NUMBER 3

Three California Tourists Injured 4 Miles West Of Here

A badly wrecked Pontiac sedan is in the A-G Motor Co. repair shop, and three California women are being treated for hurts received in an accident about four miles west of Cisco shortly afternoon Thursday. The party consisted of Mr. and Mrs. L. V. Barrow, their 14 year old daughter, Mariellen, and Mrs. A. D. Culp, all of San Diego, Calif., all returning home from the Century of Progress fair at Chicago. When near the McCannies service station, about four miles west of Cisco, on the Bankhead highway, the car plunged off the embankment, landing in the spillway of a concrete culvert, about ten feet below. It was said the steering gear of the car went wrong, causing the driver, Mr. Barrow, to lose all control.

Green's ambulance was called, but passing cars picked up the victims and brought them to the Graham sanitarium for surgical treatment. News from the hospital Thursday afternoon stated the condition of the injured was satisfactory, and it was not thought any bones were broken and there were no indications of internal hurts, though it was thought best to have them remain for some time for observation.

Mr. Barrow received only superficial cuts and bruises; Mrs. Barrow is suffering from facial and head lacerations; the daughter, Mariellen, lacerations about the face, head and back abrasions; Mrs. Culp, thought to have received the most serious hurts, sustained cuts on her forehead and right knee. Surgeons thought all would recover.

The scene of the accident was about a mile west of the overpass, where the fatal bus accident occurred a few months ago.

APPLICATION OF HICKOK FOR CARBON BLACK PLANT HEARD BEFORE REFEREE

The application of the Hickok interests for a permit to establish a carbon black plant in either Eastland or Cisco territory was heard before Laten Mansberry, at the Laguna Hotel here Saturday. The application was contested by the Lone Star interests. At the same time the referee heard the application of the Cabot interests for a permit of the same nature. The proceedings were taken down and will be considered by the railroad commission. Just when a decision will be reached was not determined.

Pleasant Hill-Word Stage A Successful Community Exhibit

The tri-community fair, held at the Pleasant Hill school house September 12, was one of the most successful community fairs ever held in the county. Despite the prevailing drouth, exhibits made a splendid showing, and the women's department was never better. These communities are famed for the splendid showings they make in the community exhibits, and that held this year was no exception, but rather superior to anything heretofore staged. Following are the winners in the several departments:

Women's Department

Cooking
Cocoanut Cake—1, Mrs. C. M. Brittain; 2, Mittie Burson.

White Layer Cake—1, Mrs. C. E. Graves; 2, Mrs. E. N. Strickland; 3, Mrs. L. J. Harkrider.

Pineapple Cake—1, Mrs. Ira Hooker. Devil's Food Cake—1, Mrs. J. W. McKinney; 2, Mrs. J. T. Graves; 3, Miss Willie Word.

Loaf Cake—1, Mrs. J. T. Graves. Peanut Butter Cookies—1, Mrs. C. E. Graves; 2, Mrs. Frank Ziehr; 3, Mrs. J. T. Graves.

Drop Cookies—1, Mrs. Henry Stroebel.

Cake Muffins—1, Mrs. J. W. McKinney.

Sugar Cookies—1, Mrs. Ira Hooker; 2, Mrs. Ira Hooker.

Cinnamon Rolls—1, Mrs. Ira Hooker. Light Rolls—1, Mrs. Ira Hooker.

Biscuits—1, Mrs. J. W. McKinney; 2, Mrs. Ira Hooker; 3, Mrs. Paul Wende.

Yeast Bread—1, Mrs. Henry Stroebel; 2, Mrs. Ira Hooker; 3, Mrs. Paul Wende.

Chocolate Pie—1, Mrs. Paul Wende.

Apple Pie—1, Mrs. Ira Hooker.

Lemon Pie—1, Mrs. J. W. McKinney; (Continued on Back Page)

CISCO OPTOMETRIST GIVEN PLACE ON ABILENE PROGRAM

Cisco's optometrist, Dr. W. I. Ghormley, had a paper on the program of the convention of the West Texas Optometrist association, in session the first of the week in Abilene, when he read a paper on "Visual problems of Primary Children."

Sterling Drumwright and J. W. Shepard left Monday to resume their studies at the University of Texas. They were accompanied by Mr. and Mrs. H. S. Drumwright.

