Stop" instead of "passing grades."

When there are big-buck careers available for "playing games," isn't it unrealistic to consider an athletic program as extracurricular? I would like for a 6'6" slam-dunker to be able to read Elizabeth Barrett Browning's "Sonnets From the Portuguese," but I don't believe his being out on the court slam-dunking his way to fame and fortune or bread and butter should depend on his ability to intone and interpret "How do I love thee?"

Cisco Pastor Teaches Missionaries In Fiji

PASTOR JONES AND A VILLAGE CHIEF

May 28th the pastor of the Greater Mountain Top Church left the Dallas-Ft. Worth air port for Fiji Islands where he would be teaching ministers who had come from various islands. The trip would climax in a Sunday night Crusade in the city of Suva.

Fiji is the land of "Blue Lagoons" and beautiful islands, some 350 or more islands are in the "Fiji chain." International flights land at the small runway in Nadi (pronounced Nan-di) on the main island of Viti Levu, but the capital and largest city is Suva, on "the other side of the island." There is a small, very small seven passenger plane that will take you to Suva, or rent-a-car and you can drive on the left side of the road with the steering wheel on the right (wrong) side of the car.

The first two days of the pastor's visit were spent on the Rewa river, a 100 mile stretch into the rain forest and mountainous interior. It flows past fields of rice, tapioca, okra, and sugarcane, with less and less habitation along its banks as it goes interior where there are no roads, only the river, with all travel by boat. It was here in a village church of thatch and bamboo Rev. Jones preached by lantern and the people sat cross-legged on the floor with their dark skin blending with the shadows of the room. There were two nights of services in this remote church, with Pastor Jones preaching, as usual when overseas, by interpreter.

The pastor ate many foods which range from fried turtle, fish cooked in coconut milk, beef curry, pork curry, mutton curry (seems to be a national dish), seaweed greens, and several unidentifiable dishes. The best food was the prawns (shrimp) which are in abundance (about four inches long), and are even used as bait to catch fish ("seems like a bad trade to me" the pastor said).

The delta people say all they need comes from the river and the tropical plants along the bank. Time moves slowly among the people of the islands. The islands are vacation spot for the Australians and New Zealanders not far away. The South Pacific is beautiful in every way the

tropics can be beautiful. For many years cannibalism was practiced and only about 100 to 130 years ago did it began to decline.

There are no television service in the entire chain of islands. The government does not want the evil influence of T.V. in the islands. Black-magic and witchcraft are practiced throughout the islands. (See attached story from Fiji Sun). The men of the islands still wear the dresses common to the South Pacific. Missionary to South Pacific, Jesse McKinney, is grandson of Eastland County Mrs. J.R. McKinney. It is Missionary Jesse McKinney that invited Pastor Jones to minister in Fiji.

Rev. Jones makes two to three trips overseas each year by invitation of resident ministers of the country to which invited. The funding of these trips comes from the Greater Mountain Church congregation as part of their missions program, and interested persons from Texas and other areas. The trips are filled with preaching Crusades and teaching to national preachers (five hours a day of teaching on this trip), with very little time left to be spent outside of preparation for the teaching and preaching. He shares his appreciation of those in this country who make these missions trips possible, and to a church whose concern reaches around the world. The trips he has accepted invitations for during the coming year-and-a-half include Africa in December, more South Pacific Islands in May '86, and Brazil and South America in November due to increasing invitations from foreign fields.

Pastor Jones accepted the pastorate of the Greater Mountain Top Church in 1968, and is in his eighteenth year of pastoring this UNITED PENTECOSTAL CHURCH located 10 miles south of Cisco on highway 183. It has been a joy to watch the "rural church" grow into a force that reaches "around the world." Pastor Jones, in past months, has flown the distance of around-the-world, and half again approximately. The congregation consist of many people from the city of Cisco, with only a couple of rural family members. He explains that in any city people drive ten miles to work, church, and think nothing about it, so why should people be surprised at the large number driving to the beautiful rural setting of the Mountain Top Church to worship in the lovely facilities provided there.

The date the slides of this trip are to be shown to the public will be announced in a few weeks. The trips into the Amazon Jungle, and former trips have been shown to civic clubs, schools, and interested groups, and this group of slides will be presented to those requesting a presentation, by contacting Rev. Jones.

trip are to be shown to the public will be announced in a few weeks. The trips into the Amazon Jungle, and former trips have been shown to civic clubs, schools, and interested groups, and this group of slides will be presented to those requesting a presentation, by contacting Rev. Jones.

There are no television service in the entire chain of islands. The government does not want the evil influence of T.V. in the islands. Black-magic and witchcraft are practiced throughout the islands. (See attached story from Fiji Sun). The men of the islands still wear the dresses common to the South Pacific. Missionary to South Pacific, Jesse McKinney, is grandson of Eastland County Mrs. J.R. McKinney. It is Missionary Jesse McKinney that invited Pastor Jones to minister in Fiji.

Rev. Jones makes two to three trips overseas each year by invitation of resident ministers of the country to which invited. The funding of these trips comes from the Greater Mountain Church congregation as part of their missions program, and interested persons from Texas and other areas. The trips are filled with preaching Crusades and teaching to national preachers (five hours a day of teaching on this trip), with very little time left to be spent outside of preparation for the teaching and preaching. He shares his appreciation of those in this country who make these missions trips possible, and to a church whose concern reaches around the world. The trips he has accepted invitations for during the coming year-and-a-half include Africa in December, more South Pacific Islands in May '86, and Brazil and South America in November due to increasing invitations from foreign fields.

Pastor Jones accepted the pastorate of the Greater Mountain Top Church in 1968, and is in his eighteenth year of pastoring this UNITED PENTECOSTAL CHURCH located 10 miles south of Cisco on highway 183. It has been a joy to watch the "rural church" grow into a force that reaches "around the world." Pastor Jones, in past months, has flown the distance of around-the-world, and half again approximately. The congregation consist of many people from the city of Cisco, with only a couple of rural family members. He explains that in any city people drive ten miles to work, church, and think nothing about it, so why should people be surprised at the large number driving to the beautiful rural setting of the Mountain Top Church to worship in the lovely facilities provided there.

The date the slides of this trip are to be shown to the public will be announced in a few weeks. The trips into the Amazon Jungle, and former trips have been shown to civic clubs, schools, and interested groups, and this group of slides will be presented to those requesting a presentation, by contacting Rev. Jones.

SHOWN in the above photo is one of the several baptizings during Rev. Jones Fiji ministry. Missionary Jesse McKinney baptizes one of Pastor Jones' converts in an outdoor trough. Jesse is the grandson of Eastland County J.R. McKinney.

Telephone Directories Being Distributed

The 1985-86 Cisco telephone directory is being distributed through the week of July 8, 1985, according to Larry Vernon, Community Relations Manager for Southwestern Bell Telephone.

Vernon said a total of 8,404 directories will be mailed to area residents. Each residential customer is to receive one directory. For additional copies, customers can call their Southwestern Bell Telephone business office during business hours Monday through Friday, Vernon said.

Vernon requested that customers not call right away. "If your friend across town gets his directory before you receive yours,

we'll probably deliver yours within a few days," Vernon said.

This year 55 white pages and 83 yellow pages make up the Cisco telephone directory. There are 7,849 whitepage listings.

Emergency telephone numbers have been placed on the inside front cover of the new directory. In the "Customer Guide" at the front of the directory customers will find tips on how to save money on their phone service and a new map illustrating long-distance service areas within Texas.

The Cisco telephone directory contains listings for Eastland, Ranger, Carbon and Olden.

Jarvis-Carter Reunion Slated For Sunday, Aug. 25

The Jarvis-Carter Reunion will be held Sunday, Aug. 25, in the Activity Building at Rose Park in Abilene. The building is located at South 7th and Kirkwood.

For further information contact F.N. "Doc" Carter, 247 Mockingbird Lane, San Angelo, Tx. 76901, phone 915-949-7127.

Workshop For City Officials Slated

In response to interest indicated by several regional cities, the West Central Texas Council of Government has scheduled a Workshop for City Officials on July 17, 1985. The event will be conducted in the West Central Texas Council of Governments office, 1025 East North 10th Street at Judge Ely Boulevard in Abilene. Registration will begin at 9:00 a.m. and the session will conclude by 3:30 p.m. Lunch will be provided; there is no registration fee. The session will be directed primarily toward newly elected officials from General Law cities, yet those officials currently serving and those from Home Rule cities will find the session beneficial and are welcome to attend.

Areas of both immediate

and ongoing concern will be covered during the day. A major focus will be placed on public official liability, and presenters with expertise in the various areas will also discuss city government from an overview standpoint, legal and regulatory matters, ordinances and resolutions, budget and fiscal requirements, and resources available to cities, among other topics.

Officials again are encouraged by WCTCOG to take advantage of what promises to be an excellent training opportunity and occasion to build relationships with other city officials for sharing of resources in the future. For registration information, contact Jim Compton at WCTCOG, (915) 672-8544.

Housing Program Slated July 23rd

Tuesday, July 23rd will be a Housing Program, conducted by the Texas Agricultural Extension Service. The program will begin at 6:00 p.m. - 9:00 p.m. Each topic will have 45-50 minutes demonstration time. The "3" topics will be covered are:

Wallpaper - Ann Folsom
Fabric Walls - Donna White
Furniture Refinishing - Janet Thomas

Each of the speakers are professional home economist. They will have hand outs available, plus time for question and answer session. The program is free, and open to the public. so make plans today to attend July 23rd the Housing Program.

Eastland Reverend Featured In Poetic Anthology

Rev. Weems S. Dykes of Eastland, is featured in FROM HIDE AND HORN, a poetic celebration of the Texas Sesquicentennial in his poem, "Texas: Nineteen Hundred Forty-four."

This anthology of Texas poets (Eakin Press, \$12.95) focuses on each of the one hundred and fifty years of statehood from 1836 to 1986.

A wide discipline of Texas poets serve up a tantalizing overview of the Lone Star state from a wide spectrum of ethnic and cultural backgrounds. Poets represent every area of Texas from the high plains of the Panhandle to the East Texas piney woods.

They are noted poets and college professors, the young avant-garde and the conservative old guard. Some are school teachers and housewives, but all share the same love for the poetic art form and all have strong emotional and intellectual ties to Texas, according to Edmund C. Lynch and Peggy Zuleika Lynch who compiled the poetry and wrote the introduction to the book and to the individual sections.

The volume was edited by Shirley Ratisseau, a specialist in Texas history whose family dates back to

the Texas Revolution and the Battle of the Alamo.

Subjects of the 150 poems are as varied as the poets and the state receives mixed treatment. The good and the bad-warts and all-are chronicled.

The title is taken from one of Texas' most famous poems by Albany, Texas poet, Berta Hart Nance. Suitable for historic Texas, the poem is entitled "Cattle".

"Other states", she wrote, "were carved or born...Texas grew from hide and horn."

Among the poets invited to participate in the anthology were several former poets laureate of Texas, professors of creative writing, clergymen, a professional engineer in the space shuttle program, journalists, farmers, dentists, school teachers, free lance and professional writers, including the author of a best selling novel, editors and attorneys.

The compilers make their home in Austin and are active in the Poetry Society of Texas. Edmund Lynch, Major General (Ret.), is a graduate of West Point and a former member of the faculty at the University of Texas in Austin.

Peggy Lynch, a published poet, joined Edmond to produce their first anthology of poetry, "Behold Texas" in 1984. They are currently editors of the yearbook for the Poetry Society of Texas.

Permission to use any of the individual poems in the book for Sesquicentennial celebrations in schools and communities across Texas will be granted on request, Ed Eakin, president of Eakin Press of Austin, has announced.

Eakin Press has published more than 200 books about Texas during the past several years in anticipation of the 1986 celebration.

Rev. Dykes has published three books of poems, "A Cup of Thoughtfulness," "My Cup of Tea," and "The Listening Cup," and has been published in magazines, newspapers, and different anthologies. He is now working on a book of humor, and lives at 700 W. Moss St. in Eastland, Texas with his wife, Verne.

