FRIDAY, SEPTEMBER 11, 1931

NUMBER 5

Cisco Public Schools Are Opened Monday

Cisco Public Schools opened with appropriate exercises here Monday morning at 9 o'clock. The auditorium at the high school building was packed to overflowing with both students and patrons. The opening number on the program was the "Victory Song," by the students, with W. G. Collum at the piano, and a four piece orchestra. The exercises were presided over by Principal H. Brandon, who after an invocation by Rev. E. S. James of the First Baptist church, made a few very fitting remarks and extended a welcome to all the students. He presented four new members of the school faculty: Misses Alma M. Wells, Elizabeth Dial, and Willa Mae Snyder and the new coach R. L. Jeffries.

Senior and Junior students were registered Monday morning following the exercises, and Sophomores and Freshmen in the afternoon. Class work began Tuesday morning.

Following is a listing of the teachers in the Cisco schools, showing their experience and kind of certificate held by each:

Teachers with five years or less experience:
Mrs. H. B. Allen, first class elementary certificate.
Miss Lucille Spruill, first class elementary certificate.
Miss Arlene Scudder, first class elementary certificate.
Mrs. Edward Lee, first class elementary certificate.
Mrs. James Moore, first class elementary certificate.
Miss Travis Watson, A. B. degree, permanent high school certificate.
Mrs. Sherman Roberts, B. S. permanent certificate.
Miss Marian Chambliss, A. B. permanent high school certificate.
G. B. Drake, B. S. permanent high school certificate.
Willa Mae Snyder, B. S. permanent high school certificate.
Teachers with five to 10 years experience:
Mrs. J. L. Leach, permanent primary certificate.
Miss Thelma Nall, permanent primary certificate.
Miss Esther Bradshaw, A. B. permanent first class certificate.
O. L. Stamey, permanent certificate.
Mrs. Hallmark, college elementary certificate.
Mrs. H. Brandon, B. S. permanent high school certificate.
Miss Ella Andres, A. B. permanent high school certificate.
Mrs. G. Connally, A. B. permanent high school certificate.
Howard H. Goss, A. B. and

Site Is Selected For Federal Building

Site for Cisco's new federal building has been selected. The treasury department at Washington, according to advices received here has chosen the property at the corner of Sixth street and avenue E. The property consists of 250 feet on Sixth street and 115 feet on avenue E. Portions of the property belong to Mrs. A. P. Slater, Wm. Reagan and the Twentieth Century Club, respectively. Guy Dabney served as agent for the property in submitting it, and the purchase price for it is given out as \$12,500. Plans for the building, which is to be erected by the government on this site are now being prepared, and actual construction is expected to start around the first of the year.

Labor Day was observed here Monday by the closing of the post office and the banks. Otherwise business went on about as usual.

B. S. permanent high school certificate.

H. Brandon, B. S. (two-thirds of graduate work completed,) permanent high school certificate.

Leonard Hill, A. B. permanent high school certificate.

Miss Alma M. Wells, A. B. permanent high school certificate.

Teachers with 10 years or more experience:

Miss Lois Grantham, degrees permanent certificate.

Mrs. A. S. Johnston, permanent certificate.

Miss Mayme Estes, permanent primary certificate.

Mrs. R. E. Grantham, permanent certificate.

Miss Fannie Stevens, permanent certificate.

Miss Attie Stevens, permanent primary and kindergarten.

Miss Ruby Swift, permanent.

Mrs. J. W. Triplitt, permanent.

Mrs. C. M. McAfee, permanent primary.

Mrs. T. C. Williams, permanent primary.

T. C. Williams, first grade permanent.

Miss Lucy Kittrell, permanent primary.

Miss Byrd Bacon, permanent.

Mrs. Lucretia Irby, A. B. M. A. from T. C. U., graduate work at Texas U., permanent.

Mrs. O. L. Stamey, A. B. permanent.

E. H. Varnell, B. S. permanent.

Miss Lucile Robinson, A. B. and M. A. permanent.

Mrs. E. L. Hazlewood, A. B. permanent.