Clements Does Neat Job On W. Fifth St. Sidewalk At E Ave.

At times the Citizen has criticised some of the acts of the present street superintendent when he was a member of the city commission, not personal, but it was when we thought his official acts were not for the interest of the city or its people. But we have found occasion to hand him a bouquet for services well rendered. One of these was the job of putting West Fifth street and I avenue, from E avenue to West Sixth street in good condition. These four blocks are unpaved, but Clements put down a semi-hard surface topping by using crude oil as a binder. Especially are the two blocks on West Fifth, from G to I in splendid condition after this work was completed one year ago.

But Clements has just completed another little job that entitles him to a vote of thanks from every pedestrian who traverses West Fifth street. We refer to that impassable sidewalk at F avenue. There was a huge rock blocking the ascent from that avenue to the sidewalk, along the street by the B. S. Huey residence. Other large rocks made the walk rough and difficult to negotiate up to the summit of the hill to the Miss Cora Harris property.

Last Monday the Citizen editor called the attention of Clements to the obstructions at the avenue, and asked him could he do something to remedy conditions when his street force was in that vicinity. He promised to look the matter over. Wednesday evening, while going over that street to the editorial parsonage we found that the large rock had been removed and the walk graded down to the avenue. But that was not all. The rocks to the hill's top had been dug out and removed, and the entire walk up to the connection of the concrete, had been graded. Now, one is not compelled to climb over the obstruction at the avenue, then stumble over other rock to the top of the hill, but can walk over it with as much ease as is permissible over the concrete the rest of the way.

We are glad we mentioned the matter, for he has perfected a good piece of work, and that right promptly.

Some day, when he gets time we are going to exercise our good offices to get him to improve the drainage on Fifth street in the 500 block, from the Lash home to the corner of H avenue. At the Lash driveway the water runs over the sidewalk, fills up the drive-

West Texas Utilities Co. Promulgate New Reduced Schedules

In this issue of the Citizen appears the new and reduced rate schedules just being inaugurated for the benefit of the patrons of the West Texas Utilities company. These new rates will be written in the October billing, and Cisco patrons will get the benefits in their next month's payments. According to the statement given out at the office all the present patrons, on the basis of present consumption, will find the new rates a saving except possibly about 19. But on the whole it will mean a saving to consumers of electric service in Cisco of \$2,600 annually, on the basis of present consumption.

Every patron of the company will find the advertisement interesting, as it gives the price of electric service for 1934 as compared with what the same service cost in 1922. These figures are set out in the schedule of prices illustrated each year since 1922 to and including 1934, or for the past 12 years, showing that there has been a gradual reduction in the cost of this service to the consumer until at the present time Cisco people are being given a reduction of 66.6 per cent as compared with the cost of 25 kwh, charged in 1922.

These reductions have been voluntarily made without coercion or municipal regulation. And the present schedule is more comprehensible and easier to be determined by each patron.

OUT OF CITY STUDENTS RANDOLPH MATRICULANTS

Other than local students, the following out of Cisco students have matriculated at Randolph for the fall term:

Nell Alexander, Corpus Christi; Forrest Bailey, Corinth, Miss.; Ross Bailey, Moran; Frances Barnes, Breckenridge; Jack Brooks, Moran; Elmer Lee Burgess, Erick, Okla.; Mrs. Norman Coffee, Stinnett; Richie Lee Davis, Breckenridge; Elton Dennis, Woodson; Jack Gilbert, Carbon; Roland Hill, Newburn, N. C.; Crawford Knox, Carbon; Ivan Little, Woodson; Elizabeth Masters, Sweetwater; Lorane McMellan, Okra; Sylvia Renfro, Catarina; Rennie Reynolds, Scranton; George Roberts, Caradian; Rubye Russell, Ft. Worth; Powell Sharpe, Corinth, Miss.; Richard Sheheane, Phoenix City, Ala.; Harmon Shelton, Hooks; Ola Skiles, Iraan; Ila Smith, Eastland; Edison Speer, Carbon; Lucille Stansell, Nimrod; Vera Taylor, Ballinger; Merle Thornton, Commerce; Charles Tucker, Strawn; Reba Tucker, Carbon; Vernon Van Fleet, Seiling, Okla.; Ruby Vaughn, Hereford; and Lowell Burges of Indian Gap.

