26 LIVES CLAIMED BY WINTER STORM

Farm Hand, Implicated in Three Murders, Saved From Mob

MURRAY PUTS OUT SOLDIERS TO GUARD HIM

WICHITA, Kan., Dec. 11 - Officers today claimed a solution of three mysterious murders after the alleged slayer, a 37-year-old farm hand, had been imprisoned behind the strong walls of the Kansas state reformatory to save him from an infuriated mob.

The confession implicating the farm hand, Jack Wisdom, in the slaying of Mr. and Mrs. Harry Pritchard and Emory Large, was obtained shortly before Oklahoma officers found the body of Pritchard, a Wichita clothing merchant, near El Reno, Okla.

Wisdom, arrested early Sunday after a three weeks search, was taken to the reformatory at Hutchinson after a wild ride through Oklahoma and Kansas with an angry mob in pursuit. Quick action by Gov. W. H. Murray in mobilizing the Oklahoma national guard was credited with saving him from violent death at the hands of would be lynchers.

Gov. Landon of Kansas, asserted he would call out the Kansas militia if necessary to give the prisoner haven. Pritchard's body was found this morning three miles north and one mile east of El Reno, Okla., near the place where Wisdom led officers last night in a six-hour futile hunt. Mrs. Pritchard's body had been found yesterday 40 miles north of this location by a hunter. Large's body was found in a dry well on a ranch near Meade Kan., November 29, six days after the Pritchards disappeared in company with Wisdom.

Capt. Lyle, of the Wichita detective bureau, said that shortly after Wisdom's commitment at the Hutchinson reformatory, the prisoner made a verbal confession that he helped kill the Wichita couple because Pritchard had filed a charge of passing a worthless \$21 check. Wisdom blamed one "Buck Smith" for the actual slayings.

Soviet Commissar's Wife Visits Turks

MOSCOW, Dec. 11.—When Mrs. Catherine Voroshilov, wife of the soviet war lord, went to Angoria recently with the soviet delegation to the celebration of the decennial of the Turkish republic, it was her first trip outside the frontiers of her native land.

As wife of the head of the large soviet party, Mrs. Voroshilov was very much in the limelight during the official functions in Angoria. Diplomats and journalists gathered there saw a woman Bolshevik who, despite the sound of that word, is in her life and appearance a typical Russian woman—simple, maternal and affectionate.

The family life of the Voroshilovs, in fact, belies all the fantastic inventions about Bolshevik morality. They have been married about 25 years, following a friendship begun when they were children together in a midday mining village of the Don region. Lacking children of their own, they early adopted an orphaned boy, who is now grown to manhood.

At present Mrs. Voroshilov is bringing up the two children of the late Michael Frunze, who preceded her husband as commissar of war. Frunze died in an appendicitis operation in 1925.

BEHIND THE SCENES IN WASHINGTON

BY RODNEY DUTCHER NEA Service Writer WASHINGTON.—The NRA was either saved or sunk the other night—it all depends on whose interpretation you take. Now it may have to be saved or sunk all over again. The big war between capital and labor came to a head at a secret meeting of the Industrial and Labor Advisory Boards of NRA. Open shop industrialists were berating their representatives here because labor had been making tactical gains, especially in Administrator Johnson's promise that the "merit" clause of the automobile code would be in no more codes.

Bids Taken---

Continued from page one. Worth Pike, to be completed in 120 working days. Highway three, Fort Bend county, concrete pavement in Rosenberg and an Alpine creek bridge in Brewster county. IT TAKES HEALTHY NERVES FOR JAFFEE TO BE THE WORLD'S CHAMPION SKATER

IRVING JAFFEE (At Right)—Again Jaffee makes a thrilling finish as he speeds to victory! Winner of 1,000 medals and trophies, including three Olympic Skating Championships, Jaffee has brought the highest skating honors to the U.S.A. Asked recently if he was a steady smoker, Jaffee said, "Yes—but that goes for Camels only. I have to keep my mind, you know, and healthy nerves."

Steady Smokers turn to Camels

You've often seen his name and picture in the papers—Jaffee, the city-bred boy from the U.S.A. who beat the best that Europe had to offer, and became the skating champion of the world! Speaking of speed skating and cigarettes, Jaffee says: "It takes healthy nerves and plenty of wind to be an Olympic skating champion. I find that Camels, because of their costlier tobaccos, are mild and likable in taste. And, what is even more important to a champion athlete, they never upset the nerves."

