

CLAY AND COAL AMONG CISCO PRODUCTS

RESOLUTE FAILS TO SAIL IN TIME LIMIT, RACE DECLARED OFF

Defender Had the Race Well in Hand, the Shamrock Being Two Miles Behind When the Resolute Crossed the Line—Was But Little Wind—Crowd Was Greater.

A two-wheeled cart was picked up about the city hall and converted into one which a man pushed about the street gathering up loose paper and rubbish, in an effort to keep the streets clean.

The cart, which was supposed to be a worthless piece of property, was appropriated to this use without any inquiry being made. Then it was discovered that it was an old racing hose reel, one with which the fire boys of Cisco had won many trophies. It was a relic of historical value and priceless to them. They had it returned to them, and since that time the city has been without a cart for the purpose of cleaning the streets.

Now Dr. Gregory, city health officer, has secured another cart and engaged a man who will begin Monday morning picking up loose paper and small pieces of garbage in Main street and to one block on each side of that thoroughfare.

Merchants have been warned to not put floor sweepings in the street and the law relating to putting garbage in metal containers, with close-fitting lids, will be strictly enforced from this time forth, Dr. Gregory announces.

Street Commissioner Blitch will cooperate with Dr. Gregory in this work, and they are determined to see that the provisions of the ordinance are complied with.

The new building of the Richardson-Brown company, on Main street, is rapidly nearing completion. In fact, the building is completed with the exception of putting in the front and the fixtures are now being installed. The foreman in charge of the work said yesterday that he expected to have it ready for occupancy within three weeks.

Mr. Brown, of the company, was here last week and left for New York to make additional purchases for the new store. The company contemplates putting in the largest and finest stock of merchandise ever brought to Cisco.

This is an Athens company and has met with wonderful success since it started its first store in that city. Now it has stores at Athens, Waxahachie, Jacksonville and Ranger, with the one in Cisco to be added.

The Athens Review, noting the fact of the opening of the new store in Cisco, says: "Starting in 1912 with only \$11,000 capital, this firm has had a most phenomenal growth. The capital stock was gradually raised until last year, when it reached \$250,000. With the opening of the Cisco store, it will again be raised shortly. The first store was opened at Athens. Later a branch store was put in at Jacksonville, then Ranger and Waxahachie. The Ranger store is the largest of its kind in that city and has done a large volume of business since first opened.

"The firm plans to continue putting in chain stores over Texas which will make it possible for them to buy the output of entire factories and sell merchandise at a much smaller cost."

When the committee hoisted the signal the Shamrock was floundering toward the second mark, virtually in a calm, and hope of the Lipton crowd of making the time limit had long been abandoned. Resolute had led all the way from the starting line and were apparently half an hour ahead of the challenger when the committee's signal was blown.

The race will have to be sailed over again next Tuesday.

BEGINNING MONDAY GARBAGE ORDINANCE IS TO BE ENFORCED

A two-wheeled cart was picked up about the city hall and converted into one which a man pushed about the street gathering up loose paper and rubbish, in an effort to keep the streets clean.

The cart, which was supposed to be a worthless piece of property, was appropriated to this use without any inquiry being made. Then it was discovered that it was an old racing hose reel, one with which the fire boys of Cisco had won many trophies. It was a relic of historical value and priceless to them. They had it returned to them, and since that time the city has been without a cart for the purpose of cleaning the streets.

Now Dr. Gregory, city health officer, has secured another cart and engaged a man who will begin Monday morning picking up loose paper and small pieces of garbage in Main street and to one block on each side of that thoroughfare.

ALLIES WILL ASSIST GERMANY TO FLOAT BONDS TO PAY DEBT

Associated Press. SPA, July 17.—The allied governments will take appropriate measures to assist Germany in floating loans intended to meet her international debt and to assist her in prompt discharge of the debt to the allies, according to an agreement signed here today by representatives of England, France, Japan, Belgium and Portugal, thus settling the problems relative to reparation.

Distributing the indemnities received from Austria-Hungary and Bulgaria is also provided for in the agreement. Belgium is given priority in the payment of two billion five hundred million gold francs. The agreement enumerates the securities for such priority.

The allies also arranged a method of valuing the ships surrendered by Germany and her allies under various treaties, as well as allocation of these vessels.

Associated Press. PARIS, July 17.—Indemnities received by the allies from Austria-Hungary and Bulgaria will be divided into two equal portions, according to a dispatch from Spa. The first half will be distributed to the nationals in the same proportion as the German reparation. Of the second half, Italy will receive thirty per cent, the rest to be divided among Serbia, Rumania and Greece. Poland's claim will be decided later.

Associated Press. SPA, July 17.—The allied representatives telegraphed the secretary general of the league of nations asking a postponement of the financial conference at Brussels until after December 15. The dispatch said this action was necessary to achieve the result desired.

GERMANS ARE ANGRY AT DELEGATES OVER AGREEMENT ON COAL

Associated Press. BERLIN, July 17.—Indignant protests against the action of the German delegates in agreeing to the allied coal demands as voiced in the manifesto published here by the league in trades representing two million workers.

The organization is separate from the German Federation of Labor. The manifesto declared the agreement "attempts to subject German workmen to a permanent servitude to foreign capitalistic interests."

Associated Press. Mrs. Catt to Nashville. NEW YORK, July 17.—Mrs. Carrie Chapman Catt, president of the Woman Suffrage Association, left for Nashville to center with suffragist organizations in a campaign for ratification of the federal amendment by the Tennessee legislature.

Associated Press. Harding's Speech Ready. MARION, Ohio, July 17.—Senator Harding, republican presidential nominee, virtually finished his acceptance speech today. It will be delivered on Thursday when the committee formally notifies him of his nomination.

Associated Press. Ruling on Absentee Law. AUSTIN, July 17.—Absence from the county of residence sufficient time to entitle a voter to the advantage of the absentee voting law, the attorney general held today was open. He held the voter's absence from the state entitled him to vote.

Associated Press. GROVER CLEVELAND BERGDOLL HAS BEEN CAPTURED IN EAST. PHILADELPHIA, Pa., July 17.—Grover Cleveland Bergdoll, the draft dodger who escaped from army officers here May 21, was captured in Atlantic City at 10:30 o'clock tonight according to a telephone message from a department of justice agent in that city.

The Federal agent also said that Herwin Bergdoll, a brother, also wanted for evading the draft, was with him, but escaped.

ALLIES TO DELIVER ULTIMATUM TO TURK WITH TEN DAY LIMIT

Associated Press. LONDON, July 17.—The allies have arranged to deliver a reply which takes the form of an ultimatum to the Turkish peace delegation in Paris. The Turks are informed that they must signify their willingness to sign the peace treaty within ten days, failing which "the allied powers will take such action as they may consider necessary in the circumstances."

The allies made some minor modifications in the treaty after the Turks had presented their protest, but it is understood these modifications do not materially affect the original draft. The allied reply is in the bluntest language and says:

"If the Turkish government refuses to sign the peace; still more—if it finds itself unable to re-establish its authority in Anatolia or give effect to the treaty, the allies, in accordance with the terms of the treaty, may be driven to reconsider this arrangement by ejecting the Turks from Europe, once and for all."

"The allies are clear that the time has come when it is necessary to put an end once and for all to the empire of the Turks over other nations."

The note refers to Turkish "atrocities" which startled and shocked the conscience of mankind, and says it is estimated that since 1914 the Turkish government has massacred over 800,000 Armenians including women and children.

AMERICAN SOLDIER MISSING IN POLAND IS PROBABLY DEAD

Associated Press. WARSAW, July 17.—Sergeant William Cook of Oklahoma, attached to the American typhus expedition to Poland, is reported missing since the battle between the Poles and the bolsheviks in the vicinity of Minsk. He refused to leave the disinfecting train. He was trying to get out of Minsk and the train was captured by the bolsheviks.

Associated Press. SQUARES PUNCTURED BY BOLL WEEVIL ARE WORTH CASH IN TYLER. TYLER, July 17.—More than 100,000 squares that had been punctured by boll weevils were brought in by Smith county farmers in response to a prize offer to farmers bringing in Tyler the greatest number of punctured squares.

Business men of the city, believing that the most effective method of combatting the boll weevil, which was appearing in alarming numbers in the country, raised a fund to provide weekly prizes totaling \$600 a week for six weeks. These totals are distributed in amounts ranging from \$1 to \$10, and the response indicated that the cotton growers are interested.

The East Texas Chamber of Commerce also advocates the spraying of cotton while the early morning dew is still upon it, with arsenate calcium about once a week, and plowing shallow often in order to keep a bed of hot dust to discourage the weevils that are knocked off the stalks by a brush attached to the single-tree from crawling back up. However, the Chamber of Commerce declares that destroying the squares containing the eggs early in the season is the best method of fighting the pest.

Associated Press. POSTOFFICE CLERKS TO JOIN LABOR FEDERATION. FORT WORTH, July 17.—The state organization of the National Federation of Postoffice Clerks, which was perfected here recently will affiliate with the American Federation of Labor, according to an announcement by the leaders. The constitution and by-laws of the newly-organized body indicate that its purpose is the betterment of conditions and service of the clerks.

Associated Press. First Bale in Mexico. MATAMOROS, Mexico, July 17.—The first bale of Mexican cotton for the 1920 season was ginned July 7, on Rancho las Olivarez, 45 miles south of this border town. It was grown by Conrado Gutierrez, former mayor of Matamoros. The bale was shipped to mills in Mexico City because of the American quarantine against Mexican cotton, due to the prevalence of the pink boll worm in this country.