Orbie Jacobs Thankful For The Benefit Game

I want to extend my sincerest thanks to each of the members of the three teams who played the soft ball game Tuesday night for my benefit, as well each player, and everyone who contributed or had any part in the game.

I also requests the prayers of everyone who reads this for me, that you will petition divine authority that I may speedily regain the use of my body. May God hear your prayers.
Orbie Dee Jacobs.

way, and after rains water stands till it evaporates or is absorbed by the earth.

A-G Motor Company Benefit Game Nets Beneficiary \$40.90

With Al Shapiro in the pitcher's box the strong A-G Motor Co. team did some wonderful playing in the double-header soft ball game played Tuesday night for the benefit of Orbie D. Jacobs, former member of the Lobo pack, who was injured in a practice game several years ago, and who has never walked a step since. The game was played on the soft ball diamond on Avenue A and East 16th street, which was attended by one of the largest crowds of soft ball fans of any game of the season.

The game was sponsored by the A-G Motor Co. team, to whom much of the credit is due for the splendid success both in attendance and the amount of collections. Supporting the sponsors of the benefit too much cannot be said for the activity of Dave Perry, who furnished the field and managed the teams, as well as supplying the lights. The money received for the beneficiary was by collection, as there were no gate receipts or admission charges. The collections amounted to \$40.40, and Wednesday morning another big-hearted fan came around to A-G Motor company and added another half-dollar to the collections. This sum was taken to the beneficiary by Jack Anderson and B. A. Butler, who expressed his appreciation to those who contributed this material remembrance. Nothing was deducted for expenses, as everyone participating, the players, manager and officials, donated their services without cost.

Naturally, the Citizen editor is pleased that the sports initiated and carried out this benefit, for it was the Citizen that some time ago initiated a benefit football game for Jacobs, the proceeds of which has been a God's send to this injured boy. Reports from his home are to the effect that he is making satisfactory progress toward recovery, and he says he will again be on his feet in due season.

But the A-G Motor Co. team played ball. The score with Breckenridge was 1 to 0, while the Eastland team succeeded in chalking up 4 runs to the A-G's 5. The home boys taking both games.

Walton Baby Contest Open For Registration

The Walton Baby contest is now open for registration. Enroll your baby at once and make them eligible for the baby show to be staged at a later date. These contests have been an annual event at this popular studio, and handsome prizes are awarded in each contest. The coming contest, Mrs. Walton says, will be one of the best ever held, and by commencing early she is preparing for a large entry. Call at the studio and get particulars. Your baby may be the winner of the grand prize. Any mother will be happy to have her baby a prize winner.

91st JURY COMMISSION

The jury commission named by Judge Geo. L. Davenport met on Thursday of last week and selected the grand jury and petty juries for the 91st district court. The commission was composed of R. W. Mancill, Cisco; S. P. Boon, Ranger, and W. K. Jackson, Eastland.

Miss Lillian Shertzer departed this week to resume her studies at the S. M. U. at Dallas.

SINCERITY ...

This is the
BANK
THAT
SERVICE
IS BUILDING

The business of this bank is administered by men to whom banking is a life study and work. They render depositors a sincere banking service; they mean it; they are emphatic about it.

To them the enviable regard in which this bank is held, not only by those it serves, but by the community at large, is a thing of personal pride and personal honor.

And for this reason the patronage of the First National Bank has steadily increased—just as the quality or its service has been bettered month after month and year after year.

Electric Service Is Cheap

WEST TEXAS UTILITIES COMPANY has made large investments to provide modern facilities for electric service in Cisco, even ahead of present day requirements. It is supplying over double the amount of service per customer as was supplied some eleven years ago. It has made seven domestic rate reductions since 1922 and is now collecting less per customer than it did in the days it was supplying near one-third the present amount of service. In addition thereto, it is shouldering for you much more of the tax burden than in previous years.

Your part is to further increase your use of the facilities provided. Electric service is one of the most valuable commodities of the household, yet it is sold at the lowest prices, takes only about 1 per cent of the workman's total household expenditures.

DOMESTIC RATE

COMPARATIVE COST OF 25 KWH TO AVERAGE CONSUMER IN CISCO BY YEARS 1922-1934

THE BILL FOR 25 KILOWATT-HOURS WAS 66.6% HIGHER IN 1922 THAN IT IS TODAY

1922
 16c per kilowatt hour for first 100.
 14c per kilowatt hour for next 200.
 13c per kilowatt hour for all over 300.
 1c per kilowatt hour discount, 10 days.