Word Of Life Ministries Presents Singing Americans

The Word of Life Ministries of Breckenridge will present the Singing Americans on Friday, July 19, at 8:00 p.m. in the Breckenridge High School Auditorium. There will be no admission charge. A Love offering will be taken up at the concert.

The Southern Gospel Music Association voted the Singing Americans "Male Group of the Year for 1983." In doing so, the Singing Americans received the coveted "Gem Award" from the SGMA.

In the Singing Americans, you have a collection of individuals who, when singing together or individually possess a sound, which has been produced by countless

hours of hard work and an abundance of dedication.

Members of the group include, Dwayne Burke, the oldest member of the group in time of service, but the youngest in age. He sings bass and is the only original member of the Singing Americans; Ed Hill is the manager, baritone, and emcee for the group; Mike English is the lead singer; Rick Strickland is the first tenor; Martin Gureasko is the pianist; and Gary Coursey, is the bass guitarist.

The Singing Americans, a group of young men dedicated to God and their Country.

Obituaries

Hazel D. Boyd

Funeral services for Hazel Don Boyd, 66, of Dickinson, formerly of Abilene and Cisco, were at 10 a.m. Saturday at Kimbrough Funeral Home. Her son, the Rev. Edward Courtney of Denver officiated. Burial was in Oakwood Cemetery in Cisco. Mrs. Boyd died at 2 a.m. Thursday at Humana Hospital.

She was born July 22, 1918, in Gorman. She married Frank Boyd on February 17, 1944, in Corpus Christi. She was a member of First Assembly of God in League City.

Survivors include her husband; three sons, Edward Courtney of Denver, Gene Courtney of Houston and Sam Courtney of Hobbs, N.M.; a daughter, Dee Ann Festervand of Dickinson; 15 grandchildren; and 13 great-grandchildren.

Grandsons served as pallbearers.

Mary L. Parks

Mary Lois Parks, 67, of Roscoe died at 4 p.m. Tuesday at Rolling Plains Memorial Hospital in Sweetwater. Services were held at 3 p.m. Thursday at First Baptist Church.

The Rev. Randy Hughes, pastor, officiated. Burial was held at Roscoe Cemetery, directed by McCoy Funeral Home of Roscoe.

Born March 5, 1918, in Johnson County, she married John Parks in Roscoe and was a homemaker.

Survivors include two daughters, Marjorie L. Leach of Odessa and Sue Ann McNurlen of Midland; two sisters, Bertie Copeland of Roscoe and Gertie Boyett of Eastland; and two grandchildren.

Pallbearers were John Strother, Charlie Kingston, James McFoul, Jimmy Boston, Glen McIntire and Woody Kidd.

Mrs. Doris Conner

BRECKENRIDGE - Mrs. John Ed (Doris) Conner, 63, of Breckenridge died at 8:50 p.m. Tuesday at her home after a sudden illness. Services were held Friday, at the First United Methodist Church.

The Rev. H. Dan Hitt of Meridian was officiate, assisted by Rev. Mark

Childress, pastor of the First United Methodist Church. Burial was at the Breckenridge Cemetery, directed by the Melton Funeral Home.

Born Doris Alene Robertson April 10, 1922, in Ranger, she married John Ed Conner Oct. 1, 1939, in Decatur. She was a homemaker and a member of the First United Methodist Church.

Survivors include her husband; a daughter, Sandra Bristor of Graham; a sister, Mrs. Jack Stephens of Breckenridge; a brother, Kenneth Hardee of Fort Worth; and two grandchildren.

The Family requests remembrances be made to the Margaret Hallauer Scholarship Fund at First United Methodist Church, and may be sent in care of the church or funeral home.

Clark Greenlee

Clark Greenlee, 85, of Wayland, a farmer and rancher, died at 1:52 p.m. Wednesday at Eastland Memorial Hospital in Eastland. Services were held at 2 p.m. Saturday at Melton Funeral Home.

The Rev. Claude Harris, Baptist minister, officiated, assisted by the Rev. Marc Childress, pastor of First United Methodist Church. Burial was held at Wayland Cemetery.

Born Feb. 28, 1900, in Stephens County, he married Mabel Powell April 4, 1926, in Wayland. He was a member of First United Methodist Church.

Survivors include his wife; three sons, Leon of Hobbs, N.M., Troy of Snyder and Wayne of Midland; two sisters, Annie Schumann of Breckenridge and Ola King of Throckmorton; two brothers, Ross of Breckenridge and Ray of Wayland; five grandchildren; and five great-grandchildren.

Pallbearers were Eddie Greenlee, Gary Greenlee, Edward Powell, Scott Powell, Bob Meeks and Harvey Pinkerton.

Lillie Stewart

Lillie Stewart, 89, of Stephenville, formerly of Ranger, died July 1st at the Stephenville hospital.

Services were held on July 3rd., at the First United

Methodist Church in Ranger. Rev. Clifton Rankin, pastor of the Morgan Mills Methodist church was officiate, assisted by Rev. Gary Barkman, pastor of the Methodist church in Ranger. Burial was at the Evergreen Cemetery.

Born March 19, 1896, in Dublin, she married Thomas Stewart January 16, 1916 in Stephenville. Her husband preceded her in death, December 29, 1981.

Mrs. Stewart came to Ranger in 1918 and moved to Stephenville in 1979. She was a member of the First Methodist Church of Ranger since 1921. A member of the UMW, 30 year member of the Choir and Dorcas Sunday School Class.

Survivors include a daughter; Barbara Arrington of Stephenville, three grandchildren; five great-grandchildren.

The pall bearers were: James Ratliff, Charlie Hamilton, Bruce Goleman, Gaylean Chandler, Leonard Pounds and Charles Arnett.

Young Misses Now Being Accepted

S.M. Lake, state coordinator of the 1985 USA Teen Miss of Texas Scholarship pageant, today announced that contestants are now being accepted to represent the county in the official Texas State Pageant to be held Sunday, September 8th, at the Hyatt Regency in Austin, at 1 p.m.

To qualify, the teen miss must be student in grades seven thru twelve, of a Charismatic leadership quality personality, a resident of the county in which she is applying, and a US citizen.

The accepted area teens will compete with other area finalists in communications, evening gown and interview competitions for the state title and crown of Texas teen miss, plus a \$1,000 cash scholarship award. Each of the ten semi-finalists will

receive a self-study modeling course and numerous trophies will be awarded. Each of the accepted teens will receive a Tiara and Sash, and will officially represent the pageant in local activities throughout their year reign.

Applications may be obtained by sending a stamped, self-addressed envelope to: Texas Teen Miss Applications, 24 Delay Street-Suite 3, Danbury, Conn. 06810, or by calling the national office at 203-748-6682.

WORD of GOD

Think not that I am come to destroy the law, or the prophets: I am not come to destroy, but to fulfill.

For verily I say unto you, Till heaven and earth pass, one jot or one tittle shall in no wise pass from the law, till all be fulfilled.

Whosoever therefore shall break one of these least commandments, and shall teach men so, he shall be called the least in the kingdom of heaven: but whosoever shall do and teach them, the same shall be called great in the kingdom of heaven.

For I say unto you, That except your righteousness shall exceed the righteousness of the scribes and Pharisees, ye shall in no case enter into the kingdom of heaven.

W.C.T.C.O.G. To Hold Workshop For Officials

In response to interest indicated by several regional cities, the West Central Texas Council of Governments has scheduled a Workshop for City Officials on July 17, 1985. The event will be conducted in the West Central Texas Council of Governments office, 1025 East North 10th Street at Judge Ely Boulevard in Abilene. Registration will begin at 9:00 a.m. and the session will conclude by 3:30 p.m. Lunch will be provided; there is no registration fee. The Session will be directed primarily toward newly elected officials from General Law cities, yet those

officials currently serving and those from Home Rule cities will find the session beneficial and are welcome to attend.

Areas of both immediate and ongoing concern will be covered during the day. A major focus will be placed on public official liability, and presenters with expertise in the various areas will also discuss city government from an overview standpoint, legal and regulatory matters, ordinances and resolutions, budget and fiscal requirements, and resources available to cities, among other topics.

Officials again are encouraged by WCTCOG to take advantage of what promises to be an excellent training opportunity and occasion to build relationships with other city officials for sharing of resources in the future. For registration information, contact Jim Compton at WCTCOG, (915) 672-8544.

and skill.

Coach Montgomery's staff for the school include Coach Ronnie Hearne, CJC girls coach; Coach Darrell Hearne, Graham basketball coach; and four members of the CJC basketball team, including Neal Ryan, Steve Howard, Johnny Hudson and Eric Kelly.

The morning hours will be devoted to instructions in basic skills, Coach Montgomery said. Practice will occupy the afternoons with games at night. There will be swim sessions each afternoon at the City Park Pool, the coach said.

The evening games will begin at 7 p.m. and the public will be welcome.

The CJC girls basketball school will be held during the week of July 21-26 under the direction of Coach Hearne.

Cost for each week's camp is \$75 for commuters, which includes noon meals, and \$115 for dorm students. Dormitory rooms will be assigned on a first come, first served basis. More information about either camp may be obtained by contacting Charlotte Speegle at CJC (442-2567).

Voluntary Water Conservation Still In Effect

In August 1984, when the level of Lake Cisco was at its lowest in decades, the City Council approved a comprehensive water conservation ordinance for its water customers. And under the authority of that ordinance, Mayor Ritchie announced that as of September 3, 1984 all Cisco water customers would be under Stage 1 - Voluntary Compliance provisions of the ordinance.

While the condition of Lake Cisco has improved significantly since last summer, the voluntary water conservation effort has not yet been rescinded by the Mayor. At their meeting on Tuesday, July 9th, the City Council again reviewed the ordinance and discussed the current situation. Due to the fact that Lake Cisco is still far below its "normal" level and that we apparently are well into a hot, dry summer, the Council firmly restated its position that we must all do everything necessary to continue to conserve our previous water resource and

they re-affirmed the continuance of the voluntary conservation provisions.

The provisions of Stage 1 - Voluntary Compliance are as follows:

a. Customers of the water utility system are requested to voluntarily limit the amount of water used to that amount absolutely necessary for health, business, and irrigation, and to make every effort to prevent the waste of water.

b. Watering or irrigation utilizing individual sprinkler systems of lawns, gardens, landscaped areas, trees, shrubs, or other plants is prohibited except on two (2) days per week, with said days to be designated by the Mayor, and only during the hours of 1:00 a.m. to 12 noon.

c. Washing of automobiles, trucks, trailers, boats, airplanes, and other vehicular or mobile equipment is prohibited except on the above indicated water and irrigation days between the hours of 6:00 a.m. and 12 noon and 9:00 p.m. to 12 midnight. Such washing when allowed, shall be done with a hand-held bucket, or a hand-held hose equipped with an automatic shut-off nozzle.

EXCEPTION: Washing may be done at any time on the immediate premises of a commercial car wash or commercial service station. Further, such washing may be exempted from these regulations if the health, safety and welfare of the public is contingent upon frequent vehicle cleanings, such as garbage trucks and vehicles to transport food and perishables.

d. The refilling or adding of water to swimming and/or wading pools is prohibited except on designated irrigation days between the hours of 1:00 a.m. to 10:00 .m.

e. The operation of any ornamental fountain or other structure making similar use of water is prohibited except for those fountains/structures with a recycling system. The use of treated water to fill, refill or maintain the level of any fountain is prohibited.

f. Use of water from fire hydrants shall be limited to fire fighting, related activities and/or other activities necessary to maintain the health, safety and welfare of the citizens of Cisco. The opening of any fire hydrant for any reason is expressly prohibited except by authorized City personnel.

g. The following uses of water are defined as "waste of water" and are absolutely prohibited.

1. Allowing water to run off to a gutter, ditch or drain for

more than 75 feet from the downgrade property line.

2. Failure to repair a controllable leak.

3. Washing sidewalks, driveways, parking areas, tennis courts, patios or other paved areas, except to alleviate immediate fire hazards.

h. All restaurants are requested not to serve water to its customers except when specifically requested by the customer.

Watering of yards and washing of vehicles shall be done during permitted hours on Tuesdays and Saturdays

only in accordance with paragraphs b. and c. under Voluntary Compliance.