Associated Press. New High Hog Price. FORT WORTH, July 17.—A new high price for hogs in the southwest was set when James Ditto, of Arlington, a banker, paid \$3,200 for a Duroc Jersey sow.

GOVERNOR COX GIVEN GREAT RECEPTION IN NATIONAL CAPITAL

Associated Press. WASHINGTON, July 17.—The national capital gave a cordial welcome today to Governor Cox, democratic presidential nominee, upon his arrival for a conference tomorrow with President Wilson. A crowd of several thousand people met and almost stamped the governor in their reception. He shook hands with scores, posed for moving pictures, and was greeted by many along Pennsylvania avenue en route to the home of Representative Amsberry, of Ohio, his host while here.

Preliminary to his conference with President Wilson, at 1:30 tomorrow at the white house, Governor Cox talked over campaign questions with several party spokesmen. He will see others tomorrow before leaving at 4:50 for Columbus.

The League of Nations and other international questions, Governor Cox told newspaper men, will be the principal issues discussed with President Wilson.

"The president knows more about international affairs than any one I know, and I am here to counsel with him," said the governor. "It will be the first time I have been with him since his illness, but our relations have always been cordial."

Governor Cox and Senator Hitchcock, after a brief conference, declared they were in perfect harmony on the League of Nations. Senator Hitchcock said the governor's views also were in accord with those of the president.

The senator expressed the opinion that all the democratic leaders would be in accord with the governor.

Senator Sheppard, leader of the dry forces in the senate, declared after a few minutes' talk with Governor Cox, that he was perfectly satisfied with the governor's stand on the prohibition question, and that he not only would support him but would stump for him.

Associated Press. Three Sets of Twins. WACO, July 17.—The third set of twins within fourteen years was recently born to Mr. and Mrs. C. C. Peavy, near here. The first twins were a boy and a girl, the second two boys, and the third a boy and a girl. All are living. In addition, the couple have six other children.

Associated Press. LAWYER BRINGS SUIT TO END THE WAR, SAYS PRESIDENT NO POWER. WASHINGTON, July 17.—Harry A. McCartney, a Chicago lawyer, in his capacity as a taxpayer, today filed suit in the district supreme court to compel Secretary of State Colby to immediately promulgate the joint resolution of congress declaring at end the state of war with Germany.

McCartney based his suit on the ground that the president has no veto power over a point resolution.

Associated Press. Latin-American History. AUSTIN, July 17.—Dr. Charles W. Hackett, adjunct professor of Latin-American history in the University of Texas, has gone to Mexico City, where he will arrange for copying of manuscripts in the Mexican national archives which relate to the history of Texas and the Spanish Southwest.

Associated Press. LLOYD GEORGE SAYS AMERICANS SHOULD HAVE TAKEN A HAND. SPA, Belgium, July 17.—The conference here between the allied chiefs and the representatives of Germany is the beginning of big things, Premier Lloyd George of Great Britain declared today, as the result of the last fortnight's short-fencing with the Germans.

Mr. Lloyd George said it would have been of immense advantage if the Americans had participated in the conference because, he added, they would have brought to it a viewpoint free from European rivalries.

GREAT MANUFACTURING PLANT AT CISCO TO BE IN OPERATION MAKING CLAY PRODUCTS BY NOV.

Development of Wonderful Deposit of Clay Within One Mile of Center of City—Coal to Be Mined—Spur Being Built to Mine—Part of Machinery Purchased for August Delivery—Paving Brick Will First Be Turned Out, to Be Followed By Sewer Pipe, Terra Cotta, Stoneware and All Kinds of Pottery.

By November 15 of the present year, Cisco will be producing paving brick of the very highest quality.

Again Dallas and Fort Worth capital has seen the advantage of investment in Cisco territory. The Cisco Coal and Clay company has been organized "with ample capital."

This company has secured a lease on what is known as the Kleiner tract, owned by Mrs. J. E. Kincaid and her sons and consisting of 160 acres.

On this tract there are four strata of clay and two of coal, each stratum of clay so different from the others as to make it adaptable to more than one of the leading products of the clay industry.

One stratum is peculiarly and highly suitable for the manufacture of paving brick and sewer and drain tile.

Another has proven, under various tests, in modern electrical furnaces, in Ohio and West Virginia, that it will turn out a high grade of stoneware, cooking vessels and architectural terra cotta, as well as fine face brick, running in natural colors from a light steel gray to a dark chocolate.

One of the veins of coal has been developed by 800 feet of tunnels running to a shaft sixty-five feet in depth, exposing three strata of clay and two of coal.

One vein of coal runs from 15 to 35 inches and has a face of 30 inches now exposed. Beneath this, eighty feet, there is another vein running more than thirty inches and on top of which is a strata of lime rock four feet in thickness. This mine which has long been opened and producing coal, will be worked by the new company for commercial purposes until their plant is ready for operation, beginning as soon as the spur to the plant is completed, and this will be constructed at once, making connection with the Cisco & Northeastern, and the railroad people say they will have the connections ready as soon as the spur is built, which is expected to be by September 1.

For the firing of its kilns, the company will use this coal, first pulverizing it and using it with an air-blast, thus conserving and utilizing every unit of heat to be produced from coal.

Evan Jones, who constructed the Humble Oil & Refining company's \$2,000,000 plant adjoining this city, will be the general manager of the company and will go east in a few days to complete the purchase of machinery for the plant.

As stated, the company expects to begin the manufacture of brick by November 15, and will have the plant ready for operation at that time, if anything like reasonable delivery of its machinery can be had.

The company has ample capital and its directorate is composed of successful and active business men who will brook no delay that can possibly be avoided. They are anxious to have the plant in operation at the earliest day possible.

RICHARDSON - BROWN COMPANY WILL OPEN NEW STORE IN CISCO

The new building of the Richardson-Brown company, on Main street, is rapidly nearing completion. In fact, the building is completed with the exception of putting in the front and the fixtures are now being installed. The foreman in charge of the work said yesterday that he expected to have it ready for occupancy within three weeks.

Mr. Brown, of the company, was here last week and left for New York to make additional purchases for the new store. The company contemplates putting in the largest and finest stock of merchandise ever brought to Cisco.

This is an Athens company and has met with wonderful success since it started its first store in that city. Now it has stores at Athens, Waxahachie, Jacksonville and Ranger, with the one in Cisco to be added.

The Athens Review, noting the fact of the opening of the new store in Cisco, says: "Starting in 1912 with only \$11,000 capital, this firm has had a most phenomenal growth. The capital stock was gradually raised until last year, when it reached \$250,000. With the opening of the Cisco store, it will again be raised shortly. The first store was opened at Athens. Later a branch store was put in at Jacksonville, then Ranger and Waxahachie. The Ranger store is the largest of its kind in that city and has done a large volume of business since first opened.

"The firm plans to continue putting in chain stores over Texas which will make it possible for them to buy the output of entire factories and sell merchandise at a much smaller cost."

When the committee hoisted the signal the Shamrock was floundering toward the second mark, virtually in a calm, and hope of the Lipton crowd of making the time limit had long been abandoned. Resolute had led all the way from the starting line and were apparently half an hour ahead of the challenger when the committee's signal was blown.

The race will have to be sailed over again next Tuesday.

GREAT BRITAIN AND JAPAN HAVE AGREED TO RENEW ALLIANCE

Associated Press. HONOLULU, July 17.—Japan and Great Britain have decided to renew their relations, according to an announcement at the Tokio foreign office, received here by a newspaper.

The foreign office stated that a general revision of the treaty had been arranged with changes as to particulars to be made later.

LEAGUE IS FORMED AND CHARTERED TO EDUCATE MEXICANS

Associated Press. AUSTIN, July 17.—The Mexico Instruction League was chartered today, with the purpose of teaching Mexican residents of Texas the laws and customs and to give instruction for qualification of citizenship of the United States. The incorporators reside at San Antonio and Austin.

SOMEBODY JUGGLED PLATFORM OF THE REPUBLICAN PARTY

Associated Press. CHICAGO, July 17.—The law and order plank adopted by the republican national convention has been left out of the platform as printed for distribution and issued from republican headquarters here, Virgil P. Henshaw, chairman of the prohibition national committee, said today.

"Prohibitionists," said Chairman Henshaw, "are thunderstruck by the failure of the republican platform issued by the republican national committee, to embody the law enforcement plank adopted along with other planks by unanimous vote of the republican national convention." The plank referred to by Chairman Henshaw reads:

"The equality of all citizens under the law has always been a policy of the republican party. Without obedience to the law and maintenance of order our American institutions must perish. Our laws must be impartially enforced and speedy justice should be secured."

COL. WILLIAM L. MOODY NOTED BUSINESS MAN IS DEAD AT GALVESTON

Associated Press. GALVESTON, Tex., July 17.—Col. Wm. L. Moody, Confederate veteran, banker and cotton factor and for many years prominent in business circles throughout the state, died at his home here this afternoon. Col. Moody was 92 years of age but despite his age had been active in the conduct of his business up to a few weeks ago.

"Once and For All. LONDON, July 17.—The threat to drive the Turks from Europe "once and for all" contained in the allied reply to the Turkish objections to the peace treaty was made public here today. Such action might follow Turkey's refusal to accept the treaty or failure to give it effect, the reply stated.

How West Texas May Secure Cotton Mills.

"If every farmer in each West Texas county would contribute a bale of cotton toward securing a fund for a cotton mill, each county in most of West Texas would have a large mill, each county in a short time," declared T. M. Caton, one of the leading cotton farmers of Jones county to a West Texas Chamber of Commerce representative.