1934
 9c per kilowatt hour for first 25.
 6c per kilowatt hour for next 25.
 4c without or 2 1-2c with heating or cooking per kilowatt-hour over 50.

The present domestic rate schedule in Cisco will provide 515 kilowatt-hours per month for what only 73 kilowatt-hours would have cost you in 1922. A simple way to figure your electric service bill in Cisco on a completely electrified home is as follows:

First 50 Kilowatt-Hours at 7 1-2 cents

All Over at 2 1-2 cents

When water heater service is controlled so as to use investment in capacity already provided for the range, such added service costs only 1c per kilowatt-hour which makes such total service cost for the completely electrified home in Cisco even lower than any of the four largest cities in the State of Texas.

Electric Service is Cheap. You Should Use More of It.

BIBLE THOUGHT FOR TODAY

Behold, the righteous shall be recompensed in the earth: much more the wicked and the sinner.—Prov. 10:31.

Dear God, may I, as recompense for Love,
Give tithes of tenderness, some kindness show;
Help lift some thought to quietness, above!

Dear God, may I, as recompense for Love,
Thy ever present help to someone prove,
That here and now thy healing waters flow!

—Louise P. Lawrence.

"Do not pray for easy lives," said Phillips Brooks, "pray to be stronger men. Do not pray for tasks equal to your powers. Pray for powers equal to your tasks."

WHY NOT ADOPT EPIC PLAN

In this day of "scrapping" the constitution and initiating innovations in our industrial life by the federal and state governments, why not give Upton Sinclair's epic program a trial? True, it is Socialisms, but it is believed not more socialistic than some of the methods adopted in our National Recovery program. Instead of sending armed forces to quiet striking textile workers and their sympathizers; instead of having the textile cities under marshal law, we believe it would be far better for the government to take charge of the mills and put the people to work—under compulsion—may be, but that would only be following the precedent set in taking charge of the farms and ranches by destroying crops and limiting food and fibre production. If the federal government can find authority to do such things, certainly there could be no inhibition against taking over the textile mills and operating them so that the people may have employment. Sinclair's program is not more socialistic than prohibiting or limiting production, only the epic program would be in the interest of the workers, and might be the vehicle that would bring textile merchandise down to that price which would be in the reach of the average citizen. The country is paying a dear price while strikers and rioting is rampant, none of which would be seen if the mills were taken over and the mill workers put back on their jobs. Quiet and peace would be restored in less time, and at less expense than either can be attained by armed forces guarding the mills and those workers who have taken the places of the strikers.

The Citizen does not believe

there is any authority under the federal government, nor the organic laws of any of the states, for such a procedure, nor do we believe that this authority exists for doing many of the things that are being done. Certainly Sinclair's program would be the means of giving many people work, and would bring order out of chaos more speedily than some of the experiments of the NRA plans.

Yes, it would be taking Sinclair's thunder away from him, but in such times, if it will restore prosperity, none, not even Sinclair, could complain. Then, too, it would demonstrate the workability of the epic plan.

THAT ALLRED INJUNCTION

The Democratic dove, with olive branch of peace in its bill, was shot down in mid air when Joe Burkett and associates secured an injunction restraining W. W. Heath, secretary of state, from certifying Jimmie Allred's name as the nominee of the party for governor in the November election. The case was taken on appeal on Judge McCrory's restraining order in the fourth court of civil appeals. A speedy hearing is probable.

It is not believed that the Burkett injunction will be sustained, though the verdict of public opinion has already been rendered that it should be. Everybody believes that Allred's campaign expenses far exceeded the statutory limit, and if nothing is done to stop the purchase of nominations for state offices the statute should be repealed. The time has already passed when a poor man has any chance to be nominated for governor of Texas unless the special interests finances his campaign. So, unless something is done to curb those willful men from debauching the electorate by purchasing the nomination, which is equivalent to an election, it is hardly possible the people will ever have a friend in the governor's mansion.

Burkett's injunction should be made permanent, or at least the courts should probe this excessive expenditure in the recent primaries by permitting the introduction of all evidence available. But if it is decreed that excessive expenditures are permissible, the statutes limiting the amount of money that may be spent in elections, should be repealed. Unless the law is enforced why not pull the bridges off and let the candidates buy the nominations outright? Just put them up to the highest bidder. The special interests will furnish the funds for any man who will do their bidding.