Commission Rescinds Motion On Trip to New York

The City Commission had a called session at 4:00 o'clock Tuesday afternoon. Among other things brought up for discussion was the proposed trip of representatives to New York to meet with representatives of the bondholders there in the endeavor to take some steps toward a plan for working out the financial difficulties of the city. Mayor Berry brought up the matter and asked for expressions from members of the commission on the trip. He declared that unless the body should vote unanimously for the making of the trip that he would not go to New York and unless the commission unanimously felt that some good would be accomplished in such trip he did not think it advisable to make it. Commissioner Burnett then moved that the action taken at the previous meeting favoring the trip be rescinded. Commissioner Fee seconded this motion, and upon vote the motion carried three to two.

In connection with the above motion it was voted to invite the representatives of the bondholders to meet with members of the commission either in Cisco or in Dallas for a conference concerning the matter.

The bonded indebtedness question will probably be taken up farther at the next regular meeting of the commission which will be next Monday afternoon.

We believe that Mayor Berry and the commission should be commended on this action. We may be wrong in this, as according to some of the would-be molders of the city affairs we most always are, but we don't mind saying that we can hardly see what might be gained by that proposed New York trip. Some of its leading advocates have admitted that little if anything could hope to be accomplished by the trip. About the only good hoped for seemed to be to show the representatives of the bondholders that our city is willing to do its part toward a settlement. And it just seems that that point can be shown without any such trip as proposed. It is a fact that cannot well be disputed that some of these representatives are going to find it necessary to come here themselves anyway that they may determine just what condition our city is really in. And if after finding this out to their own satisfaction they are inclined to make a settlement that our city can really afford to make, then will be the time to show our willingness to do our part toward such settlement. Whether the bondholders representatives will ever agree to a settlement which our people can really afford to make re-

mains to be seen. We do not feel that we should necessarily be arbitrary about making some amicable settlement if that can be done. On the other hand we do not feel called upon to calmly and unhesitatingly agree to any proposition which they see fit to make.

It is a matter which must have close and careful study as to the proper action to take. But in face of the fact that there seems to be a large portion of that bonded indebtedness which was made without the vote or knowledge of the people, and a number of very capable attorneys have agreed that there is very serious doubt about such paper being collectable if put to the court test, we do not feel it proper or just to agree to any unreasonable proposition of any kind concerning the settlement of paper of that kind.

It depends in a great measure what the variance of opinion is as to what a "reasonable" settlement would consist of in this case.

We grant the main arguing point of those so strongly in favor of making some kind of early compromising settlement—that if the matter is taken to court it will delay the progress of the city until some disposal is made of it. On the other hand we do not believe that the people of Cisco are in favor of practically giving away what assets we have here, and saddling upon themselves a burden of future debt just in order to make an immediate settlement on those bonds. And to us it appears a rank injustice to place bonafide authorized indebtedness on a par with paper which appears to have been made without the people's knowledge or consent.

But if any immediate settlement can be hoped for there is going to have to be much conceded on the part of all concerned. And it appears to us that it is the part of the representatives of the bondholders to make a proposition if they have one in mind. And before they can reasonably do this they are certainly going to have to come right here to find out for themselves the facts concerning our town.

We hope that they will decide that that is the thing for them to do. In our humble opinion that is the only way for them to gain the knowledge on this which they should and must have before they can be in a position to make any kind of a proposition on it.

On this basis we consider the proposed New York trip entirely unnecessary, and we believe that the people of Cisco as a whole, will commend Mayor Berry and his supporting commissioners on such action.

Dr. Lee Clark Is New Randolph Head

Dr. Lee Clark Tuesday announced his acceptance of the presidency of Randolph College here. He is a son of Randolph Clark and a man very prominent in school work in Texas. He was offered this position some two weeks ago. He resigned from the faculty of North Texas State Agricultural College to accept. He arrived here Thursday, and met with the Rotary Club here at noon, where he made a very interesting address.