As everyone is aware, this first stage of water conservation is voluntary, so for it to be effective everyone will need to cooperate in complying with the provisions of the ordinance. The City respectfully requests that neighbors remind each other that by working and cooperating

together during this and future hot, dry periods that we will help preserve our very precious, fast dwindling and slow replenishing, water supply in Lake Cisco. Eris Ritchie Mayor

Let's talk.

Information about your changing telephone service from Larry Vernon, Network Services Supervisor.

Spotlight on Texas

Texas has become the envy of many other states. And it's not just because of our mouth-watering chili and mesquite-smoked barbecue.

Our state is now attracting more and more businesses to headquarter or locate a major operation here. General Motors, for example, is considering a Texas site for its new Saturn manufacturing hub. And the Navy is looking at Texas coastal areas for a new home port.

No longer is our state a land of only oil and agriculture. While those industries still play major roles, they are now part of a varied big picture, which includes the banking, defense, computer, tourism and telecommunications industries, to name a few.

Regardless of their locations within Texas, the influx of new businesses is a boon to the whole state. New businesses increase the state's tax base and create new jobs for all Texans.

Attracting new businesses

Helping to draw new businesses to Texas are the state's abundant resources, good climate, excellent transportation and hard-working residents.

For example, good transportation was a dominating reason for Southwestern Bell Telephone's recent decision to locate a major distribution warehouse in Lancaster, south of Dallas. The new 490,000 square foot complex will serve all five of our company's states.

In addition to transportation, telecommunications facilities are also important in many business relocation decisions.

Southwestern Bell Telephone is proud to offer top-notch telecommunications in the 450 towns it serves in Texas. For the eighth year in a row, we are investing more than \$1 billion in new construction to meet Texas' growth and to continue adding state-of-the-art communications facilities.

Reasonable phone rates

Also, Texas residential telephone rates are among the lowest in the nation. In fact, a recent study conducted by an investment brokerage firm - Smith Barney - found Texans had the lowest average monthly residence bill among the 18 states surveyed.

From 1975 to 1984, the average residential phone service for most Texans increased only 44 percent. During that time, the Consumer Price Index rose 93 percent, gasoline went up 117 percent, medical costs increased 184 percent, while natural gas prices rose 239 percent.

In fact, statistics show it actually takes a smaller percentage of earned income to pay for telephone service today than it did 25 years ago.

Even at our current proposed increases, Texans will continue to enjoy quality communications at affordable rates.

What makes Texas grow? It's a lot of factors, from its highways to its telecommunications services to its state government that actively works to promote economic development.

It's also good people, including Southwestern Bell Telephone's 35,000 Texas employees. We're proud of our traditions of service in the state since the late 1800s. And we're confident of our abilities to continue meeting the needs of our growing state.

Class of 1955 Enjoys 30th Reunion July 5-6

Graduates of the class of 1955 are shown in the above photo. They are: (left to right) front row, Mrs. James Moore, Mabel Ann Barron Surles, Mozelle Elrod Harris, Sue Harrelson Adams, Carlene Holder Spicer, Betty Williams Sugg, Charlotte Thetford Ensey, Jackie Douglas Hendricks and Norma Schaefer Harris; back row, Bill Webb, Bill Morris, Harold Pippen, Blair Paul, Freddy Anderson, Roy McClelland, Diz Howell, Fred Hayes and C.L. Thetford.

The Cisco High School Class of 1955 met for its 30-year reunion Friday and Saturday, July 5 and 6, at the Laguna Hotel Corral Room. Twenty class members and one teacher attended along with many family members and friends.

Kicking off the reunion was the arrival of Fred Hayes of Coral Springs, Florida, who rode his bicycle the final 30 miles in honor of each year since graduation. Fred and his wife Jane were recognized as traveling the farthest for the reunion, and Fred was presented a shirt inscribed, "I rode my bike to Cisco, Texas." Fred was greeted on his arrival about 6:30 p.m. Friday by several class members, including Harold Pippen in his hearse sporting a sign which read,

"The class of '55 is still alive."

Eleven class members were present for the Friday evening session devoted to visiting.

Saturday morning's activities included registration and reminiscing. Several class members had brought high school annuals, pictures, and other memorabilia. Backdrop for the memorabilia and refreshment tables was the class flag made in 1955 by Joe Gilmore. Numerous stories were circulated about the raising of the flag during the senior year.

The invocation before the meal was given by Bill Morris of Edmond, Oklahoma. Susan Hanlon catered the noon meal.

The business session was

opened with the reading of a passage from Ecclesiastes 3 by Norma Schaefer Harris of Borger. Chairman Carlene Holder Spicer called for a time of silence in memory of deceased members of the class, Louella Downie Brandenburg, Wayne Fricke, Loy Dale Gryder, and Jerry McCannes.

Chairman Spicer conducted a trivia quiz which was won by the boy's group. Bill Morris was presented a t-shirt as the representative of that group since he rode his motorcycle from his home in Oklahoma.

Greetings were conveyed from several class members who could not attend, and members present told something about themselves and their families.

A special guest, Mrs. James (Zelia Blanche) Moore, who was a teacher both in junior high school and in high school, was introduced. Mrs. Moore made a brief talk and expressed

her joy at being included in the celebration. Members recalled that she was director of the senior play and that the 1955 annual was dedicated to her.

The group decided to have its next reunion on the Friday night before the next All-School Homecoming in 1990. Members were encouraged to contact other friends to attend the next reunion. To conclude the meeting, the group sang "Varsity."

Pictures were made of the group, and copies of the picture, a newsletter, and a current mailing list of class members will be available to class members.

Several class members remained through Saturday evening.

Registering during the two-day event were Charlotte Thetford Ensey of New Boston; Sue Harrelson and Jim Adams, Burlison; June and

Don McClelland, Brown; Mozelle Elrod Harris, Eastland; Don Boyd, Cisco; Mary Lou Smith Jobe, Cisco; Cleo and C.L. Thetford, Breckenridge; Blair Paul, Irving; Bill Morris, Edmond, Oklahoma; Carlene Holder and Charles Spicer, Comie, Carrie, Charlie, Ablene; Betty Williams and Everett Sugg of Fort Worth; Jane and Fred Hayes, Coral Spring, Florida; Norma Schaefer and John Harris, Holly Harris and Lisa Westerfield, Borger; Jackie Douglas Hendricks and Trish Tynes, Cisco; Verdadea and Freddy Anderson, Cisco; Betty, Harold, and Lindsey Pippen of Cisco; Mrs. James Moore of Abilene; Bill Webb and friend, Onie, of Dallas; Mabel Ann Barron and Jim Surles, Bedford; Joan and Diz Howell, and Jana Webster; Joe Gilmore, Midlothian.

Ten From Class Of 1935 Hold First Reunion In Cisco

Graduates of the class of 1935 are shown in the above photo. They are: (left to right) Claud McBeth, Vena Hart, Ted Starr, Leona Gary, Imogene Johnson, Marvin Snoddy, Irene Kidd, Charlie Livingston, R.D. Murray and R.D. Boland.

The ten living members of the 1935 graduation class of Scranton High School met at the Colony Restaurant at 5 p.m. on June 1 for the first reunion in fifty years. Thirteen graduated; three are deceased. They are Cecil McCorkle, Jack Shrader, and Bill Balock.

Those graduates present were R.D. Boland, Scranton; Leona Lutrell Gary, Baird; Vena McBeth Hart, Cisco; Imogene Westerman Johnson, Eastland; Irene McCann Kidd, Dallas; Charlie Livingston, Cisco; Claud McBeth, Springtown; R.D. Murray, Keene, Texas; Marvin Snoddy, Cisco; and Ted Starr, Alamogordo, N.M.

Two teachers and their wives were honored guests. They were Mr. and Mrs. Carl Johnson and Mr. and Mrs. Weldon Ussery of Eastland. Others present were Weldon Gary, Shirley Able, Murry Kidd, Mrs. Charlie Livingston, Mrs. Claud McBeth, Mrs. Marvin Snoddy and

Jerry McBeth. The group enjoyed visiting, catching up, and a delicious dinner. Each graduate reported on the

events of the last fifty years in his life. It was suggested to get together again next June.

Class of 1975 Hold Reunion Here

The Senior class of 1975 held its 10 year reunion at the Cisco City Park on June 22, 1985. Cake and ice cream were served to 30 graduates, their families and guests. Three former teachers, attended: Mrs. Vera Hart, Mrs. Audie Wagley, and Mrs. Judy Callarman.

A short class meeting was held to discuss future reunions. A class biography containing information about each person was distributed to those attending.

A party was held at the bank lake lot on Saturday night.

Those attending were: Sharon Agnew Curtis, Sam & Carla (Strickland)

Blackwell, Kenneth Boyd, Jimmy Clark, Cheryl (Cotton) Housh, Bobby Ferguson, Vickie (Franks) Winfrey, Larry Farnsworth, Ben Harlos, Karl Harlon, J.R. Harris, Mark Heidenheimer, Irma (Ingram) Thomas, Vicie (Laird) Hogue, Jim Maddox, Angie McMillan, Kenneth

Miller, Mike Moore, Wayne Penon, Pam (Pruitt) Whittington, Rodney Riffe, Mike & Dorothy (Fisher) Rogers, Richard & Susan (Coats) Riggs, Darrell Shortes, Lisa (Staton), Stacy, Darlene (Taylor) Patton, Jerry Taylor, Paul Thompson, Blake West, and David Winge and their families.

McKinney Reunion

The McKinney family reunion will be held July 18-19, 1985 at the White Elephant, Best Western Hotel in Cisco.

The annual reunion of the descendants of George Gresham McKinney and Elizabeth Moore McKinney will be enjoyed by all local descendants as well as those from out of state. A day of games, swimming, barbecue and reminiscing will be the order of the day.

Lucille McKinney Roan Secretary Wilburn McKinney

REDEEMER LUTHERAN CHURCH

Our worship service begins at 8:30 a.m. Pastor Schuele's message is entitled "Going Home" and is based on Mark 6:1-6.

Sunday School and Bible Class begin at 9:30 a.m.

Don't trust in yourself. A self-righteous life may look good in a sin-soaked society, but it never will save you. Only God's grace in Jesus Christ will deter the Lord's wrath from ultimately consuming your soul," says the Rev. Wallace Schulz, associate speaker on The Lutheran Hour. Tune in to the broadcast "Breaking the

Sinful Habit" next Sunday at 8:00 a.m. on radio station KCLW (900) and at 12:35 on KWFT (620).

The Installation, Reception, and Pounding for Rev. Otto Urban and family will start at 4:30 p.m. Sunday.

On Monday, at 7:30 p.m. the Church Council will meet.

Care Center workshops at 10:00 a.m. on Wednesday.

YOU'LL WANT to remember to go by E.L. Graham Memorial Hospital during the coming week and buy one or more of the "Please Call Police" signs that the Auxiliary has for sale. The sign, you know, is an emergency police signal to post on your front windshield or rear window in the event of car trouble on the highway.

No trouble-maker will approach your car when he sees that police have been called. The signs are \$4.00 each and are folded into small packets for easy storage in the car glove compartment.

Let's all buy one at the Auxiliary's Gift Shop.

DIRECTORS OF THE Cisco Chamber of Commerce held a special meeting Wednesday afternoon to consider the manager's job that will be open July 19 as Mr. Ron Scheuren's resignation becomes effective. The board discussed guide lines for hiring a new manager.

Mr. Scheuren has done a fine job as manager during the six months he has been at the CoC. Office Secretary Helen Gaeta has been on vacation lately. Mrs. Scheuren has helped her husband keep the office during Mrs. Gaeta's absence.

Mr. Scheuren has done a fine job as manager during the six months he has been at the CoC. Office Secretary Helen Gaeta has been on vacation lately. Mrs. Scheuren has helped her husband keep the office during Mrs. Gaeta's absence.

A DELUXE HORNET'S nest was almost stirred up by Mr. John McGuire, local investment counselor, the other afternoon. He went out to the Cisco Country Club to see about servicing the batteries of his golf cart. As he was entering the cart shed, his neighbor, Mr. Arlie Whitley, called attention to an extra large number of hornets that had been present there lately.