City Disbursements Exceed Receipts In August By \$4,104.76

Due to the purchase of another pump for the water department, and other additional expens, as well as slow payment of taxes, the municipal disbursements of the city of Cisco for August exceeded the receipts by \$4,104.76. These receipts and disbursements are credited and charged to the various departments of the city as follows:

Receipts
General fund, \$810.62; sinking fund, \$1,389.20; street fund, \$2.00; sanitation fund, \$952.20; water fund, \$365.10.

Disbursements
Administration, \$1,825.22; water department, \$1,444.89; street department, \$924.19; police department, \$729.50; sanitation, \$1,288.69; chamber of commerce, \$411.16; parks and cemetery, \$376.21; fire department, \$993.21.

City taxes will begin to come in more general after the first of October when the receipts are expected to make a better showing on the other side of the ledger.

S. H. Nance, Roy Huffmyer and Billie Huestis, well-known Cisco Goodyear tire dealers have returned from Dallas, where they attended a Victory dinner given by the Goodyear Tire and Rubber company to dealers in this area of the United States whose sales in July and August reached or exceeded the respective quotas set for them by the company.

Eastland County Fair Is Staging Four Days Meet At County Seat

With Cisco furnishing the program for the opening day the four-days' meet of the Eastland county fair began at Eastland Wednesday evening. A wrestling bout was featured at 9 o'clock. A free rodeo was held at the fair grounds Thursday. Opening of the Midway with a band concert was at 7:30. At 8 p. m. Rising Star and Gorman furnished the program.

Today and Saturday the following will be the fair program.
2:30: Free rodeo.
7:30: Opening by band concert in Midway.
8:00: Rural community entertainment.
9:30: Old fiddlers' contest.
10:00: Square dance.
Saturday morning, 11:30: Bewley's Chuck Wagon Gang.
Saturday night, 7:30: Opening by Ranger band in Midway.
8:00: Bewley's Chuck Wagon Gang.
9:00: Ranger's program.
10:00: Street dance.

The Midway was the attraction for many, where some old and many new attractions entertained the visitors. Civic organizations are assisting in sponsoring the concessions.

In the exhibit buildings will be found many interesting exhibits that are usually shown at county fairs, but these this year are rather superior to those usually seen.

The rabbit show is better than usual, with a large number of pens being shown, many from quite a distance. The Rabbit show is being held in the Stubblefield building. Marvin O. F. Davis, of Gainesville, is judge of the show.

LUEDERS CAMP MEETING OPENS SEPTEMBER 25th

The annual campmeeting of the Baptists of this section will begin at Lueders' camp ground next Tuesday, September 25, at 10 o'clock. The welcome address will be delivered by Rev. H. Littleton, of Hamlin. Rev. J. D. Brannon, 17th district Baptist missionary, will preside. Those on the program include President Lee R. Scarborough, of the Southwestern Baptist Theological Seminary, of Fort Worth; Dr. H. E. Fowler, pastor of the East Grand church, of Dallas, and State B. T. S. Director T. C. Gardner, of Dallas.

The counties of Eastland, Fisher, Jones, Shackelford, Stephens, Kent, Nolan, Taylor, Callahan, Stonewall and Haskell, representing 174 churches with a membership of over 30,000, are included in district 17.

Miss Elizabeth Cliett has re-entered the State University at Austin.

Cattle Purchases Total \$47,464 In Eastland County

Eastland, Sept. 19—Orders were received from state headquarters Wednesday afternoon to stop the buying of cattle in Eastland County. County Agent Patterson stated that it was a temporary stop to give time to check stocks on hand and determine future buying policy. It is effective all over the state.

In giving a report of what has been done in the County to date. Patterson stated that 276 producers have been contacted, and 4,361 head of cattle bought from them. Of this number 1,681 head were condemned and killed and the balance shipped. He stated further that this left 6,924 head of cattle listed by 826 producers yet to be seen. There has been an average of 35 per cent more cattle bought from the producers than they had listed, and figuring the balance of the listings in the same proportion would mean there were about 9,374 head to be sold at the time of the shut-down Wednesday. This of course does not include listings that have been made since that time.