IT IS MORE FUN TO KNOW Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

CAMEL'S COSTLIER TOBACCOS

NEVER GET ON YOUR NERVES... NEVER TIRE YOUR TASTE

Personal Mention

Mrs. D. D. Lewis and daughter, Louise, are here from Desdemona for a month's stay.

Mr. and Mrs. John Jones and son, Billy, have returned to their home in Comanche, after a week's stay with relatives here.

George Weaver, Jr., of Breckenridge visited his parents here yesterday.

Mr. and Mrs. Curtis McNeely and family of Rising Star visited Mr. McNeely's brother, W. H. McNeely here yesterday en route to their home in Rising Star from a trip to Dallas. They were accompanied home by Mr. McNeely's father.

Mr. and Mrs. Z. L. Blackburn and daughter of Lampasas, formerly of Cisco, visited here during the week-end.

Allen Burnam and Lester Vancleave were visitors in Fort Worth yesterday.

Bobby Woods of Breckenridge visited friends here yesterday.

Rudolph Welser and Erwin Prange who attend the Lutheran Seminary in Austin, visited relatives and friends here during the week-end.

Mrs. J. W. Hartman and Chas. Hartman left this morning for Rockwall, Texas, to attend the funeral of Mrs. Hartman's brother, Brown Gardenhire, who died very suddenly this morning at his home there.

Mrs. Tom Bacon and daughter, Miss Lillian, of Abilene were here yesterday to attend the funeral of Mrs. B. T. Riddle.

Mrs. E. E. Stevens of Breckenridge visited relatives here yesterday.

Mrs. Boon Boggs of Ranger visited relatives here during the week-end.

Mrs. Hugh Wagoner of Breckenridge visited relatives and friends here yesterday.

Mr. and Mrs. B. W. Patterson of Eastland were here yesterday to attend the funeral of Mrs. B. T. Riddle.

Commander Ronald Barber, U. S. N., and his sister, Mrs. Betty Mitchell and son, Jack, of Bremerton, Washington, were the week-end guests of Dr. and Mrs. C. C. Jones. They were en route to Washington, D. C., where Commander Barber is to be stationed.

Mr. and Mrs. Ben F. Vaughn, Jr., of Dallas were guests of Judge and Mrs. F. D. Wright during the week-end.

W. J. Adams and K. H. Adams of Clearendon were here during the week-end to attend the funeral yesterday of their aunt, Mrs. B. T. Riddle.

Mrs. R. L. Ponster and her sister, Mrs. B. E. Allison are spending today in Dallas.

Teachers to Work In Night Schools

DALLAS, Dec. 11—Maury Hughes, chairman of the state recovery board, under the NRA, announced here today on his return from Washington that school teachers on civil works payrolls would be given employment in adult night schools.

Hughes also said that salaries that would be paid teachers out of federal funds in schools in rural districts and small towns that otherwise would have to end their terms within the next month or so.

What Wind Blew In

Queena Mario, the opera star, traveling with her pet marmoset, almost came in possession of another mascot when the ice owl she's shown holding fell exhausted aboard the liner Manhattan during a storm at sea. The marmoset discovered and became fast friends with the owl, but Miss Mario's ownership of the bird was contested by another passenger. In the deciding flip of the commander's coin, Miss Mario lost.

CALENDAR

Tuesday
Circle 1 of the Methodist Missionary society will meet Tuesday afternoon at 3 o'clock at the home of Mrs. Fred S. Hayes, on Leggett Avenue.

Circle 2 of the Missionary society of the First Methodist church will meet Tuesday afternoon at 3 o'clock with Mrs. George Winston, 902 West Fifth street.

Circle 3 of the Methodist Missionary society will meet Tuesday afternoon at 3 o'clock at the home of Mr. Joe Wilson 400 West Eighth street.

The circles of the W. M. S. of the First Baptist church will Tuesday afternoon at 3 o'clock as follows:
Verna Humphries circle with Mrs. A. D. Estes.
Blanch Rose Walker circle with Mrs. R. D. Jones.
Lucile Reagan circle with Mrs. Isehower.
Wilson Fielder circle with Mrs. W. H. LaRoque.

Wednesday
The Kill-Kare-Klub will meet Wednesday afternoon at 3 o'clock at the home of Mrs. L. E. Vaughn.