Searching around, they found a very large hornet's nest under the top of the cart canopy. John figures that he would have gotten in and backed the cart out if Arlie hadn't been close by. They obtained some bug spray and eradicated the hornets before removing the nest.

Maybe John had oughta play more golf and keep the hornets away.

AN UNUSUAL vacation is what Mrs. Donald Wende, receptionist at clinic of Drs. Cleveland and Harris, had last week. She helped pour

concrete. . . . Sorry to hear that Mr. Marston Surles is a patient at Hendrick Memorial Hospital in Abilene. . . . During a good many decades as a newspaper editor and reporter we've interviewed numerous bankers. And Mr. Dick Woolley, president of our town's First National, is the only left-handed banker we ever knew.

VISITING HOME folks from North Carolina the past week, Mr. Lee Wallace was out at the home of his mother, Mrs. Forbes Wallace, the other afternoon. Her door bell wasn't ringing any more, she told him. No problem. He'd fix it, he told her.

Lee's fixing chor took him into the attic. Somehow, he missed stepped where he should have stepped and he fell through the ceiling, leaving a goodly size hole. The only injury was, perhaps, his pride.

Mr. Wallace was returning home to Fayetteville, N.C., this week-end, leaving wife Lynn and children Brad and Anna to visit a while longer with his mother and her parents, the Marshall Joneses.

A LETTER TO the editor of the Abilene newspaper by Mrs. George Owens of Cisco appeared last Sunday. And it was a nostalgic report of Mrs. Owens' visit a good many years ago with the late Harley Sadler, the old tent showman, who delighted audiences throughout much of Texas over the years.

Mrs. Owens wrote that she had won a talent show at Avoca and was appearing on a program where Mr. Sadler was the MC. And he became ill and had to be taken to a hospital. Back stage, she found herself alone with him and enjoyed a chat.

There has been quite a lot in the papers lately about the late Mr. Sadler, who lived at Sweetwater for many years.

Mr. HUBERT Kennedy, who lives on West 14th Street, needs to get himself a computer. His hobby is collecting and selling aluminum cans. He took a load to sales center the other day.

"How many pounds have you got?" the man asked. "I have 1,033," said Hubert, who had counted the cans and estimated the weight.

After running the cans through the machinery, the man concluded that Hubert had 1,034 pounds — he had made an error of one!

A computer might improve on his accuracy, huh?

THE DOZEN OR so Cisco youngsters who recently enjoyed a tour of Europe have been invited to write a paragraph each about what they liked best during the trip, reports Mrs. Don Shepard, who went along as a guide and sponsor.

Our scouts report that Russ Williams, son of the Rev. and Mrs. Frank Williams, was one tripper who had an unusual experience. In Switzerland, the train stopped and the youngsters got off. "We'll be here 12 minutes," a man announced.

A minute later, the man was back to announce "We'll only be here six minutes." But Russ had already taken off. And he missed the train when it pulled out. Others in the group, however, left word about how he could rejoin them.

BACK HOME and on the job as correspondent for the Abilene newspaper is Mrs. Wesley (Evelyn) Valek. She has been visiting her mother and other relatives over in East Texas. Police Chief Billy Rains and Detective Sergeant Tom Barrett were in Austin last Tuesday seeing about buying a police car for the city from the DPS. . . . Hear that Mr. Wayne Webb has a sales contract on the house he purchased and remodeled at the corner of Avenue N and West 14th Street. . . . The Roy Cozarts vacationed over in Ruidoso, New Mexico, last week. . . . Miss Eloise Torres, the CHSE who made the dean's list at the UoT in Austin last year, is the daughter of the John Torreses, and she is a Maner scholar.

DIRECTORS OF THE Cisco Country Club will hold a regular meeting Monday, reports Secretary Deborah Whitley. . . . Recent new members of the country club are the Jo Bob Moores, the Steve Cozarts and the Jackie Witts. . . . Mrs. Murl Johnson, assisted by husband Bobby, looks after the flowers around City Hall. And they're very nice. . . . Photographer James Cotton was in Houston a couple of days this past week making pictures at the twirling camps of Mr. Eris Ritchie.

VBS Program Set July 22-26 By Churches

The First United Methodist and the First Christian churches will have their combined vacation bible school from 9:30 a.m. until 12 noon on July 22 through July 26. The school will be held at the First Christian church, 303 W. 8th.

All children from 3 years of age through the 6th grade are invited and urged to attend. Cards are available at both church offices for pre-registration, or children may be registered at the time classes begin.

HOT AIR BALLOON-- An unusual sight over the farm lands south of Cisco last Friday was a hot air balloon traveling eastward. The balloon, piloted by Joe Brown and Colleen Flowers of Pioneer had to set down about one-quarter of a mile off the Rising Star Highway, 7 miles south of Cisco due to a fuel shortage. Bob Hallmark, who was passing by and stopped told them of a service station in town, but they did not know if they sold propane. Mr. Brown's son and daughter-in-law, Mr. and Mrs. Tommy Brown also of Pioneer were following the balloon and were ready to load it up in a pickup to go back home. Joe and Colleen said they went up to 12,500 feet a few days before and it was really cold up that high. Mr. Hallmark commented that he would not like to ride in a balloon after seeing the rough way the couple had to land. (Staff Photo)

News From The Center
By Mae Green

The residents are enjoying sitting out on the patio again, visiting with family and friends and fellow residents. Due to heat they have to pick the time when the sun is not too hot.

Roy Huestis is taking advantage of the sun. He is working on his sun tan.

Thanks to the weekly volunteers for continuing to come and provide activities for the residents, also the Monday Night Gospel Singers.

Thanks to the Garden Club for dressing the patio up again this year with barrels and hanging baskets of flowers. We are grateful to the Leonard Wehner family for their donation of a wheel chair, walker, commode seat, shower chair, and a commode arm piece.

David Luna who is employed as an orderly at the Center, recently presented a concert for the residents. David graduated from Eastland High this past spring. David is a great musician and vocalist. David's mother, Ruby Luna, is an LVN and his father, A.J., an orderly are employed at the center also. David hopes to pursue a career in Contemporary Gospel Music.

Our birthday party for the month of June was hosted by the Pleasant Hill Club. They have hosted all of the birthday parties so far this year. Birthday honorees for the month of June were: Dorothy LeFlore, Royce Kilgore, Robert Stephenson, and Gladys Downing.

The ladies from the Redeemer Lutheran Church surprised the residents by bringing the Vacation Bible School group along with the directors to the center.

There were about 70 children in the group. They sang several songs to the residents led by the directors and accompanied by

LaVerne Plumbeck.

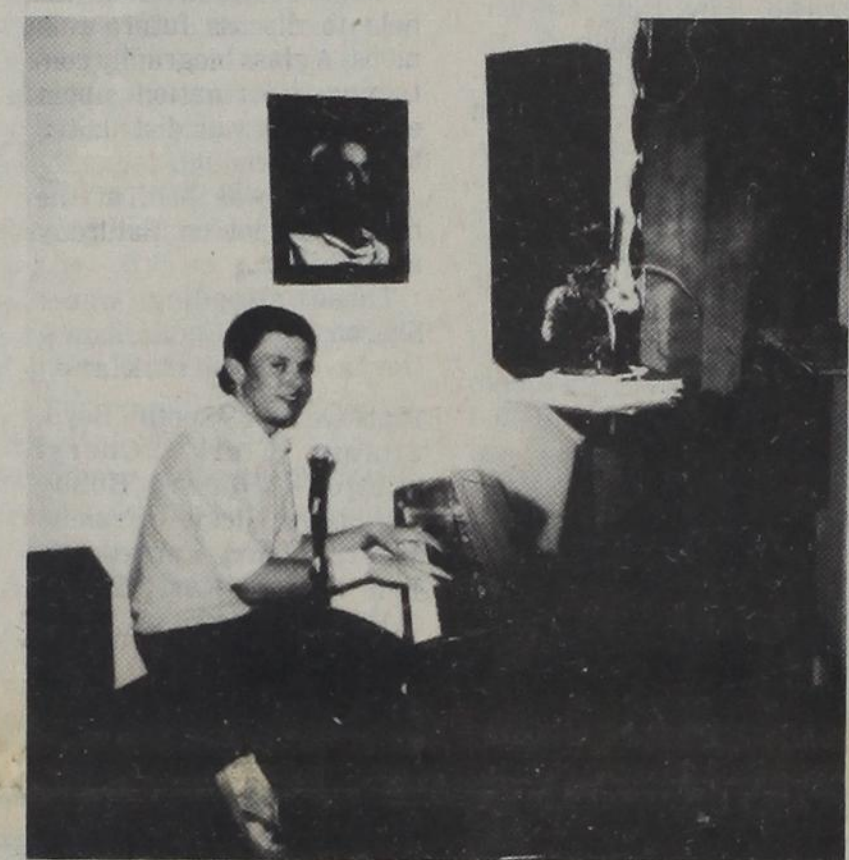

Our newest volunteers are Sister and Elder Larsen of Utah and Mrs. Ed Posey. Mrs. Posey visits the home during the week to do nails and just visit. The residents could use a lot of this. Everyone at times need to feel special. I am sure that there are others that I don't know about, but we thank you too.

Thanks to Philpott Florist for the flowers sent to the

Nursing, also the Potting Shed for bringing flowers to the center each week. Flowers says so much.

Pastors scheduled for the month of June were Frank Williams, First Methodist, Biddy Sipe, First Baptist, Philip Smith, Nazarene, John Clinton, Evangelical Methodist, and Ronnie Shackelford, Calvary Baptist.

Thank all of you for taking time to care.

David Luna plays the piano and sings for the residents.

Redeemer Lutheran Church Vacation Bible School visits the Nursing Center.

public notices

ORDINANCE NO. 0-85-4-A AN ORDINANCE OF THE CITY OF CISCO, TEXAS DECLARING THAT CERTAIN INTERSECTIONS IN THE CITY OF CISCO BE "STOP INTERSECTIONS"; ESTABLISHING AN EFFECTIVE DATE OF ENFORCEMENT; AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CISCO, TEXAS, THAT:

1. In accordance with Section 13-20 of the City Code of Ordinances, the following intersections are declared to be two-way stop intersections and the City Manager is to erect stop signs at the intersections upon approval of this ordinance:

- Intersection- Direction of Approach:
 - Avenue E and West 3rd-North-South.
 - Avenue E and West 4th-North-South.
 - Avenue E and West 5th-North-South.
 - Avenue E and West 6th-North-South.
 - Avenue E and West 7th-North-South.
 - Avenue E and West 9th-North-South.
 - Avenue E and West 10th-North-South.
 - Avenue E and West 11th-North-South.
 - Avenue E and West 12th-North-South.
 - Avenue E and West 13th-North-South.
 - Avenue E and West 14th-North-South.
 - Avenue E and West 17th-North-South.

Avenue N and West 14th-East-West.

2. The following intersection is declared to be a four-way stop intersection and the City Manager is to erect stop signs at the intersection upon approval of this ordinance:

Avenue N and West 13th-North-South, East-West.

3. This ordinance shall become enforceable when stop signs are erected at the individual intersections thus giving notice thereof that drivers of all vehicles shall stop before entering the intersections specified from the directions indicated.

4. Due to the fact that there exists the urgent public safety need of eliminating potential traffic hazards at the indicated intersections as soon as possible, the City Council declares an emergency and that the provision of the Charter of the City of Cisco calling for two readings of an ordinance be dispensed with, and that this ordinance take effect as an emergency measure immediately upon its passage and approval and upon publication thereof in accordance with the requirements of law.

APPROVED AND ADOPTED this 9th day of July, 1985.

Linton Batteas, Mayor Pro-Tem for Eris Ritchie, Mayor.

ATTEST: Ginger Johnson, City Secretary.

APPROVED AS TO FORM:

W.B. Wright, Jr., City Attorney.

Mountain Top VBS Will Be July 15-19

The Greater Mountain Top Church will have their vacation Bible School next week starting Monday, July 15, through Friday, July 19.

Ruth Schaefer, principal of the VBS reported the theme for this year is "Following In The Footsteps of Jesus." Each lesson will be fun-filled with interesting stories, songs, and activity. The daily sessions start at 1:45 p.m. in the church annex/educational facilities

and end at 5:00 p.m. On Friday there will be a supper served at 7 p.m. for the students, workers, and parents, followed by a program and graduation at 8:00 p.m.