"For instance, let us say that 1,000 bales of cotton of Jones county's 23,000 bale crop last year were given toward such a fund for a cotton mill in Jones county. At 25 cents a pound it would mean a fund of \$125,000 for a cotton mill owned and operated by the farmers of the county.

"I am quite sure that if the farmers of each county would undertake to finance cotton mills by this method they would not miss the donation of a bale of cotton, for it really would mean that much stock held by him. The dream of West Texas is to take care of its own cotton and the day is coming when some ingenious method will be accepted to bring about this consumation. The "give-a-bale-plan" I am sure would meet with the ready response of the farmers of Jones county."

THAT SACRED HOUR AT CHURCH.

Do you remember the hour of holiest recollections, in your childhood days? It was when the church bells rang, calling the people to worship. These happy hours are past and gone to many, because they have permitted other habits and customs to take possession of them. Do you think we can build a better civilization by thus ignoring the example set by our parents and our parents' parents? Sooner or later, as the years drift by, practically all men realize that a quiet hour each Sunday morning in the church of their choice is an altogether satisfying investment.

AT THE CHURCHES

First Presbyterian.

Services today at 11 a. m. and 8:30 p. m. Preaching by the pastor. Sunday school, 9:45 a. m.—Mr. H. L. Winchell, superintendent. Christian Endeavor Society at 7:30 p. m. A cordial invitation is given to all strangers and visitors in the city to worship with us.—J. D. Lee, Sr., Pastor.

First Christian.

Bible school, 9:45 a. m. Preaching 11 a. m. and 8:30 p. m. Intermediate Christian Endeavor, 6:30 p. m. Senior Christian Endeavor, 7:30 p. m. President E. M. Watts of Texas Christian University will preach at both hours. The public

is cordially invited. Strangers and visitors welcome.—E. H. Holmes, Minister.

Church of the Nazarene.

Will hold services on Sunday, corner of East Broadway and Avenue A. The pastor will bring the message in the morning service and at night. The subject at 8:30 p. m. will be "The Wages of Sin." Sunday school at 10 a. m. Mid-week prayer meeting every Thursday evening at 8:15 o'clock. Our revival meeting begins August 11, Rev. J. E. Throgliff evangelist. We invite you to come and worship with us.—Thomas Albern, Pastor.

Lutheran.

All Lutheran Christians are heartily invited to attend the gospel services that take place at the City Hall auditorium every other Sunday, at 4:30 p. m. Those who have no church of their own or who are still without God and His Grace are especially welcome to attend these services.

East Cisco Baptist.

Sunday school, 9:45 a. m. Preaching 11 a. m. and 8:30 p. m. Ladies meeting Tuesday afternoon at 4 o'clock. Prayer meeting Wednesday evening, 8 o'clock.—Reverend Murphy.

First Methodist.

Worshipping in City Hall auditorium. We extend an invitation to all men to come to church without their coats, and we mean the invitation. Men will be as welcome without their coats as with them. The pastor will preach at 11 a. m. and 8:30 p. m. At the morning service there will be a duet by Mrs. Ben McClinton and Mr. Hooten. At the evening service Mr. Hooten will sing a solo. The services of the day will be as follows: Sunday school, 9:45 a. m.—G. Fisk, superintendent. Morning service, 11 a. m. Story hour, 4 p. m. Intermediate League, 5 p. m. Senior League, 7:30 p. m. Evening service, 8:30 p. m.

Strangers, visitors, and everybody welcome to all our services.—Lewis N. Stuckey, Pastor.

First Baptist.

945, Bible school with classes for all.—H. E. Hittson, superintendent. 7:15 p. m. E. Y. P. U. 11 a. m. and 8:30 p. m. sermons by Rev. C. G. Howard. At the morning service, Mrs. Atkins and Miss Conrad Fath will sing "The Lord is My Light" (Dudley Buck). At 8:15 p. m. there will be a 15-minute popular song service preceding the evening service. Mr. Donald Evans will sing "He Died of a Broken Heart" (Harkness). A cordial welcome is extended to all. The choir is arranging a midsummer musical program for Sunday, July 25, at 4 o'clock. C. F. Hooten, tenor, and Stuart Williams, baritone, will assist the Baptist choir. No admission will be charged, but a silver offering will be received for the building fund of the church.

OKLAHOMA OFFICER OUT VOLSTEADS THE NATIONAL PROHIB LAW

Associated Press. STILLWATER, Okla., July 17.—Despite the fact that Washington has advanced 5,000 prescription blanks permitting physicians to prescribe for medical purposes, none has been issued in the state and J. W. Reese, federal prohibition director for Oklahoma, further states there will be none issued. The director takes the stand that the use of these blanks in Oklahoma violates the state law. This law, he says, prohibits the sale of liquor in any form and has been sustained by the prohibition commission at Washington.

The Oklahoma law contains two permissive features, according to the director, one for the sale of sacramental wine and the other for the scientific uses and for certain compounded non-beverage prescriptions as provided in the regulations. Only in these two cases, he declares will he permit the issuance of liquor, regardless of the federal act.

AMUSEMENTS

Judia Theatre.

Another one of those country boy types which Charles Ray knows so well how to portray is furnished him in his new picture, "Alarm Clock Andy," which will have a two days' run at the Judia theatre, Monday and Tuesday.

Andy is a bashful, stuttering motor truck salesman straight from the "sticks." He has a hard time trying to get along, even when he patterns after Binker, the firm's crack salesman. But he meets and falls in love with his boss's daughter and follows her on his vacation to a summer resort. Here chance puts Andy in the way of a big buyer of trucks, and, suddenly coming to life, he puts over a bit of deception and sells a big bill of goods that puts him on the way to fortune and happiness with the girl.

Charles Ray gives his usual natural, sympathetic performance in the role of Andy. Tom Guise, Millicent Fisher, and George Webb are also excellent in character bits. Thomas H. Ince produced the picture and it is a Paramount-Artcraft directed by Jerome Storm.

Victory Theatre.

It begins on a trans-continental train snowbound on the edge of the arctic, a scene that already summons a thrill. David Raine, a young man who has "lost himself," is running away from the misery and tragedy of a shattered romance.

Then comes thrill on thrill, adventure topping on adventure in that vast white arena of the frozen north that breaks the hearts and strews of men. It is a smashing story of surprise and suspense, of primitive men, beautiful, courageous women, fierce huskies and malamutes, a thrilling fight between grizzly bears, a gruelling battle between men for the possession of a woman, the flight with the girl, the last stand—and then a thundering climax beyond all anticipation.

A masterpiece of dramatic writing that has been turned into a masterpiece motion picture. This is "The Courage of Marge O'Doone."

O'Doone," the powerful story by James Oliver Curwood, which Vitagraph has made into a wonderful picture, a gem of the first water. It will be shown on Monday and Tuesday at the Victory theatre.

Advance styles in feather and taffeta hats are being shown now at Mrs. Kennon's Exclusive Hat Shop. 133

Judia Theatre Monday and Tuesday

"Alarm Clock Andy"

A Rhymed Review

By Russell Holman

Despite his pep, shy Andy Gray at selling trucks proved quite a flivver. He stuttered—and before he'd say a word, his knees would start to quiver.

Then came the day a girl and Fate Combined to put him to the test; His bluffing rival got the gate, And bashful Andy got the rest.

Don't miss this film with Charlie Ray: "Alarm Clock Andy"—laughs galore. The kind you don't see every day! Note: Ray's a country boy once more.

A VITAGRAPH SPECIAL PRODUCTION

THE CAST

- Marge O'Doone Pauline Starke
- David Rain Niles Welch
- Michael O'Doone, the little Missioner George Stanley
- Brokaw, the brute Jack Curtis
- Hauck William Dyer
- Tavish Boris Karloff
- Margaret O'Doone, wife of the Missioner Billie Bennett
- Mukoki, the Faithful James O'Neill
- Tarra, the grizzly bear; Barea, the outlaw dog.

SYNOPSIS.

James Oliver Curwood is an authority on matters pertaining to the Canadian Northwest. He spends a portion of each year in that country and has written several stories using that locale for the background. Many of them have been pictured as special productions and have created a furore wherever they have been shown. Perhaps the best of all the Curwood tales is "The Courage of Marge O'Doone." Certainly it is one of the most dramatic and thrilling pieces of fiction that has come from the pen of James Oliver Curwood. The story moves rapidly and holds the interest from the first flash. The scenic beauty of the backgrounds and their appropriateness to the action are the acme of motion picture photography. A real bear fight; an outlaw dog, wild ferocious, and the photography of a beautiful girl, plays important parts in the story. It is a picture you will remember for a long time and one that you cannot afford to miss.

Same cast as in the famous play, "Back to God's Country."

The Brightest Spot in Town Where Stars Play Every Day.

TO CONVERT INFANTRY INTO CAVALRY IS SLOW WORK SAYS GEN. HULEN

Associated Press. AUSTIN, July 17.—It will be several months before the conversion of the Texas National Guard into a division of cavalry will be accomplished, announced General John A. Hulen of Houston, who was recently made commander of the division and assigned to the task of reorganization.

Quite a number of the infantry units have already been converted into cavalry troops and are being mounted as fast as possible, General Hulen said, but added that it required considerable time to make the necessary changes and enlist a sufficient number of men in each unit to meet the requirements of the war department. When the guard finally is converted into a division of cavalry, it will be one of the finest divisions in the country. In the opinion of General Hulen and Adjutant General W. D. Cape, and will be complete in every detail, including an air squadron and a tank corps.

