to historic old Mobile, Alabama, and then to Pensacola, Florida. Every minute of the trip has been carefully planned by Mrs. Clyde White and the seniors, and in close council with Supt. Warren, to include as many spots of interest as time will permit the vacationers to visit, and the youngsters will gain a great deal from this Senior outing.

The Headlight, school year-

The Headlight, school year-book, arrived last week and the student body, teachers, and a large representation of towns-people, were on hand Friday morning to give the book a royal release. The leavest of all an welcome. The largest of all an-nuals, and including a colored picture of the school and aerial ylews of Baird, is dedicated, with ylews of Baird, is dedicated, with love and respect, to "our home town." In the program, the annual editors, Karen Towler, Virginia Gary and Jerry Lou Barnhill, presented a copy of the elegant new book to the City of Baird. Acting for the town and its people, Mayor Lynn Ault accepted the annual and made an excellent response. Mrs. Civde eepted the annual and made an excellent response. Mrs. Clyde White, sponsor of the annual and on whose shoulders so much responsibility for the book's arrangement has been, was also honored by the Seniors and annual staff, with an appreciation gift of a corsage of red roses.

Mother's Day brought some very special visitors to town. Mr. and Mrs. Herbert Buckner and children, Linda Kay, Duane and Sylvia of Oklahoma City, were here to make the holiday a bright one for Mrs. Buckner's father, Virgil Hughes. (She is the former Clara Neil Hughes).

Another Mother's Day guest

Another Mother's Day guest was Sikes Smedley and family to see his parents, Mr. and Mrs. Jimmy Smedley.

Jimmy and Edith Settle were clome in town this week, here to see Edith's parents, Mr. and Mrs. L. B. Lewis.

It's always a holiday for the Miliard McEiroys when Frances and Johnny Sparks and son Jim-my Dean come home for a visit and you can put emphasis on the Jimmy Dean part because he's just about the most special

he's just about the most special of all folks as his grandparents will gladly agree.

And a great big welcome home to Lucille Hall, recently returned from an extended visit with her family in Houston. Mrs. Hall's sister, Ethel Simpson, of Albany, is here with her now. Here's a date to remember—iday May 19th (that's tonight): Junior Class, under direction of their co-sponsors Mrs. Archie Nichols and Mrs. Frankle Grow, will present a three-act comedy "Boarding House Reach." The place is the High School Auditorium and the time is 7:30. Additional control of the control of "Boarding House Reach." The

Texas Highway Week Set For May 21 - 27

Highway Week in Texas was officially proclaimed today by Governor Price Daniel, and will be observed May 21-27 in conjunction with National Highway

Citizens and groups interested in better highways are cooperat-ing in observance of Highway Week in Texas - and throughout the nation - following a procla-mation of the week nationally by President John F. Kennedy.

State Highway Enginner D. C. Greer called Highway Week "not a week of appreciation but of challenge."

He said Highway Week "is not to brag on what we have done, but to bring more clearly before the public eye the immense highway problems that now con-front us."

Foremost among Texas' high-way problems, he said, are these More than one-third of the total Texas highway mileage is obsolete, or about to become so. This is the 25,000 mile system of U. S. and State Highways, which is "almost totally antiquated," Greer said, "by the enormous increase in traffic."

The 33,000 mile system of Tex as Farm to Market Roads is still expanding rapidly - but there is not enough money to maintain what is built. "Statute permits us to spend a certain amount of money annually building new FM Roads, but none of this money can be spent to maintain what is built, sind there isn't enough money to go round."

"The highway dollar is being stretched thinner and thinner, and it is being constantly bombarded by attempts to divert highway dollars to other purlifting at Premier.

"The danger of diversion,"
Greed said, "is that we may be
slowly strangled in our own
traffic by hardening of our
highway arteries."