The ages of enrollment are 4 through 12, and anyone wishing to attend the VBS may call 442-4280 or 442-2673. Transportation will be provided to the church, and return.

The Greater Mountain Top Church, UPC, is pastored by Rev. John C. Jones, and they have hosted VBS for several years for Cisco - Rising Star area youth. The church is located 10 miles south of Cisco on highway 183.

people in the news . . .

- We salute the following Ciscoans who will celebrate birthdays this week:

 - July 15-- Terry Ingram, Vicki Wilcoxon, Michael Rabb, Bertha Reimer, Staley J. Pirtle, Ronnie Walton, J.D. Yardley, Mrs. Jay Richardson, Pattie Weathers Moore, and Billy Jay Gary.
 - July 16-- Bill Austin, Jr.
 - July 17-- Deana Roeher.
 - July 18-- No listing.
 - July 19-- Tempy Marshall Carey, Dixie Parten, and John Ray Exline.
 - July 20-- Mary Elizabeth McGrew.
- Couples celebrating anniversaries this week are, Mr. and Mrs. Wayne Webb, July 16; Mr. and Mrs. Jerry Boles, July 19; and Jack and Jerry Stephenson, July 20.

Senior Citizens Nutrition Menu

Several weeks ago emphasis was made in Regard to members of the Senior Center, and other older citizens, to take care during the extremely hot weather.

The elderly attempt to save due to the costs of electricity and not use their fans. The use of fans are very important and you are encouraged to make sure that circulation air is permitted throughout the room where you are sitting or working. If you feel faint, quickly get to an area of the house that is cool, moisten your body, and cease working. Let a neighbor know you are not feeling well. Heat exhausting can be very serious.

You are encouraged, during these days when the heat is 100 degrees to come to the center for a portion of the day. Call 442-1557 and make plans to eat at the center on Monday, Wednesday and Friday.

The programs for the past week included: Bob Beaver and his one-man band presented a musical; and dinner music was provided by Lois Holder, Mildred Johnston and Ima Thompson.

The menus for the coming week will be:

Monday-- Ham and cranberry sauce, okra, lettuce/tomato salad, peach halves with topping, bread, butter and milk.

Wednesday-- Spaghetti with meat sauce, tossed salad with cheddar cheese, green beans, apricot jello with topping, bread, butter and milk.

Friday-- Fish with tarter sauce, french fries, buttered beans, pineapple carrot raisin salad, peach with topping, bread, butter and milk.

Cisco Junior College is now accepting applications for the September 1985 Licensed Vocational Nursing program at Cisco.

In accord with certification requirements, applicants must make application in advance and pass a pre-entrance physical and examination.

The twelve month program will hold classes in Cisco with clinical work in the E.L. Graham Hospital in Cisco and the Eastland Memorial Hospital in Eastland on a rotating basis. Satisfactory completion of the program entitles the student a certificate from the college, and qualifies him/her to take the State Board of Vocational Nurse Examiner's examination.

A prospective student must be at least 17 years of age and must be in good physical and mental health.

Students must be high school graduates or have successfully taken the GED examination establishing high school equivalency. The GED examination is given on the CJC main campus in Cisco.

Employment opportunities for a Licensed Vocational Nurse are very good; the demand for LVN's far surpasses the supply.

For full information, interested persons (male or female) may contact Vocational Dean, Gerald Bint or Program instructor, Mrs. Wanda Wheatley in the Vocational-Technical building on the campus or by telephone (817) 442-2567.

The annual Cisco Junior College "Drive-In Band Camp" will be held in the Fine Arts building during the first full week of August.

Classes to be offered during the camp are as follows: rhythm, theory, section rehearsals, band rehearsals; along with some recreation each day. A stage band class is possible if enough students are interested.

The Drive-In Camp is open to any student with at least one year band experience, and any student through the 12th grade is welcome to attend.

Classes will begin at 9:00

a.m. each day, and will conclude at 3:45 p.m. Lunch will be furnished at the college cafeteria, and the camp will conclude with a cook-out at the city park on Friday afternoon, August 9th.

A fee of \$35.00 per student will be charged for the camp, and this will include all activities and meals.

Instructors for the camp will be area band directors, and Tim Jones, C.J.C. Band director, will also instruct and be in charge of the camp.

The purpose of the "Drive-in Band Camp" is to help students get prepared for the coming school year.

Jerry Thomas South vs.

Your American Ancestry

by James Pylant

If paper sticks to a table, pour furniture oil on it and let stand overnight. Next day, rub with a soft cloth. This should remove the paper with no harm to the surface beneath.

Tires underinflated by as little as five pounds can rob drivers of as much as a half gallon of gas out of every twenty.

to James Pylant, 1702 Southeast Tenth Street, Mineral Wells, Texas 76067.

Beware of the various "family heritage books" being offered through the mail. At least two companies have sent out letters nationwide announcing a family history that has taken "months of work and thousands of dollars to compile." Their sales are aimed at persons with little or no experience in genealogical research, who have the option, but fail to return them and get their money back. To us, their letters are misleading and amounts to false advertising. It is unethical and gives a bad image to the serious genealogist. When you get the book, it is nothing more than an over-priced "how-to" book with very few references, if any, to people with your surname. Don't pay \$30.00 for a basic how-to book with a few general references to people who may not even be related to you. There are many helpful books designed for the beginner available for less than \$5.00. An advertisement for a family history should include something about the family it concerns, such as

Barbara Ann South - Divorce.
Pattie Jean Brooks vs. Danny Al Brooks - Divorce.
Daisy Aline Morris vs. Allen Lee Morris - Divorce.
Roseanna Jane Lemaster vs. Donald Edgar Lemaster - Divorce.

One Thing After Another -
....can and may happen to land titles in the passing of moments. During the time it takes you to read this ad, something could happen to your title that would change your whole financial structure, or indeed it could alter your plans and aspirations for generations to come. The abstractor, in a sense, is your land title guardian, for he keeps the records day by day as you or others make them. Advise with him often about your title.

If you have had problems with white grubs in your lawn, now is the time to treat for control. The May beetles or June bugs, which are the adults of white grubs, have emerged from the soil and swarm in late evenings. Females are laying eggs and white grub worms that hatch will soon be feeding on roots of bermudagrass and St. Augustine-grass in home lawns. Once the grubs begin feeding, control measures should be taken. Homeowners in Eastland County will need to treat between mid July to early August. Time of application is critical for adequate control.

White grubs in excessive numbers can heavily damage lawns. Check for white grubs by cutting a square foot section of sod with a shovel and examining the roots and soil to a depth of 4 inches. Examine at least one square foot of sod for 1,000 square feet of lawn area. Chemical treatment is needed if there are more than four grubs per square foot of sod.

Diazinon, Dursban or Dylox provide adequate control and should be used at recommended rates given on the chemical container label. The granular form is easier to apply than liquid or spray formulations. After using granules, drag the grass with a tow sack or water hose to knock them down to the soil. Then apply enough water to soak the granules into the soil.

Apply diazinon sprays at the rate of 25 gallons of water, including the insecticide, per 1,000 square feet to wash the insecticide into the soil. Wetting the lawn before spraying also helps. Always keep children and

pets off the treated lawn until the grass is dry.

The key to white grub control in home lawns is proper timing of chemical applications and getting the insecticide through the grass to the root zone where grubs are feeding.

Further information is provided in the publication, "White Grubs in Texas Turfgrass," available at the County Extension Office.

Ticks continue to be a problem here in Eastland County. When tick infestations occur, the yard, home patio, dog and its sleeping quarters should be treated at the same time. Ticks should be removed and the dog shampooed, then dipped in an appropriate dip solution. Light infestations on dogs more than four weeks old should be treated every week with dust containing 5% carbaryl (sevin) or other labeled material. The dust should be rubbed thoroughly into the hair. These dusts should also be applied to the animal's sleeping or resting areas. A new insecticide treated dog collar should be applied at this time.

The lawn should be treated with a labeled pesticide, usually recommended to be applied at a specific rate per 100 square feet of surface area. Cracks around sidewalks, patios, or structures should also be thoroughly treated. Remember that one treatment is seldom adequate to get the ticks under control. Some of the insecticides registered for tick control are propoxur (baygon), dichlorvos (DDVP), diazinon, Chlorpyrifos (dursban), malathion, pyrethrins, ronnel, SEP-1382 (resmethrin) and Carbaryl (Sevin).

Guest Slot

IT'S A FACT!

We'd always believed it, and now there's substantiated evidence that it's a fact.

Retail newspaper advertising is three times as effective as circulars!

A nation-wide survey confirms it.

"Retail advertising carried by newspapers, either as ROP (run of paper) ads or pre-printed newspaper inserts, proved almost three times as effective on a sales-per-dollar of advertising cost basis in a recent test against direct mail circulars," Leo Bogart of Advertising Bureau has reported.

Bogart reported that on a sales-ad cost basis, compared with an index of 100 for direct mail circulars, ROP newspaper ads had a sales productivity index of 289 and newspaper inserts scored 271, while combinations of newspaper and total market coverage products had intermediate rankings.

The relative sales-productivity rankings of the five ad procedures are as follows:

Advertising Procedure (sales vs. cost)	Index
Newspaper ROP	289
Newspaper inserts	271
Inserts plus TMC	191
ROP plus TMC	149
Direct mail circulars	100

(TMC means total market coverage).

Super Duper Food Store, one of this area's strongest retailers, uses the top two procedures in their local advertising regularly run-

ning ROP ads in the pages of the local newspapers and inserting their inserts as supplements to the local newspapers.

The supplement come with the subscribers' local paper which are welcomed into the home and read as a unit, and the response to such advertising is high, surveys prove.

Circulars which come unsolicited are generally discarded.

A MAJOR grocery chain is presently surveying one of the towns in Eastland County, considering the location of a new facility.

IRS RECORD KEEPING RULE REPEALED BY HOUSE & SENATE

The U.S. Senate and House of Representatives have approved legislation which repeals the contemporaneous record keeping requirements of the Deficit Reduction Act of 1984. President Reagan is expected to sign the legislation in the near future.

A conference committee resolved differences in House and Senate repealer bills in May. Both houses of Congress then approved the conference report. The conference report includes the following:

-Repeal of the requirement that "contemporaneous records" be kept to qualify for tax deductions and credits for business use of automobiles, computers and other equipment.

-Requirement that taxpayers substantiate claims with "adequate records" or "sufficient evidence," as required prior to passage of the 1984 act. Such evidence should include receipts, expense reports or an employer policy prohibiting personal use of a vehicle.

-Repeal of penalties and refutations stemming from the 1984 record keeping law.

-Repeal of a provision of the 1984 law directing tax preparers to inform clients of the new requirements and receive a written statement from clients that they were met.

-Exemption from the substantiation rules vehicles that are unlikely to be used for personal purposes, such as marked police and fire vehicles, single-seated delivery trucks and hearses.

-Giving employers the option of not withholding taxes from an employee's income for the personal use of a business car if the employee was notified and the value of the benefit was reported to the Treasury Department.

-Lowering the maximum investment credit allowed for a business car from \$1,000 to \$675, and lowering the maximum depreciation on the car in the first year from \$4,000 to \$3200 and from \$6,000 to \$4,800 in each subsequent year. The limits were indexed to increase with inflation, beginning in 1989. The provision, applicable to cars that cost more than \$11,250, would be effective generally for automobiles placed in service or leased after April 2, 1985. The original limits were enacted in 1984 to prevent large business tax breaks for the use of expensive cars.

This provision was the only one deemed "objectionable" by the U.S. Chamber of Commerce.

Church Of God Revival Services Being Held This Week

Revival services at Church of God, 613 West Main, Eastland, are being held this week with Rev. Zoe Brown ministering.

Sunday services will be held at 11 a.m. and 7 p.m. Weekday services will be at 7 p.m. The revival will continue through Sunday, July 21.

Rev. Brown has conducted revivals all over the state of Texas for many years. At the age of 80 years young, she is as active as ever and will be ministering in song and word.