WHITE MEN TO PICK COTTON AND THEN TRY FOR FARM NEXT YEAR

Associated Press. CORPUS CHRISTI, July 17.—White persons and negroes from throughout the southwest will be included in the cotton picking force in this section this year, reports to the Rural Landowners' Association indicate. Heretofore most of the labor brought into the district to pick the cotton crop has been Mexican. One San Patricio county farmer recently returned from a trip on which he enlisted 298 negro pickers.

Many replies to advertisements for pickers, the association announced, were from white men who sought to come to pick cotton and then obtain a plot of ground to cultivate under rental next year.

PROSECUTION WILL FOLLOW FAILURE TO CLEAN UP PREMISES

Committee of the Chamber of Commerce and Production Makes Report Recommending Strenuous Measures Be Applied and City and Health Officers Will Act Promptly — City Must Be Cleaned.

At the meeting of the Chamber of Commerce and Production on Tuesday night, there was considerable discussion of ways and means to make a cleaner and more sanitary Cisco. From various reports made at this meeting, it was concluded that the citizens of the city of Cisco had not responded to the various appeals that had been made by the Civic League, the Young Men's Business League, the Chamber of Commerce, the city health officer, and other city officials, as they should have done.

The president of the Chamber of Commerce and Production appointed a committee consisting of W. J. Barnes, A. J. Olsen and H. L. Winchell, to make a sanitary survey of the city and to make a report to the city officials calling attention to what is considered the most important steps to be taken in the immediate future.

A preliminary investigation has been made by the committee, which will continue to work during the coming week. Reports will be made from time to time as to specific cases, giving the name of the property owner and the cause of unsatisfactory condition of sanitation, and these reports will be published as made. If the conditions which are declared unsatisfactory are not remedied within a reasonable time after notice has been given, complaints will be filed against all offenders.

As a result of the preliminary survey and report, one complaint has been filed and one arrest made, which resulted in the nuisance causing the arrest being promptly abated.

The committee, in preliminary report, and of the city of Cisco to a general and of the city of Cisco to a general class of conditions which exist generally and which are deplorable in their effect. Among these are the following: First, the failure of the owners or contractors on new buildings to remove promptly old material from the premises, or adjoining streets or alleys. Several instances were noted where rubbish had been permitted to accumulate on the premises, or streets and alleys adjoining a new building, which under no circumstances could be used again. This old lumber or rubbish has been permitted to remain for several weeks, when it would not have cost any more to have moved it away from the building, or out of the street or alley, at the time of its being placed there, than it would several weeks later.

Second, the permitting of sidewalks to be constructed and remain in such condition so as to form a regular catch-trap for rainwater, old papers, cans, cigar stubs, etc. The space between the sidewalks and curb should be filled with concrete at once, and thus do away with this evil. The committee notes in this connection that several of the merchants have complied with previous requests and suggestions along this line.

Third, there are a number of merchants and others who persist in sweeping rubbish, paper, floor sweep and other unsanitary matter into the streets. It is recommended that every citizen who observes any person sweeping matter of this nature into the street, report the same to the city officials promptly, and vigorous prosecution be made.

Fourth, permitting to accumulate in the rear of buildings or in the alleys ad-

joining buildings, rainwater, crates, boxes, soda water bottle containers, ice cream packers, unused machinery, and other things of like nature. This is especially common around the drug stores and cold drink stands, and around garages and repair shops. It is recommended that those who have not complied with the ordinances of the city, regarding the purchase and use of metal covered containers for rubbish, be prosecuted without further notice.

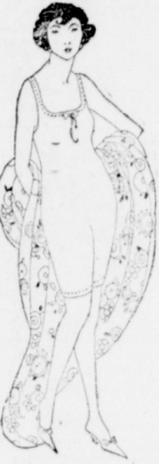

Fifth: Attention is especially called to the failure of the property owners to cut and burn weeds. There are several instances where a property owner has used unusual diligence in keeping up and beautifying his place, while adjoining him some citizen has absolutely failed to keep down weeds. Negligence in this line is inexcusable. The committee has secured the names of approximately fifty property owners who have not complied with the city ordinance, and the city has failed to cut the weeds in the streets in many places where the property owners have complied with the request to cut weeds on their premises.

Sixth: There has been failure to cooperate with Dr. Gregory, who has sacrificed his time and effort trying to point out to the citizens wherein their premises and surroundings are not up to standard. A majority of the citizens show an excellent spirit of co-operation, but there are some who either apparently feel that any suggestion is a personal thrust at them and show a resentful spirit, or they promise everything and do nothing. The committee heartily endorses the work of Dr. Gregory.

The city attorney and the city health officer state that without hesitancy they are going to follow the recommendations of this committee and that if conditions are not remedied, that the prosecution will not be stopped by compliance with the law. Heretofore several have been notified several times of unsanitary conditions or maintenance of premises in such manner as to constitute a nuisance, but no action was taken by the property owner until prosecution was started. As it is not the desire of the officials that any hardship be worked on anyone, prosecution has ceased upon compliance with the law, but it is believed that it is not for the best interests of the city that the practice be continued longer. If conditions are not remedied before prosecution starts, the matter will be pushed with all diligence. All citizens who desire a better Cisco and a more sanitary and slightly Cisco, are respectfully urged by the organizations mentioned above to assist each other in remedying the different conditions which exist and that all failure to comply with the law be reported to the above mentioned committee or to the city officials. There is going to be a cleaner Cisco. It is hoped that this will result without prosecution and as soon as possible, but regardless of what steps are necessary to be taken, conditions are going to be remedied within the next ten days.

Ladies Knit Underwear

AT Greatly Reduced Prices

Will place on sale Monday our entire line of ladies knit underwear at greatly reduced prices. The summer is just beginning yet you have an opportunity to purchase your underwear at very low prices.

We have in stock all sizes in the Low Neck, Sleeveless, Shoulder Straps, Shell Knee, Union Suits for ladies. These are of the finest grade and in white and pink. The famous Maline make. These have been selling for \$1.00, which is a cheap price. We have now reduced them to

78c

We also have the Sealpax — Cumfy-Cut — Last-Long — Fitrite at reduced prices.

Call Monday morning while it is cool and make your selections before the sizes are broken.

"WE SELL FOR LESS"

STATISTICS ON TWO ARMIES IN WAR BETWEEN STATES

W. M. Bell, of Seymour, who is in the city visiting his nephew, R. G. Moody, has a letter he received from Claude Weaver, now postmaster at Oklahoma City, Okla., and former congressman at large from that state, which is as follows:

Oklahoma City, Okla., Nov. 29, 1916. W. M. Bell, Esq., care Western Pharmacy, Seymour, Texas. My Dear Mr. Bell:—

Answering your letter in which you make inquiry as to some statistics given by me in my speech before the Texas

Confederate Veterans at Terrell in October, I am glad to give you the information you request.

In the federal army in the war between the states there was a total enlistment of 2,326,168. In the Confederate army there was a total enlistment of 600,000. The federal army exceeded the numbers of the Confederate army by 1,726,168 men.

In the northern army there were 170,800 Germans, 114,200 Irish, 45,000 English, 52,500 Canadians, and 71,900 other foreigners.

There were also in the northern army 185,017 negroes. The total number of foreigners in the

northern army was 494,900.

You will, therefore, see that there were 50,917 more foreigners and negroes combined in the northern army than all the men enlisted under the flag of Robert E. Lee.

I beg you to accept assurances of my very high regard and best wishes. I hope that many years of happiness remain to you upon this earth.

Faithfully and sincerely yours, CLAUDE WEAVER.

CISCO'S RESOURCES.

That Cisco is not dependent upon the production of oil alone for its future growth and advancement; that it has been bountifully provided for by nature in the wonderfully productive soil of Eastland county, and that the treasure beneath assures it wealth and prosperity, is evidenced by the facts contained in an article in The News of today, telling of the vast riches in clay and coal, soon to be developed.

Here, within one mile of the center of the city, are great deposits of coal, of excellent quality, the mining of which has proceeded in a small way for many years. This production is now to be largely increased and in connection with the manufacture of a great deposit of clay into marketable products.

The deposits of both clay and coal are inexhaustible and the business created by them will endure long after many oil and gas fields have served their turn in the increase of the world's wealth and have been exhausted.

There will be manufactured, at Cisco, brick of most excellent quality, particularly such as are used for paving. Improvements in all West Texas cities are progressing at a rate hitherto unknown. Much of this improvement is in the way of street paving. The material most available for street paving in all the towns and cities of West Texas, both from the standpoint of first cost and in durability, is brick.

There is now a demand for paving brick which cannot be met. That demand is going to increase steadily as the centers of population grow. Cisco will have a market for all the brick it can produce for many years to come.

And it is not in the manufacture of brick alone, in which a company with ample capital will engage, but the clay deposits found here has proven, by many tests, to be adapted to the manufacture of pottery of all kinds, architectural terra cotta, many small articles used in the industries, and it offers the widest field in this line.

The coal and clay being found on the same tract of land, makes possible an adequate supply of

coal for the manufacturing plant. A spur leading to the plant, will afford direct connection with Cisco's three railroads, radiating in five different directions and making it possible to reach markets without delay.

When it is considered in this connection that Cisco is to have the best and largest water supply in the state and an adequate water and fuel supply being the first essentials in the building of a city, it may readily be seen that with the coming of this great clay working plant that other industries will immediately follow. In fact men, with true vision, are already locating, along the spur leading from the city to this new plant, factory sites to be given to new industries at normal cost.