Vouchers that have been sent in for the cattle purchased to Wednesday total \$47,464 for Eastland County. Officials were of the opinion Thursday that buying would be resumed some time next week.

CASES OF RECENT FILING IN THE DISTRICT COURTS

In re: liquidation Texas State Bank, Eastland, allow expense account; Aaron Cohen vs. M. R. McDavid et al, for title and possession; Magnolia Petroleum company vs. E. B. Patterson, injunction; Stephen S. Brawner vs. National Mutual Benefit association, collect insurance policy; A. R. Clark vs. H. C. Gracey, et al, injunction and damages; Naomi Patterson vs. R. D. Patterson, divorce; Nimrod Independent school district et al, injunction; Bernice Jeffs vs. W. F. Best, receiver, to sell remaining assets of Farmers National bank of Cross Plains.

Acquittal Given Bell And Bauer for Theft

Eastland, Sept. 20.—Verdicts of not guilty were rendered by a 91st district court petit jury at the conclusion of trials of state vs. Marion Bell, Tuesday, and J. J. Bauer, Monday.

The defendant, Marion Bell, who was acquitted had been charged with theft of corporeal personal property of value over \$50. J. J. Bauer, who was acquitted, had been charged with theft.

Mrs. R. L. Day, of Abilene, is visiting her sister, Mrs. Ola Dudley, and family.

Mr. and Mrs. J. C. Donica, and Mr. and Mrs. N. D. Gallagher have as their guest their sister and aunt, Mrs. J. D. Barker, of Aurora, Mo.

Mrs. A. C. Green, after a pleasant visit at Clovis, N. M., has returned home.

Hens can afford to lay eggs now. Retail prices are 35 and 40 cents per dozen. When eggs were down to 15 and 20 cents the hens seemed to have organized a strike. Another NRA plan. FOR SALE: Cash register good as new. Bargain. Cooper's Cafe.

WANTED—Used magazines dont burn them we buy them. Mayhed Bros. Confectionary.
Mrs. Fleet Shepard of Hale Center, and Miss Grace Ridle of Amarillo, visited in the home of their father, B. T. Riddle, the first of the week.

Mr. and Mrs. L. A. White are enjoying a visit from their daughter, Mrs. Irene Waterbury, a former talented Cisco young lady, who is pleasantly remembered by a host of friends here.

On their pleas of guilty T. M. Brown and wife were each given two years suspended sentences in the 88th district court. The charge was for receiving and concealing stolen property. Two other cases against them were dismissed on recommendation of

Many Cisco Students Off To Other Schools

The beginning of the fall sessions of the various colleges and universities have called quite a number of Cisco students back to their studies. A list was published in the Citizen recently, telling in what schools they would matriculate. Commencing the latter part of the week there has been quite an exodus of the future intellectuals to their favorite institutions or higher learning, and by the time this issue of the Citizen is read practically all will have departed. Following are among recent departures:

Katherine Collins, Our Lady of the Lake, San Antonio; Adelle Anderson, Sul Ross, Alpine; Betty Fee Spears and school mate at Arizona university, Marilyn Tax, Texas University; Durwood McClelland, Draughans, at Abilene; Fay Clark, C. I. A., Denton; Jules Karkalits, Baylor University, Waco; Dick West, University School of Journalism, Austin; Forbes Wallace, Schreiner, at Kerrville, and Melvin Lawson, John Tarleton, Stephenville.

T. Hunter Foley transacted business in Fort Worth Wednesday.

Recent Additions To The Tribe Of Bint, Females

Not yet can the descendants of our county commissioner, Arch Bint, be so classed, but if the increase continues in the future as rapidly as in the past 18 months one might think that the man who originated the expression: "May your tribe increase" was complimenting Commissioner Bint. The initial occasion of his being a grandsire was the advent of twins at the home of his daughter, Mrs. Roy Farley and Mr. Farley, a little over one year ago. Recent new additions to the tribe of Bint was last Monday when a granddaughter arrived at the home of Mr. and Mrs. Eldon Bint, at their home in the Dothan community. This arrival was preceded August 21, when a daughter was born to Mr. and Mrs. Arlin Bint. So far the Citizen is informed there are only granddaughters in the four descendants, and unless there is a change in the order of sex the name of Bint will be obsolete when the older generation pass on.