Pastor Alton Shields invites one and all to visit and enjoy the dynamic ministry of this great lady.

A POSSIBILITY

Garbage-Fueled Power Plant...

An environmentally-approved system that could handle this entire area's solid waste disposal more efficiently and more economically than it is presently being handled, and produce as much as 51,000 KWH of electricity every 24 hours?

A system so efficient that this entire area could be cleaned up slicker than a hound's tooth in no time at all?

A system that would save the city money and provide better service to the citizens?

Sounds too good to be true, doesn't it?

Maybe it is - but it's being considered right now and could conceivably become a fact of life here.

Eastland City Manager Roy Underwood is presently in negotiations with a firm which is already producing this kind of results for another Texas city. So far, there's been no negatives appear which would prevent Eastland from doing the same thing.

Would it work here? It's working at Sealy, where Energy Advancement, Inc., has a facility on the city landfill which uses trash as the fuel to generate as much as 51,000 KWH electricity every 24 hours from the 50 to 65 tons of waste that are picked up and delivered by the city and independent haulers. Previously, all the energy from this trash was buried and lost - as it is in most cities.

"If we had a system like that here," Underwood said, "we could run two trash trucks twice a week over this town and keep a brush truck going every day."

The incinerator, which burns the trash, is a controll-

ed air, dual chamber design which transforms the combustible material into 2,267 F gases. These gases are discharged into the heat recovery boilers which power two types of turbines. The electricity generated by these turbines is metered and fed into the utility grid system, as is required by federal law. The utility company would purchase the electricity, which provides the operating company inducement for the same \$5.7 million investment to construct the facility at virtually no cost to the city. That amount of electricity could handle some 1,500 homes it is reported.

The Sealy landfill project has extended the life expectancy of its landfill by approximately 50 years.

This incineration process was developed by this company, organized in 1980, through years of research and development. The Sealy plant is its pilot project and it currently has plants under construction at West Columbia, Lockhard, New Braunfels and Binger, Okla. It has feasibility studies going at La Grange, Schulenburg, Weimar, Liberty, Palestine, Rusk and Athens.

The process results in an inert ash occupying as little as one-tenth the volume of the original waste that had been collected. After the initial startup no additional outside fuel is used because the system maintains an incineration temperature of 2,278 F, as long as the fuel (waste) is continuously fed - 24 hours a day, seven days a week.

It's a garbage system that begs for "all the garbage it can get." It consumes everything - even rubber

tires. All metals that can be economically retrieved are collected, sold for scrap and the proceeds donated by the company to the charity of the city's choice.

Such a system does a lot of things: reduces the need for oil for electricity generation fuel, solves the many headaches associated with municipally-operated waste landfills as they are presently known, and generally creates a better environment because there's no blown paper, foul odors, or bad-weather shutdowns of the system. The citizens bring their refuse to the central collection center at no cost - the more the merrier.

It creates jobs - nine or more fulltime employees work at the Sealy plant.

E.A.I., which holds the patent for the process, claims that it is approximately 40 percent more efficient than conventional methods of generating electricity.

The city's responsibility would be to provide land to lease to the company, pay a disposal costs of some 67 cents per person per month, provide a two-inch water line, asphalt and maintain access road, provide police and fire protection; make sure that all waste generated in the city is deposited at the facility and help provide information necessary for E.A.I. to obtain the multiply required permits.

The company would construct an oversize resource recovery and waste display system at its expense; provide free disposal of waste to citizens who bring their own; refuse to accept regulated hazardous or radioactive materials; and pay all taxes which may be legally levied against a facility.

Eastland officials are

seriously considering the system - and it could be, if not the perfect solution, at least far better than second best or whatever we're presently using.

Luncheon Held July 12 To Discuss Plant

During a noon luncheon at the Eastland Best Western, Harold Dement of Energy Advancement, Incorporated presented a program to area officials and media on the process and advantages of a waste disposal system.

Energy Advancement, Incorporated is a landfill reduction and small power production service out of Brookshire, Texas and are the ones who will build the garbage fueled power plant here if officials decide to. Their experimental plant located in Sealy, Texas has been very successful and informative to EAI.

Mr. Dement informed the group that after the city signed a letter of intent with EAI they would come in and do a 6 month survey. This survey would determine whether or not the city or county could provide the requires 50 tons per day of garbage. If the survey proved successful they would begin construction as soon as the 39 permits were acquired.

Construction would take approximately 2 years and 7 million dollars to build. 3 acres of land are required for the site but 25 acres would handle the plant and disposal of the ash for the 25 years that EAI would operate the plant.

The completed disposal system would dispose of all garbage brought in without any type of pollution, odor or excessive noise. The plant consists of electrical equipment and basically the only excessive noise would come from the garbage trucks' bell that rings while backing up. There would be 7 employees hired from local persons to run the plant.

Heat from the burning of the garbage is used to turn the turbines that produce electricity. This electricity is then sold to the electric company. Ash from the burned garbage is then stored or buried and is not hazardous. Mr. Dement said "As soon as ways are devised to remove all metal from the ash, the health department will then allow the ash to be used in road work, fertilizers and several other ways." All metals, such as old appliances, car parts and bodies that cannot be burned through the incinerators will be collected and sold to recycling centers. Money collected from the selling of this will be given to local charities.

A fee of 67 cents per person per month for 25 years is the basic charge for the site. This charge can be handled through the city as is now, by rural garbage collectors or if the county is involved by the county. Residents who wish to transport their own garbage to the site will not be charged a fee.

A 30 mile radius of the city is the area that the plant will be available to unless other agreements are made between the city and EAI. This radius would include the county of Eastland and even out of county areas.

The plants operating

capital will come from the selling of the electricity and from the city collected disposal fees from the residents.

When asked if the 50 tons per day of garbage required could be collected, Eastland City Manager, Roy Underwood said, "Eastland is now collecting anywhere from 18 to 20 tons per day on a 5 day basis. Making this a county wide effort and including

Cisco, Ranger, and all the rest, more than enough should be available."

City Commissioners present at the luncheon, Grover Hallmark, Durel Reid, W.Q. Verner and Mayor Charles Marshal said the topic was definitely on the agenda for Monday night's commissioner's meeting.

Some of those present for the luncheon were Cisco city manager Mike Moore, Olden

residents H.L. "Hoot" Ferguson and Jim Kennedy, Carl Conger of Texas Electric Service Company, Delton Ake of Lone Star Gas, Eastland Chamber of Commerce Manager James Wright, members of the local media, Mr. and Mrs. Tony Waits of Klean and Tidy and Eastland City Judge Bob Webb and several others attended the luncheon.

 BRINGS YOU THESE IMPORTANT TIPS...
YOU AUTO KNOW

Safety first: certain vital maintenance jobs such as wheel alignment and balancing, and new ball joints where needed, cannot be skimped on. Get quality parts and labor; your safety depends on it.

If the floor mats in your car curl up or slide, attach the looped part of a Velcro fastener (glued into place) in each corner. It'll catch on the carpeted floor.

Do you wear a seat belt? According to the Automotive Information Council, 9,200 lives could be saved each year in auto accidents if the victims wore seat belts.

Sit up straight when you drive, says a high-performance-driving instructor. Not only does it keep you alert, but you can feel the action of the car through your feet, legs, and back.

Area News Briefs

BAIRD

Baird's Third Annual Trade's Fair has been set for Sat., July 20 on the Courthouse lawn. There will be many activities - bingo, food booths, games, a 10K and 5K run, and drawing for prizes. Tickets for a Satellite drawing are available at the First National Bank of Baird and Chamber of Commerce members, sponsors of the Fair. At 9 p.m. the downtown area will be roped off for a street dance, Sheriff Bill Skinner and the Inmates furnishing the music. All are welcome.

Dan Wooldridge, Pastor of the First Baptist Church, is leaving Baird to pastor the First Baptist Church at Kingsville, Texas. Kingsville is a town of 31,000, with a college, an air station and a large Latin-American population. The Rev. Wooldridge and his family will be honored with a salad supper on July 17 at 7:30 p.m. in the fellowship hall of the Church. Wooldridge has been an active leader at the Baird Church, and will be missed.

There is almost enough in the Depot Restoration Fund to replace the roof of the old building, according to reports from Mrs. Archie Nichols, Chairman. "Once the roof is replaced, we can do so much volunteer work inside, and with your help and support we can accomplish the job," she says. More funds will be needed until final restoration is done, she adds. Mrs. Nicholas is working on getting the building certified by the State Historical Commission.

The Baird Church of God will host the Faithway Singers on Sunday, July 14 at 11 a.m. This group is from Baton Rouge, La., and are on a singing tour all the way to California. The public is invited to come out and hear this gospel singing.

RISING STAR

There will be an Open Play Day on Saturday, July 20 at the Rising Star Rodeo Arena, which is located just east of town on Highway 36. Registration is at 8 a.m., and activities begin at 9 a.m. Entry fee is \$3 per event, and there are a number of age groups of participants and classes for horses. High point buckles will be awarded in each age group, and silver halters will be awarded high point mare and gelding. For more information call Karla Rogers at 643-1601, or Mildred Childers at 643-2251.

The Rising Star Chamber of Commerce and Agriculture is working hard to aid the local economy. Present goals include the upgrading of the Rodeo Arena for various events, including a possible cutting horse futurity to be held here in

mid-September. The West Texas Cutting Horse Association has approached David Harris, local rancher and businessman, about holding the event in Rising Star. Gene Hicks, President of the Chamber, also reported on the big success of the July 4th Celebration in Rising Star. More than 600 people attended.

The Class of 1935 will be honored for its 50th Anniversary at the Rising Star High School Homecoming Oct. 12, 1985. Addresses of some of the class members are still needed. Missing are Frances Ricks, Pearlina Rich, Leonis Rich, Jimmie Lee (Hood) Stovall, Juanita Johnagin, and Virgil Faulk. Contact Marjorie Lacey, Ph. 442-3545 if you know the addresses of any of these people.

CISCO

Ron Scheuren, Manager of the Cisco Chamber of Commerce since Jan. 1, has resigned his post to become business manager of a radio station in the Temple-Killeen area. "Mr. Scheuren has done an outstanding job for us, and it is with sincere regrets that we accept his resignation," Chamber of Commerce President Wm. E. (Bill) Austin Jr. said. "Certainly we wish him well in his new job." Scheuren spent a number of years with radio stations before coming to Cisco, and has also had experience in retail business management.

Bids from six contractors for remodeling work at CJC Technical-Vocational Building No. 2 have been accepted. The work will prepare the building for uses other than T-V courses. Roy Cozart, Cisco, was awarded the carpentry contract, and ceiling work will be done by M&M Dey Wall Co. in Abilene. Painting work will be done by Duane Bennett, Clyde, and Taylor Oil Field Electric Co. of Clyde was awarded the electric contract. Floor work went to Interiors Unlimited of Cisco, and J&J Air Conditioning of Eastland won the bid for air conditioning and heating equipment.

Altman's Style Shop has closed in Cisco after 53 years in business in the town. The remaining stock is being moved to Abilene. F.B. Altman, here for the closing, reported that the closing was prompted by a decision to "slow down". The Altman stores in Eastland and Abilene will not be affected by the local closing, he said. He also said that the store building at 704 Hilton was for sale.