It is difficult for the people of Cisco at this time to realize and appreciate just what the establishment of this great plant means to the city and its future progress.

It means the coming into the business of the city thousands and thousands of capital, and the growing of the city in wealth and population, the coming of hundreds and thousands of workmen, of people who will come here, be profitably employed and establish homes.

With the coming of this great plant Cisco has found itself. Already with a large number of capable business men, active in all matters in which they engage, the city enjoys a reputation second to no city in the state. They are broad minded and liberal and wide awake, as is evidenced daily by the operations of the Chamber of Commerce and Production, of which body they are all members.

Their spirit of progressiveness is evidenced by what is already here. Great business houses, substantial banks, the finest school system in West Texas, splendid water, the supply of which is to be largely increased, churches with handsome edifices, the best railway facilities of any Texas town west of Ft. Worth, all this and more. The foundation has been well laid on which to build a magnificent city and unless all signs fail, the coming of this great clay working plant is the beginning of the advance which was bound to come to Cisco.

WILL AMERICANS STAND FOR IT?

Disappointed by the utter absence of public spirit and responsibility in the national conventions of the Republican and Democratic parties, the independent American people have succumbed to a sense of deep disgust for partisan politics in general. This is a most wholesome reaction and it would promise well for the nation, were there not danger of a further reaction toward apathy.

The politicians count more confidently than the people realize on that interval of time which stretches between the summer conventions and the November election. If the election were to be held today, and if the law required half the number of votes to be cast as were cast at the third Presidential election before a candidate could be chosen, there would not be enough votes cast today to elect either of the candidates to the office for which the parties have chosen them.

The Republican convention was openly and shamelessly dominated by the financial representatives of the powers that pull governmental influences like strings. The party's own methods were clogged and soiled with shameless money scandals. Progressivism and clean republicanism were snubbed, insulted and crushed at every turn. The delegates were sneered, wearied, driven and deceived. And the candidate who emerged from this chaos was even more colorless than the Republican platform, if anything more colorless can be conceived.

The Democratic convention was, if anything, a degree worse, because there was an attempt made at San Francisco which had no parallel at Chicago—the convention was at least given a flaming opportunity to declare its adherence to the moral advance made by the American people with regard to the liquor traffic. But the hand of the defunct and disgraceful whisky business was heavy upon the men that controlled that convention. Paid agents, who were both public officials and private retainers, were in evidence everywhere. There was no question, not even the League of Nations, which received the slavish attention which booze received. The whole convention resembled more a "hang over" from the saloon regime than a gathering of American citizens selected to formulate policies for the solution of the problems which harass the

nation and the world. And a candidate, as unknown and as amenable to control as the Republican candidate, was put forth for the high office of president.

The defeat of McAdoo and the defeat of the movement to insert a wet plank in the platform were the two strong actions of the Democratic convention, but these were neutralized by the selection of Cox. The McAdoo candidacy was one of the most cleverly engineered pieces of political showmanship in the party annals of the United States. That it was heavily financed is a forgone conclusion, but the utmost endeavors of skilled investigators failed to reveal its source, that is, with a degree of certainty that would justify public exposure, its source, however, is generally known, and the defeat of McAdoo was more than the defeat of a man; it was the defeat of a group whose exposure and the destruction of whose power is the most needed reform in the United States and the world today.

There is now no choice whatever between Republican and Democratic candidates, between Republican and Democratic platforms, or, for that matter, between Republican and Democratic parties. The people have been treated the children; their highest hopes have been flouted; their best beliefs have been buried beneath mountains of partisan slush and filth.

The question is: Will the people stand? Have they submitted to so much bulldozing at the hands of the politicians and the parties, that they have lost their sense of ownership of their own government?

There is no question whatever about the widespread public disgust; the question is, How will it emerge? Will it die down into apathy, or will it flame forth into the protest of a Citizens' Movement with a Citizens' Candidate?

It is very doubtful that any party today has the definite cohesion of other years. We hear everlasting talk about "the party" from both Democrats and Republicans. But where is it? It appears that the "party" consists of the men who meet in national convention, and no one else. These "parties" do what they please and then go out and bid for the suffrages of the American people.

There is no reason whatever why the choice of the American people should be limited to Cox or Harding, to the spineless Republican platform or the dead Democratic platform. The American people are too big, their problems too pressing, to permit them to stand on either platform.

Third parties have fallen into disrepute because their sole purpose heretofore has been to boost somebody into office; when they failed to do that they were cast aside. Theodore Roosevelt led out of the Republican party the best blood in it, the young men of the party whose ideals had not been besmirched and whose loyalty to their country had not been weakened by party shackles. But when they proved to be numerically too weak to elect him, although they were morally so strong as to throw a creative shock into the conscience and will of the nation, he left them and went back. Since that failure, which was the failure of an individual and not a movement, third parties have been regarded with doubts.

But a movement of the American people, in rebuke of both the subservient Democratic and Republican parties, would not be the usual "third party"—it would be the nation seizing again its own control out of unworthy hands.

The old parties have no divine rights. What a party convention does, need not be received loyally, as if it were an act of government. The people now know—all of the people know—that the last two national conventions were deliberate caucuses, secret in their real work, for the purpose of "putting over" on the people something that the people do not want, and against which they will be in rebellion before another four years.

Whether the people will take supinely what is given them, or exercise their free power to name their own candidate and make their own platform, whether they will require that their nose be rubbed still deeper in the contempt which the politicians have for them, or will make an end of the present race of politicians at once, is for the immediate future to reveal.

Will there be a clean-up at Washington under Cox or under Harding? Certainly there will be no ouster of the secret rulers of the United States under a Republican or a Democratic regime.

If the people want a clean-up, they must act at once; they must act with-out reference to the precedents set by the discredited parties, and they must act with a confidence in their supreme control over all their affairs.—Dearborn Independent.

From Texas Exchanges

"Course of Empire." The day has almost arrived when "West Texas" will have to move westward. Thirty or forty years ago all of that portion of the state west of Waco was regarded as "West Texas." Today the "west" is supposed to begin in the Brownwood country. Tomorrow this section will be recognized as "Central Texas," and "West Texas" will be out where it belongs—in the west.—Brownwood Bulletin.

The Fond Farewell.

The editor of the Brownwood News, with a heart of stone, wrote an editorial last week under the heading: "Me-Adieu."—Coleman Democrat-Voice.

Would Never Be Missed.

The Rev. George C. Richmond of St. Louis opened the third party convention in Chicago with prayer giving thanks for the Russian revolution and praying for the revolution in the United States. If

we were disposed to beseech the Lord for temporal blessings, we would pray that this Richmond be removed from this sphere of action.—Coleman Democrat-Voice.

Will the Cars Come?

The Panhandle still holds \$2,000,000 worth of 1919 wheat, it is reported, because the growers and buyers were unable to secure cars for its removal. This year's crop is heavy, and apparently the transportation problem is still unsolved. In Russia the farmers have quit raising crops because they could not obtain cars for their removal, and West Texas is not much better off in this regard than Russia.—Arlene Reporter.

Lots of 'Em in Texas.

What has become of the old poke burnt the grandmothers were in the early days, when young women and matrons endeavored to preserve their complexion by shading their faces?

BITS OF HUMOR

Another Sickening Thing.

Prebational Reporter—Didn't that story convince you that I've got a good nose for news?

City Editor—Not by a stick full! But it convinces me that you have a good neck for noose.—Buffalo Express.

Truth Will Out.

"Where's that internal profreader?" shouted an irate man with blood in each eye.

"He certainly would be right hard to find now," said the editor uneasily. "What's he done this time?"

"In the advertisement of my valiseas motor he turned the second v into a u!"—Houston Post.

Enough.

A big, powerful motor car slowed up as the occupants perceived a car of very modest proportions standing by the roadside in a rather battered condition. The owner of the car was on his knees, endeavoring to straighten out some of the parts.

"Have an accident, my man?" queried the man in the big car.

"No, thank you," grumpily returned the other; "just had one."—Life.

Dismay Is Right!

There was a young lady named Banker, Who slept while the ship was at anchor. She awoke in dismay When she heard the mate say: "Now hoist up the top sheet and spanker."—Kingwood (W. Va.) Journal.

Once there was a woman who believed that her husband's folks were quite as good as hers. Her name was Eve.—Winamac (Ind.) Democrat.

Comedy in Make-Up.

Mr. and Mrs. Earl Stock spent Saturday and Sunday visiting the former's parents at Hays. Stock of all kinds look good. They came off the wheat pasture in fine shape and now are on the grass.—Plainville (Kan.) Times.

Insuendo.

Doris—Yes, she was furious about the way in which the newspaper reported her marriage.

Helen—Did it allude to her age?

Doris—Indirectly. It stated that Miss Olde and Mr. Bale were married, the latter being a well-known collector of antiques.—Houston Post.

The Parson Speaks — ON PATRIOTISM —

International News Service.

COLUMBUS, Ohio, July 17.—That patriotic holidays, such as the Fourth of July, have become simply a carnival of commercialism and pleasure is the claim made by Rev. J. J. Tisdall, pastor of the Wilson Avenue Church of Christ, here.

"Mildness in American's own patriotism is one of our most intimate dangers," he said, discussing "Patriotism." "As a nation we have allowed the multitude to become permanent citizens, chiefly for their own pleasure and profit without application for citizenship and without assurance that they would be safe persons to have among us.

"Many have been living here for years thinking more of the country where they were born and with loyalty and patriotism to that country—instead of for the land which gives them their liberty, their prosperity and their bread."

"Everyone is joining the Ows."

NOTICE.