A mass meeting to discuss the interests and plans of the college at the Cisco high school auditorium Thursday evening, had a large attendance. Dr. Clark and Dr. John W. Tyndall were the principal speakers of the evening. They told of plans, hopes and outlook for the college, and urged a full cooperation on the part of Cisco's citizenship.

Renewed interest is being shown on the part of the people here in this institution which certainly can be made a wonderful asset to our city if handled properly. The election of Dr. Clark as the new head of the school adds much to the growing prospects of Randolph, and we bespeak for it a promising future under his direction.

Mrs. Laura Alice Vaughn

Died Here Last Sunday

Mrs. Laura Alice Vaughn, widow of the late Rev. S. J. Vaughn, presiding elder of the Cisco district of M. E. church, died Sunday evening at 11:45 o'clock at her home here, after a protracted illness. Thus passed away the widow of one of Cisco's most beloved pastors and citizens. Mrs. Vaughn was 69 years of age. Rev. Vaughn died in 1928, a superannuated minister of the M. E. Church South, where he had given many years of faithful service in his chosen field. Both he and his good wife had made their home in Cisco for several years previous to their death, and held the love and esteem of Cisco's entire citizenship.

Funeral services were held at the Methodist church Tuesday afternoon at 5 o'clock, conducted by Presiding Elder T. Edgar Neal and Pastor H. D. Tucker. Interment was made in Oakwood cemetery.

Four sons and five daughters survive: Altho and Theo of Cisco; S. J. Vaughn, Jr., Hillsboro; O. B. Vaughn, Happy; Mrs. R. C. Fain, Cisco; Mrs. Fred Grantland, Colorado; Mrs. Beta Porterfield, New Mexico; Mrs. Y. J. Honeycutt, Waco; Mrs. Lita Flynn, Amarillo.

Active pall bearers were: Joe Wilson, George Winston, O. A. Humphrey, R. J. Little, H. S. Drumwright, T. J. Dean, Ike Farmer, Lee Owen, W. H. Hayes

J. R. Burnett Wednesday had message stating that his brother had been seriously injured in an automobile accident. Mr. Burnett left Thursday morning to accompany his brother to Temple for treatment. It was thought an operation might be necessary.

A fine rain fell here this morning, which, although we would like to see several inches more, was very gratefully received. Good downpour was reported from east and south of town, but little north.

Mr. and Mrs. A. A. Belding of San Antonio are in Cisco greeting friends.

Scranton Fair Will Be Wednesday

W. B. Starr was in from his farm Thursday and stated that plans are under way for a very interesting time at the Scranton Fair which is to be held on Wednesday. There will be a very nice line of exhibits on display, and these will remain in place until 9 o'clock that evening, so that all who care to may go from here and other communities in the evening to see these, if they cannot attend through the day.

A good program of entertainment is being prepared, which will include an old fiddlers' contest, some public speaking and good music of various kinds. Mr. Starr says they have a nice,

comfortable, electrically lighted auditorium in which the program will be held, and all Cisco people have an urgent invitation to attend.

Entered as second class matter July 24, 1930, at the Post Office at Cisco, Texas, under the act of March 3, 1879.

The Cisco Citizen is an independent Democratic newspaper, supporting what it believes to be right, and opposing what it believes to be wrong. Regardless of party politics, publishing the news fairly and impartially at all times.

"Enough of Political Rings" Is Right!

In an article purporting to be an editorial, in that publication self-characterized as "the recognized medium of local expression and information," it sadly bemoans concerning "political rings." Righteous indignation fairly glows from the article concerning this matter, as it goes on to say that "Cisco has had enough of political rings." It isn't necessary to "consult capable and experienced authorities" to enable one to figure out just who the veiled insinuations in that article are aimed at in its caustically referring to "the voice of the people," and the like.

We thoroughly agree with the writer of that article in that Cisco has had enough of "political rings." The good Lord himself only knows just how much Cisco has suffered from some "political rings" in the past. Certain political rings have, in our opinion, had their part in bringing the city into its present sad condition - and wasn't everything just fine as long as no one objected to the

smooth-running machinery of those political rings! We have just been perusing the city audit, and considering the noisy silence which characterized that publication in regard to some of the doings of the city dads back in those days which are now "gone beyond recall," it just "occurs to us" that if we posed as that said "recognized medium of local expression and information" that we would be about the last one to bring up the subject of "political rings" in Cisco.