Friday
The Twentieth Century club will meet Friday afternoon at 3 o'clock in the club room at the Library building.

Mrs. Rex Moore will entertain the Entre Nous bridge club Friday afternoon at 3 o'clock at her home, 199 H avenue.

Plans Airplane to Sell at Low Price

FORT WORTH, Dec. 11—Airplanes within the reach of the average pocketbook, to sell at \$700 or less, is the object of a company formed here by E. G. (Swede) Rhenstrom, well-known aviation official and World war flier.

A factory to be established here will start turning out the ships by next June 1, Rhenstrom said. The company plans to build 3000 planes the first year.

The plane will be an all metal, two-place monoplane with an in-closed cabin and an eight-cylinder, air-cooled motor, Rhenstrom explained. It will have a top speed of 126 miles per hour and a low landing speed.

The ship will be along lines recently recommended by the United States department of commerce which sent questionnaires to 34,000 persons—licensed fliers, student pilots and mechanics, asking if there would be a market for a plane within the price range of the average automobile, Rhenstrom said.

Tucker Ends-- CONTINUED FROM PAGE ONE

ture of Texas municipalities in the opinion of Tucker, are:

1. Failure of some municipalities to fix a safe limitation on the amount of the indebtedness that they may incur.

Prohibitive Debts

2. Practice of municipalities in continually running overdrafts from year to year in their current or operating fund and in funding these overdrafts with term indebtedness, which has resulted, in many cases, in the creation of debts that are prohibitive.

3. Depository bank failures have probably caused more defaults on the part of Texas municipalities than any one individual case. This evil of monetary losses in depository failures is caused primarily by the weakness in our Texas statutes permitting public deposits to be secured by personal bonds.

4. Diversion either consciously or unconsciously, of sinking funds to operation and maintenance uses.

5. Disregard of the statutes relating to the sale of securities, particularly the provision that all bonds must be sold for par and accrued interest to date of delivery of the bonds.

6. Accepting script in payment of special assessment tax.

7. Unwise investment of surplus sinking funds, either through gross negligence on the part of governing bodies or through their misplaced faith in the security dealer with whom they have been trading.

Tucker proposes the creation of a "Texas sinking fund commission" composed of three men, which shall be given the power to approve or disapprove the issuance of any new obligations in any political subdivisions of the state.

Bronchial Troubles Need Creomulsion

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, and attacks the seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis, and is excellent for building up the system after colds or flu. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion—Adv.

MARKET PRICES BREAK LEVELS OF RESISTANCE

In its weekly review of business and financial condition The Wall Street Journal says:

Constructive forces in the stock market had the satisfaction of seeing one of their cherished ambitions realized in the past week. Both the rails and the industrial stocks used in the Dow-Jones averages penetrated important resistance levels on the upside, accompanied by an increase in the volume of trading. For the rails, this brought prices to the highest levels since early in October, while the industrials attained the highest levels since the third week in September.

In the case of individual stocks in the industrial group the gains were even more noteworthy. They carried Allied Chemical, du Pont, American Can, Continental Can, and Johns Manville to the highest levels they have seen in 1933.

HOOKS AND SLIDES

The Worst Roundup
THE six-day bikers are well warmed up for a grind that started in October and ends in March . . . six months of punishing pumping for prizes . . . riding bicycles, trains, automobiles and airplanes over the six-day circuit . . . New York to Cleveland to Chicago to Canada . . . with only a few days' rest between starts.

"It is the most gruesome race of all . . . and there are few veterans of 10 years ago competing now . . . Iron Reggie McNamara is one . . . Dave Lands is another . . . youngsters keep coming on to take the places of fading stars . . ."

Greatest of All
MCNAMARA and Lands can remember well one of the greatest six-day grinds of all time . . . won by Goulet and Grenda 10 years ago in old Madison Square Garden . . . won in the last furious minute of frenzied action by a team that refused to lose . . . a team that made this its farewell gesture to the sport that burns up bodies . . . Goulet and Grenda never would win again . . . but they would win this!

Dave Lands was one of the youngsters of the racket then . . . he was teamed with Sammy Gastman, a little New York Jew . . . as the field came up to the last hour of the sixth day, Gastman and Lands stole a lap on the field . . . though the veterans Goulet and Grenda were ahead on points, that lap meant victory for the young team . . . it was too much to expect from the racked bodies of the Frenchman, Goulet, and his companion, big Tasmanian Grenda, that they should make up that lap after the horrible siege they had been through.