EASTLAND

Venita Freeman Roach was officially sworn in as Eastland

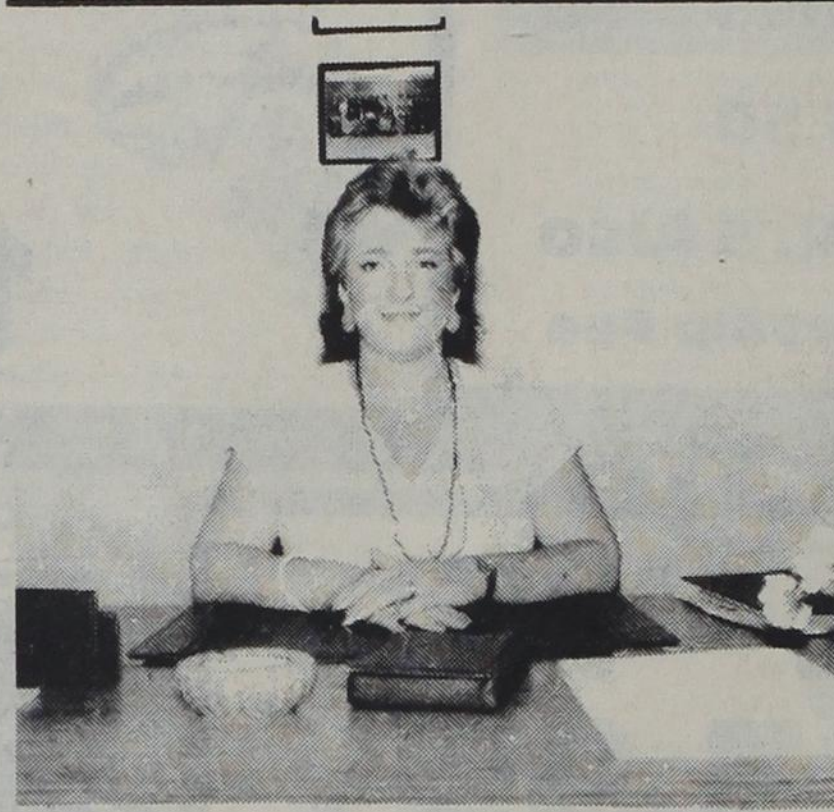

Postmaster on Tuesday, July 9. Around 30 people came out to the ceremony, which was held in the Flag Garden on the east side of the building. The oath was administered by W.H. Hathman of Fort Worth, Section Center Manager. He stated that Mrs. Roach was chosen for this position because of the high quality of her work and because it was felt that she would fit well with the community here.

John Schaefer of Eastland and other individuals plan to enter their goat barbecue in the World Championship Goat Cookoff at Brady on Aug. 30-31. The Eastland Team needs several more good chefs to go help with the cooking during this competition. They also need a good name, and John Schaefer is offering a \$25 prize to the person suggesting the best title. Please contact him at 442-4407 or write Goat Cookoff, Rt. 1, Box 40 A, Eastland, Texas, 76448 if you are interested in cooking, submitting a name, or in helping sponsor this event.

The summer reading program, "Awesome Adventures", at the Eastland Library has brought out as many as 59 children per session. It is held every Monday morning from 10 until 11 a.m. in the Library, and young readers can still enroll. New summer hours for the Library are 9:30 until 12:30 Monday, Wednesday and Friday.

RANGER

Mrs. Mona Guess has been selected as "Employee of the Month" at Ranger General Hospital. She began her work at the Hospital in May, 1984 as a Receptionist, but she has since

Sunday, July 14, 1985

been promoted to Data Processing. Her understanding of computers and good relations with her employees were listed as some of the reasons for her being honored.

There will be a Musical on Friday, July 19 at the Ranger Swimming Pool. The program will start at 6:30 p.m., and admission will be \$1 per person. Funds received will help keep the pool open for the enjoyment of all. Musicians performing will be Jim and Lyndell Cockburn and family, and a group led by Tim Webb, Sharlet Bailey, Viola Payne and Marvin Payne. Come out and enjoy the music.

GORMAN

A Benefit Barbeque for Ted Underwood will be held July 18 at the Pavilion at the Frank A. Gray Park. The Roland Smith band will perform following the meal. Those attending should bring their own chairs, since there are none at the Pavilion. Serving time is 5:30 p.m. The Fire Department and Lions Club are sponsoring this event.

The New Hope Baptist Church will hold an Open-Air Revival beginning Sunday morning, July 14, and ending Thursday night, July 18. Then on Friday, Saturday and Sunday night, July 19-21, the services will move into town and be held on the vacant lot just east of the hotel building. The speaker will be Dan Grindstaff, well-known street preacher from Fort Worth. Directing the music will be Tom and Patty Estes, a husband and wife music evangelism team from Kingsville, Texas.

Margaret Herring Hwy. 80 E Shady Oaks Shopping Center, Eastland field representative for Woodmen of the World Life Insurance Society, has just returned from a special "Sure Start" Home Office School for new field personnel. Basic precepts of fraternal benefit life insurance highlight the intensive training courses, which are held in the Woodmen Tower of Omaha, Nebr.

Mrs. Herring hopes to make contact as soon as possible with present members of the Society in this area and offer her services, both from a fraternal and insurance standpoint. In addition, she will be contacting any new members who wish to join the Woodmen of the World.

SHAWN ALSUP

His Longtime Goal Becomes A Reality

A longtime goal is being realized this summer by Eastland and CJC percussionist Shawn Alsup, as he has recently joined the Casper Troopers drum and bugle corps in Casper, Wyoming. Having seen the Troopers perform at the Frontier Days parade and rodeo in Cheyenne, Wyoming as a child, he kept his interest in the corps through viewing tapes of DCI (Drum Corps International) competition, watching them compete at the Festival of Drums and Bugles in Dallas last summer and seeing them on TV in the 1985 Rose parade.

In Dallas, he completed a form stating his interest in the corps; then, in late May of this year, he received a call from the drum line instructor offering him a position. On June 1, he began rehearsals and is presently the section leader of the cymbal line.