The author heaves great sobs about "anonymous propaganda inspired purely for a political purpose." We have just been wondering what class some articles which have appeared in that sheet from time to time would come under.

Of course we can't prove who wrote last Sunday's "editorial." And we are not going to get "het up" about it and insist on seeing the original copy - we aren't that much concerned about it. But we have a right to our private opinion about where it came from. Considering the beautiful bouquets which the article pins in buttonhole of that publication it just "occurs to us" that it might look a little more becoming on the part of that "recognized medium of local expression and information" if the author of the article had signed his name.

Of course the city commission deserves the support of the public, and, yes sir, we are for them, strong as long as they are not influenced by some "political ring."

"If the commission has not and is unable to provide itself with a suitable program," the article continues, "its members should by all means consult capable and experienced authorities for direction." Yea, verily. We heartily

agree. It just "occurs to us" that it is time to get away from the dictatorship of a "political ring" in this town - and we would humbly suggest that if the commission members consider it necessary to do any consulting they use a little care about choosing the "capable and experienced authority to consult."

We have faith in our city commission being able to discharge the duties of their office - and they might really get along just as well with their work without the greater part of the time of their meetings being taken up by certain "authorities" trying to tell them what they should do.

This Man Tells Why Times Are Hard

The wise highbrows, the sly politician, the street corner loafer and the farmer on the head of Gander Creek are all telling each other now what is the cause of the present sad depression. It is a very popular pastime these days, and somebody must bear the blame for it. The Republicans blame the Democrats and the Democrats cuss the Republicans for it. The Socialist cusses both of them and declares the only hope for the country is in electing his leaders to power. But an article in an exchange the other day gave a purported letter from a fellow up in Tennessee to his home town paper gets about as near one great cause as any thing we have seen. It ran like this:

Hollow Rock Junction, Tenn.
 "Dear Mr. Editor: There now seems so much talk about our so-called republican prosperity, I think it's my duty to write my views on the same and help to analyze the situation so far as possible, so's we can make up our minds we had oughta change our ways of living and so forth.

"I have taken my own case for instance. I see my mistakes and many others have acted likewise. I bought a car instead of a farm and it is worn out but the farm I figured on is still okeh. I invested in a radio instead of a cow and the radio gives static instead of milk.

"I am feeding five nice hounds which answer to the names of Red, Red Wing, Slobber, Jake and Bayrum, instead of five pigs. I had our piano tuned instead of the well cleaned out. I spent all my cash in 1928 and used my credit in 1929 and traded up my future wages on installments in 1930, so hard times caught me in bad shape iast fall.

"If I had only spent my last \$10 for flour and meat instead of gas and oil I would have been

okeh. I built a nice garage last year instead of covering my barn and I loafed in the mountains two weeks instead of being in the pasture fixing the fence so my cow wouldn't get out, but she is dry and mortgaged to boot for two blankets my wife bought from some agent instead of paying the preacher.

"I'm on a cash basis now, but I ain't got no cash. I am tied to the end of my rope and the man I am working for is busted on account of nobody wouldn't pay him and his cotton won't sell cause nobody won't buy cotton clothes; all the kids wear slick silky stockings and silk underwear right here in our cotton patches. I had \$4 saved up for a rainy day but it turned dry and I spent it for two inner tubes.

"I tried hard to make ends meet with a turnip patch, but when I got turnips ready to sell everybody else was selling turnips for nothing and the market was glutted. I am worried plum to the bone, and my wife's kinfolks are coming over next week

to spend two weeks.

Write or phone if you hear of any relief from the government coming down my way. I am willing to be either a democrat or a republican for a few weeks if that will help out any. Yours truly
 Mike Clark.