"There Goes Goulet!"
BUT, 15 minutes before the final gun, a roar went up from the packed house: "There goes Goulet!" . . . and there he did go, tired legs twinkling, rubber tires singing beneath him as he whirled . . . Grenda caught the clew and whipped up his wheel . . . Goulet roared up to him, gave him the shove and away he went while Goulet coasted and fought to pack a breath of air into his blazing lungs. . . . It was the last roundup, and the worst, but Grenda would not fail . . . he drove madly after the tail-enders of the pack . . . round after round . . . then Goulet loomed suddenly before him, and he gave Alf the push . . . the throng roared for Goulet as he flew on after the pack, gaining inch by inch as the clock crept to the hour . . . with less than a minute left, after 144 hours of this mad drive, with every bit of force his beaten body could summon . . . he caught them!

The previous lap had been won . . . it was all over . . . more than that, it was all over forever for Goulet and Grenda . . . for they never were to win again . . . but they won THE six-day race of the century . . . from the dim '90's when men rode the old high-wheelers in the first of such grisly grinds right down to this day, there never has been another like that won in the last few fleeting seconds by two men who would not lose.

ried Allied Chemical, du Pont, American Can, Continental Can, and Johns Manville to the highest levels they have seen in 1933.

Besides the encouragement derived from figures on building construction and steel production, bullishness was spurred by an imposing array of dividend resumptions and dividend increases during the week. This was particularly stimulating to the railroad shares, for it has been a long time since any favorable dividend action has been seen in this class of stocks. With their interlocking stock ownership, the benefits of dividend increases in the rails very often are not confined to one particular road. The Burlington dividend of \$3, for instance, helped both the Great Northern and the Northern Pacific through their large interest in the stock. The Alabama Great Southern dividend of \$2 on the common, the first payment incidentally since December, 1931, helped the Southern Railway which owns a majority of the stock of this road.

Character Encouraging
More encouraging to some than the rise in stock prices during the

The Story of Christmas

And the shepherds returned to their flocks, glorifying and praising God for all the things of which they had been told by the angel of the Lord and all that they had seen in Bethlehem that lies in Judea.

11 SHOPPING DAYS UNTIL CHRISTMAS

week was the character of the rise and the type of leadership furnished. Demand was not confined to the metal and commodity stocks identified with inflationary fears. On the contrary, the most insistent strength was in the bond market all week.

The country's steel markets were cheered by the placing of 140,000 tons of orders for rails and other equipment by the Pennsylvania railroad, and there are hopes that other carriers will do likewise.

At the same time steel operations have advanced a point or more, a trend which is against usual seasonal tendencies. The public works program is accounting for the bulk of construction awards. It appears that December automobile production will fall behind estimates, but trade reviews said the rebound in output would be sharp when it came.

The week's range of the Dow-Jones averages follows:
30 Industrials—High \$102.04; low, \$98.89; last, \$101.04.
29 Railroads—High, \$41.53; low, \$38.11; last, \$41.19.
20 Utilities—High, \$23.88; low, \$23.20; last, \$23.48.
40 Bonds—High, \$82.51; low, \$80.66; last, \$82.51.
Week ended December 8, 1933.

Tipping Banned At Paris Mosque

PARIS, Dec. 11.—The Mohammedan mosque here is the first religious edifice here to put into effect a no tipping regulation.

In any other house of worship, if you so desire, you can tip your guide, but this positively is forbidden at the Mosque, and if you offer money

Job Printing

PHONE 80

WHEN YOU NEED

LETTER HEADS, ENVELOPES, BILL HEADS, STATEMENTS, OFFICE FORMS, DODGERS, CALLING CARDS, SALES CIRCULARS.

Job Printing Department

it will be refused. An entrance fee of five francs is charged to get into the Mosque, and the money is devoted to charity. The guides receive daily wages for showing visitors about.

The Mohammedan mosque was inaugurated by President Doumergue in 1925, and since has become one of the sights of the city, along with Notre Dame and Sacre Coeur. The number of visitors approaches the 150,000 mark yearly, but they do not come to worship; rather, to admire the architecture and imbibe non-alcoholic drinks in the Islamic cafe, and, on occasion, to take a Turkish bath, since these

are open to "infidels."