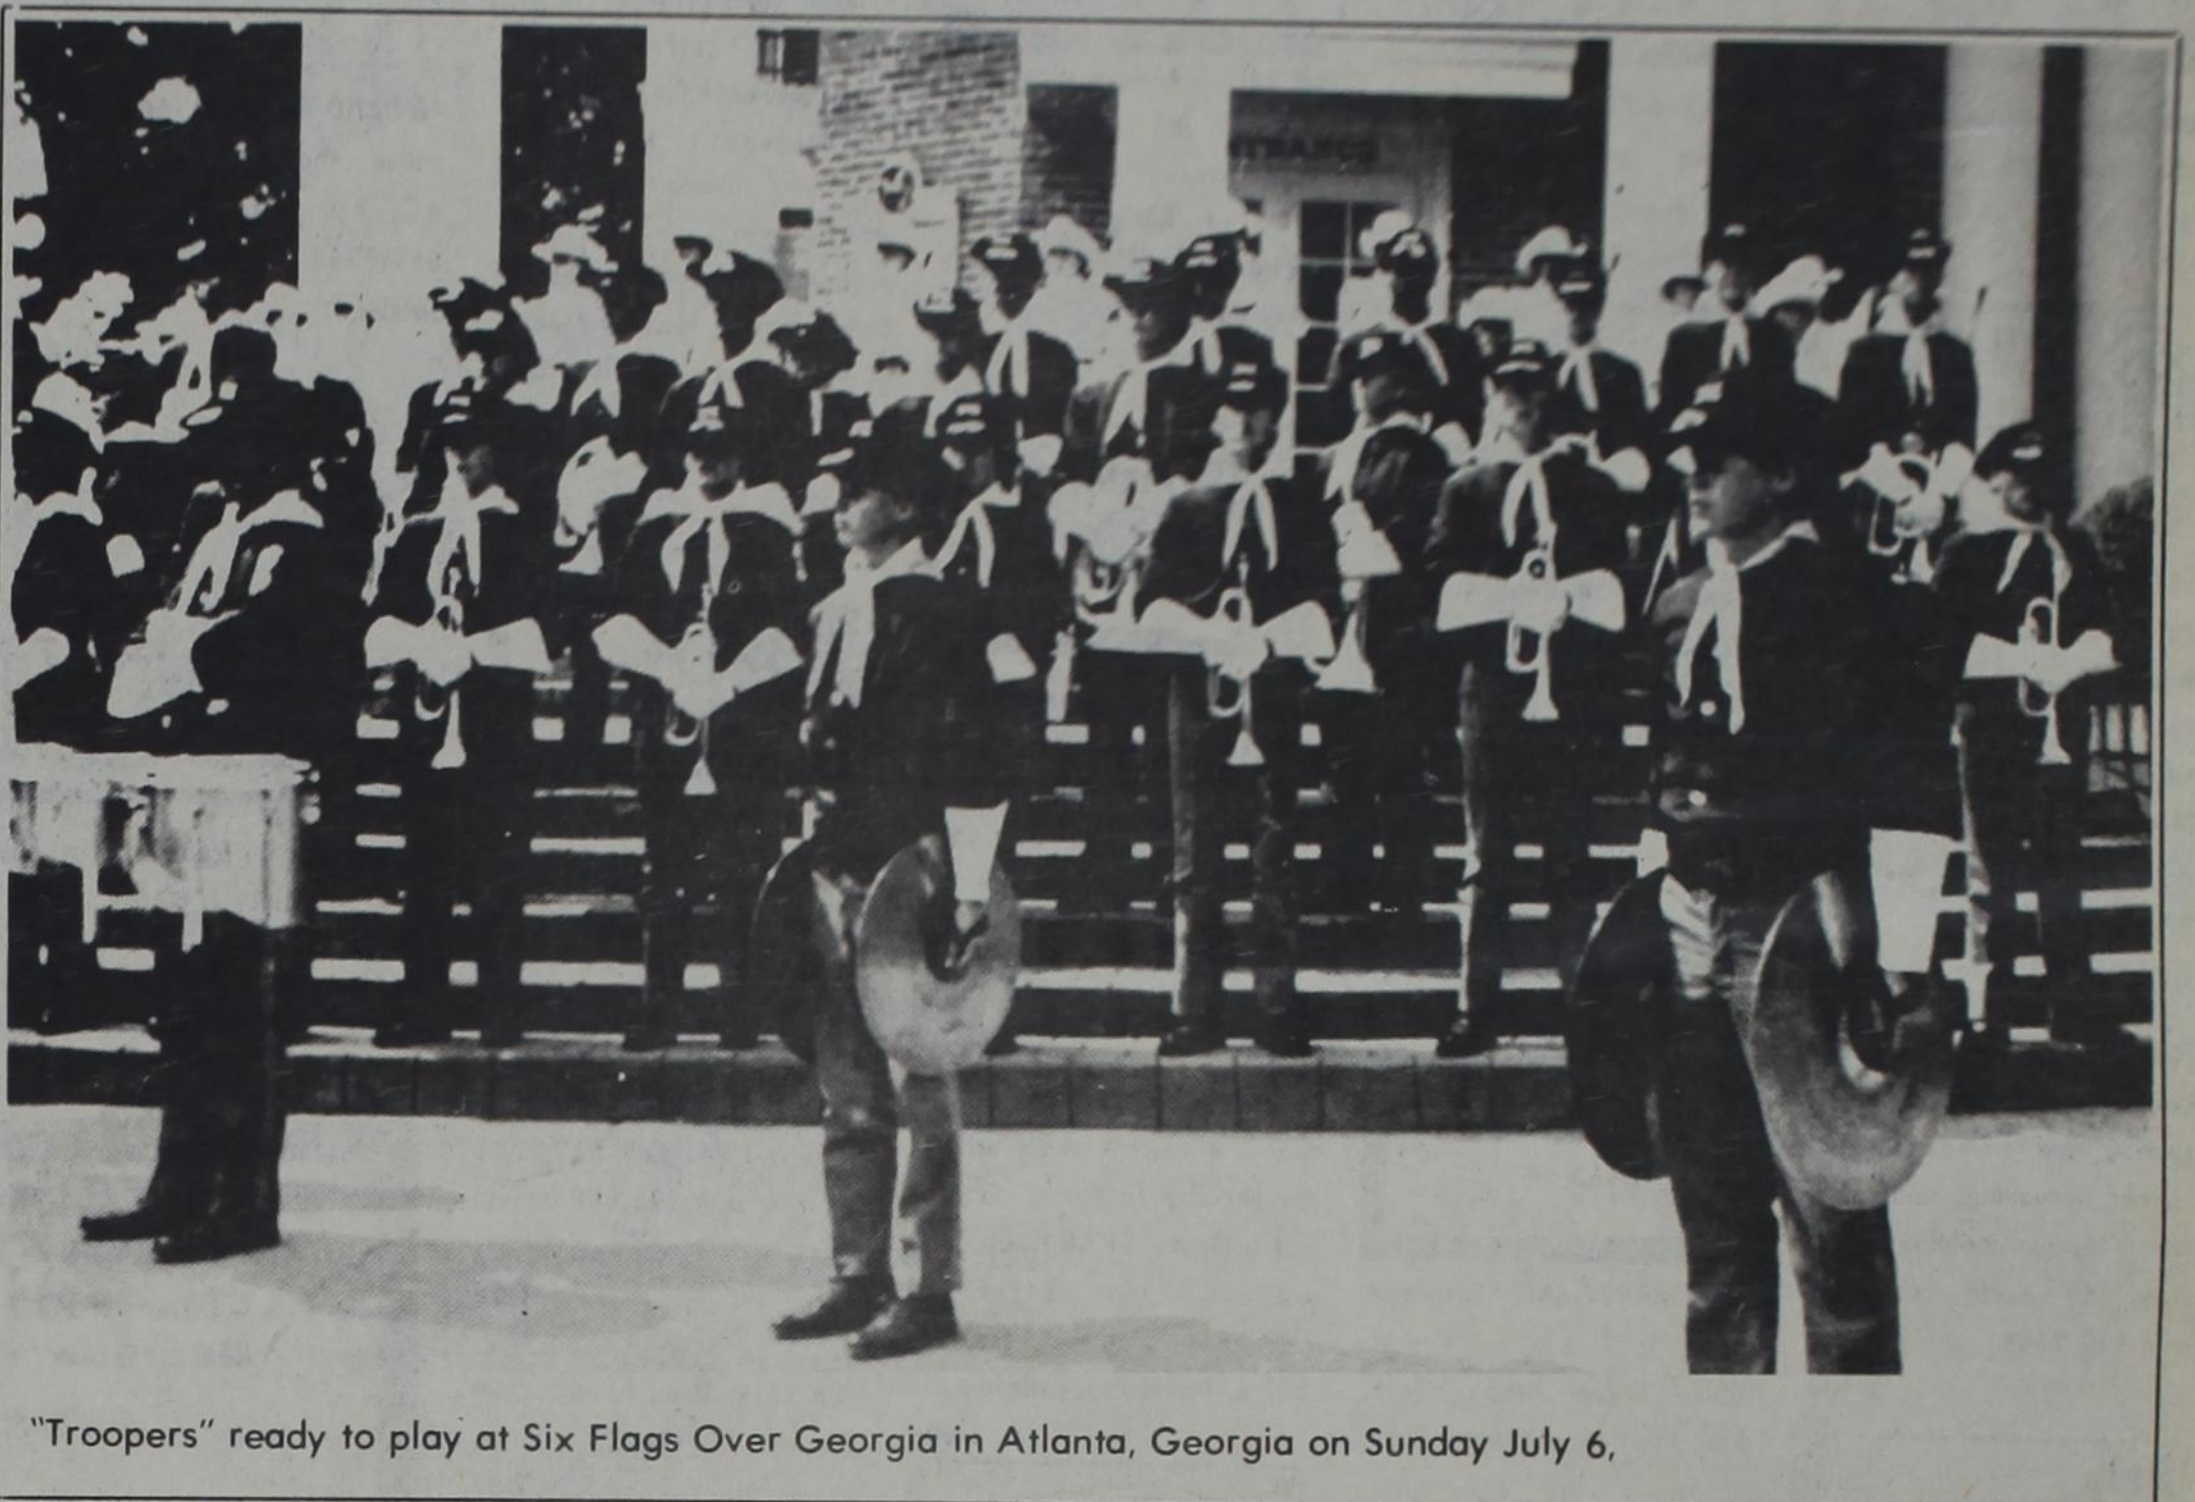

The Troopers are one of the oldest drum corps in the US and have been national champions in years past. They are noted for their presentation of the "Real West" in their authentic cavalry uniforms, patriotic

music, and drill formations. As a member, Shawn will travel approximately 20,000 miles this summer to compete in drum corps contests and perform at rodeos, fairs and parades. On July 4, the Troopers lead the "Salute to America" parade in downtown Atlanta, Georgia. (see photos)

Shawn is a 1984 graduate of Eastland High School and will be a sophomore at Cisco Junior College, where he is a

member of the Wrangler Band. He plans to attend Texas Tech University after CJC. The son of Sandi and Herman Alsup, he has been playing drums since the age of 2 and is getting the opportunity to expand his knowledge of percussion instruments through his experiences with the drum corps.

Shawn joins 6 other Texans in the 122 personnel of the Casper Troopers.

"Troopers" ready to play at Six Flags Over Georgia in Atlanta, Georgia on Sunday July 6.

TROOPERS

One Of Wyoming's Most Tangible Assets

The Troopers were organized in December 1957 by Casper businessman Jim Jones. Officially known as the Casper Junior Drum and Bugle Corps, Incorporated. The founding of this non-profit organization was the fulfillment of an idea Jones had for a long time. He had two objectives in mind. First, to provide the community with a character

building organization, and second, to develop a drum and bugle corps that would be the pride of Wyoming.

In 1965, the Troopers won their first National Championship, the World Open, at Lynn, Mass. The Troopers are the only junior drum and bugle corps in the state of Wyoming or the Rocky Mountain Region. The Troopers have played for six professional football teams. Their performances include halftime shows at Mile High Stadium, home of the Denver Broncos; for the New Orleans Saints, Dallas Cowboys, Minnesota Vikings, Miami Dolphins and the Kansas City Chiefs. Also, opening ceremonies for the new Kansas City Chief's Stadium, World's Fairs in Seattle, Washington and New York City, as well as Expo '70. In 1974 the Corps entertained at the halftime between the United States and U.S.S.R. basketball game in Spokane, Washington.

The Troopers have distinguished themselves as nationally tough competitors. Wyoming can be justifiably proud.

In the 1985 Trooper Schedule the corps will have played on the following dates in the following cities: June 23 - Sioux City, IA; 29 - Durham, NC; 30 - Columbia, S.C.; July 2 - Spartanburg, SC; 3 - Nashville, TN; 4 - Atlanta, GA; 6 - Atlanta, GA; 8 - Lexington, KY; 9 - Indianapolis, IN; 11 - St. Charles, IL; 13 - Whitewater, WI; 24 - Denver, CO; 26 - Casper, WY; 28 - Cody, WY; 30 - Casper, WY; August 3 - Allentown, PA; 5 - Altoona, PA; 6 - Parkersburg, WV; 8 - Huntington, WV; 10 - Marion, OH; 11 - Toledo, OH; 12-17 - Madison, WI.

Since the late 1800's, drum corps have been a part of the American Heritage - starting with the military tradition of Drum and Fife as known during the American Revolution, through the bugle bands of the early 1900's, to the modern day drum and bugle corps which has evolved into the most disciplined, precise audio/visual display of music pageantry in existence anywhere in the world.

What makes this activity impressive is that the level of professionalism displayed in the competitive drum corps performance is achieved by members between the ages of 12 and 21 years. The exaggerated display of semi-military marching programs, precisely coordinated with progressive, classical, and marching music has grown into the largest youth oriented, crowd appealing activity in the United States and Canada. The competitive atmosphere has much to do with the level of quality drum corps project in the performances. No other competitive or non-competitive youth activity has consistently attained the professionalism that is common in the average drum and bugle corps.

Some of the performers

have musical backgrounds; most of them do not. Those with no previous training are from scratch by the staff of each drum corps. The fact that the horn lines are superb is due to many long hours of individual practice and group rehearsals.

The competition itself is primarily a spring and summer activity for those participate. Preparing for competition takes hundreds upon hundreds of hours during the fall and winter months to improve techniques and to learn and perfect the musical and marching

repertoires.

People travel many thousands of miles each year to attend the competitions around this country and Canada. It is common for the major drum corps competitions to draw 15,000 to 25,000 spectators.

In the United States and Canada, competitive drum corps number well over 2,500 units, representing approximately 250,000 boys and girls, and 90,000 to 100,000 adults staff and booster club members. This does not include several thousand non-competitive, parade

oriented drum corps, which level well over the million will bring the participation mark.

A Special Thanks To These Who Have Sponsored A Trooper This Year...

- Mr. Earl Bradley, EBAA Iron, Inc.
- Mr. Craig Lund, Eastland Savings
- Mr. Zeldon Brown, Brown's Pharmacy
- Judge & Mrs. Austin McCloud
- Lee's Cleaners
- Mrs. Wanita Fullen
- Ima Ruth Taylor

Sandy Diez of Casper Wyoming has been a member of the Troopers color guard for 7 years. Shown here in a tense moment before the Troopers perform.

The Color Guard

A large and colorful portion of each corps' show is provided by the section called the "color guard". This name is more traditional than factual, because the overall concept has changed through the years from a very small segment of the corps, centered around the National Color, organization (sponsor) flag, and corps flag, with its honor guard, to a rather large segment of many more flags (or silks) and rifles. The present idea for the "color guard" is to bring more visual color to the program by specially designed equipment effects, and through choreographed patterns used to frame the audio/visual presentation of the musical segments of the corps.

Be A Trooper Sponsor!

Greetings From Trooper Country!!

The Casper Troopers Drum and Bugle Corps would like to invite you to participate in their sponsorship program. This program is set up to help members of the corps with their expenses for each session. The corps spends 45 to 50 days on the road and between 8 to 10 dollars a day is needed to meet their expenses.

If you feel you can par-

ticipate in this program, please send your donations to:

Jan McConaghy
242 S. Elk St.
Casper, Wyo. 82601
Attn: Sponsorship Program

Please state that this tax deductible gift is for SHAWN ALSUP, Eastland, Texas.

Please make your check out to: CASPER TROOPERS. (Your cancelled check is your receipt for tax deductions.)

Shawn Alsup of Eastland, Texas. This is his first year with the Troopers.

NAME OF CORPS: Troopers
CITY, STATE: Casper, Wyoming
MAILING ADDRESS: 3535 Carmel Drive, Casper, Wyoming 82604

CORPS DIRECTOR: Jim Jones - 307/265-2323

COLOR GUARD CAPTAIN: Lisa Broz, Letha Bollschweiler

1985 REPERTOIRE: "Symphonic Dance #3"
"Copland Sampler"
"Buckaroo Holiday"
"Red Pony"

SPONSORED BY: City of Casper, Wyo., State of Wyoming, Elks, Eagles, Lions, Kiwanis, AHEPA, V. F. W. & V. F. W. Auxiliary, Knights of Columbus, KBTV-TV, Oddfellows Rotary, City of Wheaton, Illinois.

INSTRUCTORS: Program Coordinator: Michael-Cesar; Brass Arranger: Jim Prime; Brass: Bill Long, Don

Troopers finish in TOP TEN with 72.2 in D.C.I. South in Atlanta, Georgia.

CORPS PERSONNEL:	Bugles	58
	Percussion:	31
	Color Guard	30
	Commanders:	3
	Total:	122

AVERAGE AGE: 17

HISTORY OF CORPS: The Trooper story began in 1957 when Casper contractor, Jim Jones, founded the corps. Since that time the Troopers have brought eleven international titles to Wyoming, including multiple victories at the V.F.W., World Open, C.Y.O., and North American Invitational Championships.

The corps is still run by Jim Jones and has a reputation for discipline and precision. The only corps in Wyoming, the Troopers were one of the first corps to travel long distances to enter competition. This year the corps will compete in the states of Colorado, Illinois, North Carolina, South Carolina, Tennessee, Georgia, Kentucky, Indiana, Wisconsin, Pennsylvania, West Virginia and Ohio.

The corps' uniforms are a replica of the uniforms worn by the 11th Ohio Cavalry under the leadership of Lt. Caspar Collins. This year the color guard will take the field in a new design but still in the traditional Trooper style. The horn line and the drum line will wear the black and gold uniforms of the Cavalry.

OTHER PUBLICITY: The Troopers were honored with proclamations from the State of Colorado and the City of Denver, in 1983, designating them as honorary citizens. 1983 was the 25th anniversary of the corps. The Troopers have also entertained fans at many NFL football games, including the Denver Broncos the Kansas City Chiefs. They placed 13th at the DCI World Championship in Atlanta, Georgia, in August, 1984.

In 1985 the Troopers traveled to Pasadena, Ca., to march in the exciting New Year's Day Rose Bowl Parade. The corps is the first junior drum and bugle corps to have been invited to march in that internationally known event.