Eastland, Texas, July 12, 1920. To the Voters of Eastland County, Texas:

Dear Friends—

Mr. W. V. Dunnam, of Eastland, who is a candidate for the office of County Attorney of Eastland County, was very suddenly taken with acute appendicitis some days ago, and was compelled to undergo an operation for same, and he is now confined to the sanitarium on account of the operation, and although he is doing as nicely as could be expected, he is not very likely to be able to be

BURNS HUNT'S LIGHTNING OIL RED FRONT DRUG STORE

out among the voters of the county any more before the July primaries, and for fear some might not understand why Mr. Dunnam is not active in his campaign and might even conclude that he is out of the race, his friends take this method of informing the voters of the county that Mr. Dunnam is still a candidate for the office of County Attorney of Eastland county, and will be in the race to the end, and is still confident of victory. All he asks is that you do not forget that he is still in the race, and that you give him a fair consideration.

Mr. Dunnam's many friends feel very confident that he will be elected. Perhaps the main reason they feel that way about it is that they know Mr. Dunnam and they know him to be a very capable and active young lawyer, and further, that he is fearless and has no favorites; and will have none when it comes to enforcing the law. That is what Eastland county needs, especially now, since the oil boom has come to the county and with it a wave of criminals and consequent crime.

Another good point in Mr. Dunnam's favor is that he is full of energy to the brim, and is such that he will not spare himself when it comes to a thing well worth he might undertake. If he is elected to this place, he pledges you that he will give his personal attention to enforcing the laws of the state, and if it is necessary that he have assistants, he will employ the very best obtainable and will then supervise their work personally.

Mr. Dunnam must leave this matter in your hands without again seeking you personally, because of his unfortunate spell of sickness, but all he asks at your hands is a fair consideration. He asks after you have done that, that you do not fail to go to the polls on July 24 yourself, and that you will use your influence in getting your friends to go. After that has been done, he feels confident that you will cast your votes for the man who will be diligent and capable in looking after the enforcement of the law in our county, and who will have no fear of favoritism in so doing.

NOTICE. Republican Primary Convention, Precinct No. 6, Eastland County Texas. In compliance with the instructions of the State and County Chairman and in accordance with the election laws of the State of Texas, I hereby call a precinct primary convention of Precinct No. 6, of Eastland County, Texas, to be held at City Hall, on Saturday, July 24, 1920, at 8 o'clock p. m., for the purpose of electing delegates and alternate delegates to the Republican County Convention, to be held at the county seat of said county, in accordance with the call of the County Chairman, for electing a precinct chairman, balloting for county chairman, and for the transaction of such other business as may properly come before such primary convention.

This precinct is entitled to elect delegates and alternates to cast one vote for every five votes or major fraction thereof cast in this precinct for Hon. Chas. A. Boynton, Republican nominee for Governor in 1918; and in any event is entitled to one vote.

Only legal voters are entitled to participate therein as specified in the State Call. N. F. PAYNE, Chairman, Precinct No. 6, Eastland County, Texas.

AMERICAN SHIPPERS CONTRACT TO SUPPLY NORWAY WITH COAL

International News Service.
LONDON, July 17.—It is reported here that contract has been made with a body of American coal shippers, by the Norwegian government for the supply of a large amount of coal. Special shipping facilities are said to have been given by Norway for the conveyance of the coal, and the contract will operate to the advantage of America in obtaining supplies of wood pulp for paper.

With the decontrol of coal by the British government there also comes a further diminution of the amount available for export. So that there is little expectation of any appreciable reduction in price or increase in quantity. The production of the South Wales coal fields is to be further reduced by 250,000 tons per month, and of the quantity to be exported 45 per cent will be allocated to France, 20 per cent to Italy and 25 per cent to the home market.

American competition in the coal market has been felt for some time by the British exporters, and now that twenty million tons of coal yearly are available where formerly seventy-three million tons were proffered it is felt by the British dealers that there is going to be some difficulty in retaining continental markets for British coal.

Bold, Bad Bandits.

International News Service.
NEW YORK, July 17.—Bandits, not satisfied with money taken from the pockets of Thomas Kelly, broker, clubbed him, removed his shoes and slit the soles. They weren't overlooking any possible hiding place for valuables. Kelly often carries fortunes in bonds. When arrested he had receipts of thousands of dollars worth in his pockets.

Card of Thanks.

The Civic League wishes to express its appreciation to all who took part in the play of Friday night, and to Mr. Olson for his fans, to Mr. Wade for the train light, Mr. Kelly and Mr. Blaiser for services rendered.

MISS CORA HARRIS.

RAILROAD BILLS BY LAST LEGISLATURE NOT YET EFFECTIVE

Associated Press.

AUSTIN, July 17.—Two bills affecting the state railroad, which were passed by the last called session of the 36th legislature, will not become effective until Sept. 18, or ninety days after the final adjournment of the sessions on account of failure to call the roll on the measures in the house of representatives, according to Chief Clerk Reese of the state comptroller's department.

One of these bills carries an appropriation of \$70,000 to pay the debts of the state railroad accruing prior to June 1, 1920. Holders of these claims against the road have been writing to the comptroller's department desiring to know if the funds now are available. They are being advised to file their claims with the state prison commission in duplicate and properly sworn to and after the prison commission approves the claims they will be paid on or after Sept. 18. All debts contracted since June 1 to Sept. 18 will be paid out of the general revenue funds after having been approved.

The other bill authorizes the prison commission to expend \$50,000 out of its funds for the rehabilitation of the state railroad and place the line in operation. As the bill does not become effective until Sept. 18, the commission cannot act until then.

WOMEN GOOD BALLAST FOR "SHIP OF STATE"

International News Service.

COLUMBUS, Ohio, July 17.—"American men will find women good ballast. This is the declaration made by Mrs. H. O. Havemeyer, New York, addressing local suffragists at a luncheon here.

"We do not want to take the enfranchisement away from the men. We only want ours. They can keep theirs and share ours, once we get it," she continued.

"Here I am with eleven grandchildren and white hair endeavoring to secure what every man in the country has as a gift.

"We women are not going to be used as fodder for political machines.

TEXAS WATER WORKS ASSOCIATION WILL HAVE WIDE PROGRAM

Associated Press.

AUSTIN, July 17.—According to an announcement of Dr. C. W. Goddard, state health officer, an interesting program will feature the first annual meeting of the Texas Water Works Association, which will be held in Austin July 19 and 20. Committees in charge have arranged a practical program for the presentation of papers and discussion on the subject of safe water production and the operation of water works plants, as follows:

- Application of engineering principles to offset increased cost of labor and materials.
- Cost of construction of water systems in small towns.
- Value of raw water settling basins.
- Abilene's new reservoir and water works system.
- Water power development in Texas.
- Value of water to health.
- Future plans and purposes of the Texas Water Works Association.
- In addition to this program, entertainment features have been provided, such as a picnic, watermelon feast, teamboat ride on Lake Austin, automobile sight seeing tour and vaudeville entertainment.

"The Texas Water Works Association affiliates itself with the State Board of Health by having for its general object the promotion and betterment of health and sanitary conditions in Texas," said Dr. Goddard. "You are reminded of the fact that the short course for water plant operators, in February, given under the auspices of the State Board of Health and the University of Texas, was the outcome of this worthy organization. The support and co-operation of the various municipalities of the state have been instrumental in making this enterprise a success.

VET, FEARING OPERATION, DISAPPEARS FROM HOME

International News Service.

PATERSON, N. J., July 17.—Fear of a fifth operation is believed to have been the motive for the mysterious disappearance of Albert Wunsch, ex-soldier, of No. 311 East Railway avenue, this city.

Wunsch was one of the first to enlist from Paterson after this country entered the war. He was sent to Fort Oglethorpe and while there suffered a severe attack of frost bite. There followed four operations in which all the toes on his right foot were amputated. Wunsch is twenty-four years old, five feet eleven inches tall and weighs about 140 pounds.

AMERICANS RID GUAYAQUIL OF YELLOW PLAGUE.

International News Service.
NEW YORK, July 17.—Yellow fever experiments conducted at Guayaquil, Ecuador, by the Rockefeller Institute medical research have rid that notorious seed-bed of the disease for the past thirteen months. Guayaquil had not been free of the menace since 1842.

The technical development in handling the scourge in Ecuador will be of world-wide benefit in reducing mortality. Dr. Hideyo Noguchi, institute bacteriologist, conducted the research at Guayaquil.

CLERGY IN TRANSYLVANIA GET ONLY \$8.04 A YEAR

International News Service.
NEW YORK, July 17.—Stating that Lutheran ministers in Transylvania receive salaries of only \$8.41 a year at present exchange rates and that a suit of clothes that costs six months' pay. Rev. Berthold Buckolia, special representative of the Lutheran churches in Transylvania appealed for aid to the executive committee of the National Lutheran Council.

Rev. Buckolia said the church in Transylvania is 300 years old, includes 200,000 parishioners and maintains 200 common schools, nine colleges, eighteen technical seminaries, fourteen orphan's homes and two hospitals. He said the church's financial conditions was critical.

WORKED IN LAUNDRY TO REDUCE WEIGHT.

International News Service.
ATLANTIC CITY, July 17.—Emory Titman, who a year ago claimed all records for weight for his age, has cashed in enough bets to keep him in smokes for another year no matter what "reformers" do to the "weed" January 1 Titman, then weighed 623 pounds, decided to reduce. His friends joshed him, and he began to wager cigars that he would be down to 400 by his thirty-first birthday. He volunteered as a laundryman and worked almost continuously in the steam room. The fat began to roll off, and then he went about among his friends wagering more cigars that he would be down to 350 by July. These friends gathered about him as he got on the scales and looked on in amazement when the dial registered 347. His rigorous training course has knocked off 276 pounds in seven months.