The mosque is an exact replica of the mosque of Casablanca, and there is a "dry" cafe attached to it—a restaurant, Oriental garden and a Mohammedan theological seminary. The carpets are masterpieces, being the gifts of Islamic kings.

SISTER MARY'S RECIPES

This is the third of a series of six articles by Sister Mary providing choice food, candy and cake recipes, besides helpful suggestions, for your Christmas dinner.

BY SISTER MARY
NEA Service Staff Writer

PERHAPS the kind of candy that appeals most to you is the kind that is easy to make. Chocolate covered creams are delightful and bespeak the skill of the maker, but the process is somewhat long and tedious, requiring two separate and distinct sessions.

Fudge, penouchi, nut brittle, caramels, jelly bars and many other varieties are easier for the amateur candy-maker than the elaborate bon-bons.

Don't try to do too many things at once when making Christmas candy, and do be sure that everything is ready for instant use before you begin to cook the syrup.

Peanut Brittle
One and one-half cups granulated sugar, 1-2 cup white corn syrup, 1-2 cup water, 2 tablespoons butter, 1-2 teaspoon salt, 1 teaspoon soda, 1 teaspoon vanilla, 1-2 pound raw Spanish peanuts.

The peanuts are weighed after shelling. Blanch and let stand in warm oven until ready to use. Mix syrup, sugar and water and cook until a few drops tried in water form a firm ball and the thermometer registers 265 degrees F. Add butter, salt and nuts and cook until thermometer registers 290 degrees F. Dissolve soda in 2 teaspoons cold water. Remove syrup from fire and stir in vanilla and dissolved soda. Pour onto a large oiled platter or a marble slab, spreading with a spatula into as thin a sheet as possible. Let cool a few minutes and as soon as cool enough to handle pull apart to make thin and full of holes. When cold break into irregular pieces.

Easy Caramels
Three cups granulated sugar, 1 cup white corn syrup, 1 cup cream (heavy), 1 cup milk, 2 tablespoons cornstarch, 3 tablespoons butter, 1-2 teaspoon salt, 1 teaspoon vanilla, 1 cup nut meats.

Thoroughly mix cornstarch and

Monday's Menu
BREAKFAST: Halves of grapefruit, cereal, cream, scrambled eggs with crisp broiled bacon, reheated rolls, milk, coffee.

LUNCHEON: Cream of celery soup, croutons, salad of Chinese cabbage in lime jelly, nut rolls, milk, tea.

DINNER: Rabbit pie, mashed potatoes, creamed carrots, endive and pear salad with Roquefort cheese dressing, suet pudding, milk, coffee.

sugar. Add corn syrup, cream milk, butter and salt. Stir until sugar is melted. Cook over a low fire until the candy thermometer registers 246 degrees F., or until a few drops tried in cold water are as hard when picked up in the fingers as the caramels should be when they are ready to eat. Remove from fire and let cool a minute or two before adding nuts and vanilla. Turn into a well buttered square pan and let stand until cold and hard. Turn out, upside down on a slab, and cut with a butcher knife into even squares. Wrap each square in oiled paper.

Penouchi
Two cups light brown sugar, 1 cup standard or table cream, 2 tablespoons butter, 1-4 teaspoon vanilla, 1 cup chopped mixed nuts.

Combine sugar and cream and let stand until sugar is melted. Bring to the boiling point without stirring. When syrup begins to boil, stir constantly until candy is removed from fire. Cook to 238 degrees F., or until a few drops tried in cold water form a ball firm enough to be picked up in the fingers. Remove at once from the fire and cool quickly without stirring. When cool, stir until creamy. Add nuts and vanilla and continue stirring until the mixture loses its gloss. Turn into a buttered pan and cut in squares.

20 FULLY PACKED Cigarettes

No Loose Ends

WHY LUCKIES ARE SO MILD, SO SMOOTH

Open a pack of Luckies and lay the 20 cigarettes side by side. You can't tell one from another. Every Lucky is round, firm and fully packed—with choice Turkish and domestic tobaccos. And every Lucky is free from annoying loose ends. The tips are clean-cut—the tobacco doesn't spill out. That's why Luckies draw easily, burn evenly—and are always mild and smooth.

ALWAYS the finest tobaccos
ALWAYS the finest workmanship
ALWAYS Luckies please!