ANNOUNCEMENT

Dr. W. I. Ghormley, Optometrist, Cisco, Texas, announces the removal of his office from 503 Avenue D (Main Street) to 1503 Avenue D, just 10 blocks south. My new quarters are more commodious and parking space plentiful. I will relieve the present depression, so far as fitting glasses is concerned, by *Making Prices About Half the Customary Price.* I will make no charge for examination. Come have your eyes examined and get expert advice as to your eye-needs. I have been fitting glasses for over twentyfive years and specially solioit cases that have failed to get satisfaction elsewhere. My thought is concentrated on the *One Thing*, fitting glasses. I contend that if any man will concentrate on *One Thing*, he can do it better than if he does three or four or a dozen things. Phone me collect for appointment to fit your glasses. *Phone 337, Cisco, Texas.*

Jonah and the Whale

Mr. Editor: I have been going to Bible Study lately, and I must say that I am now about ready to swallow the book, cover and all. It used to be hard for me to believe that Jonah swallowed that whale. And that story about a camel going through the eye of a needle was hard too. But I don't doubt the possibility of anything any more.

Of course I may have some very perverted ideas, and may be badly "misinformed" again, but it just appears to me that any man that supports the idea of paying our school superintendent more than the Governor of Texas gets, and at the same time leaving some our grade teachers go for three months without pay, and then at a great reduction in pay, is small enough to make that needle's eye on a jump, and never touch a hair.

Now, Mr. Editor, if anyone starts to move you out of there, or beat your ears down, just tell them that the same fellow wrote this that wrote that other one.

An Observer.

Mrs. V. T. Lochhead and son Talbot left this morning returning to New York City after a visit in Cisco.

Chesley Kilborn has returned to Kelly Field, after a visit here with his parents, Mr. and Mrs. Joe Kilborn.

MOHAIR-GOAT RAISING NATION'S YOUNGEST AND FASTEST GROWING ANIMAL INDUSTRY

Every State Now Has Some Angoras

IF YOU are accustomed to think of the angora goat as one of those queer "furrin animules" that you would have to go abroad to see in his native habitat, it may come with surprise to learn that there are more angora goats right here in the United States than in any other country in the world, and that consequently this country leads the world in its output of mohair, the fleece of the angora.

The year '49 which saw the great gold rush to California also was the occasion for the entry of nine inconspicuous immigrants, the first angora goats to be brought into this country. Evidently they found their surroundings congenial, for they flourished and multiplied and sent for a lot of their relatives to join them, until now there are fully three and a half million of these useful creatures here, clearing off the brush land, increasing grain yield, and at the same time producing a total clip of 17,000,000 pounds of mohair yearly. Every state in the Un-

ion has at least a few members of the family, but the great bulk is centered in Texas, Arizona, Oregon, New Mexico, California and Missouri.

Mohair or angora fleece must not be confused with wool. Mohair is even stronger than wool, very lustrous and, due to its structural difference, much easier than wool to keep clean. Mohair has many uses for clothing, draperies, rugs and other domestic applications but by far its most significant uses are for furniture and automobile upholstery, for which it is made up into a pile fabric called mohair velvet or sometimes velmo for short. Twelve million yards of this fabric are in use in passenger trains today due to its extreme durability combined with pleasing appearance and fadeless dyes, while over a hundred million yards, it has been estimated, are on the highways in the form of automobile upholstery.

The skin of the angora is used for making gloves, while the meat, called chevon, is much like lamb or mutton. But, of course, by far the most important use of the angora goat is its mohair fleece which you probably rest on every time you take out your car.

Elks Have Joint Meeting

The regular meeting of the Oil Belt Elks Association was held with the Cisco organization here last Monday evening. Large representation was in attendance from the other lodges, which are Eastland, Ranger, Breckenridge and Sweetwater. A fitting program had been prepared which was followed by a barbecue dinner. A most enjoyable time is reported.

Gas Cut at Pampa

According to a news dispatch the Central States Power and Light Co. and the city of Pampa yesterday reached a rate agreement conforming with an ordinance passed by the city commission last week. The new rate starts upward from 30 cents per 1,000 cubic feet for the first 30,000 cubic feet.