BARTLETT PEARS TO HAVE FIXED GRADES SAYS FRED W. DAVIS

Associated Press.
AUSTIN, July 17.—Fred W. Davis, commissioner of agriculture, has promulgated and established the following standard grades for Texas Bartlett pears in accordance with Chapter 181, Acts of the regular session of the 38th legislature:

Extra Fancy—Shall consist of Bartlett pears, clean, bright, natural color and shape, sound, free from worms, specks, blemishes, bruises, or limb-scarred fruit.

Fancy—Shall be the same as "Extra Fancy," except it may contain ten per cent of fruit that is slightly scarred and slight blemishes that do not injure the texture of the skin or its keeping qualities.

Choice—Shall be the same as "Fancy," except it may contain ten per cent of fruit that is misshapen and with worm stings that have healed over.

C Grade—Shall consist of all fruit which does not meet the requirements of the higher grades as to blemishes and deformities, but which in every way is sound and merchantable.

Culls—Any pears not measuring up to the above specifications shall be branded as culls.

Packing—All fruits shall be tightly packed in clean standard boxes, one end stamped with the grade, number of pears, name of and postoffice of packer, except that culls may be marketed in standard bushel containers.

"H. C. L." STANDS FOR HIGH COST OF LIQUOR

International News Service.

ATLANTA, Ga., July 17.—Owing to the aeronautical aspects of the cost of living or other reasons not stated, persons inclined to prohibition in Georgia and ultra-liberal views in Cuba will be forced to pay \$10 for passports in the future. The old fee of \$2 became a thing of memory, according to J. C. Boone, deputy clerk, who attends to the details of putting the official visa on applications for passports to Czechoslovakia, Finland, Kamchatka, but most particularly Cuba.

Travel to Cuba from the Atlantic is not as brisk as in the past. The records in Mr. Boone's office indicate that only one voyage to the vale of Bacchante is registered every twenty-four hours, and some of these applications are really business trips.

Cuba, the authorities at the Federal building are reliably informed, is not under the benevolent protection of the Anti-Saloon League.

BAR WILL OF WIDOW WHO TOOK HER MEALS WITH NINE PET CATS

International News Service.

NEW YORK, July 17.—The supreme court has handed down a decision upholding a decree refusing to admit to probate the will of Mrs. Jane E. Barney, octogenarian widow who was found dead on the kitchen floor of her home in New Providence, N. J., in 1915.

The aged woman left an estate valued at more than \$300,000 and willed practically all of it to a second cousin, Lewis V. Ennis, cashier of a New York bank, who had never known his benefactor until three or four years prior to her death.

When Ennis offered the document for probate the other relatives of Mrs. Barney, several first and second cousins, precipitated one of the most hard-fought contests ever known in the Surrogate's courts.

Counselor O'Neill established that, although the aged widow had in a manner been able to look after her affairs for fifteen years prior to her sudden death, she had been an inmate of an insane asylum during the several years between 1871 and 1888.

Witnesses testified that while Mrs. Barney possessed an income of \$2,000 a month, she was so miserably poor that she would not buy sufficient food to keep up her health and strength. The evidence showed that she lived on about \$5 a month for food.

Among the incidents cited by witnesses to show the eccentricities of Mrs. Barney was her custom of eating her meals with several cats, sometimes as many as nine on the dining table.

Notice to Voters of Cisco School District.

We, your school trustees, have realized for some time the necessity of a High School building. We have, by using auditoriums in ward buildings for two class rooms each, 25 class rooms, and we have 33 teachers. We had in our March census 1351 school children, and we have every reason to believe we will increase instead of decrease by next school term. We believe Cisco will be more crowded than ever before by September 15. As before indicated, we are short nine class rooms, but we are arranging to use office rooms, auditoriums, basements, and all available space, and will therefore need only six temporary class rooms ready for use by the next school, and these rooms will have to be made of wood. We are figuring to use at least all windows, doors, blackboards, etc., in the new permanent building, and may be able to arrange to use all the lumber. If not, we are planning to so build the temporary building that we may dispose of the lumber with very little loss. We are hoping and expecting not to use the entire \$250,000 bond issue, but signed a lot of said bonds. We propose to begin to investigate prices, etc., regarding a new building immediately after the bonds have been voted, but owing to the high cost of building material and labor, we really do not expect to begin actual construction on the permanent buildings for some time.

We feel this bond issue should carry by a solid vote, and we know it will if the voters will only stop and consider the matter.

Cisco may never be an oil town, and in spite of great water supply, abundance of fuel, great railroad facilities, etc., we may fail to be the industrial city we have dreamed of, but we know there are lots of people within forty miles of Cisco, and lots of children, and we know that with a new, up-to-date High School building we are by far the most desirable place for common school education in this oil belt. We, therefore, urge and beg our friends and neighbors to stand by us and make Cisco the educational center of the oil belt, and in return we assure you we will do our best to make Cisco schools the greatest in the State of Texas.

Yours in confidence,
J. T. McCARTY,
E. P. CRAWFORD,
J. E. MCCORMY,
J. T. BERRY,
JAMES L. SHEPHERD,
A. J. OLSON, Trustees.

12441

NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS.

Notice is hereby given, to whom concerned, that the Texas Company, the postoffice address of which is Houston, Texas, did on the 19th day of June, A. D. 1920 file its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to appropriate from the unappropriated waters of the State of Texas sufficient water for mining purposes, to be impounded in Colony Creek, a tributary of the Leon river, in Eastland County, Texas, by means of two dams, and to be diverted by means of a pumping plant, said two dams to be located at points which bears (1) S. 26 degrees W. 3546 ft. and (2) S. 12 deg. 30' W. 5559 feet from the Northeast corner of J. W. White survey from bank to bank, of Colony Creek in Eastland County, Texas, and are distant in a Northeasterly direction from Eastland five miles.

You are hereby further notified that the Texas Company is to construct two dams of earth and rock riprap, dam No. 1 to be 10 feet in height, 670 feet in length, having a top width of 6 feet and a bottom width of 42 feet, creating a

reservoir having an average width of 225 feet, length of impounded water 1445 feet, and an average depth of stored water 0.8 feet, having a storage capacity of 6 acre-feet, and dam No. 2 to be 8 feet in height, 600 feet in length, having a top width of 8 feet, and a bottom width of 25 feet, creating a reservoir having an average width of 78 feet, length of impounded water 558 feet, and an average depth of stored water 1.2 feet, having a storage capacity of 1.2 acre-feet, and to divert therefrom not to exceed 85.4 acre-feet per annum.

A hearing on the application of the said Board of Water Engineers for the State of Texas, at the office of the Board, in Austin, Texas, on Saturday, July 31, A. D. 1920, beginning at ten o'clock a. m., at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of said Board in Austin, Texas, this the 21st day of June A. D. 1920.

W. T. POTTER,
C. S. CLARK,
JNO. A. NORRIS,
Board of Water Engineers.

Attest: A. W. McDONALD, Secretary.

CANINE HERO OF WAR IS DECORATED BY BUSINESS CLUB

PHILADELPHIA, July 16.—Among the war heroes decorated over the country at Independence Day exercises was a three legged dog which saw service in France as a mascot of the One Hundred and Ninth Infantry. The animal was presented with a silver medal by the South Germantown (Pa.) Business Men's Association. The medal was provided by the women's Society for the Prevention of Cruelty to Animals.

The dog accompanied a soldier named McCool to France. Both were wounded, the dog having a leg shot off. McCool before his death in a hospital, gave the dog to a buddy, and the latter, upon his return, gave the dog to a Philadelphia Woman. The dog catchers recently captured the dog, and when it was claimed by its owner its history was revealed.

CHECKS GOING STRONG FOR TRADE UNIONISM

LONDON, July 16.—Czechoslovakia is going strongly for trade unionism, according to a statement issued here by the labor party. Under the old count it is stated that there were only 15,000 trade unionists, and today there is a total of 120,000. Cooperative societies have increased from eight to fifty-seven, and, in addition, 192 agricultural cooperative societies have been formed.

NEW YORK BUSINESS MEN TAKE TO FLYING, NUMBER INCREASING

Associated Press.
NEW YORK, July 17.—About 100
business men scattered throughout the
United States more or less regularly fly
in airplanes between their homes in the
country, at the mountains or the shore
to their city offices, according to an es-
timate of the Manufacturers' Aircraft
Association. The number of itinerant
aerial "taxi-drivers" who carry passen-
gers on short, but remunerative flights
is placed at some 300.

"There is a steadily increasing de-
mand for aircraft of the commercial
type," says a report made to the associa-
tion, "but, contrary to some published
reports, the demand does not equal the
supply. Factories now in operation in
the United States could construct ten
times the number of aircraft which op-
timists estimate would be required this
year."

A trip throughout the country taken
by representatives of the association re-
vealed some interesting uses to which
aircraft are being put. "In Seattle dur-
ing the tourist season," the investiga-
tors reported, "a passenger airplane
makes daily runs over and around
Mount Ranier, flying at 20,000 feet,
some 5,000 feet above the mountain.

"At the Santa Barbara seaside resort
a flying boat is in daily operation over
the channel, two of its most interesting
passengers during the early part of this
year having been the king and queen
of Belgium. Regular flights are being
conducted over Southern California with
a baby blimp.

"There is considerable agitation for
an extension of the aerial forest patrol
of California, which has been instru-
mental in protecting life and property
from fire loss. The California Rice
Growers' Association, which last year
established a service patterned after the
forest patrol over 15,000 acres of rice
lands, has enlarged this service to guard
double that acreage.

"Two flying boats are being used for
transporting supplies from Seattle to
a mining company in British Columbia."

URGE BERLIN WORKMEN TO PREPARE FOR STRIKE

International News Service.
BERLIN, July 17.—Handbills and
posters in the workers' sections of Ber-
lin urge the laboring classes to stock
up their larders for the next general
strike.

"No power on earth except hunger
can compel you to work," says one of
these dodgers. "Provide yourselves with
whatever staple provisions you can get
together. These are better munitions
than shot and shell. Save something
daily from your little wages for assem-
bling food supplies, and you are un-
conquerable. Awake from your leth-
argy."

CISCO LOSES TO THE GORMAN TEAM WHILE LEADERS TAKE DROP

Ranger is Trimmed By Mineral
Wells In First Game of the
Series — Abilene Cleans Up on
Eastland — Makes Big Shift in
the Percentage Column.

Cisco is reported as having lost to
Gorman yesterday, by a score of 5 to 4.
At first this was claimed to be not offi-
cial, but later reports insisted it was.

Mineral Wells won from Ranger, the
leaders, 4 to 3, and Abilene defeated
Eastland by a score of 9 to 7.

This makes a shift in the percentage
column, Abilene going to second place
and Cisco with Mineral Wells tied for
third.

Mineral Wells 4, Ranger 3.

MINERAL WELLS, July 17.—Min-
eral Wells took the first game of the
series, 4 to 3, in a fast, snappy game.

Score by innings— R H E
Ranger 300 000 000—3 7 1
Mineral Wells 000 400 002—4 7 2

Batteries: Bayer and Penn; McQueen
and Byers.

Summary: Three-base hit, Lovelace;
two-base hit, Clopp, Lovelace; struck
out by McQueen 2, by Bayer 3; bases on
balls, off Bayer 3, off McQueen 1; time
of game, 1 hour 35 minutes; umpire,
Wakefield.

FRIDAY'S GAMES.

Cisco 7, Eastland 4.

EASTLAND, July 17.—After Eastland
had a two-run lead, Cisco drove over
five runs in the eighth and won the
game Friday, 7 to 4.

Cheeves pitched a good game up to
the eighth, allowing only four scattered
hits, and the side would have been re-
tired in the eighth runless but for an
error and a missed double play.

Score by innings— R H E
Cisco 000 001 051—7 12 3
Eastland 100 100 110—4 10 1

Batteries: Kotzelnick and Chapman;
Cheeves and Lewis.

Summary: stolen bases, Beard, Mahn
(2), Johnson, Griesenbeck; two-base hits,
Hartick, Thrash (2), Johnson; home
runs, Payne, Earnshaw; struck out, by
Kotzelnick 9, by Cheeves 2; bases on
balls, off Kotzelnick 2, off Cheeves 3;
double plays, Kotzelnick to Chapman to
Anderson to Chapman; Payne to Lewis;
hit by pitcher, by Cheeves (Thrash and
Beard); wild pitch, Kotzelnick; umpire,
Doyle.

Mineral Wells 5, Abilene 1.

ABILENE, July 17.—Mineral Wells
took the third game of the series from
Abilene Friday, 5 to 1, an easy victory.

Score by innings:
Mineral Wells 002 200 010—5
Abilene 000 000 001—1

Batteries: Hill and Byers; Gaines, C.
Hill and Shaffer.

Ranger 3, Gorman 1.

RANGER, July 17.—For the second
time in three days, Lefty Adkins, side-
wheeler from Arlington, was too many
for the Gorman Buddies and the Nitros
won the third and deciding game of the
series Friday, 3 to 1. Baldridge opposed
him. Popboy Smith was chased from the
field and from the stand by Umpire
Wakefield for taking violent exception
to a ruling in the eighth frame.

Score by innings:
Gorman 010 000 000—1
Ranger 002 000 102—3

Batteries: Baldridge and Whitney;
Adkins and Penn.

Associated Press.
MEMPHIS, Tenn., July 17.—Chick
Evans of Chicago, won the Western
amateur golf championship, defeating
Clarence Wolf, of St. Louis, five and
four.

WEST TEXAS EDUCATOR WILL DELIVER ADDRESS

Special to The News.
AUSTIN, July 17.—The commence-
ment address at the graduation exer-
cises at the close of the summer school
of the University of Texas, on August
31, will be delivered by Dr. O. H. C. Ay-
er, of Simmons college, Abilene.

Dr. Cooper is one of the leading edu-
cators of Texas. He has been engaged
in educational work in this state for
nearly 45 years. He was one of the ad-
visory educational committee appointed
by Governor O. M. Roberts in 1878 to
make an educational survey of the
State of Texas and to make recommen-
dations to the governor for his guidance.
This committee recommended the crea-
tion of the Sam Houston normal, which
was established in October, 1879. Dr.
Cooper was the first assistant in the
Sam Houston normal, has been presi-
dent of Baylor university and state su-
perintendent of public instruction. He
is now a professor in Simmons college.

The new taffeta and feather hats,
which are now being shown at Mrs.
Kennon's Exclusive Hat Shop, are the
handsomest that have been seen in Cis-
co. You will like them. The prices are
reasonable. 133

FOR OVER THIRTY YEARS

CISCO, TEXAS

PERSONAL MENTION

Edna May Westerfelt left the first of the week to visit in San Angelo and other places.

Mrs. O. C. Walker and children have returned from Muncie, Ind., after visiting a month.

S. E. Page, contractor, 1103 West Seventh street, has gone to Rochester, N. Y., to join his family for a two months' vacation.

The Woman's Missionary Society of the Methodist church has postponed its kitchen and dining room shower until Wednesday, August 4, at 4 o'clock p. m., owing to the fact that part of the church is not yet completed.

Hon. A. E. Firmin, of Ranger, candidate for county attorney of Eastland county, was in Cisco Saturday in the interest of his candidacy.

R. E. Caldwell returned Friday from a business trip to El Paso and Deming, New Mexico.

Mrs. Annie E. Blankenbecker, of Stamford, arrived yesterday and is the guest of her son, F. A. Blankenbecker.

Mrs. W. H. Kittrell, Jr., her two children and her sister, Mrs. Harriett Jackson, left on the Sunshine Special yesterday for Dallas. Mrs. Jacobs and sis-

ter have been guests of W. H. Kittrell, Sr., for the past two weeks.

Mrs. B. S. Huey and sons arrived home Saturday from Abilene, where Mrs. Huey has been visiting her parents.

Miss Lucy Kittrell is home from John Tarleton summer school, at Stephenville, for a short visit.

The play, "Scenes in a Union Station," for the benefit of the Civic league, was a great success financially, and the auditorium at the city hall was comfortably filled when the curtain arose last evening. Fifty-five people participated and kept the audience in a high state of excitement throughout the evening. The play was under the direction of Miss Cora Harris, and, through her efforts and those of her co-workers, the league is richer to the extent of about \$200.

HEAVY RAINS FALLING IN NORTH CENTRAL TEXAS.

PORT WORTH, Texas, July 17.—Heavy rains are falling this afternoon at Strawn, Decatur and Bowie, north and west of Port Worth, breaking the heat wave. The downpour between Decatur and Bowie has been so heavy that roads are impassable.

Many bought late summer hats at the half price sale advertised at Mrs. Kennon's Exclusive Hat Shop. Just a few late styles left. They are still 50 per cent off.

Insurance Swindlers.

DALLAS, July 17.—Thousands of dollars are being collected from automobile insurance men by an organized band of swindlers who are operating in the vicinity of Dallas, according to local police officials, who declare the swindlers insure an automobile, hide it, report the car stolen, and when it is not found after a reasonable length of time collect the insurance. Then they bring the car out with new numbers all round, take out a new policy upon it, and repeat the process.

Preached for 61 Years. HOUSTON, July 17.—Rev. W. R. Casaway, who died recently at the age of eighty-three at Logansport, La., had preached in Texas sixty-one years. He was one of the early Methodist circuit riders of the state, and preached his first sermon in Shelby county when he was twenty-two years old before the civil war.

COTTON OUTLOOK IS SPLENDID THROUGH ALL OF WEST TEXAS

STAMFORD, July 17.—The condition of the cotton crop in West Texas up to July 15 was never better, according to the West Texas Chamber of Commerce, following the compilation of reports from invarious cotton growing territories of the West. The grasshopper did some damage in scattered parts of the country, but has now practically disappeared.

The weather has been unusually warm over most of the cotton belt during the last seven days, which has tended to accelerate growth and fruiting. The cotton crop was considerably backward due to late planting, but now growing rapidly. A good rain over the cotton belt within ten days would insure a crop as large as that of 1919, according to well-informed cotton farmers.

The activity of the web worm, reported from divers points last week, seem to have been considerably curtailed by the rapid cleaning of fields of weeds and the unusually warm weather. The damage was much less than expected.

A conservative estimate of the yield for Jones county, recognized as the banner county of the West for cotton, and in 1919-20 second in the state in point of cotton production, has been placed at 100,000 bales. The average this year is almost double that of 1919.

Preached for 61 Years.

HOUSTON, July 17.—Rev. W. R. Casaway, who died recently at the age of eighty-three at Logansport, La., had preached in Texas sixty-one years. He was one of the early Methodist circuit riders of the state, and preached his first sermon in Shelby county when he was twenty-two years old before the civil war.
